Not specified as to each class of securities to be registered pursuant to General Instruction II.D of Form S-3 under the Securities Act. There is being registered hereunder an indeterminate principal amount of debt securities, an indeterminate number of shares of common stock and preferred stock, an indeterminate number of warrants to purchase common stock, preferred stock or debt securities and an indeterminate number of units of the Registrant. - (3) In no event will the aggregate initial offering price of the securities issued under this Registration Statement exceed the amount registered above or the equivalent thereof in one or more foreign currencies or currency units.

The \$100,000,000 of securities registered hereunder includes \$12,050,000 of securities, or the Unsold Securities, registered pursuant to Registration Statement No. 333-182499, which was declared effective by the Commission on July 12, 2012, or the Prior Registration Statement. - (9) Such indeterminate number of units, which will be comprised of two or more of the securities registered hereby in any combination.

The Registrant hereby amends this Registration Statement on such date or dates as may be necessary to delay its effective date until the Registrant shall file a further amendment which specifically states that this Registration Statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act or until this Registration Statement shall become effective on such date as the Commission, acting pursuant to said Section 8(a), may determine.

RISK FACTORS

An investment in our securities involves a high degree of risk. Before making an investment decision, you should carefully read and consider the risk factors incorporated by reference in this prospectus, as well as those contained in any applicable prospectus supplement, as the same may be updated from time to time by our future filings with the SEC under the Exchange Act. You should also refer to other information contained in or incorporated by reference in this prospectus and any applicable prospectus supplement, including our financial statements and the related notes incorporated by reference herein. USE OF PROCEEDS

We intend to use the net proceeds from the sale of the securities for general corporate purposes unless otherwise indicated in the prospectus supplement relating to a specific issue of securities. Our general corporate purposes may include repurchasing our outstanding common stock, financing possible acquisitions of branches or other financial institutions or financial service companies, extending credit to, or funding investments in, our subsidiaries and repaying, reducing or refinancing indebtedness.

The precise amounts and the timing of our use of the net proceeds will depend upon market conditions, our subsidiaries' funding requirements, the availability of other funds and other factors. Until we use the net proceeds from the sale of any of our securities for general corporate purposes, we will use the net proceeds to reduce our indebtedness or for temporary investments.

RATIOS OF EARNINGS TO FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

The following table sets forth our consolidated ratios of earnings to fixed charges and preferred stock dividends for the periods shown. For purposes of computing the ratios, earnings represent income before taxes, extraordinary items and the cumulative effect of accounting changes, plus fixed charges. Fixed charges represent total interest expense plus an estimate of the interest within rental expense, including and excluding interest on deposits. Currently, we have no shares of preferred stock outstanding and have not paid any dividends on preferred stock in the periods shown. Therefore, the ratio of earnings to combined fixed charges and preferred stock dividends is not different from the ratio of earnings to fixed charges.

DESCRIPTION OF SECURITIES WE MAY OFFER

This prospectus contains summary descriptions of our common stock, preferred stock, debt securities, warrants and units that we may offer from time to time. These summary descriptions are not meant to be complete descriptions of each security. The particular terms of any security will be described in the accompanying prospectus supplement and other offering material. The accompanying prospectus supplement may add, update or change the terms and conditions of the securities as described in this prospectus.

DESCRIPTION OF COMMON STOCK

The following summary of the material terms and provisions of our common stock is not complete and is subject to, and qualified in its entirety by, our amended and restated certificate of incorporation, or certificate of incorporation, and amended and restated bylaws, or bylaws, and by the provisions of applicable Delaware law. You should refer to, and read this summary together with, our certificate of incorporation and our bylaws, to review all of the terms of our common stock.

General

Our authorized capital stock consists of 25,000,000 shares of common stock, par value \$0.01 per share, and 1,000,000 shares of preferred stock, par value \$0.01 per share.

Each holder of common stock is entitled to:

- one vote for each share held on all matters submitted to a vote of the stockholders;
- receive ratably such dividends as may be declared by our board of directors out of funds legally available for dividends, subject to preferences that may be applicable to outstanding shares of preferred stock, if any, or limitations and restrictions under applicable bank regulations. See “Description of Preferred Stock—Dividends” on page 10; and
- share ratably in our net assets, legally available to holders of our common stock in the event of our liquidation, dissolution or winding up, after payment in full of all amounts required to be paid to creditors or provision for such payment.

Holders of our common stock are not entitled to preemptive rights and have no subscription, redemption or conversion privileges.

Our outstanding shares of common stock are validly issued, fully-paid and nonassessable.

Anti-takeover Provisions

Delaware Anti-Takeover Law. As a Delaware corporation, we are subject to Section 203 of the Delaware General Corporation Law which generally prevents an interested stockholder, defined generally as a person owning 15% or more of a corporation’s outstanding voting stock, from engaging in a business combination with us for three years following the date that person became an interested stockholder unless certain specified conditions are satisfied. The

existence of this provision may have an anti-takeover effect with respect to transactions not approved in advance by our board of directors, including discouraging attempts that might result in a premium over the market price for the shares of common stock held by stockholders.

Possible Future Issuance of Preferred Stock. Our board of directors can at any time, under our certificate of incorporation and without stockholder approval, issue one or more new series of preferred stock. In some cases, the issuance of preferred stock could discourage or make more difficult attempts to take control of us through a merger, tender offer, proxy contest or otherwise. Preferred stock with special voting rights or other features issued to persons favoring our management could stop a takeover by preventing the person trying to take control of us from acquiring enough voting shares to take control.

Removal and Vacancies on the Board of Directors. Between stockholder meetings, directors may be removed by our stockholders only for cause, and our certificate of incorporation provides that stockholders holding 66-2/3% of the issued and outstanding shares must vote to remove directors for cause. Further, any newly created directorships resulting from any increase in the authorized number of directors or any vacancies on the board resulting from death, resignation, retirements, removal or other cause may be filled only by a majority vote of the directors then in office. These provisions may deter a stockholder from removing incumbent directors and from simultaneously gaining control of the board of directors by filling the resulting vacancies with its own nominees. Consequently, the existence of these provisions may have the effect of deterring hostile takeovers, which could depress the market price of our common stock.

Advance Notice Requirements for Stockholder Proposals and Director Nominations. Our bylaws provide that stockholders seeking to nominate candidates for election as directors or to bring business before an annual meeting of stockholders must provide timely notice of their proposal in writing to the corporate secretary. Generally, to be timely, a stockholder's notice must be received at our principal executive offices not less than 90 days or more than 120 days prior to the first anniversary date of the previous year's annual meeting. Our bylaws also specify requirements as to the form and content of a stockholder's notice. These provisions may impede stockholders' ability to bring matters before an annual meeting of stockholders or make nominations for directors at an annual meeting of stockholders.

Additional Provisions in Our Certificate of Incorporation and Bylaws. Our certificate of incorporation and bylaws contain additional provisions that may be deemed to have the effect of discouraging or delaying attempts to gain control of us, including provisions that provide: (i) the board of directors with the exclusive power to fix from time to time the size of the board; (ii) any action required or permitted to be taken by our stockholders to be taken only at an annual or special meeting and prohibit stockholder action by written consent in lieu of a meeting; (iii) for special meetings of stockholders to be called only by the board of directors; and (iv) for certain of the foregoing provisions to be amended only by the affirmative vote of at least 66-2/3% of the voting power of all then-outstanding shares entitled to vote.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is American Stock Transfer & Trust Company.

Restrictions on Ownership

The BHC Act generally prohibits any company that is not engaged in banking activities and activities that are permissible for a bank holding company or a financial holding company from acquiring control of Pacific Premier Bank. "Control" is generally defined as ownership of 25% or more of the voting stock or other exercise of a controlling influence. In addition, any existing bank holding company would need the prior approval of the Federal Reserve Board before acquiring 5% or more of the voting stock of Pacific Premier Bank. In addition, the Change in Bank Control Act of 1978, as amended, or the CBC Act, prohibits a person or group of persons from acquiring control of a bank holding company unless the Federal Reserve Board has been notified and has not objected to the transaction.

Under a rebuttable presumption established by the Federal Reserve Board, the acquisition of 10% or more of a class of voting stock of a bank holding company with a class of securities registered under Section 12 of the Exchange Act, such as Pacific Premier Bank, could constitute acquisition of control of the bank holding company

DESCRIPTION OF PREFERRED STOCK

General

This section of the prospectus describes the material terms and provisions of our preferred stock. When we offer to sell shares of our preferred stock, we will describe the specific terms of the offering and the shares in a supplement to this prospectus. The prospectus supplement will also indicate whether the terms and provisions described in this prospectus apply to the particular series of preferred stock. This summary does not purport to be exhaustive and is qualified in its entirety by reference to our certificate of incorporation, our bylaws and the applicable provisions of Delaware law.

Our authorized capital stock consists of 1,000,000 shares of our preferred stock, par value \$0.01 per share. Under our certificate of incorporation, as amended, we may issue shares of preferred stock in one or more series, as may be determined by our board of directors. Our board of directors may also establish, from time to time, the number of shares to be included in each series and may fix the designation, powers, preferences and rights of the shares of each such series and any qualifications, limitations or restrictions thereof, and may increase or decrease the number of shares of any series without any further vote or action by the stockholders. Any preferred stock we may issue will rank senior to our common stock with respect to the payment of dividends or amounts paid upon liquidation, dissolution or winding up of our company, or both. In addition, any shares of our preferred stock may have class or series voting rights. Under certain circumstances, the issuance of shares of our preferred stock, or merely the existing authorization of our board of directors to issue shares of our preferred stock, may tend to discourage or impede a merger or other change in control of our company. No shares of preferred stock are currently outstanding. Each series of preferred stock will be issued under a certificate of designation, which will be filed with the SEC as an exhibit to a document incorporated by reference in this prospectus concurrently with the offering of such preferred stock.

Our board of directors is authorized to determine or fix from time to time by resolution the following terms for each series of preferred stock, which will be described in a prospectus supplement:

- the designation of such series and the number of shares to constitute such series;
- the voting rights, if any, of the holders of stock of such series in addition to any rights affirmatively required by law;
- the dividend rate;
- whether dividends are cumulative and, if so, the date from which dividends cumulate;
- the payment date for dividends;
- redemption rights, the applicable redemption prices and such other conditions of redemption;
- amounts payable to holders on our liquidation, dissolution or winding up;
- the amount of the sinking fund, if any;
- whether the shares will be convertible or exchangeable into equity or debt securities, and, if so, the prices and terms or rate of conversion and such other terms and conditions of such conversion or exchange;
-

whether future shares of the series or any future series or other class of stock is subject to any restrictions, and, if so, the nature of the restrictions;

- the conditions or restrictions, if any, upon the creation of indebtedness or upon the issuance of any additional stock; and
- any other powers, preferences and relative, participating, optional and other special rights, and any qualifications, limitations and restrictions thereof.

The preferred stock will be, when issued, fully paid and nonassessable. Holders of preferred stock will not have any preemptive or subscription rights to acquire more shares of our capital stock.

The transfer agent, registrar, dividend disbursing agent and redemption agent for shares of each series of preferred stock will be named in the prospectus supplement relating to such series.

The rights of holders of the preferred stock offered may be adversely affected by the rights of holders of any shares of preferred stock that may be issued in the future. The board of directors may cause shares of preferred stock to be issued in public or private transactions for any proper corporate purpose. Examples of proper corporate purposes include issuances to obtain additional financing in connection with acquisitions or otherwise, and issuances to our officers, directors and employees and our subsidiaries pursuant to benefit plans or otherwise.

Rank

Unless otherwise specified in the prospectus supplement relating to the shares of any series of preferred stock, such shares will rank on an equal basis with each other series of preferred stock and prior to the common stock as to dividends and distributions of assets.

Dividends

The holders of each series of preferred stock will be entitled to receive cash dividends if declared by our board of directors out of funds we can legally use for payment. The prospectus supplement will indicate the dividend rates and the dates on which we will pay dividends as to each series of preferred stock. The rates may be fixed or variable or both. If the dividend rate is variable, the formula used to determine the dividend rate will be described in the prospectus supplement. We will pay dividends to the holders of record of each series of preferred stock as they appear on the record dates fixed by our board of directors.

Our board of directors will not declare and pay a dividend on any series of preferred stock unless full dividends for all series of preferred stock ranking equal as to dividends have been declared or paid and sufficient funds are set aside for payment. If dividends are not paid in full to each series of preferred stock, we will declare any dividends pro rata among the preferred stock of each series and any series of preferred stock ranking equal to any other series as to dividends. A “pro rata” declaration means that the dividends we declare per share on each series of preferred stock will bear the same relationship to each other that the full accrued dividends per share on each series of the preferred stock bear to each other.

Unless all dividends on the preferred stock of each series have been paid in full, we will not declare or pay any dividends or set aside sums for payment of dividends or distributions on any common stock or on any class of security ranking junior to a series of preferred stock, except for dividends or distributions paid for with securities ranking junior to the preferred stock. We also will not redeem, purchase, or otherwise acquire any securities ranking junior to a series of preferred stock as to dividends or liquidation preferences, except by conversion into or exchange for stock ranking junior to the series of preferred stock.

Our ability to pay dividends on our preferred stock is subject to policies established by the Federal Reserve Board. Since we are a bank holding company with no significant assets other than the common stock of Pacific Premier Bank, we depend upon dividends from Pacific Premier Bank as our primary source of revenue. Accordingly, our ability to pay dividends is dependent upon the results of operations of Pacific Premier Bank and our receipt of dividends or other capital distributions from Pacific Premier Bank. Various statutory and regulatory restrictions directly or indirectly limit the amount of dividends Pacific Premier Bank can pay to us.

Conversion or Exchange

The applicable prospectus supplement for any series of preferred stock will state the terms, if any, on which shares of that series are convertible or exchangeable into shares of our common stock or another series of our preferred stock. The terms of any such conversion or exchange and any such preferred stock will be described in the prospectus supplement relating to such series of preferred stock.

Redemption

If so specified in the applicable prospectus supplement, a series of preferred stock may be redeemable at any time, in whole or in part, at our option or at the option of the holder thereof, and may be mandatorily redeemed.

Any partial redemptions of preferred stock will be made in a way that our board of directors decides is equitable.

Unless we default in the payment of the redemption price, dividends will cease to accrue after the redemption date on shares of preferred stock called for redemption and all rights of holders of such shares will terminate, except for the right to receive the redemption price.

Liquidation Preference

Upon any voluntary or involuntary liquidation, dissolution or winding up of Pacific Premier, holders of each series of preferred stock will be entitled to receive distributions upon liquidation in the amount set forth in the prospectus supplement relating to such series of preferred stock. Such distributions will be made before any distribution is made on any securities ranking junior relating to liquidation, including common stock.

If the liquidation amounts payable relating to the preferred stock of any series and any other securities ranking on a parity regarding liquidation rights are not paid in full, the holders of the preferred stock of such series and such other securities will share in any such distribution of our available assets on a ratable basis in proportion to the full liquidation preferences. Holders of such series of preferred stock will not be entitled to any other amounts from us after they have received their full liquidation preference.

Voting Rights

The holders of shares of preferred stock will have no voting rights, except that, under regulations adopted by the Federal Reserve Board, if the holders of the preferred stock of any series become entitled to vote for the election of directors because dividends on the preferred stock of such series are in arrears, preferred stock of such series could be deemed a "class of voting securities." In this instance, a holder of 25% or more of the preferred stock of such series could then be subject to regulation as a bank holding company in accordance with the BHC Act. A holder of 5% or more of such series that otherwise exercises a "controlling influence" over us could also be subject to regulation under the BHC Act. In addition, at any time a series of the preferred stock is deemed a class of voting securities, (1) any other bank holding company may be required to obtain the approval of the Federal Reserve Board to acquire or retain 5% or more of the outstanding shares of such series of preferred stock, and (2) any person other than a bank holding company may be required to file with the Federal Reserve Board under the CBC Act to acquire or retain 10% or more of that series.

DESCRIPTION OF DEBT SECURITIES

The debt securities are to be issued under an indenture, or the indenture, between us and the trustee named in the applicable prospectus supplement as trustee, or the trustee, the form of which is filed as an exhibit to the registration statement of which this prospectus is a part. The debt securities may be issued from time to time in one or more series. The particular terms of each series, or of the debt securities forming a part of a series, which are offered by a prospectus supplement will be described in such prospectus supplement.

The following summary of certain provisions of the indenture does not purport to be complete and is subject, and is qualified in its entirety by reference, to all the provisions of the indenture, including the definitions of certain terms used in the indenture, and, with respect to any particular debt securities, to the description of the terms of such debt securities included in the applicable prospectus supplement. Wherever particular sections or defined terms of the indenture are referred to in this prospectus or in the applicable prospectus supplement, such sections or defined terms are incorporated by reference in this prospectus or in the applicable prospectus supplement, as the case may be.

We are a bank holding company for Pacific Premier Bank, and almost all of our operating assets are owned by Pacific Premier Bank. We are a legal entity separate and distinct from Pacific Premier Bank. We rely primarily on dividends from Pacific Premier Bank to meet our obligations. There are regulatory limitations on the payment of dividends directly or indirectly to us from Pacific Premier Bank. Accordingly, the debt securities will be effectively subordinated to all existing and future liabilities of Pacific Premier Bank, and holders of debt securities should look only to our assets for payments of the debt securities.

Terms of Debt Securities

The indenture will provide that debt securities in separate series may be issued from time to time without limitation as to aggregate principal amount. We may specify a maximum aggregate principal amount for the debt securities of any series. The debt securities are to have such terms and provisions which are not inconsistent with the indenture, including as to maturity, principal and interest, as our board of directors may determine. The debt securities may be either senior or subordinated debt securities, which may be issued as convertible debt securities or exchangeable debt securities.

The applicable prospectus supplement will set forth the price or prices at which the debt securities to be offered will be issued and will describe the following terms of such debt securities:

- the title of the debt securities;
- any limit on the aggregate principal amount of the debt securities or the series of which they are a part;
- the third party to whom any interest on the debt securities will be payable, if other than the third party in whose name the debt securities are registered at the close of business on the regular record date for such interest;
- the date or dates on which the principal of the debt securities will be payable;
- the rate or rates at which the debt securities will bear interest, if any, the date or dates from which any such interest will accrue, the interest payment dates on which any such interest will be payable and the regular record date for any such interest payable on any interest payment date;
- the place or places where the principal of and any premium and interest on the debt securities will be payable;
-

the period or periods within which, the price or prices at which and the terms and conditions on which the debt securities may be redeemed, in whole or in part, at our option;

- our obligation, if any, to redeem or purchase the debt securities pursuant to any sinking fund or analogous provision or at the option of the holder of the debt security, and the period or periods within which, the price or prices at which and the terms and conditions on which the debt securities will be redeemed or purchased, in whole or in part, pursuant to any such obligation;
- conversion or exchange provisions, if any, including conversion or exchange prices or rates and adjustments thereto;
 - the terms, if any, pursuant to which any debt securities will be subordinate to any of our debt;
- the denominations in which the debt securities will be issuable, if other than denominations of \$1,000 and any integral multiple thereof;
- if the amount of principal of or any premium or interest on the debt securities may be determined with reference to an index or pursuant to a formula, the manner in which such amounts will be determined;
- if other than the currency of the United States of America, the currency, currencies or currency units in which the principal of or any premium or interest on the debt securities will be payable (and the manner in which the equivalent of the principal amount of the debt securities in the currency of the United States of America is to be determined for any purpose, including for the purpose of determining the principal amount deemed to be outstanding at any time);
- if the principal of or any premium or interest on the debt securities is to be payable, at our election or at the election of the holder, in one or more currencies or currency units other than those in which the debt securities are stated to be payable, the currency, currencies or currency units in which payment of any such amount as to which such election is made will be payable, the periods within which and the terms and conditions upon which such election is to be made and the amount so payable (or the manner in which such amount is to be determined);
- if other than the entire principal amount of the debt securities, the portion of the principal amount of the debt securities which will be payable upon declaration of acceleration of maturity;
- if the principal amount payable at the stated maturity of the debt securities will not be determinable as of any one or more dates prior to the stated maturity, the amount which will be deemed to be such principal amount as of any such date for any purpose, including the principal amount of the debt securities which will be due and payable upon any maturity other than the stated maturity or which will be deemed to be outstanding as of any such date (or, in any such case, the manner in which such deemed principal amount is to be determined);
- if applicable, that debt securities, in whole or any specified part, are defeasible pursuant to the provisions of the indenture described under “—Defeasance and Covenant Defeasance --Defeasance and Discharge” on page 20 of this prospectus or “—Defeasance and Covenant Defeasance -- Defeasance of Certain Covenants” on page 21 of this prospectus, or under both such captions;
- if applicable, whether the debt securities will be issuable in whole or in part in the form of one or more global debt securities and, if so, the respective depositaries for such global debt securities, the form of any legend or legends to be borne by any such global security in addition to or in lieu of the legend referred to under “—Global Debt Securities” on page 15 of this prospectus and, if different from those described under such caption, any circumstances under which any such global debt security may be exchanged in whole or in part for debt securities registered, and any transfer of such global debt security in whole or in part may be registered, in the names of persons other than the depositary for such global security or its nominee;

- any addition to or change in the events of default applicable to the debt securities and any change in the right of the trustee or the holders to declare the principal amount of the debt securities due and payable;
- any addition to or change in the covenants in the indenture applicable to the debt securities; and
- any other terms of debt securities not inconsistent with the provisions of the indenture.

Debt securities, including original issue discount debt securities, may be sold at a substantial discount below their principal amount. Certain special United States federal income tax considerations, if any, applicable to debt securities sold at an original issue discount may be described in the applicable prospectus supplement. In addition, certain special United States federal income tax or other considerations, if any, applicable to any debt securities which are denominated in a currency or currency unit other than United States dollars may be described in the applicable prospectus supplement. If we use any index to determine the amount of payments of principal of, premium, if any, or interest, if any, on any debt securities, we will also describe in the applicable prospectus supplement the special United States federal income tax, accounting and other considerations applicable to the debt securities.

Senior Debt Securities

Payment of the principal of, premium, if any, and interest on senior debt securities will rank on a parity with all of our other unsecured and unsubordinated debt securities.

Subordinated Debt Securities

Payment of the principal of, premium, if any, and interest on subordinated debt securities will be junior in right of payment to the prior payment in full of all of our unsubordinated debt. We will set forth in the applicable prospectus supplement relating to any subordinated debt securities the subordination terms of such securities, as well as the aggregate amount of outstanding debt, as of the most recent practicable date, that by its terms would be senior to the subordinated debt securities. We will also set forth in such prospectus supplement limitations, if any, on issuance of additional senior debt.

Form, Exchange and Transfer

The debt securities of each series will be issuable only in fully registered form, without coupons, and, unless otherwise specified in the applicable prospectus supplement, only in denominations of \$1,000 and integral multiples thereof. At the option of the holder, subject to the terms of the indenture and the limitations applicable to global debt securities, debt securities of each series will be exchangeable for other debt securities of the same series of any authorized denomination and of a like tenor and aggregate principal amount.

Subject to the terms of the indenture and the limitations applicable to global debt securities, a holder may present debt securities for exchange as provided above, or for registration of transfer (duly endorsed or with the form of transfer endorsed thereon duly executed) at the office or agency of Pacific Premier at the place or places where the principal of and any premium and interest on the debt securities are payable. A holder will not incur a service charge for any registration of transfer or exchange of debt securities, but a holder must pay a sum sufficient to cover any tax or other governmental charge as may be described in the indenture. Such transfer or exchange will be effected upon the security registrar or us or our agent, as the case may be, being satisfied with the documents of title and identity of the person making the request. We expect to appoint the trustee as security registrar. Any agent (in addition to the security registrar) initially designated by us for any debt securities will be named in the applicable prospectus supplement. We may at any time designate additional agents or rescind the designation of any agent or approve a change in the office through which any agent acts, except that we will be required to maintain an agent in each place of payment for the debt securities of each series.

If the debt securities of any series (or of any series and specified terms) are to be redeemed in part, we will not be required to (a) issue, register the transfer of or exchange any debt securities of that series (or of that series and specified terms, as the case may be) during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any such debt securities that may be selected for redemption and ending at the close of business on the day of such mailing or (b) register the transfer of or exchange any debt security so selected for redemption, in whole or in part, except the unredeemed portion of the debt securities being redeemed in part.

Global Debt Securities

Some or all of a series of debt securities may be represented, in whole or in part, by one or more global debt securities. Each global security will be registered in the name of a depositary or its nominee identified in the applicable prospectus supplement, will be deposited with such depositary or its nominee or a custodian and will bear a legend regarding the restrictions on exchanges and registration of transfer referred to below and any such other matters as may be provided for pursuant to the indenture.

Notwithstanding any provision of the indenture or any debt security described in this prospectus, no global debt security may be exchanged in whole or in part for debt securities registered, and no transfer of a global debt security in whole or in part may be registered, in the name of any person except:

- by the depositary to its nominee;
- by a nominee of the depositary to the depositary or another nominee; or
- by the depositary or any nominee to a successor of the depositary, or a nominee of the successor,

unless (i) the depositary has notified us that it is unwilling or unable to continue as depositary for such global debt security or has ceased to be qualified to act as such as required by the indenture, (ii) there shall have occurred and be continuing an event of default under the indenture with respect to the debt securities represented by such global debt security, or (iii) there shall exist such circumstances, if any, in addition to or in lieu of those described above as may be described in the applicable prospectus supplement. All securities issued in exchange for a global security or any portion of a global debt security will be registered in such names as the depositary may direct.

As long as the depositary, or its nominee, is the registered holder of a global security, the depositary or its nominee, as the case may be, will be considered the sole owner and holder of such global debt security and the debt securities represented by the global debt security for all purposes under the debt securities and the indenture. Except in the limited circumstances referred to above, a holder will not be entitled to have such global debt security or any securities registered by the global debt security registered in its name, will not receive or be entitled to receive physical delivery of certificated debt securities in exchange of the global debt security and will not be considered to be the owners or holders of such global debt security or any debt securities represented by the global debt security for any purpose under the debt securities or the indenture. All payments of principal of and any premium and interest on a global debt security will be made to the depositary or its nominee, as the case may be, as the holder of the global debt security. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. These laws may impair the ability to transfer beneficial interests in a global debt security.

Ownership of beneficial interests in a global debt security will be limited to institutions that have accounts with the depositary or its nominee ("participants") and to persons that may hold beneficial interests through participants. In connection with the issuance of any global debt security, the depositary or its nominee will credit, on its book-entry registration and transfer system, the respective principal amounts of debt securities represented by the global debt security to the accounts of its participants. Ownership of beneficial interests in a global debt security will be shown only on, and the transfer of those ownership interests will be effected only through, records maintained by the

depository or its nominee (with respect to participants' interests) or any such participant (with respect to interests of persons held by such participants on their behalf). Payments, transfers, exchanges and others matters relating to beneficial interests in a global debt security may be subject to various policies and procedures adopted by the depository from time to time. We, the trustee or any agent of us or the trustee will not have any responsibility or liability for any aspect of the depository's or any participant's records relating to, or for payments made on account of, beneficial interests in a global debt security, or for maintaining, supervising or reviewing any records relating to such beneficial interests.

We expect that the depository or its nominee, upon receipt of any principal, premium, if any, or interest, if any, payment immediately will credit participants' accounts with amounts in proportion to their respective beneficial interests in the principal amount of the global debt security as shown on the records of the depository or its nominee. We also expect that payments by participants to holders of debt securities, as an owner of a beneficial interest in the global debt security held through those participants, will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name." These payments will be the responsibility of those participants.

Secondary trading in notes and debentures of corporate issuers is generally settled in clearinghouse or next-day funds. In contrast, beneficial interests in a global debt security, in some cases, may trade in the depository's same-day funds settlement system, in which secondary market trading activity in those beneficial interests would be required by the depository to settle in immediately available funds. There is no assurance as to the effect, if any, that settlement in immediately available funds would have on trading activity in such beneficial interests. Also, settlement for purchases of beneficial interests in a global debt security upon the original issuance thereof may be required to be made in immediately available funds.

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, payment of interest on a debt security on any interest payment date will be made to the person in whose name such debt security (or one or more predecessor debt securities) is registered at the close of business on the regular record date for such interest.

Unless otherwise indicated in the applicable prospectus supplement, principal of and any premium and interest on the debt securities of a particular series will be payable at our office or the office of an agent or agents as we may designate for such purpose from time to time. Any such agents initially designated by us for the debt securities of a particular series will be named in the applicable prospectus supplement. We may at any time designate debt securities additional agents or rescind the designation of any agent or approve a change in the office through which any agent acts, except that we will be required to maintain an agent in each place of payment for the debt securities of a particular series.

All moneys or United States government obligations (including proceeds thereof) deposited by us with the trustee or any paying agent for the payment of the principal of or any premium or interest on any debt security which remain unclaimed at the end of two years after such principal, premium or interest has become due and payable will be repaid to us, and after repayment to us, a holder of debt securities is entitled to seek payment only from us as a general unsecured creditor.

Consolidation, Merger and Sale of Assets

The indenture will provide that we will not consolidate with or merge into any other person or convey, transfer or lease substantially all of our properties to any person, and no person may consolidate with or merge into us unless (i) the successor is organized under the laws of the United States or any state or the District of Columbia, and the successor expressly assumes our obligations under the indenture and the debt securities, (ii) after giving effect to the transaction, no event of default under the indenture, and no event which, after notice or lapse of time, or both, would

become an event of default under the indenture, exists, and (iii) certain other conditions as prescribed in the indenture are met.

The general provisions of the indenture do not afford holders of the debt securities protection in the event of a highly leveraged or other transaction that we may become involved in that may adversely affect holders of the debt securities.

Events of Default

Each of the following will constitute an event of default under the indenture with respect to debt securities of any series:

- (a) our failure to pay principal of or any premium on any debt security of that series when due, whether at maturity, upon redemption, by accelerating the maturity or otherwise;
- (b) our failure to pay any interest on any debt securities of that series when due, continued for 30 days;
- (c) our failure to deposit any sinking fund payment, when due, in respect of any debt security of that series;
- (d) our failure to observe or perform any other covenant or warranty of ours contained in the indenture (other than a covenant included in the indenture solely for the benefit of a series other than that series), which failure continues for 90 days after written notice to us by the trustee, or the holders of at least 25% in principal amount of the outstanding debt securities of that series, as provided in the indenture;
- (e) with respect to senior debt securities, acceleration of any indebtedness for borrowed money by us having an aggregate principal amount outstanding of at least \$25 million (or such other amount as may be agreed upon), if such indebtedness has not been discharged, or such acceleration has not been rescinded or annulled, within 10 days after written notice has been given by the trustee, or the holders of at least 25% in principal amount of the outstanding debt securities of that series, as provided in the indenture; or
- (f) certain events related to our bankruptcy, insolvency or reorganization.

An event of default for a particular series of debt securities does not necessarily constitute an event of default for any other series of debt securities issued under the indenture. If an event of default relating to the payment of interest, principal or any sinking fund installment involving any series of debt securities has occurred and is continuing, either the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of that series by notice as provided in the indenture may declare the principal amount of the debt securities of that series (or, in the case of any debt security that is an original issue discount security or the principal amount of which is not then determinable, such portion of the principal amount of such debt security, or such other amount in lieu of such principal amount, as may be specified in the terms of such debt security) to be due and payable immediately.

If an event of default (other than those described in clause (f) above) occurs and is continuing with respect to debt securities of any series at the time outstanding, then the trustee or the holders of not less than 25% in aggregate principal amount of all of the series of debt securities outstanding may declare the entire principal amount of all of the series of debt securities due and payable immediately.

If, however, an event of default (other than those described in clause (f) above) has occurred and is continuing for less than all of the series of debt securities, then the trustee or the holders of not less than 25% in aggregate principal amount of each affected series of the debt securities may declare the entire principal amount of all debt securities of such affected series due and payable immediately.

If an event of default described in clause (f) above with respect the debt securities of any series at the time outstanding shall occur, the principal amount of all the debt securities of that series (or, in the case of any such original issue discount security or other debt security, such specified amount) will automatically, and without any action by the trustee or any holder, become immediately due and payable.

At any time following any declaration of acceleration, but before a judgment or decree based on acceleration, the holders of a majority in aggregate principal amount of the outstanding debt securities of that series may, under certain circumstances, rescind and annul such acceleration if all events of default, other than the non-payment of accelerated principal (or other specified amount), have been cured or waived as provided in the indenture. For information as to waiver of defaults, see “--Modification and Waiver” below.

Subject to the provisions of the indenture relating to the duties of the trustee in case an event of default occurs and is continuing, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders, unless such holders shall have offered to the trustee reasonable indemnity. Subject to such provisions for the indemnification of the trustee, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series so long as such direction does not conflict with any rule of law or with the indenture, and the trustee may take any other action deemed proper by the trustee which is not inconsistent with such direction.

No holder of a debt security of any series will have any right to institute any proceeding with respect to the indenture, or for the appointment of a receiver or a trustee, or for any other remedy thereunder, unless (i) such holder has previously given to the trustee written notice of a continuing event of default with respect to the debt securities of that series, (ii) the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made written request, (iii) such holder or holders have offered reasonable indemnity to the trustee to institute such proceeding as trustee and (iv) the trustee has failed to institute such proceeding, and has not received from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series a direction inconsistent with such request, within 60 days after such notice, request and offer. However, such limitations do not apply to a suit instituted by a holder of a debt security for the enforcement of payment of the principal of or any premium or interest on such debt security on or after the applicable due date specified in such debt security.

We will be required to furnish to the trustee annually a statement by certain of our officers as to whether or not we, to the best of such officers’ knowledge, are in default in the performance or observance of any of the terms, provisions and conditions of the indenture and, if so, specifying all such known defaults and the nature and status thereof.

Modification and Waiver

Modifications of and amendments to the indenture may be made by us and the trustee with the consent of the holders of a majority in aggregate principal amount of the outstanding debt securities of each series of debt securities affected by such modification or amendment; provided, however, that no modification or amendment may, without the consent of the holder of each outstanding debt security affected:

- (a) change the stated maturity of the principal of, or any installment of principal of or interest on, any debt security;
- (b) reduce the principal amount of, or any premium or interest on, any debt security;
- (c) reduce the amount of principal of an original issue discount debt security or any other debt security payable upon acceleration of the maturity;

- (d) change the place or currency of payment of principal of, or any premium or interest on, any debt security;
- (e) modify any of the subordination provisions in a manner adverse to the holders of those securities;
- (f) impair the right to institute suit for the enforcement of any payment on or with respect to any debt security;
- (g) reduce the percentage in principal amount of outstanding debt securities of any series, the consent of whose holders is required for modification or amendment of the indenture;
- (h) reduce the percentage in principal amount of outstanding debt securities of any series necessary for waiver of compliance with certain provisions of the indenture or for waiver of certain defaults; or
- (i) except as provided by the indenture, modify provisions of the indenture relating to modification and waiver.

In addition, as described in the indenture, certain modifications and amendments to the indenture may be made by us and the trustee without the consent of holders of debt securities.

The holders of at least a majority in principal amount of the outstanding debt securities of any series may waive compliance by us with certain restrictive provisions of the indenture. The holders of not less than a majority in principal amount of the outstanding debt securities of any series may, on behalf of all holders of such series of debt securities, waive any past default under the indenture, except a default in the payment of principal, premium or interest and certain covenants and provisions of the indenture which cannot be amended without the consent of the holder of each outstanding debt security of such series affected.

The indenture will provide that in determining whether the holders of the requisite principal amount of the outstanding debt securities have given or taken any direction, notice, consent, waiver or other action under the indenture as of any date, (i) the principal amount of an original issue discount security that will be deemed to be outstanding will be the amount of the principal thereof that would be due and payable as of such date upon acceleration of the maturity to such date, (ii) if, as of such date, the principal amount payable at the stated maturity of a debt security is not determinable (for example, because it is based on an index), the principal amount of such debt security deemed to be outstanding as of such date will be an amount determined in the manner prescribed for such debt security, and (iii) the principal amount of a debt security denominated in one or more foreign currencies or currency units that will be deemed to be outstanding will be the U.S. dollar equivalent, determined as of such date in the manner prescribed for such debt security, of the principal amount of such debt security (or, in the case of a debt security described in clause (i) or (ii) above, of the amount described in such clause). Certain debt securities, including those for whose payment or redemption money has been deposited or set aside in trust for the holders and those that have been fully defeased pursuant to the indenture, will not be deemed to be outstanding.

Except in certain limited circumstances, we will be entitled to set any day as a record date for the purpose of determining the holders of outstanding debt securities of any series entitled to give or take any direction, notice, consent, waiver or other action under the indenture, in the manner and subject to the limitations provided in the indenture. In certain limited circumstances, the trustee will be entitled to set a record date for action by holders. If a record date is set for any action to be taken by holders of a particular series, such action may be taken only by persons who are holders of outstanding debt securities of that series on the record date. To be effective, such action must be taken by holders of the requisite principal amount of such debt securities within a specified period following the record date. For any particular record date, this period will be 180 days or such other period as may be specified by us (or the trustee, if it set the record date), and may be shortened or lengthened (but not beyond 180 days) from time to time.

Defeasance and Covenant Defeasance

If and to the extent indicated in the applicable prospectus supplement, we may elect, at our option at any time, to have the provisions of Section 1302 of the indenture, relating to defeasance and discharge of indebtedness, or Section 1303 of the indenture, relating to defeasance of certain restrictive covenants in the indenture, applied to the debt securities of any series, or to any specified part of a series.

Defeasance and Discharge. The indenture provides that, upon our exercise of our option (if any) to have Section 1302 of the indenture applied to the debt securities, we will be discharged from all our obligations (and, if applicable, provisions relating to subordination will cease to be effective) with respect to such debt securities (except for certain obligations to exchange or register the transfer of debt securities, to replace stolen, lost or mutilated debt securities, to maintain paying agencies and to hold moneys for payment in trust) upon the irrevocable deposit in trust for the benefit of the holders of such debt securities of money or United States government obligations, or both, which, through the payment of principal and interest in respect thereof in accordance with their terms, will provide money in an amount sufficient to pay the principal of and any premium and interest on such debt securities on the respective stated maturities in accordance with the terms of the indenture and such debt securities. Such defeasance or discharge may occur only if, among other things, we have delivered to the trustee an opinion of counsel to the effect that we have received from, or there has been published by, the United States Internal Revenue Service a ruling, or there has been a change in tax law, in either case to the effect that holders of such debt securities will not recognize gain or loss for federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit, defeasance and discharge were not to occur.

Defeasance of Certain Covenants. The indenture provides that, upon our exercise of our option (if any) to have Section 1303 of the indenture applied to the debt securities, we may omit to comply with certain restrictive covenants of the indenture and any that may be described in the applicable prospectus supplement, and the occurrence of certain events of default, which are described above in clause (d) (with respect to such restrictive covenants) and clause (e) under “—Events of Default” on page 17 of this prospectus and any that may be described in the applicable prospectus supplement, will be deemed not to be or result in an event of default, in each case with respect to such debt securities. We, in order to exercise such option, will be required to deposit, in trust for the benefit of the holders of such debt securities, money or United States government obligations, or both, which, through the payment of principal and interest in respect thereof in accordance with their terms, will provide money in an amount sufficient to pay the principal of and any premium and interest on such debt securities on the respective stated maturities in accordance with the terms of the indenture and such debt securities. We will also be required, among other things, to deliver to the trustee an opinion of counsel to the effect that holders of such debt securities will not recognize gain or loss for federal income tax purposes as a result of such deposit and defeasance of certain obligations and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit and defeasance were not to occur. In the event we exercised this option with respect to any debt securities and such debt securities were declared due and payable because of the occurrence of any event of default, the amount of money and United States government obligations so deposited in trust would be sufficient to pay amounts due on such debt securities at the time of their respective stated maturities but may not be sufficient to pay amounts due on such debt securities upon any acceleration resulting from such event of default. In such case, we would remain liable for such payments.

Notices

Notices to holders of debt securities will be given by mail to the addresses of such holders as they may appear in the security register.

Title

We, the trustee and any of our agents or agents of the trustee may treat the person in whose name a debt security is registered as the absolute owner thereof (whether or not such debt security may be overdue) for the purpose of making

payment and for all other purposes.

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the law of the State of New York.

Regarding the Trustee

The trustee will have all the duties and responsibilities of an indenture trustee specified in the Trust Indenture Act of 1939. The trustee is not required to expend or risk its own funds or otherwise incur financial liability in performing its duties or exercising its rights and powers if it reasonably believes that it is not reasonably assured of repayment or adequate indemnity.

DESCRIPTION OF WARRANTS

In this section, we describe the general terms and provisions of the warrants for the purchase of debt securities, preferred stock or common stock that we may issue. Warrants issued pursuant to this prospectus may be issued independently or together with any debt securities, preferred stock or common stock. Warrants sold with other securities may be attached to or separate from the other securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent who will be specified in the warrant agreement and in the prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants of that series and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

This summary of some of the terms and other provisions of the warrants that may be issued is not complete and is qualified in its entirety by reference to the applicable warrant agreement and related warrant certificate and the prospectus supplement, which both will be filed with the SEC. You should refer to this prospectus, the prospectus supplement, the warrant agreement, including the forms of securities warrant certificate representing the securities warrants, relating to the specific warrants that we may offer for the complete terms of the warrant agreement and the warrants. For more information on how you can obtain copies of the applicable warrant agreement, if we offer warrants, see “Where You Can Find More Information.” We urge you to read the applicable warrant agreement and the applicable prospectus supplement and any other offering material in their entirety.

The applicable prospectus supplement related to an issuance of warrants will describe the following terms, where applicable, of the warrants in respect of which this prospectus is being delivered:

- the title of the warrants;
- the aggregate number of the warrants;
- the price or prices at which the warrants will be issued;
- the currency or currencies (including composite currencies) in which the price or prices of the warrants may be payable;
- the designation, amount and terms of the offered securities purchasable upon exercise of the warrants;
- if applicable, the date on and after which the warrants and the offered securities purchasable upon exercise of the warrants will be separately transferable;

- the terms of the securities purchasable upon exercise of such warrants and the procedures and conditions relating to the exercise of such warrants;
- any provisions for adjustment of the number or amount of securities receivable upon exercise of the warrants or the exercise price of the warrants;
- the price or prices at which and currency or currencies in which the offered securities purchasable upon exercise of the warrants may be purchased;
- the date on which the right to exercise the warrants shall commence and the date on which the right shall expire;
 - if applicable, the minimum or maximum amount of the warrants that may be exercised at anyone time;
 - information with respect to book-entry procedures, if any; and
- any other material terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

The prospectus supplement relating to any warrants to purchase equity securities may also include, if applicable, a discussion of certain U.S. federal income tax and Employee Retirement Income Security Act of 1974 considerations.

Warrants for the purchase of preferred stock and common stock will be offered and exercisable for U.S. dollars only. Warrants will be issued in registered form only.

Each warrant will entitle its holder to purchase the principal amount of debt securities or the number of shares of preferred stock or common stock at the exercise price set forth in, or calculable as set forth in, the applicable prospectus supplement and warrant agreement.

After the close of business on the expiration date, unexercised warrants will become void. We will specify the place or places where, and the manner in which, warrants may be exercised in the applicable prospectus supplement.

Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement, we will, as soon as practicable, forward the purchased securities. If less than all of the warrants represented by the warrant certificate are exercised, a new warrant certificate will be issued for the remaining warrants.

Prior to the exercise of any warrants to purchase debt securities, preferred stock or common stock, holders of the warrants will not have any of the rights of holders of the debt securities, preferred stock or common stock purchasable upon exercise, including (i) in the case of warrants for the purchase of debt securities, the right to receive payments of principal of, any premium or interest on the debt securities purchasable upon exercise or to enforce covenants in the applicable indenture, or (ii) in the case of warrants for the purchase of preferred stock or common stock, the right to vote or to receive any payments of dividends on the preferred stock or common stock purchasable upon exercise.

DESCRIPTION OF UNITS

In this section, we describe the general terms and provisions of the units that we may offer. We may issue units comprising one or more of the securities described in this prospectus in any combination. Each unit will be issued so that the holder of the unit also is the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately at any time or at any time before a specified date.

The applicable prospectus supplement will specify the following terms of any units in respect of which this prospectus is being delivered:

- the terms of the units and of any of the common stock, preferred stock, warrants and debt securities comprising the units, including whether and under what circumstances the units may be traded separately;
- a description of the terms of any unit agreement governing the units;
- a description of the provisions for the payment, settlement, transfer or exchange of the units or the securities comprising those units; and
- whether the units will be issued fully registered or in global form.

The description in the applicable prospectus supplement and other offering material of any units we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable unit agreement, which will be filed with the SEC if we offer units. For more information on how you can obtain copies of the applicable unit agreement if we offer units, see “Where You Can Find More Information.” We urge you to read the applicable unit agreement and the applicable prospectus supplement and any other offering material in their entirety.

PLAN OF DISTRIBUTION

We may sell the securities described in this prospectus to or through one or more agents, underwriters, dealers or directly to purchasers on a continuous or delayed basis.

The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed from time to time, at market prices prevailing at the times of sale, at prices related to such prevailing market prices or at negotiated prices.

Each time that we use this prospectus to sell our securities, we will also provide a prospectus supplement. For each series of securities, the applicable prospectus supplement will set forth the terms of the offering including:

- the public offering price;
- the name or names of any underwriters, dealers or agents;
- the purchase price of the securities;
- the proceeds from the sale of the securities to us;
- any underwriting discounts, agency fees, or other compensation payable to underwriters or agents;
- any discounts or concessions allowed or reallocated or repaid to dealers; and
- the securities exchanges on which the securities will be listed, if any.

If we use underwriters in the sale of securities, the securities will be acquired by the underwriters for their own account. The underwriters may then resell the securities in one or more transactions at a fixed public offering price or at varying prices determined at the time of sale or thereafter. The securities may be either offered to the public through underwriting syndicates represented by managing underwriters, or directly by underwriters. The obligations of the underwriters to purchase the securities will be subject to certain conditions. The underwriters will be obligated to

purchase all the securities offered if they purchase any securities. The public offering price and any discounts or concessions allowed or re-allowed or paid to dealers may be changed from time to time.

If we use dealers in the sale of securities, we will sell securities to such dealers as principals. The dealers may then resell the securities to the public at varying prices to be determined by such dealers at the time of resale. We may solicit offers to purchase the securities directly, and we may sell the securities directly to institutional or other investors, who may be deemed underwriters within the meaning of the Securities Act with respect to any resales of those securities. The terms of these sales will be described in the applicable prospectus supplement. If we use agents in the sale of securities, unless otherwise indicated in the prospectus supplement, they will use their reasonable best efforts to solicit purchases for the period of their appointment. Unless otherwise indicated in a prospectus supplement, if we sell directly, no underwriters, dealers or agents would be involved. We will not make an offer of securities in any jurisdiction that does not permit such an offer.

We may grant underwriters who participate in the distribution of securities an option to purchase additional securities to cover overallocments, if any, in connection with the distribution. Any underwriter may engage in overallocation, stabilizing transactions, short covering transactions and penalty bids in accordance with SEC orders, rules and regulations and applicable law. To the extent permitted by applicable law and SEC orders, rules and regulations, an overallocation involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. To the extent permitted by applicable law and SEC orders, rules and regulations, short covering transactions involve purchases of the common stock in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the common stock originally sold by the dealer is purchased in a covering transaction to cover short positions. Those activities may cause the price of the common stock to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time.

Unless otherwise mandated by order or other action taken by the SEC, any underwriters who are qualified market makers on the Nasdaq Stock Market may engage in passive market making transactions in the common stock on the Nasdaq Stock Market in accordance with Rule 103 of Regulation M, during the business day prior to the pricing of the offering, before the commencement of offers or sales of the common stock. Passive market makers must comply with applicable volume and price limitations and must be identified as passive market makers. In general a passive market maker must display its bid at a price not in excess of the highest independent bid for such security; if all independent bids are lowered below the passive market maker's bid, however, the passive market maker's bid must then be lowered when certain purchase limits are exceeded.

Underwriters, dealers and agents that participate in any distribution of securities may be deemed to be underwriters as defined in the Securities Act. Any discounts, commissions or profit they receive when they resell the securities may be treated as underwriting discounts and commissions under the Securities Act. Only underwriters named in the prospectus supplement are underwriters of the securities offered in the prospectus supplement. We may have agreements with underwriters, dealers and agents to indemnify them against certain civil liabilities, including certain liabilities under the Securities Act, or to contribute with respect to payments that they may be required to make.

We may authorize underwriters, dealers or agents to solicit offers from certain institutions whereby the institution contractually agrees to purchase the securities from us on a future date at a specific price. This type of contract may be made only with institutions that we specifically approve. Such institutions could include banks, insurance companies, pension funds, investment companies and educational and charitable institutions. The underwriters, dealers or agents will not be responsible for the validity or performance of these contracts.

Each series of securities will be a new issue of securities and will have no established trading market, other than our common stock, which is listed on the Nasdaq Global Select Market. Unless otherwise specified in the applicable prospectus supplement, the securities will not be listed on any exchange. It has not presently been established whether

the underwriters, if any, of the securities will make a market in the securities. If the underwriters make a market in the securities, such market making may be discontinued at any time without notice. No assurance can be given as to the liquidity of the trading market for the securities.

Agents, dealers and underwriters may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the agents, dealers or underwriters may be required to make in respect thereof. Agents, dealers or underwriters may be customers of, engage in transactions with, or perform services for us and our subsidiaries in the ordinary course of business.

LEGAL MATTERS

Holland & Knight LLP, Washington, D.C., will pass upon certain legal matters with respect to the securities offered by us from time to time pursuant to this prospectus, unless we indicate otherwise in a prospectus supplement. As of July 25, 2014, attorneys employed by that law firm beneficially owned approximately 54,842 shares of our common stock.

The name of the law firm advising any underwriters or agents with respect to certain issues relating to any offering will be set forth in the applicable prospectus supplement.

Item 15. Indemnification of Directors and Officers.

The following is a summary of relevant provisions of our amended and restated certificate of incorporation, and certain provisions of the General Corporation Law of the State of Delaware, or the DGCL. We urge you to read the full text of these documents, forms of which have been filed with the U.S. Securities and Exchange Commission, as well as the referenced provisions of the DGCL because they are the legal documents and provisions that will govern matters of indemnification with respect to our directors and officers.

We are incorporated under the laws of the state of Delaware. Section 145 of the DGCL provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him or her in connection with such action, suit or proceeding if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. A similar standard is applicable in the case of derivative actions, except that indemnification only extends to expenses (including attorneys' fees) incurred in connection with the defense or settlement of such action, and the statute requires court approval before there can be any indemnification where the person seeking indemnification has been found liable to the corporation.

The DGCL provides that any indemnification must be made by us only as authorized in the specific case upon a determination that indemnification is proper in the circumstances because the person has met the applicable standard of conduct. Such determination must be made, with respect to person who is a director or officer at the time of such determination, (1) by a majority of our directors who are not parties to the action, suit or proceeding, even though less than a quorum, or (2) by a committee of such directors designated by majority vote of such directors, even though less than a quorum, or (3) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion, or (4) by our stockholders.

The statute provides that it is not exclusive of other indemnification that may be granted by a corporation's bylaws, disinterested director vote, stockholder vote, agreement or otherwise.

Our amended and restated certificate of incorporation provides for the indemnification of directors, officers and certain of our authorized representatives to the fullest extent permitted by the DGCL, except that indemnification in an action, suit or proceeding initiated by a director, officer or our authorized representative is permitted only if our board of directors authorized the initiation of that action, suit or proceeding. In addition, as permitted by the DGCL, our amended and restated certificate of incorporation provides that our directors shall have no personal liability to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except (1) for any breach of the director's duty of loyalty to us or our stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or knowing violation of the law, (3) the unlawful payment of dividends or unlawful stock purchase or redemption, or (4) for any transaction in which the director derived improper personal benefit.

Item 17. Undertakings

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
- (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by a Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of a Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering of securities of an undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of an undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of an undersigned Registrant or used or referred to by an undersigned Registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about an undersigned Registrant or its securities provided by or on behalf of an undersigned Registrant; and

(iv) Any other communication that is an offer in the offering made by an undersigned Registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by a Registrant of expenses incurred or paid by a director, officer or controlling person of a Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, that Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Irvine, State of California, on July 28, 2014.
