LJ International Inc.

LJ International Inc. (we , the Company or LJ) is a totally vertically integrated company that designs, brands, markets and distributes a complete range of fine jewelry. While we specialize in the colored jewelry segment, we also offer high-end pieces set in yellow gold, white gold, platinum or sterling silver and adorned with colored stones, diamonds, pearls and precious stones. We distribute mainly to fine jewelers, department stores, national jewelry chains and electronic and specialty retailers throughout North America and Western Europe. Our product lines incorporate all major categories sought by major retailers, including earrings, necklaces, pendants, rings and bracelets.

We believe that our vertically integrated structure provides significant advantages over our competitors. All profits from value added processes are captured internally, rather than shared with third party manufacturers. This results in very competitive pricing for the retailer and enhanced profits for us. Innovative processes in stone cutting and production further enhance our competitive position.

We employ an international design team and all of our designs and merchandising strategies are proprietary. The exclusive and innovative concepts that we create offer brand potential. Our primary marketing focus has been in North America where we have sold directly to certain high volume customers that need specialized product development services, and through a marketing relationship with International Jewelry Connection for those customers that need higher levels of service and training.

We are located at Unit #12, 12/F, Block A, Focal Industrial Centre, 21 Man Lok Street, Hung Hom, Kowloon, Hong Kong, telephone: 011-852-2764-3622.

The Securities We May Offer

We may offer up to \$100,000,000 of common stock and warrants in one or more offerings and in any combination. A prospectus supplement, which we will provide each time we offer securities, will describe the specific amounts, prices and terms of these securities.

We may sell the securities to or through underwriters, dealers or agents or directly to purchasers. We, as well as any agents acting on our behalf, reserve the sole right to accept and to reject in whole or in part any proposed purchase of securities. Each prospectus supplement will set forth the names of any underwriters, dealers or agents involved in the sale of securities described in that prospectus supplement and any applicable fee, commission or discount arrangements with them.

Common Stock

We may offer shares of our common stock, par value \$0.01 per share, either alone or underlying other registered securities convertible into our common stock. Holders of our common stock are entitled to receive dividends declared by our board of directors out of funds legally available for the payment of dividends. Currently, we do not pay a dividend. Each holder of common stock is entitled to one vote per share. The holders of common stock have no preemptive rights.

Warrants

We may issue warrants for the purchase of common stock. We may issue warrants independently or together with other securities.

FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated into this prospectus by reference contain certain forward-looking statements (as such term is defined in Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934) and information relating to LJ that are based on the beliefs of the management of LJ as well as assumptions made by and information currently available to the management of LJ. Statements that are not based on historical facts, which can be identified by the use of such words as likely, will, suggests, target, may, would, anticipate, believe, estimate, expect, intend, plan, predict, and similar expressions and their variants, are forward-looking. Such statements reflect the judgment of LJ as of the date of this prospectus and they involve many risks and uncertainties, such as those described below. These factors could cause actual results to differ materially from those predicted in any forward-looking statements. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Moreover, neither we nor any other person assumes responsibility for the accuracy and completeness of these forward-looking statements. We undertake no obligation to update forward looking statements.

RISK FACTORS

Investors should carefully consider the risks described below before making an investment decision. The risks described below are not the only ones facing our company. Additional risks not presently known to us or that we currently believe are immaterial may also impair our business operations. Our business could be harmed by any of these risks. The trading price of our common stock could decline due to any of these risks and investors may lose all or part of their investment. In assessing these risks, investors should also refer to the other information contained or incorporated by reference herein.

We depend upon three customers who each account for at least 10% of our sales. We cannot be certain that these sales will continue; if they do not, our revenues will likely decline.

Although we sell to a large number of customers in a variety of markets, three of our customers each account for at least 10% of our sales. For the fiscal years ended December 31, 2004 and 2005, these customers accounted for approximately 9%, 7% and 11% of our 2004 sales and 14%, 11% and 10% of our 2005 sales. Although we have maintained good and longstanding relationships with these customers, we do not have any long-term contracts with them, each of whom orders only on a purchase order basis. The loss of any of these customers or a significant reduction in their orders would have a materially adverse effect on our revenues.

We are controlled by one of our existing shareholders, whose interests may differ from those of other shareholders.

Our largest shareholder beneficially owns or controls approximately 22.5% of our outstanding shares as of December 31, 2005. Accordingly, he has controlling influence in determining the outcome of any corporate transaction or other matters submitted to our shareholders for approval, including mergers, consolidations and the sale of all or substantially all of our assets, election of directors, and other significant corporate actions. He also has the power to prevent or cause a change in control. In addition, without the consent of this shareholder, we could be prevented from entering into transactions that could be beneficial to us. The interests of this shareholder may differ from the interests of our other shareholders.

We face significant competition from larger competitors.

The making and distribution of jewelry is a highly competitive industry characterized by the diversity and sophistication of the product. We compete with major domestic and international companies with substantially greater financial, technical and marketing resources and personnel than us. There can be no assurance other jewelry makers will not similarly develop low-cost, high-volume production capability or an even better process, providing greater competition for us and materially affecting our business prospects.

Table of Contents

There are numerous factors relating to the operations of our business that could adversely affect our success and results.

As a maker and merchandiser of low-cost, high-quality gem-set jewelry, our existing and future operations are and will be influenced by several factors, including:

technological developments in the mass production of jewelry;

our ability to meet the design and production requirements of our customers efficiently;

the market acceptance of our and our customers jewelry;

increases in expenses associated with continued sales growth;

our ability to control costs;

our management s ability to evaluate the public s taste and new orders to target satisfactory profit margins;

our capacity to develop and manage the introduction of new designed products; and

our ability to compete.

Quality control is also essential to our operations since customers demand compliance with design and product specifications and consistency of production. We cannot assure that revenue growth will occur on a quarterly or annual basis.

Our production facilities are located in China. Our results of operations and financial condition may, therefore, be influenced by the economic, political, legal and social conditions in China.

Since 1978, the Chinese government has been reforming, and is expected to continue to reform, China s economic and political systems. Such reforms have resulted in significant social progress. Other political, economic and social factors could also lead to further readjustment of the reform measures. This refinement and readjustment process may not always have a positive effect on our operations in China. At times, we may also be adversely affected by changes in policies of the Chinese government such as changes in laws and regulations or their interpretation, the introduction of additional measures to control inflation, changes in the rate or method of taxation and imposition of additional restrictions on currency conversion and remittances abroad.

Our products are currently made at our production facility located in Shenzhen, China. However, our insurance may not adequately cover any losses due to fire, casualty or theft.

We have obtained fire, casualty and theft insurance aggregating approximately \$37 million, covering several of our stock in trade, goods and merchandise, furniture and equipment and production facility in China. The proceeds of such insurance may not be sufficient to cover material damage to, or the loss of, our production facility due to fire, severe weather, flood or other cause, and such damage or loss would have a material adverse effect on our financial condition, business and prospects. Consistent with the customary practice among enterprises in

Table of Contents

China and due to the cost in relation to the benefit, we do not carry any business interruption insurance in China.

Sales of our jewelry to retailers are generally stronger during the quarter ending December 31 of each year due to the importance of the holiday selling season.

The approximately 31% of our sales during the fiscal year ended December 31, 2005 to our TV shopping channel customers was not seasonal in nature. It has been our management's experience that the remaining 69% of our total sales is seasonally sensitive and is greater during the quarter ending December 31 of each year.

Our holding company structure creates restrictions on the payment of dividends.

We have no direct business operations, other than the ownership of our subsidiaries. While we have no current intention of paying dividends, should we, as a holding company, decide in the future to do so, our ability to pay dividends and meet other obligations depends upon the receipt of dividends or other payments from our operating subsidiaries and other holdings and investments. In addition, our operating subsidiaries are subject to restrictions on their ability to make distributions to us, including as a result of restrictive covenants and minimum net worth requirements in loan agreements, restrictions on the conversion of local currency into US dollars or other hard currency and other regulatory restrictions.

It may be difficult to serve us with legal process or enforce judgments against us or our management.

We are a British Virgin Islands holding company, and substantially all of our assets are located in China and Hong Kong. In addition, all but one of our directors and officers are non-residents of the United States, and all or substantial portions of the assets of such non-residents are located outside the United States. As a result, it may not be possible to effect service of process within the United States upon such persons. Moreover, there is doubt as to whether the courts of the British Virgin Islands, China or Hong Kong would enforce:

judgments of United States courts against us, our directors or our officers based on the civil liability provisions of the securities laws of the United States or any state; or

in original actions brought in the British Virgin Islands, China or Hong Kong, liabilities against us or non-residents based upon the securities laws of the United States or any state.

Some information about us may be unavailable due to exemptions under the Exchange Act for a foreign private issuer.

We are a foreign private issuer within the meaning of the rules under the Exchange Act. As such, we are exempt from certain provisions applicable to United States public companies, including:

Table of Contents

the rules under the Exchange Act requiring the filing with the Securities and Exchange Commission of quarterly reports on Form 10-Q or current reports on Form 8-K;

the provisions of Regulation FD aimed at preventing issuers from making selective disclosures of material information;

the sections of the Exchange Act regulating the solicitation of proxies, consents or authorizations applicable to a security registered under the Exchange Act; and

the sections of the Exchange Act requiring insiders to file public reports of their stock ownership and trading activities and establishing insider liability for profits realized from any short-swing trading transaction.

Because of these exemptions, investors are not provided with the same information which is generally available about public companies organized in the United States.

Since we are a British Virgin Islands company, the rights of our shareholders may be more limited than those of shareholders of a company organized in the United States.

Under the laws of most jurisdictions in the United States, majority and controlling shareholders generally have certain fiduciary responsibilities to the minority shareholders. Shareholder action must be taken in good faith, and actions by controlling shareholders which are obviously unreasonable may be declared null and void. British Virgin Islands law protecting the interests of minority shareholders may not be as protective in all circumstances as the law protecting minority shareholders in US jurisdictions. In addition, the circumstances in which a shareholder of a BVI company may sue the company derivatively, and the procedures and defenses that may be available to the company, may result in the rights of shareholders of a BVI company being more limited than those of shareholders of a company organized in the US.

Furthermore, our directors have the power to take certain actions without shareholder approval which would require shareholder approval under the laws of most US jurisdictions. The directors of a BVI corporation, subject in certain cases to court approval but without shareholder approval, may implement a reorganization, merger or consolidation, the sale of any assets, property, part of the business, or securities of the corporation. Our ability to amend our Memorandum of Association and Articles of Association without shareholder approval could have the effect of delaying, deterring or preventing a change in our control without any further action by the shareholders, including a tender offer to purchase our common stock at a premium over then current market prices.

DESCRIPTION OF CAPITAL STOCK

Our authorized capital stock consists of 100,000,000 shares of common stock, \$0.01 par value. The following is a summary of the material provisions of the common stock contained in our Memorandum of Association and Articles of Association. For greater detail about our capital stock, please refer to our Memorandum of Association and Articles of Association.

Common stock

As of May 21, 2007, there were 21,264,339 shares of common stock issued and outstanding.

The holders of our common stock are entitled to one vote per share on all matters to be voted upon by the stockholders. The holders of common stock are entitled to receive ratably dividends, if any, as may be declared from time to time by the board of directors out of funds legally available for that purpose. In the event of our liquidation, dissolution or winding up, the holders of common stock are entitled to share ratably in all assets remaining after payment of liabilities. The common stock has no preemptive or conversion rights or other subscription rights. There are no redemption or sinking fund provisions applicable to the common stock. All outstanding shares of common stock are fully paid and nonassessable, and the shares of common stock to be issued upon the closing of this offering, if any, will be fully paid and nonassessable.

British Virgin Islands law and certain provisions of our Memorandum of Association and Articles of Association

Corporate Powers. We have been registered in the British Virgin Islands since January 30, 1997, under British Virgin Islands International Business Companies number 216796. Clause 4 of our Memorandum of Association states that the objects for which we are established are to engage in any businesses which are not prohibited by law in force in the British Virgin Islands.

Directors. A director who is materially interested in any transaction with us shall declare the material facts of and nature of his interest at the meeting of the Board of Directors. A director may vote or be counted as the quorum on any resolution of the Board in respect of any transaction in which he is materially interested. With the prior or subsequent approval by a resolution of directors, the directors may fix the emoluments of directors with respect to services to be rendered in any capacity to us. The directors may, by a resolution of directors, exercise all the powers of the Company to borrow money. There is no age limit requirement for retirement or non-retirement of directors. A director shall not require a share qualification.

Share Rights, Preferences and Restrictions. Our authorized share capital is US\$1 million divided into 100 million shares of par value US\$0.01 per share. All dividends unclaimed for three years after having been declared may be forfeited by resolution of the directors for our benefit. All shares vote as one class and each whole share has one vote. Directors stand for reelection on an annual basis. Cumulative voting for directors is not authorized. We may

Table of Contents

redeem any of our own shares for such fair value as we by a resolution of directors determine. All shares have the same rights with regard to dividends and distributions upon our liquidation.

Changing Share Rights. The rights of each class and series of shares that we are authorized to issue shall be fixed by the resolution of directors. If the authorized capital is divided into different classes, the rights attached to any class may be varied with the consent in writing of the holders of not less than three-fourths of the issued shares of that class and of the holders of not less than three-fourths of the issued shares of any other class which may be affected by such variation.

Shareholder Meetings. The directors may convene meetings of our members at such times and in such manner and places as the directors consider necessary or desirable. The directors shall convene such a meeting upon the written request of members holding 10 percent or more of our outstanding voting shares. At least seven days notice of the meeting shall be given to the members whose names appear on the share register.

Restrictions on Rights to Own Securities. There are no limitations on the rights to own our securities.

Change in Control Provisions. There are no provisions of our Memorandum of Association and Articles of Association that would have an effect of delaying, deferring or preventing a change in our control and that would have operate only with respect to a merger, acquisition or corporate restructuring involving us.

Disclosure of Share Ownership. There are no bylaw provisions governing the ownership threshold above which shareholder ownership must be disclosed.

Applicable Law. Under the laws of most jurisdictions in the US, majority and controlling shareholders generally have certain fiduciary responsibilities to the minority shareholders. Shareholder action must be taken in good faith and actions by controlling shareholders which are obviously unreasonable may be declared null and void. BVI law protecting the interests of minority shareholders may not be as protective in all circumstances as the law protecting minority shareholders in US jurisdictions.

While BVI law does permit a shareholder of a BVI company to sue its directors derivatively, that is, in the name of, and for the benefit of, our company and to sue a company and its directors for his benefit and for the benefit of others similarly situated, the circumstances in which any such action may be brought, and the procedures and defenses that may be available in respect of any such action, may result in the rights of shareholders of a BVI company being more limited than those of shareholders of a company organized in the US.

Our directors have the power to take certain actions without shareholder approval, including an amendment of our Memorandum of Association or Articles of Association or an increase or reduction in our authorized capital, which would require shareholder approval under the laws of most US jurisdictions. In addition, the directors of a BVI corporation, subject in certain cases to court approval but without shareholder approval, may, among other things,

Table of Contents

implement a reorganization, certain mergers or consolidations, the sale, transfer, exchange or disposition of any assets, property, part of the business, or securities of the corporation, or any combination, if they determine it is in the best interests of the corporation, its creditors, or its shareholders. Our ability to amend our Memorandum of Association and Articles of Association without shareholder approval could have the effect of delaying, deterring or preventing a change in our control without any further action by the shareholders, including a tender offer to purchase our common stock at a premium over then current market prices.

The International Business Companies Act of the British Virgin Islands permits the creation in our Memorandum and Articles of Association of staggered terms of directors, cumulative voting, shareholder approval of corporate matters by written consent, and the issuance of preferred shares. Currently, our Memorandum and Articles of Association only provide for shareholder approval of corporate matters by written consent, but not for staggered terms of directors, cumulative voting or the issuance of preferred shares.

As in most US jurisdictions, the board of directors of a BVI corporation is charged with the management of the affairs of the corporation. In most US jurisdictions, directors owe a fiduciary duty to the corporation and its shareholders, including a duty of care, under which directors must properly apprise themselves of all reasonably available information, and a duty of loyalty, under which they must protect the interests of the corporation and refrain from conduct that injures the corporation or its shareholders or that deprives the corporation or its shareholders of any profit or advantage. Many US jurisdictions have enacted various statutory provisions which permit the monetary liability of directors to be eliminated or limited.

Under BVI law, liability of a corporate director to the corporation is primarily limited to cases of willful malfeasance in the performance of his duties or to cases where the director has not acted honestly and in good faith and with a view to the best interests of the corporation. However, under our Articles of Association, we are authorized to indemnify any director or officer who is made or threatened to be made a party to a legal or administrative proceeding by virtue of being one of our directors or officers, provided such person acted honestly and in good faith and with a view to our best interests and, in the case of a criminal proceeding, such person had no reasonable cause to believe that his conduct was unlawful. Our Articles of Association also enable us to indemnify any director or officer who was successful in such a proceeding against expense and judgments, fines and amounts paid in settlement and reasonably incurred in connection with the proceeding.

The above description of certain differences between BVI and US corporate laws is only a summary and does not purport to be complete or to address every applicable aspect of such laws. However, we believe that all material differences are disclosed above.

Changes in Capital. Requirements to effect changes in capital are not more stringent than is required by law.

PART II

Information Not Required in the Prospectus

Item 8. Indemnification of Directors and Officers

As in most United States jurisdictions, the board of directors of a British Virgin Islands company is charged with the management and affairs of the company, and subject to any limitations to the contrary in the Memorandum of Association of the Company, the Board of Directors is entrusted with the power to manage the business and affairs of the Company. In most United States jurisdictions, directors owe a fiduciary duty to the company and its shareholders, including a duty of care, pursuant to which directors must properly apprise themselves of all reasonably available information, and a duty of loyalty, pursuant to which they must protect the interests of the company and refrain from conduct that injures the company or its shareholders or that deprives the company or its shareholders of any profit or advantage. Many United States jurisdictions have enacted various statutory provisions which permit the monetary liability of directors to be eliminated or limited.

Under British Virgin Islands law, liability of a director to the company is basically limited to cases of willful malfeasance in the performance of his duties or to cases where the director has not acted honestly and in good faith and with a view to the best interests of the company. However, under its Memorandum of Association, the Company is authorized to indemnify any person who is made or threatened to be made a party to a legal or administrative proceeding by virtue of being a director, officer or liquidator of the Company, provided such person acted honestly and in good faith and with a view to the best interests of the Company and, in the case of a criminal proceeding, such person had no reasonable cause to believe that his conduct was unlawful. The Company's Memorandum of Association also permits the Company to indemnify any director, officer or liquidator of the Company who was successful in any proceeding against expenses and judgments, fines and amounts paid in settlement and reasonably incurred in connection with the proceeding, where such person met the standard of conduct described in the preceding sentence.

The Company has provisions in its Memorandum of Association that insure or indemnify, to the full extent allowed by the laws of the Territory of the British Virgin Islands, directors, officers, employees, agents or persons serving in similar capacities in other enterprises at the request of the Company.

The Company has obtained a directors' and officers' liability insurance policy.

Item 10. Undertakings

(a) Rule 415 Offerings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) As a foreign private issuer, to file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Act need not be furnished, *provided* that the

Table of Contents

registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (a)(4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, with respect to registration statements on Form F-3, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Act or Section 210.3-19 of this chapter if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Form F-3.

(5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) If the registrant is relying on Rule 430B:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(ii) If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that

Table of Contents

was part of the registration statement or made in any such document immediately prior to such date of first use.

(6) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) Filings Incorporating Subsequent Exchange Act documents by reference.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Request for acceleration of effective date.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
