ANNUAL MEETING AND PROXY SOLICITATION INFORMATION

A Notice Regarding the Availability of Proxy Materials

We are pleased to take advantage of the Securities and Exchange Commission (the "SEC") rule allowing companies to furnish proxy materials to their shareholders over the Internet. We believe that this e-proxy process expedites shareholders' receipt of proxy materials, while lowering the costs and reducing the environmental impact of our annual meeting.

On or about April 21, 2014, we mailed to our beneficial shareholders a Notice Regarding the Availability of Proxy Materials (the "Notice") containing instructions on how to access our proxy statement and annual report and how to vote online.

All other shareholders will continue to receive a paper copy of the proxy statement, proxy card and annual report by mail. The Notice contains instructions on how you can (i) receive a paper copy of the proxy statement, proxy card and annual report if you only received a Notice by mail or (ii) elect to receive your proxy statement and annual report over the Internet.

General Information

This proxy statement is furnished to the shareholders of American Equity Investment Life Holding Company, 6000 Westown Parkway, West Des Moines, Iowa 50266 (referred to in this proxy statement as the "Company" or as "we," "our" or "us"), in connection with the solicitation of proxies by the Board of Directors for use at the annual meeting of shareholders ("Annual Meeting") to be held on June 5, 2014, at the time and place shown in the Notice of Annual Meeting of Shareholders, and at any adjournment thereof. To obtain directions to the Annual Meeting, you may contact us at our toll-free number 1-888-221-1234.

We will bear all expenses in connection with this solicitation. Proxies may be solicited by the Board of Directors or management personally, by telephone or by facsimile.

This proxy statement is first being mailed to certain shareholders on or about April 21, 2014.

Voting Rights

Only shareholders of record as of the close of business on April 11, 2014, will be entitled to the notice of and to vote at the meeting. We have a single class of voting common stock, \$1 par value per share ("Common Stock"), of which 73,058,718 shares were outstanding and entitled to vote on such date. Each share is entitled to one vote.

Shares present in person or represented by proxy at the meeting will be tabulated for determination of whether a quorum is present. A quorum will be present if a majority of the votes entitled to be cast on a matter are represented for any purpose at the Annual Meeting. Votes withheld for any director, broker non-votes and abstentions represented at the Annual Meeting will be counted for quorum purposes. Votes will be tabulated under the supervision of Alliance Advisors, L.L.C., which has been designated by the Board of Directors to act as inspector of the election.

If your shares of Common Stock are held in the name of a bank, broker or other holder of record, you will receive instructions from that holder of record that you must follow in order for your shares to be voted at the Annual Meeting. Contact your bank, broker or other holder of record directly if you have any questions. Even if you do not provide instructions, your bank, broker or other holder of record may vote your shares on certain "routine matters". The New York Stock Exchange ("NYSE") considers Proposal 2-Ratification of Appointment of Independent Registered Public Accounting Firm to be a "routine matter". As a result, without instructions from you, your broker is permitted to vote your shares on this matter at its discretion. A broker non-vote occurs when a broker does not vote on some matter on the proxy card because the broker has not received instructions from you and does not

Table of Contents

have discretionary voting power for that particular item. The NYSE considers Proposal 1-Election of Directors and Proposal 3-Advisory Vote on Executive Compensation to be "non-routine matters" and, therefore, brokers may not vote on the matter unless they receive specific voting instructions from you. At this year's Annual Meeting, in the event that a brokerage firm does not receive voting instructions from one of our shareholders, such shareholder's shares will not be voted, and will be considered "broker non-votes," with respect to Proposal 1 and Proposal 3.

If you plan to attend the Annual Meeting and vote in person, you will be given a ballot when you arrive. If your shares of Common Stock are not registered in your own name and you plan to attend the Annual Meeting and vote your shares in person, you will need to contact the broker or agent in whose name your shares are registered to obtain a broker's proxy card. You will need to bring the broker's proxy card with you to the Annual Meeting in order to vote.

Voting

If you vote by proxy, the individuals named on the proxy card (your proxies) will vote your shares in the manner you indicate. If you sign, date and return the proxy card without indicating your instructions on how to vote your shares, the proxies will vote your shares as follows:

"FOR" the election of the four nominees for directors;

"FOR" the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2014; and

"FOR" the approval of the compensation of our named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

If any other matter is presented at the Annual Meeting, your proxies will vote in accordance with their best judgment. At the time this proxy statement was printed, we knew of no matters to be addressed at the Annual Meeting beyond those described in this proxy statement.

As an alternative to voting by using the enclosed proxy card, if you are a registered shareholder (that is, you own shares of Common Stock in your own name and not through a broker, nominee or in some other "street name"), you may vote by telephone or through the Internet. Please see the enclosed proxy card or the Notice for instructions on how to access the telephone and Internet voting systems. If you hold your shares in "street name," your broker or other nominee will advise you on whether you may vote by telephone or through the Internet as an alternative to voting by using the enclosed proxy card.

As to the election of directors, regardless of which method is used to vote, you may (a) vote for all of the director nominees as a group, (b) vote for all of the director nominees as a group, except those nominees whose names you specify or (c) withhold your vote from all nominees as a group.

A proxy may be revoked at any time prior to its use. Such revocation may be made in person at the Annual Meeting, by notice in writing delivered to the Corporate Secretary of the Company, by voting by telephone or through the Internet at a later date or by a proxy bearing a later date.

The Board of Directors urges you to exercise your right to vote by returning the enclosed proxy card, by calling the toll-free telephone number or by visiting the website shown on the proxy card or the Notice.

Proposal 2
Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee has appointed KPMG LLP ("KPMG") as our independent registered public accounting firm for the year 2014. The Board of Directors requests that the shareholders ratify the appointment of KPMG. If the appointment of KPMG is not ratified by our shareholders, our Audit Committee will investigate the reasons for the shareholder rejection and will consider approving another independent registered public accounting firm.

Fees paid to KPMG for its services during the last two fiscal years were:

	2013	2012
Audit fees(1)	\$ 1,441,000	\$ 1,375,650
Audit-related fees(2)	304,000	79,133
Tax fees		
All other fees		
Total	\$ 1,745,000	\$ 1,454,783

-
- (1) Audit fees include fees associated with the annual consolidated financial statements audit, audit of internal control over financial reporting, the reviews of our quarterly reports on Form 10-Q, annual audits of certain of our subsidiaries and audits required by regulatory authorities.
- (2) Audit-related fees primarily include accounting consultations in connection with emerging accounting standards, comfort letters related to debt offerings, employee benefit plan audits and other attest and related advisory services not required by statute or regulation.

The Audit Committee is responsible for the appointment, retention, compensation and oversight of the independent registered public accounting firm. The Audit Committee has adopted policies and procedures for pre-approving services (audit and non-audit) and all fees for services performed by the independent registered public accounting firm. These policies were adopted in compliance with SOX and rules adopted by the SEC thereunder. In accordance with such policies and procedures, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to assure that the provision of such services does not impair the auditors' independence. These services may include audit services, audit-related services, tax services and other services. Permissible non-audit services are usually limited to fees for accounting assistance or audits in connection with acquisitions and other services specifically related to accounting or audit matters such as comfort letters related to common stock or debt offerings, audits of employee benefit plans and tax services. Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee. The Audit Committee has delegated to the Chairman of the Audit Committee specific pre-approval authority provided that the estimated fee for any such engagement does not exceed \$25,000. The Chairman of the Audit Committee must report, for information purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting. Requests to provide services that require separate approval by the Audit Committee will be submitted to the Audit Committee by both the independent registered public accounting firm and our Chief Financial Officer and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence. In fiscal year 2013, all of the services and fees described above were pre-approved by the Audit Committee.

We anticipate that representatives of KPMG will be present at the meeting, will be available to respond to questions concerning the 2013 audit and may make a statement if they so desire.

Table of Contents

The affirmative vote of a majority of the shares of the Company's common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting is required for approval of this proposal.

The Board of Directors unanimously recommends that you vote FOR the ratification of KPMG LLP as the independent registered public accounting firm for 2014.

Proposal 3
Advisory Vote on Executive Compensation

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") requires that we provide our shareholders with the opportunity to vote to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules adopted by the SEC.

As discussed in "INFORMATION REGARDING MANAGEMENT AND CERTAIN SECURITY HOLDERS *Compensation Discussion and Analysis*," our compensation policies and programs are designed to attract and retain highly qualified and motivated executive officers and employees, encourage and reward achievement of our annual and long-term goals and encourage executive officers and employees to become shareholders with interests aligned with those of other shareholders. The primary elements of compensation for most of our executive officers includes: (1) base pay; (2) cash incentive compensation pursuant to the Short-Term Performance Incentive Plan; and (3) long-term equity incentive compensation through stock options, restricted stock and restricted stock units. This compensation structure is central to the Company's ability to attract, retain and motivate individuals who can achieve superior financial results. Please refer to "INFORMATION REGARDING MANAGEMENT AND CERTAIN SECURITY HOLDERS *Compensation Discussion and Analysis*" for an overview of the compensation of the Company's named executive officers.

We are asking for shareholder approval of the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules under "INFORMATION REGARDING MANAGEMENT AND CERTAIN SECURITY HOLDERS *Compensation Discussion and Analysis*," the compensation tables and the narrative discussion following the compensation tables. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the policies and practices described in this proxy statement. Accordingly, we ask our shareholders to vote on the following resolution:

"RESOLVED, the shareholders of American Equity Investment Life Holding Company approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the Company's Proxy Statement for the 2014 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2013 Summary Compensation Table and the other related tables and disclosures."

This vote is advisory and therefore not binding on the Company, the Compensation Committee of the Board of Directors or the Board of Directors. The Board of Directors and Compensation Committee value the opinions of the Company's shareholders and to the extent there is a significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider those shareholders' concerns, and the Board of Directors and Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The affirmative vote of a majority of the shares of the Company's common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting is required for approval of this advisory proposal.

The Board of Directors unanimously recommends that you vote FOR the approval of the compensation of the Company's named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

Pursuant to SEC and NYSE rules, the Compensation Committee assessed the independence of Pearl Meyer in February 2014 and determined that Pearl Meyer is independent from the Company's management and

Compensation Discussion and Analysis

Our compensation policies and programs are designed to:

attract and retain highly qualified and motivated executive officers and employees;

encourage and reward achievement of our annual and long-term goals; and

encourage executive officers and employees to become shareholders with interests aligned with those of other shareholders.

Say-on-Frequency Vote. At our 2011 annual meeting, our shareholders had the opportunity to cast an advisory vote (a "say-on-frequency" proposal) on how often the Company should include a say-on-pay proposal in its proxy statements for future annual meetings. Shareholders had the choice of voting to have the say-on-pay vote every year, every two years or every three years. The frequency receiving the highest number of votes was every year. In light of this recommendation from our shareholders, as well as other factors, our Board of Directors has determined that we will hold an annual shareholder advisory vote with respect to the compensation of our named executive officers.

At our annual meeting of shareholders held on June 6, 2013, our shareholders cast an advisory vote (a "say-on-pay" proposal) to approve the compensation of our named executive officers as disclosed in our proxy statement for that meeting. Shareholders approved the say-on-pay proposal by the affirmative vote of 89.88% of the shares cast on that proposal. The Compensation Committee believes this affirms shareholders' support of the Company's approach during 2012 to executive compensation, and therefore the Compensation Committee did not materially change its approach to executive compensation in 2013. The Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our named executive officers.

General. The primary elements of compensation for the named executives in this proxy statement include:

Base pay;

Short-term incentive compensation pursuant to the Short-Term Performance Incentive Plan; and

Long-term equity incentive compensation through stock options, restricted stock and restricted stock units.

Base Pay. As discussed above, the Compensation Committee engages Pearl Meyer to provide advice and data with respect to compensation benchmarking and market practices. To develop a blended market consensus base salary for each of the positions of the named executives, Pearl Meyer utilized proxy data from 13 insurance companies having total assets in 2012 from \$4.5 billion to \$40.3 billion (American Financial Group, Inc., CNO Financial Group Inc., Reinsurance Group of America, Inc., Symetra Financial Corporation, American National Insurance, Berkley (WR) Corporation, Torchmark Corporation, StanCorp Financial Group, Inc., Alleghany Corporation, FBL Financial Group, Inc., National Western Life Insurance Company, Horace Mann Educators Corporation, Kansas City Life Insurance Company). Pearl Meyer also utilized public and private survey

Table of Contents

data from 2012 for the financial service and insurance industries of companies having total assets targeted at \$35 billion.

Base salaries for our named executives are positioned approximately between the 25th and 50th percentile of the peer group levels with the objective of having such salaries approximate the 50th percentile. In determining specific salaries for individuals, the executive's length of service in the position and experience are also considered. For our Executive Chairman, Mr. Noble and Chief Executive Officer, Mr. Matovina, the Compensation Committee considers the combined salaries of the two positions in its evaluation of their base salaries. Consistent with the foregoing, the Compensation Committee recommended, and the Board of Directors approved, the following base salaries effective July 1, 2013: Mr. Noble \$775,000; Mr. Matovina \$665,000; Mr. Johnson \$425,000; Ms. Richardson \$485,000 and Mr. Grensteiner \$420,000.

Short-Term Incentive Compensation. On March 11, 2013, the Compensation Committee approved the structure of the 2013 short-term incentive compensation program (the "2013 Program") pursuant to the Short-Term Performance Incentive Plan (the "Plan") for senior management personnel, which includes the named executives. The Plan was subsequently approved by the shareholders at the 2013 annual meeting. Under the 2013 Program, each named executive had a threshold, target and maximum incentive opportunity expressed as a percentage of base salary. These earning opportunities were tied to threshold, target and maximum performance goals established with respect to Invested Asset Growth and Return on Average Equity ("ROAE"), based on operating income and average stockholders' equity excluding accumulated other comprehensive income ("AOCI") and fair value changes in derivatives and embedded derivatives, for fiscal 2013. Management and the Compensation Committee believe that the combination of growth and returns create the proper focus and alignment for maximizing short-term and long-term shareholder value creation. For purposes of calculating any incentive awards under the 2013 Program, Invested Asset Growth was weighted 50% and ROAE was weighted 50%. For any awards earned under the 2013 Program, 100% of such award was paid in cash.

For the named executives, the 2013 Program created a target award opportunity equal to 30% of base salary. The maximum award opportunity for the named executives was equal to 60% of base salary, which management and the Compensation Committee believes is competitive and appropriate without creating an incentive to take undue or unnecessary risk that could materially harm the Company. The threshold, target and maximum goals under the 2013 Program were \$2.6 billion, \$3.1 billion and \$3.6 billion, respectively, for Invested Asset Growth and 10%, 11% and 13%, respectively, for ROAE. The actual results for 2013 were Invested Asset Growth of \$3.614 billion and ROAE of 12.85%. The results under the 2013 Program resulted in an award to each of the named executives equal to 58.875% of base salary.

On March 6, 2014, the Compensation Committee approved the structure of the 2014 short-term incentive compensation program for senior management personnel, which includes the named executives, pursuant to the Plan. The short-term incentive compensation for fiscal year 2014 will be paid, if earned, in cash pursuant to the Plan and is tied to threshold, target and maximum performance goals established with respect to Invested Asset Growth, weighted at 50%, and ROAE, based on operating income and average stockholders' equity excluding AOCI and fair value changes in derivatives and embedded derivatives, weighted at 50%, with threshold, target and maximum award opportunities for fiscal year 2014 at 20%, 40% and 80% of base salary, respectively.

The specific performance goals for 2014 under the Plan will be disclosed in next year's Proxy Statement. However, at the time the performance goals were approved by the Compensation Committee, it was believed that the performance targets reflected an appropriate degree of stretch but that they were attainable based on successful execution of the Company's business plan and the realization of macro-economic and stock market conditions reasonably aligned with the Company's near term expectations.

Long-Term Incentive Compensation. On March 11, 2013, the Compensation Committee also approved long-term incentive compensation in the form of restricted stock units granted under the Company's 2009 Employee Incentive Plan. The unit awards are tied to threshold and target performance goals for the three year period ending December 31, 2015, established with respect to Invested Asset Growth, Operating Income and ROAE (based on operating income and average stockholders' equity excluding AOCI and fair value changes in derivatives and embedded derivatives), each weighted at 33¹/₃%. The number of restricted stock units granted was equal to 30% of then current base salary divided by the closing price of the Company's common stock on March 11, 2013. Fifty percent of the restricted stock units granted will be earned if we meet threshold performance goals, and 100% of the restricted stock units granted will be earned if we meet target performance goals. At the time the performance goals were approved by the Compensation Committee, it was believed that the performance targets reflected an appropriate degree of stretch but that they were attainable based on successful execution of the Company's business plan and the realization of macro-economic and stock market conditions reasonably aligned with the Company's expectations. On March 6, 2014, the Compensation Committee approved restricted stock unit awards in the same amounts, with similar award opportunities, utilizing the same performance measures and comparable rates of growth for the three year period ending December 31, 2016.

Stock Ownership and Long-Term Equity Compensation. We emphasize long-term equity compensation in our total compensation package for all employees and particularly for senior officers. We believe this helps align the interests of such employees and officers with shareholders and creates an incentive to build our common stock value through growth in profitability targets including gross spread earnings on our annuity liability reserves, invested asset growth, net operating earnings and operating earnings return on average equity. Senior officers of the Company are encouraged to own shares of our Common Stock but there is no written policy requiring senior officers to have a specified level of share ownership. In addition, long-term equity compensation has been provided in the form of stock options, restricted stock and restricted stock units granted under employee stock option and incentive plans adopted by our Board of Directors and approved by the shareholders.

In addition to the performance based restricted stock units granted on March 11, 2013 as described above, on that same date, the Compensation Committee also granted shares of time-based restricted stock to certain Company employees, including the Company's named executive officers, pursuant to the Company's 2009 Employee Incentive Plan. The number of shares of restricted stock granted was equal to 10% of then current base salary divided by the closing price of the Company's common stock on March 11, 2013. These restricted stock awards are subject to a three year cliff vesting period, except for Mr. Noble's award which vested immediately as he has attained age 65 and has 10 years of service with the Company. On March 6, 2014, the Compensation Committee granted shares of time-based restricted stock to certain Company employees, including the Company's named executives, equal in value to 10% of then current base salary divided by the closing price of the Company's Common Stock on March 6, 2014 subject to a three year cliff vesting period, except for Mr. Noble's restricted stock which vested immediately as he has attained age 65 and has 10 years of service with the Company.

Change in Control, Separation and Retirement Arrangements. We have no written employment contracts or separation agreements with any of our named executive officers other than a Retirement Benefit Agreement with Mr. Noble. Mr. Noble's Retirement Benefit Agreement provides certain retirement benefits to him in recognition of his past services to the Company and in consideration for his consent to certain post-termination obligations. The terms of this agreement were negotiated in consultation with and following input from Pearl Meyer, the Compensation Committee's compensation consultant. Specifically, the consultant reviewed multiple drafts of the Retirement Benefit Agreement and provided guidance as to specific terms based on its experience with similar agreements. In the event of Mr. Noble's retirement, the Retirement Benefit Agreement provides that Mr. Noble will

Table of Contents

receive a monthly benefit of \$64,583 or such higher amount which reflects one-twelfth of Mr. Noble's annual base salary as in effect at the time of his retirement for five years following his retirement for a total of 60 monthly installments (the "Retirement Benefit"); provided, however, that if Mr. Noble dies before all 60 monthly installments have been paid, then (a) if at the time of his death he is married, his wife will receive the monthly payments until the earliest of (i) the 24-month anniversary of Mr. Noble's death, (ii) her death and (iii) such time as all 60 monthly installments have been paid; or (b) if Mr. Noble dies without a surviving spouse, the payment of the Retirement Benefit will cease upon his death. In addition, during his lifetime, Mr. Noble will continue to receive health benefits generally available to the Company's senior executive officers under various Company benefit plans. The Retirement Benefit Agreement also contains confidentiality, non-competition and non-solicitation provisions which continue for two years following Mr. Noble's retirement.

To promote retention of senior officers, we have entered into change in control agreements with a small group of our executives including each of the named executives except Mr. Noble. The terms of such agreements are described under "Potential Payments Upon Termination or a Change in Control".

Non-Qualified Deferred Compensation Arrangements. We permit senior officers of the Company to defer on an elective basis a specified portion of their base salaries, annual cash bonuses (if any) and cash amounts paid under the Plan. Any such deferrals must be made pursuant to a non-qualified deferred compensation agreement between the officer and the Company with deferred amounts contributed to the American Equity Officers Rabbi Trust. Mr. Noble and Ms. Richardson, who are the only named executives that currently participate in the deferred compensation program, direct their investment of deferred amounts and the return on such investments is added to their deferred account balances. No above market returns are paid on deferred amounts. Mr. Noble and Ms. Richardson have each invested a portion of their deferred compensation accounts in our Common Stock and dividends paid on our stock have been credited to their accounts. The balance of the deferred compensation accounts will be distributed to each executive who has elected to make such deferrals upon his or her death, disability or separation from service.

Other Compensation. We have a qualified 401(k) plan for all employees, who are eligible to participate after thirty days of employment and attainment of age 18. We match 50% of employee contributions to the plan up to 4% of the employee's total eligible compensation, subject to the limitations specified in the Internal Revenue Code. In addition to the 401(k) plan, all employees participate in the American Equity Investment Employee Stock Ownership Plan ("ESOP") as described below. We offer a package of insurance benefits to all employees including health, dental, long-term disability and life insurance. Several of the named executives receive perquisites including use of Company owned aircraft.

The Company established the ESOP effective July 1, 2007. We make semi-annual discretionary contributions to the ESOP. The principal purpose of the ESOP is to provide each eligible employee with an equity interest in the Company. Employees become eligible once they have completed a minimum of six months of service. Employees become 100% vested after two years of service.

Tax Implications of Executive Compensation. Federal income tax law limits deductibility of compensation in excess of \$1 million paid to certain named executive officers unless this compensation qualifies as "performance-based compensation". It is the intent of the Company and the Compensation Committee to qualify the Company's executives' compensation for deductibility under applicable tax laws, while recognizing that there may be situations in which compensation for executive officers may not be tax deductible. Management has advised the Compensation Committee that compensation awarded to our executive officers for 2013 that is not tax deductible is not material to the Company's tax liability. In addition, compensation awarded to our executive officers for prior years that was not tax deductible was not material to the Company's tax liability.

- (1) Amounts for 2013 reflect grant date fair value pursuant to FASB ASC Topic 718 of restricted stock units (assuming target performance goals are met) granted as previously described above under "Long-Term Incentive Compensation" in the Compensation Discussion and Analysis and time-based restricted stock granted under the 2009 Employee Incentive Plan previously described above under "Stock Ownership and Long-Term Equity Compensation" in the Compensation and Discussion Analysis. Amounts for 2013 include an award of restricted stock units with a grant date fair value (assuming payout at target) of \$228,000 for Mr. Noble, \$195,000 for Mr. Matovina, \$117,000 for Mr. Johnson, \$141,000 for Ms. Richardson and \$121,500 for Mr. Grensteiner and an award of time-based restricted stock of \$75,995 for Mr. Noble, \$65,000 for Mr. Matovina, \$39,007 for Mr. Johnson, \$47,003 for Ms. Richardson and \$40,497 for Mr. Grensteiner, all based on the market price of our common stock on the date of grant.
- (2) Amounts for 2012 and 2011 reflect grant date fair value pursuant to FASB ASC Topic 718 of restricted stock granted under the short-term incentive compensation programs applicable for 2012 and 2011.
- (3) Amounts for 2013 consist of cash awards earned under the Plan previously described above under "Short-Term Incentive Compensation" in the Compensation Discussion and Analysis. Amounts for 2012 and 2011 consist of cash awards earned under the short-term incentive compensation programs applicable for 2012 and 2011.
- (4) The Company does not pay above-market earnings on deferred compensation. Therefore, no amounts are reported in this column for deferred compensation. The amounts in this column represent the change in the actuarial present value of Mr. Noble's Retirement Benefit Agreement previously described above under "Change in Control, Separation and Retirement Agreements" in the Compensation Discussion and Analysis. No amount has been included for 2013 as the actuarial present value of Mr. Noble's Retirement Benefit Agreement decreased during 2013.
- (5) Mr. Noble's amount in 2013 includes \$40,261 for use of Company-owned aircraft and \$27,023 for the ESOP. Mr. Matovina's amount in 2013 includes \$14,756 for the ESOP. Mr. Johnson's amount in 2013 includes \$18,642 for the ESOP. Ms. Richardson's amount in 2013 includes \$16,049 for the ESOP. Mr. Grensteiner's amount in 2013 includes \$18,000 for the ESOP. In determining the aggregate incremental cost to the Company for the use of Company-owned aircraft, the Company uses a methodology that reflects the average cost of fuel and other variable costs (for example landing fees, catering and crew travel expenses). Because the Company owned aircraft are used primarily for business travel, the methodology excludes fixed costs

Edgar Filing: AMERICAN EQUITY INVESTMENT LIFE HOLDING CO - Form DEF 14A

that do not change based on usage, including pilot salaries and the cost of maintenance unrelated to non-business travel. When an aircraft is already flying to a destination for business purposes and one or more non-business passengers are on such flight, only the direct variable costs associated with the additional non-business passenger(s) are included in determining the incremental cost to the Company. If an aircraft flies empty before picking up or after dropping off one or more passengers flying for non-business reasons, this "deadhead" segment would be included in the incremental cost to the Company. On certain occasions, an executive's spouse, other family members or guest may accompany the executive on a flight when such persons are invited to attend an event for appropriate business purposes. No additional incremental cost is incurred by the Company in such situations under the methodology.

- (6) Mr. Matovina has served as Chief Executive Officer and President since June 27, 2012. Figures for 2011 and 2012 to June 27, 2012 reflect his pay as Chief Financial Officer and Treasurer.
- (7) Mr. Johnson has served as Chief Financial Officer and Treasurer since June 27, 2012. Figures for 2011 and 2012 to June 27, 2012 reflect his pay as Vice President Controller.

- (1) This award represents the estimated payout of the cash portion of the short-term incentive compensation program applicable for fiscal year 2013 previously described above under "Short-Term Incentive Compensation" in the Compensation Discussion and Analysis. The actual cash portion of the incentive compensation award amount is reflected above in the Summary Compensation Table under the heading "Non-Equity Incentive Plan Compensation."
- (2) This award represents the estimated payout of restricted stock units applicable for fiscal year 2013 previously described above under "Long-Term Incentive Compensation" in the Compensation Discussion and Analysis. The restricted stock units awards are tied to threshold and target performance goals for the three year period ending December 31, 2015. The amount of restricted stock units granted that will be earned is dependent on the achievement of certain performance goals over a three year period. The number of restricted stock units granted was equal to 30% of then current base salary divided by the closing price of the Company's common stock on the grant date. If threshold performance goals are met, 50% of the restricted stock units granted will be earned and if target performance goals are met, 100% of the restricted stock units granted will be earned. Amounts included in the above table and amounts included in the Summary Compensation Table under the heading "Stock Awards" for the restricted stock units assume target performance goals will be met.
- (3) This award represents restricted stock granted under the 2009 Employee Incentive Plan which was equal to 10% of then current base salary as previously described above under "Stock Ownership and Long-Term Equity Incentive Compensation" in the Compensation Discussion and Analysis. The restricted stock is reflected above in the Summary Compensation Table under the heading "Stock Awards" for the year 2013.

Vesting for restricted stock will accelerate upon death or upon attainment of age 65 and following 10 years of service with the Company. The restricted stock units vest on the date three years following the date the Compensation Committee approves the restricted stock unit award, which is the grant date, depending on whether or not threshold or target performance goals are met during the applicable three year period.

Table of Contents*Pension Benefits*

Pursuant to his Retirement Benefit Agreement (described above under the heading "Change in Control, Separation and Retirement Agreements" in the Compensation and Discussion Analysis), Mr. Noble is entitled to a monthly retirement benefit equal to one-twelfth of his then current base salary, for five years following his retirement for a total of 60 monthly installments. In addition, during his lifetime, Mr. Noble will continue to receive health benefits generally available to the Company's senior executive officers under various Company benefit plans. The estimated monthly retirement benefit payable to Mr. Noble based on his compensation level as of January 1, 2014, would be \$64,583.

Name	Plan Name	Pension Benefits	
		Present Value of Accumulated Benefit(1) (\$)	Payments During Last Fiscal Year (\$)
David J. Noble	Retirement Benefit Agreement	2,399,422	

- (1) The accumulated benefit is based on estimates of the timing of Mr. Noble's retirement date as well as mortality assumptions from the A2000 Mortality Table. Health benefits are assumed to increase at a rate of 15% per year. The discount rate assumption was 5.50%.

The following table provides information concerning our non-qualified deferred compensation arrangements, including deferred compensation agreements with certain of the named executives permitting them to defer on an elective basis a specified portion of their base salaries, annual cash bonuses (if any) and cash amounts paid under the short-term incentive compensation program. Deferred amounts are contributed to individual accounts within the American Equity Officers Rabbi Trust. The individuals set forth below self-direct the investment of such accounts and such investments are made on open market terms. The earnings shown below are attributable to contributions that in prior years were reported as compensation in the Summary Compensation Table applicable to the respective year.

David J. Noble		953,717		1,783,240
Debra J. Richardson		446,860		838,651

- (1) Aggregate earnings in 2013 include \$941,752 and \$441,254 for Mr. Noble and Ms. Richardson, respectively, from appreciation in the Company's common stock held in their non-qualified deferred compensation accounts.

Potential Payments Upon Termination or a Change in Control

We have no employment contracts or separation agreements with any of our named executive officers other than Mr. Noble's Retirement Benefit Agreement. As discussed above under "Change in Control, Separation and Retirement Arrangements" in the Compensation and Discussion Analysis, Mr. Noble's Retirement Benefit Agreement provides certain retirement payments benefits to Mr. Noble in recognition of his past services to the Company and in consideration for his consent to certain post-termination obligations.

As discussed below, we have change in control agreements with a small group of senior officers including each of the named executives, except Mr. Noble, which would provide payments and benefits to them in the event of the termination of their employment under certain circumstances following a

Table of Contents

change in control. In the absence of a change in control, however, regardless of the manner in which the termination of employment occurs (with the exception of death, disability and retirement for certain benefits), the named executives would be entitled only to the following:

Base salary to the termination date (two-week notice of termination by either the employer or employee is required), with no right to receive any cash bonus or incentive amounts not paid prior to notice of termination;

The right to exercise vested stock options within thirty days of the termination date;

Distribution of the executive's 401(k) account;

Distribution of the executive's account, if any, pursuant to any deferred compensation arrangements including elective deferrals of salary, bonus and/or incentive, and earnings thereon;

COBRA benefits, if elected, for the purchase of medical and dental insurance; and

The right to convert group life insurance to an individual policy without proof of insurability, at the executive's ongoing expense.

Under the change in control agreements, the named executives would have additional rights in the event of the termination of their employment following a change in control in defined circumstances including discharge without "cause" or voluntary resignation for "good reason". A "change in control" is defined to include: (i) the acquisition by any person of 35% of the combined voting power of the Company; (ii) a majority of the directors originally on the Board of Directors (and with certain designated successors) ceasing to constitute a majority of the Board of Directors; (iii) a merger with another entity in which our voting securities cease to represent at least 50% of the combined voting power of the surviving entity; or (iv) the sale of substantially all of the assets of the Company. During the term of the agreement and during the period in which the executive is entitled to continued salary payments, the executive may not (i) solicit or entice any other employee to leave us or our affiliates to go to work for any competitor, or (ii) request or advise a customer or client of ours or our affiliates to curtail or cancel its business relationship with us or our affiliates.

If a termination of a named executive occurs within thirty-six months following a change in control which meets all of the definitions, terms and conditions of the named executive's change in control agreement, the executive would be entitled to the following in addition to the items set forth in the bullets above:

Salary continuation payments for three years, payable in a lump sum for certain executives, including certain of the named executives;

A cash lump sum equal to the amount of the "target annual bonus" that the executive would receive for the year in which the executive's termination occurs, prorated through the date of termination;

A cash lump sum equal to three times the executive's "target annual bonus";

Automatic vesting of unvested stock options, unvested shares of restricted stock and unvested restricted stock units;

Continuation of health, dental and life insurance benefits during the salary continuation period.

In addition, Mr. Matovina and Ms. Richardson would also receive an amount equal to a full gross-up for any excise tax incurred by them as a result of receiving change in control payments. Mr. Johnson's and Mr. Grensteiner's change in control agreements provide that if payments and

benefits provided to them would constitute an "excess parachute payment" for purposes of Section 280G of the Code, they would have their payments and benefits reduced to the highest amount that could be paid without triggering Section 280G of the Code or, if greater, receive the after-tax

amount of the payment taking into account the excise tax imposed under Section 4999 of the Code and any applicable federal, state and local taxes.

The following table sets forth the estimated amount of compensation each of the named executive officers would receive under the retirement or change in control situations, as applicable, discussed above. The table assumes that such terminations occurred at December 31, 2013. No pro-rated portion of "target annual bonus" amounts is included for the year of termination since there would be no such reduction for a termination occurring on December 31.

Name	Potential Payments Upon Termination or Change in Control					
	Base Salary	Bonus(1)	Value of Acceleration of Restricted Stock and Restricted Stock Units(2)	Excise Tax Gross Up(3)	Group Insurance Benefits	Total

Debra J. Richardson	1,455,000	582,000	331,141	1,169,439	92,059	3,629,639
Ronald J. Grensteiner	1,260,000	504,000	285,060		89,808	2,138,868

- (1) The bonus amount is three times the "target annual bonus" as provided for under the 2014 short-term incentive compensation program as described above.
- (2) Our restricted stock awards and restricted stock unit awards provide for automatic vesting upon a change in control or upon death or disability. For information concerning unvested restricted stock and restricted stock units, see the Outstanding Equity Awards table above. These values were calculated using the value of the Company's common stock as of December 31, 2013.
- (3) This calculation assumes a total effective rate of state and federal income taxes of 48%.
- (4) Mr Noble's base salary is five times his salary in effect at December 31, 2013 as his Retirement Benefit Agreement provides that he would receive a monthly benefit equal to one-twelfth of his base salary as in effect at the time of his retirement for five years following his retirement. Mr. Noble's group insurance benefits will continue during his lifetime. We have assumed the group insurance benefit will continue for five years beyond his termination/retirement date for purposes of the above table.

Policy Regarding Related Person Transactions

We recognize that Related Person Transactions (as defined below) may raise questions among shareholders as to whether those transactions are consistent with the best interests of the Company and its shareholders. It is our policy to enter into or ratify Related Person Transactions only when the Board of Directors, acting through our Audit Committee or as otherwise described herein, determines that the Related Person Transaction in question is in, or is not inconsistent with, the best interests of the Company and its shareholders, including but not limited to situations where the Company may obtain products or services of a nature, quantity or quality, or on other terms, that are not readily available from alternative sources or when the Company provides products or services to related persons on an arm's length basis on terms comparable to those provided to unrelated third parties or on terms comparable to those provided to employees generally. Therefore, the Company has adopted the procedures set forth below for the review, approval or ratification of Related Person Transactions.

In order to deal with the potential conflicts inherent in such transactions, our Audit Committee adopted a written policy regarding Related Person Transactions. For the purposes of this policy, a "Related Person Transaction" is a transaction, arrangement, or relationship (or any series of similar transactions, arrangements, or relationships) in which the Company was, is, or will be a participant and the amount involved exceeds \$120,000, and in which any related person had, has, or will have a direct or indirect material interest, and a "related person" means:

any person who is, or at any time since the beginning of our last fiscal year was, a director or executive officer of the Company or a nominee to become a director of the Company;

any person who is known to be the beneficial owner of more than 5% of any class of our voting securities;

any immediate family member of any of the foregoing persons; and

any firm, corporation, or other entity in which any of the foregoing persons is employed or is a general partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest.

Table of Contents

Any proposed transaction with a related person shall be consummated or amended only if the following steps are taken:

Counsel (either inside or outside) will assess whether the proposed transaction is a Related Person Transaction for purposes of this policy.

If counsel determines that the proposed transaction is a Related Person Transaction, the proposed transaction shall be submitted to the Audit Committee for consideration at the next committee meeting or, in those instances in which counsel, in consultation with the Chief Executive Officer or the Chief Financial Officer, determines that it is not practicable or desirable for us to wait until the next committee meeting, to the Chairman of the Audit Committee (who has been delegated authority to act between committee meetings).

The Audit Committee, or where submitted to the Chairman of the committee, the Chairman, shall consider all of the relevant facts and circumstances available to the committee or the Chairman, including (if applicable) but not limited to: (i) the benefits to the Company; (ii) the impact on a director's independence in the event the related person is a director, an immediate family member of a director, or an entity in which a director is a partner, shareholder, or executive officer; (iii) the availability of other suppliers or customers for comparable products or services; (iv) the terms of the transaction; and (v) the terms available to unrelated third parties or to employees generally.

The Audit Committee (or the Chairman) shall approve only those Related Person Transactions that are in, or are not inconsistent with, the best interests of the Company and its shareholders, as the committee (or the Chairman) determines in good faith. The Audit Committee or Chairman, as applicable, shall convey the decision to counsel, who shall convey the decision to the appropriate persons within the Company.

At the Audit Committee's first meeting of each fiscal year, the committee shall review any previously approved Related Person Transactions that remain ongoing and have a remaining term of more than six months or remaining amounts payable to or receivable from the Company of more than \$120,000. Based on all relevant facts and circumstances, taking into consideration the Company's contractual obligations, the committee shall determine if it is in the best interests of the Company and its shareholders to continue, modify, or terminate the Related Person Transaction.

No member of the Audit Committee shall participate in any review, consideration, or approval of any Related Person Transaction with respect to which such member or any of his or her immediate family members is the related person.

During fiscal year 2013, the Company did not have any transactions with related persons required to be disclosed under Item 404(a) of Regulation S-K, and no such transactions are currently proposed.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act generally requires the officers and directors of a reporting company, and persons who own more than ten percent of a registered class of a reporting company's equity securities, to file reports of beneficial ownership and changes in beneficial ownership with the SEC. Based solely on our review of the copies of such reports received by us, or upon written representations received from certain reporting persons, we believe that during 2013, our officers, directors and ten-percent shareholders complied with all Section 16(a) filing requirements applicable to them.

Householding; Annual Report on Form 10-K

The SEC permits companies and intermediaries, such as a brokerage firm or a bank, to satisfy the delivery requirements for Notices and proxy materials with respect to two or more shareholders sharing the same address by delivering only one Notice or set of proxy materials to that address. This process, which is commonly referred to as "householding," can effectively reduce our printing and postage costs.

Certain of our shareholders whose shares are held in street name and who have consented to householding will receive only one Notice or set of proxy materials per household. If you would like to receive a separate set of proxy materials in the future, or if your household is currently receiving multiple copies of the same items and you would like to receive only a single copy at your address in the future, please contact Julie L.
