4

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

- In the opinion of management, the accompanying consolidated balance sheet and consolidated statements of income, shareholders' equity and cash flows contain all adjustments, consisting only of normal recurring adjustments necessary to present fairly the financial position of the Company as of October 27, 2001, and the results of operations and changes in cash flows for the six months then ended. Because of the seasonal nature of the Company's business, sales and earnings results for the six months ended October 27, 2001 are not necessarily indicative of what the results will be for the full year. The consolidated balance sheet as of April 28, 2001 included in this Form 10-Q was derived from the audited consolidated financial statements of the Company included in the Company's 2001 Annual Report on Form 10-K filed with the Securities and Exchange Commission. Reference should be made to the Company's Form 10-K for the year ended April 28, 2001.
- At each balance sheet date, management evaluates the carrying value and remaining estimated lives of long-lived assets, including intangible assets, for potential impairment by considering several factors, including management's plans for future operations, recent operating results, market

Edgar Filing: HANDLEMAN CO /MI/ - Form 10-Q

trends and other economic factors relating to the operation to which the assets apply. Recoverability of these assets is measured by a comparison of the carrying amount of such assets to the future undiscounted net cash flows expected to be generated by the assets. If such assets were deemed to be impaired as a result of this measurement, the impairment that would be recognized is measured by the amount by which the carrying amount of the assets exceed the fair value of the assets as determined on a discounted basis.

3. Statements of Financial Accounting Standards (SFAS) No. 141, "Business Combinations" and No. 142, "Goodwill and Other Intangible Assets" were approved by the Financial Accounting Standards Board effective June 30, 2001. SFAS No. 141 eliminates the pooling-of-interests method for business combinations initiated after June 30, 2001. SFAS No. 141 requires the use of the purchase method of accounting and provides criteria for the recognition of intangible assets separately from goodwill. SFAS No. 142 changes the accounting for goodwill and other intangible assets with indefinite lives from an amortization approach to a non-amortization (impairment) approach. SFAS No. 142 requires amortization of goodwill recorded in connection with previous business combinations to cease upon adoption of the Statement which is required for fiscal years beginning after December 15, 2001 (fiscal 2003 for the Company). The Company is currently evaluating the impact of the statements and has not yet determined what effect, if any, they might have on the consolidated financial position and results of operations of the Company.

In August 2001, SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" was approved by the Financial Accounting Standards Board. SFAS No. 144 supersedes FASB Statement No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of" and the accounting and

Notes to Consolidated Financial Statements (continued)

reporting provisions of Accounting Principles Board Opinion No. 30, "Reporting the Results of Operations - Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions." This standard applies to long-lived assets other than goodwill. It describes a probability-weighted cash flow estimation approach to deal with recovery of the carrying amount of long-lived assets such as property, plant and equipment. The provisions of this Statement are effective for financial statements issued for fiscal years beginning after December 15, 2001, and interim periods within those fiscal years, with early application encouraged. The Company has not yet determined the impact, if any, that this Statement will have on its consolidated financial position or results of operations.

4. The Company operates in two business segments: Handleman Entertainment Resources ("H.E.R.") is responsible for music category management and distribution operations, and North Coast Entertainment ("NCE") is responsible for the Company's proprietary operations, which include music, video and licensing operations.

The accounting policies of the segments are the same as those described in Note 1, "Accounting Policies," contained in the Company's Form 10-K for the year ended April 28, 2001. Segment data includes intersegment revenues, as

Edgar Filing: HANDLEMAN CO /MI/ - Form 10-Q

well as a charge allocating corporate costs to the operating segments. The Company evaluates performance of its segments and allocates resources to them based on income before interest, income taxes and minority interest ("segment income").

The tables below present information about reported segments for the three months ended October 27, 2001 and October 28, 2000 (in thousands of dollars):

Three Months Ended October 27, 2001:	H.E.R. -----	NCE ---	Total -----
Revenues, external customers	\$315,589	\$39,546	\$355,135
Intersegment revenues	--	6,493	6,493
Segment income	23,037	2,581	25,618
Capital expenditures	12,971	1,208	14,179
Three Months Ended October 28, 2000:	H.E.R. -----	NCE ---	Total -----
Revenues, external customers	\$255,154	\$42,439	\$297,593
Intersegment revenues	--	4,174	4,174
Segment income	17,853	6,300	24,153
Capital expenditures	8,334	246	8,580

A reconciliation of total segment revenues to consolidated revenues and total segment income to total consolidated income before income taxes and minority interest, for the three months ended October 27, 2001 and October 28, 2000 is as follows (in thousands of dollars):

6

Notes to Consolidated Financial Statements (continued)

	=====	=====	=====	=====

Handleman Company
Management's Discussion and Analysis of
Financial Condition and Results of Operations

Revenues for the second quarter of fiscal 2002, which ended October 27, 2001, increased 19% to \$355.2 million from \$297.6 million for the second quarter of fiscal 2001, which ended October 28, 2000. Net income for the second quarter of fiscal 2002 was \$15.7 million or \$.58 per diluted share, compared to \$14.1 million or \$.51 per diluted share for the second quarter of fiscal 2001.

Revenues for the first six months of fiscal 2002 increased 17% to \$616.3 million from \$529.0 million for the first six months of fiscal 2001. Net income for the first six months of this year was \$17.8 million or \$.66 per diluted share, compared to \$15.9 million or \$.57 per diluted share for the comparable period of the prior year.

The Company has two business segments: Handleman Entertainment Resources ("H.E.R.") and North Coast Entertainment ("NCE"). H.E.R. consists of music category management and distribution operations principally in North America and the United Kingdom. NCE encompasses the Company's proprietary operations which

Edgar Filing: HANDLEMAN CO /MI/ - Form 10-Q

include music, video and licensing operations.

H.E.R. net sales were \$315.6 million for the second quarter of fiscal 2002, compared to \$255.2 million for the second quarter of fiscal 2001, an increase of 24%. This increase in net sales was due to higher sales volume in the United States and the United Kingdom. Increased sales within H.E.R. United States operations, which accounted for approximately 59% of the total sales increase, was principally due to higher sales to key accounts; increased sales at Handleman UK Limited accounted for approximately 41% of the total sales increase and was mainly due to the commencement of category management, distribution and service to a new customer within the United Kingdom.

H.E.R. net sales for the first six months of this year increased 20% to \$555.0 million from \$462.9 million for the first six months of last year. This increase in net sales for the six-month period was attributable to higher sales volume by H.E.R. United States operations, which accounted for approximately 53% of the total sales increase, with the remaining 47% of the total sales increase primarily attributable to higher sales volume at Handleman UK Limited.

NCE net sales for the second quarter of fiscal 2002 were \$46.0 million, down slightly from \$46.6 million for the second quarter of fiscal 2001. NCE net sales for the first six months of this year totaled \$71.4 million, compared to \$70.8 million for the first six months of last year.

Consolidated direct product costs as a percentage of revenues was 75.7% for the second quarter ended October 27, 2001, compared to 73.3% for the second quarter ended October 28, 2000. Consolidated direct product costs, as a percentage of revenues was 76.1% for the first six months of fiscal 2002, compared to 74.0% for the first six months of fiscal 2001. Direct product costs as a percentage of revenues, for both the second quarter and six-month period this year, were consistent with the direct product costs percentages achieved in the first quarter of this year, as well as the last half of fiscal 2001.

9

Consolidated selling, general and administrative ("SG&A") expenses were \$60.6 million or 17.1% of revenues for the second quarter of fiscal 2002, compared to \$55.0 million or 18.5% of revenues for the second quarter of fiscal 2001. Despite a 19% increase in Company revenues in the second quarter of this year versus last year, SG&A expenses during this period only increased 10%, primarily due to the Company's ongoing focus on expense control. Consolidated SG&A expenses for the first six months of this year were \$114.8 million or 18.6% of revenues, compared to \$109.2 million or 20.6% of revenues for the first six months of last year.

Income before interest, income taxes and minority interest ("operating income") for the second quarter of fiscal 2002 was \$25.9 million, compared to \$24.4 million for the second quarter of fiscal 2001. Operating income for the first six months of fiscal 2002 was \$32.4 million, compared to \$28.2 million for the first six months of fiscal 2001.

H.E.R. operating income increased 28% to \$23.0 million for the second quarter of this year from \$17.9 million for the second quarter of last year. H.E.R. operating income increased to \$33.3 million for the first six months of this year from \$23.8 million for the comparable six-month period last year. These increases in H.E.R. operating income were primarily due to greater sales within the United States. NCE operating income was \$2.6 million for the second quarter of this year, compared to \$6.3 million for the second quarter of last year. The NCE operating loss for the first six months of this year was \$1.5 million,

Edgar Filing: HANDLEMAN CO /MI/ - Form 10-Q

compared to operating income of \$3.9 million for the first six months of last year. These decreases in NCE operating income mainly resulted from lower sales at its Madacy Entertainment Group business unit.

Interest expense, net for the second quarter of fiscal 2002 was \$1.3 million, compared to \$0.7 million for the second quarter of fiscal 2001. Interest expense, net for the six months ended October 27, 2001 was \$2.2 million, compared to \$1.6 million for the six months ended October 28, 2000. This increase in interest expense, net, for both the second quarter and six-month period, was due to increased borrowings in the second quarter of this year required to support the Company's growth.

On August 8, 2001, the Company replaced its \$150 million revolving credit facility with an unsecured \$170 million line of credit, arranged with a consortium of banks. This new agreement expires in August 2004. Management believes that with this new credit facility and with cash provided from operations, the Company will have sufficient liquidity to fund day-to-day operations including seasonal increases in working capital.

Accounts receivable increased to \$373.0 million at October 27, 2001 from \$265.3 million at April 28, 2001. This increase reflects the higher sales volume in the second quarter of this year versus the fourth quarter of last year, coupled with the timing of shipments of new releases by top artists in the latter part of the second quarter of this year.

10

Merchandise inventories at October 27, 2001 was \$180.2 million, compared to \$113.3 million at April 28, 2001. This increase was primarily due to higher inventory purchases in preparation for the upcoming holiday season and to support numerous new releases by top artists which were to be shipped subsequent to October 27, 2001.

Property, plant and equipment, net at October 27, 2001 was \$63.8 million, compared to \$56.9 million at April 28, 2001. This increase was mainly due to the purchase of new store displays for certain customers.

Accounts payable increased to \$272.4 million at October 27, 2001 from \$209.8 million at April 28, 2001. This increase chiefly resulted from higher inventory purchases in the second quarter of fiscal 2002, compared to the fourth quarter of fiscal 2001 as mentioned above.

Accrued and other liabilities at October 27, 2001 was \$36.6 million, compared to \$44.8 million at April 28, 2001. This decrease was essentially due to the timing of payments related to accrued compensation and accrued royalties.

Debt, non-current at October 27, 2001 was \$141.7 million, compared to \$53.0 million at April 28, 2001. This increase was primarily due to the investment in working capital required to support the Company's growth.

During the second quarter of this year, the Company repurchased 225,900 shares of its common stock at an average price of \$12.76; these shares were repurchased as part of the share repurchase program announced in December 2000.

The Company continues to see improvements in operating efficiencies, as evidenced by lower customer returns and reduced SG&A expenses as a percentage of revenues. The Company will continue to invest in its growth initiatives, which include new and enhanced Channel of Choice functionality, as well as its e-commerce business. The Company's performance in the third quarter of fiscal

Edgar Filing: HANDLEMAN CO /MI/ - Form 10-Q

2002 will depend on the success of new music releases by top artists to be shipped during this quarter, the extent of customer returns in January 2002, as well as the performance of overall retail segment and music industry sales during the holiday season. With the foregoing caveats, the Company expects revenues in the third quarter of fiscal 2002 to increase in the low to mid teens, as a percent, over the third quarter of fiscal 2001. Management believes direct product costs as a percentage of revenues in the third quarter of this year will be in line with, or marginally less than, that of the third quarter of last year. Management also expects that SG&A expenses as a percentage of revenues will continue to show modest improvement on a quarter-to-quarter basis, consistent with the results achieved during the first six months of this fiscal year. Accordingly, the Company anticipates that pretax income for the third quarter of this year should improve in the low single digits, as a percent, over the comparable quarter last year. The Company estimates that the overall effective tax rate for the third quarter of fiscal 2002 will be in the 34-36% range, compared to an effective tax rate of 28% in the third quarter of last year. As a result, management believes net income and earnings per share for the third quarter of this year will be flat when compared to the third quarter of last year due to the low tax rate in the third quarter of last year.

This document contains forward-looking statements that are not historical facts and involve risk and uncertainties. Actual results, events and performance could differ materially from those contemplated by these forward-looking statements, including, without limitations, conditions in the music industry, ability to enter into profitable agreements with customers in the new businesses outlined in the Company's strategic growth plan, securing funding or providing sufficient cash required to build and grow the new businesses, customer requirements, continuation of satisfactory relationships with existing customers and suppliers, nature and extent of new product releases, retail environment, effects of electronic commerce, relationships with the Company's lenders, pricing and competitive pressures, the occurrence of catastrophic events or acts of terrorism, certain global and regional economic conditions, and other factors discussed in this Form 10-Q and those detailed from time to time in the Company's other filings with the Securities and Exchange Commission. The Company undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date of this document. Additional information that could cause actual results to differ materially from any forward-looking statements may be contained in the Company's Annual Report on Form 10-K.
