1. *Name*

There shall be a committee of the Board that shall be called the Audit Committee.

2. *Purpose*

The Audit Committee shall be directly responsible for the appointment, compensation and oversight of the work of the Company's independent auditors and shall monitor the integrity of the financial statements of the Company, the Company's compliance with legal and regulatory requirements, the independent auditor's qualifications and independence and the performance of the Company's internal audit function.

3. *Membership.*

The Board of Directors shall appoint an Audit Committee of at least three members. Each member shall satisfy the independence requirements for New York Stock Exchange listed companies and Section 10A of the Securities Exchange Act of 1934, as amended by the Sarbanes-Oxley Act of 2002, and the rules promulgated thereunder. The Chairperson of the Audit Committee shall have accounting or related financial management expertise. Director's fees are the only compensation that an Audit Committee member may receive from the Company.

The Board shall appoint the members of the Audit Committee annually, considering the recommendation of the Nominating & Governance Committee, and further considering the views of the Chairman of the Board and the Chief Executive Officer. The members of the Audit Committee shall serve until their successors are appointed and qualify. The Board shall designate the Chairman of the Audit Committee. The Board shall have the power at any time to change the membership of and fill vacancies on the Committee, subject to the independence, experience and financial expertise requirements referred to above. Except as expressly provided in this Charter or the by-laws of the Company or the Corporate Governance Guidelines of the Company, or as otherwise provided by law or the rules of the New York Stock Exchange, the Audit Committee shall fix its own rules of procedure.

4.

*Authority and Responsibilities.*

The Audit Committee shall represent the Board of Directors in discharging its responsibilities relating to the accounting, reporting and financial practices of the Company and its subsidiaries, and shall have general responsibility for surveillance of internal controls and accounting and audit activities of the Company and its subsidiaries. In performing its functions, the Audit Committee shall undertake those tasks and responsibilities that, in its judgment, would most effectively contribute to and implement the purposes of the Committee. Specifically, the Committee shall have the following authority and responsibilities:

(i) The Audit Committee shall have the sole authority to appoint or replace the independent auditors, subject to shareholder ratification, and shall approve all audit engagement fees and terms and all non-audit engagements of the independent auditors. The Audit Committee shall consult with management but shall not delegate these responsibilities, except that pre-approvals of non-audit services may be delegated to a single member of the Audit Committee. In its capacity as a committee of the Board, the Audit Committee shall be directly responsible for the oversight of the work of the independent auditors (including resolution of disagreements between management and the independent auditors regarding financial reporting) and the independent auditors shall report directly to the Audit Committee. The Committee shall ensure that the lead audit partner and the audit partner responsible for reviewing the audit are rotated at least every five years as required by the Sarbanes-Oxley Act of 2002, and shall consider rotation of the firm of independent auditors as well.

---

(ii) The Committee shall review and discuss with management and the independent auditors (a) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles, and major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies; (b) analyses prepared by management or the independent auditors setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including analyses of the effects of alternative GAAP methods on the financial statements; (c) any management letter provided by the independent auditors and the Company's response to the letter; (d) any problems, difficulties or differences encountered in the course of the audit work, including any disagreements with management or restrictions on the scope of the public accountants' activities or on access to requested information and management's response thereto; (e) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company; and (f) earnings press releases using "pro forma" or "adjusted" non-GAAP information, and financial information and earnings guidance provided to analysts.

(iii) At least annually, obtain and review the independent auditor's written statement concerning any non-audit relationships between the auditor and the Company or any other relationships that may adversely affect the independence of the auditor and assess the independence of the outside auditor as required under Independent Standard Boards Standard No. 1.

(iv) Review and discuss with management and the independent auditors the Company's quarterly and annual audited financial statements, including disclosures made in "Management's Discussion and Analysis of Financial Condition and Results of Operations", and the matters required to be discussed pursuant to any relevant Statement on Auditing Standards, including, but not limited to, No. 61, prior to the filing of Forms 10-Q and 10-K, including the results of the independent auditor's reviews of the quarterly and annual financial statements and recommend to the Board whether the audited financial statements should be included in the Company's Form 10-K.

(v) Discuss with the independent auditors any communications between the audit team and the firm's national office respecting auditing and accounting issues presented by the engagement.

(vi) Discuss with management and the independent auditors any accounting adjustments noted or proposed by the auditors, including any adjustments passed, as immaterial or otherwise.

(vii) Obtain and review a report from the independent auditors at least annually regarding (a) the auditor's internal quality-control procedures, (b) any material issues raised by the most recent quality-control review or peer review of the firm or by any inquiry or investigation by government or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm (c) any steps taken to resolve any such issues, and (d) all relationships between the auditors and the Company. Evaluate the qualifications, performance and independence of the auditors, including a review and evaluation of the lead partner, and taking into account the opinions of management and the Company's internal auditors.

(viii) Establish and recommend for Board approval, policies for hiring employees or former employees of the independent auditor firm who were engaged on the Company's account, taking into consideration the restriction against the CEO, controller, CFO or Chief Accounting Officer to have participated in the audit as an employee of the independent auditor during the preceding one-year period.
