ANNUAL MEETING OF SHAREHOLDERS

PROXY STATEMENT

This proxy statement contains information related to our annual meeting of shareholders to be held on Thursday, June 26, 2003, beginning at 10:00 a.m. local time, at our corporate offices located at 2630 South Harbor Boulevard, Santa Ana, California 92704 and at any adjournments or postponements thereof. The purpose of this proxy statement is to solicit proxies from the holders of our common stock for use at the meeting. The approximate date that this proxy statement, the accompanying notice of annual meeting, and the enclosed form of proxy are being sent to shareholders is on or about May 27, 2003. You should review this information in conjunction with our 2002 Annual Report to Shareholders, which accompanies this proxy statement.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At the annual meeting, shareholders will vote on the election of directors. In addition, our management will report on our performance during 2002 and respond to questions from our shareholders.

Who is entitled to vote at the meeting?

Only shareholders of record at the close of business on the record date, May 14, 2003, are entitled to receive notice of the annual meeting and to vote the shares of our common stock that they held on that date at the meeting, or any postponements or adjournments of the meeting. Each outstanding share of common stock entitles its holder to cast one vote on each matter to be voted upon.

Who may attend the meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend the meeting. Please note that if you hold shares in "street name" (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of all of the shares of common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, 39,860,627 shares of our common stock were outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting but will not be counted as votes cast "for" or "against" any given matter.

If less than a majority of the outstanding shares of common stock entitled to vote are represented at the meeting, a majority of the shares present at the meeting may adjourn the meeting to another date, time, or place, and notice need not be given of the new date, time, or place if the new date, time, or place is announced at the meeting before an adjournment is taken.

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to us, it will be voted as you direct. If you are a registered shareholder and attend the meeting, you may deliver your

completed proxy card in person. "Street name" shareholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with us either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of our board of directors. Each of the board's recommendations is set forth together with the description of each item in this proxy statement. In summary, the board recommends a vote for election of its nominees for directors.

Our board of directors does not know of any other matters that may be brought before the meeting nor does it foresee or have reason to believe that the proxy holders will have to vote for substitute or alternate board nominees for directors. In the event that any other matter should properly come before the meeting or any nominee for director is not available for election, the proxy holders will vote as recommended by the board of directors or, if no recommendation is given, in accordance with their best judgment.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast at the meeting by each holder of common stock (either in person or by proxy) is required for the election of directors. A properly executed proxy marked "WITHHOLD AUTHORITY" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Shareholders do not have the right to cumulate their votes for directors.

Other Items. For each other item, the affirmative vote of a majority of the votes cast at the meeting by each holder of common stock (either in person or by proxy) will be required for approval. A properly executed proxy marked "ABSTAIN" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

What are the effects of "broker non-votes"?

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters. Shares represented by these "broker non-votes" will, however, be counted in determining whether there is a quorum. As a result, "broker non-votes" will have the effect of a negative vote on some matters.

Who will pay for the preparation of the proxy?

We will pay the cost of preparing, assembling, and mailing the proxy statement, notice of meeting, and enclosed proxy card. In addition to the use of mail, our employees may solicit proxies personally and by telephone. Our employees will receive no compensation for soliciting proxies other than their regular salaries. We may request banks, brokers, and other custodians, nominees, and fiduciaries to

forward copies of the proxy material to the beneficial owners of our common stock and to request authority for the execution of proxies and we may reimburse such persons for their expenses incurred in connection with these activities.

Our principal executive offices are located at 2630 S. Harbor Blvd., Santa Ana, California 92704 and our telephone number is (714) 327-3000. A list of shareholders entitled to vote at the annual meeting will be available at our offices for a period of 10 days prior to the meeting and at the meeting itself for examination by any shareholder.

ELECTION OF DIRECTORS

Directors and Nominees

Our board of directors is divided into three classes with each class of directors serving for a three-year term or until successors of that class have been elected and qualified. At the annual meeting, our shareholders will elect three class II directors, each of whom will serve a term expiring at the 2006 annual meeting, or until his successor has been duly elected and qualified.

Our board of directors has no reason to believe that any nominee will refuse to act or be unable to accept election. However, if any of them is unable to accept election or if any other unforeseen contingencies should arise, our board of directors may designate a substitute nominee. If

Edgar Filing: TTM TECHNOLOGIES INC - Form DEF 14A

our board of directors designates a substitute nominee, the persons named as proxies will vote for the substitute nominee designated by our board of directors.

Our board of directors has nominated Jeffrey W. Goettman, Michael E. Moran, and John G. Mayer, each of whom are currently serving as directors, to stand for re-election. If elected, Messrs. Goettman, Moran, and Mayer will serve as class III directors for a three-year term expiring at the 2006 annual meeting. Meetings and Committee of the Board of Directors

Our board of directors held seven meetings during the fiscal year ended December 31, 2002 and also took action by written consent. All of our directors attended more than 75% of the aggregate of (i) total number of meetings of the board of directors held during fiscal year 2002, and (ii) the total number of meetings held by all committees of our board of directors on which such person served during fiscal year 2002.

Our board of directors has established two standing committees: an audit committee and a compensation committee. We do not have a nominating committee. The audit committee reviews and monitors our corporate financial reporting and our external audits, including, among other things, our control functions, the results and scope of the annual audit and other services provided by our independent auditors, and our compliance with legal requirements that have a significant impact on our financial reports. The audit committee also consults with our management and our independent auditors regarding the preparation of financial statements and, as appropriate, initiates inquiries into aspects of our financial affairs. In addition, the audit committee has the responsibility to consider and recommend the appointment of, and to review fee arrangements with, our independent auditors. The current members of the audit committee are Messrs. Bass, Beck, and Mayer. The audit committee held seven meetings in fiscal year 2002.

The compensation committee provides a general review of our compensation and benefit plans to ensure that they meet corporate objectives. In addition, the compensation committee reviews the chief executive officer's recommendations on compensation of our officers and adopting and changing major compensation policies and practices, and reports its recommendations to the whole board of directors for approval and authorization. The compensation committee administers our stock plans and is comprised of Messrs. Goettman, Mayer, and Moran. The compensation committee held one meeting and took action by written consent in fiscal year 2002.

Director Compensation and Other Information

Our non-employee directors receive the following compensation: an annual cash retainer of \$15,000 to attend four in-person board meetings per year, a \$500 payment per meeting, a \$1,000 payment for each audit committee meeting, \$500 per year for serving as a committee chairman, and reimbursement of expenses relating to the board meetings. Non-employee directors are also paid \$5,000 per director for attending any "special" committee set up to represent the interests of the minority shareholders.

Upon election, each non-employee director receives an option to purchase 20,000 shares of our common stock. At each annual meeting of shareholders, each non-employee director, who has served as a director for the previous six months, receives an option to purchase 4,000 shares of our common stock. The options provided to the non-employee directors expire on the grant date's tenth anniversary. The initial director option grants vest over a five-year period, and the annual director option grants cliff vest on the fifth anniversary of the grant date.

- (1) Represents options to purchase shares of our common stock. Generally, the options become exercisable for 20% of the underlying shares on the first anniversary of the date of grant and for the balance in equal annual installments over the four-year period thereafter, so long as the named executive remains employed by us or one of our subsidiaries. To the extent they are not already exercisable, the options generally become fully exercisable if we are liquidated or dissolved, upon a sale or other disposition of all or substantially all of our assets, or a merger or consolidation after which our existing shareholders cease to hold more than 50% of the voting power of the resulting entity. In addition, the compensation committee of our board of directors may, in its discretion, accelerate the date on which any option may be exercised, and may accelerate the vesting of any shares subject to any option.
- (2) The percentages above are based on an aggregate of 650,000 shares subject to options we granted to employees in the year ended December 31, 2002.
- (3) Potential realizable value assumes that the stock price increases from the date of the grant until the end of the option term (10 years) at the annual rate specified (5% and 10%). The 5% and 10% assumed annual rates of appreciation are mandated by SEC rules and do not represent our estimate or projection of the future price of our common stock. We do not believe that this method accurately illustrates the potential value of a stock option.

- (1) The closing sale price per share for our common stock as reported by the Nasdaq National Market on December 31, 2002, was \$3.30. The option value is calculated by multiplying (a) the positive difference, if any, between \$3.30 and the option exercise price by (b) the number of shares of common stock underlying the option.

Employment Agreements and Change of Control Arrangements

We have entered into the following employment and change in control arrangements and agreements with our current executive officers.

Edgar Filing: TTM TECHNOLOGIES INC - Form DEF 14A

Kenton K. Alder. On August 3, 2000, we entered into an employment agreement with Kenton Alder, our President and Chief Executive Officer. The agreement terminates on August 3, 2003, unless earlier terminated by Mr. Alder or us. During his employment, Mr. Alder will receive a base salary of \$250,000 per year subject to adjustment by our board from time to time. In addition, Mr. Alder is entitled to participate in any medical, incentive compensation, life insurance, and fringe benefits plans and programs in effect from time to time.

In the event we terminate Mr. Alder's employment without cause or Mr. Alder resigns for good reason at any time prior to a change in control or more than one year following a change in control, Mr. Alder is entitled to continuation of his base salary for twelve months. In addition, if we terminate Mr. Alder's employment without cause, and, within 60 days following his date of termination, we consummate a change in control, Mr. Alder will be entitled to an additional lump-sum severance payment in an amount that when added to his salary continuation equals \$375,000. If, within one year following a change in control, we terminate Mr. Alder's employment without cause, or Mr. Alder resigns for good reason, Mr. Alder is entitled to lump-sum severance payment of \$375,000. Good reason generally includes a materially adverse alteration in Mr. Alder's nature or status, a reduction in his salary or benefits, and a failure to have a successor corporation assume the agreement.

During the term of his employment and for two years thereafter, Mr. Alder has agreed to keep all confidential information that he obtains as a result of his employment in confidence. In addition, any information that qualifies as a trade secret will remain confidential until it no longer qualifies as such. During his employment and for a period of 12 months thereafter, Mr. Alder is also prohibited from competing with us anywhere in the world, soliciting our employees, and interfering with our customers and other business relations.

Stacey M. Peterson. In February 2000, we entered into a letter agreement with Stacey M. Peterson, our Chief Financial Officer. Pursuant to the agreement, Ms. Peterson receives an annual salary of

11

\$160,000 per year subject to adjustment by our board from time to time. In addition, Ms. Peterson is eligible to participate in our incentive cash compensation plan with a bonus of up to 50% of her base salary. In addition, Ms. Peterson received options to purchase 125,400 shares of our common stock at an exercise price of \$2.63 per share under our management stock option plan. Fifty percent of these options cliff vest on the eighth anniversary of the date of grant and the remaining 50% vest ratably over five years beginning on the first anniversary of the date of grant. If Ms. Peterson is terminated without cause, she will receive salary continuation for six months.

Incentive Plans

Cash Incentive Compensation Plan

Effective January 1, 2000, we established a cash incentive compensation plan to provide a means of retaining and attracting capable employees and increasing the incentive to key employees to maximize the value of our company. Eligible employees receive a portion of a bonus pool, determined by our board of directors and equal to a percentage of our earnings before interest, taxes and amortization, or EBITA, as defined in the plan. The bonus pool percentage ranges from 1.0% to 5.0% of our EBITA, and is based upon achieving target levels of EBITA. The term of the agreement is for a one-year period with the bonuses payable no later than March 15th of the succeeding year. Upon a participant's termination of employment without cause or resignation for good reason, the participant will be entitled to a pro rata portion of the bonus for the year in which employment is terminated. Upon a termination for cause or a resignation without good reason, participants forfeit all rights to receive their cash incentive bonus.

Amended and Restated Management Stock Option Plan

Our Amended and Restated Management Stock Option Plan was initially approved by our board of directors and our shareholders in December 1998 and was most recently amended in June 2000. We have initially reserved 4,000,000 shares of common stock for issuance under this plan, however this amount will be increased on January 1st of each of calendar years 2001, 2002, 2003, and 2004, commencing January 1, 2001, in an amount equal to the lowest of:

400,000 shares;

one percent of our outstanding shares of common stock on the last day of the prior fiscal year; or

a lesser amount determined by our board of directors.

As a result of these annual increases, a maximum of 5,547,158 shares could be issued over the remaining eight-year life of this plan. As of December 31, 2002, options to purchase 2,880,868 shares of our common stock were outstanding.

Administration. The management stock option plan is administered by our board of directors or by the compensation committee of our board, both of which have the full authority to interpret and construe the plan and all awards granted thereunder.

Stock Options. The plan provides for the grant of both incentive stock options under Section 422 of the Internal Revenue Code and non-statutory stock options to our employees and consultants and those of our majority-owned subsidiaries. The board of directors has the discretion to determine the exercise price of options granted under our management stock option plan which is generally equal to the fair market value of our common stock on the date of grant. The exercise price of incentive stock options may not be less than 100% of the fair market value of our common stock on the date of grant, or 110% in the case of incentive stock options granted to individuals who own more than 10% of our common stock.

12

Generally, 50% of the options granted under the management stock option plan prior to our initial public offering were categorized as A options and the remaining 50% as B options. B options vest ratably over five years beginning on the first anniversary of the date of grant. However, our board or the compensation committee may elect to grant only one type of option. Upon the successful completion of our initial public offering, each optionee received one year's credited service towards the vesting of their B options. A options generally cliff-vest on the eighth anniversary of the date of grant. However, upon the occurrence of specified events, including a sale of shares by our majority shareholders or a merger, a portion of the A options will vest based upon the annual rate of return of our common stock. Following the completion of our initial public offering we have only issued B options, and we do not intend to issue A options in the future.

Upon an optionee's termination of employment without cause, the optionee will vest in a prorated portion of the B options that would have vested had the optionee remained employed until the next anniversary of the date of grant. The effect of a termination of employment without cause on the A options varies based upon when the optionee is terminated: (i) if the termination occurs more than 18 months prior to the eighth anniversary of the date of grant, all unvested options will remain outstanding and subject to acceleration for nine months; (ii) if the date of termination occurs between six months and 18 months prior to the eighth anniversary of the date of grant, then 50% of the A options will vest; and (iii) if the date of termination occurs less than six months prior to the eighth anniversary of the date of grant, then 100% of the A options will vest. If an optionee's employment is terminated without cause within one year following a change in control, 100% of the B options will vest and a portion of the A options that did not vest upon consummation of the change in control will vest. Both A and B options generally remain exercisable for 90 days following an optionee's termination of employment.

Call Right. During the 180-day period following a participant's termination of employment for any reason, we have a right to purchase any vested options or shares of common stock acquired upon exercise of options owned by a participant or any permitted transferee. The purchase price paid for such options will be the difference between the then fair market value and the exercise price and the purchase price for any shares shall be the fair market value of the common stock on the date of purchase. In the event a participant's employment is terminated for cause, the purchase price will be the lesser of the fair market value on the date of purchase and the exercise price.

Amendment and Termination. Options granted under the management stock option plan expire on the tenth anniversary of the date of grant. The compensation committee may amend or terminate the plan at any time provided that (i) no such amendment adversely affects an optionee's rights under an existing option, and (ii) no amendment may be made if, under applicable law, shareholder approval is required, unless the committee obtains such shareholder approval. Unless terminated earlier, the management stock option plan will terminate on December 11, 2008.

2000 Equity Compensation Plan

In September 2000, we adopted a new equity compensation plan. The purpose of the equity compensation plan is to attract, motivate, and retain officers, employees, and consultants and reward such individuals for their contribution to our success. The plan provides for the grant of a variety of equity-based awards including, without limitation, stock options, incentive stock options, restricted stock, stock awards, and stock appreciation rights. Awards under the plan may constitute "qualified performance-based compensation" as defined in Section 162(m) of the Internal Revenue Code. We have initially reserved 2,000,000 shares of common stock for issuance under this plan, however this amount will be increased on January 1st of each of calendar years 2001, 2002, 2003, and 2004, commencing January 1, 2001, in an amount equal to the lowest of:

400,000 shares;

13

one percent of our outstanding shares of common stock on the last day of the prior fiscal year; or

a lesser amount determined by our board of directors.

As a result of these annual increases, a maximum of 3,547,158 shares could be issued over the remaining 10-year life of this plan.

Awards Granted. In connection with our initial public offering in September 2000, we granted our employees an aggregate of 70,832 shares. The stock awards were fully vested as of the date of grant. No other awards have been granted under our 2000 Equity Compensation Plan.

Administration Of The Plan. The plan is administered by our compensation committee, which has the authority to:

select the individuals who will receive awards, the type of awards granted, the number of shares of our common stock underlying each award and, subject to the provisions of the plan, the terms and conditions of such award;

construe the plan and any award documents delivered to participants under the plan; and

prescribe, amend, and rescind rules and procedures relating to the plan.

The compensation committee may delegate to one or more of our officers some or all of its authority under the plan. However, the compensation committee may not delegate its authority to (i) grant stock options or other awards under the plan to our officers who are required to file reports of their beneficial ownership of our stock under Section 16 of the Securities Exchange Act of 1934, or (ii) to make awards that are intended to constitute "qualified performance-based compensation" under Section 162(m) of the Code.

Options. Stock options granted under the plan may be either "incentive stock options" within the meaning of Section 422 of the Internal Revenue Code or nonqualified stock options. All terms of stock options including exercise price, vesting, and the term of the option will be determined by the compensation committee. However, incentive stock options must have an exercise price equal to 100% of the fair market value of our common stock on the date of grant (110% of the fair market value in the case of 10% shareholders).

Stock Appreciation Rights. Stock appreciation rights allow a participant to receive, upon exercise, an amount in cash (or shares of our common stock) equal to the excess of the fair market value of our common stock on the date of exercise over the fair market value on the date of grant. Stock appreciation rights may be granted alone or in tandem with another award. If granted in tandem with an option, stock appreciation rights will cover an equal or lesser number of shares as are covered by the option, will be exercisable at the same time or times and to the extent as the related stock option, and will have the same terms and exercise price as the related stock option. Upon exercise of a stock appreciation right granted in tandem with an option, the related option will be cancelled automatically to the extent of the number of shares covered by the exercise. Likewise, upon exercise of a stock option, the tandem stock appreciation right associated with the option will be cancelled.

Performance Awards. Performance awards are conditioned upon the achievement of certain targets during a specified performance period established by the compensation committee. Any performance awards will be made in compliance with the provisions of Section 162(m) of the Internal Revenue Code. Performance awards may be settled in cash, common stock, or a combination thereof. The maximum aggregate value of the cash and other property payable to a participant during any twelve-month performance period is \$5.0 million. This limit will be proportionately adjusted up or down if the performance period is more than or less than 12 months.

14

Edgar Filing: TTM TECHNOLOGIES INC - Form DEF 14A

Stock Awards. The compensation committee may grant shares of our common stock to participants for no consideration other than the provision of services. Stock awards may also be granted in lieu of other compensation or benefits payable. The shares of common stock underlying the stock awards will be subject to the vesting conditions, restrictions on transfer, or other incidents of ownership determined by the compensation committee and provided in the award agreement. The share certificates representing the shares granted to the participant will be registered in the name of the participants but held by us. We may take any actions we deem necessary to restrict the transfer of unvested restricted stock. Other than these restrictions on transfer and other restrictions as determined by the compensation committee and provided in the award agreement, a participant who is granted a stock award will have the rights of a shareholder, including the rights to receive dividends and to vote.

Restricted Stock Units. Restricted stock units represent the right to receive one share of common stock subject to the terms and conditions established by the compensation committee and provided in the award certificate. The restricted stock units are payable in common stock, cash, or other property elected by the compensation committee having a value equal to the fair market value of our common stock on the date of settlement.

Transferability Of Awards. Awards granted under the 2000 Equity Compensation Plan are generally not transferable by the participant and, during the lifetime of a participant, are only exercisable by the participant.

Amendment And Termination. Unless terminated sooner, the 2000 Equity Compensation Plan will terminate automatically on the tenth anniversary of the effective date. The compensation committee may at any time amend or terminate the plan or any related document, except that the committee may not make any amendments that would require shareholder approval without obtaining such shareholder approval.

401(K) Plan

We and our subsidiaries each sponsor a defined contribution plan intended to qualify under Section 401 of the Internal Revenue Code, or a 401(k) plan. All non-union employees who have completed at least one year of service are eligible to participate in the plan. Participants may elect to make pre-tax contributions to the plan of up to 15% of their eligible earnings, subject to a statutorily prescribed annual limit. Participants are fully vested in their contributions and the investment earnings. At our discretion, we make matching contributions to the 401(k) plan based upon employee contributions and profit sharing as provided for in the plan. Contributions by the participants to the 401(k) plan, and the income earned on these contributions, are generally not taxable to the participants until withdrawn.

Report of the Compensation Committee

The following Report on Executive Compensation and the Report of the Audit Committee and performance graph included elsewhere in this proxy statement do not constitute soliciting material and should not be deemed filed or incorporated by reference in any other filing of ours under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that we specifically incorporate this Report or the

performance graph by reference therein.

Under rules established by the Securities and Exchange Commission, we are required to provide a report explaining the rationale and considerations that led to fundamental compensation decisions affecting our executive officers (including the executive officers named in the Summary Compensation Table above) during the past fiscal year. The report of our compensation committee is set forth below.

Kenton K. Alder became our President and Chief Executive Officer in March 1999. In August 2000, the compensation committee approved a three-year employment agreement with Mr. Alder that provides for a base salary of \$250,000 (subject to adjustment by our board), which the committee believes to be consistent with industry parameters. The employment agreement also provides customary benefits. Mr. Alder did not receive a bonus for 2002. The compensation committee believes that the attributes of Mr. Alder's compensation provide appropriate performance-based incentives.

The compensation committee's general philosophy with respect to the compensation of our other executive officers has been to recommend competitive compensation programs designed to attract and retain key executives critical to our long-term success and to recognize an individual's contribution and personal performance. None of our executive officers received a bonus for 2002. In addition, we maintain stock option plans designed to attract and retain executive officers and other employees and to reward them for delivering long-term value to us. Pursuant to these plans, in 2002 the compensation committee approved fair market value option grants to certain executive officers.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a federal income tax deduction to public companies for certain compensation in excess of \$1 million paid to a corporation's chief executive officer or any of its four other most highly compensated executive officers. Qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. We have structured our equity-based compensation plans (i.e., obtained shareholder approval of plans) to qualify the compensation income deemed to be received upon the exercise of stock options granted under the plans as performance-based compensation. The

16

compensation committee intends to review the potential effects of Section 162(m) periodically and in the future may decide to structure additional portions of our compensation programs in a manner designed to permit unlimited deductibility for federal income tax purposes. We are not currently subject to the limitations of Section 162(m) because none of our executive officers received cash payments from us during 2002 in excess of \$1 million.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended December 31, 2002, our compensation committee consisted of Messrs. Goettman, Mayer, and Moran. None of these individuals had any contractual or other relationships with us during such fiscal year except as directors. No interlocking relationship exists between any member of our compensation committee and any member of any other company's board of directors or compensation committee.

Report of the Audit Committee

The board of directors has appointed an audit committee consisting of three directors. All members of the audit committee are able to read and understand fundamental financial statements, including our balance sheet, income statement, and cash flow statement. At least one member of the audit committee has past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer, or other senior officer with financial oversight responsibility. Our board of directors has determined that Messrs. Bass, Beck, and Mayer are independent directors, as defined by Rule 4200(a)(14) of the NASD's listing standards.

The primary responsibility of the audit committee is to assist the company's board of directors in fulfilling its responsibility to oversee management's conduct of the company's financial reporting process, including overseeing the financial reports and other financial information provided by the company to governmental or regulatory bodies (such as the Securities and Exchange Commission), the public, and other users thereof; the company's systems of internal accounting and financial controls; and the annual independent audit of the company's financial statements.

Edgar Filing: TTM TECHNOLOGIES INC - Form DEF 14A

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditors are responsible for auditing the financial statements and expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles.

In fulfilling its oversight responsibilities, the audit committee reviewed the audited financial statements with management and the independent auditors. The audit committee discussed with the independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61. This included a discussion of the auditors' judgments as to the quality, not just the acceptability, of the company's accounting principles and such other matters as are required to be discussed with the audit committee under generally accepted auditing standards. In addition, the audit committee received from the independent auditors written disclosures and the letter required by Independence Standards Board Standard No. 1. The audit committee also discussed with the independent auditors the auditors' independence from management and the company, including the matters covered by the written disclosures and letter provided by the independent auditors.

17

The audit committee discussed with the company's independent auditors the overall scope and plans for their audits. The audit committee met with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the company, the internal controls, and the overall quality of the financial reporting. The audit committee held seven meetings during the fiscal year ended December 31, 2002.

Based on the reviews and discussions referred to above, the audit committee recommended to the board of directors, and the board of directors approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission.

The board of directors has adopted a written charter for the audit committee. We have reviewed the adequacy of the written charter and certify that it is in compliance with Rule 4350(d)(1) of the NASD's listing standards.

This report has been furnished by the audit committee to the company's board of directors.

PERFORMANCE GRAPH

The following graph compares, for the period from September 21, 2000 to December 31, 2002, the cumulative total shareholder return on our common stock against the cumulative total return of:

the Nasdaq Composite Index; and

18

a peer group consisting of us and four other publicly traded printed circuit board companies that we have selected.

The graph assumes \$100 was invested in our common stock on September 21, 2000, the date on which our common stock became registered under Section 12 of the Securities Exchange Act of 1934 as a result of our initial public offering, and an investment in each of the peer group and the Nasdaq Composite Index, and the reinvestment of all dividends. The companies included in the peer group were Viasystems Group, Inc. (NYSE: VG), Sanmina Corporation (Nasdaq NM: SANM), Merix Corporation (Nasdaq NM: MERX), and DDi Corp. (Nasdaq NM: DDIC).

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Persons or Entities Related to Our Directors

Four of our directors are principals in entities that control Circuit Holdings, our largest stockholder. Mr. Goettman, a director of TTM, is also a Managing Director of Thayer Capital Partners. Mr. McCormick, a director of TTM, is also a Vice President of Thayer Capital Partners. Thayer Capital Partners is affiliated with one of our shareholders, Thayer Equity Investors III, L.P., which owns approximately 31% of Circuit Holdings, and with another of our shareholders, Thayer Equity Investors IV, L.P., which owns approximately 28% of Circuit Holdings. Management Fees And Agreements

Upon consummation of our initial public offering, we entered into an amended, restated and consolidated management agreement with T.C. Management, L.L.C., T.C. Management IV, L.L.C., and Brockway & Moran Partners Management, L.P. The agreement provides that, in consideration for the value of the financial advisory services rendered by the entities in connection with certain capital-raising transactions, we will pay a financial advisory fee equal to 1.5% of the first \$50 million of the proceeds or value of any transaction with respect to which the three entities render financial advisory services to us, and 1% of any amount of proceeds or value in excess of \$50 million. The agreement further provides that our obligation to pay financial advisory fees will terminate if, immediately prior to the closing of any transaction in respect of which these three entities render financial advisory services, these entities and their affiliates, on a combined basis, own less than 25% of our outstanding voting equity securities. We believe this arrangement is on terms no less favorable to us than we could have obtained from third parties.

Edgar Filing: TTM TECHNOLOGIES INC - Form DEF 14A

We paid T.C. Management, T.C. Management IV and Brockway Moran & Partners Management a financial advisory fee of approximately \$258,000 in connection with our secondary offering in February 2002. We paid the entity approximately \$168,000 for these services in 2002.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

On May 14, 2002, we engaged the accounting firm of KPMG LLP as our new independent public accountants and dismissed Arthur Andersen LLP. The decision to change accounting firms was recommended and approved by the audit committee and our board of directors on May 10, 2002.

During the fiscal years ended December 31, 2001 and 2000 and the subsequent interim reporting periods from the last audit date of December 31, 2001, through and including the termination date of May 14, 2002, there were no disagreements with Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure, accounting scope or procedure, or any reportable events.

The report of Arthur Andersen LLP on our financial statements for the fiscal years ended December 31, 2001 and 2000 contained no adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope, or accounting principles.

We requested Arthur Andersen LLP to furnish a letter addressed to the Securities and Exchange Commission ("SEC") stating whether or not it agreed with the above statements. A copy of this letter addressed to the SEC, dated May 14, 2002, was filed as Exhibit 16 to our Current Report on Form 8-K filed with the SEC on May 17, 2002.

We engaged KPMG LLP as our new independent public accountants on May 14, 2002. We had not consulted with KPMG LLP during the fiscal years ended December 31, 2001 and 2000 or during the subsequent interim reporting periods from the last audit date of December 31, 2001, through and including the termination date of May 14, 2002, on either the application of accounting principles or type of opinion KPMG LLP might issue on our financial statements.

20

KPMG LLP was our independent public accountants for the year ended December 31, 2002 and will serve in that capacity for the 2003 fiscal year unless the audit committee deems it advisable to make a substitution. We anticipate that representatives of KPMG LLP will attend the annual meeting, will have the opportunity to make a statement if they desire and will be available to respond to appropriate questions.
