**PROXY STATEMENT
2013 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 12, 2013**

The Board of Directors of Cowen Group, Inc., Cowen Group or the Company, is soliciting proxies for use at the annual meeting of stockholders to be held on June 12, 2013 at 599 Lexington Avenue, 20th Floor, New York, New York, and at any adjournment or postponement of the meeting. This proxy statement and the enclosed proxy card are first being mailed or given to stockholders on or about May 6, 2013.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

What is the purpose of the meeting?

At our annual meeting, stockholders will act upon the matters outlined in the Notice of Annual Meeting of Stockholders. These include the election of directors and the ratification of the selection of our independent registered public accounting firm for 2013. Also, management will report on matters of current interest to our stockholders and respond to questions from our stockholders.

Who is entitled to vote at the meeting?

The Board has set April 22, 2013 as the record date for the annual meeting. If you were a stockholder of record at the close of business on April 22, 2013, you are entitled to vote at the meeting. As of the record date, 116,056,645 shares of Class A common stock, representing all of our voting stock, were issued and outstanding and, therefore, eligible to vote at the meeting.

What are my voting rights?

Holders of our Class A common stock are entitled to one vote per share. There are currently no shares of our non-voting Class B common stock outstanding. Therefore, a total of 116,056,645 votes are entitled to be cast at the meeting. There is no cumulative voting.

How many shares must be present to hold the meeting?

In accordance with our bylaws, shares equal to a majority of our capital stock issued and outstanding and entitled to vote as of the record date must be present at the annual meeting in order to hold the meeting and conduct business. This is called a quorum. Shares are counted as present at the meeting if:

you are present and vote in person at the meeting; or

you have properly and timely submitted your proxy as described below under "How do I submit my proxy?"

What is a proxy?

It is your designation of another person to vote stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card. When you designate a proxy, you also may direct the proxy how to vote your shares. We refer to this as your "proxy vote." Two of our officers, Peter A. Cohen, our Chairman and Chief Executive Officer, and Owen S. Littman, our General Counsel and Secretary, have been designated as proxies for our 2013 annual meeting of stockholders.

Table of Contents

What is a proxy statement?

It is a document that we are required to give you, in accordance with regulations promulgated by the Securities and Exchange Commission, or the SEC, when we ask you to designate proxies to vote your shares of Cowen Group, Inc. Class A common stock at a meeting of our stockholders. The proxy statement includes information regarding the matters to be acted upon at the meeting and certain other information required by regulations promulgated by the SEC and rules of the Nasdaq Stock Market.

What is the difference between a stockholder of record and a "street name" holder?

If your shares are registered directly in your name, you are considered the stockholder of record with respect to those shares. If your shares are held in a stock brokerage account or by a bank, trust or other custodian, then the broker, bank, trust or other custodian is considered to be the stockholder of record with respect to those shares, while you are considered to be the beneficial owner of those shares. In the latter case, your shares are said to be held in "street name." Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other custodian how to vote their shares using the method described below under "How do I submit my proxy?"

How do I submit my proxy?

If you are a stockholder of record or if you hold restricted stock, you can submit a proxy to be voted at the meeting in any of the following ways:

electronically, using the Internet;

over the telephone by calling a toll-free number; or

by completing, signing and mailing the enclosed proxy card.

If you hold your shares in street name, you can vote your shares in the manner prescribed by your broker, bank, trust or other custodian. Your broker, bank, trust company or other custodian has enclosed or otherwise provided a voting instruction card for you to use in directing the broker, bank, trust company or other custodian how to vote your shares.

What does it mean if I receive more than one set of proxy materials?

If you receive more than one set of proxy materials or multiple control numbers for use in submitting your proxy, it means that you hold shares registered in more than one account. To ensure that all of your shares are voted, sign and return each proxy card or voting instruction card you receive or, if you submit your proxy by Internet or telephone, vote once for each card or control number you receive

Can I vote my shares in person at the meeting?

If you are a stockholder of record, you may vote your shares in person at the meeting by completing a ballot at the meeting. Even if you currently plan to attend the meeting, we recommend that you also submit your proxy as described above so your vote will be counted if you later decide not to attend the meeting. If you submit your vote by proxy and later decide to vote in person at the annual meeting, the vote you submit at the meeting will override your proxy vote.

If you are a street name holder, you may vote your shares in person at the meeting only if you obtain and bring to the meeting a signed letter or other form of proxy from your broker, bank, trust or other custodian giving you the right to vote the shares at the meeting.

Table of Contents

How does the Board recommend that I vote?

The Board of Directors recommends a vote:

FOR all of the nominees for director; and

FOR the ratification of the selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm of Cowen Group, Inc. for the year ending December 31, 2013.

What if I do not specify how I want my shares voted?

If you are a stockholder of record or a holder of restricted stock and you submit a signed proxy card or submit your proxy by Internet or telephone but do not specify how you want to vote your shares on a particular manner, we will vote your shares:

FOR all of the nominees for director; and

FOR the ratification of the selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm of Cowen Group, Inc. for the year ending December 31, 2013.

Your vote is important. We urge you to vote, or to instruct your broker, bank, trust or other custodian how to vote, on all matters before the annual meeting. If you are a street name holder and fail to instruct the stockholder of record how you want to vote your shares on a particular matter, those shares are considered to be "uninstructed." New York Stock Exchange rules determine the circumstances under which member brokers of the New York Stock Exchange may exercise discretion to vote "uninstructed" shares held by them on behalf of their clients who are street name holders. These rules generally permit member brokers to exercise voting discretion with respect to uninstructed shares only on certain routine matters, including the ratification of the selection of a company's independent registered public accounting firm, however, changes in regulation were made to take away the ability of your bank, broker or other record holder to vote your uninstructed shares in the election of directors on a discretionary basis. The rules do not permit member brokers to exercise voting discretion with respect to the election of directors. Therefore, member brokers may not vote uninstructed shares on the election of directors. An uninstructed share that is not voted by a broker, bank or other custodian is sometimes referred to as a "broker non-vote." A broker non-vote will not have any effect on the approval or rejection of the proposal. For more information regarding the effect of broker non-votes on the outcome of the vote, see below under "How are votes counted?"

Can I change or revoke my vote after submitting my proxy?

Yes. If you are a record holder or a holder of restricted stock, you may revoke your proxy and change your vote at any time before your proxy is voted at the annual meeting, in any of the following ways:

by submitting a later-dated proxy by Internet or telephone before the deadline stated on the enclosed proxy card;

by submitting a later-dated proxy to the corporate secretary of the Company, which must be received by us before the time of the annual meeting;

by sending a written notice of revocation to the corporate secretary of the Company, which must be received by us before the time of the annual meeting; or

by voting in person at the meeting.

If you are a street name holder, please refer to the voting instructions provided to you by your broker, bank, trust or other custodian.

Table of Contents

What vote is required to approve each item of business included in the notice of meeting?

Proposal 1: Election of Directors

The nine nominees for director will be elected by an affirmative vote of a majority of the votes cast by holders of our Class A common stock present in person or by proxy and entitled to vote on the proposal at the Annual Meeting.

Proposal 2: Ratification of the Selection of Our Independent Public Accountant

To be approved by our stockholders, this proposal requires the affirmative vote of a majority of the votes cast by holders of our Class A common stock present in person or by proxy and entitled to vote on the proposal at the Annual Meeting.

How are votes counted?

You may either vote "FOR" or "WITHHOLD" authority to vote for each director nominee. You may vote "FOR," "AGAINST" or "ABSTAIN" on the ratification of the selection of PricewaterhouseCoopers LLP as our independent auditor for the year ending December 31, 2013. If you properly submit your proxy but withhold authority to vote for one or more director nominees or abstain from voting on the other proposal, your shares will be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of shares present in person or by proxy at the Annual Meeting with respect to a proposal, and, therefore, will have the effect of votes against the proposal. If you do not submit your proxy or voting instructions and also do not vote by ballot at the annual meeting, your shares will not be counted as present at the meeting for the purpose of determining either (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of shares present in person or by proxy at the Annual Meeting with respect to a proposal unless you hold your shares in street name and the broker, bank, trust or other custodian has discretion to vote your shares and does so. For the avoidance of doubt, broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting but will have no effect on the outcome of the vote for any proposal. For more information regarding discretionary voting, see the information above under "What if I do not specify how I want my shares voted?"

What constitutes a quorum for the meeting?

Under Delaware law and the Company's by-laws, the presence of a quorum is required to transact business at the Annual Meeting. A quorum is defined as any number of stockholders, together holding at least a majority of the capital stock of the Company issued and outstanding and entitled to vote, who shall be present in person or represented by proxy at the Annual Meeting.

Will my vote be kept confidential?

Yes. We have procedures to ensure that, regardless of whether you vote by Internet, telephone, mail or in person:

all proxies, ballots and voting tabulations that identify stockholders are kept permanently confidential, except as disclosure may be required by federal or state law or expressly permitted by a stockholder; and

voting tabulations are performed by an independent third party.

Table of Contents

How can I attend the meeting?

All of our stockholders are invited to attend the annual meeting. You may be asked to present valid photo identification, such as a driver's license or passport, before being admitted to the meeting. If you hold your shares in street name, you also may be asked to present proof of ownership to be admitted to the meeting. A brokerage statement or letter from your broker, bank, trust or other custodian proving ownership of the shares on April 22, 2013, the record date, are examples of proof of ownership.

To help us plan for the meeting, please let us know whether you expect to attend, by responding affirmatively when prompted during Internet or telephone voting or by marking the attendance box on the proxy card.

Who pays for the cost of proxy preparation and solicitation?

Cowen Group, Inc. pays for the cost of proxy preparation and solicitation, including the reasonable charges and expenses of brokers, banks, trusts or other custodians for forwarding proxy materials to street name holders. We are soliciting proxies primarily by mail. In addition, our directors, officers and regular employees may solicit proxies by telephone or facsimile or personally. Our directors, officers and regular employees will receive no additional compensation for their services other than their regular compensation.

The Board of Directors recommends a vote FOR the election of the director nominees. Proxies will be voted FOR the election of the nominees unless otherwise specified.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Our Board of Directors believes that good corporate governance is important to ensure that Cowen Group, Inc. is managed for the long-term benefit of its stockholders. This section describes key corporate governance guidelines and practices that our Board has adopted. Complete copies of our Corporate Governance Guidelines, the charters of our Audit, Compensation, Nominating and Corporate Governance Committees and our Code of Ethics and Business Conduct are available on the investor relations section of our website, www.cowen.com. Alternatively, you can request a copy of these documents by writing to Cowen Group, Inc., Attn: Corporate Secretary, 599 Lexington Avenue, New York, NY, 10022.

Corporate Governance Guidelines

Our Board has adopted corporate governance guidelines to assist in the exercise of its duties and responsibilities and to serve the best interests of the Company and our stockholders. These guidelines, which provide a framework for the conduct of the Board's business, provide that:

the Board's goal is to oversee and direct management in building long-term value for the Company's stockholders;

a majority of the members of the Board shall be independent directors;

the independent directors shall meet regularly in executive session;

directors have access to management and, as appropriate, to the Company's outside advisors;

new directors participate in an orientation program and all directors are expected to participate in continuing director education on an ongoing basis; and

at least annually, the Board and its committees conduct a self-evaluation to determine whether they are functioning effectively.

Director Independence

Under applicable Nasdaq Stock Market rules, a director will only qualify as an "independent director" if, in the opinion of our Board, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Our Board has determined that none of Ms. Dietze, nor Messrs. Kotler, Markowitz, Nusbaum, Toffolon or Wright currently has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an "independent director" as defined under Rule 4200(a)(15) of the Nasdaq Stock Market, Inc. Marketplace Rules.

Messrs. Cohen, Solomon and Strauss cannot be considered independent directors under Nasdaq Stock Market rules because Mr. Cohen is employed as our Chief Executive Officer, Mr. Solomon is employed as Chief Executive Officer of Cowen and Company, LLC, our broker-dealer subsidiary and Mr. Strauss is employed as our Vice Chairman and Chairman of Ramius LLC, our investment management subsidiary. Therefore, the Board of Directors has determined that six of our nine director nominees are independent.

Board Leadership Structure

Mr. Cohen serves in the combined roles of chairman and chief executive officer. We believe that Mr. Cohen's combined service as chairman and chief executive officer provides the Company with (i) a unified strategic and operating focus, (ii) the benefit of clarity in the management structure of the organization, and (iii) consistency of communications to shareholders, customers, regulators and other constituencies. This structure also best assures that the leader of the organization is closely connected with both the Company's senior level managers and the Board and is therefore better able to appreciate and balance the perspectives of both groups. To establish a liaison between the non-management directors and the Chairman and CEO and thus facilitate effective communication between them, as well as to facilitate the deliberations of the non-management directors in executive session, the Board also appoints a lead director who is independent. This position is currently held by Mr. Markowitz.

The Board's Role in Risk Oversight

Our Board's oversight of our risk management processes is effected primarily through our Audit Committee. Our Audit Committee periodically meets with senior executives responsible for risk oversight to review and discuss the material risks facing the Company, including operational, market, credit, liquidity, legal and regulatory risks, and to assess whether management has reasonable controls in place to address these risks. The Audit Committee is also responsible for ensuring that management has established processes and an enterprise risk management framework and governance structures designed to identify, bring to the Board's and/or the Audit Committee's attention, and appropriately manage, monitor, control and report exposures to the major risks affecting Cowen Group. In addition to the Audit Committee, the Compensation Committee separately reviews and discusses with management whether our compensation arrangements are consistent with effective controls and sound risk management. The Board evaluates the Company's risk profile on a quarterly basis.

Board Meetings and Attendance

Our Board met five times from January 1, 2012 through December 31, 2012. Each director attended at least 75% of the aggregate number of Board meetings and the number of meetings held by all committees on which he or she then served.

The current members of our Nominating and Corporate Governance Committee are Mr. Kotler (Chairperson) and Ms. Dietze. Our Nominating and Corporate Governance Committee met two times from January 1, 2012 through December 31, 2012.

Executive and Director Compensation Processes

For a discussion of our process relating to executive officer compensation, please see "Compensation Discussion and Analysis" included elsewhere in this proxy statement.

The Nominating and Corporate Governance Committee is responsible for periodically reviewing the level and form of compensation of our non-employee directors, including how such compensation compares to director compensation of companies of comparable size, industry and complexity, and for making recommendations to the Board with respect to such compensation. For a description of the annual compensation paid to each non-employee director, please see "Compensation Program for Non-Employee Directors" below.

The Board has delegated to a New Hire Retention Award Committee limited authority to grant equity awards under our existing equity compensation plans. Mr. Cohen is the sole member of the New Hire Retention Award Committee. The New Hire Retention Award Committee may only grant equity awards in connection with the hiring of new employees, the retention of existing employees and in connection with significant promotions. Director Nomination Process

The process to be followed by our Nominating and Corporate Governance Committee to identify and evaluate Director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Committee and the Board.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended Director nominees, our Nominating and Corporate Governance Committee will apply the criteria set forth in the Committee's charter and in our Corporate Governance Guidelines. These criteria include the candidate's experience, skills, expertise, diversity, integrity, character, business judgment, time availability, dedication, age, conflicts of interest, reputation for honesty and ethical conduct, material relationships with the Company and independence from management and the Company. The Committee will not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. Our Board believes that the backgrounds and qualifications of its Directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow it to fulfill its responsibilities. Our Corporate Governance Guidelines require that if there is a significant change in a Director's primary job responsibilities, that director must notify the Board of Directors and the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee may recommend to the Board that the director tender his or her resignation. In addition, our Corporate Governance Guidelines require that any Director attaining the age of 75 must annually tender his or her proposed retirement from the Board, and the Nominating and Corporate Governance Committee shall recommend to the Board whether it should accept such proposed retirement or request that the director continue to serve on the Board.

Stockholders may recommend individuals to our Nominating and Corporate Governance Committee for consideration as potential director candidates by submitting to the Nominating and Corporate Governance Committee the proposed director's name, age, business address, principal occupation and principal qualifications. The stockholder making the recommendation must include a statement as to the amount of shares beneficially owned by the stockholder and a statement as to whether the proposed director has consented to serve as a director if elected. Stockholders should send all notices to the Nominating and Corporate Governance Committee, c/o Corporate Secretary, Cowen Group, Inc., 599 Lexington Avenue, New York, NY, 10022. Stockholders may make recommendations at any time, but recommendations for consideration as nominees at the next annual meeting of stockholders must be received not less than 120 days before the first anniversary of the date that the proxy statement was first mailed to stockholders in connection with the previous year's annual meeting. Assuming that appropriate biographical and background material has been provided on a timely basis, the Nominating and Corporate Governance Committee will evaluate stockholder-recommended candidates by following the same process, and applying the same criteria, as it follows for candidates submitted by others. If the Board determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in the Company's proxy card for the next annual meeting.

Stockholders also have the right under our bylaws to directly nominate director candidates, without any action or recommendation on the part of the Nominating and Corporate Governance Committee or the Board, by following the procedures set forth under "Procedures for Nominating Director Candidates."

Table of Contents

Procedures for Nominating Director Candidates

Stockholders may directly nominate a person for election to our Board by complying with the procedures set forth in Article III, Section 3 of our bylaws, and with the rules and regulations of the SEC. Under our bylaws, only persons nominated in accordance with the procedures set forth in the bylaws will be eligible to serve as directors. In order to nominate a candidate for service as a director, you must be a stockholder at the time you give the Board notice of your nomination, and you must be entitled to vote for the election of directors at the meeting at which your nominee will be considered. In accordance with our bylaws, director nominations generally must be made pursuant to notice to our Corporate Secretary delivered to or mailed and received at our principal executive offices at 599 Lexington Avenue, New York, NY, 10022, not later than the 90th day, nor earlier than the 120th day, prior to the first anniversary of the prior year's annual meeting of stockholders. Your notice must set forth (i) the name, age, business address and residence address of the nominee, (ii) the principal occupation or employment of the nominee, (iii) the class or series and number of shares of capital stock of Cowen Group, Inc. owned beneficially or of record by the nominee, and (iv) all other information relating to the nominee that is required to be disclosed in solicitations of proxies for the election of directors in an election contest, or is otherwise required, in each case pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder.

Procedures for Contacting the Board of Directors

Our Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The Chairman of the Board of Directors, with the assistance of our General Counsel, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the General Counsel considers to be important for the directors to know. In general, communications relating to corporate governance and corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to our Board should address such communications to Board of Directors, c/o Corporate Secretary, Cowen Group, Inc., 599 Lexington Avenue, New York, NY, 10022.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. We have posted a current copy of the code on our website, www.cowen.com. In addition, we intend to post on our website all disclosures that are required by law or Nasdaq Stock Market listing standards concerning any amendments to, or waivers from, any provision of the code. You may also request a copy of the code by writing to Cowen Group, Inc., Attn: Corporate Secretary, 599 Lexington Avenue, New York, NY 10022.

**EXECUTIVE COMPENSATION
COMPENSATION DISCUSSION AND ANALYSIS**

Our "named executive officers" for 2012 consist of the following individuals:

Peter A. Cohen, who serves as our Chairman, Chief Executive Officer and President;

Stephen A. Lasota, who serves as our Chief Financial Officer;

Owen S. Littman, who serves as our General Counsel and Secretary;

Jeffrey M. Solomon, who serves as Chief Executive Officer of Cowen and Company; and

Thomas W. Strauss, who serves as our Vice Chairman and is the Chairman of Ramius LLC.

Executive Summary

Overall, 2012 was a constructive year for Cowen Group and the compensation paid to the Company's executive officers reflects the progress made in 2012 relative to 2011. The following improvements in operating performance during 2012 (which are presented on an Economic Income basis) were considered important factors by the Compensation Committee when evaluating executive compensation, particularly the compensation paid to Mr. Cohen, the Chief Executive Officer of Cowen Group and Jeffrey Solomon, the Chief Executive Officer of Cowen and Company:

Total revenue in 2012 was the highest since the Cowen/Ramius business combination in 2009. For the full year, total revenue was up 6.8% at \$288.6 million compared to \$270.2 million in 2011.

The broker-dealer segment revenue increased to \$175.8 million, up 11% from 2011.

Investment banking revenue increased 41% to \$71.8 million in 2012.

Full year 2012 incentive income was \$15.2 million, a 47% increase over 2011.

For the full year 2012, total expenses declined by \$29.7 million from 2011, in line with our expense reduction targets for 2012.

For the full year 2012, the compensation to economic income revenue ratio improved to 66% from the 2011 compensation to economic income revenue ratio of 72%.

Compensation Philosophy and Objectives

Our compensation programs, including compensation of our named executive officers, are designed to achieve three objectives:

Pay for Performance. A significant portion of the total compensation paid to each named executive officer is variable. The amount of compensation paid is determined based on: (i) the performance of the Company on an absolute basis through a comparison of our results to competitor firms; (ii) an evaluation of each executive officer's contribution to the Company; and (iii) his performance against individualized qualitative goals.

Table of Contents

Align Executive Officers' Interests with Stockholders' Interests. Our Compensation Committee reviews each executive officer's performance as well as the Company's financial results in the context of the market environment when determining year end performance-related compensation. Our Compensation Committee believes year-end performance-related compensation should be delivered in a combination of short-term and long-term instruments. We believe that deferred cash, equity and equity-related instruments align the interests of our executive officers with those of our stockholders and ensure that our employees are focused on the long-term performance of the Company. In connection with fiscal 2012 bonus payments, all of our current named executive officers received a portion of their bonus in cash, a portion in deferred equity and a portion in deferred cash, in each case subject to service-based vesting requirements. In addition, pursuant to the terms of their employment agreements, Messrs. Solomon, Lasota and Littman received restricted stock unit grants in 2012, and Messrs. Strauss, Lasota and Littman received long-term incentive award grants in 2013 in the form of restricted stock units and stock appreciation rights ("SARs"). The SARs awards are intended to further align each executive's interest with the long term performance of the Company. The Compensation Committee believes that the payment of a significant portion of an employee's compensation in the form of equity and deferred cash properly aligns the employee's interests with those of the Company's stockholders and effectively mitigates any risks associated with the Company's compensation practices.

Recruiting and Retention. We operate in an intensely competitive industry, and we believe that our success is closely related to our recruiting and retention of highly talented employees and a strong management team. We try to keep our compensation program comparable to industry practices so that we can continue to recruit and retain talented executive officers and employees.

Table of Contents

Setting Compensation

The Compensation Committee is responsible for approving the compensation paid to our named executive officers as well as certain other highly compensated employees. In making compensation determinations, the Compensation Committee reviews information presented to them by the Company's management, compensation peer group information and the recommendations of a compensation consultant engaged by the Committee. The Compensation Committee also reviews our compensation to revenue ratio on a quarterly basis and may adjust the targeted compensation to revenue ratio in order to maintain the Company's compensation philosophy of aligning the interests of our executive officers and our stockholders.

Involvement of Executive Officers

Our Chief Executive Officer, in consultation with our Chief Financial Officer, our General Counsel, our Chief Administrative Officer and employees in our Human Resources department, assists the Compensation Committee with its work. These individuals prepare information that is provided to, and reviewed by, the Compensation Committee and the Chief Executive Officer makes recommendations to the Compensation Committee for their consideration. Such information and recommendations include, among other things, the compensation that should be received by the executive officers and certain other highly compensated employees; financial information regarding the Company that should be reviewed in connection with compensation decisions; the firms to be included in a compensation peer group; and the evaluation and compensation process to be followed by the Compensation Committee. Our Chief Executive Officer is often invited to participate in Compensation Committee meetings; however, he recuses himself from all discussions regarding his own compensation.

Compensation Consultant

In December 2012, the Compensation Committee exercised its sole authority pursuant to its charter to directly engage Pay Governance LLC to provide advice as a compensation consultant. Pay Governance LLC was retained by the Compensation Committee to provide advice, analysis, and assessment of alternatives related to the amount and form of executive and director compensation. At the request of the Compensation Committee, Pay Governance LLC reviewed certain Compensation Committee presentation materials (including the peer group data described below) during December 2012 and early 2013 and advised the Compensation Committee on Chief Executive Officer compensation.

The Compensation Committee has assessed the independence of Pay Governance LLC pursuant to SEC rules and concluded that no conflict of interest exists that would prevent Pay Governance LLC from independently representing the Compensation Committee. The Compensation Committee reviewed and was satisfied that there was no business or personal relationships between members of the Compensation Committee and the individuals at Pay Governance LLC supporting the Compensation Committee.

Compensation Peer Group

In making compensation decisions for 2012, our Compensation Committee reviewed compensation information for similarly titled individuals at comparable companies gathered from public filings made in 2012 related to 2011 annual compensation. In instances where an employee has responsibilities for both the broker-dealer and the alternative asset management businesses, both broker-dealers and alternative asset management companies were utilized. For 2012, our compensation peer group consisted of Greenhill & Co., Inc., Jefferies Group, Inc., Lazard LLC, Gleacher, JMP Group, Keefe Bruyette & Woods, Inc., Knight Capital Group, Piper Jaffray & Co., Stifel Financial, The Blackstone Group, Fortress Investment Group and Och-Ziff. The Compensation Committee identified these firms

Table of Contents

because they were either similar in size or engaged in similar businesses. Management gathered and provided information to the Compensation Committee relating to the compensation of the executive officers of these peer firms, including annual base salary, annual cash bonus, equity awards and all other compensation. The Compensation Committee considered this data when determining named executive officers' 2012 annual bonuses and other compensation to ensure that our compensation levels were competitive relative to the compensation paid by our peer group. The Compensation Committee reviewed trends among these peer firms, but did not utilize the peer firm compensation as a benchmark for determining executive compensation.

Advisory Vote on Executive Compensation

The Compensation Committee believes that our executive compensation programs are effective in driving our pay-for-performance philosophy. As part of our corporate governance system, we evaluate our programs in light of market conditions, stockholder views, and governance considerations, and make changes as appropriate for our business. At our 2011 annual meeting, we held our first non-binding shareholder advisory vote on the compensation of our named executive officers. We had extremely strong support from our stockholders, with over 95% of the votes cast in favor of the compensation of our named executive officers. The Board of Directors reviewed this favorable outcome and believed it conveyed our stockholders' support of the Compensation Committee's decisions and the existing executive compensation programs. The Compensation Committee made no material changes to our executive compensation program or to the compensation of our named executive officers as a result of the advisory vote. At our 2011 annual meeting, our shareholders recommended that we hold non-binding shareholder advisory votes on executive compensation once every three years. Thereafter, our Board of Directors reviewed these results and determined that our shareholders should vote on a say-on-pay proposal every three years. Accordingly, our next advisory vote will take place at our 2014 annual meeting.

Compensation Program and Payments

Our 2012 executive compensation consisted of base salary, certain limited perquisites and benefits, an annual bonus paid in the form of cash and deferred cash and equity awards, and, for certain of our named executive officers, annual incentive awards in the form of long-term equity incentive compensation. In addition, pursuant to their employment agreements, our named executive officers are eligible to receive certain payments upon a termination or change in control. Certain of our named executive officers also received equity awards in the form of restricted stock units in 2012 pursuant to their employment agreements.

Base Salary

The purpose of base salary is to provide a set amount of cash compensation for each executive officer that is not variable in nature and is generally competitive with market practices. We seek to limit the base salaries of our named executive officers such that a significant amount of their total compensation is contingent upon the performance of the Company and the named executive officer during the fiscal year. This was consistent with standard practice within the securities and asset management industries and we believe this allowed us to reward performance.

In 2012, Mr. Cohen received a base salary of \$950,000, Mr. Lasota received a base salary of \$450,000, Mr. Littman received a base salary of \$450,000, Mr. Solomon received a base salary of \$866,667 and Mr. Strauss received a base salary of \$600,000. The Compensation Committee determined that it was appropriate to increase the annual rate of base salary for Messrs. Lasota and Littman to \$450,000 per annum (which represents a 12.5% increase over their 2011 rates of base salary), effective retroactive to January 1, 2012, in connection with each of them entering into new employment agreements in August 2012, and to increase the annual rate of base salary for Mr. Solomon to \$950,000

Table of Contents

per annum (which represents a 26.67% increase over his 2011 rate of base salary), effective as of June 1, 2012, in connection with his entering into a new employment agreement with the Company in May 2012. The Company increased the base salaries of each of Mr. Lasota, Mr. Littman and Mr. Solomon to ensure that their compensation remained competitive and to provide the executives with what was viewed as an appropriate level of cash compensation given the Company's practice of deferring a significant portion of performance-related compensation.

Perquisites

Historically, Ramius provided certain perquisites, including reimbursement of group term life and long-term disability insurance and tax and financial planning expenses, and the Company continues to provide these perquisites to certain members of senior management, including Messrs. Cohen, Solomon and Strauss. In addition, Mr. Cohen and Mr. Strauss are provided with a car and driver for business use. Messrs. Cohen and Strauss reimburse the Company for personal use of the car and driver.

Annual Bonus Compensation

A significant portion of total compensation our named executive officers are eligible to receive is in the form of a discretionary annual bonus. This is consistent with our view that a significant portion of compensation paid is to be based on the performance of the Company and of each executive officer. The annual bonus is paid partially in cash and partially in deferred cash and equity. The deferred components of the annual bonus are paid in lieu of, not in addition to, a cash payment and are subject to service-based vesting conditions, as discussed in more detail in the section below titled "2012 Annual Bonus Compensation and Annual Incentive Awards." The Compensation Committee believes that the practice of paying a portion of each named executive officer's annual bonus in the form of deferred awards is consistent with compensation practices at our peer companies and is a useful tool to continue aligning the long-term interests of our named executive officers' with the interests of our stockholders.

During the first quarter of 2012, the Compensation Committee set the Company's achievement of positive economic income during the 2012 calendar year as the performance criteria for purposes of Section 162(m) for each of our named executive officers. However, given the Company's substantial federal income tax net operating loss carryforwards, the Compensation Committee determined that the loss of the deduction for payment of compensation in excess of \$1 million to any of our named executive officers despite the Company having negative economic income for 2012 would not negatively impact the Company, while the failure to pay bonuses to our named executive officers could potentially negatively impact the Company from a retention standpoint. At meetings held on January 29, 2013 and February 21, 2013, the Compensation Committee considered and discussed management's compensation recommendations for our named executive officers and the Compensation Committee approved management's recommendations. In determining the annual bonus compensation payable to each of our named executive officers for 2012, the Compensation Committee reviewed and considered the financial performance of the Company as a whole and each individual business unit compared to 2011; each named executive officer's contributions to the Company's growth initiatives in 2012; historical compensation information for each named executive officer; the Company's desire to retain and incentivize its named executive officers; the recommendations of the Chief Executive Officer regarding total compensation of our named executive officers, which the Compensation Committee discussed with the Chief Executive Officer; the financial performance of the Company during 2012 compared to comparable public companies and other companies in the securities industry; a review of public filings regarding total compensation paid by certain peer investment banks and alternative asset management companies; and base salary, cash bonus, equity awards and all other compensation paid by the compensation peer group. The Compensation Committee approved annual bonuses for each of our executive officers after review and consideration of these factors, as well as the following individual performance factors.

Table of Contents

Determination of Executive Officer Compensation for 2012

The following factors influenced the annual bonus determinations for each named executive officer for 2012:

Peter A. Cohen, Chairman, Chief Executive Officer and President. In determining the compensation for Mr. Cohen in 2012, the Compensation Committee considered both operating results for 2012 as well as absolute and relative total returns to shareholders. The Compensation Committee recognized that significant operating performance achievements occurred during 2012 (including increased revenues, reduced overall compensation and non-compensation costs, and reduced ratio of compensation to revenue as discussed above) and that, while these operating improvements have not yet translated into significant stock price movement, they have positioned the business for greater success once economic/market conditions improve. The Compensation Committee reviewed competitive pay information for CEOs at peer firms and determined that Mr. Cohen's 2012 recommended compensation level was lower than the CEO compensation at most of our peer firms, which it considered to be appropriate given the year's performance. Mr. Cohen declined incentive compensation for 2011, but the Compensation Committee considered it appropriate to pay some level of incentive compensation for 2012 given the results. The Compensation Committee determined to pay Mr. Cohen's 2012 incentive payment approximately half in cash and half in stock in order to have a mix of short-term and long-term pay, but did not consider paying a larger portion in stock to be necessary given Mr. Cohen's significant stock holdings.

Stephen A. Lasota, Chief Financial Officer. Mr. Lasota continued to improve upon the Company's public company financial reporting and risk management functions in 2012. He played the lead role in establishing procedures and increasing staff to ensure the Company's continued compliance with increased financial reporting requirements as a result of the Company's acquisitions of KDC Securities and Algorithmic Trading Management in 2012 and the associated expansion of our product offerings as a result of these transactions. Mr. Lasota played a significant role in managing the Company's business operations.

Owen S. Littman, General Counsel. Mr. Littman's compensation reflected his contributions to the enhancement of the Company's compliance structure, management of the Company's outstanding litigation and regulatory matters as well as his focus on the Company's legal disclosure and corporate governance procedures. Mr. Littman played a significant role in managing the Company's business operations. Mr. Littman played a leading role in negotiating the acquisitions of KDC Securities and Algorithmic Trading Management in 2012.

Jeffrey M. Solomon, Chief Executive Officer of Cowen and Company. Mr. Solomon's compensation was influenced by his significant contributions regarding the enhancement and repositioning of the Investment Banking and Capital Markets division of the Company's broker-dealer business as well as the hiring of new leadership for the Equity business and the Equity Research department. His establishment of a single comprehensive strategy at Cowen and Company following his appointment as CEO in October of 2011 has resulted in increased profitability in the broker-dealer business.

Thomas W. Strauss, Vice Chairman of Cowen Group, Inc. and Chairman of Ramius. Mr. Strauss's compensation was influenced by his efforts expanding the Company's investment management business and expanding the Company's customized hedge fund products. Mr. Strauss also positioned the investment management business for future expansion through the hiring of Michael Singer as Chief Executive Officer of Ramius in 2012.

After determining the aggregate cash values of annual bonuses payable to each of our named executive officers in respect of fiscal 2012, the Compensation Committee then determined the

Table of Contents

percentage of the annual bonus compensation that each of our named executive officers would receive in the form of deferred awards. Our Chief Executive Officer developed a proposal for the allocation of each named executive officer's annual bonus compensation among the cash, deferred cash and equity components and presented this proposal to the Compensation Committee, which it discussed and ultimately approved. The percentages of the annual bonuses delivered in the form of deferred cash and in the form of restricted stock units for Messrs. Cohen, Lasota, Littman, Solomon and Strauss are set out below under "Fiscal-Year Compensation." The cash bonus payments made to Messrs. Lasota and Littman are inclusive of the guaranteed annual cash bonus payments they are entitled to receive pursuant to their employment agreements, as discussed in more detail in the section below titled "Narrative Disclosure Relating to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements." To eliminate the impact that a significant price change in the market value of our Class A common stock may have on the number of restricted stock units that are intended to be delivered to an employee, the Compensation Committee approved valuing the restricted stock units using the volume-weighted average price for the thirty business day period ended February 11, 2013, which equaled \$2.61 per share. All restricted cash and restricted stock units relating to fiscal 2012 were awarded to our named executive officers in March 2013.

Long-Term Incentive Awards

In March 2013, Mr. Strauss received an incentive award of 75,000 restricted stock units, and each of Messrs. Lasota and Littman received incentive awards of 100,000 SARs. The Compensation Committee approved these retention grants in order to enable these individuals to benefit from future appreciation of the Company's stock price. The incentive awards are intended to reflect the importance of each recipient's contributions to the Company. With respect to Messrs. Lasota and Littman, the long-term incentive awards also serve as a tool to achieve an internally-balanced level of compensation and equity ownership among our executive officers. The incentive grants are subject to service-based vesting conditions, as discussed in more detail in the section below titled "2012 Annual Bonus Compensation and Annual Incentive Awards." The Compensation Committee believes that the vesting schedules applicable to the incentive grants provide an appropriate retention mechanism and properly align management's long-term interests with the interests of our stockholders.

Fiscal-Year Compensation

No portion of the bonuses awarded in restricted cash, restricted stock units or SARs to our named executive officers for their fiscal 2012 performance is included in the Summary Compensation Table because the awards were made in 2013. The table below sets forth the total compensation awarded to the named executive officers for their fiscal 2012 performance. These amounts for 2012 include base salary information, the grant date fair market value of the entire amount of the equity awards granted to the named executive officers in March 2013, the value of the deferred cash awards granted to the named executive officers in March 2013 and the grant date fair market value of the incentive awards granted to Messrs. Lasota, Littman and Strauss in March 2013. We believe this information is helpful to understanding how our compensation program rewarded our executive officers for their

Employment Agreements Post-Employment and Change-in-Control Compensation

Each of our named executive officers is party to an employment agreement with the Company. Messrs. Cohen and Strauss entered into their employment agreements with the Company on June 3, 2009 in connection with the business combination of Cowen Holdings and Ramius LLC (the "Transactions"), Mr. Solomon entered into a new employment agreement with the Company (which replaced his prior agreement) in May 2012, and Messrs. Lasota and Littman entered into their employment agreements with the Company in August 2012. The Compensation Committee views the employment agreements as an important tool in achieving our compensation objective of recruiting and retaining talented employees and a strong management team. The equity grants contemplated by the employment agreements were intended to align our executive's interests with the interests of our stockholders. The guaranteed minimum bonuses for Messrs. Lasota and Littman were intended to provide them with what was viewed as an appropriate level of cash compensation on an annual basis. The 2009 employment agreements were negotiated prior to the Transactions and the formation of the Compensation Committee and were ratified by our Board of Directors at a meeting held on November 5, 2009, while the 2012 employment agreements were approved by the Compensation Committee. In approving the 2012 employment agreements, the Compensation Committee recognized that Messrs. Lasota, Littman and Solomon are key members of the Company's senior management team and determined that it was necessary to enter into the agreements in order to retain them and to better align their compensation with industry practices. The agreements provide for base salary, annual bonus opportunities, and other benefits, contain customary restrictive covenants, and provide for benefits upon certain qualifying terminations of employment. The severance and change in control arrangements provided by these employment agreements are intended to retain our named executive officers and to provide consideration for certain restrictive covenants that apply following a termination of employment. As discussed in more detail in the section below titled "Narrative Disclosure to Summary Compensation Table and Grant of Plan-Based Awards Table Employment Agreements," the 2012 employment agreements also require us to make certain grants of restricted stock units to Messrs. Solomon, Lasota and Littman, the first of which were made in 2012. The Compensation Committee views the equity grant component of the 2012 employment agreements as being consistent with our objective of aligning our named executive officers' interests with our stockholders' interests.

Relationship of Compensation Policies and Practices to Risk Management

The Board has discussed whether our compensation policies are reasonably likely to have a material adverse effect on our results. The Board noted that, consistent with our performance-based model, many of our employees receive a significant portion of their compensation through discretionary compensation tied to their individual or business unit performance, or a combination thereof. The Board noted that a lower portion of the Company's revenues are derived from proprietary trading businesses and that a significant portion of many employees' compensation is provided in the form of deferred compensation that vests over time, which has the effect of tying the individual employee's long-term financial interest to the firm's overall success. The Board believes that this helps mitigate the risks inherent in our business.

The Board noted that our risk management team continuously monitors our various business groups, the level of risk they are taking and the efficacy of potential risk mitigation strategies. Senior management also monitors risk and the Board is provided with data relating to risk at each of its regularly scheduled meetings. The Chief Risk Officer meets with the Board at each of those meetings to present his views and to respond to questions. For these reasons, the Board believes that our overall compensation policies and practices are not likely to have a material adverse effect on us.

Tax and Accounting Impact and Policy

The financial and income tax consequences to the Company of individual executive compensation elements are important considerations for the Compensation Committee when analyzing the overall design and mix of compensation. The Compensation Committee seeks to balance an effective compensation package for the executive officers with an appropriate impact on reported earnings and other financial measures.

The rules of section 162(m) of the Internal Revenue Code places a \$1 million limit on the amount of compensation we can deduct in any one year for compensation paid to our chief executive officer and our three most highly-compensated executive officers employed at the end of the year (other than our chief financial officer). However, the \$1 million deduction limit generally does not apply to compensation that is performance-based and provided under a shareholder-approved plan. While the Compensation Committee considers the deductibility of compensation as one factor in determining executive compensation, the Compensation Committee also considers other factors in making its decisions and retains the flexibility to grant awards that are not deductible for tax purposes. From time to time, in order to ensure competitive levels of compensation for our senior executives, the Compensation Committee approves compensation, including base salary and benefits that is not deductible under Section 162(m). Loss of the federal income tax deduction does not result in a current federal income tax liability, however, because we have substantial federal income tax net operating loss carryforwards. Our 2010 Equity and Incentive Plan is designed to qualify certain compensation that may be awarded under our annual incentive program as "performance based" to ensure that the tax deduction is available to the Company for amounts payable under the plan.

will automatically be extended for successive one-year terms, unless either party elects not to extend the term. The agreements with Messrs. Cohen and Strauss contain indefinite terms.

The agreements provide for a minimum annual base salary of: \$500,000 for Mr. Cohen, \$450,000 for Mr. Strauss, \$950,000 for Mr. Solomon, \$450,000 for Mr. Lasota, and \$450,000 for Mr. Littman. Each named executive officer is also eligible to receive an annual performance-based bonus as determined by the Compensation Committee. The Company may pay all or a portion of any annual bonus in the form of restricted securities, other stock or security-based awards, deferred cash, or other deferred compensation. The agreements with Messrs. Cohen, Strauss, Lasota and Littman provide for minimum annual bonuses of: \$250,000 for Mr. Cohen, \$500,000 for Mr. Strauss, \$300,000 for Mr. Lasota (payable in cash in quarterly installments of \$75,000), and \$300,000 for Mr. Littman (payable in cash in quarterly installments of \$75,000). Mr. Solomon's agreement does not provide for a minimum annual bonus.

The agreements with Messrs. Lasota, Littman and Solomon required the Company to make the following equity grants in 2012: fully vested restricted stock units covering 250,000 shares of Class A common stock for Mr. Solomon, and fully vested restricted stock units covering 50,000 shares of Class A common stock for each of Messrs. Lasota and Littman. Additionally, the Company is required to grant Mr. Solomon additional restricted stock units covering 250,000 shares of Class A common stock, which will vest in two equal installments on May 15, 2014 and April 29, 2015, subject, in each case, to Mr. Solomon's continued employment on the applicable vesting date, and each of Messrs. Lasota and Littman additional restricted stock units covering 150,000 shares of Class A common stock, which will vest in three equal installments on May 15, 2013, May 15, 2014 and April 29, 2015, subject, in each case, to the executive's continued employment on the applicable vesting date. We refer to the additional restricted stock units to be awarded to each of Messrs. Lasota, Littman and Solomon in 2013 as the "Equity Award."

The agreements with Messrs. Cohen and Strauss provide that, upon a termination of the applicable executive's employment for any reason other than cause or by reason of death or disability, or upon the applicable executive's resignation for good reason (as such terms are defined in the agreements), which we refer to as an involuntary termination, the executive will be entitled to the following: (i) accrued obligations (earned but unpaid base salary and annual bonus), (ii) a lump sum cash payment equal to two times the sum of base salary plus the cash portion of annual bonus for the year prior to the year in which termination occurs, (iii) immediate vesting of outstanding equity awards, and (iv) all outstanding stock options will remain exercisable for the remainder of their respective terms (we refer to the benefits described in clauses (iii) and (iv) as the "Equity Benefits"). In the event that the employment of any of these executives is terminated due to his death or disability, he or his estate will be entitled to the accrued obligations and the Equity Benefits. The employment agreements with Messrs. Cohen and Strauss do not contain any provisions that provide for payments to be made upon a change in control.

The agreement with Mr. Solomon provides that, if Mr. Solomon's employment is terminated by us without cause (including a decision by us not to renew the employment agreement upon the expiration of the then-current term), by Mr. Solomon for good reason, or as a result of Mr. Solomon's death or disability (as such terms are defined in the agreement), Mr. Solomon will, subject to his execution of a general release in our favor, be entitled to the following: (i) any unpaid annual bonus with respect to the previous completed fiscal year, (ii) a prorated annual bonus for the fiscal year of termination, calculated based on the average bonus paid for the two years immediately preceding the year of termination and the timing of such termination, (iii) in the case of a termination by us without cause or by Mr. Solomon for good reason only, a lump sum cash payment in an amount equal to two and one-half times the sum of his base salary and the average annual bonus paid for the two years immediately preceding his

termination, provided that the payment under clause (iii) will not be less than \$3,250,000 and not more than \$5,000,000, (iv) immediate vesting of all equity awards and unvested deferred compensation, (v) a cash payment equal to 24 months' COBRA premiums, and (vi) in the event that such termination occurs prior to the grant of the Equity Award, the grant of the Equity Award or its cash equivalent, which will be fully vested on the date of grant. In the event that Mr. Solomon breaches the restrictive covenants described below following a termination of his employment, he will be required to repay any payments or benefits received in connection with such termination.

The agreements with Messrs. Lasota and Littman provide that, if the applicable executive's employment is terminated by us without cause (including a decision by us not to renew the employment agreement upon the expiration of the then-current term), by the executive for good reason, or as a result of the executive's death or "disability" (as such terms are defined in the agreements), each executive will, subject to his execution of a general release in our favor, be entitled to the following: (i) any unpaid annual bonus with respect to the previous completed fiscal year, (ii) a prorated annual bonus for the fiscal year of termination, calculated based on the average bonus paid for the two years immediately preceding the year of termination and the timing of such termination, (iii) in the case of a termination by us without cause or by the executive for good reason only, a lump sum cash payment in an amount equal to one and one-half times the average amount of compensation reflected on the executive's W-2 form from the Company for the two years immediately preceding his termination, provided that the payment under clause (iii) will not be more than \$1,500,000, and provided further, that if such termination occurs in connection with or following a change in control (as defined in the agreement), instead of the lump sum cash payment described above, the executive shall be entitled to a lump sum cash payment in an amount equal to two and one-half times the average amount of compensation reflected on the executive's W-2 Form from the Company for the two years immediately preceding such termination, provided that such lump sum cash payment will not be more than \$2,500,000, (iv) immediate vesting of all equity awards and unvested deferred compensation, (v) a cash payment equal to 24 months' COBRA premiums, and (vi) in the event that such termination occurs prior to the grant of the Equity Award, the grant of the Equity Award or its cash equivalent, which will be fully vested on the date of grant. In the event that the executive breaches the restrictive covenants described below following a termination of his employment, he will be required to repay any payments or benefits received in connection with such termination.

The agreements with Messrs. Lasota, Littman and Solomon provide that, in the event that the executive retires after attaining age 57.5 (or age 55, in the case of Mr. Solomon) and provides the Company with at least 90 days advance notice, all outstanding equity awards and unvested deferred compensation then held by the executive will continue to vest in accordance with their terms as if the executive had continued to be an active employee of the Company provided he does not engage in competitive activity at any time prior to the applicable vesting date and refrains from interfering with the Company's employees and customers 12 months following his retirement.

The agreements with Messrs. Lasota, Littman and Solomon contain customary confidentiality and invention assignment covenants, as well as an indefinite mutual non-disparagement covenant. In addition, these executives have agreed not to compete with, or solicit customers or employees of, the Company during the term of the employment agreement and for a period of 120 days (or 180 days, in the case of Mr. Solomon) thereafter. Messrs. Cohen and Strauss are subject to non-competition and non-solicitation obligations during employment, and non-solicitation obligations for one year following a termination of employment for any reason.

2010 Equity and Incentive Plan

Effective as of June 7, 2010, the Company adopted the 2010 Equity and Incentive Plan (the "2010 Plan").

The 2010 Plan initially reserved 7,500,000 shares of Class A common stock for delivery to participants and their beneficiaries under the 2010 Plan, subject to adjustment in the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off, or other similar change in capitalization or event. Additionally, commencing on January 1, 2011 and on the first day of each fiscal year of the Company thereafter during the term of the 2010 Plan, additional shares of common stock representing seven and one-half percent (7.5%) of our shares of common stock outstanding on such date, less shares then available for issuance under the 2010 Plan, will automatically become available for grant or settlement of awards. Shares delivered under the 2010 Plan may be either treasury shares or newly issued shares. For purposes of determining the remaining ordinary shares available for grant under the 2010 Plan, if any shares subject to an award are forfeited, cancelled, exchanged, or surrendered, or if an award terminates or expires without a distribution of shares, those shares will again be available for issuance under the 2010 Plan. However, shares of stock that are exchanged by a grantee or withheld by us as full or partial payment in connection with any award under the 2010 Plan, as well as any shares of stock exchanged by a grantee or withheld by us to satisfy the tax withholding obligations related to any award under the 2010 Plan, will not be available for subsequent awards under the 2010 Plan.

The 2010 Plan provides that generally, unless otherwise determined by the Compensation Committee or as set forth in an award or employment agreement, in the event of a change in control (as defined in the 2010 Plan), all outstanding awards shall become fully vested and exercisable and all restrictions, forfeiture conditions or deferral periods on any outstanding awards shall immediately lapse, and payment under any awards shall become due.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers, directors and persons holding 10% or more of our Class A common stock to file initial reports of ownership of our securities and reports of changes in ownership of our securities with the SEC. Based on a review of copies of such reports provided to us and on written representations from our executive officers and directors, we believe that all Section 16(a) filing and disclosure requirements applicable to our executive officers and directors for 2012 have been satisfied.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**Compensation Committee Interlocks and Insider Participation**

The Compensation Committee is comprised entirely of non-employee directors, none of whom has ever been an officer or employee of the Company and none of whom had any related person transaction involving the Company. None of our executive officers (1) served as a member of the board of directors or compensation committee of any other entity that had one or more of its executive officers serving as a member of our Compensation Committee or (2) served as a member of the compensation committee of any other entity that had one or more of its executive officers serving as a member of our Board during 2012.

Transactions in which Related Persons have a Material Interest***Side-by-Side Investments***

To the extent permissible by applicable law, our executive officers, directors and certain eligible employees, as well as such individuals' immediate family members and other investors they refer to us, have historically been permitted to invest their own capital either directly in, or in side-by-side

investments or managed accounts with, our alternative investment management funds. Side-by-side investments are investments in assets substantially similar to the investments of the applicable fund and the managed accounts are accounts that invest in the asset classes covered by our alternative investment business. Direct investment in managed accounts or side-by-side investments with, our funds by such individuals are generally made on the same terms and conditions as the investments made by other third party investors in the funds, except that such investments are subject to discounted management and performance fees.

Employment Arrangements

Andrew Cohen, the son of Peter A. Cohen, is a Managing Director of Ramius, and earned approximately \$653,944 in 2012. Kyle Solomon, the brother of Jeffrey M. Solomon, is a Managing Director of Cowen and Company and earned approximately \$432,421 in 2012.

Services Agreement with RCG

The Company and RCG are parties to a services agreement, under which the Company provides certain services (including accounting services, distribution of annual statements to members of RCG, maintenance and storage of RCG books and records, and coordination services relating to the sale and distribution of restricted shares of our Class A common stock held by RCG), to RCG for a total annual cost to RCG not to exceed \$12,000, for a term not to exceed four years from the closing of the Transactions and terminable upon the mutual agreement of both parties.

Review and Approval of Transactions with Related Persons

To minimize actual and perceived conflicts of interests, our board of directors has adopted a written policy governing transactions in which the Company is a participant, the aggregate amount involved is reasonably expected to exceed \$120,000, and any of the following persons has or may have a direct or indirect material interest in the transaction: (a) our executive officers, directors (including nominees) and certain other highly compensated employees, (b) stockholders who own more than 5% of our common stock, and (c) any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law or person (other than a tenant or employee) sharing the same household of any person described in (a) or (b) above. These transactions will be considered "related person transactions."

Unless exempted from such policy as described below, the policy requires that related person transactions must be reported to our General Counsel or Chief Compliance Officer who will then submit the related person transaction for review by our Audit Committee. The Audit Committee will review all relevant information available to it and will approve or ratify only those related person transactions that it determines are not inconsistent with the best interests of the Company. If our General Counsel or Chief Compliance Officer determines that advance approval of a related person transaction is not practicable under the circumstances, the Audit Committee will review, and, in its discretion, may ratify the related person transaction at its next meeting, or at the next meeting following the date that the related person transaction comes to the attention of our General Counsel or Chief Compliance Officer. However, the General Counsel or Chief Compliance Officer may present a related person transaction that arises between Audit Committee meetings to the Chair of the Audit Committee, who will review and may approve the related person transaction, subject to the Audit Committee's ratification at its next meeting.

It is anticipated that any related person transaction previously approved by the Audit Committee or otherwise already existing that is ongoing will be reviewed annually by the Audit Committee to ensure that such transaction has been conducted in accordance with the previous approval granted by

the Audit Committee, if any, and that all required disclosures regarding the related person transaction are made.

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, the board anticipates it will determine that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of the policy:

interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity), that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (b) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, (c) the amount involved in the transaction equals less than the greater of \$200,000 or 5% of the annual gross revenues of the company receiving payment under the transaction;

a transaction with a significant stockholder, or such stockholder's immediate family members, who has a current Schedule 13G filed with the SEC with respect to such stockholder's ownership of our securities; and

a transaction that is specifically contemplated by provisions of our charter or bylaws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the Compensation Committee in the manner specified in its charter.

In accordance with this policy, we may not engage our independent registered public accounting firm to render any audit or non-audit service unless the service was approved in advance by the Audit Committee or the engagement is entered into pursuant to the pre-approval policies and procedures described below. However, no pre-approval is required with respect to services (other than audit, review or attest services) if (i) the aggregate amount of all such services is no more than 5% of the total amount paid by us to the independent registered public accounting firm during the fiscal year in which the services are provided, (ii) such services were not recognized at the time of engagement to be non-audit services and (iii) such services are promptly brought to the attention of the Audit Committee and approved by either the Audit Committee or the Chairperson of the Audit Committee prior to completion of the audit. HOUSEHOLDING

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement or annual report, as applicable, addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. Currently, only brokers household our proxy materials and annual reports, delivering a single proxy statement and annual report to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders.

If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or annual report, or if you are receiving multiple copies of either document and wish to receive only one, please contact your broker.
