PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

MAY 19, 2005

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Quidel Corporation, a Delaware corporation, for use at the 2005 Annual Meeting of Stockholders to be held on Thursday, May 19, 2005, at 8:30 a.m., local time, at the Del Mar Marriott Hotel, located at 11966 El Camino Real, San Diego, California 92130, and at any and all adjournments and postponements of the Annual Meeting. This Proxy Statement and the accompanying proxy card will first be mailed to stockholders on or about April 20, 2005.

We will pay the expenses in connection with this solicitation. We and our employees will solicit proxies by mail, in person, by telephone, facsimile or other electronic means and will not receive any additional compensation for such solicitations. In addition, we have engaged InvestorCom, Inc. to aid in the solicitation of proxies to be voted at the Annual Meeting at an estimated cost of \$5,000 plus out-of-pocket expenses. We will also pay brokers or other persons holding stock in their name or the names of their nominees for the expenses of forwarding soliciting material to their principals.

VOTING

The close of business on March 28, 2005 has been fixed as the record date (the "Record Date") for determining which stockholders are entitled to notice of and to vote at the Annual Meeting. On the Record Date, 31,954,706 shares of our voting common stock were outstanding. Each share of common stock is entitled to one vote on any matter that may be presented for consideration and action by the stockholders at the Annual Meeting. A quorum is required to transact business at the Annual Meeting. The holders of a majority of the outstanding shares of common stock on the Record Date and entitled to be voted at the Annual Meeting, present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting and any adjournments and postponements thereof. Abstentions and broker non-votes are counted for the purpose of determining the presence or absence of a quorum for the transaction of business. With regard to the election of directors, votes may be cast in favor of a director nominee or withheld. Because directors are elected by plurality, abstentions from voting and broker non-votes will be entirely excluded from the vote and will have no effect on its outcome. If a quorum is present at the Annual Meeting, the nominees receiving the greatest number of votes (up to seven directors) will be elected. For proposals other than the election of directors, the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting is required for approval. With regard to these proposals, abstentions will be counted in tabulations of the votes cast on a proposal presented to stockholders and will have the same effect as a vote against the proposal, whereas broker non-votes will not be counted for purposes of determining whether a proposal has been approved.

Unless otherwise designated, each proxy submitted by a stockholder will be voted:

FOR each of the seven nominees named below for election as directors.

Edgar Filing: QUIDEL CORP /DE/ - Form DEF 14A

FOR the approval of the proposed amendment of the 1983 Employee Stock Purchase Plan to increase the number of shares available for issuance by 250,000 shares.

Where a stockholder has directed how his or her proxy is to be voted, it will be voted according to the stockholder's directions. Any stockholder has the power to revoke his or her proxy at any time before it is voted at the Annual Meeting by submitting a written notice of revocation to the Secretary of Quidel or by timely filing a duly executed proxy bearing a later date. The proxy will not be voted if the stockholder who executed it is present at the Annual Meeting and elects to vote in person the shares represented by the proxy. Attendance at the Annual Meeting will not by itself revoke a proxy.

PROPOSAL 1 ELECTION OF DIRECTORS

Nominees for Election

Our directors are elected at each annual meeting of stockholders. At the Annual Meeting, seven directors will be elected to serve until the next annual meeting of stockholders and until their successors are elected and qualified. The nominees receiving the greatest number of votes (up to seven directors) at the Annual Meeting will be elected. **Our Board of Directors recommends that the stockholders vote FOR the seven nominees named below for the Board of Directors.**

Each of the nominees set forth below for election as a director is an incumbent director. Each of the nominees has consented to serve as a director if elected. Unless authority to vote for any director nominee is withheld in a proxy, it is intended that each proxy will be voted FOR each of the nominees. If any of the nominees for director should become unable to serve if elected before the Annual Meeting, it is intended that shares represented by proxies will be voted for such substitute nominees, if any, as may be recommended by our existing Board of Directors, unless other directions are given in the proxies.

PROPOSAL 2
AMENDMENT TO THE 1983 EMPLOYEE STOCK PURCHASE PLAN
TO INCREASE AUTHORIZED SHARES

General

On March 7, 2005, the Board of Directors authorized, subject to stockholder approval, an amendment to the 1983 Employee Stock Purchase Plan (the "1983 Plan") to increase the number of shares of our common stock available for issuance under the 1983 Plan from 750,000 to 1,000,000 shares. As of March 28, 2005, 742,260 shares of common stock had been sold under the 1983 Plan, leaving 7,740 shares available for future issuance under the 1983 Plan. The purpose of the amendment is to allow us to continue to utilize the 1983 Plan, and accordingly to provide us with flexibility in attracting employees in the future and to encourage employee ownership of our common stock. At the Annual Meeting, the stockholders are being asked to approve and ratify this amendment to the 1983 Plan. Currently, the Company has granted options to eligible participants under the 1983 Plan that are conditioned upon approval and ratification of this proposed amendment.

Summary of the 1983 Employee Stock Purchase Plan

The following summary is a description of the material features of the 1983 Plan and is qualified in its entirety by reference to the full text of the 1983 Plan, as proposed to be amended, a copy of which is attached as *Appendix A* and incorporated herein by reference.

General. The 1983 Plan, which was adopted by the Board of Directors in March 1983 and approved by the stockholders in August 1983, provides our employees with the opportunity to purchase shares of common stock through payroll deductions. A total of 750,000 shares of common stock currently have been reserved for issuance under the 1983 Plan. As of March 28, 2005, 742,260 shares of common stock had been sold under the 1983 Plan, leaving 7,740 shares available for future issuance under the 1983 Plan. As noted above, the Company currently has granted options to eligible participants under the 1983 Plan that are conditioned upon approval and ratification of this proposed amendment.

Administration. The 1983 Plan is administered by the Compensation Committee. The 1983 Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Internal Revenue Code.

Eligibility and Participation. Any person who is customarily employed for at least 20 hours per week and more than five months per calendar year by us or any of our designated subsidiaries on or before the beginning of the applicable offering period is eligible to participate in the offering under the 1983 Plan, provided that such person is employed by us on the commencement date of the offering period, subject to certain limitations imposed by Section 423(b) of the Internal Revenue Code and limitations on stock ownership as defined in the 1983 Plan. There are approximately 250 employees currently eligible to participate in the 1983 Plan, including 4 executive officers.

Offering Dates. The 1983 Plan is implemented by accumulating payroll deductions of participating employees during a six-month offering period, with the offering periods thereunder to commence February 15 and August 15 of each year. The Board of Directors has the power to alter the duration of the offering periods without stockholder approval, if such change is announced at least 15 days prior to the scheduled beginning of the first offering period to be affected.

Purchase Price. The purchase price per share at which shares are sold in an offering under the 1983 Plan is the lower of 85% of the fair market value of a share of common stock on the date of commencement of the six-month offering period (the "Entry Price"), or 85% of the fair market value of a share of common stock on the last day of the offering period (the "Exit Price"). On March 28, 2005, the closing price of our common stock on The Nasdaq National Market was \$3.89 per share.

Payment of Purchase Price; Payroll Deductions. The purchase price of the shares is accumulated by payroll deductions over the offering period. The deductions may not exceed 10% of a participant's compensation. A participant may discontinue his or her participation in the 1983 Plan, and may decrease, but not increase, the rate of payroll deductions at any time during an offering period.

Purchase of Stock. By executing a subscription agreement to participate in the 1983 Plan, the employee is entitled to have shares placed under option, which are exercisable on the last day of the offering period. The maximum number of shares placed under option to a participant in an offering period is that number determined by dividing the amount accumulated in such participant's account during such offering period at the end of the offering period by the lower of the Entry Price or the Exit Price, subject to a maximum of 5,000 shares. Unless the employee's participation is discontinued prior to such purchase date, his or her option for the purchase of the shares will be exercised automatically at the end of the offering period at the applicable price.

Notwithstanding the foregoing, however, no participant may receive an option (i) if immediately after such grant, the participant would own stock and/or outstanding options to purchase stock possessing five percent or more of the total combined voting power of all classes of our stock or of any subsidiary of ours, or (ii) which permits the participant's rights to purchase stock to accrue at a rate in excess of \$25,000 worth of stock (determined at the fair market value of the stock at the time such option is granted) in any calendar year.

Amendment and Termination. The Board of Directors may at any time terminate or amend the 1983 Plan. No such termination will affect options previously granted, nor may any amendment make any change in any option previously granted which adversely affects the rights of any participant, nor may any amendment be made without prior stockholder approval if such amendment would (i) increase the number of shares that may be issued under the 1983 Plan, (ii) permit payroll deductions at a rate in excess of 10% of compensation, (iii) modify employee eligibility for participation requirements, or (iv) materially increase benefits which may accrue to participants under the 1983 Plan.

Non-Assignability. In general, neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option may be assigned, transferred, pledged or otherwise disposed of in any way by the participant.

Adjustments upon Changes in Capitalization. Subject to any required action by our stockholders, the number of shares of common stock covered by each option which has not yet been exercised and the number of shares of common stock which have been authorized for issuance under the 1983 Plan but have not yet been placed under option, as well as the price per share of common stock covered by each outstanding option, shall be proportionately adjusted for any increase or decrease in the number of issued shares of common stock resulting from a stock split or the payment of a stock dividend (but only on the common stock) or any other increase or decrease in the number of shares of common stock effected without receipt of consideration by us, provided that the conversion of convertible securities of ours will not be deemed to have been effected without the receipt of consideration. In the event that we effect a reorganization, recapitalization, rights offering or other increase or reduction of shares of our outstanding common stock, or in the event that we are consolidated with or merged into any other corporation, the Board of Directors may, if it so determines in the exercise of its discretion, make similar adjustments.

Withdrawal; Termination of Employment. A participant's interest in a given offering period may be terminated in whole, but not in part, by signing and delivering to us a notice of withdrawal from the 1983 Plan. Such withdrawal may be elected at any time prior to the end of the applicable six-month offering period. A participant's withdrawal from one offering period does not have any effect upon such participant's eligibility to participate in subsequent offerings. Upon withdrawal from an offering period, all payroll deductions which have been credited to the participant's account prior to the notice of withdrawal will be returned to the participant without interest.

Termination of a participant's employment for any reason, including retirement or death, or the failure of the participant to remain in our continuous employ for at least 20 hours per week during the applicable offering period, cancels the participant's participation in the 1983 Plan. In such event, the payroll deductions credited to the participant's account will be returned to such participant or to his or her beneficiaries without interest.

Compliance with Law. Shares will not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto comply with all applicable provisions of law, including securities laws and the requirements of any stock exchange upon which the shares may then be listed. As a condition to the exercise of an option, we may require the participant to represent that the shares are being purchased only for investment and without any present intention to sell or distribute such shares, and shares issued under the 1983 Plan may be subject to such transfer restrictions and stop-transfer instructions as the Compensation Committee deems appropriate.

Federal Income Tax Information

The following summary of certain federal income tax consequences of the grant and exercise of rights to purchase shares of common stock under the 1983 Plan is based upon the laws and regulations in effect as of the date of this Proxy Statement and does not purport to be a complete statement of the law in this area. Furthermore, the discussion below does not address the tax consequences under foreign, state and local tax laws, and such tax laws may not correspond to the federal income tax treatment described herein. The exact federal income tax treatment of transactions under the 1983 Plan will vary depending upon the specific facts and circumstances involved.

The 1983 Plan is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code. If certain employment requirements are satisfied, an employee who is granted a right, or "option," to purchase stock under a plan meeting the requirements of Internal Revenue Code Section 423 will not be subject to federal income tax, and we will not be entitled to any deduction, on either the grant or the exercise of such right.

If the employee makes no disposition of the stock acquired pursuant to the exercise of such right within two years after the date of the grant of such stock purchase right (generally, the commencement date of the six-month offering period, hereinafter referred to as the "Offering Date") or within one year after the transfer of the stock to the employee pursuant to the exercise of such right, any gain or loss on the subsequent disposition of the stock generally will be treated as capital gain or loss, except to the extent that the employee's purchase price was less than 100% of the fair market value of the stock on the Offering Date, and no deduction will be available to us at the time of such disposition. If the employee's purchase price for the stock was less than 100% of the fair market value of the stock on the Offering Date, the employee will be required to include in his or her gross income as ordinary income for the year of the disposition (or, if earlier, at the time of his or her death) an amount equal to the lesser of (i) the excess of the fair market value of the stock on the Offering Date over the purchase price that the employee would have been required to pay if the employee had exercised such right as of the Offering Date, or (ii) the excess of the fair market value of the stock at the time of the disposition or death over the amount paid for the stock. No deduction will be available to us with respect to any such ordinary income recognized by the employee.

Any sale or other disposition of stock acquired under a right granted under the 1983 Plan at any time within (i) two years after the Offering Date or (ii) one year after the transfer of the shares to the employee pursuant to the exercise of such right generally will be treated as a "disqualifying disposition." Upon a disqualifying disposition, the employee generally will recognize ordinary compensation income in an amount equal to the difference between the purchase price and the fair market value of the stock on the date the option was exercised. Any gain in excess of such ordinary income amount generally will be capital gain. We generally will be entitled to a deduction in an amount

equal to the amount of ordinary income recognized by the employee by reason of a disqualifying disposition.

Participation in the 1983 Employee Stock Purchase Plan by Executive Officers, Directors and Other Employees; Interest of Certain Persons in Matters to be Acted Upon

All of our employees, including our employee-directors and executive officers, are eligible to participate in the 1983 Plan. Non-employee directors are not eligible to participate. Participation in the 1983 Plan is voluntary and is dependent on each eligible employee's election to participate and his or her determination as to the level of payroll deductions. Accordingly, future purchases by executive officers and other employees under the 1983 Plan are not determinable.

Plan Benefits

The following table sets forth the number of shares of common stock purchased under the 1983 Plan during the fiscal year ended December 31, 2004 by each of: (i) the executive officers individually listed in the Executive Compensation Table; (ii) each nominee for election as an employee director; (iii) all current executive officers of Quidel as a group; and (iv) all employees of Quidel, including all officers who are not current executive officers, as a group.

General Nonstatutory Stock Option Plan

On June 23, 1997, our Board of Directors adopted our General Nonstatutory Stock Option Plan and amended this plan on December 11, 2000 (the "Plan"). Awards of up to 575,000 shares of our common stock were previously available for issuance under the Plan, subject to antidilution provisions in the Plan and the option agreements granted thereunder. The Plan limits awards to grants of nonstatutory stock options. The purpose of the Plan is to provide a means whereby the Company may promote its interests and the interests of its stockholders by attracting and retaining the services of highly qualified individuals. Awards under the Plan are issued only to individuals not previously employed by us and as an inducement essential to such individual's entering into an employment contract with us. The only eligible participants under the Plan were S. Wayne Kay and Paul Lawrence (prior to their employment with us), and at December 31, 2004, no shares remained available for issuance under the Plan. The Plan is administered by the Compensation Committee of the Board which is authorized to determine the terms and conditions of grants thereunder, including, among other matters, the exercise price, vesting acceleration or waiver of any forfeiture restrictions. In addition, the Compensation Committee has the authority to terminate the Plan, provided that such termination will not affect any option previously granted thereunder.

All communications will be compiled by our corporate Secretary and forwarded to the Board of Directors, the committee or the Director accordingly.

Director Nominations

The Nominating and Corporate Governance Committee regularly assesses the appropriate size of the Board of Directors and whether any vacancies on the Board of Directors are expected due to retirement or otherwise. The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating director candidates. Candidates may come to the attention of

the Nominating and Corporate Governance Committee through current directors, professional search firms, stockholders or other persons.

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the Nominating and Corporate Governance Committee will evaluate the prospective nominee in the context of the then current composition of the Board of Directors and will consider a variety of other factors, including the prospective nominee's business, technology and industry, finance and financial reporting experience, and other attributes that would be expected to contribute to an effective Board of Directors. The Nominating and Corporate Governance Committee seeks to identify nominees who possess a wide range of experience, skills, areas of expertise, knowledge and business judgment. Successful nominees must have a history of superior performance or accomplishments in their professional undertakings and should have the highest personal and professional ethics and values. The Nominating and Corporate Governance Committee does not evaluate stockholder nominees differently than any other nominee.

Pursuant to procedures set forth in our bylaws, our Nominating and Corporate Governance Committee will consider stockholder nominations for directors if we receive timely written notice, in proper form, of the intent to make a nomination at a meeting of stockholders. To be timely, the notice must be received within the time frame discussed below in this Proxy Statement under the heading "Stockholder Proposals." To be in proper form, the notice must, among other matters, include each nominee's written consent to serve as a director if elected, a description of all arrangements or understandings between the nominating stockholder and each nominee and information about the nominating stockholder and each nominee. These requirements are further described below under the heading "Stockholder Proposals" and are detailed in our bylaws, which were attached as an exhibit to our Current Report on Form 8-K filed with the Securities and Exchange Commission on November 8, 2000. A copy of our bylaws will also be provided to a stockholder upon written request to our corporate Secretary.

Director Compensation

Retainers and Fees. The Non-Executive Chairman of the Board currently receives an annual retainer of \$100,000. Directors who are not employees of ours receive an annual retainer of \$20,000. In addition, non-employee directors currently receive \$2,000 per board meeting attended in person and

\$1,000 per board meeting attended telephonically; \$2,000 per committee meeting attended in person and \$1,000 per committee meeting attended telephonically, but only if the committee meeting is not held on the same day as a board meeting and reimbursement for expenses incurred in connection with attendance at board and committee meetings. The Board of Directors will also periodically assess potential equity awards to non-employee directors. The Chairman of the Audit Committee of the Board of Directors receives an annual retainer of \$10,000. The Chairman of the Compensation Committee, Chairman of the Nominating and Corporate Governance Committee, Chairman of the Research and Development / Technology Committee and Chairman of the Finance Committee of the Board of Directors each receive an annual retainer of \$5,000.

Option Grants Under the 2001 Plan. Under the 2001 Plan as first approved by stockholders, each non-employee director automatically received, upon becoming a non-employee director, a one-time grant of an option to purchase up to 40,000 shares of our common stock, which vests 25% on the first anniversary of the grant date and 6.25% at the end of each of the twelve three-month periods following the first anniversary of the grant date, in each case if such non-employee director remained a director for the entire period from the date of grant to such vesting date. In addition, under the 2001 Plan as first approved by stockholders, each non-employee director also automatically received an option to purchase up to 40,000 shares of common stock on the fourth, eighth, etc. anniversary of such director's initial appointment or election as a director, which vests 25% on the first anniversary of the grant date and 6.25% at the end of each of the twelve three-month periods following the first anniversary of the grant date, in each case if such non-employee director has continuously served as a director since his or her election or appointment and is a non-employee director on such date. Our Board of Directors then subsequently amended the automatic grants such that immediately following each annual meeting of stockholders, each non-employee director who had served as a director since his or her election or appointment and had been re-elected as a director at such annual meeting automatically received an option to purchase up to 10,000 shares of common stock in lieu of the grant of an option to purchase 40,000 shares every fourth year.

All of the foregoing automatic grants of non-employee director options under the 2001 Plan have an exercise price equal to the fair market value of our common stock on the date of grant, have a term of 10 years and vested options cease to be exercisable on the date that is 365 days after a non-employee director ceases to be a director of ours. In addition to the foregoing automatic awards of non-employee director options, each non-employee director is eligible to receive other awards under the 2001 Plan, such as non-qualified stock options other than non-employee director options, at the discretion of the administrator of the 2001 Plan.

In May 2004, the Board of Directors suspended the automatic grants to non-employee directors. Also, in May 2004, the Board of Directors approved a grant that provided to each outside director, upon election at the 2004 annual meeting of stockholders, an equity award equal in value to the Black-Scholes value of 17,000 stock options (with an exercise price equal to 100% of fair market value), with 75% of such value being granted in the form of stock options and 25% in the form of restricted stock. The non-employee director options will vest, and restrictions on restricted stock lapse, 100% on the day prior to the date of the next annual meeting of stockholders following the grant date, provided that the recipient has remained a director for the entire period from the date of grant to such vesting date. Directors appointed mid-term are given a pro rata equity award based on the same grant guidelines. As described above, the Board of Directors will periodically assess potential equity awards to non-employee directors.

As of December 31, 2004, options to purchase 2,469,877 shares of common stock under the 2001 Plan were outstanding, of which options to purchase 214,710 shares of common stock were held by non-employee directors.

Share Ownership Guidelines. In May 2004, the Board of Directors adopted share ownership guidelines to closely align the interests of the Board of Directors and senior management with those of the stockholders. The Board of Directors resolved that each director, Senior Vice President and Vice President would be required to retain and hold 50% of the shares acquired from any equity incentive award granted on or after March 19, 2004 (after subtracting shares sold to pay for option exercise costs, and relevant federal and state taxes which are assumed to be at the highest marginal tax rates). The foregoing share retention rule shall apply unless, at the time of receipt of the shares, each director, Senior Vice President and Vice President beneficially owned shares with a value at or in excess to the following share ownership guidelines: (i) Chief Executive Officer 3 times then-current annual base salary, (ii) Senior Vice Presidents 2 times then-current annual base salary, (iii) Vice Presidents 1 times then-current annual base salary, and (iv) Outside Directors 2 times then-current annual retainer.

The value of an individual's shares for purposes of the share ownership guidelines shall be deemed the greater of the then-current fair market value of the stock, or the individual's cost basis in the stock. Shares counted in calculating the share ownership guidelines include shares beneficially owned outright, whether from open market purchases, purchases through the 1983 Plan, shares retained after option exercises, and shares of restricted stock which have no further restrictions remaining.

Directors, Senior Vice Presidents and Vice Presidents have five (5) years from their initial election or hire to satisfy the share retention rules previously discussed.

(2) During 2004, no bonuses were earned based upon management incentive compensation plans. As of December 31, 2003 and in accordance with management's incentive compensation plan, bonus amounts were earned by certain members of management. These bonuses were paid in March 2004.

(3) As of December 31, 2004, an aggregate of 41,418 shares of restricted stock of ours with a total value of \$210,403 remained subject to restrictions. In March 2004, we granted restricted stock to certain executive officers. Mr. Paiz, Mr. Landers and Mr. Heindel each received 8,170 shares, and Mr. Kay received 21,510 shares. The values set forth in the table above reflect the number of restricted shares granted multiplied by the closing price of our common stock on the date of grant (\$7.50 on March 19, 2004), less consideration paid by each executive. The restricted shares vest over four years, with 25% vesting one year from the date of grant and the remaining shares vesting quarterly thereafter over the remaining three-year period.

(4) During the year ended December 31, 2004, we made contributions under the 401(k) Plan for Ms. Mason, Mr. Landers, Mr. Paiz and Mr. Kay of \$3,352, \$6,677, \$6,159 and \$6,888, respectively. We also funded a group term life insurance plan in excess of \$50,000.

In January 2001, we loaned Mr. Kay \$200,000 at an interest rate of 4.77% to assist with his relocation to the San Diego area. One quarter of the principal and interest owing on Mr. Kay's loan was, pursuant to the terms of the loan, forgiven on each anniversary of the loan date, December 31 of each year, over a four-year period, provided Mr. Kay was an employee of ours on those dates. - (1) All options granted in the year ended December 31, 2004 vest over a four-year period commencing on the date of grant. The exercise price of the above options is 100% or more of the fair market value of the common stock on the date of grant.

Edgar Filing: QUIDEL CORP /DE/ - Form DEF 14A

The exercise price on the date of grant was equal to 100% or more of the fair market value.

(4)

The options have a term of 10 years, subject to earlier termination related to the termination of employment.

(5)

The fair value of each option grant was estimated on the date of grant using the Black-Scholes option pricing model with the following weighted average assumptions used for grants during the year ended December 31,

Edgar Filing: QUIDEL CORP /DE/ - Form DEF 14A

2004: risk free interest rate of 3.4%, expected option life of 5.3 years, expected volatility of 0.82 and a dividend rate of zero. Option valuation using a Black-Scholes-based option pricing model generates a theoretical value based upon certain factors and assumptions. Therefore, the value of a stock option, if any, is dependent on the future price of our common stock, overall stock market conditions and continued service with us, since options remain exercisable for only a limited period following certain events, such as retirement, death or disability. The values reflected in this table do not represent our estimate of future stock price.

Aggregated Option Exercises for the Year Ended December 31, 2004 and Option Values as of December 31, 2004

The following table sets forth information for the following executive officers regarding the exercise of stock options during 2004 and the number of stock options exercisable and unexercisable as of December 31, 2004.

EMPLOYMENT AND CHANGE OF CONTROL ARRANGEMENTS

Caren L. Mason joined us on August 20, 2004 as President and Chief Executive Officer and as a member of our Board of Directors. Upon the commencement of her employment, Ms. Mason entered into a written employment agreement with us. Her minimum base salary is \$415,000 per annum, subject to adjustment upward by the Board of Directors, plus an annual bonus to be determined by the Board of Directors based upon attainment of goals set by the Board of Directors up to a maximum of 50% of Ms. Mason's base salary; and a cash performance bonus based upon a three-year cycle, commencing January 1, 2005 and ending December 31, 2007, which will be paid at the end of the three-year cycle based upon attainment of goals set by the Board of Directors. Also, as a provision of Ms. Mason's change in control and stock option agreements, all of Ms. Mason's stock options would have their vesting accelerated immediately upon a change in control. At the time of commencement of Ms. Mason's employment, Ms. Mason received a \$50,000 bonus and an additional \$100,000 bonus at December 31, 2004.

Under her employment agreement, Ms. Mason is an "at-will" employee, which means that either Ms. Mason or we may terminate Ms. Mason's employment at any time. However, and except in the context of a change in control, if we terminate Ms. Mason's employment with us without cause or she terminates her employment for good reason (as such terms are defined in her employment agreement), she is entitled to a severance payment equal to eighteen (18) months of her then base salary, a pro-rated portion of her bonus and payment of insurance premiums for a period of eighteen (18) months following termination. In addition, our Board of Directors is required to consider whether vesting of Ms. Mason's stock options will be accelerated. Amounts payable to Ms. Mason upon a change in control of the Company are generally governed by her change in control agreement, effective as of August 20, 2004, which is described below.

Mssrs. Foley, Landers and Paiz are each "at-will" employees who are employed through individual offer letters that provide for, among other matters: (i) a minimum base salary, currently of \$254,000, \$265,000 and \$320,000 per annum, respectively; (ii) an annual bonus in accordance with the Company's bonus plan, which for fiscal 2004 had a target bonus of 35% of each individuals base salary; and (iii) certain options to purchase shares of the Company's common stock at an exercise price equal to fair market value of the Company's common stock on the date of grant with vesting of such options at 25% on the first anniversary of the grant date with the remaining 75% vesting quarterly over the next three years. The option awards shall be issued under, and governed by the terms and conditions of the Company's Amended and Restated 2001 Equity Incentive Plan.

Each of Ms. Mason, Mr. Foley, Mr. Landers, and Mr. Paiz has entered into a change in control agreement with the us, which provides for the payment of severance benefits in the event of termination of their employment in connection with a change in control of the Company. The severance benefits are payable to Ms. Mason, Mr. Foley, Mr. Landers and Mr. Paiz if their respective employment with us is terminated within 30 days prior to or three years following a change in control, unless terminated for cause or the termination is the result of a voluntary resignation (which does not include resignations stemming from a material adverse change in responsibilities, status, compensation, authority or location of work place) or their death or disability. As a provision to Ms. Mason's change in control and stock option agreement, all of Ms. Mason's options would vest immediately and Ms. Mason would have exercisability of any and all unvested stock options upon a change in control irrespective of termination of employment.

The severance benefits under the change in control agreements generally consist of a lump sum cash payment equal to two (2) times the sum of (i) such executive's highest annual salary rate within the three (3) year period ending on the date of termination plus (ii) an amount equal to the annualized average of all bonuses and incentive compensation payments paid to the executive during the two (2) year period immediately before the date of termination. In addition, the change in control

agreements provide for: payment of \$25,000 to help pay defray the legal fees, tax and accounting fees and other costs associated with transitional matters; continued coverage for two (2) years under our group medical insurance, group dental insurance, group-term life insurance and disability insurance programs unless and to the extent the executive obtains concurrent coverage through another program in which case our coverage will be terminated or reduced as applicable; and immediate vesting and exercisability of any and all unvested stock options of the executive. The change in control agreement for Ms. Mason was effective as of August 20, 2004, for Mr. Foley as of November 8, 2004, for Mr. Landers as of February 27, 2003 and for Mr. Paiz as of April 13, 2003.

S. Wayne Kay resigned as an officer and director on August 20, 2004 and as an employee effective September 22, 2004. Prior to his resignation, he was our President and Chief Executive Officer and a member of our Board of Directors. Upon the commencement of his employment, Mr. Kay entered into a written employment agreement with us, which was amended on August 10, 2001 to reflect his promotion to Chief Executive Officer. His minimum base salary was \$400,000 per annum, subject to adjustment upward by the Board of Directors, plus a bonus to be determined annually and based upon attainment of goals set by the Board of Directors. Mr. Kay received a bonus of \$200,005 for 2003. As a part of Mr. Kay's employment agreement, Mr. Kay was provided \$570,210 in severance to be paid through September 2005, of which \$259,633 had been paid through December 31, 2004. Also, upon Mr. Kay's resignation, the Board of Directors removed all restrictions on Mr. Kay's restricted shares, resulting in Mr. Kay recognizing \$74,425 in additional income. At the time of commencement of Mr. Kay's employment, we also provided to Mr. Kay a forgivable loan in the amount of \$200,000 to assist in the purchase of a new home. The loan documents provide that the loan will be forgiven over a four-year period, with 25% of the loan amount, plus applicable interest as well as a gross up amount for applicable federal and state taxes, to be forgiven on each anniversary of Mr. Kay's employment date; provided, that, if Mr. Kay's employment is terminated prior to full forgiveness of the loan, Mr. Kay will be required to repay the remaining portion of the loan, including interest, within 30 days following the termination of his employment. Accordingly, within thirty days of Mr. Kay's resignation on September 22, 2004, Mr. Kay repaid us \$54,662 relating to the fourth year of the forgivable loan, which included principal and accrued interest through such date.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors administers our executive compensation programs and approves salaries of all officers, including those of the executive officers named in the Summary Compensation Table. The Committee is responsible for reporting to the Board of Directors and administering all other elements of executive compensation, including annual incentive awards and stock options.

Philosophy

The executive compensation program is structured to support our mission, values and corporate strategies. The executive compensation program is designed to provide competitive levels of total compensation in order to attract, retain and motivate high-quality senior management by providing what we believe to be a competitive total compensation package based upon both individual and corporate performance. The executive compensation program is composed of three elements: (1) competitive base salaries which reflect individual performance, (2) annual incentive opportunities which are a function of individual and business performance payable in cash, and (3) long-term stock-based incentive opportunities pursuant to our stock incentive plans which link the interests of senior management and our stockholders. The mix of total compensation is designed to cause greater variability in the individual's absolute year-to-year compensation based upon our success and the

individual's contribution to that success. The total compensation program focuses on both short-term and long-term results.

The Compensation Committee does not currently anticipate that the compensation of any executive officer during fiscal 2004 will materially exceed the limit on deductibility imposed by Section 162(m) of the Internal Revenue Code.

Base Salary

Base salary is targeted to be moderate yet competitive in relation to salaries commanded by those in similar positions in comparable companies. The Compensation Committee reviews management recommendations for executives' salaries and examines survey data for executives with similar responsibilities in comparable companies in the medical and biotechnology industry. Individual salary determinations are based upon experience, sustained performance and comparison to our internal and external peers.

Annual Incentive Awards

We maintain a senior management incentive compensation plan that is designed to reward senior management for their contributions to corporate and individual objectives. Under the plan, each participating officer is entitled to receive a cash bonus if certain corporate goals are met in a particular fiscal year.

Each eligible employee's potential annual award under the plan is expressed as a percentage of the total base compensation earned by the individual during the fiscal year. For the year ended December 31, 2004, the percentages for the Chief Executive Officer were 35% and all participating Senior Vice Presidents and Vice Presidents were set at 30%. For the year ended December 31, 2004, certain targeted corporate goals were not achieved and incentive compensation was not awarded. In accordance with the incentive compensation plan for 2003, management earned approximately \$1.0 million for the year ended December 31, 2003. These bonuses were paid in March 2004.

Stock Options and Restricted Stock

The Compensation Committee administers our equity incentive plans and makes grants of stock options and restricted stock. The plans are designed to align the interests of management with those of the stockholders. The number of stock options granted is related to the recipient's base compensation and level of responsibility. All options are granted with an option exercise price at least equal to the fair market value of the common stock on the date of grant and generally vest over a four-year period. The Compensation Committee, in its discretion, may grant additional options to individuals, including the Chief Executive Officer, for increases in level of responsibility and promotions, in recognition of sustained exceptional performance, or annually based upon Company and individual performance. The option grant will have value to the individual only if he or she continues in our services during the vesting period and then only if the market price of the underlying shares of common stock appreciates over the option term.

Compensation of the Chief Executive Officer

Our Chief Executive Officer participates in the same executive compensation program provided to our other executive officers and senior management as described above. The Compensation Committee's approach to setting compensation for the Chief Executive Officer is to be competitive with comparable companies and to have a portion of total compensation depend upon the achievement of performance criteria. Each year, the Board of Directors approves business goals that include financial measures, which are used to evaluate the Chief Executive Officer's performance for the year.

Ms. Mason became our Chief Executive Officer effective August 20, 2004. Total cash compensation paid to Ms. Mason for the year ended December 31, 2004 was \$145,250 in base salary. If Ms. Mason had been employed by us for the entire 2004 fiscal year, Ms. Mason's salary would have been \$415,000. At the time of commencement of Ms. Mason's employment, Ms. Mason received a \$50,000 bonus and an additional \$100,000 bonus effective December 31, 2004.

Mr. Kay resigned as an officer and director on August 20, 2004 and as an employee effective September 22, 2004. Total cash compensation paid to Mr. Kay for the year ended December 31, 2004 was \$350,513 in base salary and, per Mr. Kay's employment agreement, Mr. Kay was provided \$570,210 in severance to be paid through September of 2005, of which \$259,633 had been paid to Mr. Kay through December 31, 2004. Also, upon Mr. Kay's resignation, the Board of Directors removed all restrictions on Mr. Kay's restricted shares, resulting in Mr. Kay recognizing \$74,425 in additional income. Mr. Kay earned a \$200,005 bonus for 2003, which was paid in March 2004.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in our 2004 Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee has discussed and reviewed with our independent registered public accounting firm all matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees), as may be modified or supplemented. The Audit Committee has met with the Independent Registered Public Accounting Firm to discuss the overall scope and plans for the Independent Registered Public Accounting Firm's audit, the results of its examinations, its evaluations of our internal controls and the overall quality of our accounting and financial reporting. The Audit Committee also discussed with the Independent Registered Public Accounting Firm their judgments as to the substance and clarity, not just the acceptability, of our accounting principles and financial statement disclosures. The Audit Committee has also considered whether the Independent Registered Public Accounting Firm's provision of non-audit services to us is compatible with the Independent Registered Public Accounting Firm's independence.

The Audit Committee also reviewed management's report on its assessment of the effectiveness of our internal control over financial reporting and Ernst & Young LLP's report on (1) management's assessment of the effectiveness of internal control and (2) the effectiveness of internal control over financial reporting.

The Audit Committee has received from the Independent Registered Public Accounting Firm a formal written statement describing all relationships between the Independent Registered Public Accounting Firm and us that might bear on the Independent Registered Public Accounting Firm's independence consistent with Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as may be modified or supplemented, discussed with the Independent Registered Public Accounting Firm any relationships that may impact their objectivity and independence, and has satisfied itself as to the Independent Registered Public Accounting Firm's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board of Directors has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2004.

1983 EMPLOYEE STOCK PURCHASE PLAN
(As Proposed to be Amended)

The following constitute the provisions of the 1983 Employee Stock Purchase Plan (herein called the "Plan") of Quidel Corporation, a Delaware corporation (herein called the "Company").

1. **Purpose.** The purpose of the Plan is to provide employees of the Company and its Designated Subsidiaries with an opportunity to purchase Common Stock of the Company through accumulated payroll deductions. It is the intention of the Company to have the Plan qualify as an "Employee Stock Purchase Plan" under Section 423 of the Internal Revenue Code of 1986, as amended. The provisions of the Plan shall, accordingly, be construed so as to extend and limit participation in a manner consistent with the requirements of that section of the Code.

2. **Definitions.**

(a) "*Board*" shall mean the Board of Directors of the Company.

(b) "*Code*" shall mean the Internal Revenue Code of 1986, as amended.

(c) "*Common Stock*" shall mean the Common Stock, no par value, of the Company.

(d) "*Company*" shall mean Quidel Corporation, a Delaware corporation.

(e) "*Compensation*" shall mean all regular straight time earnings, payments or overtime, shift premium, incentive compensation, incentive payments, bonuses and commissions (except to the extent that the exclusion of any such items for all participants is specifically directed by the Board or its committee).

(f) "*Designated Subsidiaries*" shall mean the Subsidiaries which have been designated by the Board from time to time in its sole discretion as eligible to participate in the Plan.

(g) "*Employee*" shall mean any person, including an officer, who is customarily employed for at least twenty (20) hours per week and more than five (5) months in a calendar year by the Company or one of its Designated Subsidiaries.

(h) "*Exercise Date*" shall mean the last day of each offering period of the Plan.

(i) "*Offering Date*" shall mean the first day of each offering period of the Plan.

(j) "*Plan*" shall mean this Employee Stock Purchase Plan.

(k) "*Subsidiary*" shall mean a corporation, domestic or foreign, of which not less than 50% of the voting shares are held by the Company or a Subsidiary, whether or not such corporation flow exists or is hereafter organized or acquired by the Company or a Subsidiary.

3. **Eligibility.**

(a) Any Employee as defined in paragraph 2 who shall be employed by the Company on the date his participation in the Plan is effective shall be eligible to participate in the Plan, subject to limitations imposed by Section 423(b) of the Code.

(b) Any provisions of the Plan to the contrary notwithstanding, no Employee shall be granted an option under the Plan (i) if, immediately after the grant, such Employee (or any other person whose stock would be attributed to such Employee pursuant to Section 425(d) of the Code) would own stock and/or hold outstanding options to purchase stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any subsidiary of the Company, or (ii) which permits his rights to purchase stock under all employee stock purchase plans of the Company and its subsidiaries to accrue at a rate which exceeds Twenty Five Thousand Dollars

(\$25,000) of fair market value of such stock (determined at the time such option is granted) for each calendar year in which such option is outstanding at any time.

4. **Offering Periods.** The Plan shall be implemented by one offering during each six month period of the Plan, commencing on or about, and continuing thereafter until terminated in accordance with paragraph 19 hereof. The Board of Directors of the Company shall have the power to change the duration of offering periods with respect to future offerings without stockholder approval if such change is announced at least fifteen (15) days prior to the scheduled beginning at the first offering period to be affected.

5. **Participation.**

(a) An eligible Employee may become a participant in the Plan by completing a subscription agreement authorizing payroll deduction on the form provided by the Company and filing it with the Company's payroll office prior to the applicable Offering Date, unless a later time for filing the subscription agreement is set by the Board for all eligible employees with respect to a given offering.

(b) Payroll deductions for a participant shall commence on the first payroll following the Offering Date and shall end on the Exercise Date of the offering to which such authorization is applicable, unless sooner terminated by the participant as provided in paragraph 10.

6. **Payroll Deductions.**

(a) At the time a participant files his subscription agreement, he shall elect to have payroll deductions made on each payday during the offering period in an amount not exceeding ten percent (10%) of the Compensation which he received on the payday immediately preceding the Offering Date, and the aggregate of such payroll deductions during the offering period shall not exceed ten percent (10%) of his aggregate Compensation during said offering period.

(b) All payroll deductions made by a participant shall be credited to his account under the Plan. A participant may not make any additional payments into such account.

(c) A participant may discontinue his participation in the Plan as provided in paragraph 10, or may lower, but not increase, the rate of his payroll deductions during the offering period by completing or filing with the Company a new authorization for payroll deduction. The change in rate shall be effective fifteen (15) days following the Company's receipt of the new authorization.

7. **Grant of Option.**

(a) On the Offering Date of each six month offering period, each eligible Employee participating in the Plan shall be granted an option to purchase (at the per share option price) up to a number of shares of the Company's Common Stock determined by dividing such Employee's payroll deductions to be accumulated during such offering period (not to exceed an amount equal to ten percent (10%) of his Compensation as of the date of the commencement of the applicable offering period) by eighty-five percent (85%) of the fair market value of a share of the Company's Common Stock on the Offering Date, subject to the limitations set forth in Section 3(b) and 12 hereof. Fair market value of a share of the Company's Common Stock shall be determined as provided in Section 7(b) herein. Notwithstanding the foregoing, no employee shall be granted an option to purchase more than 5,000 shares of the Company's Common Stock during any six-month offering period.

(b) The option price per share of the shares offered in a given offering period shall be the lower of: (i) 85% of the fair market value of a share of the Common Stock of the Company on the Offering Date; or (ii) 85% of the fair market value of a share of the Common Stock of the Company on the Exercise Date. The fair market value of the Company's Common Stock on a given date shall be the mean of the reported bid and asked prices for that date except that the fair market value on the Offering Date of the initial offering period shall be the initial public offering price.

8. **Exercise of Option.** Unless a participant withdraws from the Plan as provided in paragraph 10, his option for the purchase of shares will be exercised automatically on the Exercise Date of the offering period, and the maximum number of full shares subject to option will be purchased for him at the applicable option price with the accumulated payroll deductions in his account. If the total amount of payroll deductions for a participant during the offering period exceeds the purchase price of such shares as determined in Section 7(a), such excess amount will be refunded to the participant.

9. **Delivery.** As promptly as practicable after the Exercise Date of each offering, the Company shall arrange the delivery to each participant, as appropriate, of a certificate representing the shares purchased upon exercise of his option. Any cash remaining to the credit of a participant's account under the Plan after a purchase by him of shares at the termination of each offering period, or which is insufficient to purchase a full share of Common Stock of the Company, shall be returned to said participant.

10. **Withdrawal; Termination of Employment.**

(a) A participant may withdraw all but not less than all the payroll deductions credited to his account under the Plan at any time prior to the Exercise Date of the offering period by giving written notice to the Company. All of the participant's payroll deductions credited to his account will be paid to him promptly after receipt of his notice of withdrawal and his option for the current period will be automatically terminated, and no further payroll deductions for the purchase of shares will be made during the offering period.

(b) Upon termination of the participant's employment prior to the Exercise Date of the offering period for any reason, including retirement or death, the payroll deductions credited to his account will be returned to him or, in the case of his death, to the person or persons entitled thereto under paragraph 14, and his option will be automatically terminated.

(c) in the event an Employee fails to remain in the continuous employ of the Company for at least twenty (20) hours per week during the offering period in which the employee is a participant, he will be deemed to have elected to withdraw from the Plan and the payroll deductions credited to his account will be returned to him and his option terminated.

(d) A participant's withdrawal from an offering will not have any effect upon his eligibility to participate in a succeeding offering or in any similar plan which may hereafter be adopted by the Company.

11. **Interest.** No interest shall accrue on the payroll deductions of a participant in the Plan.

12. **Stock.**

(a) The maximum number of shares of the Company's Common Stock that shall be made available for sale under the Plan shall be 1,000,000 shares, subject to adjustment upon changes in capitalization of the Company as provided in paragraph 18. If the total number of shares which would otherwise be subject to options granted pursuant to Section 7(a) hereof on the Offering Date of an offering period exceeds the number of shares then available under the Plan (after deduction of all shares for which options have been exercised or are then outstanding), the Company shall make a pro rata allocation of the shares remaining available for option grant in as uniform a manner as shall be practicable and as it shall determine to be equitable. In such event, the Company shall give written notice of such reduction of the number of shares subject to the option to each Employee affected thereby and shall similarly reduce the rate of payroll deductions, if necessary.

(b) The participant will have no interest or voting right in shares covered by his option until such option has been exercised.

(c) Shares to be delivered to a participant under the Plan will be registered in the name of the participant or in the name of the participant and his spouse.

13. **Administration.** The Plan shall be administered by the Board of Directors of the Company or a committee appointed by the Board. The administration, interpretation or application of the Plan by the Board or its committee shall be final, conclusive and binding upon all participants. Members of the Board who are eligible Employees are permitted to participate in the Plan, provided that:

(a) Members of the Board who are eligible to participate in the Plan may not vote on any matter affecting the administration of the Plan or the grant of any option pursuant to the Plan.

(b) If a Committee is established to administer the Plan, no member of the Board who is eligible to participate in the Plan may be a member of the Committee.

14. **Designation of Beneficiary.**

(a) A participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to the end of the offering period but prior to delivery to him of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to the Exercise Date of the offering period.

(b) Such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

15. **Transferability.** Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in paragraph 14 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds in accordance with paragraph 10.

16. **Use of Funds.** All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

17. **Reports.** Individual accounts will be maintained for each participant in the Plan. Statements of account will be given to participating Employees semi-annually promptly following the Exercise Date, which statements will set forth the amounts of payroll deductions, the per share purchase price, the number of shares purchased and the remaining cash balance, if any.

18. **Adjustments Upon Changes in Capitalization.** Subject to any required action by the stockholders of the Company, the number of shares of Common Stock covered by each option under the Plan which has not yet been exercised and the number of shares of Common Stock which have been authorized for issuance under the Plan but have not yet been placed under option (collectively, the "Reserves"), as well as the price per share of Common Stock covered by each option under the Plan which has not yet been exercised, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split or the payment of a stock dividend (but only on the Common Stock) or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration". Such adjustment shall be made by the Board, whose determination in

that respect shall be final, binding and conclusive. Except as expressly provided herein, no issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

The Board may, if it so determines in the exercise of its sole discretion, also make provision for adjusting the Reserves, as well as the price per share of Common Stock covered by each outstanding option, in the event that the Company effects one or more reorganizations, recapitalizations, rights offerings or other increases or reductions of shares of its outstanding Common Stock, and in the event of the Company being consolidated with or merged into any other corporation.

19. **Amendment or Termination.** The Board of Directors of the Company may at any time terminate or amend the Plan. No such termination can affect options previously granted, nor may an amendment make any change in any option theretofore granted which adversely affects the rights of any participant, nor may an amendment be made without prior approval of the stockholders of the Company if such amendment would:

- (a) increase the number of shares that may be issued under the Plan;
- (b) Permit payroll deductions at a rate in excess of ten percent (10%) of the participant's Compensation;
- (c) Modify the requirements concerning which employees (or class of employees) are eligible for participation in the Plan; or
- (d) Materially increase the benefits which may accrue to participants under the Plan.

20. **Notices.** All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

21. **Stockholder Approval.** Continuance of the Plan shall be subject to approval by the stockholders of the Company within twelve months before or after the date the Plan is adopted. If such shareholder approval is obtained at a duly held stockholders' meeting, it may be obtained by the affirmative vote of the holders of a majority of the outstanding shares of the Company present or represented and entitled to vote thereon, which approval shall be:

- (a) (1) solicited substantially in accordance with Section 14(a) of the Securities Act of 1934, as amended (the "Act") and the rules and regulations promulgated thereunder, or (2) solicited after the Company has furnished in writing to the holders entitled to vote substantially the same information concerning the Plan as that which would be required by the rules and regulations in effect under Section 14(a) of the Act at the time such information is furnished; and
- (b) obtained at or prior to the first annual meeting of stockholders held subsequent to the first registration of Common Stock under Section 12 of the Act.

In the case of approval by written consent, it must be obtained by the unanimous written consent of all stockholders of the Company.

22. **Conditions Upon Issuance of Shares.** Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.
