USE OF PROCEEDS

We intend to use the net proceeds from the sale of the Notes, which are expected to be approximately \$1,983 million after payment of expenses related to the offering, for general corporate purposes and to repay debt, including commercial paper and all or a portion of our:

\$250 million aggregate principal amount 4.125% notes due March 6, 2013; and

\$750 million aggregate principal amount 5.0% notes due July 15, 2013.

If for any reason we do not use the net proceeds from the sale of the Notes to repay the notes specifically described above, we will use such net proceeds for general corporate purposes. General corporate purposes may include repayment and refinancing of debt other than that described above, acquisitions, working capital, capital expenditures and repurchases and redemptions of securities other than those described above. Pending any specific application, we may initially invest funds in cash equivalents and short-term marketable securities or apply them to the reduction of short-term indebtedness.

Table of Contents

DESCRIPTION OF NOTES

The following description of the particular terms of the 2.80% Notes due 2023 (the "2.80% Notes") and the 4.15% Notes due 2043 (the "4.15% Notes") offered hereby (referred to in the prospectus as the "Debt Securities") supplements the description of the general terms and provisions of the Debt Securities included in the accompanying prospectus. The 2.80% Notes and the 4.15% Notes are collectively referred to in this prospectus supplement as the "Notes." The following summary of the Notes is qualified in its entirety by reference in the accompanying prospectus to the description of the Indenture dated as of June 1, 1992 (the "Indenture"), between the Company and Deutsche Bank Trust Company Americas, formerly known as Bankers Trust Company, as trustee (the "Trustee"). Each of the 2.80% Notes and 4.15% Notes constitutes a separate series of notes under the Indenture.

General

The 2.80% Notes and 4.15% Notes will mature at par on February 15, 2023 and February 15, 2043, respectively, unless we redeem or repurchase the Notes prior to that date, as described below under " Optional Redemption" and " Change of Control." The Notes will constitute part of the senior debt of the Company and will rank pari passu with all other unsecured and unsubordinated indebtedness of the Company. The Notes will be issued in fully registered form only, in denominations of \$2,000 and additional multiples of \$1,000. Principal of and interest on the Notes will be payable, and the transfer of Notes will be registrable, through The Depository Trust Company, New York, New York ("DTC"), as described below.

Each 2.80% Note will bear interest from February 15, 2013 at the annual rate of 2.80%. Each 4.15% Note will bear interest from February 15, 2013 at the annual rate of 4.15%. Interest on the Notes will be payable semiannually on February 15 and August 15 of each year, commencing on August 15, 2013, to the person in whose name such Note is registered at the close of business on the 14th calendar day immediately preceding such date (whether or not a Business Day).

Interest payable at the maturity of the Notes will be payable to registered holders of the Notes to whom principal is payable. Interest will be computed on the basis of a 360-day year of twelve 30-day months.

If any interest payment date falls on a day that is not a Business Day, the interest payment will be postponed to the next day that is a Business Day, and no interest on such payment will accrue for the period from and after such interest payment date. If the maturity date of the Notes falls on a day that is not a Business Day, the payment of interest and principal may be made on the next succeeding Business Day, and no interest on such payment will accrue for the period from and after the maturity date.

Interest payments for the Notes will include accrued interest from and including the date of issue or from and including the last date in respect of which interest has been paid, as the case may be, to but excluding the interest payment date or the date of maturity, as the case may be.

The Company may, without the consent of the holders of any series of Notes, issue additional notes having the same ranking and the same interest rate, maturity and other terms as the Notes of such series. Any additional notes having such similar terms, together with the Notes of such series, will constitute a single series of notes under the Indenture. In the event that additional Notes of any series are not fungible with such series of Notes for U.S. federal income tax purposes, such additional Notes will be issued with a separate CUSIP or other applicable identifying number so that they are distinguishable from such series of Notes. No additional Notes of such series may be issued if an Event of Default has occurred and is continuing with respect to the Notes of such series.

Table of Contents

As used in this prospectus supplement, "Business Day" means any day, other than a Saturday or Sunday, that is not a day on which banking institutions are authorized or required by law or regulation to close in the City of New York.

Optional Redemption

The 2.80% Notes will be redeemable as a whole at any time or in part from time to time, at the option of the Company, at a redemption price equal to the greater of (i) 100% of the principal amount of the 2.80% Notes or (ii) the sum of the present values of the remaining scheduled payments of principal and interest thereon from the redemption date to the maturity date (exclusive of any accrued interest) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 12.5 basis points, plus, in each case, any interest accrued but not paid to the date of redemption.

The 4.15% Notes will be redeemable as a whole at any time or in part from time to time, at the option of the Company, at a redemption price equal to the greater of (i) 100% of the principal amount of the 4.15% Notes or (ii) the sum of the present values of the remaining scheduled payments of principal and interest thereon from the redemption date to the maturity date (exclusive of any accrued interest) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 15 basis points, plus, in each case, any interest accrued but not paid to the date of redemption.

"*Treasury Rate*" means, with respect to any redemption date for the Notes, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

"*Comparable Treasury Issue*" means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such securities.

"*Independent Investment Banker*" means one of the Reference Treasury Dealers appointed by the Trustee after consultation with the Company.

"*Comparable Treasury Price*" means, with respect to any redemption date for the Notes, (i) the average of four Reference Treasury Dealer Quotations for that redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (ii) if the Trustee obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

"*Reference Treasury Dealer*" means each of Credit Suisse Securities (USA) LLC, Goldman, Sachs & Co. and Morgan Stanley & Co. LLC or their respective affiliates, and one other primary U.S. Government securities dealer in New York City appointed by the Trustee in consultation with the Company (each, a "Primary Treasury Dealer"); provided, however, that if any of the foregoing shall cease to be a Primary Treasury Dealer, the Company shall substitute therefor another Primary Treasury Dealer.

"*Reference Treasury Dealer Quotations*" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Trustee, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Trustee by that Reference Treasury Dealer at 5:00 p.m. (New York City time) on the third business day preceding that redemption date.

Table of Contents

Unless the Company defaults in payment of the redemption price, on and after the redemption date interest will cease to accrue on the Notes or portions thereof called for redemption.

Change of Control

If a Change of Control Triggering Event occurs, unless we have exercised our right to redeem the Notes as described above under "Optional Redemption," holders of Notes will have the right to require us to repurchase all or any part (equal to \$2,000 and additional multiples of \$1,000) of their Notes pursuant to the offer described below (the "Change of Control Offer") on the terms set forth in the Notes. In the Change of Control Offer, we will be required to offer payment in cash equal to 101% of the aggregate principal amount of Notes repurchased plus accrued and unpaid interest, if any, on the Notes repurchased, to the date of purchase (the "Change of Control Payment"). Within 30 days following any Change of Control Triggering Event, we will be required to mail a notice to holders of Notes describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the Notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed (the "Change of Control Payment Date"), pursuant to the procedures required by the Notes and described in such notice. We must comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Notes, we will be required to comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control provisions of the Notes by virtue of such conflicts.

On the Change of Control Payment Date, we will be required, to the extent lawful, to:

accept for payment all Notes or portions of Notes properly tendered pursuant to the Change of Control Offer;

deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes properly tendered; and

deliver or cause to be delivered to the Trustee the Notes properly accepted together with an officers' certificate stating the aggregate principal amount of Notes or portions of Notes being purchased.

The Paying Agent will promptly mail to each holder of Notes properly tendered the purchase price for the Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new Note equal in principal amount to any unpurchased portion of any Notes surrendered; *provided* that each new Note will be in a principal amount of \$2,000 and additional multiples of \$1,000. We will not be required to make an offer to repurchase the Notes upon a Change of Control Triggering Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us, and such third party purchases all Notes properly tendered and not withdrawn under its offer.

For purposes of the foregoing discussion of a repurchase of Notes at the option of holders, the following definitions are applicable:

"*Below Investment Grade Rating Event*" means the Notes are rated below an Investment Grade Rating by each of the Rating Agencies (as defined below) on any date from the date of the public notice of an arrangement that could result in a Change of Control until the end of the 60-day period following public notice of the occurrence of the Change of Control (which 60-day period shall be extended so long as the rating of the Notes is under publicly announced consideration for possible downgrade by any of the Rating Agencies); provided that a Below Investment Grade Rating Event

Table of Contents

otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred with respect to a particular Change of Control (and thus shall not be deemed a Below Investment Grade Rating Event for purposes of the definition of Change of Control Triggering Event hereunder) if the Rating Agency or Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the Trustee in writing at its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Below Investment Grade Rating Event).

"*Change of Control*" means the occurrence of any of the following: (1) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties or assets of the Company and its subsidiaries taken as a whole to any Person or group of related persons for purposes of Section 13(d) of the Exchange Act (a "Group") other than the Company or one of its subsidiaries; (2) the approval by the holders of the Company's voting stock of any plan or proposal for the liquidation or dissolution of the Company (whether or not otherwise in compliance with the provisions of the Indenture); (3) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any Person or Group becomes the beneficial owner, directly or indirectly, of more than 50% of the then outstanding voting interests in our capital stock; or (4) the first day on which a majority of the members of our Board of Directors are not Continuing Directors.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of "all or substantially all" of our and our subsidiaries' properties or assets taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Notes to require us to repurchase such holder's Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of our and our subsidiaries' assets taken as a whole to another Person or Group may be uncertain.

"*Change of Control Triggering Event*" means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

"*Continuing Directors*" means, as of any date of determination, any member of our Board of Directors who (1) was a member of such Board of Directors on the date of the issuance of the Notes; or (2) was nominated for election or elected to such Board of Directors with the approval of a majority of the Continuing Directors who were members of such Board of Directors at the time of such nomination or election (either by a specific vote or by approval of our proxy statement in which such member was named as a nominee for election as a director, without objection to such nomination).

"*Fitch*" means Fitch Ratings.

"*Investment Grade Rating*" means a rating equal to or higher than BBB- (or the equivalent) by Fitch, Baa3 (or the equivalent) by Moody's, BBB- (or the equivalent) by S&P and an equivalent rating of any replacement agency, respectively.

"*Moody's*" means Moody's Investors Service, Inc.

"*Paying Agent*" shall mean the Trustee or any other Person authorized by the Company to pay the principal of or interest on the Notes on behalf of the Company.

"*Person*" has the meaning set forth in the Indenture and includes a "person" as used in Section 13(d)(3) of the Exchange Act.

"*Rating Agencies*" means (1) each of Fitch, Moody's and S&P; and (2) if any of Fitch, Moody's or S&P ceases to rate the Notes or fails to make a rating of the Notes publicly available for reasons outside of our control, a "nationally recognized statistical rating organization" within the meaning of

Table of Contents

Section 3(a)(62) of the Exchange Act, selected by us (as certified by a resolution of our Board of Directors) as a replacement agency for Fitch, Moody's or S&P, or all of them, as the case may be.

"S&P" means Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc.

Applicable Law

The Notes and the Indenture will be governed by and construed in accordance with the laws of the State of New York.

Book-Entry, Delivery and Form

The Notes will be issued in the form of one or more fully registered global notes (the "Global Notes") registered in the name of DTC or Cede & Co., DTC's nominee. Beneficial interests in the Global Notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC and investors will hold such beneficial interests only through DTC, or through Clearstream Banking, S.A. or Euroclear Bank S.A./N.V. as DTC participants. Beneficial interests in the Global Notes will be held in denominations of \$2,000 and additional multiples of \$1,000. Except as described below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee.

DTC has advised the Company as follows: DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities deposited with it by its participants and records the settlement of transactions among its participants in such securities through electronic computerized book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers (including the Underwriters), banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own DTC. Access to the DTC book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Individual certificates in respect of the Notes will not be issued in exchange for the Global Notes, except in very limited circumstances. If DTC notifies the Company that it is unwilling or unable to continue as a clearing system in connection with the Global Notes, or ceases to be a clearing agency registered under the Exchange Act, and a successor clearing system is not appointed by the Company within 90 days after receiving such notice from DTC or upon becoming aware that DTC is no longer so registered, the Company will issue or cause to be issued individual certificates in registered form on registration of transfer of, or in exchange for, book-entry interests in the Notes represented by such Global Notes upon delivery of such Global Notes for cancellation.

Book-entry interests in the Notes may be transferred within DTC in accordance with procedures established for this purpose by DTC. A further description of DTC's procedures with respect to the Global Notes is set forth in the accompanying prospectus under "Description of Debt Securities Global Securities."

Table of Contents

UNITED STATES FEDERAL TAXATION

The information provided in the accompanying prospectus under the caption "United States Federal Taxation" is supplemented with the following information.

Each non-United States person (as such term is defined in the accompanying prospectus) should be aware that if it does not properly provide the required IRS form, or if the IRS form (or, if permissible, a copy of such form) is not properly transmitted to and received by the United States person otherwise required to withhold United States federal income tax, interest on the Note may be subject to United States withholding tax at a 30% rate or a lower applicable treaty rate. Such tax, however, may in certain circumstances be allowed as a refund or as a credit against such owner's United States federal income tax. The foregoing does not deal with all aspects of federal income tax withholding that may be relevant to non-United States persons. Investors are advised to consult their own tax advisors for specific advice concerning the ownership and disposition of Notes.

Despite the December 31, 2012 effective date set forth in the Foreign Account Tax Compliance Act ("FATCA") as part of the HIRE Act, as referenced in the accompanying prospectus, the IRS recently finalized Treasury regulations that delay the withholding requirements with respect to payments of interest until January 1, 2014, and delay the withholding requirements with respect to gross proceeds from a disposition until January 1, 2017. In addition, under the new Treasury regulations, the FATCA withholding tax will generally not apply to debt securities outstanding on January 1, 2014, unless such securities are significantly modified after that date. Accordingly, payments of interest and principal on the Notes, and proceeds from a disposition of the Notes, will generally not be subject to withholding under FATCA unless the Notes are "significantly modified" for United States federal income tax purposes after January 1, 2014. The withholding tax provisions of FATCA are extremely broad and complex and continue to be subject to future guidance and interpretation. Investors are urged to consult their own tax advisors regarding this legislation and the recently issued Treasury regulations under FATCA as they apply to the Notes.

The Underwriters are obligated to take and pay for all the Notes if any are taken.

The Underwriters propose initially to offer part of the Notes to the public at the public offering price set forth on the cover page hereof and in part to certain dealers at prices that represent a concession not in excess of 0.30% of the principal amount of the 2.80% Notes and 0.50% of the principal amount of the 4.15% Notes. Any Underwriter may allow, and such dealers may re-allow, a concession not in excess of 0.125% of the principal amount of the 2.80% Notes and 0.25% of the principal amount of the 4.15% Notes to certain other dealers. After the initial offering of the Notes, the offering price and other selling terms may from time to time be varied by the Underwriters. The offering of the Notes by the Underwriters is subject to receipt and acceptance and subject to the Underwriters' right to reject any order in whole or in part.

In order to facilitate the offering of the Notes, the Underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the Notes. Specifically, the Underwriters may

over-allot in connection with this offering, creating short positions in the Notes for their own account. In addition, to cover over-allotments or to stabilize the price of the Notes, the Underwriters may bid for, and purchase, Notes in the open market. Finally, the Underwriters may reclaim selling concessions allowed to an underwriter or dealer for distributing Notes in this offering, if the Underwriters repurchase previously distributed Notes in transactions that cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the Notes above independent market levels. The Underwriters are not required to engage in these activities, and may end any of these activities at any time.

The Underwriters may also impose a penalty bid. This occurs when a particular Underwriter repays to the Underwriters a portion of the underwriting discount received by it because the representatives have repurchased Notes sold by or for the account of such Underwriter in stabilizing or short covering transactions.

The Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the Underwriters and their affiliates engage in transactions with, and perform services for, the Company in the ordinary course of business and have engaged, and may in the future engage, in commercial banking and investment banking transactions with the Company. Certain of the Underwriters and their affiliates are lenders under our revolving credit facility. In the ordinary course of their various business activities, the Underwriters and their respective affiliates may make or hold a broad array of investments including serving as counterparties to certain derivative and hedging arrangements and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the issuer. The Underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The Notes are offered for sale in those jurisdictions where it is lawful to make such offers.

Standard Chartered Bank is not a U.S. registered broker-dealer and, therefore, to the extent that they intend to effect any sales of the Notes in the United States, they will do so through one or more U.S. registered broker-dealers as permitted by Financial Industry Regulatory Authority regulations.

Each of the Underwriters has represented and agreed that it has not and will not offer, sell or deliver any of the Notes directly or indirectly, or distribute this prospectus supplement or the prospectus or any other offering material relating to the Notes, in or from any jurisdiction except under circumstances that will result in compliance with the applicable laws and regulations thereof and that will not impose any obligations on the Company except as set forth in the Underwriting Agreement.

The Notes have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the "Financial Instruments and Exchange Law") and each underwriter will not offer or sell any securities, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

an indenture dated as of June 1, 1992 between us and The Bank of New York Mellon Trust Company, N.A., successor to The Chase Manhattan Bank and Chemical Bank, as trustee.

Each indenture is incorporated into or filed as an exhibit to the registration statement, of which this prospectus is a part. The following summaries of certain provisions of the indentures are not complete. We encourage you to read the indentures.

The indentures do not limit the amount of Debt Securities that we may issue. Each provides that Debt Securities may be issued up to the aggregate principal amount that we authorize from time to time. Unless and until it is exchanged in whole or in part for Debt Securities in definitive form, a global security may not be transferred except as a whole by the

depository to a nominee of the depository or by a nominee of the depository to the depository or another nominee of the depository or by the depository or any nominee to a successor of the depository or a nominee of that successor. (Sections 303 and 305)

The specific terms of the depository arrangement with respect to any Debt Securities of a series will be described in the prospectus supplement relating to that series. We anticipate that the following provisions will apply to all depository arrangements.

Upon the issuance of a global security, the depository will credit, on its book-entry registration and transfer system, the respective principal amounts of the Debt Securities represented by the global security to the accounts of "participants" that have accounts with the depository. The accounts to be credited shall be designated by the underwriters of Debt Securities, by certain of our agents or by us if we sell Debt Securities directly. Ownership of beneficial interests in a global security will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in a global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depository or by participants or persons that hold through participants.

So long as the depository or its nominee is the owner of a global security, the depository or its nominee, as the case may be, will be considered the sole owner or holder of the Debt Securities represented by that global security for all purposes under the indenture. Except as set forth below, owners of beneficial interests in a global security will not be entitled to have Debt Securities of the series represented by that global security registered in their names, will not receive or be entitled to receive physical delivery of Debt Securities in definitive form and will not be considered the owners or holders of the Debt Securities under the indenture governing the Debt Securities. Accordingly, each person owning a beneficial interest in a global security must rely on the procedures of the depository and, if such person is not a participant, on the procedures of the participant and, if applicable, the indirect participant, through which such person owns its interest, to exercise any right of a holder under the indenture.

Principal, premium, if any, and interest payments on Debt Securities registered in the name of or held by a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner or the holder of the global security representing those Debt Securities. Neither we, the trustee, any paying agent nor the security registrar will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a global security or for maintaining, supervising or reviewing any records relating to beneficial ownership interests. (Section 308)

We expect that the depository for Debt Securities of a series, upon receipt of any payment of principal, premium or interest in respect of a definitive global security, will credit immediately participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global security as shown on the records of the depository. We also expect that payments by participants to owners of beneficial interests in a global security held through those participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of owners of beneficial interests registered in "street name," and will be the responsibility of those participants.

If a depository for Debt Securities of a series is at any time unwilling or unable to continue as depository and we do not appoint a successor depository within 90 days, we will issue Debt Securities of that series in definitive form in exchange for the global security or securities representing the Debt Securities of that series. In addition, we may at any time and in our sole discretion determine not to have any Debt Securities of a series represented by one or more global securities. In that event, we will issue Debt Securities of that series in definitive form in exchange for the global security or securities representing those Debt Securities. An owner of a beneficial interest in a global security representing Debt Securities of a series may, on terms acceptable to us and the depository for such global security,

Table of Contents

receive Debt Securities of that series in definitive form. In any of these instances, an owner of a beneficial interest in a global security will be entitled to physical delivery in definitive form of Debt Securities of the series represented by that global security equal in principal amount to that beneficial interest and to have Debt Securities registered in its name if the Debt Securities of that series are issuable as registered securities. Debt Securities of that series issued in definitive form will be issued only in authorized denominations. (Section 305)

Payment and Paying Agents

Payment of principal of and any premium on registered Securities will be made in the designated currency against surrender of any registered Securities at the corporate trust office of the trustee in New York City. Payment of any installment of interest on registered Securities will ordinarily be made to the person in whose name the debt security is registered at the close of business on the regular record date for that interest payment. Payments of interest will be made, at our option, by a check in the designated currency mailed to each holder at the holder's registered address or by wire transfer to an account designated by the holder pursuant to an arrangement that is satisfactory to the trustee and us. (Sections 307 and 1001)

The paying agents outside the United States that we initially appoint for a series of Debt Securities will be named in the prospectus supplement. We may terminate the appointment of any of the paying agents from time to time, except that we will maintain at least one paying agent in New York City for payments on registered Securities.

So long as any series of Debt Securities is listed on The International Stock Exchange of the United Kingdom and the Republic of Ireland Limited or the Luxembourg Stock Exchange or any other stock exchange located outside the United States and it is a requirement of that stock exchange, we will maintain a paying agent in London or Luxembourg or any other required city located outside the United States, as the case may be, for that series of Debt Securities. (Section 1002)

All moneys that we pay to a paying agent for the payment of principal of or any premium, or interest on any debt security that remains unclaimed at the end of two years after it became due and payable will be repaid to us and the holder of that debt security will thereafter look only to us for payment. (Section 1003)

Certain Covenants

Liens. We covenant that, so long as any of the Debt Securities remain outstanding, we will not, nor will we permit any Restricted Subsidiary (as defined below, in "Definition of Certain Terms") to issue, assume, or guarantee any debt for money borrowed if that debt is secured by a mortgage on any Principal Property (as defined), or on any shares of stock or indebtedness of any Restricted Subsidiary (whether the Principal Property, shares of stock, or indebtedness are now owned or hereafter acquired) without in any such case effectively providing that the Debt Securities shall be secured equally and ratably with such debt. This restriction, however, shall not apply to:

mortgages on property, shares of stock, or indebtedness of any corporation existing at the time such corporation becomes a Restricted Subsidiary;

mortgages on property existing at the time that it is acquired, or to secure debt incurred for the purpose of financing the purchase price of such property or improvements or construction on the property, which debt is incurred prior to, at the time of or within one year after such acquisition, completion of such construction, or the commencement of commercial operation of such property thereon;

mortgages securing debt owing by any Restricted Subsidiary to us or another Restricted Subsidiary;

Table of Contents

mortgages on property of a corporation existing at the time that corporation is merged into or consolidated with us or a Restricted Subsidiary or at the time of a sale, lease or other disposition of the properties of a corporation as an entirety or substantially as an entirety to us or a Restricted Subsidiary;

mortgages on property of us or a Restricted Subsidiary in favor of the United States of America or any State thereof, or any department, agency or instrumentality or political subdivision of the United States of America or any State thereof, or in favor of any other country, or any political subdivision thereof, to secure certain payments pursuant to any contract or statute or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the property subject to such mortgages, including without limitation mortgages incurred in connection with pollution control, industrial revenue or similar financings;

mortgages existing at the date of the indenture;

mortgages on particular property, or any proceeds of the sale of that property, to secure all or any part of the cost of exploration, drilling, mining or development of that property, including construction of facilities for field processing of minerals, intended to obtain or materially increase the production and sale or other disposition of oil, gas, coal, uranium, copper or other minerals of that property, or any indebtedness created, issued, assumed or guaranteed to provide funds for any or all such purposes; or

any extension, renewal or replacement or successive extensions, renewals or replacements, in whole or in part, of any mortgage referred to in the clauses immediately above.

Notwithstanding the above, we and one or more of our Restricted Subsidiaries may, without securing the Debt Securities issued under this prospectus, issue, assume, or guarantee debt secured by mortgages which would otherwise be subject to the above restrictions, provided that the aggregate amount of that debt that would then be outstanding, with certain exceptions, does not at any one time exceed 10% of the Consolidated Net Tangible Assets (as defined) of us and our consolidated subsidiaries. (Section 1004)

For the purposes of this covenant, the following types of transactions shall not be deemed to create debt secured by a mortgage:

the sale or other transfer of oil, gas, coal, uranium, copper or other minerals in place for a period of time until, or in an amount such that, the purchaser will realize therefrom a specified amount of money (however determined) or a specified amount of such minerals; or

the sale or other transfer of any other interest in property of the character commonly referred to as a "production payment." (Section 1004)

Sale and Leaseback Transactions. Sale and leaseback transactions by us or any Restricted Subsidiary of any Principal Property are prohibited unless (a) we or such Restricted Subsidiary would be entitled to issue, assume, or guarantee debt secured by a mortgage upon the property involved at least equal in amount to the Attributable Debt (as defined) for that transaction without equally and ratably securing the Debt Securities or (b) an amount in cash equal to the Attributable Debt for that transaction is applied to the retirement of our non-subordinated debt or debt of a Restricted Subsidiary, which by its terms matures at or is extendible or renewable at the option of the obligor to a date more than twelve months after its creation. (Section 1005)

Consolidation or Merger. We will not consolidate or merge with or dispose of all or substantially all of our property to any corporation unless the surviving corporation, if other than us, shall assume our obligations under the indenture and under the Debt Securities. (Section 801) If, on any consolidation or merger of us or any Restricted Subsidiary with or into any other corporation, or on any sale, conveyance, or lease of substantially all of our or a Restricted Subsidiary's properties, any

Principal Property or any shares of stock or indebtedness of any Restricted Subsidiary would then become subject to any mortgage, pledge, lien or encumbrance, we, prior to such event, will secure the Debt Securities by a direct lien on that Principal Property, shares of stock or indebtedness, prior to all liens other than any previously existing. (Section 802)

Except for the limitations on secured debt and sale and leaseback transactions described above, and other than any covenants or other provisions that may be included in a supplement to this prospectus describing any particular series of Debt Securities, the indenture and Debt Securities do not contain any covenants or other provisions designed to afford holders of the Debt Securities protection in the event of a highly leveraged transaction involving us.

Definition of Certain Terms

"Subsidiary" is defined to mean any corporation which is consolidated in our accounts and any corporation of which at least a majority of the outstanding stock having voting power under ordinary circumstances to elect a majority of the board of directors of that corporation shall at the time be owned or controlled by us, or by us and one or more Subsidiaries, or by one or more Subsidiaries. (Section 101)

"Restricted Subsidiary" is defined to mean any wholly-owned subsidiary:

substantially all the property of which is located within the continental United States of America;

which owns a Principal Property; and

in which our investment exceeds 1% of our total consolidated assets as of the end of the preceding year.

The term "Restricted Subsidiary" does not include any wholly-owned subsidiary which is principally engaged in leasing or in financing installment receivables or which is principally engaged in financing our operations outside the continental United States. (Section 101)

"Principal Property" is defined as any manufacturing plant or facility or any mineral producing property or any research facility located within the continental United States owned by us or any Restricted Subsidiary, unless, in the opinion of our Board of Directors, such plant, facility, property or research facility is not of material importance to the total business conducted by us and our Restricted Subsidiaries. (Section 101)

"Attributable Debt" is defined as the present value, discounted as provided in the indenture, of the obligation of a lessee for rental payments during the remaining term of any lease. (Section 1005)

"Consolidated Net Tangible Assets" means the total amount of assets less applicable reserves and other properly deductible items after deducting (a) all current liabilities excluding any thereof which are by their terms extendible or renewable at the option of the obligor thereon to a time more than 12 months after the time as of which the amount thereof is being computed, and (b) all goodwill, trade names, trademarks, patents, purchased technology, unamortized debt discount and other like intangible assets, all as set forth on our most recent quarterly balance sheet and computed in accordance with generally accepted accounting principles. (Section 101)

Modification of the Indenture

The indenture permits us and the trustee, with the consent of the holders of not less than a majority in principal amount of the Debt Securities at the time outstanding and affected to execute a supplemental indenture modifying the indenture or the rights of the holders of Debt Securities and any

Table of Contents

related coupons. No modification shall, without the consent of the holder of each debt security affected thereby:

change the maturity of any debt security or coupon, or reduce its principal amount, or reduce the rate or change the time of payment of interest, or change any place of payment or change the coin or currency in which a debt security or coupon is payable or impair the right of any holder to institute suit for the enforcement of payment in accordance with the foregoing;
or

reduce the percentage of Debt Securities, the consent of the holders of which is required for any modification. (Section 902)

The indenture contains provisions for convening meetings of the holders of Debt Securities of a series. (Section 1401) A meeting may be called at any time by the trustee or upon our request or the request of holders of at least 10% in principal amount of the outstanding Debt Securities of the series, upon notice given in accordance with the indenture. (Section 1402) Except as limited in the preceding paragraph, any resolution presented at a meeting or adjourned meeting at which a quorum is present may be adopted by the affirmative vote of the holders of not less than a majority in principal amount of the outstanding Debt Securities of that series. Except as limited in the preceding paragraph, any resolution with respect to any demand, consent, waiver or other action that may be made, given or taken by the holders of a specified percentage, which is less than a majority in principal amount of outstanding Debt Securities of a series, may be adopted at a meeting or adjourned meeting at which a quorum is present by the affirmative vote of the holders of such specified percentage in principal amount of the outstanding Debt Securities of that series. (Section 1404)

Any resolution passed or decision taken at any meeting of holders of Debt Securities of any series duly held in accordance with the indenture will be binding on all holders of Debt Securities of that series and the related coupons. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing not less than a majority in principal amount of the outstanding Debt Securities of a series. (Section 1404)

Events of Default

The indenture defines an event of default with respect to any series of Debt Securities as any one of the following events and any other event that is established for the Debt Securities of a particular series:

default for 30 days in any payment of interest on the series;

default in any payment of principal and premium, if any, on the series;

default in the payment of any sinking fund installment;

default for 60 days after appropriate notice in performance of any other covenant in the indenture; or

certain events involving bankruptcy, insolvency or reorganization.

No event of default with respect to a particular series of Debt Securities issued under the indenture necessarily constitutes an event of default with respect to any other series of Debt Securities. (Section 501).

We are required to file with the trustee annually an officer's certificate indicating whether we are in default under the indenture. (Section 1008)

The indenture provides that, if an event of default shall occur and be continuing with respect to any series of Debt Securities, either the trustee or the holders of 25% in principal amount of the Debt Securities of the series (in the case of defaults under the final two clauses listed

above, the holders of

Table of Contents

25% in principal amount of all the Debt Securities) then outstanding may declare the principal, or in the case of original issue discount securities, that portion of the principal amount as may be specified, of the Debt Securities of the series or of all the Debt Securities, as the case may be, to be due and payable immediately. (Section 502) In certain cases, the holders of a majority in principal amount of the outstanding Debt Securities of any series, or in the case of defaults under the final two clauses listed above, the holders of a majority in principal amount of all the Debt Securities may on behalf of the holders of all the Debt Securities of any such series or of all the Debt Securities, as the case may be, waive any past default or event of default except a default not previously cured in payment of the principal of or premium, if any, or interest on any of the Debt Securities of such series or of all the Debt Securities. (Section 513)

The indenture contains a provision entitling the trustee, subject to the duty of the trustee during default to act with the required standard of care, to be indemnified by the holders of the Debt Securities of any series before exercising any right or power under the indenture at the request of the holders. (Section 603) The indenture provides that no holder of any Debt Securities of any series may institute any proceeding, judicial or otherwise, to enforce the indenture except, among other things, where the trustee has, for 60 days after it is given notice of default, failed to act, and where there has been both a request to enforce the indenture by the holders of not less than 25% in aggregate principal amount of the then outstanding Debt Securities of that series and an offer of reasonable indemnity to the trustee. (Section 507) This provision will not prevent any holder of Debt Securities from enforcing payment of the principal thereof and premium, if any, and interest thereon at their due dates. (Section 508) The holders of a majority in aggregate principal amount of the Debt Securities of any series then outstanding may direct the time, method and place of conducting any proceedings for any remedy available to the trustee or exercising any trust or power conferred on it for the Debt Securities of that series. However, the trustee may refuse to follow any direction that conflicts with law or the indenture or which would be unjustly prejudicial to the other holders. (Section 512)

The indenture provides that the trustee will, within 90 days after the occurrence of a default on any series of Debt Securities known to it, give to the holders of that series notice of the default if not cured or waived. Except in the case of a default in the payment of principal of, any premium, or interest on, any Debt Securities, the trustee shall be protected in withholding such notice if it determines in good faith that doing so is in the holders' interests. (Section 602)

Discharge and Defeasance

The indenture provides that we may specify that, for Debt Securities of a certain series, we will be discharged from any and all obligations regarding those Debt Securities if we irrevocably deposit with the trustee, in trust, money and/or U.S. government obligations which through the payment of interest and principal will provide enough money to pay any installment of principal, any premium, and, any interest, and any mandatory sinking fund payments of such Debt Securities on their stated maturity in accordance with the terms of the indenture and the Debt Securities. A trust may only be established if it would not cause the Debt Securities of a series listed on any nationally recognized securities exchange to be de-listed. Establishment of a trust may be conditioned on our delivery to the trustee of an opinion of counsel, who may be our counsel, to the effect that, based upon applicable U.S. federal income tax law or a ruling published by the United States Internal Revenue Service, a defeasance and discharge will not be deemed, or result in, a taxable event to holders of the Debt Securities. (Section 1301) Defeasance, however, will not end our obligations to register the transfer or exchange of Debt Securities, to replace stolen, lost or mutilated Debt Securities, to maintain paying agencies and hold monies for payment in trust and, if so specified for Debt Securities of a certain series, to pay the principal of and premium, if any, and interest, if any, on those Debt Securities.

DESCRIPTION OF COMMON STOCK

The following description of certain terms of our Common Stock does not purport to be complete and is qualified in its entirety by reference to our restated certificate of incorporation, our by-laws and the applicable provisions of the Delaware General Corporation Law (the "DGCL"). For more information on how you can obtain our restated certificate of incorporation and our by-laws, see "Where You Can Find More Information" on page 1 of this prospectus. We urge you to read our restated certificate of incorporation and our by-laws in their entirety.

Our restated certificate of incorporation provides that we are authorized to issue up to 1,800,000,000 shares of Common Stock. As of February 28, 2011, we had outstanding 926,678,952 shares of Common Stock. Our Common Stock is listed on the New York Stock Exchange under the ticker symbol "DD."

Voting Rights. The holders of Common Stock are entitled to one vote for each share held of record on all matters to the exclusion of all other stockholders except as specifically stated in our restated certificate of incorporation. All corporate actions, other than the election of directors, are decided by a plurality vote by holders of our Common Stock.

Quorum. The holders of our Common Stock entitled to cast a majority of votes at a stockholders' meeting constitute a quorum at such meeting.

Election of Directors. Directors are generally elected by a majority of the votes cast by holders of our Common Stock. However, directors are elected by a plurality of the votes cast by holders of our Common Stock in the case of elections held at a stockholders' meeting for which our corporate secretary has received a notice or otherwise has become aware, prior to such meeting, that a holder of our Common Stock has nominated a person for election to our board of directors. A majority of the votes cast means that the number of votes cast "for" a director's election exceeds the number of votes cast "against" that director's election. Abstentions and broker non-votes are not counted as votes cast either "for" or "against" a director's election.

Dividends and Liquidation Rights. Holders of Common Stock are entitled to dividends as may be declared by our board of directors whenever full accumulated dividends for all past dividend periods and for the current dividend period have been paid, or declared and set apart for payment, on the then outstanding preferred stock. Upon liquidation, dissolution or winding-up of our company, whether voluntary or involuntary, our remaining assets and funds will be divided and paid to holders of our Common Stock according to their respective shares after payments have been made to holders of our preferred stock.

Our restated certificate of incorporation provides that we are authorized to issue up to 23,000,000 shares of preferred stock, without par value, of which 1,688,850 shares are designated as \$4.50 Series preferred stock and 700,000 shares are designated as \$3.50 Series preferred stock. As of February 28, 2011, we had outstanding 1,672,594 shares of \$4.50 Series preferred stock and 700,000 shares of \$3.50 Series preferred stock. Our \$4.50 Series preferred stock and \$3.50 Series preferred stock are each listed on the New York Stock Exchange under the ticker symbols "DDPRB" and "DDPRA", respectively.

Miscellaneous. The shares of our Common Stock offered hereby will be fully paid and non-assessable upon issuance and payment therefor. Holders of Common Stock do not have any preemptive rights to subscribe for any additional shares of capital stock or other obligations convertible into or exercisable for shares of capital stock that we may issue in the future. There are no redemption or sinking fund provisions applicable to our Common Stock.

The transfer agent and registrar for our Common Stock is Computershare Trust Company, N.A., telephone (888) 983-8766.

Table of Contents

Anti-Takeover Considerations

The DGCL, our restated certificate of incorporation and our by-laws contain provisions that could serve to discourage or to make more difficult a change in control of us without the support of our board of directors or without meeting various other conditions.

Extraordinary Corporate Transactions

Delaware law provides that the holders of a majority of the shares entitled to vote must approve any fundamental corporate transactions such as mergers, sales of all or substantially all of a corporation's assets, dissolutions, etc.

State Takeover Legislation

Section 203 of the DGCL, in general, prohibits a business combination between a corporation and an interested stockholder within three years of the time such stockholder became an interested stockholder, unless (a) prior to such time, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder, (b) upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, exclusive of shares owned by directors who are also officers and by certain employee stock plans, or (c) at or subsequent to such time, the business combination is approved by the board of directors and authorized by the affirmative vote at a stockholders' meeting of at least $66\frac{2}{3}\%$ of the outstanding voting stock which is not owned by the interested stockholder.

Rights of Dissenting Stockholders

Delaware law does not afford appraisal rights in a merger transaction to holders of shares that are either listed on a national securities exchange or held of record by more than 2,000 stockholders, provided that such shares will be converted into stock of the surviving corporation or another corporation, which corporation in either case must also be listed on a national securities exchange or held of record by more than 2,000 stockholders. In addition, Delaware law denies appraisal rights to stockholders of the surviving corporation in a merger if the surviving corporation's stockholders weren't required to approve the merger pursuant to Section 251(f) of the DGCL.

Stockholder Action

Delaware law provides that, unless otherwise stated in the certificate of incorporation, any action which may be taken at an annual meeting or special meeting of stockholders may be taken without a meeting, if a consent in writing is signed by the holders of the outstanding stock having the minimum number of votes necessary to authorize the action at a meeting of stockholders. Our restated certificate of incorporation does not provide otherwise and thus permits action by written consent if such action has been approved in advance by the majority vote of our board of directors.

Meetings of Stockholders

Our by-laws provide that special meetings of the stockholders may be called by our board of directors and will be called by our corporate secretary at the request in writing of the holders of record of at least 25% of the outstanding stock entitled to vote.

Table of Contents

Cumulative Voting

Delaware law permits stockholders to cumulate their votes and either cast them for one candidate or distribute them among two or more candidates in the election of directors only if expressly authorized in a corporation's certificate of incorporation. Our restated certificate of incorporation does not authorize cumulative voting.

Removal of Directors

Delaware law provides that, except in the case of a classified board of directors or where cumulative voting applies, a director, or the entire board of directors, of a corporation may be removed, with or without cause, by the affirmative vote of a majority of the shares of the corporation entitled to vote at an election of directors. Our restated certificate of incorporation does not provide otherwise and thus permits removal of directors, with or without cause, by the affirmative vote of a majority of the shares entitled to vote at an election of directors.

Vacancies

Delaware law provides that vacancies and newly created directorships resulting from a resignation or any increase in the authorized number of directors elected by all of the stockholders having the right to vote as a single class may be filled by a majority of the directors then in office, unless the governing documents of a corporation provide otherwise. Our restated certificate of incorporation and our by-laws provide that vacancies occurring in our board of directors for any cause may be filled by vote of a majority of our whole board of directors. The remaining directors may elect a successor to hold office for the unexpired term of the director whose place is vacant and until the election of his successor.

UNITED STATES FEDERAL TAXATION

The following summary describes the material United States federal income and certain estate tax consequences of ownership and disposition of the Debt Securities. The applicable prospectus supplement will provide, if appropriate, a discussion of the material United States federal income tax considerations applicable to the ownership and disposition of the Common Stock. This summary provides general information only and is directed solely to original beneficial owners purchasing Debt Securities at the "issue price," that is, the first price at which a substantial amount of Debt Securities is sold to the public (excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). This summary is based on the Internal Revenue Code of 1986, as amended to the date hereof (the "Code"), existing administrative pronouncements and judicial decisions, existing and proposed Treasury Regulations currently in effect, and interpretations of the foregoing, changes to any of which subsequent to the date of this prospectus may affect the tax consequences described herein, possibly with retroactive effect. This summary deals only with Debt Securities held as capital assets within the meaning of Section 1221 of the Code. This summary does not discuss all of the tax consequences that may be relevant to a beneficial owner in light of his particular circumstances or to beneficial owners subject to special rules, such as certain financial institutions, insurance companies, dealers in securities, persons holding Debt Securities in connection with a hedging transaction, "straddle," conversion transaction or other integrated transaction or persons who have ceased to be United States citizens or to be taxed as resident aliens. Persons considering the purchase of Debt Securities should consult their own tax advisors with regard to the application of the United States federal income and estate tax laws to their particular situations, as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Tax Consequences to United States Persons

For purposes of the following discussion, "United States person" means a beneficial owner of the Debt Securities that is, for United States federal income tax purposes, (i) a citizen or resident of the United States, (ii) a corporation or other entity treated as a corporation for United States federal income tax purposes created or organized in or under the laws of the United States, any State or the District of Columbia, (iii) an estate the income of which is subject to United States federal income taxation regardless of its source, or (iv) a trust (A) if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust or (B) that has made a valid election to be treated as a U.S. person for U.S. federal income tax purposes. Partnerships are subject to special tax rules and should contact their own tax advisors.

Payments of Interest

Interest on the Debt Securities will generally be taxable to a United States person as ordinary interest income at the time it is accrued or is received in accordance with the United States person's method of accounting for tax purposes.

Sale, Exchange or Retirement of the Debt Securities

Upon the sale, exchange or retirement of the Debt Securities, a United States person will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or retirement and the United States person's adjusted tax basis in the Debt Securities. For these purposes, the amount realized does not include any amount attributable to accrued but unpaid interest on the Debt Securities. Amounts attributable to accrued but unpaid interest are treated as interest as described under "Payments of Interest" above. A United States person's adjusted tax basis in the Debt Securities generally will equal the cost of the Debt Securities to the United States person.

Table of Contents

In general, gain or loss realized on the sale, exchange or redemption of the Debt Securities will be capital gain or loss. Prospective investors should consult their own tax advisors regarding the treatment of capital gains (which may be taxed at lower rates than ordinary income for taxpayers who are individuals, trusts or estates) and losses (the deductibility of which is subject to limitations).

Backup Withholding and Information Reporting

Backup withholding and information reporting requirements may apply to certain payments of principal, premium and interest on the Debt Securities, and to payments of proceeds of the sale or redemption of the Debt Securities, to certain non-corporate United States persons. We, our agent, a broker, or any paying agent, as the case may be, will be required to withhold from any payment a tax at a rate currently equal to 28 percent of such payment if the United States person fails to furnish or certify its correct taxpayer identification number to the payor in the manner required, fails to certify that such United States person is not subject to backup withholding, or otherwise fails to comply with the applicable requirements of the backup withholding rules. Any amounts withheld under the backup withholding rules from a payment to a United States person may be credited against such United States person's United States federal income tax and may entitle such United States person to a refund, provided that the required information is furnished to the Internal Revenue Service.

Tax Consequences to Non-United States Persons

As used herein, the term "non-United States person" means a beneficial owner of the Debt Securities that is not a United States person.

Income and Withholding Tax

Subject to the discussion of backup withholding below:

(a) Payments of principal and interest on the Debt Securities that is beneficially owned by a non-United States person will not be subject to United States federal withholding tax; *provided*, that in the case of interest, (1)(i) the beneficial owner does not actually or constructively own 10% or more of the total combined voting power of all classes of our stock entitled to vote, (ii) the beneficial owner is not a controlled foreign corporation that is related, directly or indirectly, to us through stock ownership, (iii) the beneficial owner of the Debt Securities is not a bank whose receipt of interest is described in Section 881(c)(3)(A) of the Code; and (iv) either (A) the beneficial owner of the Debt Securities provides an IRS Form W-8 BEN (or successor form) certifying to the person otherwise required to withhold United States federal income tax from such interest, under penalties of perjury, that it is not a United States person and provides its name and address or (B) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business (a "financial institution") and holds an interest in the Debt Securities certifies to the person otherwise required to withhold United States federal income tax from such interest, under penalties of perjury, that such statement has been received from the beneficial owner by it or by a financial institution between it and the beneficial owner and furnishes the payor with a copy thereof; (2) the beneficial owner is entitled to the benefits of an income tax treaty under which the interest is exempt from United States federal withholding tax and the beneficial owner of the Debt Securities or such owner's agent provides an IRS Form W-8 BEN (or successor form) claiming the exemption; or (3) the beneficial owner conducts a trade or business in the United States to which the interest is effectively connected and the beneficial owner of the Debt Securities or such owner's agent provides an IRS Form W-8 ECI (or successor form) provided that in each such case, the relevant certification or IRS Form is delivered pursuant to applicable procedures and is properly transmitted to the person otherwise required to withhold United States federal income tax, and none of the persons receiving the relevant certification or IRS Form has actual knowledge that the

Table of Contents

certification or any statement on the IRS Form is false. The Forms W-8 ECI and W-8 BEN must be periodically updated.

(b) A non-United States person will not be subject to United States federal withholding tax on any gain realized on the sale, exchange or other disposition of the Debt Securities unless the gain is effectively connected with the beneficial owner's trade or business in the United States or, in the case of an individual, the beneficial owner is present in the United States for 183 days or more in the taxable year in which the sale, exchange or other disposition occurs and certain other conditions are met, or the non-United States person is subject to United States tax under provisions applicable to certain United States expatriates.

(c) The Debt Securities owned by an individual who at the time of death is not, for United States estate tax purposes, a citizen or resident of the United States generally will not be subject to United States federal estate tax as a result of such individual's death if the individual does not actually or constructively own 10% or more of the total combined voting power of all classes of our stock entitled to vote and, at the time of such individual's death the income on the Debt Securities would not have been effectively connected with a United States trade or business of the individual.

If a non-United States person owning the Debt Securities is engaged in a trade or business in the United States, and if interest on the Debt Securities (or gain realized on its sale, exchange or other disposition) is effectively connected with the conduct of such trade or business, such owner, although exempt from the withholding tax discussed in the preceding paragraphs, will generally be subject to regular United States income tax on such effectively connected income in the same manner as if it were a United States person. In addition, if such owner is a foreign corporation, it may be subject to a 30% branch profits tax (unless reduced or eliminated by an applicable treaty) of its effectively connected earnings and profits for the taxable year, subject to certain adjustments. For purposes of the branch profits tax, interest on, and any gain recognized on the sale, exchange or other disposition of, the Debt Securities will be included in the effectively connected earnings and profits of such owner if such interest or gain, as the case may be, is effectively connected with the conduct by such owner of a trade or business in the United States.

Each owner of the Debt Securities should be aware that if it does not properly provide the required IRS form, or if the IRS form (or, if permissible, a copy of such form) is not properly transmitted to and received by the United States person otherwise required to withhold United States federal income tax, interest on the Debt Securities may be subject to United States withholding tax at a 30% rate or a lower applicable treaty rate. Such tax, however, may in certain circumstances be allowed as a refund or as a credit against such owner's United States federal income tax. The foregoing does not deal with all aspects of federal income tax withholding that may be relevant to foreign owners of the Debt Securities. Investors are advised to consult their own tax advisors for specific advice concerning the ownership and disposition of Debt Securities.

Backup Withholding and Information Reporting

Under current Treasury Regulations, backup withholding (imposed at a rate currently equal to 28 percent) will not apply to payments made by us or a paying agent to an owner in respect of the Debt Securities if the certifications described above are received, provided in each case that we or the paying agent, as the case may be, does not have actual knowledge that the payee is a United States person.

Backup withholding is not a separate tax, but is allowed as a refund or credit against the owner's United States federal income tax, provided the necessary information is furnished to the Internal Revenue Service.

Table of Contents

Interest on the Debt Securities that is beneficially owned by a non-United States person will be reported annually on IRS Form 1042S, which must be filed with the Internal Revenue Service and furnished to such beneficial owner.

The United States federal income tax discussion set forth above is included for general information only and may not be applicable depending upon an owner's particular situation. Owners should consult their own tax advisors with respect to the tax consequences to them of the ownership and disposition of the Debt Securities, including the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in federal or other tax laws.

The Hiring Incentives to Restore Employment (HIRE) Act

Legislation enacted on March 18, 2010 will require, after December 31, 2012, withholding at a rate of 30 percent on interest payments (including original issue discount) in respect of, and gross proceeds from the sale of, our Debt Securities held by or through certain foreign "financial institutions" (which, for this purpose, includes investment funds), unless such institution enters into an agreement with the Secretary of the Treasury to report, on an annual basis, information with respect to accounts or interests in the institution held by certain United States persons and by certain non-U.S. entities that are wholly or partially owned by United States persons. Accordingly, the entity through which a beneficial owner holds our Debt Securities will affect the determination of whether such withholding is required. Similarly, interest payments (including original issue discount) in respect of, and gross proceeds from the sale of, our Debt Securities held by an investor that is a non-financial non-U.S. entity will be subject to withholding at a rate of 30 percent, unless such entity either (i) certifies that such entity does not have any "substantial United States owners" or (ii) provides certain information regarding the entity's "substantial United States owners." The Act generally would apply to payments made after December 31, 2012, but would exempt from withholding payment on, or proceeds in respect of, Debt Securities outstanding on the date two years after the date of enactment. We will not pay any additional amounts in respect of any amounts withheld. Non-United States persons are encouraged to consult with their tax advisors regarding the possible implications of the legislation on their investment in our Debt Securities.

PLAN OF DISTRIBUTION

Debt Securities

We may sell the Debt Securities in and outside the United States (a) through underwriters or dealers, (b) directly to purchasers or (c) through agents. The prospectus supplement will include the following information:

the terms of the offering

the names of any underwriters or agents

the purchase price from us of the Securities

the net proceeds to us from the sale of the Securities

any delayed delivery arrangements

any underwriting discounts and other items constituting underwriters' compensation

any initial public offering price

any discounts or concessions allowed or reallocated or paid to dealers

If we use underwriters in the sale, the underwriters will acquire the Debt Securities for their own account. The underwriters may resell the Securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer Securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the prospectus supplement, the obligations of the underwriters to purchase the Securities will be subject to certain conditions, and the underwriters will be obligated to purchase all the offered Securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or re-allowed or paid to dealers.

During and after an offering through underwriters, the underwriters may purchase and sell the Securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. The underwriters may also impose a penalty bid, whereby selling concessions allowed to syndicate members or other broker-dealers for the offered Securities sold for their account may be reclaimed by the syndicate if those offered Securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the offered Securities, which may be higher than the price that might otherwise prevail in the open market. If commenced, these activities may be discontinued at any time.

If we use dealers in the sale of Securities, we will sell the Securities to them as principals. They may then resell those Securities to the public at varying prices determined by the dealers at the time of resale. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

We may sell the Securities directly. In that case, no underwriters or agents would be involved. We may also sell the Securities through agents we designate from time to time. In the prospectus supplement, we will name any agent involved in the offer or sale of the offered Securities, and we will describe any commissions payable by us to the agent. Unless we inform you otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

Table of Contents

We may sell the Securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those Securities. We will describe the terms of any such sales in the prospectus supplement.

If we so indicate in the prospectus supplement, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase Securities from us at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The prospectus supplement will describe the commission payable for solicitation of those contracts.

We may have agreements with the agents, dealers and underwriters to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute to payments that the agents, dealers or underwriters may be required to make. Agents, dealers and underwriters may be customers of, engage in transactions with or perform services for us in the ordinary course of their businesses.

Common Stock

We may sell the Common Stock offered by this prospectus from time to time in one or more transactions, including without limitation:

directly to purchasers;

to or through underwriters or dealers;

through agents; or

through a combination of any of these methods.

In addition, the manner in which we may sell some or all of the Common Stock covered by this prospectus includes, without limitation, through:

a block trade in which a broker-dealer will attempt to sell as agent, but may position or resell a portion of the block, as principal, in order to facilitate the transaction;

purchases by a broker-dealer, as principal, and resale by the broker-dealer for its account;

ordinary brokerage transactions and transactions in which a broker solicits purchasers; or

privately negotiated transactions.

We may also enter into hedging transactions. For example, we may:

enter into transactions with a broker-dealer or affiliate thereof in connection with which such broker-dealer or affiliate will engage in short sales of the Common Stock pursuant to this prospectus, in which case such broker-dealer or affiliate may use shares of Common Stock received from us to close out its short positions;

sell short shares of Common Stock and redeliver such shares to close out our short positions;

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form 424B2

enter into option or other types of transactions that require us to deliver Common Stock to a broker-dealer or an affiliate thereof, who will then resell or transfer the Common Stock under this prospectus; or

loan or pledge the Common Stock to a broker-dealer or an affiliate thereof, who may sell the loaned shares or, in an event of default in the case of a pledge, sell the pledged shares pursuant to this prospectus.

Table of Contents

In addition, we may enter into derivative or hedging transactions with third parties, or sell Common Stock not covered by this prospectus to third parties, in privately negotiated transactions. In connection with such a transaction, the third parties may sell Common Stock covered by and pursuant to this prospectus. If so, the third party may use Common Stock borrowed from us or others to settle such sales, and may use Common Stock received from us to close out any related short positions. We may also loan or pledge Common Stock covered by this prospectus to third parties, who may sell the loaned Common Stock or, in an event of default in the case of a pledge, sell the pledged Common Stock pursuant to this prospectus.

The prospectus supplement with respect to an offering of Common Stock pursuant to this prospectus will state the terms of such offering, including:

the name or names of any underwriters or agents and the amounts of Common Stock underwritten or purchased by each of them, if any;

the public offering price or purchase price of the Common Stock and the net proceeds to be received by us from the sale;

any delayed delivery arrangements;

any underwriting discounts or agency fees and other items constituting underwriters' or agents' compensation; and

any discounts or concessions allowed or re-allowed or paid to dealers.

The offer and sale of Common Stock described in this prospectus by us, the underwriters or the third parties described above may be effected from time to time in one or more transactions, including privately negotiated transactions, either:

at a fixed price or prices, which may be changed;

at market prices prevailing at the time of sale, including in "at the market offerings" within the meaning of Rule 415(a)(4) of the Securities Act;

at prices related to the prevailing market prices; or

at negotiated prices.

Underwriters, Agents and Dealers

If we use underwriters in the sale, the underwriters will acquire the offered Common Stock for their own account. The underwriters may resell the offered Common Stock in one or more transactions, including negotiated transactions. These sales may be made at a fixed public offering price or prices, which may be changed, at market prices prevailing at the time of the sale, at prices related to such prevailing market prices or at negotiated prices. We may offer the Common Stock to the public through an underwriting syndicate or through a single underwriter. The underwriters in any particular offering of Common Stock will be named in the applicable prospectus supplement. Unless otherwise specified in connection with any particular offering of Common Stock, the obligations of the underwriters to purchase the offered Common Stock will be subject to certain conditions contained in an underwriting agreement that we will enter into with the underwriters at the time of the sale to them. The underwriters will be obligated to purchase all of the Common Stock offered if any of the Common Stock is purchased, unless otherwise specified in connection with any particular offering of Common Stock. Any initial offering price and any discounts or concessions allowed, re-allowed or paid to dealers may be changed from time to time.

Table of Contents

We may designate agents to sell the offered Common Stock. Unless otherwise specified in connection with any particular offering of Common Stock, the agents will agree to use their best efforts to solicit purchases for the period of their appointment.

We may sell the offered Common Stock to dealers as principals. We may negotiate and pay dealers' commissions, discounts or concessions for their services. Dealers may then resell such Common Stock to the public either at varying prices to be determined by the dealers or at a fixed offering price agreed to with us at the time of resale. Dealers engaged by us may allow other dealers to participate in resales.

Alternately, we may choose to sell the offered Common Stock directly. In this case, no underwriters, agents or dealers would be involved.

We may authorize underwriters, agents or dealers to solicit certain institutional investors to purchase offered Common Stock on a delayed delivery basis pursuant to delayed delivery contracts providing for payment and delivery on a specified future date. The applicable prospectus supplement will provide the details of any such arrangement, including the offering price and commissions payable on the solicitations. We will enter into such delayed contracts only with institutional purchasers that we approve. These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies and educational and charitable institutions.

We may have agreements with underwriters, agents or dealers to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute to payments that the agents, dealers or underwriters may be required to make. Underwriters, agents and dealers, and their affiliates, may engage in transactions with, or perform services for, us in the ordinary course of their businesses.

Market Making, Stabilization and Other Transactions

Our Common Stock is listed for trading on the New York Stock Exchange. In connection with any offering of Common Stock, the underwriters may purchase and sell shares of Common Stock in the open market. These transactions may include short sales, syndicate covering transactions and stabilizing transactions. Short sales involve syndicate sales of Common Stock in excess of the number of shares to be purchased by the underwriters in the offering, which creates a syndicate short position. "Covered" short sales are sales of shares made in an amount up to the number of shares represented by the underwriters' over-allotment option, if any. In determining the source of shares to close out the covered syndicate short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through any such over-allotment option. Transactions to close out the covered syndicate short involve either purchases of Common Stock in the open market after the distribution has been completed or the exercise of such over-allotment option. The underwriters may also make "naked" short sales of shares in excess of any over-allotment option. The underwriters must close out any naked short position by purchasing shares of Common Stock in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of bids for or purchases of shares in the open market while the offering is in progress for the purpose of pegging, fixing or maintaining the price of the Common Stock.

In connection with any offering, the underwriters may also engage in penalty bids. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the Common Stock originally sold by the syndicate member is purchased in a syndicate covering transaction to cover syndicate short positions. Stabilizing transactions, syndicate covering transactions and penalty bids may

Table of Contents

cause the price of the Common Stock to be higher than it would otherwise be in the absence of such transactions. The underwriters may, if they commence these transactions, discontinue them at any time.

Fees and Commissions

Any public offering price and any discounts, commissions, concessions or other items constituting compensation paid, allowed or re-allowed to underwriters, agents or dealers may be changed from time to time. Underwriters, agents or dealers that participate in the distribution of the offered Common Stock may be "underwriters" as defined in the Securities Act. Any commissions, fees or discounts they receive from us and any profits they receive on the resale of the offered Common Stock may be treated as underwriting discounts and commissions under the Securities Act. We will identify any underwriters, agents or dealers, and describe any commissions, fees or discounts that they receive from us, in the applicable prospectus supplement.

In compliance with the guidelines of the Financial Industry Regulatory Authority, Inc. ("FINRA"), the maximum discount or commission to be received by any FINRA member or independent broker-dealer may not exceed 8% of the aggregate offering price of the Common Stock offered hereby.

LEGAL OPINION

Thomas L. Sager, our Senior Vice President and General Counsel, or another of our lawyers, will issue an opinion about the legality of the offered Securities for us. Any underwriters will be advised about other issues relating to any offering by their own legal counsel.
