PHILLIPS-VAN HEUSEN CORPORATION

PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

June 13, 2006

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of PHILLIPS-VAN HEUSEN CORPORATION to be used at the Annual Meeting of Stockholders, which will be held at The Graduate Center City University of New York, 365 Fifth Avenue, Proshansky Auditorium, Concourse Level, New York, New York, on Tuesday, June 13, 2006, at 10:00 a.m., and at any adjournments thereof.

Our principal executive offices are located at 200 Madison Avenue, New York, New York 10016-3903. The approximate date on which this Proxy Statement and the enclosed proxy card were first sent or given to stockholders was May 9, 2006.

VOTING INFORMATION

Stockholders who execute proxies retain the right to revoke them at any time by notice in writing to the Secretary of the Company, by revocation in person at the meeting or by presenting a later dated proxy. Unless so revoked, the shares represented by proxies will be voted at the meeting. The shares represented by the proxies solicited by our Board of Directors will be voted in accordance with the directions given therein. Stockholders vote at the meeting by casting ballots (in person or by proxy) which are tabulated by a person who is appointed by the Board of Directors before the meeting to serve as inspector of elections at the meeting and who has executed and verified an oath of office. Abstentions and broker "non-votes" are included in the determination of the number of shares present at the meeting for quorum purposes. Abstentions will have the same effect as negative votes, except that abstentions will have no effect on the election of directors because directors are elected by a plurality of the votes cast. Broker "non-votes" are not counted in the tabulations of the votes cast on proposals presented to stockholders because shares held by a broker are not considered to be entitled to vote on matters as to which broker authority is withheld. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Under existing New York Stock Exchange rules, brokers do not have discretionary voting power with respect to the proposal to approve the 2006 Stock Incentive Plan.

Common stockholders of record at the close of business on April 19, 2006 will be entitled to one vote for each share of our Common Stock then held. There were outstanding on such date 43,627,606 shares of Common Stock. Holders of record of our Series B Convertible Preferred Stock at the close of business on April 19, 2006 will be entitled to one vote for each share of Common Stock into which their shares of Series B Preferred Stock are convertible as of the record date. As of such date, there were 6,116.26 shares of Series B Preferred Stock outstanding that were convertible into 11,566,119 shares of Common Stock. The Common Stock and the Series B Preferred Stock were the only outstanding classes of voting stock outstanding as of the record date.

Members of the family of Edward C. Johnson 3rd may be deemed to form a controlling group with respect to FMR Corp. Edgar Filing: PHILLIPS VAN HEUSEN CORP /DE/ - Form PRE 14A

Each of Edward C. Johnson 3rd and FMR Corp., through control of Fidelity Management Trust Company, has sole dispositive power over 208,070 shares of Common Stock and sole voting power over 189,870 shares of Common Stock. Fidelity International Limited, a foreign-based subsidiary of FMR Corp. which provides investment advisory and management services, is the beneficial owner of 57,000 shares of Common Stock. FMR Corp. and Fidelity International Limited are of the view that they are not acting as a "group" for purposes of Section 13(d) under the Securities Exchange Act of 1934, as amended, and that they are not otherwise required to attribute to each other the beneficial ownership of securities beneficially owned by the other corporation. However, FMR Corp. filed the Schedule 13G on a voluntary basis as if all of the shares are beneficially owned by FMR Corp. and Fidelity International Limited on a joint basis. Information as to the shares of Common Stock that may be deemed beneficially owned by FMR Corp., Edward C. Johnson 3rd, Fidelity Management & Research Company and the Fa Mid Cap Stock Fund (other than percentage ownership) is as of December 31, 2005, as set forth in a Schedule 13G dated February 14, 2006 and filed with the SEC.

Fund may direct the vote of shares of Common Stock held in the Master Trust for the PVH Stock Fund only with respect to tender or exchange offers subject to Section 13(e) or Section 14(d) of the Exchange Act, and matters which, if approved or disapproved, would result in a change in control of Phillips-Van Heusen Corporation (as defined in the AIPs). The committee that administers the AIPs has the right to vote such shares for all other matters. These participants also have the right, subject to certain limitations, to receive a distribution of shares of Common Stock held for their benefit in the Master Trust, but the committee makes all other decisions regarding the disposition of Common Stock held in the Master Trust.

Christian Näther is a partner of Apax Partners Beteiligungsberatung GmbH. Apax Partners Europe Managers Limited and Apax Europe V GP Co. Limited, which may be deemed to be affiliates of Apax Partners Beteiligungsberatung GmbH, together beneficially own the 6,116.26 outstanding shares of our Series B Preferred Stock, which are currently convertible into 11,566,119 shares of Common Stock (21.04%). See Note 1 to the prior table.

Mr. Weber served as our Chief Executive Officer for part of our most recently completed fiscal year, as well as serving as one of our directors for the entire year. His employment by us terminated on February 27, 2006, on which date he also resigned as a director.

The figures in the foregoing table include 190 shares held by Mr. Klatsky's child, as to which Mr. Klatsky has disclaimed beneficial ownership.

The foregoing table also includes shares which the following directors, nominees for director and Named Executive Officers have the right to acquire within 60 days of April 19, 2006 upon the exercise of options granted under the Company's stock option plans: Emanuel Chirico, 110,000 shares; Edward H. Sirkin, 71,250 shares; Mark Weber, 300,000 shares; and all of our current directors, nominees for director and executive officers as a group, 729,642 shares.

ELECTION OF DIRECTORS

Directors

Our Board of Directors has established 14 as the number of directors constituting the entire Board. Under the Certificate of Designations, Preferences and Rights for our Series B Preferred Stock, the holders of that stock have the right to elect as a class up to three of our directors. Currently, by agreement, the Apax affiliates that hold the outstanding shares (*see* the earlier section entitled "SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT" for identification of the Apax affiliates) are entitled to elect only one director. In addition, as a result of the pending acquisition of Tommy Hilfiger Corporation by affiliates of the Apax affiliates, the Apax affiliates have agreed to relinquish their right to elect any directors. *See* "PROPOSED AMENDMENT TO CERTIFICATE OF INCORPORATION TO AMEND THE RIGHT OF THE HOLDERS OF OUR SERIES B CONVERTIBLE PREFERRED STOCK TO ELECT, SEPARATELY AS A CLASS, UP TO THREE OF OUR DIRECTORS" later in this proxy statement for a discussion of the proposal to amend our Certificate of Incorporation to amend the Apax affiliates' right to elect, as a class, any of our directors.

Our Board of Directors currently consists of 11 members, 10 of whom were elected by the holders of the Common Stock and Series B Preferred Stock voting together and one of whom was elected solely by the holders of the Series B Preferred Stock. We refer to directors elected solely by the holders of the Series B Preferred Stock as our "Series B Directors". Dr. Harry N.S. Lee, one of the current directors elected by the holders of the Common Stock and Series B Preferred Stock, requested not to be nominated for re-election and will be retiring as a director at the end of his term. As a result, we currently have three vacancies on the board, will have a fourth upon Dr. Lee's retirement and will have a fifth if the Series B Director resigns, as is anticipated, as discussed above. The Nominating & Governance Committee of our Board intends to seek qualified candidates to fill these vacancies. Proxies cannot be voted at the meeting for more than nine people.

All members of the Board of Directors, other than the Series B Directors, are elected by the stockholders at the Annual Meeting of Stockholders of the Company for a term of one year or until their successors are elected and qualified. All of the nominees for director have previously been elected directors of the Company by the stockholders.

The election of directors requires the affirmative vote of a plurality of the votes cast in person or by proxy at the meeting. At this time, the Board of Directors knows of no reason why any nominee might be unable to serve. There is no arrangement or understanding between any director or nominee and any other person pursuant to which such person was selected as a director or nominee, except as described below with respect to the Series B Directors.

The Board of Directors recommends a vote FOR the election of the nine nominees named below. Proxies received in response to this solicitation will be voted FOR the election of the nominees unless otherwise specified in a proxy.

Edgar Filing: PHILLIPS VAN HEUSEN CORP /DE/ - Form PRE 14A

Mr. Cohen, who was a partner in the law firm of Rosenman & Colin LLP until its February 1, 2002 merger with Katten Muchin Zavis, at which time he retired and became counsel to the merged firm, Katten Muchin Zavis Rosenman, which has since been renamed Katten Muchin Rosenman LLP;

Mr. Klatsky, who had been our Chief Executive Officer from 1994 until June 14, 2005;

Mr. Maggin, who from 1999 until 2002 was also the Chief Executive Officer of TDN, Inc. (d/b/a at TV Media, Inc.), a marketer of interactive television advertising;

Mr. Nasella, who was Chairman of Online Retail Partners, Inc., a venture capital and information technology services company, from 1999 until 2001, and a Venture Partner of Apax Partners, an international private equity investment group, from 2001 until 2005;

Mr. Näther, who was a partner of McKinsey & Company, a management consulting firm, from 1993 to 2001; and

Dr. Rodriguez, who has also been self-employed in the field of international finance since 1999 and was a full-time member of the Board of Directors of the Export-Import Bank of the United States from 1982 to 1999.

Our Board of Directors has determined the independence (or lack thereof) of each of the Company's directors and nominees for director and, as a result thereof, concluded that a majority of our directors are independent, as required under the rules of the New York Stock Exchange. Our Common Stock is listed for trading on the New York Stock Exchange. Specifically, our Board determined that Dr. Rodriguez and each of Messrs. Cohen, Fuller, Grosman, Maggin, Nasella and Näther are independent under Section 303A(2) of the New York Stock Exchange rules. In making such determinations, the Board considered (i) whether a director had, within the last three years, any of the relationships under Section 303A(2)(b) of the New York Stock Exchange rules with us which would disqualify a director from being considered independent, (ii) whether the director had any disclosable transaction or relationship with us under Item 404 of Regulation S-K of the Exchange Act, which relates to transactions and relationships between directors and their affiliates, on the one hand, and us and our affiliates (including management), on the other, and (iii) the factors suggested in the New York Stock Exchange's Commentary to Section 303A(2), such as a commercial, consulting and other relationship, or other interactions with management that do not meet the absolute thresholds under Section 303A(2) or Item 404(a) or 404(b) but which, nonetheless, could reflect upon a director's independence from management. In considering the materiality of any transactions or relationships that do not require disqualification under Section 303A(2)(b), the Board considered the materiality of the transaction or relationship to the director, the director's business organization and us and whether the relationship between (i) the director's business organization and the Company, (ii) the director and the Company and (iii) the director and his business organization interfered with the director's business judgment.

No family relationship exists between any director or executive officer of the Company.

Committees and Meetings

Our Corporate Governance Guidelines provide that each member of our Board of Directors is expected to use reasonable efforts to attend, in person, or by telephone, all meetings of the Board and of any committees of which they are a member as well as the annual meeting of stockholders. All of the members of the Board attended the 2005 Annual Meeting of Stockholders.

During the fiscal year ended January 29, 2006, there were six meetings of the Board of Directors. All of the directors attended at least 75% of the aggregate number of meetings of the Board of Directors and the Committees of the Board of Directors on which they served held during the fiscal year.

Our non-management directors meet regularly in executive sessions or in separate meetings without management or the management directors, and our independent directors meet at least once a year without the non-independent directors. Mr. Klatsky presides at the executive sessions of the non-management directors. Prior to Mr. Klatsky's retirement as one of our employees, Mr. Fuller and before him, David A. Landau, presided at the executive sessions. Mr. Landau was a Series B Director until June 14, 2005. He was not re-elected as a Series B Director after resigning as a partner of Apax Partners, an affiliate of the Apax affiliates.

Our Board of Directors has a standing Audit Committee, a standing Compensation Committee and a standing Nominating & Governance Committee. Pursuant to an Investors Rights Agreement between the Company and the holders of the Series B Preferred Stock, such holders have the right to designate a Series B Director for each such committee, subject to applicable law, rule and regulation. Our Board has determined that

the Series B Directors do not satisfy the independence requirements under New York Stock Exchange rules for service on the Audit Committee.

Audit Committee

The Audit Committee is currently composed of Dr. Rodriguez and Messrs. Cohen and Maggin. Peter J. Solomon, a former director, served as a member of the Committee from the date of our 2004 Annual Meeting of Stockholders until April 21, 2005, on which date he was replaced by Mr. Grosman. Mr. Grosman was a member of the Committee from April 21, 2005 until the date of our 2005 Annual Meeting of Stockholders. Dr. Rodriguez replaced Mr. Grosman on the Committee effective June 14, 2005, upon her initial election to the Board. Each of Dr. Rodriguez, Messrs. Cohen and Maggin has been (and Messrs. Grosman and Solomon had been) determined by the Board to be independent for purposes of audit committee service under the New York Stock Exchange's listing standards. Mr. Maggin, the Chairman of the Committee, and Dr. Rodriguez have each been determined by the Board to be an "audit committee financial expert", as defined in Item 401 of Regulation S-K under the Exchange Act, and "independent", as contemplated in Item 7(d)(3)(iv) of Schedule 14A under the Exchange Act.

Our Board of Directors has adopted a written charter for the Audit Committee. We incurred \$11,655 during each of fiscal 2005, 2004 and 2003, as annual premiums for coverage for each of the Named Executive Officers, which amounts are reflected under this column.

Under our Educational Benefits Plan, children of eligible employees received reimbursement of tuition and room and board charges while attending an accredited college or vocational school. The plan was terminated in 1986, except with respect to children who were then covered by the plan. For fiscal 2005, 2004 and 2003, respectively, the benefits received by the Named Executive Officers, which are reflected under this column, were in the amounts of \$48,692, \$30,223 and \$62,969 for Mr. Weber.

**LONG-TERM INCENTIVE PLANS
AWARDS IN LAST FISCAL YEAR**

The following table sets forth information with respect to the awards made to the Named Executive Officers under the Long-Term Incentive Plan adopted by our stockholders at the 2005 Annual Meeting of Stockholders during fiscal 2005.

Name	Performance or Other Period Until Maturation of Payout	Estimated Future Payouts Under Non-Stock Price-Based Plans(1)		
		Threshold (\$)	Plan (\$)	Maximum (\$)
Emanuel Chirico	1/31/05 2/3/08	450,000	720,000	1,440,000
Mark Weber(2)	1/31/05 2/3/08	500,000	900,000	1,750,000

(1) Based on base salaries as of January 29, 2006. Actual payouts are based on the base salary in effect on the last day of the performance cycle.

(2) Under the terms of the plan, Mr. Weber is entitled to a pro rata payout if a target is achieved.

Awards were made to Messrs. Chirico and Weber under our 2005 Long-Term Incentive Plan during fiscal 2005. The payout (which is made in cash) of such awards requires the Company to achieve both earnings growth and improvement in return on equity, as determined by the Compensation Committee, based upon the Company's audited financial statements (excluding special items (both gains and expenses)) over the three-year performance cycle. Payouts, if earned, are based on a percentage of a participant's base salary in effect on the last day of the performance cycle. The range for the awards made in fiscal 2005 is 50% to 160% of base salary for Mr. Chirico and 50% to 175% of base salary to Mr. Weber. If the level of achievement falls between two of the targets, the award will be based on a percentage of the participant's base salary that is on a straight-line interpolation between the percentages for the two targets. No payouts will be made if the threshold targets are not satisfied.

If a participant dies or a change in control (as defined in the Long-Term Incentive Plan document) occurs during a performance cycle the participant or his or her estate will receive the target level bonus for such cycle, pro rated to reflect the portion of the cycle worked by the participant, within 30 days of the triggering event. If a participant becomes disabled or retires during a performance cycle, the participant or his or her estate will receive the bonus, if any, that would have otherwise been payable to the participant for such cycle, pro rated to reflect the portion of the cycle worked by the participant. If a participant has "good reason" protection under his or her employment agreement that permits him or her to terminate employment under circumstances tantamount to a constructive termination without cause (and receive the same treatment as if he or she was terminated without cause) and the participant terminates for good reason after the end of a performance cycle, the Compensation Committee has the discretion to make an award under the Plan. In all other cases, a participant must be employed by the Company on the payment date therefor or must have died, become disabled, retired under the Company's retirement plan or have been discharged without cause subsequent to the end of the performance cycle but prior to the date the award is paid in order to remain eligible to receive an award.

The benefits under our pension plans are generally based on a participant's career average compensation (except that pre-2000 benefits for current salaried employees are based on pre-2000 last five-years average compensation, unless the participant's career average compensation is greater than the last five-years average). Absent any election by a participant of an optional form of benefit, benefits under the pension plans become payable at the time of retirement, normally at age 65. Such benefits under the qualified pension plans for salaried employees are payable monthly for the life of the participant and, in most cases, for the life of such participant's surviving spouse, and benefits under the supplemental defined benefit plan are generally payable in a lump sum. Notwithstanding the method of payment of benefits under the pension plans, the amounts shown in the above table are shown in the actuarial equivalent amount of a life annuity. The benefits listed above are not subject to any deduction for Social Security or other offset amounts.

The credited years of service under the pension plans, as of January 29, 2006, for each of the Named Executive Officers is set forth in the following table.

**EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT
AND CHANGE-IN-CONTROL ARRANGEMENTS**

Current and Former Chief Executive Officers

Emanuel Chirico

We entered into an employment agreement with Mr. Chirico, our Chief Executive Officer, on March 3, 2005 that became effective on June 14, 2005, the date on which he became our President and Chief Operating Officer. (Prior to June 14, 2005 he had been our Executive Vice President and Chief Financial Officer. He became our Chief Executive Officer on February 27, 2006.) The agreement with Mr. Chirico provides for annual review of his salary and permits upward adjustments of salary. In addition, the agreement outlines Mr. Chirico's rights to severance upon termination of employment. Generally, he is entitled to severance only if his employment is terminated by the Company without "cause" or if he terminates his employment for "good reason" (each as defined in the agreement). In the event of a termination of employment without cause or for good reason (other than during the two-year period after a change in control), Mr. Chirico is entitled to two times his average annual cash compensation (*i.e.*, base salary and bonus) over the Company's last two completed fiscal years. All such payments are payable in accordance with our payroll schedule in 48 substantially equal installments. The agreement provides that during the period severance is paid for a termination without cause or for good reason (other than during the two-year period after a change in control), certain welfare benefits are continued for Mr. Chirico (and his family, to the extent participating prior to termination for employment), subject to cessation if he obtains replacement coverage from another employer (although there is no duty to seek employment or mitigate damages). Mr. Chirico is required to pay the active employee rate, if any, for such welfare benefits during the period severance is paid. Mr. Chirico also is entitled to severance upon the termination of his employment by the Company without cause, or by him for good reason, within two years after a change in control of the Company (as defined in the agreements). In either such case, he will receive a lump sum payment in an amount equal to three times the average annual total cash compensation (*i.e.*, base salary, bonus and LTIP) paid to or accrued for him during the two fiscal years preceding the date of termination. In addition, if any payments, entitlements or benefits received by Mr. Chirico under his agreement or otherwise are subject to the excise tax on excess parachute payments, he is entitled to an additional payment to restore him to the after-tax position that he would have been in if the excise tax had not been imposed. Mr. Chirico also receives comparable medical, dental, life and disability insurance coverage for himself and his family for the three years after termination. The agreement also includes certain restrictive covenants in favor of the Company, including provisions regarding the use of confidential information, non-competition, non-interference with business relationships and non-solicitation of employees. Mr. Chirico's employment agreement also provides for the amendment of his agreement under our capital accumulation program to increase his benefit by \$500,000 to \$2.0 million. The program is described below.

Bruce Klatsky

On April 12, 2004, we entered into an Employment Agreement with Mr. Klatsky that provided for the continuation of his employment as Chairman and Chief Executive Officer for a period of six years. On March 3, 2005, the Company and Mr. Klatsky entered into an amendment to the Employment Agreement which provided for him to relinquish the title and responsibilities of Chief Executive Officer effective on the date of the 2005 Annual Meeting of Stockholders and to retire as of the end of fiscal 2005. In addition, pursuant to the amendment, Mr. Klatsky was nominated for re-election as a director and appointed as Chairman until the 2006 Annual Meeting of Stockholders upon his re-election. On December 16, 2005, the Company and Mr. Klatsky entered into a further amendment to Mr. Klatsky's employment agreement that provided for (a) his retirement to be effective December 30, 2005, (b) his receipt of his full base salary that he would have received if he had remained employed through January 29, 2006 and (c) an amendment to our Supplemental Defined Benefit Plan to provide Mr. Klatsky with an additional benefit based on the difference between the value of the benefits he would have received under our qualified pension plan and the Supplemental Defined Benefit Plan on December 30, 2005 and the present value of those benefits as of December 30, 2005 if he had retired on January 29, 2006. Mr. Klatsky's retirement has effectively terminated his employment agreement, subject to certain post-retirement rights and obligations, including the following:

Mr. Klatsky has agreed to certain restrictive covenants governing competitive and other activities after employment, including a confidentiality provision, a provision prohibiting Mr. Klatsky from competing against the Company (other than after a change in control) and soliciting its customers and employees and a mutual non-disparagement clause; and

Mr. Klatsky and his wife are each entitled to continuation of their medical and dental benefits until each reaches age 65.

Mark Weber

We entered into an employment agreement with Mark Weber on March 3, 2005, which went into effect on June 14, 2005, the date on which he became our Chief Executive Officer. Mr. Weber's employment with the Company terminated on February 27, 2006. The termination of Mr. Weber's employment effectively terminated his employment agreement, subject to certain post-termination rights and obligations, including Mr. Weber's right to severance pay and his obligations pursuant to certain restrictive covenants, some of which were amended in connection with his termination. Under his employment agreement, Mr. Weber is entitled to severance in an amount equal to three times his average cash compensation (*i.e.*, base salary and bonus) for our 2004 and 2005 fiscal years. This severance is payable in accordance with our payroll schedule in substantially equal semi-monthly installments, except that no amounts deemed to be deferred compensation under Section 409A of the Internal Revenue Code of 1986, as amended, will be paid to Mr. Weber prior to September 1, 2006, so as to avoid the additional tax that would be imposed on Mr. Weber under Code Section 409A if such payments were made prior to such date. All such amounts that would have otherwise been paid prior to September 1, 2006 will be paid on September 1, 2006, and we will pay interest on all such amounts that would have otherwise been paid prior to September 1, 2006 at the 10-year T-bill rate as of January 2, 2006. The agreement also provides that during the period Mr. Weber's severance is paid and until he attains age 65, certain welfare benefits are continued for him (and members of his family, to the extent they were participating prior to termination for employment), but subject to cessation if Mr. Weber obtains replacement coverage from another employer (although there is no duty to seek employment or to mitigate). Mr. Weber is required to pay the active employee rate for such welfare benefits. In addition, all unvested outstanding stock options granted to Mr. Weber pursuant to any of our stock option plans vested immediately and he has until the earlier of (x) three years from the termination date and (y) the scheduled expiration date of each option to exercise the outstanding stock options, other than options granted under our 1987 Stock Option Plan, which were only exercisable up to 30 days after Mr. Weber's last day of employment. The agreement also includes certain restrictive covenants in favor of the Company, including provisions prohibiting the use of confidential information and three-year solicitation of employees by Mr. Weber.

Senior Executive Group

We have employment agreements with 23 of our senior executives, including Messrs. Duane, Shaffer, Sirkin and Zaccaro. These agreements outline the compensation and benefits to be paid to these executives during their employment and permit us to both raise and lower salaries. In addition, the agreements outline the executives' rights to severance upon termination of employment. Generally, the executives are entitled to severance only if employment is terminated by us without cause (as defined in the agreements), in which case the severed officer is entitled to the greater of two weeks pay for each year of employment with us and one year's base salary. The executives are also only required to pay the active employee rate for medical and dental insurance during the period severance is paid. Additionally, the executives are entitled to severance upon the termination of their employment by us without cause (or by the executive for good reason) within two years after a change of control of the Company (as defined in the agreements). In either such case, the officer receives a lump sum payment in an amount equal to two times the average annual total cash compensation paid to or accrued for him or her during the two-year period preceding the date of termination. In addition, if any payments, entitlements or benefits received by an executive under his or her agreement are subject to the excise taxes on excess parachute payments, the executive is entitled to an additional payment to restore the executive to the after-tax position that he or she would have been in if the excise tax had not been imposed. The executive also receives comparable medical, dental and life insurance coverage for himself or herself and his or her family for a two-year period after termination. The agreements also include certain restrictive covenants in favor of the Company, including agreements regarding the use of confidential information, non-interference with business relationships, non-solicitation of employees and post-termination employment restrictions.

Other Arrangements

Under our capital accumulation program, the participants are party to individual agreements under which participants remaining in the employ of the Company until established target dates earn specified dollar amounts. The agreements provide that if a participant's employment with the Company is terminated following a change in control of the Company (as defined in such agreements), the full undiscounted value of the future payments to be made to the participant thereunder become immediately payable in a lump sum. The benefits under the capital accumulation program agreements are forfeited upon a termination of a participant's employment for cause. Further, each participant's rights are subject to non-competition and non-disclosure restrictions that automatically terminate upon a change in control of the Company. Messrs. Weber, Chirico and Sirkin are each parties to an agreement with us under the capital accumulation program and the Board has agreed to enter into such an agreement with Mr. Duane.

Edgar Filing: PHILLIPS VAN HEUSEN CORP /DE/ - Form PRE 14A

All options that were previously granted under any of our stock option plans and which have not expired or been otherwise cancelled become immediately exercisable in full upon a change in control of the Company.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal year 2005, the members of the Compensation Committee included from January 31, 2005 until June 14, 2005, Marc Grosman and David A. Landau, and from and after that date, Mr. Grosman, Henry Nasella and Christian Näther. Mr. Landau was, and Mr. Näther is, the Series B Director designee to the Committee. There were no interlocks or insider participations as defined in the proxy regulations of the SEC.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation Committee Purpose and Function

The Compensation Committee is charged with discharging the Board's responsibilities relating to the compensation of the Chief Executive Officers and all of the Company's other "executive officers". "Executive officers" is defined by the New York Stock Exchange as all "officers" and "executive officers" under Rule 16a-1(f) of the Exchange Act. The Committee also has overall responsibility for approving or recommending to the Board approval of and/or evaluating all compensation plans, policies and programs of the Company and is responsible for producing the annual report on executive compensation required to be included in the Company's proxy statement for each annual meeting of stockholders.

The Compensation Committee's membership is determined by the full Board. Pursuant to New York Stock Exchange rules and the Committee's charter, members must be independent. The Committee is currently composed of Messrs. Grosman, Nasella and Näther.

As anticipated in, and permitted under, the Compensation Committee's charter, the Committee engages a compensation consultant to advise it on all matters related to the compensation of the Chief Executive Officer and the other executive officers and the Company's compensation plans. The same compensation consultant currently being used by the Committee has also consulted with the Nominating & Governance Committee on director compensation.

Compensation Objectives

The Compensation Committee has structured the Company's executive officer compensation program primarily:

- (i) to compensate its executive officers on an annual basis with a stable, secure cash salary at a sufficiently high level to retain and motivate these officers and to attract new executives when necessary;
- (ii) to provide short-term incentives to executive officers to attain certain financial targets and to reward certain accomplishments or activities;
- (iii) to link a portion of its executive officers' compensation to long-term increases in value created for the Company's stockholders by the efforts of these officers; and
- (iv) to be consistent with the Company's high ethical standards.

To meet these goals, the Committee considers both objective and subjective factors in making compensation decisions for individuals and in establishing compensation plans, policies and programs. These factors include, but are not limited to, compensation practices of competitors, relative compensation within the executive group, individual, business unit and corporate performance, seniority, job responsibility, potential for advancement and the recommendations of the top executive officers, including the Chief Executive Officer.

Compensation Procedure and Philosophy

Compensation for executive officers has both short-term and long-term components, as well as a benefits component. The short-term components are base salary and annual bonuses, principally under the Company's Performance Incentive Bonus Plan. The long-term components are stock options and, solely for Messrs. Chirico and Weber in fiscal 2005, the Company's Long-Term Incentive Plan. In establishing future executive officer compensation

packages, the Compensation Committee may adopt additional long-term incentive and/or annual incentive plans to meet the needs of changing employment markets and economic, accounting and tax conditions. It is for this reason that the Committee adopted, and recommended the Board approve, the 2006 Stock Incentive Plan that is being submitted to a vote at the meeting. In addition to stock options, the proposed plan permits awards of other stock-based incentive and performance-based compensation that permits additional flexibility in the design of compensation packages.

The Company's compensation program does not rely to any significant extent on pension and welfare benefits or perquisites. However, the Compensation Committee believes that the pension and welfare benefit plans are generally competitive. The benefits offered to executive officers serve a different purpose than do the other components of compensation. In general, they are designed to provide a safety net of protection against the financial catastrophes that can result from illness, disability or death, and to provide a reasonable level of retirement income based on years of service with the Company. Benefits offered to executive officers are those that are offered to the general employee population, with some variation, primarily to promote tax efficiency and replacement of benefit opportunities lost due to regulatory limits. Perquisites are limited and generally consist of discounts in Company retail stores available to all employees and, in certain cases, clothing allowances, gym and club memberships, premium credit cards and spousal travel.

The Compensation Committee reviews annually the Company's executive officer compensation program, as well as the compensation package of each covered executive. As part of this review, the Committee considers a study compiled by its compensation consultant of compensation packages for an industry peer group and, when appropriate, published compensation benchmark surveys. While the Committee has not in the past used tally sheets, it has quantified and considered severance, retirement payments and the like in considering compensation packages when appropriate. The Committee has instituted the use of tally sheets for the current year for the Named Executive Officers.

The Compensation Committee believes that the Company's executive officers constitute a highly qualified management team that has been largely responsible for the Company's success. In 2005, the Compensation Committee targeted the compensation levels of the top three executives, Messrs. Chirico, Klatsky and Weber, to approximate the competitive median if the Company achieves its budget plan, to exceed the median and approach the 75th percentile of competitive compensation levels if the plan is exceeded and to be below the competitive median if the budget plan is not attained, and generally follows a similar approach with respect to the other executive officers.

Base Salaries

Annual salaries are determined by evaluating the performance of the Company and of each individual executive officer, the performance of their division for operational executives, as well as the other general factors discussed above. In evaluating overall performance and results of particular operations of the Company, the Compensation Committee reviews the extent to which the Company or the particular operations achieved budgeted estimates for sales, gross and after-tax margins and earnings per share. Where appropriate, the Committee may also consider non-financial performance measures, including promotion, expansion of responsibilities, execution of special or difficult assignments and a demonstrated commitment to the welfare and dignity of the Company's employees. Finally, the Committee takes into account the relative salaries of the executive officers and determines what it believes are appropriate compensation level distinctions between and among the executive officers, including between the Company's Chief Executive Officer and the other executive officers. There is no specific relationship between achieving or failing to achieve the budgeted estimates or the Company's relative results and the annual salaries determined by the Committee for any of the executive officers. No specific weight is attributed to any of the factors considered by the Committee; the Committee considers all factors and makes a subjective determination, based upon the experience of its members, the information and analysis provided by its compensation consultant and the recommendations of the Company's top three executive officers, including the Chief Executive Officer.

Short-Term Incentives

Performance Incentive Bonus Plan. Under the 2005 Performance Incentive Bonus Plan, the Company's senior executives, including the Named Executive Officers, can receive a bonus based on annual earnings targets for the Company as a whole, in the case of senior corporate executives, including the Chief Executive, Chief Operating and Chief Financial Officers or, in the case of the Vice Chairmen and the other senior divisional executives, annual earnings targets for their respective divisions. The purpose of the Plan is to provide cash compensation on an annual basis that is at-risk and contingent on the achievement of overall Company performance or divisional performance, as appropriate. The Compensation Committee established earnings targets for fiscal 2005 for the executive officers, excluding special items (including costs of the secondary offering completed in June 2005). The targets were based upon the budget reviewed and approved by the Board for fiscal 2005. The targets provided for the threshold earnings levels (below which no bonus

would be paid), target earnings levels, and maximum earnings levels (above which no additional bonus is earned), and the percentage of base salary payable for the achievement of such targets (with achievement of levels between targets equal to a percentage of base salary that is on a straight-line interpolation between the two targets). In accordance with the provisions of the Plan, the amount of each Named Executive Officer's bonus payment for fiscal 2005 was determined by the end of the first quarter of the current fiscal year. Each of the Named Executive Officers earned bonuses at or near the maximum level for fiscal 2005. These bonuses were paid in the first quarter of the current fiscal year.

Discretionary Bonuses. The Compensation Committee has the authority to award annual bonuses to executive officers on a discretionary basis. The Committee typically awards discretionary bonuses for undertaking additional duties or accomplishing specific projects or achieving specific benefits for the Company, such as special efforts in connection with a transaction or the disposition on favorable terms of corporate assets. The Committee may also award discretionary bonuses based on other factors. Messrs. Sirkin and Shaffer each received a discretionary bonus with respect to fiscal 2005. The Committee has the authority to place restrictions, such as a vesting period, on any discretionary bonus it awards to an executive officer.

Long-Term Incentives

Stock Options. The Company currently has in effect three stock option plans, the 1997 Stock Option Plan, the 2000 Stock Option Plan and the 2003 Stock Option Plan under which options to purchase Common Stock are granted. In addition, options to purchase Common Stock under the Company's 1987 Stock Option Plan are still outstanding. The Company's option plans are administered by the Compensation Committee. Stock options are designed to align the interests of grantees with those of the stockholders and their value is at-risk. The stock option grants made in fiscal 2005 to participants, including the executive officers, were made under the 2003 Plan. Generally options may not be exercised until the first anniversary of the date of grant and do not become fully exercisable until the fourth anniversary of the date of the grant. The stock options granted to the executive officers (and other grantees) generally remain exercisable during employment until the tenth anniversary of the date of grant. The terms of the grants made in 2005 were consistent with the annual grants made in recent years. The Committee believes that this approach provides an incentive to the executive to increase stockholder value over the long term, since the full benefit of the options granted cannot be realized unless stock price appreciation occurs over a number of years. The Committee is reviewing the Company's continued use of stock options as a material component of its compensation structure for executive officers, as well as considering changes to its approach, in part due to the adoption by the Financial Accounting Standards Board of a rule requiring the expensing of options, which became effective for the Company at the beginning of the current fiscal year. For this reason, the Committee adopted and recommended the Board approve the 2006 Stock Incentive Plan that is being submitted to a vote at the meeting. The new plan would permit other types of stock-based awards, including restricted stock, restricted stock units, SARs and performance shares. The Committee currently expects that it will continue to make option grants, although the number of options granted and the types of options granted (incentive versus non-qualified) have changed and the Committee may consider other changes, such as limiting the number of optionees.

The annual option grants for 2005 were made in May 2005 to approximately 325 of the key employees of the Company, including the Named Executive Officers, other than Mr. Klatsky. The annual grants for 2006 were made in January 2006 to approximately 322 of the key employees of the Company, including the Named Executive Officers, other than Mr. Klatsky. Each such individual received a fixed number of shares relative to his or her salary range and position within the Company. Options were granted to the executive officers in an amount such that the value of the award, when combined with base salaries, potential bonuses under the Performance Incentive Bonus Plan and, in the case of the top three executive officers, potential payouts under the Long-Term Incentive Plan, would generally provide for compensation consistent with the philosophy described above.

Long-Term Incentive Plan. The Long-Term Incentive Plan provides for the payment of cash awards upon the achievement of goals established by the Compensation Committee at the beginning of each performance cycle. In fiscal 2005, consistent with prior awards, the Committee established goals for Messrs. Chirico and Weber, the only participants in the plan for the fiscal 2005-2007 cycle, which require the Company to achieve both earnings growth and improvement in return on equity over the three-year performance cycle. The goals exclude special items. The targets provide for payouts at threshold, target and maximum percentages of base salary if the target is achieved (with achievement between targets being equal to a percentage of base salary that is on a straight-line interpolation between the two targets). The amount of a participant's payout, if any, is determined by the Committee, by the end of the first quarter of the fiscal year immediately following the end of the performance cycle. See "Executive Compensation Long-Term Incentive Plans Awards in Last Fiscal Year." Messrs. Chirico, Klatsky and Weber received payouts at the maximum levels in the current fiscal year with respect to the three-year performance cycle ended January 29, 2006.

Chief Executive Officer Compensation

Messrs. Klatsky and Weber served as our Chief Executive officers in fiscal 2005. The Compensation Committee made decisions about Mr. Klatsky's fiscal 2005 compensation after review with the full Board. The decisions included no increase in base salary or change in his bonus opportunity under the Performance Incentive Bonus Plan.

Mr. Klatsky received for fiscal 2005 a compensation package (base salary and short- and long-term incentive compensation opportunities) that the Compensation Committee believes is reasonable and competitive and reflected both Mr. Klatsky's and the Company's performance, as well as his 33 year tenure with the Company, including 12 years as Chief Executive Officer and 11 years as Chairman. Prior to fiscal 2004, Mr. Klatsky had been receiving base salary, annual stock option grants and, in more recent years, annual bonus and long-term incentive plan opportunities. In April 2004, the Company entered into an employment agreement with Mr. Klatsky. In connection with entering into the agreement, and in consideration of a special option grant, Mr. Klatsky agreed to forego participation in any long-term compensation plan. As a result, Mr. Klatsky did not in fiscal 2004 or fiscal 2005 receive an annual grant of stock options. Additionally, he was not a participant in the performance cycles that began in fiscal 2004 and fiscal 2005 under the Company's then effective Long-Term Incentive Plan.

Mr. Klatsky announced in early fiscal 2005 that he would relinquish the title and responsibilities of Chief Executive Officer on the date of the 2005 annual meeting and retire at the end of the year. In connection therewith, Mr. Weber was named to succeed Mr. Klatsky as Chief Executive Officer and the Company entered into a new employment agreement with Mr. Weber. The agreement provided for an increase of Mr. Weber's base salary from \$1,100,000 to \$1,200,000. In addition, his option grants and potential bonus and LTIP payout percentages were increased. The compensation package was reviewed with, and approved by, the full Board. The Committee believes the package was reasonable and competitive and reflected Mr. Weber's and the Company's performance, as well as his 33 year tenure with the Company, including having served as President and Chief Operating Officer since 1998.

Federal Income Tax Deductibility of Executive Compensation

Section 162(m) of the Code limits the amount of compensation a publicly held corporation may deduct as a business expense for Federal income tax purposes. The deductibility limit, which applies to a company's chief executive officer and the four other most highly compensated executive officers (as defined in the Exchange Act), is \$1 million, subject to certain exceptions. The exceptions include the general exclusion of performance-based compensation from the calculation of an executive officer's compensation for purposes of determining whether his or her compensation exceeds the deductibility limit. Compensation paid or received under the Performance Incentive Bonus Plan, the Long-Term Incentive Plan and the Company's stock option plans is intended to satisfy the requirements for full deductibility. Nonetheless, the Compensation Committee recognizes that in certain instances it may be in the best interest of the Company to provide compensation that is not fully deductible and has done so, such as with the base salaries that were paid to Messrs. Klatsky and Weber.

Stock Ownership

To ensure that management's interests remain aligned with stockholders' interests, the Company encourages key executives to retain shares acquired pursuant to the exercise of stock options. In addition, employees of the Company, including the executive officers, may acquire Common Stock through the AIPs, subject to certain limitations on the amount an employee can contribute to or hold in the PVH Stock Fund. Many of the Company's executive officers have a significant portion of their AIP accounts invested in the PVH Stock Fund.

**PROPOSED AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO AMEND THE
RIGHT OF THE HOLDERS OF OUR SERIES B CONVERTIBLE PREFERRED STOCK TO
ELECT, SEPARATELY AS A CLASS, UP TO THREE OF OUR DIRECTORS**

Our Certificate of Incorporation, as amended by the "Certificate of Designations, Preferences and Rights of the Series B Convertible Preferred Stock of Phillips-Van Heusen Corporation" (which we refer to herein as the "Certificate of Designations") provides the holders of our Series B Preferred Stock with the right to elect up to three of our directors. This right is set forth in Section 9(d) of the Certificate of Designations.

Our Board of Directors has adopted, subject to stockholder approval, a resolution providing for the amendment of Section 9(d) of the Certificate of Designations. The effect of the approval of this proposal would be that the right of our Series B Preferred Stockholders to elect any of our directors separately as a class would be immediately reduced to one and eliminated altogether upon the consummation of the acquisition of Tommy Hilfiger Corporation by affiliates of the Apax affiliates or any of their affiliates. Approval of the amendment requires the affirmative vote of the holders of a majority of the shares of the outstanding Common Stock and Series B Preferred Stock, each voting separately as a class.

The text of the proposed amendment is set forth on Exhibit A hereto.

The Board of Directors recommends a vote FOR the approval of the proposed amendment to our Certificate of Incorporation.

Background and Purpose

The Series B Preferred Stock was sold in February 2003 to raise a portion of the purchase price for our acquisition of Calvin Klein, Inc. and certain related companies. Under the Certificate of Designations, the purchasers of the Series B Preferred Stock, which include the Apax affiliates, the current holders, and affiliates of theirs that have since converted their shares of Series B Preferred Stock into shares of our Common Stock and sold the Common Stock in a public offering, are entitled to elect, separately as a class, three of our directors, so long as they own at least 65% of the shares of Series B Preferred Stock sold; two of our directors when such ownership is more than 35% and less than 65% of the shares of Series B Preferred Stock sold; and one if such ownership is more than 10% but less than 35% of the shares of Series B Preferred Stock sold.

In connection with the offering described in the preceding paragraph, the Apax affiliates agreed to reduce their right to elect directors separately as a class to two, regardless of whether or not their ownership decreased below 65% of the Series B Preferred Stock originally sold to them. Additionally, at the time of the offering, only one Series B Director was serving and the Apax affiliates agreed to reduce to one their right to elect directors separately as a class to one, regardless of whether or not their stock ownership exceeded 35% of the Series B Preferred Stock originally sold to them, if they did not elect a second director by December 31, 2005. The Apax affiliates did not so elect a second director. As such, the Apax affiliates have the right to elect only one director and, in connection with their agreement to reduce their right to elect directors, they also agreed to vote their shares in favor of an amendment to the Certificate of Designations to reflect their agreement.

On or about December 23, 2005, affiliates of the Apax affiliates announced that they had reached an agreement to acquire Tommy Hilfiger Corporation, a competitor of ours. As a result of the inherent conflict of interest that would exist if the Apax affiliates owned and controlled a competitor, the Apax affiliates agreed to cause their remaining director to resign on or before the completion of the acquisition and to amend the Certificate of Designations to eliminate their right to elect any of our directors.

For the foregoing reasons, the Board has proposed the amendment of the Certificate of Incorporation that provides for the amendment to Section 9(d) of the Certificate of Designations. Under the Delaware General Corporation Law, the holders of our Common Stock are required to vote on this amendment, voting separately as a class from the holders of the Series B Preferred Stock.

Proxies received in response to this solicitation will be voted FOR the proposal to amend the Company's Certificate of Incorporation unless otherwise specified in a proxy.

**PROPOSED AMENDMENT TO CERTIFICATE OF INCORPORATION TO INCREASE
THE AUTHORIZED SHARES OF OUR COMMON STOCK**

Our Certificate of Incorporation presently authorizes the issuance of 100,000,000 shares of Common Stock. As of April 19, 2006, 43,627,606 shares were outstanding, 5,257,554 shares were reserved for issuance upon the exercise of employee stock options, 11,566,119 shares were reserved for issuance upon the conversion of the outstanding shares of our Series B Preferred Stock and 320,000 shares were reserved for issuance upon the exercise of a warrant issued to Mr. Calvin Klein in connection with our 2003 acquisition of Calvin Klein, Inc. and certain related companies. Accordingly, there are currently only 26,483,933 shares that are unissued and not reserved for issuance.

Our Board of Directors has determined that it is in the best interest of the Company and our stockholders to amend our Certificate of Incorporation to increase the number of authorized shares of Common Stock from 100,000,000 to 240,000,000 shares. The authorization of an additional 140,000,000 shares of Common Stock is necessary to furnish sufficient authorized shares to provide us with flexibility to issue or reserve additional shares of our Common Stock without the expense or delay of a special meeting of stockholders. Shares of Common Stock may be used for general purposes, including stock splits, stock dividends, acquisitions, financing activities (such as offerings of Common Stock or of equity or debt securities convertible into Common Stock), stock-based compensation plans, and other corporate purposes.

The Board of Directors recommends a vote FOR the approval of the amendment to our Certificate of Incorporation.

The unreserved and unissued shares of Common Stock may be issued at such times, for such purposes and for such consideration as the Board of Directors may determine to be in the best interests of the Company and our stockholders and, except as otherwise required by applicable law or the rules and regulations of the New York Stock Exchange, without further authority from the Company's stockholders. The authorization of the additional shares of Common Stock sought by this proposal would not have any immediate dilutive effect on the proportionate voting power or other rights of existing stockholders. However, to the extent that the additional authorized shares of Common Stock are issued in the future, they may decrease existing stockholders' percentage equity ownership and, depending on the price at which they are issued, could be dilutive to then-existing stockholders and may have a negative effect on the market price of the Common Stock. Under our Certificate of Incorporation, stockholders do not have preemptive rights with respect to the additional shares of Common Stock being authorized, which means that stockholders do not have a prior right to purchase any new issue of Common Stock in order to maintain their proportionate ownership of Common Stock.

The authorized but unissued shares of Common Stock could be used in an attempt to prevent a change in control of the Company. For instance, such shares could be issued and sold to purchasers who support the Board in opposing a takeover bid or proxy contest which it might determine not to be in the best interests of the Company and our stockholders.

We have no present plan, agreement or understanding with respect to the issuance of such additional authorized shares of Common Stock for any purpose.

The text of the propose amendment to the Certificate of Incorporation is as follows:

Part A of Article FOURTH of the Certificate of Incorporation of the Corporation shall be amended to read:

"The total number of shares of all classes of stock which the Corporation shall have authority to issue is 240,150,000. 150,000 of said shares shall be of the par value of \$100 each and shall be designated Preferred Stock and 240,000,000 of said shares shall be of the par value of \$1 each and shall be designated Common Stock."

Approval of the amendment requires the affirmative vote of the holders of a majority of the votes eligible to be voted at the meeting.

Proxies received in response to this solicitation will be voted FOR the amendment unless otherwise specified in the proxy.

APPROVAL OF 2006 STOCK INCENTIVE PLAN

Introduction and Board Recommendation

Our Board has approved, upon the recommendation of the Compensation Committee and subject to stockholder approval, our 2006 Stock Incentive Plan. Approval of the 2006 Plan requires the affirmative vote of a majority of the votes cast on the proposal at the 2006 Annual Meeting of stockholders. If stockholders approve the 2006 Plan at the Annual Meeting, the 2006 Plan will become effective on April 27, 2006 and terminate on April 27, 2016. The 2006 Plan is intended to replace our existing 1997 Stock Option Plan, 2000 Stock Option Plan and 2003 Stock Option Plan as the principal source of the Company's equity compensation. If the 2006 Plan is approved, all of the existing option plans will terminate on the date of such approval, other than with respect to outstanding options under those plans. The outstanding options will continue to be governed by the applicable plan under which they were granted. Any shares of our Common Stock which are available under an existing plan for option grants, as well as any shares that become available because of cancellations and terminations of outstanding options without exercise (other than by reason of expiration), will be assigned to, and made available for issuance under, the 2006 Plan. The 2006 Plan permits the grant of the following types of incentive awards: (1) nonqualified stock options, (2) incentive stock options, (3) restricted stock, (4) restricted stock units ("RSUs"), (5) stock appreciation rights ("SARs"), (6) performance shares, and (7) other stock-based awards, each of which we refer to as an "Award".

To address potential stockholder concerns, we intend to keep average annual Awards for the three fiscal year period ending fiscal 2008 below 3.26% of the shares of Common Stock outstanding. This "burn rate" will be calculated as (i) the number of shares subject to Awards granted in each fiscal year by the Committee of our Board administering the 2006 Plan and reported in our periodic reports filed with the SEC, divided by (ii) the reported fiscal year end basic shares of our Common Stock outstanding. Awards settled in cash will not be included in the calculation of burn rate. Additionally, the 2006 Plan does not permit the repricing of options or SARs without the approval of stockholders or the granting of discounted options or SARs, or options with reload features, and does not contain any "liberal share counting" provisions.

The following summary of certain features of the 2006 Plan, as well as the definitions of each type of Award, is qualified in its entirety by reference to the full text of the 2006 Plan, which is attached as Exhibit B to this proxy statement. Capitalized terms that are used in the following summary but not defined above or below have the same meanings as set forth in the glossary to the 2006 Plan, which is included at the end of Exhibit B.

Our Board recommends a vote FOR the adoption of the 2006 Plan.

Nature and Purpose of the 2006 Plan

The purposes of the 2006 Plan are to induce certain individuals to remain in the employ, or to continue to serve as directors of, or consultants or advisors to, the Company and our present and future subsidiaries, to attract new individuals to enter into such employment or service, and to encourage such individuals to secure or increase on reasonable terms their stock ownership in the Company. Our Board believes that the 2006 Plan will promote continuity of management and increased incentive and personal interest in the welfare of the Company by those who are or may become primarily responsible for shaping and carrying out our long range plans and securing our continued growth and financial success.

Eligibility to Receive Awards

The 2006 Plan provides that Awards may be granted to our employees, non-employee directors (other than Series B Directors or directors elected solely by holders of any other class of our securities, other than our Common Stock) and consultants, except that incentive stock options may be granted only to employees. The approximate number of persons eligible to participate in the 2006 Plan is 325.

Duration and Modification

The 2006 Plan will terminate on April 26, 2016, or such earlier date as may be determined by our Board. Our Board may amend, suspend or terminate the 2006 Plan at any time; *provided, however*, that stockholder approval is required for any amendment to the extent necessary to comply with the New York Stock Exchange listing standards or applicable laws.

Administration

The 2006 Plan is administered by the Compensation Committee or such other committee of our Board that our Board may designate from time to time. The Committee must consist of two or more members of our Board who are intended to be "non-employee directors" within the meaning of Rule 16b-3 under the Exchange Act and "outside directors" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended. The members of the Committee are

appointed annually by our Board. Subject to the provisions of the 2006 Plan, the Committee has the authority to: (1) select the persons to whom Awards are to be granted, (2) determine whether and to what extent Awards are to be granted, (3) determine the size and type of Awards, (4) approve forms of Award agreement for use under the 2006 Plan, (5) determine the terms and conditions applicable to Awards, (6) establish performance goals for any performance period and determine whether such goals were satisfied, (7) subject to certain limitations, amend any outstanding Award, (8) construe and interpret the 2006 Plan and any Award agreement and apply its provisions and (9) subject to certain limitations, take any other actions deemed necessary or advisable for the administration of the 2006 Plan. The Committee may delegate its authority, to the extent permitted by applicable law, including its authority to grant Awards to participants who are not "insiders" subject to Section 16 of the Exchange Act or whose compensation is, or is likely to become, subject to the provisions of Section 162(m) of the Code. All decisions, interpretations and other actions of the Committee are final and binding on all persons, including the Company, its subsidiaries, employees, directors, consultants and their estates and beneficiaries.

Securities Subject to the 2006 Plan

The number of shares of Common Stock initially reserved for issuance under the 2006 Plan is 3,000,000, plus any shares available for issuance under the existing stock option plans, which as of the date of this proxy statement is approximately 915,000, as well as shares that become available due to the cancellation or termination (other than by reason of expiration) of any outstanding options under the existing plans. Shares will not be considered as having been issued under the 2006 Plan or the existing plans: (i) if they are deliverable under an Award granted under the 2006 Plan or an option granted under an existing plan that expires or is canceled, forfeited, settled in cash or otherwise settled without the delivery of shares and (ii) if they are issued pursuant to Awards that are assumed, converted or substituted in connection with a merger, acquisition, reorganization or similar transaction. For purposes of determining the number of shares available for grant as incentive stock options, only shares that are subject to an Award, or an option under an existing plan, that expires or is canceled, forfeited or settled in cash will be treated as not having been issued under the 2006 Plan or the existing plans. Furthermore, shares tendered in payment of the exercise price of an Award, shares withheld by the Company to satisfy withholding obligations and shares covered by a SAR to the extent that it is exercised, will not be added back to the reserve of shares available for issuance under the 2006 Plan. The shares issued pursuant to Awards may be authorized but unissued shares or treasury shares.

For purposes of calculating the usage of shares reserved under the 2006 Plan, a stock option and a SAR is counted as one share, a combination of a SAR and a stock option where the exercise of the stock option or SAR results in cancellation of the other, is counted as one share, and a grant of restricted stock, performance shares or other stock-based award is counted as three shares.

The market value of a Share as of April 19, 2006 was \$38.59.

Individual Limits

The maximum aggregate number of shares with respect to which Awards may be granted in any calendar year to any one participant is 500,000.

Stock Options

Under the 2006 Plan, the per share exercise price of any option cannot be less than the fair market value of our Common Stock on the date of grant.

Each option granted under the 2006 Plan will be evidenced by an Award agreement that will specify the exercise price, the term of the option, the number of shares to which the option pertains, and such other terms and conditions as the Committee determines; *provided, however*, that all options will become fully vested upon a termination of employment due to the optionee's retirement, which is defined for all purposes in the 2006 Plan as a termination of employment at or after age 63 other than for cause. In no event will an option granted under the 2006 Plan be exercised more than ten years after the date of grant. Optionees will not have any rights to dividend equivalents.

Payment for shares issued upon exercise of an option generally may be made in cash, by delivery of shares of Common Stock owned by the optionee, any other method permitted by the Committee, or a combination of any permitted payment method.

Stock Appreciation Rights

Each SAR grant will be evidenced by an Award agreement that will specify the exercise price, the term of the SAR and such other terms and conditions as the Committee determines; *provided, however*, that all SARs will become fully vested upon a termination of employment due to the grantee's retirement. The grant price of SARs may not be less than 100% of the fair market value of our common stock on the date of grant. SARs granted under the 2006 Plan expire as determined by the Committee, but in no event later than 10 years from the date of grant. Grantees will not have any rights to dividend equivalents.

Upon exercise of a SAR, the holder of the SAR will be entitled to receive payment in an amount equal to the product of (i) the difference between the fair market value of our Common Stock on the date of exercise over the grant price and (ii) the number of shares of our Common Stock for which the SAR is exercised. At the discretion of the Committee, payment to the holder of a SAR may be in cash, by delivery of shares of Common Stock owned by the grantee or in some combination thereof.

Restricted Stock and Restricted Stock Units

Each restricted stock or RSU grant will be evidenced by an Award agreement that will specify the periods of restriction, the number of shares of restricted stock granted and such other terms and conditions as the Committee determines. The initial value of an RSU will equal the fair market value of our Common Stock on the date of grant.

Except as otherwise provided in an Award agreement upon a termination of employment or a Change in Control or Subsidiary Disposition, an Award of restricted stock or RSUs will have a minimum period of restriction of three years which may, at the discretion of the Committee, lapse on a prorated, graded or cliff basis, as specified in the Award agreement.

In the Committee's discretion, holders of restricted stock may receive cash dividends with respect to all shares held, and holders of RSUs may receive dividend equivalents, subject to the terms of the respective Award agreements. RSUs (and any dividend equivalents) may be settled in shares of Common Stock, cash or a combination thereof, in the Committee's discretion.

Performance Shares

Each performance share grant will be evidenced by an Award agreement that will specify the applicable performance period(s) and performance measure(s), the number of performance shares granted and such other terms and conditions as the Committee determines.

The initial value of performance shares will equal the fair market value of our Common Stock on the date of grant. The Committee in its discretion may pay earned performance shares in shares of Common Stock or in cash, or a combination thereof.

Other Stock-Based Awards

The Committee has the right to grant other stock-based awards that may include, without limitation, grants of shares of Common Stock based on the attainment of performance goals, payment of shares of Common Stock as a bonus in lieu of cash based on performance goals, and the payment of shares of Common Stock in lieu of cash under our other incentive or bonus programs. The Committee will have the discretion to determine the vesting of any such Award, provided that, except as specified in an Award agreement upon a termination of employment or a Change in Control or Subsidiary Disposition, there will be a minimum vesting period of three years, which may in the Committee's discretion lapse on a prorated, graded or cliff basis (as specified in the Award agreement). An Award with a payment of shares in lieu of cash under any of our other incentive or bonus programs will not be subject to a minimum vesting period.

Performance-Based Awards

The Committee may grant Awards which are intended to qualify as "performance-based compensation" for purposes of deductibility under Section 162(m) of the Internal Revenue Code. For any such Award, the Committee will establish the performance objectives to be used within 90 days after the commencement of the performance period, or, if less, 25% of the performance period applicable to such Award. The performance objectives to be used shall be selected from the following list of measures: earnings, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization, earnings per Share, economic value created, market Share, net income (before or after taxes), operating

income, adjusted net income after capital charge, return on assets, return on capital (based on earnings or cash flow), return on equity, return on investment, revenue, cash flow, operating margin, Share price, total stockholder return, total market value, and strategic business criteria, consisting of one or more objectives based on meeting specified market penetration goals, productivity measures, geographic business expansion goals, cost targets, customer satisfaction or employee satisfaction goals, goals relating to merger synergies, management of employment practices and employee benefits, or supervision of litigation or information technology, and goals relating to acquisitions or divestitures of subsidiaries, affiliates or joint ventures. The targeted level or levels of performance with respect to the performance measures may be established at such levels and on such terms as the Committee may determine, in its discretion, on a corporate-wide basis or with respect to one or more business units, divisions, subsidiaries, business segments or functions, and in either absolute terms or relative to the performance of one or more comparable companies or an index covering multiple companies. Unless otherwise determined by the Committee, measurement of performance goals with respect to the performance measures above will exclude the impact of charges for restructurings, discontinued operations, extraordinary items and other unusual or non-recurring items, as well as the cumulative effects of tax or accounting changes, each as determined in accordance with generally accepted accounting principles or identified in the Company's financial statements, notes to the financial statements, management's discussion and analysis or other filings with the SEC. Awards that are not intended to qualify as "performance-based compensation" under Section 162(m) of the Code may be based on these or such other performance measures as the Committee may determine.

Non-Transferability of Awards

An Award granted under the 2006 Plan may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the recipient, only by the recipient.

Adjustments Upon Changes in Capitalization

In the event of any merger, reorganization, consolidation, recapitalization, liquidation, stock dividend, split-up, spin-off, stock split, reverse stock split, share combination, share exchange, extraordinary dividend, or any change in the corporate structure affecting the shares, such adjustment will be made in the number and kind of shares that may be delivered under the 2006 Plan, the individual Award limits, and, with respect to outstanding Awards, in the number and kind of shares subject to outstanding Awards, the exercise price, grant price or other price of shares subject to outstanding Awards, any performance conditions relating to shares, the market price of shares, or per-share results, and other terms and conditions of outstanding Awards, as may be determined to be appropriate and equitable by the Committee, in its sole discretion, to prevent dilution or enlargement of rights; *provided, however*, that, unless otherwise determined by the Committee, the number of shares subject to any Award will always be rounded down to a whole number. Any such adjustment will be made by the Committee, whose determination will be conclusive.

Change in Control

In the event of a Change in Control, except as otherwise provided in an Award agreement, any and all outstanding options and SARs will become immediately exercisable, any period of restriction or other restrictions imposed on restricted stock, RSUs or other stock-based awards will lapse and any and all performance shares, and other performance-based Awards will vest, on a pro rata monthly basis. The Committee, in its discretion, may provide that all outstanding options and SARs are terminated upon a Change in Control and provide cash settlement equal to the excess, if any, of the fair market value of our Common Stock immediately prior to the Change in Control over the option exercise price or SAR grant price, as applicable. The Committee also has the authority to provide for automatic full vesting and exercisability of Awards held by certain participants affected by a Subsidiary Disposition.

Federal Tax Aspects

The following paragraphs are a summary of the material U.S. federal income tax consequences associated with Awards granted under the 2006 Plan. The summary is based on existing U.S. laws and regulations, and there can be no assurance that those laws and regulations will not change in the future. The summary does not purport to be complete and does not discuss the tax consequences upon a participant's death, or the provisions of the income tax laws of any municipality, state or foreign country in which the participant may reside. Furthermore, this summary does not address the new federal tax provisions of the recently enacted American Jobs Creation Act of 2004 and codified in Section 409A of the Internal Revenue Code. Although complete guidance regarding Section 409A of the Code has not been issued, to the extent applicable, it is intended that the 2006 Plan and any Awards granted thereunder will comply with the requirements of Section 409A of the Code. The new rules imposed by the Act will change the way certain types of deferred compensation are taxed. As a result, tax consequences for any particular participant may vary based on individual circumstances.

Incentive Stock Options

In general, neither the grant nor the exercise of an incentive stock option will result in taxable income to an optionee or a deduction to us. However, for purposes of the alternative minimum tax, the spread on the exercise of an incentive stock option will be considered as part of the optionee's income.

The sale of Shares received pursuant to the exercise of an incentive stock option which satisfies the holding period rules will result in capital gain to an optionee and will not result in a tax deduction to us. To receive incentive stock option treatment as to the Shares acquired upon exercise of an incentive stock option, an optionee must neither dispose of such Shares within two years after such incentive stock option is granted nor within one year after the exercise of such incentive stock option. In addition, an optionee generally must be our employee, or an employee of one of our subsidiaries at all times between the date of grant and the date three months before exercise of such incentive stock option. If an incentive stock option is exercised more than three months after the termination of an optionee's employment with us, the option will be treated as a nonqualified stock option.

If the holding period rules are not satisfied, the portion of any gain recognized on the disposition of the shares of Common Stock acquired upon the exercise of an incentive stock option that is equal to the lesser of (a) the fair market value of the shares on the date of exercise minus the option price or (b) the amount realized on the disposition minus the option price, will be treated as ordinary (compensation) income, with any remaining gain being treated as capital gain. We generally will be entitled to a deduction equal to the amount of such ordinary income.

If an optionee makes payment of the option price by delivering shares of Common Stock, the optionee generally will not recognize any gain as a result of such delivery, but the amount of gain, if any, which is not so recognized will be excluded from his or her basis in the new shares received. However, the use by an optionee of shares previously acquired pursuant to the exercise of an incentive stock option to exercise an option will be treated as a taxable disposition if the transferred shares are not held by the optionee for the requisite holding period.

Nonqualified Stock Options

No income will be recognized by an optionee at the time a nonqualified stock option is granted. Ordinary income will be recognized by an optionee at the time a nonqualified stock option is exercised, and the amount of such income will be equal to the excess of the fair market value on the exercise date of the shares issued to the optionee over the option price. This ordinary (compensation) income will also constitute wages subject to withholding, and we will be required to make whatever arrangements are necessary to ensure that the amount of the tax required to be withheld is available for payment in money.

We will generally be entitled to a deduction for Federal income tax purposes at such time and in the same amount that the optionee is required to include in his or her income upon the exercise of a nonqualified stock option.

If an optionee makes payment of the option price by delivering shares of Common Stock, the optionee generally will not recognize any gain as a result of such delivery, but the amount of gain, if any, which is not so recognized, will be excluded from his or her basis in the new shares received.

Capital gain or loss on a subsequent sale or other disposition of the shares acquired upon the exercise of a nonqualified stock option will be measured by the difference between the amount realized on the disposition and the tax basis of such shares. The tax basis of the shares acquired upon the exercise of any nonqualified stock option will be equal to the sum of the exercise price of such nonqualified stock option and the amount included in income with respect to such option.

If an optionee transfers an option by gift, the optionee will recognize ordinary income at the time that the transferee exercises the option. We will be required to report the ordinary income recognized by the optionee, and to withhold income and employment taxes, and pay our share of employment taxes, with respect to such ordinary income. The optionee may also be subject to federal gift tax on the value of the transferred option at the time that the transfer of the option is considered completed for gift purposes. The Internal Revenue Service takes the position that the transfer is not complete until the option is fully vested.

Stock Appreciation Rights

No taxable income is recognized when a SAR is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares of Common Stock received. Any additional gain or loss recognized upon later disposition of the shares is capital gain or loss, which may be long-term or short-term capital gain or loss depending on the holding period.

Restricted Stock, Restricted Stock Units, and Performance Shares

A participant generally will not have taxable income upon grant of restricted stock, RSUs or performance shares. Instead, the participant will recognize ordinary income at the time of vesting equal to the fair market value (on the vesting date) of the shares or cash received minus any amount paid. For restricted stock only, a participant instead may elect to be taxed at the time of grant.

Other Stock-Based Awards

A participant generally will recognize income upon receipt of the shares subject to Award (or, if later, at the time of vesting of such shares).

Tax Effect for the Company

We generally will be entitled to a tax deduction in connection with an Award granted under the 2006 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonqualified stock option). Special rules limit the deductibility of compensation paid to the chief executive officer and to each of the next four most highly compensated executive officers. Under Section 162(m) of the Code, unless various conditions are met that enable compensation to qualify as "performance-based," the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, the 2006 Plan has been designed to permit the Committee to grant Awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m) of the Code, thereby permitting us to receive a federal income tax deduction in connection with such Awards even to the extent that they exceed \$1,000,000.

Benefits to be Received Upon Approval

The benefits which a participant will receive in the event that the 2006 Stock Incentive Plan is approved by the stockholders or which would have been received had the Plan been in effect during fiscal 2005 cannot be determined because, other than stock options, the Plan provides for the grant of awards that are different from those historically made by the Company. However, if the Company were to continue awarding stock options only, then the following table sets forth for the current fiscal year, with respect to each of the Named Executive Officers who is continuing as an executive officer (other than Mr. Sirkin who received additional grants this year in lieu of grants for 2007 and 2008); all executive officers (other than Mr. Sirkin) as a group; all non-employee directors (other than our Series B Director) as a group; and all employees (other than executive officers) as a group, the number of shares of Common Stock subject to options granted, or to be granted in the case of the directors, under our existing stock option plans. Assuming the continuation of option grants as the only form of equity-based compensation, we would expect comparable grants to be made in future years to the individuals and groups identified if the Plan is approved.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of January 29, 2006 with respect to shares of Common Stock that may be issued under the Company's existing equity compensation plans the 1997 Stock Option Plan, the 2000 Stock Option Plan and the 2003 Stock Option Plan as well as under the 1987 Stock Option Plan. The 1987 Option Plan has expired, so no further option grants may be made thereunder, but valid options to purchase Common Stock granted thereunder are still outstanding. All of the foregoing plans were approved by the Company's stockholders and the Company has no equity compensation plans that were not approved by the stockholders. SELECTION OF AUDITORS

The Audit Committee has selected Ernst & Young LLP, independent auditors, as the Company's auditors for the fiscal year ending February 4, 2007. Although stockholder ratification of the Audit Committee's selection is not required, the Board of Directors considers it desirable for stockholders to pass upon the selection of auditors and, if the stockholders disapprove of the selection, intends to request the Audit Committee to reconsider the selection of auditors for the fiscal year ending February 3, 2008, since it would be impracticable to replace the Company's auditors so late into the Company's current fiscal year.

It is expected that representatives of Ernst & Young LLP will be present at the meeting, will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions from stockholders.

The Board of Directors recommends a vote FOR ratification of the appointment of the auditors. Proxies received in response to this solicitation will be voted FOR the appointment of the auditors unless otherwise specified in a proxy.

Fees Paid to Auditors

The following table sets forth the aggregate fees billed by Ernst & Young LLP, the member firms of Ernst & Young LLP, and their respective affiliates for professional services rendered to us for the audit of our annual financial statements for the fiscal years ended January 29, 2006 and January 30, 2005, for the reviews of the financial statements included in our quarterly reports on Form 10-Q for those fiscal years, and for other services rendered on behalf of the Company during those fiscal years. All of such fees were pre-approved by the Audit Committee.

	Fiscal 2005	Fiscal 2004
Audit Fees(1)	\$ 1,496,000	\$ 1,562,000
Audit-Related Fees(2)	\$ 196,000	\$ 164,500
Tax Fees(3)	\$ 35,000	\$ 91,300

- (1) Fiscal 2005 and fiscal 2004 consist of fees for professional services performed for the audit of our annual financial statements and review of financial statements included in our 10-Q filings, and services that are normally provided in connection with statutory filing requirements. Fiscal 2005 and fiscal 2004 also include fees for our compliance with Section 404 of the Sarbanes-Oxley Act of 2002 and for audits of employee benefit plans.
- (2) Fiscal 2005 and fiscal 2004 consist of fees related to various accounting consultations.
- (3) Fiscal 2005 and fiscal 2004 includes fees for services to assist us in the preparation of our tax returns and for the provision of tax advice.

The Audit Committee's charter requires the Committee to pre-approve at its meetings all auditing and non-audit services provided by our outside auditors. The charter permits the Committee to delegate to any one or more of its members the authority to grant such pre-approvals. Any such delegation of authority may be subject to any rules or limitations that the members deem appropriate. The decision to pre-approve any services made by any member to whom authority has been so delegated must be presented to the full Committee at its next meeting.

The proxy or proxies designated by the Board of Directors will have discretionary authority to vote on any matter properly presented by a stockholder for consideration at the 2007 Annual Meeting of Stockholders but not submitted for inclusion in the proxy materials for such Meeting unless notice of the matter is received by the Company on or before March 18, 2007 and certain other conditions of the applicable rules of the SEC are satisfied. PHILLIPS-VAN HEUSEN CORPORATION
2006 STOCK INCENTIVE PLAN

1.

Establishment, Objectives and Duration.

(a) *Establishment of the Plan.* Phillips-Van Heusen Corporation hereby establishes an incentive compensation plan to be known as the "Phillips-Van Heusen Corporation 2006 Stock Incentive Plan." The Plan permits the granting of Nonqualified Stock Options, Incentive Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Shares and Other Stock-Based Awards. The Plan is effective as of April 27, 2006, subject to the approval of the Plan by the stockholders of the Company at the 2006 Annual Meeting. Definitions of capitalized terms used in the Plan are contained in the attached glossary, which is an integral part of the Plan.

(b) *Purposes of the Plan.* The purposes of the Plan are to induce certain individuals to remain in the employ, or to continue to serve as directors of, or consultants or advisors to, the Company and its present and future Subsidiaries, to attract new individuals to enter into such employment or service and to encourage such individuals to secure or increase on reasonable terms their stock ownership in the Company. The Board believes that the granting of Awards under the Plan will promote continuity of management and increased incentive and personal interest in the welfare of the Company by those who are or may become primarily responsible for shaping and carrying out the long range plans of the Company and securing its continued growth and financial success.

(c) *Duration of the Plan.* No Award may be granted under the Plan after the day immediately preceding the tenth (10th) anniversary of the Effective Date, or such earlier date as the Board shall determine. The Plan will remain in effect with respect to outstanding Awards until no Awards remain outstanding.

2.

Administration of the Plan.

(a) *The Committee.* Except as otherwise provided in Section 2(d), the Plan shall be administered by the "Committee." The Committee shall consist of two or more members of the Board. It is intended that all of the members of the Committee shall be "non-employee directors" within the meaning of Rule 16b-3(b)(3) promulgated under the Exchange Act, and "outside directors" within the contemplation of Section 162(m)(4)(C)(i) of the Code. The Committee shall be appointed annually by the Board, which may at any time and from time to time remove any members of the Committee, with or without cause, appoint additional members to the Committee and fill vacancies, however caused, in the Committee. A majority of the members of the Committee shall constitute a quorum. All determinations of the Committee shall be made by a majority of its members present at a meeting duly called and held, except that the Committee may delegate to any one of its members the authority of the Committee with respect to the grant of Awards to any person who (i) shall not be an officer and/or director of the Company and (ii) is not, and in the judgment of the Committee may not be reasonably expected to become, a "covered employee" within the meaning of Section 162(m)(3) of the Code. Any decision or determination of the Committee reduced to writing and signed by all of the members of the Committee (or by the member(s) of the Committee to whom authority has been delegated) shall be fully as effective as if it had been made at a meeting duly called and held.

(b) *Authority of the Committee.* Subject to Applicable Laws and the provisions of the Plan (including any other powers given to the Committee hereunder), and except as otherwise provided by the Board, the Committee shall have full and final authority in its discretion to take all actions determined by the Committee to be necessary in the administration of the Plan, including, without limitation, discretion to:

- (i) select the Employees, Directors and Consultants to whom Awards may from time to time be granted hereunder;
- (ii) determine whether and to what extent Awards are granted hereunder;
- (iii) determine the size and types of Awards granted hereunder;

(iv) approve forms of Award Agreement for use under the Plan;

(v) determine the terms and conditions of any Award granted hereunder;

(vi) establish performance goals for any Performance Period and determine whether such goals were satisfied;

(vii) amend the terms of any outstanding Award granted under the Plan; provided that, except as otherwise provided in Section 16, no such amendment shall reduce the Exercise Price of outstanding Options or the grant price of outstanding SARs without the approval of the stockholders of the Company;

(viii) construe and interpret the terms of the Plan and any Award Agreement entered into under the Plan, and to decide all questions of fact arising in its application; and

(ix) take such other action, not inconsistent with the terms of the Plan, as the Committee deems appropriate.

(c) *Effect of Committee's Decision.* All decisions, determinations and interpretations of the Committee shall be final, binding and conclusive on all persons, including the Company, its Subsidiaries, its stockholders, Employees, Directors, Consultants and their estates and beneficiaries.

(d) *Delegation.* As permitted by Applicable Laws, the Committee may delegate its authority as identified herein, including the power and authority to make Awards to Participants who are not "insiders" subject to Section 16(b) of the Exchange Act or expected to be "covered employees" within the meaning of Section 162(m) of the Code, pursuant to such conditions and limitations as the Committee may establish.

3. Shares Subject to the Plan; Effect of Grants; Individual Limits.

(a) *Number of Shares Available for Grants.* Subject to adjustment as provided in Section 18 hereof, the maximum number of Shares which may be issued pursuant to Awards under the Plan shall be 3,000,000, plus any Shares remaining available for issuance under the Prior Plans as of the Effective Date, plus the number of Shares subject to outstanding awards under the Prior Plans at the Effective Date that are deemed not delivered under the Prior Plans pursuant to paragraph (i) or (ii), of this Section 3(a).

(i) Shares that are potentially deliverable under an Award granted under the Plan or an option granted under a Prior Plan that expires or is canceled, forfeited, settled in cash or otherwise settled without the delivery of Shares shall not be treated as having been issued under the Plan or a Prior Plan.

(ii) Shares that are issued pursuant to awards that are assumed, converted or substituted in connection with a merger, acquisition, reorganization or similar transaction shall not be treated as having been issued under the Plan; provided, however, that the Shares referred to in this paragraph (ii) shall not be considered for purposes of determining the number of Shares available for grant as Incentive Stock Options.

Notwithstanding any other provisions herein: (i) shares tendered in payment of the exercise price of an Award shall not be added to the maximum share limitations described above, (ii) shares withheld by the Company to satisfy the tax withholding obligation shall not be added to the maximum share limitations described above and (iii) all shares covered by a Stock Appreciation Right, to the extent that it is exercised and whether or not shares of Common Stock are actually issued upon exercise of the right, shall be considered issued or transferred pursuant to the Plan.

The Shares to be issued pursuant to Awards may be authorized but unissued Shares or treasury Shares.

(b) *Individual Limits.* Subject to adjustment as provided in Section 16 hereof, the maximum aggregate number of Shares with respect to which Awards may be granted in any calendar year to any one Participant shall be 500,000 Shares.

(c) *Share Counting.* A Stock Option or Stock Appreciation Right shall be counted as one share for purposes of the limits set forth in Sections 3(a) and 3(b). A combination of Stock Appreciation Right and Stock Option, where the exercise of the Stock Appreciation Right or Stock Option results in the cancellation of the other, shall be counted as one share for purposes of the limits set forth in Sections 3(a) and 3(b). A Restricted Stock Grant, Restricted Stock Unit, Performance Share or Stock Award shall be counted as three shares for purposes of the limits set forth in Sections 3(a) and 3(b).

4.

Eligibility and Participation.

(a) *Eligibility.* Persons eligible to participate in the Plan include all Employees, Directors and Consultants.

(b) *Actual Participation.* Subject to the provisions of the Plan, the Committee may, from time to time, select from all eligible Employees, Directors and Consultants, those to whom Awards shall be granted and shall determine the nature and amount of each Award. The Committee may establish additional terms, conditions, rules or procedures to accommodate the rules or laws of applicable foreign jurisdictions and to afford Participants favorable treatment under such laws; *provided, however*, that no Award shall be granted under any such additional terms, conditions, rules or procedures with terms or conditions which are inconsistent with the provisions of the Plan.

5.

Types of Awards.

(a) *Type of Awards.* Awards under the Plan may be in the form of Options (both Nonqualified Stock Options and/or Incentive Stock Options), SARs, Restricted Stock, Restricted Stock Units, Performance Shares and Other Stock-Based Awards.

(b) *Designation of Award.* Each Award shall be designated in the Award Agreement.

6.

Options.

(a) *Grant of Options.* Subject to the terms and provisions of the Plan, Options may be granted to Participants in such number and upon such terms, and at any time and from time to time, as shall be determined by the Committee.

(b) *Award Agreement.* Each Option grant shall be evidenced by an Award Agreement that shall specify the Exercise Price, the duration of the Option, the number of Shares to which the Option pertains, and such other provisions as the Committee shall determine including, but not limited to, the Option vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, Shares, or other consideration) upon settlement of the Award, and payment contingencies; *provided, however* that the Agreement Award shall provide for full vesting upon a Participant's Retirement. The Award Agreement also shall specify whether the Option is intended to be an Incentive Stock Option or a Nonqualified Stock Option. Options that are intended to be Incentive Stock Options shall be subject to the limitations set forth in Section 422 of the Code. Options granted pursuant to the Plan shall not provide Participants with the right to receive Dividends or Dividends Equivalents.

(c) *Exercise Price.* Except for Options adjusted pursuant to Section 18 herein, and replacement Options granted in connection with a merger, acquisition, reorganization or similar transaction, the Exercise Price for each grant of an Option shall not be less than 100% of the Fair Market Value of a Share on the date the Option is granted. However, in the case of an Incentive Stock Option granted to a Participant who, at the time the Option is granted, owns stock representing more than 10% of the voting power of all classes of stock of the Company or

any Subsidiary, the Exercise Price for each grant of an Option shall not be less than 110% of the Fair Market Value of a Share on the date the Option is granted.

(d) *Term of Options.* The term of an Option granted under the Plan shall be determined by the Committee, in its sole discretion; *provided, however,* that such term shall not exceed 10 years. However, in the case of an Incentive Stock Option granted to a Participant who, at the time the Option is granted, owns stock representing more than 10% of the voting power of all classes of stock of the Company or any Subsidiary, the term of the Incentive Stock Option shall be five years from the date of grant thereof or such shorter term as may be provided in the Award Agreement.

(e) *Exercise of Options.* Options granted under this Section 6 shall be exercisable at such times and be subject to such restrictions and conditions as set forth in the Award Agreement and as the Committee shall in each instance approve, which need not be the same for each grant or for each Participant.

(f) *Payments.* Options granted under this Section 6 shall be exercised by the delivery of a written notice to the Company setting forth the number of Shares with respect to which the Option is to be exercised and payment of the Exercise Price. The Exercise Price of an Option shall be payable to the Company: (i) in cash or its equivalent, (ii) by tendering (either actually or constructively by attestation) Shares having an aggregate Fair Market Value at the time of exercise equal to the Exercise Price, (iii) in any other manner then permitted by the Committee, or (iv) by a combination of any of the permitted methods of payment. The Committee may limit any method of payment, other than that specified under (i), for administrative convenience, to comply with Applicable Laws or otherwise.

(g) *Restrictions on Share Transferability.* The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option granted under this Section 6 as it may deem advisable, including, without limitation, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such Shares are then listed and/or traded, and under any blue sky or state securities laws applicable to such Shares.

(h) *Termination of Employment or Service.* Each Participant's Option Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the Option following termination of the Participant's employment or, if the Participant is a Director or Consultant, service with the Company and its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, need not be uniform among all Options, and may reflect distinctions based on the reasons for termination of employment or service.

7.

(a) *Grant of SARs.* Subject to the terms and provisions of the Plan, SARs may be granted to Participants in such amounts and upon such terms, and at any time and from time to time, as shall be determined by the Committee.

(b) *Award Agreement.* Each SAR grant shall be evidenced by an Award Agreement that shall specify the grant price, the term of the SAR, and such other provisions as the Committee shall determine. SARs granted pursuant to the Plan shall not provide Participants with the right to receive Dividends or Dividend Equivalents.

(c) *Grant Price.* The grant price of a Freestanding SAR shall not be less than 100% of the Fair Market Value of a Share on the date of grant of the SAR; *provided, however,* that these limitations shall not apply to Awards that are adjusted pursuant to Section 18 herein.

(d) *Term of SARs.* The term of a SAR granted under the Plan shall be determined by the Committee, in its sole discretion; *provided, however,* that such term shall not exceed 10 years.

(e) *Exercise of SARs.* SARs may be exercised upon whatever terms and conditions the Committee, in its sole discretion, imposes upon them and sets forth in the Award Agreement.

Edgar Filing: PHILLIPS VAN HEUSEN CORP /DE/ - Form PRE 14A

(f) *Payment of SAR Amount.* Upon exercise of a SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying:

- (i) the difference between the Fair Market Value of a Share on the date of exercise over the grant price; by

At the discretion of the Committee, the payment upon SAR exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

(g) *Termination of Employment or Service.* Each SAR Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the SAR following termination of the Participant's employment or, if the Participant is a Director or Consultant, service with the Company and its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, need not be uniform among all SARs, and may reflect distinctions based on the reasons for termination of employment or service.

8.

The Committee shall impose such other conditions and/or restrictions on any Shares of Restricted Stock granted pursuant to the Plan as it may deem advisable including, without limitation, a requirement that Participants pay a stipulated purchase price for each Share of Restricted Stock, a requirement that the issuance of Shares of Restricted Stock be delayed, restrictions based upon the achievement of specific performance goals, additional time-based restrictions, and/or restrictions under Applicable Laws, or holding requirements or sale restrictions placed on the Shares by the Company upon vesting of such Restricted Stock. As soon as practicable following the grant of Restricted Stock, the Shares of Restricted Stock shall be registered in the Participant's name in certificate or book-entry form. If a certificate is issued, it shall bear an appropriate legend referring to the restrictions and it shall be held by the Company, or its agent, on behalf of the Participant until the Period of Restriction has lapsed or otherwise been satisfied. If the Shares are registered in book-entry form, the restrictions shall be placed on the book-entry registration.

(d) *Removal of Restrictions.* Subject to Applicable Laws, Restricted Stock shall become freely transferable by the Participant after the last day of the Period of Restriction applicable thereto. Once Restricted Stock is released from the restrictions, the Participant shall be entitled to receive a certificate evidencing the Shares.

(e) *Voting Rights.* Unless otherwise determined by the Committee and set forth in a Participant's Award Agreement, to the extent permitted or required by Applicable Laws, Participants holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares during the Period of Restriction.

(f) *Dividends and Other Distributions.* Except as otherwise provided in a Participant's Award Agreement, during the Period of Restriction, Participants holding Shares of Restricted Stock shall receive all regular cash Dividends paid with respect to all Shares while they are so held, and, except as otherwise determined by the Committee, all other distributions paid with respect to such Restricted Stock shall be credited to Participants

subject to the same restrictions on transferability and forfeitability as the Restricted Stock with respect to which they were paid and paid at such time following full vesting as are paid the Shares of Restricted Stock with respect to which such distributions were made.

(g) *Termination of Employment or Service.* Each Award Agreement shall set forth the extent to which the Participant shall have the right to retain unvested Restricted Stock following termination of the Participant's employment or, if the Participant is a Director or Consultant, service with the Company and its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, need not be uniform among all Awards of Restricted Stock, and may reflect distinctions based on the reasons for termination of employment or service.

9.

(e) *Form and Timing of Payment.* Except as otherwise provided in Section 17 or a Participant's Award Agreement, payment of Restricted Stock Units shall be made at a specified settlement date that shall not be earlier than the last day of the Period of Restriction. The Committee, in its sole discretion, may pay earned Restricted Stock Units by delivery of Shares or by payment in cash of an amount equal to the Fair Market Value of such Shares (or a combination thereof). The Committee may provide that settlement of Restricted Stock Units shall be deferred, on a mandatory basis or at the election of the Participant.

(f) *Voting Rights.* A Participant shall have no voting rights with respect to any Restricted Stock Units granted hereunder.

(g) *Termination of Employment or Service.* Each Award Agreement shall set forth the extent to which the Participant shall have the right to receive a payout respecting an Award of Restricted Stock Units following termination of the Participant's employment or, if the Participant is a Director or Consultant, service with the Company and its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, need not be uniform among all Restricted Stock Units, and may reflect distinctions based on the reasons for termination of employment or service.

(h) At the discretion of the Committee, Restricted Stock Units granted pursuant to the Plan may provide Participants with the right to receive Dividend Equivalents, which may be paid currently or credited to an account for the Participants, and may be settled in cash and/or Shares, as determined by the Committee in its sole discretion, subject in each case to such terms and conditions as the Committee shall establish.

(e) *Voting Rights.* A Participant shall have no voting rights with respect to any Performance Shares granted hereunder.

(f) *Termination of Employment or Service.* Each Award Agreement shall set forth the extent to which the Participant shall have the right to receive a payout respecting an Award of Performance Shares following termination of the Participant's employment or, if the Participant is a Consultant, service with the Company and its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, need not be uniform among all Participants, and may reflect distinctions based on the reasons for termination of employment or service

(c) *Payment of Other Stock-Based Awards.* Subject to Section 11(b) hereof, payment under or settlement of any such Awards shall be made in such manner and at such times as the Committee may determine. The Committee may provide that settlement of Other Stock-Based Awards shall be deferred, on a mandatory basis or at the election of the Participant.

(d) *Termination of Employment or Service.* The Committee shall determine the extent to which the Participant shall have the right to receive Other Stock-Based Awards following termination of the Participant's employment or, if the Participant is a Director or Consultant, service with the Company and its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, such provisions may be included in an agreement entered into with each Participant, but need not be uniform among all Other Stock-Based Awards, and may reflect distinctions based on the reasons for termination of employment or service.

12.

Performance-Based Exception.

(a) The Committee may specify that the attainment of one or more of the Performance Measures set forth in this Section 12 shall determine the degree of granting, vesting and/or payout with respect to Awards that the Committee intends will qualify for the Performance-Based Exception. The performance goals to be used for such Awards shall be chosen from among the following performance measures (the "Performance Measures"): earnings, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization, earnings per share, economic value created, market share, net income (before or after taxes), operating income, adjusted net income after capital charge, return on assets, return on capital (based on earnings or cash flow), return on equity, return on investment, revenue, cash flow, operating margin, share price, total stockholder return, total market value, and strategic business criteria, consisting of one or more objectives based on meeting specified market penetration goals, productivity measures, geographic business expansion goals, cost targets, customer satisfaction or employee satisfaction goals, goals relating to merger synergies, management of employment practices and employee benefits, or supervision of litigation or information technology, and goals relating to acquisitions or divestitures of subsidiaries, affiliates or joint ventures. The targeted level or levels of performance with respect to such Performance Measures may be established at such levels and on such terms as the Committee may determine, in its discretion, on a corporate-wide basis or with respect to one or more business units, divisions, subsidiaries, business segments or functions, and in either absolute terms or relative to the performance of one or more comparable companies or an index covering multiple companies. Awards that are not intended to qualify for the Performance-Based Exception may be based on these or such other performance measures as the Committee may determine.

(b) Unless otherwise determined by the Committee, measurement of performance goals with respect to the Performance Measures above shall exclude the impact of charges for restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring items, as well as the cumulative effects of tax or accounting changes, each as determined in accordance with generally accepted accounting principles or identified in the Company's financial statements, notes to the financial statements, management's discussion and analysis or other filings with the SEC, as well as any other items determined in accordance with Section 18(b).

(c) Performance goals may differ for Awards granted to any one Participant or to different Participants.

(d) Achievement of performance goals in respect of Awards intended to qualify under the Performance-Based Exception shall be measured over a Performance Period specified in the Award Agreement, and the goals shall be established not later than 90 days after the beginning of the Performance Period or, if less than 90 days, the number of days which is equal to 25% of the relevant Performance Period applicable to the Award.

(e) The Committee shall have the discretion to adjust the determinations of the degree of attainment of the pre-established performance goals; *provided, however*, that Awards that are designed to qualify for the Performance-Based Exception may not be adjusted upward (the Committee may, in its discretion, adjust such Awards downward).

13. **Transferability of Awards.** Incentive Stock Options may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution, and shall be exercisable during a Participant's lifetime only by such Participant. Other Awards shall be transferable to members of the Participant's Immediate Family to the extent provided in the Award Agreement, except that no Award may be transferred for consideration.

14. **Taxes.** The Company shall have the power and right, prior to the delivery of Shares pursuant to an Award, to deduct or withhold, or require a participant to remit to the Company (or a Subsidiary), an amount (in cash or Shares) sufficient to satisfy any applicable tax withholding requirements applicable to an Award. Whenever under the Plan payments are to be made in cash, such payments shall be net of an amount sufficient to satisfy any applicable tax withholding requirements. Subject to such restrictions as the Committee may prescribe, in the event that an Award of Restricted Stock shall become taxable to a Participant during any Company-imposed blackout period, a Participant may satisfy all or a portion of any tax withholding requirements by electing to have the

Company withhold Shares having a Fair Market Value equal to the amount to be withheld up to the minimum statutory tax withholding rate (or such other rate that will not result in a negative accounting impact).

15.

Conditions Upon Issuance of Shares.

(a) Shares shall not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares pursuant thereto shall comply with all Applicable Laws, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any Applicable Laws.

16. Adjustments Upon Changes in Capitalization. In the event of any merger, reorganization, consolidation, recapitalization, liquidation, stock dividend, split-up, spin-off, stock split, reverse stock split, share combination, share exchange, extraordinary dividend, or any change in the corporate structure affecting the Shares, such adjustment shall be made in the number and kind of Shares that may be delivered under the Plan, the individual limits set forth in Section 3(b), and, with respect to outstanding Awards, in the number and kind of Shares subject to outstanding Awards, the Exercise Price, grant price or other price of Shares subject to outstanding Awards, any performance conditions relating to Shares, the market price of Shares, or per-Share results, and other terms and conditions of outstanding Awards, as may be determined to be appropriate and equitable by the Committee, in its sole discretion, to prevent dilution or enlargement of rights; *provided, however*, that, unless otherwise determined by the Committee, the number of Shares subject to any Award shall always be rounded down to a whole number. Adjustments made by the Committee pursuant to this Section 18 shall be final, binding, and conclusive.

17.

Change in Control, Cash-Out and Termination of Underwater Options/SARs, and Subsidiary Disposition.

(a) *Change in Control.* Except as otherwise provided in a Participant's Award Agreement or pursuant to Section 17(b), upon the occurrence of a Change in Control, unless otherwise specifically prohibited under Applicable Laws:

(i) any and all outstanding Options and SARs granted hereunder shall become immediately exercisable;

(ii) any Period of Restriction or other restriction imposed on Restricted Stock, Restricted Stock Units, and Other Stock-Based Awards shall lapse; and

(iii) any and all Performance Shares and other Awards (if performance-based) shall vest on a pro-rata monthly basis, including full credit for partial months elapsed, and will be paid (A) based on the level of performance achieved as of the date of the Change in Control, if determinable, or (B) at the target level, if not determinable. The amount of the vested Award may be computed under the following formula: total Award number of Shares times (number of full months elapsed in shortest possible vesting period divided by number of full months in shortest possible vesting period) times percent performance level achieved immediately prior to the specified effective date of the Change in Control.

(b) *Cash-Out and Termination of Underwater Options/SARs.* The Committee may, in its sole discretion, provide that (i) all outstanding Options and SARs shall be terminated upon the occurrence of a Change in Control and that each Participant shall receive, with respect to each Share subject to such Options or SARs, an amount in cash equal to the excess of the Fair Market Value of a Share immediately prior to the occurrence of the Change in Control over the Option Exercise Price or the SAR grant price; and (ii) Options and SARs outstanding as of the date of the Change in Control may be cancelled and terminated without payment therefore if the Fair Market Value of a Share as of the date of the Change in Control is less than the Option Exercise Price or the SAR grant price.

(c) *Subsidiary Disposition.* The Committee shall have the authority, exercisable either in advance of any actual or anticipated Subsidiary Disposition or at the time of an actual Subsidiary Disposition and either at the time of the grant of an Award or at any time while an Award remains outstanding, to provide for the automatic full vesting and exercisability of one or more outstanding unvested Awards under the Plan and the termination of restrictions on transfer and repurchase or forfeiture rights on such Awards, in connection with a Subsidiary Disposition, but only with respect to those Participants who are at the time engaged primarily in Continuous Service with the Subsidiary involved in such Subsidiary Disposition. The Committee also shall have the authority to condition any such Award vesting and exercisability or release from such limitations upon the subsequent termination of the affected Participant's Continuous Service with that Subsidiary within a specified period following the effective date of the Subsidiary Disposition. The Committee may provide that any Awards so vested or released from such limitations in connection with a Subsidiary Disposition, shall remain fully exercisable until the expiration or sooner termination of the Award.

18.

Amendment, Suspension or Termination of the Plan.

(a) *Amendment, Modification and Termination.* The Board may at any time and from time to time, alter, amend, suspend or terminate the Plan in whole or in part; *provided, however,* that no amendment that requires stockholder approval in order for the Plan to continue to comply with the New York Stock Exchange listing standards or any rule promulgated by the SEC or any securities exchange on which Shares are listed or any other Applicable Laws shall be effective unless such amendment shall be approved by the requisite vote of stockholders of the Company entitled to vote thereon within the time period required under such applicable listing standard or rule.

(b) *Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events.* The Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 16) affecting the Company or the financial statements of the Company or of changes in Applicable Laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan. With respect to any Awards intended to comply with the Performance-Based Exception, unless otherwise determined by the Committee, any such exception shall be specified at such times and in such manner as will not cause such Awards to fail to qualify under the Performance-Based Exception.

(c) *Awards Previously Granted.* No termination, amendment or modification of the Plan or of any Award shall adversely affect in any material way any Award previously granted under the Plan without the written consent of the participant holding such Award, unless such termination, modification or amendment is required by Applicable Laws and except as otherwise provided herein.

(d) *No Repricing.* Except for adjustments made pursuant to Section 16, no amendment shall reduce the Exercise Price of outstanding Options or the grant price of outstanding SARs, nor may any outstanding Options or outstanding SARs be surrendered to the Company as consideration for the grant of new Options or SARs with a lower Exercise Price or grant price, without the approval of the stockholders of the Company.

(e) *Compliance with the Performance-Based Exception.* If it is intended that an Award comply with the requirements of the Performance-Based Exception, the Committee may apply any restrictions it deems appropriate such that the Awards maintain eligibility for the Performance-Based Exception. If changes are made to Code Section 162(m) or regulations promulgated thereunder to permit greater flexibility with respect to any Award or Awards available under the Plan, the Committee may, subject to this Section 18, make any adjustments to the Plan and/or Award Agreements it deems appropriate.

19.

Reservation of Shares.

(a) The Company, during the term of the Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

(b) The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

20. Rights of Participants.

(a) *Continued Service.* The Plan shall not confer upon any Participant any right with respect to continuation of employment or consulting relationship with the Company, nor shall it interfere in any way with his or her right or the Company's right to terminate his or her employment or consulting relationship at any time, with or without cause.

(b) *Participant.* No Employee, Director or Consultant shall have the right to be selected to receive an Award under the Plan, or, having been so selected, to be selected to receive future Awards.

21. Successors. All obligations of the Company under the Plan and with respect to Awards shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or other event, or a sale or disposition of all or substantially all of the business and/or assets of the Company and references to the "Company" herein and in any Award agreements shall be deemed to refer to such successors.

22.

Legal Construction.

(a) *Gender, Number and References.* Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine, the plural shall include the singular and the singular shall include the plural. Any reference in the Plan to a Section of the Plan either in the Plan or any Award agreement or to an act or code or to any section thereof or rule or regulation thereunder shall be deemed to refer to such Section of the Plan, act, code, section, rule or regulation, as may be amended from time to time, or to any successor Section of the Plan, act, code, section, rule or regulation.

(b) *Severability.* In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

(c) *Requirements of Law.* The granting of Awards and the issuance of Shares or cash under the Plan shall be subject to all Applicable Laws and to such approvals by any governmental agencies or national securities exchanges as may be required.

(d) *Governing Law.* To the extent not preempted by federal law, the Plan, and all agreements hereunder, shall be construed in accordance with and governed by the laws of the State of New York, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Plan to the substantive law of another jurisdiction.

(e) *Non-Exclusive Plan.* Neither the adoption of the Plan by the Board nor its submission to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or a committee thereof to adopt such other incentive arrangements as it may deem desirable.

(f) *Code Section 409A Compliance.* To the extent applicable, it is intended that this Plan and any Awards granted hereunder comply with the requirements of Section 409A of the Code and any related regulations or other guidance promulgated with respect to such Section by the U.S. Department of the Treasury or the Internal Revenue Service ("Section 409A"). Any provision that would cause the Plan or any Award granted hereunder to fail to satisfy Section 409A shall have no force or effect until amended to comply with Section 409A, which amendment may be retroactive to the extent permitted by Section 409A.
