PROXY STATEMENT FOR THE 2015 ANNUAL MEETING OF STOCKHOLDERS

April 24, 2015

Information About Solicitation and Voting

The accompanying proxy is solicited on behalf of Proofpoint, Inc.'s board of directors for use at Proofpoint's 2015 Annual Meeting of Stockholders (the "meeting") to be held on June 8, 2015, at 9:00 a.m. (Pacific Time), and any adjournment or postponement thereof. This Proxy Statement and the accompanying form of proxy were first mailed to stockholders on or about April 24, 2015. An annual report for the year ended December 31, 2014 is enclosed with this Proxy Statement. An electronic copy of this proxy statement and annual report are available at <http://investors.proofpoint.com>.

General Information About the Meeting

Purpose of the Meeting

At the meeting, stockholders will act upon the proposals described in this proxy statement. In addition, following the meeting, management will report on the performance of Proofpoint, Inc. and respond to questions from stockholders.

Record Date; Quorum

Only holders of record of common stock at the close of business on April 15, 2015, the record date, will be entitled to vote at the meeting. At the close of business on April 15, 2015, we had 39,406,796 shares of common stock outstanding and entitled to vote.

The holders of a majority of the voting power of the shares of stock entitled to vote at the meeting as of the record date must be present at the meeting in order to hold the meeting and conduct business. This presence is called a quorum. Your shares are counted as present at the meeting if you are present and vote in person at the meeting or if you have properly submitted a proxy.

Voting Rights; Required Vote

Each holder of shares of common stock is entitled to one vote for each share of common stock held as of the close of business on April 15, 2015, the record date. You may vote all shares owned by you as of April 15, 2015, including (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee, or other nominee. On April 15, 2015, we had 39,406,796 shares of common stock issued and outstanding.

Stockholder of Record: Shares Registered in Your Name. If on April 15, 2015 your shares were registered directly in your name with our transfer agent, Computershare, then you are considered the stockholder of record with respect to those shares. As a stockholder of record, you may vote at the meeting or vote by telephone, or if you request or receive paper proxy materials by mail, by filling out and returning the proxy card.

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee. If on April 15, 2015 your shares were held in an account with a brokerage firm, bank or other nominee, then you are the

Table of Contents

beneficial owner of the shares held in street name. As a beneficial owner, you have the right to direct your nominee on how to vote the shares held in your account, and it has enclosed or provided voting instructions for you to use in directing it on how to vote your shares. However, the organization that holds your shares is considered the stockholder of record for purposes of voting at the meeting. Because you are not the stockholder of record, you may not vote your shares at the meeting unless you request and obtain a valid proxy from the organization that holds your shares giving you the right to vote the shares at the meeting.

Each director will be elected by a plurality of the votes cast, which means that the three individuals nominated for election to the board of directors at the meeting receiving the highest number of "FOR" votes will be elected. You may either vote "FOR" one or any of the nominees or "WITHHOLD" your vote with respect to one or any of the nominees. Approval of the amendments to the 2012 Equity Incentive Plan will be obtained if the number of votes cast "FOR" the proposal at the meeting exceeds the number of votes "AGAINST" the proposal. Abstentions (shares present at the meeting and voted "abstain") are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon. Broker non-votes occur when shares held by a broker for a beneficial owner are not voted either because (i) the broker did not receive voting instructions from the beneficial owner, or (ii) the broker lacked discretionary authority to vote the shares. Broker non-votes are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon. Note that if you are a beneficial holder and do not provide specific voting instructions to your broker, the broker that holds your shares will not be authorized to vote on the election of directors. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the meeting.

Recommendations of the Board of Directors on Each of the Proposals Scheduled to be Voted on at the Meeting

The board of directors recommends that you vote **FOR** each of the Class III directors named in this proxy statement (Proposal 1), **FOR** approving amendments to of our 2012 Equity Incentive Plan, including to continue the automatic share reserve increase through and including January 1, 2022 and decrease the amount of such automatic share reserve increase to the lesser of (i) four percent (4%) of the number of shares issued and outstanding on each December 31 immediately prior to the date of increase not to exceed 3,723,891 shares or (ii) such number of shares determined by the Board of Directors of the Company; and **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015 (Proposal 2).

Voting Instructions; Voting of Proxies

If you are a stockholder of record, you may:

vote in person we will provide a ballot to stockholders who attend the meeting and wish to vote in person;

vote via telephone in order to do so, please follow the instructions shown on your proxy card; or

vote by mail if you request or receive a paper proxy card and voting instructions by mail, simply complete, sign and date the enclosed proxy card and return it before the meeting in the envelope provided.

Votes submitted by telephone or mail must be received by 11:59 p.m., Eastern Time, on June 7, 2015. Submitting your proxy, whether by telephone, or by mail if you request or received a paper proxy card, will not affect your right to vote in person should you decide to attend the meeting. If you are

Table of Contents

not the stockholder of record, please refer to the voting instructions provided by your nominee to direct it how to vote your shares. You may either vote "FOR" all of the nominees to the board of directors, or you may withhold your vote from any nominee you specify. For any other matter to be voted on, you may vote "FOR" or "AGAINST" or "ABSTAIN" from voting. Your vote is important. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure that your vote is counted.

All proxies will be voted in accordance with the instructions specified on the proxy card. If you sign a physical proxy card and return it without instructions as to how your shares should be voted on a particular proposal at the meeting, your shares will be voted in accordance with the recommendations of our board of directors stated above.

If you do not vote and you hold your shares in street name, and your broker does not have discretionary power to vote your shares, your shares may constitute "broker non-votes" (as described above) and will not be counted in determining the number of shares necessary for approval of the proposals. However, shares that constitute broker non-votes will be counted for the purpose of establishing a quorum for the meeting.

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. To make certain all of your shares are voted, please follow the instructions included on each proxy card and vote each proxy card by telephone. If you requested or received paper proxy materials by mail, please complete, sign and return each proxy card to ensure that all of your shares are voted.

Expenses of Soliciting Proxies

The expenses of soliciting proxies will be paid by Proofpoint. Following the original mailing of the soliciting materials, Proofpoint and its agents may solicit proxies by mail, electronic mail, telephone, facsimile, by other similar means, or in person. Our directors, officers, and other employees, without additional compensation, may solicit proxies personally or in writing, by telephone, email, or otherwise. Following the original mailing of the soliciting materials, Proofpoint will request brokers, custodians, nominees and other record holders to forward copies of the soliciting materials to persons for whom they hold shares and to request authority for the exercise of proxies. In such cases, Proofpoint, upon the request of the record holders, will reimburse such holders for their reasonable expenses. If you choose to access the proxy materials through the Internet, you are responsible for any Internet access charges you may incur.

Revocability of Proxies

A stockholder who has given a proxy may revoke it at any time before it is exercised at the meeting by:

delivering to the Corporate Secretary of Proofpoint (by any means, including facsimile) a written notice stating that the proxy is revoked;

signing and delivering a proxy bearing a later date;

voting again by telephone; or

attending and voting at the meeting (although attendance at the meeting will not, by itself, revoke a proxy).

Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to revoke a proxy, you must contact that firm to revoke any prior voting instructions.

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD; CORPORATE GOVERNANCE STANDARDS AND DIRECTOR INDEPENDENCE

Proofpoint is strongly committed to good corporate governance practices. These practices provide an important framework within which our board of directors and management can pursue our strategic objectives for the benefit of our stockholders.

Corporate Governance Guidelines

Our board of directors has adopted Corporate Governance Guidelines that set forth expectations for directors, director independence standards, board committee structure and functions, and other policies for the governance of the company. Our Corporate Governance Guidelines are available on the Investor section of our website, which is located at <http://investors.proofpoint.com>, by clicking on "Corporate Governance Guidelines," under "Corporate Governance." The Corporate Governance Guidelines are reviewed periodically by our nominating and corporate governance committee, and changes are recommended to our board of directors with respect to changes as warranted.

Board Leadership Structure

Our Corporate Governance Guidelines provide that our board of directors shall be free to choose its chairman in any way that it considers in the best interests of our company, and that the nominating and corporate governance committee shall periodically consider the leadership structure of our board of directors and make such recommendations related thereto to the board of directors with respect thereto as the nominating and corporate governance committee deems appropriate. Our Corporate Governance Guidelines also provide that, when the positions of chairman and chief executive officer are held by the same person, the independent directors shall designate a "lead independent director." In cases in which the chairman and chief executive officer are the same person, the chairman schedules and sets the agenda for meetings of the board of directors, and the chairman, or if the chairman is not present, the lead independent director chairs such meetings. The responsibilities of the chairman or, if the chairman and the chief executive officer are the same person, the lead independent director, include: presiding at executive sessions; serving as a liaison between the chairman and the independent directors, being available, under appropriate circumstances, for consultation and direct communication with stockholders; and facilitating communication between the independent directors and management.

Our board of directors believes that we and our stockholders currently are best served by having Eric Hahn, an independent director, serve as chairman. Separating the positions of chief executive officer and chairman allows our president and chief executive officer to focus on our day-to-day business, while allowing the chairman to lead our board of directors in its fundamental role of providing independent advice to and oversight of management. Our board of directors believes that its independence and oversight of management is maintained effectively through this leadership structure, the composition of the board of directors and sound corporate governance policies and practices.

Our Board of Directors' Role in Risk Oversight

Our board of directors, as a whole, has responsibility for risk oversight, although the committees of our board of directors oversee and review risk areas which are particularly relevant to them. The risk oversight responsibility of our board of directors and its committees is supported by our management reporting processes, which are designed to provide visibility to the board of directors and to our personnel that are responsible for risk assessment and information about the identification, assessment and management of critical risks and management's risk mitigation strategies. These areas of focus include, but are not limited to, competitive, economic, operational, financial (accounting, credit, liquidity, and tax), legal, regulatory, compliance and reputational risks.

Table of Contents

Each committee of the board of directors meets in executive session with key management personnel and representatives of outside advisors to oversee risks associated with their respective principal areas of focus. The audit committee reviews our major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies and guidelines. The compensation committee reviews risks and exposures associated with compensation programs and arrangements, including incentive plans. The nominating and corporate governance committee, together with the audit committee, reviews our major legal compliance risk exposures and monitors the steps management has to mitigate these exposures, including our legal risk assessment and legal risk management policies and guidelines.

Independence of Directors

Our board of directors determines the independence of our directors by applying the independence principles and standards established by the NASDAQ Global Market. These provide that a director is independent only if the board affirmatively determines that the director has no direct or indirect material relationship with our company. They also specify various relationships that preclude a determination of director independence. Material relationships may include commercial, industrial, consulting, legal, accounting, charitable, family and other business, professional and personal relationships.

Applying these standards, the board annually reviews the independence of the company's directors, taking into account all relevant facts and circumstances. In its most recent review, the board considered, among other things, the relationships that each non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Based upon this review, our board of directors has determined that the following director nominee and members of our board of directors are currently independent as determined under the rules of the NASDAQ Global Market:

Eric Hahn	Jonathan Feiber
Anthony Bettencourt	Doug Garn
Dana Evan	Kevin Harvey

Sydney Carey resigned as a member of our board of directors effective April 13, 2015. She was considered independent during the 2014 fiscal year.

All members of our audit committee, compensation committee, and nominating and corporate governance committee must be independent directors as defined by our Corporate Governance Guidelines. Members of the audit committee must also satisfy a separate SEC independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from Proofpoint or any of its subsidiaries other than their directors' compensation. No member of the audit committee may be a partner, member or principal of a law firm, accounting firm or investment banking firm that accepts consulting or advisory fees from Proofpoint or any of its subsidiaries. Our board of directors has determined that all members of our audit committee, compensation committee and nominating and corporate governance committee are independent and all members of our audit committee satisfy the relevant SEC additional independence requirements for the members of such committee.

Committees of Our Board of Directors

Our board of directors has established an audit committee, a compensation committee, mergers and acquisitions committee and a nominating and corporate governance committee. The composition

reviews our annual, quarterly and periodic reports related to financial matters to be filed with the SEC.

Compensation Committee

Our compensation committee is comprised of Mr. Feiber, who is the chair of the compensation committee, Ms. Evan and Mr. Garn. The composition of our compensation committee meets the requirements for independence under current NASDAQ Global Market and SEC rules and regulations. Each member of this committee is also a non-employee director, as defined pursuant to Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended, and an outside director, as defined pursuant to Section 162(m) of the Code. The purpose of our compensation committee is to

The compensation committee may take into account the recommendations of the chief executive officer with respect to compensation of the other executive officers.

Nomination to the Board of Directors

Candidates for nomination to our board of directors are selected by our board of directors based on the recommendation of the nominating and corporate governance committee in accordance with the committee's charter, our certificate of incorporation and bylaws, our Corporate Governance Guidelines, and the criteria adopted by the board of directors regarding director candidate qualifications. In recommending candidates for nomination, the nominating and corporate governance committee considers candidates recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate and, in addition, the committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees.

Additional information regarding the process for properly submitting stockholder nominations for candidates for membership on our board of directors is set forth below under "Stockholder Proposals to Be Presented at Next Annual Meeting."

Director Qualifications

With the goal of developing a diverse, experienced and highly-qualified board of directors, the nominating and corporate governance committee is responsible for developing and recommending to the board of directors the desired qualifications, expertise and characteristics of members of our board of directors, including the specific minimum qualifications that the committee believes must be met by a committee-recommended nominee for membership on the board of directors and any specific qualities or skills that the committee believes are necessary for one or more of the members of the board of directors to possess.

Since the identification, evaluation and selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, and will be significantly influenced by the particular needs of the board of directors from time to time, our board of directors has not adopted a specific set of minimum qualifications, qualities or skills that are necessary for a nominee to possess, other than those that are necessary to meet U.S. legal, regulatory and NASDAQ listing requirements and the provisions of our certificate of incorporation, bylaws, Corporate Governance Guidelines, and charters of the board committees. In addition, neither the board of directors nor the nominating and corporate governance committee has a formal policy with regard to the consideration of diversity in identifying nominees. When considering nominees, the nominating and corporate governance committee may take into consideration many factors including, among other things, a candidate's independence, integrity, skills, financial and other expertise, breadth of experience, and knowledge about our business or industry and ability to devote adequate time and effort to responsibilities of the board of directors in the context of its existing composition. Through the nomination process, the nominating and corporate governance committee seeks to promote board membership that reflects a diversity of business experience, expertise, viewpoints, personal backgrounds and other characteristics that are expected to contribute to the board of directors' overall effectiveness. The brief biographical description of each director set forth in Proposal 1 below includes the primary individual experience, qualifications, attributes and skills of each of our directors that led to the conclusion that each director should serve as a member of our board of directors at this time.

Table of Contents**PROPOSAL NO. 1****ELECTION OF DIRECTORS**

Our board of directors currently consists of nine directors and is divided into three classes. Each class serves for three years, with the terms of office of the respective classes expiring in successive years. Directors in Class III will stand for election at this meeting. The terms of office of directors in Class I and Class II do not expire until the annual meetings of stockholders held in 2016 and 2017, respectively. At the recommendation of our nominating and corporate governance committee, our board of directors proposes that each of the three Class III nominees named below, all of whom are currently serving as the directors in Class II, be elected as a Class III director for a three-year term expiring at the 2018 Annual Meeting of Stockholders and until such director's successor is duly elected and qualified or until such director's earlier resignation or removal.

Shares represented by proxies will be voted "FOR" the election of each of the three nominees named below, unless the proxy is marked to withhold authority so to vote. If any nominee for any reason is unable to serve or for good cause will not serve, the proxies may be voted for such substitute nominee as the proxy holder might determine. Each nominee has consented to being named in this proxy statement and to serve if elected.

Equity Awards. Our non-employee director equity compensation policy provides that each newly-elected or appointed non-employee director will be granted an initial stock option to purchase 25,000 shares of our common stock and, immediately following each annual meeting of our stockholders, each non-employee director will automatically be granted an additional equity grant of RSUs equivalent to \$175,000 if the non-employee director has served continuously as a member of our board of directors for at least six months. Each initial stock option award will vest in equal annual installments over three years from the date of grant while each annual RSU award will vest in full on the earlier of the one-year anniversary of the date of grant or immediately prior to the first annual meeting of our stockholders to occur after the date of grant. Our non-employee director equity compensation policy also provides that a director can elect annually to receive the aforementioned initial stock award in the forms of RSUs, the annual RSU award in the form of stock options, and the annual board service fees in the form of stock options or RSUs. One-quarter of each stock option or RSU award provided in lieu of annual board service fees will vest upon the completion of each calendar quarter of board service, commencing with the second calendar quarter of the year or with the grant immediately after the annual meeting of our stockholders. Each of these stock option awards will be immediately exercisable in full; however, any unvested shares issued upon exercise will be subject to a right of repurchase by us upon termination of service, which right will lapse in accordance with the vesting schedule described above. Options granted to non-employee directors under the policy described above will accelerate and vest in full in the event of a change of control. The awards will have 10-year terms and will terminate three months following the date the director ceases to be one of our directors or consultants or 12 months following that date if the termination is due to death or disability. In addition to the awards provided for above, non-employee directors are eligible to receive discretionary equity awards.

Non-employee directors receive no other form of remuneration, perquisites or benefits, but are reimbursed for their expenses in attending meetings, including travel, meal and other expenses incurred to attend meetings solely among the non-employee directors.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" ELECTION OF EACH OF THE THREE NOMINATED DIRECTORS.

PROPOSAL NO. 2
APPROVAL TO AMEND OUR 2012 EQUITY INCENTIVE PLAN

At the Annual Meeting, our stockholders will be asked to approve an amendment of the Proofpoint 2012 Equity Incentive Plan (the "2012 Plan") to continue the automatic share reserve increase through and including January 1, 2022 and decrease the amount of such automatic share reserve increase to the lesser of (i) four percent (4%) of the number of shares issued and outstanding on each December 31 immediately prior to the date of increase not to exceed 3,723,891 or (ii) such number of shares determined by our Board of Directors. Our Board of Directors believes that the proposed extension and modification in the automatic share reserve increase provision in the 2012 Plan is in the best interests of Proofpoint and our stockholders for the following reasons.

We operate in dynamic and competitive markets and compete for talent at both the executive and employee levels in the highly-competitive entrepreneurial Silicon Valley, which includes a large number of early-stage venture-backed companies, pre-IPO companies and mature publicly-traded public companies, most of which operate in the high-growth technology sector. We believe that our future success and our ability to remain competitive are dependent on our continuing efforts to attract, retain and motivate highly qualified personnel. Competition for these people in this dynamic environment is intense. Traditionally, a cornerstone of our method for attracting and retaining top caliber employees has been our equity-based compensation programs, including the grant of Options and other awards under the 2012 Plan. Allowing employees to participate in owning shares of our common stock helps align the objectives of our stockholders and our employees and is important in attracting, motivating and retaining the highly skilled personnel that are essential to our success.

Equity awards are a critical component of the compensation packages offered in Silicon Valley and enable us to compete with other high-growth technology companies for the best talent. Pursuant to our compensation philosophy, we set our employees' total cash compensation commensurate with market and use equity as a long-term compensation vehicle providing a total target direct compensation program that is designed for both short and long-term incentives and market competitive.

All employees are provided a new hire grant on joining. However, ongoing equity programs are aligned to performance and only 50% of the organization receives an on-going grant. These grants are designed to reward past performance and contributions, while providing additional long-term compensation and retention to key persons. Also, in 2014 the Compensation Committee began to make additional performance-based RSU awards to certain individuals, with the vesting of a portion of these awards granted contingent not only on continued service but also on achievement of performance milestones.

We achieved a 2014 total stockholder return ("TSR") of 45.4%, significantly outperforming both our compensation peer group and the NASDAQ Composite index. Further, from our initial public offering in 2012 to the end of December 2014, our stock price has increased over 242.5%, significantly above the Nasdaq Composite Index (IXIC) returns over the same period

Our ability to continue to expand our organization, both organically and through acquisitions, is a key factor in our long-term strategic plan; thereby requiring that we be in a position to offer competitive compensation packages to recruit the talent and expertise needed to fuel that growth and to hire the best possible employees at all levels of Proofpoint. A significant portion of our headcount growth is as a result of acquisitions (approximately 10% in 2014 and 25% in 2013), which means a portion of our pool is going to this population, which by its nature is inherently less predictable both in size and seniority.

Table of Contents

For the reasons set forth above, the Board has unanimously adopted, subject to stockholder approval, an amendment to the 2012 Plan such that the automatic share reserve increase will not expire on January 1, 2016 but will instead continue through and including January 1, 2022 and the amount of such automatic share reserve increase will be decreased to the lesser of (i) four percent (4%) of the number of shares issued and outstanding on each December 31 immediately prior to the date of increase not to exceed 3,723,891 or (ii) such number of shares determined by the Board of Directors of the Company. We anticipate that the addition of these shares will be sufficient to meet our compensatory objectives until 2024.

Our Board of Directors believes that the 2012 Plan serves a critical role in attracting and retaining the high caliber employees and consultants essential to our success and in motivating these individuals to strive to enhance our growth and profitability. Therefore, the Board urges you to vote to approve the amendment of the 2012 Plan.

We are also asking our stockholders to approve the material terms of the 2012 Plan to preserve our ability to deduct, for federal income tax purposes, the compensation income recognized by our senior executives without application of the deduction limit contained in Internal Revenue Code Section 162(m).

To be approved, Proposal No. 2 requires the affirmative vote of the majority of the shares of our common stock entitled to vote and present in person or represented by proxy at the Annual Meeting and who vote for or against the proposal.

If the extension of the automatic share reserve increase is not approved by our stockholders and if the material terms under our 2012 Plan, including the annual equity grant share limitations, the performance award dollar limit and the performance criteria under which performance-based awards may be granted, are not re-approved by stockholders, we will continue to make equity grants under the 2012 Plan based solely on the existing pool of shares available for grant and the existing automatic share reserve increase, which is currently scheduled to remain in place through January 1, 2016, until such time, if any, as stockholder approval of a subsequent increase or similar proposal is obtained.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" APPROVAL OF PROPOSAL NO. 2, THE AMENDMENT OF OUR 2012 EQUITY INCENTIVE PLAN

Summary of the Plan

We adopted the Plan, which became effective in April 2012, as the successor to our 2002 Stock Option / Stock Issuance Plan. We reserved 4,096,280 shares of our common stock to be issued under our Plan. The number of shares reserved for issuance under our Plan increases automatically on the first day of January of each of 2013 through 2016 by the number of shares equal to 5% of the total outstanding shares of our common stock as of the immediately preceding December 31, but not more than 3,723,891 shares. If proposal No. 2 is approved the number of shares reserved for issuance under our Plan will continue to increase automatically on the first day of January until and including January 1, 2022 by a number of shares equal to 4% of the total outstanding shares of our common stock as of the immediately preceding December 31, but not more than 3,723,891 shares. Whether or not proposal No. 2 is approved, our board of directors or compensation committee may reduce the amount of the increase in any particular year.

In addition, the following shares are available for grant and issuance under our Plan:

shares subject to options or stock appreciation rights granted under our Plan that cease to be subject to the option or stock appreciation right for any reason other than exercise of the option;

Table of Contents

shares subject to awards granted under our Plan that are subsequently forfeited or repurchased by us at the original issue price;

shares subject to awards granted under our Plan that otherwise terminate without shares being issued;

shares not issued or subject to outstanding grants under our 2002 Stock Option/Stock Issuance Plan;

shares issuable upon the exercise of options under our 2002 Stock Option/Stock Issuance Plan that expire or become unexercisable for any reason without having been exercised in full; and

any shares issued under our 2002 Stock Option/Stock Issuance Plan that are forfeited or repurchased by us.

Our Plan authorizes the award of stock options, RSAs, SARs, RSUs, performance awards and stock bonuses. No person will be eligible to receive more than 875,000 shares in any calendar year under our Plan other than a new employee of ours, who will be eligible to receive no more than 1,750,000 shares under the plan in the calendar year in which the employee commences employment.

Our Plan is administered by our compensation committee, all of the members of which are outside directors as defined under applicable federal tax laws, or by our board of directors acting in place of our compensation committee. The compensation committee has the authority to construe and interpret our Plan, grant awards and make all other determinations necessary or advisable for the administration of the plan.

Our Plan provides for the grant of awards to our employees, directors, consultants, independent contractors and advisors, as well as service providers to our subsidiaries and any parent we may have in the future, provided in each case the consultants, independent contractors, directors and advisors render services not in connection with the offer and sale of securities in a capital-raising transaction. The exercise price of stock options must be at least equal to the fair market value of our common stock on the date of grant.

In general, options granted under our Plan will vest over a four-year period. Options may vest based on time or achievement of performance conditions. Our compensation committee may provide for options to be exercised only as they vest or to be immediately exercisable with any shares issued on exercise being subject to our right of repurchase that lapses as the shares vest. The maximum term of options granted under our Plan is ten years.

An RSA is an offer by us to sell shares of our common stock subject to restrictions, which may vest based on time or achievement of performance conditions. The price (if any) of an RSA will be determined by the compensation committee. Unless otherwise determined by the compensation committee at the time of award, vesting will cease on the date the participant no longer provides services to us and unvested shares will be forfeited to or repurchased by us.

Stock appreciation rights provide for a payment, or payments, in cash or shares of our common stock, to the holder based upon the difference between the fair market value of our common stock on the date of exercise and the stated exercise price up to a maximum amount of cash or number of shares. SARs may vest based on time or achievement of performance conditions. The maximum term of SARs granted under our Plan is ten years.

RSUs represent the right to receive shares of our common stock at a specified date in the future, subject to forfeiture of that right because of termination of employment or failure to achieve certain performance conditions. If an RSU has not been forfeited, then on the date specified in the RSU agreement, we will deliver to the holder of the restricted stock unit whole shares of our common stock

(which may be subject to additional restrictions), cash or a combination of our common stock and cash. The maximum term of RSUs granted under our Plan is ten years.

Performance shares are performance awards that cover a number of shares of our common stock that may be settled upon achievement of the pre-established performance conditions in cash or by issuance of the underlying shares. These awards are subject to forfeiture prior to settlement because of termination of employment or failure to achieve the performance conditions.

Stock bonus awards may be granted as additional compensation for service and/or performance, and therefore, no payment will be required from the participant. Stock bonus awards may be paid in cash or shares of our common stock or a combination.

The compensation committee may designate performance conditions to apply to an award, including the following under the plan:

equitable adjustments (based on objective standards) to the performance factors to preserve the committee's original intent regarding the performance factors at the time of the initial award grant.

In the event there is a specified type of change in our capital structure without our receipt of consideration, such as a stock split, stock dividend, combination or reclassification of the common stock, or any other increase or decrease in the number of issued shares of common stock effected without receipt of consideration by us, appropriate adjustments will be made to the number of shares reserved under our Plan, the maximum number of shares that may be issued as ISOs, the maximum number of shares that can be granted in a calendar year, and the number of shares and exercise price, if applicable, of all outstanding awards under our Plan.

Awards granted under our Plan may not be transferred in any manner other than by will or by the laws of descent and distribution or as determined by our compensation committee. Unless otherwise permitted by our compensation committee, stock options may be exercised during the lifetime of the optionee only by the optionee or the optionee's guardian or legal representative. Options granted under our Plan generally may be exercised for a period of three months after the termination of the optionee's service to us, or for a period of 12 months in cases of death or disability, or such longer period as our compensation committee may provide. Options generally terminate immediately upon termination of employment for cause.

If we are dissolved or liquidated or have a change in control transaction, outstanding awards, including any vesting provisions, may be assumed or substituted by the successor company. Outstanding awards that are not assumed or substituted will expire upon the dissolution, liquidation or closing of a change in control transaction. In the event of specified change in control transactions, our compensation committee may accelerate the vesting of awards (a) immediately upon the occurrence of the transaction, whether or not the award is continued, assumed or substituted by a surviving corporation or its parent in the transaction, or (b) in connection with a termination of a participant's service following such a transaction. If the applicable award agreement provides for acceleration of vesting in connection with a change in control followed by the participant's involuntary termination, and outstanding awards are not assumed or substituted, then vesting of the award shall accelerate as to the applicable unvested portion of the award as if the participant had been involuntarily terminated at the time of the change in control.

Our 2012 Plan will terminate ten years from the later of the date our board of directors approves the plan or the date our board of directors adopted the most recent increase in the number of shares of our common stock available under the plan which was approved by our stockholders, unless it is terminated earlier by our board of directors. Accordingly, if the extension of the automatic increase to the share reserve is approved by our stockholders, the term of the 2012 Plan will be ten years from the date of the Annual Meeting at which this Proposal No. Two is approved by our stockholders. Our board of directors may amend or terminate our Plan at any time. If our board of directors amends our Plan, it does not need to ask for stockholder approval of the amendment unless required by applicable law.

Pursuant to Section 162(m), we generally may not deduct for federal income tax purposes compensation paid to our Chief Executive Officer and our three most highly compensated employees (referred to in the Internal Revenue Code as "covered persons") to the extent that any of these persons receive more than \$1.0 million in compensation in any single tax year. Compensation includes cash compensation; ordinary income arising from the exercise of Options that are nonqualified stock options, RSAs, SARs and RSUs; ordinary income arising from disqualifying dispositions of Options that were granted as incentive stock options; and ordinary income arising from Stock Bonuses and Performance Awards conferred in cash or shares. However, if the compensation qualifies as "performance-based" for Section 162(m) purposes, we may deduct it for federal income tax purposes even if it exceeds \$1.0 million in a single year. Options, RSUs and SARs granted under the 2012 Plan

Table of Contents

permit our board of directors or compensation committee to design such awards to qualify as "performance-based" compensation within the meaning of Section 162(m). For these equity awards to continue to qualify as "performance-based" compensation under Section 162(m), our stockholders must periodically re-approve the material terms of the 2012 Plan, as well as the types of performance criteria that may be used as performance factors in awards granted under the 2012 Plan and the limitations on the number of securities that may be granted to any individual in any single year.

We believe that we must retain the flexibility to respond to changes in the market for top executive talent and offer compensation packages that are competitive with those offered by others in our industry. In the event we are motivated by competitive forces to offer compensation in excess of \$1.0 million to executive officers, our board of directors believes it would be in our best interests and those of our stockholders to be able to deduct such compensation for federal income tax purposes.

Because of the fact-based nature of the performance-based compensation exception under Section 162(m) and the limited availability of formal guidance thereunder, we cannot guarantee that the awards under the 2012 Plan will qualify for exemption under Section 162(m). However, the 2012 Plan is structured with the intention that the compensation committee will have the discretion to make awards under the 2012 Plan that would qualify as "performance-based compensation" and be fully deductible if stockholder approval is obtained of the material terms, share limits, performance award dollar limit and performance criteria under the 2012 Plan.

The summary of the 2012 Plan provided above is a summary of the principal features of the 2012 Plan. This summary, however, does not purport to be a complete description of all of the provisions of the 2012 Plan. It is qualified in its entirety by references to the full text of the 2012 Plan. A copy of the 2012 Plan, as amended, is attached as Appendix A to this Proxy Statement on Schedule 14A.

Federal Income Tax Consequences

The following is a brief summary of the federal income tax consequences applicable to awards granted under the 2012 Plan based on federal income tax laws in effect on the date of this proxy statement.

This summary is not intended to be exhaustive and does not address all matters that may be relevant to a particular participant. The summary does not discuss the tax laws of any state, municipality or foreign jurisdiction, or gift, estate, excise, payroll or other tax laws other than federal income tax law. This summary does not discuss the impact of Section 280G of the Code governing parachute payments or Section 409A of the Code governing nonqualified deferred compensation plans. The following is not intended or written to be used, and cannot be used, for the purposes of avoiding taxpayer penalties. Because circumstances may vary, we advise all participants to consult their own tax advisors under all circumstances.

A recipient of an Option or SAR will not recognize taxable income upon the grant of those awards. For nonqualified Options and SARs, the participant will recognize ordinary income upon exercise in an amount equal to the difference between the fair market value of the shares and the exercise price on the date of exercise. Any gain or loss recognized upon any later disposition of the shares generally will be a capital gain or loss.

The acquisition of shares upon exercise of an Option qualifying as an incentive stock option will not result in any taxable income to the participant, except, possibly, for purposes of the alternative minimum tax. The gain or loss recognized by the participant on a later sale or other disposition of such shares will either be long-term capital gain or loss or ordinary income, depending upon whether the participant holds the shares for the legally-required period (currently more than two years from the date of grant and more one year from the date of exercise). If the shares are not held for the legally-required period, the participant will recognize ordinary income equal to the lesser of (i) the difference

Table of Contents

between the fair market value of the shares on the date of exercise and the exercise price or (ii) the difference between the sale price and the exercise price. Any additional gain recognized on the sale generally will be a capital gain. Different and complex rules may apply to incentive stock options that are early exercisable, and we encourage participants holding such any such award to seek the advice of their own tax counsel.

For RSAs, unless vested, or unless the recipient elects under Section 83(b) of the Code to be taxed at the time of grant, the recipient will not have taxable income upon the grant, but will recognize ordinary income upon vesting equal to the fair market value of the shares at the time of vesting less the amount paid for such shares (if any). Any gain or loss recognized upon any later disposition of the shares generally will be a capital gain or loss.

A holder of RSUs does not recognize taxable income when the RSU is granted. When vested RSUs (and dividend equivalents, if any) are settled and distributed, the participant will recognize ordinary income equal to the amount of cash and/or the fair market value of shares received less the amount paid for such stock units (if any).

The implications of Section 162(m) of the Code are discussed above.

In considering the recommendation of our board of directors with respect to the approval of the material terms of the 2012 Plan, stockholders should be aware that the members of our board of directors have certain interests, which may present them with conflicts of interest in connection with this proposal. As discussed above, directors are eligible to receive awards under the 2012 Plan. Please see Proposal No. 1 Election of Directors Director Compensation for more detail about equity grants to our directors. Our board of directors recognizes that approval of this proposal may benefit our directors and their successors.

ACCOUNTING FIRM

Our audit committee has selected PricewaterhouseCoopers LLP as Proofpoint's principal independent registered public accounting firm to perform the audit of Proofpoint's consolidated financial statements for fiscal year ending December 31, 2014. As a matter of good corporate governance, our audit committee has decided to submit its selection of principal independent registered public accounting firm to stockholders for ratification. In the event that PricewaterhouseCoopers LLP is not ratified by our stockholders, the audit committee will review its future selection of PricewaterhouseCoopers LLP as Proofpoint's principal independent registered public accounting firm.

PricewaterhouseCoopers LLP audited Proofpoint's financial statements for Proofpoint's 2013 fiscal year. Grew our penetration in the Fortune 1000 by roughly 40% (from 181 customers at the close of 2013, to 231 at the close of 2014).

Grew international revenue by 58%.

CEO Pay-for-Performance

Objectives

Our steady and consistent growth since inception, as well as our success in developing a leading next-generation security and compliance company would not have occurred but for the exceptional leadership of our CEO. His focus, creativity and ability to motivate our workforce have been instrumental in our success. Most significantly, his recognized status as a leader in next-generation security has allowed us to attract and develop a top-caliber executive team, capable of achieving our long-term growth objectives.

We believe that it is critical to our continued success to offer our CEO a total compensation package that will, among other things:

1. motivate and reward the achievement of our annual and long-term financial and strategic objectives;
2. ensure that he remains with Proofpoint to guide our business so that we emerge as one of the leaders in the next-generation security and compliance market sector; and
3. align his total compensation with stockholder performance.

Compensation

To achieve these objectives, in 2014 the Compensation Committee approved a target total direct compensation mix for our CEO which includes base compensation and variable compensation in the form of cash bonus and equity. The equity mix is a blend of Restricted Stock Units (RSUs) along with options. All elements of compensation are reviewed independently to warrant merit on their own, and as a whole to ensure a balanced total compensation package.

The Compensation Committee is satisfied with the alignment of our CEO's total direct compensation with our performance. Over time, as the size, complexity and performance of Proofpoint has grown, the Compensation Committee has adjusted the target total direct compensation opportunity of our CEO to reflect his enhanced role and performance; and his tenure with the organization. The Compensation Committee views bonus compensation and option awards as strong performance-based compensation vehicles. We recognize that the creation of stockholder value and Company growth provide important context for understanding and evaluating the overall appropriateness of our CEO's

Table of Contents

total direct compensation with the key financial measures that our Board of Directors uses to evaluate the continued growth and long-term market success of our business.

Executive Compensation Best Practices

In discharging its responsibilities relating to executive compensation, the Compensation Committee looks to enhance the effectiveness of our executive compensation program on an ongoing basis. As a result, our executive compensation program reflects the following policies and practices:

Independence The Compensation Committee is composed solely of independent directors and has engaged its own independent compensation consultant.

Compensation-Related Risk Assessment We evaluate our compensation programs, policies and practices to ensure that they reflect an appropriate level of risk-taking to further the growth of the business; but do not encourage our employees to take excessive or unnecessary risks that could have an adverse impact on the company.

Limited Change in Control Benefits We do not provide for cash payments to our executives in a change of control and provide acceleration of unvested equity only in the event of (i) involuntary termination of employment and (ii) following a change in control of the company.

Executive Perquisites We do not provide any significant perquisites or other personal benefits to our executive officers; our executive officers participate in our health and welfare benefit programs on the same basis as all of our employees.

Retirement Programs Other than our 401(k) retirement plan generally available to employees, we do not provide defined benefit or contribution retirement plans or arrangements or nonqualified deferred compensation plans or arrangements for our executive officers.

Prohibition on Hedging Under our insider trading policy, our CEO and members of our Board of Directors are prohibited from speculating in our equity securities, including the use of short sales, "sales against the box" or any equivalent transaction involving our equity securities. In addition, they may not engage in any other hedging transactions, such as "cashless" collars, forward sales, equity swaps and other similar or related arrangements, with respect to the securities that they hold. Additionally, under our insider trading policy, no employee, officer or member of our Board of Directors may acquire, sell or trade in any interest or position relating to the future price of our equity securities.

Executive Compensation Philosophy and Objectives

Edgar Filing: PROOFPOINT INC - Form DEF 14A

We operate in a highly competitive business environment, which is characterized by frequent technological advances, rapidly changing market requirements, and the emergence of new market entrants. To successfully grow our business in this dynamic environment, we must continually develop

Table of Contents

and refine our solutions to stay ahead of customer needs and challenges. To achieve these objectives, we need a highly talented and seasoned team of technical, sales, marketing, operations, and other business professionals.

We compete with many other companies in seeking to attract and retain a skilled management team. To meet this challenge, we have embraced a compensation philosophy of offering our executive officers a competitive total compensation program that recognizes and rewards individual performance and contributions to our success, allowing us to attract, retain, and motivate talented executives with the skills and abilities needed to drive our desired business results through short and long-term compensation vehicles.

The specific objectives of our executive compensation program are to:

reward the successful achievement of our financial and strategic objectives;

drive the development of a successful and profitable business;

support the alignment of executive officer and stockholder interests by rewarding the achievement of company goals and the building of stockholder value;

attract, motivate, reward, and retain highly-qualified executives who are important to our success; and

recognize strong performers by offering compensation that rewards individual achievement as well as contributions to our overall success.

Compensation Program Design

Our executive compensation consists of base salary, an annual cash bonus opportunity, and equity compensation in the form of stock options and restricted stock units.

Historically, the key component of our executive compensation program has been equity awards for shares of our common stock. As a privately-held company and as a public company, we have emphasized the use of equity to provide incentives for our executive officers to focus on the growth of our overall enterprise value and, correspondingly, to create value for our stockholders. In 2014, we began to use Restricted Stock Units (RSUs) as a portion of the equity mix for executives. The majority of equity compensation delivered to our executive team has continued to be in the form of stock options, as the Compensation Committee believes these are an important vehicle in aligning compensation to performance. In 2014, we also began the use of Performance Restricted Stock Units for specific members of the executive team, designed to align and incentivize specific target objectives. We believe that stock options and restricted stock units offer our employees, including the Named Executive Officers, a valuable long-term incentive that aligns their interests with the long-term interests of our stockholders. Going forward, we may introduce other forms of stock-based compensation awards, as we deem appropriate, into our executive compensation program to offer our executive officers additional types of long-term equity incentives that further this objective.

In 2014, we evaluated our compensation philosophy and programs and in general we review executive compensation annually. As part of this review process, we considered the levels of compensation that we would be willing to pay to ensure that our compensation remains competitive and that we are meeting our retention objectives, and considered the cost to us if we were required to find a replacement for a key executive or employee.

We also offer cash compensation in the form of base salaries and annual cash bonus opportunities. Typically, we have structured our annual cash bonus and equity bonus opportunities to focus on the achievement of specific short-term financial and strategic objectives that will further our longer-term growth objectives.

Table of Contents

We have used customized industry surveys, including data from the Radford High-Technology Executive Compensation Survey, particularly for public companies with annual revenue of \$50 million to \$300 million, to assist the Compensation Committee in establishing cash compensation levels for our executive officers with an emphasis on technology companies of similar size, stage of development, and growth potential. We also use the peer group as defined and approved annually by the Compensation Committee. Using this information as a guideline, the Compensation Committee has emphasized remaining competitive in our market and differentiating total cash compensation levels through the use of an annual cash bonus plan and sales commissions. Equity compensation has been delivered on a discretionary basis with the goal to retain top talent and align the interests of our executive officers with the long-term interests of our stockholders.

We have not adopted any formal policies or guidelines for allocating compensation between current and long-term compensation, between cash and non-cash compensation, or among different forms of non-cash compensation. Instead, the Compensation Committee reviews each component of executive compensation separately and also takes into consideration the value of each executive officer's compensation package as a whole and its relative size in comparison to our other executive officers.

Compensation-Setting Process

Role of the Compensation Committee

Since 2004, the Compensation Committee has been responsible for evaluating, approving, and reviewing the compensation arrangements, plans, policies, and programs for our executive officers, including the Named Executive Officers (other than our CEO), and overseeing our cash-based and equity-based compensation plans. In 2014, decisions with respect to the cash compensation and equity compensation of our executive officers (other than our CEO) were made by the Compensation Committee. In the case of our CEO's cash compensation and equity compensation awards, decisions have been made by the independent members of our Board of Directors.

At the beginning of each year, the Compensation Committee, after consulting with management, establishes the applicable corporate performance objectives for our company compensation programs and makes decisions with respect to any base salary adjustment, approves certain individual performance objectives and target annual cash bonus opportunities. In 2014, the Compensation Committee itself considered and approved all cash compensation and equity compensation for our executive officers (other than our CEO). Any recommendations for equity awards to our chief executive officer continue to be submitted to the independent members of our Board of Directors for their consideration and approval. After the end of the fiscal year, the Compensation Committee reviews the performance of our executive officers, including the Named Executive Officers, to determine the payouts for the annual cash bonus opportunities for the previous year.

Role of Management

In carrying out its responsibilities, the Compensation Committee works with members of our management, including our CEO. Typically, our management assists the Compensation Committee by providing information on corporate and individual performance, market data, and management's perspective and recommendations on compensation matters. This information has included an analysis of the compensation mix and levels of our executive officers compared to the competitive market (as determined using compensation survey data) prepared by our Human Resources Department or the compensation consultant to the Compensation Committee. The Compensation Committee then uses this information as reference points in its deliberations on specific compensation actions and decisions.

Historically, the initial compensation arrangements with our executive officers, including the Named Executive Officers, have been determined in negotiations with each individual executive. Our

Table of Contents

CEO has been responsible for negotiating these arrangements (except with respect to his own compensation), with the oversight and final approval of the Compensation Committee.

Typically, our CEO will make recommendations to the Compensation Committee regarding compensation matters, including the compensation of our executive officers (except with respect to his own compensation). Historically, these recommendations have been based on a review of competitive market data as prepared by our Human Resources Department or the compensation consultant to the Compensation Committee and our CEO's evaluation of each executive officer's individual performance. He also attends Compensation Committee meetings, except with respect to discussions involving his own compensation. Further, he recuses himself from meetings of our Board of Directors when they engage in deliberations with respect to his cash compensation and equity compensation awards.

While the Compensation Committee solicits and reviews our CEO's recommendations and proposals with respect to compensation-related matters, the Compensation Committee only uses these recommendations and proposals as one factor in making compensation decisions.

Role of Compensation Consultant

The Compensation Committee is authorized to retain the services of one or more executive compensation advisors from time to time, as it sees fit, in connection with carrying out its duties. Pursuant to that authority, the Compensation Committee engaged an independent compensation consultant, Compensia, Inc. ("Compensia"), to evaluate our executive compensation levels and practices and to provide advice and ongoing recommendations on executive compensation matters for 2014. The Compensation Committee retains and does not delegate any of its exclusive power to determine all matters of executive compensation and benefits, although the chief executive officer and the Human Resources Department present compensation and benefit proposals to the Compensation Committee. Compensia representatives meet with our Compensation Committee during certain of its regular meetings, including in executive sessions from time to time without any members of management present. Compensia works directly with our Compensation Committee (and not on behalf of management) to assist our Compensation Committee in satisfying its responsibilities and will undertake no projects for management without our Compensation Committee's approval. Based on the consideration of the various factors as set forth in the rules of the SEC and the listing standards of the NASDAQ Stock Market, the Compensation Committee does not believe that its relationship with Compensia and the work of Compensia on behalf of the Compensation Committee has raised any conflict of interest.

Use of Competitive Data

To assess the competitiveness of our executive compensation program and current compensation levels and to assist it in setting compensation levels, historically the Compensation Committee referred to standard industry surveys, including the custom Radford High-Technology Executive Compensation Survey and relevant peer company data. While the Compensation Committee reviewed this compensation data to inform its decision-making process, it did not set compensation components to meet specific benchmarks. Instead, the Compensation Committee used this data as a point of reference so that it could set total compensation levels that it believed were reasonably competitive. While compensation levels differed among our executive officers based on competitive factors, and the role, responsibilities, and performance of each specific executive officer, there were not material differences in the compensation policies and practices for our executive officers, including the Named Executive Officers.

In August 2013, the Compensation Committee reviewed a peer group of companies it had used and removed certain companies because they had been acquired, they were not a good industry match or because of poor revenue or market performance, and added other companies thought to be a better

Table of Contents

match. This compensation peer group, which consisted of both technology companies that had conducted an initial public offering of their equity securities within the past several years and similarly-sized companies in the same industry sector, was used by the Compensation Committee for reference purposes during its compensation deliberations during 2014.

This peer group was comprised of the following companies:

Actuate	Jive Software, Inc.
Bazaarvoice	LogMeIn, Inc.
Bottomline Technologies	Millennial Media
BroadSoft, Inc.	Qualys
Constant Contact, Inc.	Responsys
Cornerstone OnDemand	The Ultimate Software Group
Demandware	VASCO Data Security
Ellie Mae	
Envestnet	
Gigamon	
Imperva, Inc.	
Infoblox	
IntraLinks Holdings	

In the fall of 2014, using the same criteria as described above but updating the selection criteria for revenue growth and market capitalization to align with Proofpoint's growth and to reflect better fit with Proofpoint's industry, as well as removing any peers due to consolidation, the Compensation Committee, with the assistance of the compensation consultant modified the peer group by removing Actuate, IntraLinks Holdings, Millennial Media, Envestnet and Responsys and then adding Barracuda Networks, FireEye, Marketo, MobileIron, and Zendesk. This peer group was used by the Compensation Committee in connection with its annual review of our executive compensation program in January of 2015.

Executive Compensation Program Components

The following describes each component of our executive compensation program, the rationale for each, and how compensation amounts and awards are determined.

Base Salary

Base salary is the primary fixed component of our executive compensation program. We use base salary to compensate our Named Executive Officers for services rendered during the year, and to ensure that we remain competitive in attracting and retaining executive talent. The Compensation Committee conducts an annual review of each executive officer's base salary and makes adjustments as it determines to be reasonable and necessary to reflect the scope of an executive officer's performance, contributions, responsibilities, experience, prior salary level and position (in the case of a promotion), and market conditions.

In January 2014, the Compensation Committee reviewed the base salaries of our executive officers, including the Named Executive Officers, taking into consideration a compensation analysis performed by Compensia and the base salary recommendations of our CEO (except with respect to his own base salary), as well as the other factors described above. Exercising its judgment and discretion, the Compensation Committee determined to make adjustments to the annual base salaries of certain of our executive officers between 5% and 6% and decided to not adjust the annual base salaries of other executive officers, including the CEO. The Compensation Committee took into account data from the Radford High-Technology Executive Compensation Survey and the data from the peer group companies compiled by Compensia in making these subjective determinations. The Compensation Committee determined that such adjustments were necessary and appropriate to maintain the fixed component of our executive officers' compensation at competitive levels.

Table of Contents

The adjustments to the base salaries of the Named Executive Officers for 2014 were as follows:

Named Executive Officer	2013 Base Salary	Percentage Increase	2014 Base Salary
Mr. Steele	\$ 450,000	0%	\$ 450,000
Mr. Auvil	\$ 340,000	6%	\$ 360,000
Mr. Knight	\$ 275,000	5%	\$ 290,000
Mr. Lee	\$ 250,000	6%	\$ 265,000
Ms. Newell	\$ 400,000	0%	\$ 400,000

These base salary adjustments were effective on February 1, 2014.

The Compensation Committee reviews market and peer data as a framework for determining base salaries. While performance is also a factor for base adjustments, should the market suggest that the current salary is competitive, and positioned appropriately to market, an adjustment may not be made. While performance measures were attained, Mr. Steele and Ms. Newell's base salaries were not adjusted as they are sufficiently positioned in the market range for position scope and performance. However, Mr. Auvil, and Mr. Knight, and Mr. Lee's base salaries adjusted to strengthen alignment with market, maintain a retentive position, and reflect performance and contribution.

The base salaries paid to the Named Executive Officers during 2014 are set forth in the Summary Compensation Table below.

Annual Cash Bonuses

We use cash bonuses to motivate our executive officers, including the Named Executive Officers, to achieve our annual financial and operational objectives, while making progress towards our longer-term growth and other goals. Generally at the beginning of each year, the Compensation Committee adopts an annual bonus targets for our management team and selects one or more corporate financial and operational measures based on our annual operating plan for use in determining the target size of the bonus pool for the year from which bonuses will be paid. In addition, with respect to our executive officers, including the Named Executive Officers, the Compensation Committee also establishes target bonus opportunities for each executive officer and determines the individual performance objectives for variable compensation for certain executive officers.

2014 Executive Bonus Plan

In January 2014, the Compensation Committee approved the targets for our Executive Bonus Plan for purposes of providing bonus opportunities to our management team, including the Named Executive Officers.

Target Bonus Opportunities

Under the Executive Bonus Plan, the target bonus opportunities were designed to reward our executive officers based on our overall company performance and the individual executive officer's contribution to that performance. They are also aligned to market to ensure a competitive and retentive total cash compensation package. As in prior years, the Compensation Committee determined that the target bonus opportunities for each executive officer should be determined as a percentage of such executive officer's base salary. In January 2014, target bonus opportunities were adjusted for the Named Executive Officers, to align to market and peer company target opportunities; to ensure we continued to deliver at market cash compensation. In addition, Ms. Newell is no longer compensated

Table of Contents

pursuant to a sales commission plan and therefore her target bonus opportunity was upwardly adjusted. The target bonus opportunities for the Named Executive Officers were as follows:

Named Executive Officer	2013 Target Bonus Opportunity (as a percentage of base salary)	2014 Bonus Opportunity (as a percentage of base salary)
Mr. Steele	100%	100%
Mr. Auvil	50%	75%
Mr. Knight	50%	50%
Mr. Lee	40%	50%
Ms. Newell	44%	90%

With respect to each of the Named Executive Officers listed above, the amount of the target bonus opportunity was established by the Compensation Committee in consultation with our CEO (except with respect to his own target bonus opportunity) and was based on several factors, including the scope of the Named Executive Officer's performance, contributions, responsibilities, experience, prior years' target bonus opportunities and position (in the case of a promotion), and market conditions. In particular, Paul Auvil's bonus target was established at a higher target so that his total compensation, including bonus, was competitive to similarly situated executives in our peer group. In the case of Tracey Newell's bonus target, the bonus target percentage was raised in part because her compensation mix was adjusted by removing her commission-based compensation, and aligning it to the performance of the overall business establishing a stronger link of compensation to company performance; therefore, the increase in bonus target percentage did not result in an increase to her overall target compensation.

Corporate Performance Measures

Under the Executive Bonus Plan, the Compensation Committee selected revenue and EBITDA, measured quarterly, as the two corporate performance measures that best supported our annual operating plan and enhanced long-term value creation for purposes of funding the bonus pool. For purposes of funding the plan bonus pool on a quarterly basis, achievement of certain quarterly revenue targets would incrementally fund the bonus pool, though the quarterly bonus pool funding would be adjusted based on measurement of the company's planned EBITDA target for such quarter (which measure was modified to exclude commissions). The Compensation Committee believed that the target levels for these two performance measures for 2014 would require a focused effort by management to achieve the performance required to fund the bonus pool at target. Set forth below is a chart that indicates the revenue and EBITDA targets as well as Proofpoint's performance against those targets.

Quarter	Revenue Performance	EBITDA Performance
Q1	\$42.7 million against a target of \$39.5 million	1.4 million against a target of 3.2 million
Q2	\$46.4 million against a target of \$41.6 million	0.1 million against a target of 1.2 million
Q3	\$50.3 million against a target of \$44.7 million	0.3 million against a target of 1.2 million
Q4	\$56.1 million against a target of \$47.6 million	0.4 million against a target of 0.3 million

Individual Performance Measures

To achieve our compensation objective of rewarding individual performance, our CEO developed a series of performance objectives for our executive officers, including the other Named Executive Officers (other than himself), which he deemed to be integral to the achievement of the corporate performance objectives as well as the strengthening of our internal operations. In addition, the

Table of Contents

Compensation Committee determined the individual performance objectives that would be applicable to our CEO.

For purposes of the Executive Bonus Plan, these performance objectives for the Named Executive Officers participating in the Executive Bonus Plan were as follows: for Mr. Steele, his performance objectives related to achieving our externally-communicated revenue and billings, free cash flow, and gross margin targets, staffing recruitment and development, sales team productivity, inorganic growth and geographic revenue mix; for Mr. Auvil, his performance objectives related to the public reporting process and associated statutory filings, investor relations, continued cost reductions, and continued forecasting and reporting process improvements; for Mr. Knight, his performance objectives related to product positioning, sales enablement, service delivery and revenue delivery; and for Mr. Lee, his performance objectives related to product enhancement, revenue delivery, and gross margin and for Ms. Newell, her performance objectives related to sales team productivity, quota-carrying sales capacity and sales leadership recruitment and hiring. Each executive officer's individual contributions towards the achievement of these performance objectives was evaluated and attainment against their performance measures was recommended to the Compensation Committee. In the case of our CEO, the independent members of the Board of Directors evaluated his individual contributions towards the achievement of his performance objectives.

Award Decisions and Analysis

In January 2015, the Compensation Committee evaluated our performance for 2014 and determined the attainment of the target bonus opportunity and resulting target payment to be paid to our executive officers, including the Named Executive Officers, for 2014. In making these awards, the Compensation Committee consulted with our CEO with respect to the Named Executive Officers (except with respect to his own bonus) and evaluated our financial and operational performance and the level of achievement of the corporate performance objectives for the year. The Compensation Committee determined that, with respect to the annual revenue target and target EBITDA performance for 2014, the size of the bonus pool to be used to pay cash bonuses under the Executive Bonus would be 113.763%.

Our CEO evaluated the achievement of each executive officer against his individual performance objectives and formulated a recommendation for each such executive officer's annual bonus for consideration by the Compensation Committee. These recommendations were based on his subjective assessment of each individual's contributions against their personal performance objectives during the year. In the case of our CEO, the independent members of the Board of Directors evaluated his performance against his individual performance objectives and determined the amount of his annual bonus. Mr. Steele was determined to have satisfied his performance objectives at a level of 97%. Mr. Auvil was determined to have satisfied his personal performance objectives at a level of 98%. Ms. Newell was determined to have satisfied her personal performance objectives at a level of 97%. Mr. Knight was determined to have satisfied his personal performance objectives at a level of 94%. Mr. Lee was determined to have satisfied his personal performance objectives at a level of 90%.

Table of Contents

Based on these determinations, the Compensation Committee approved cash bonuses based on pro-rated salaries to account for salary increases for the Named Executive Officers as follows:

	Target Bonus (100%)	Target Bonus (funded at 113.763%)	Individual performance %	2014 Bonus
Gary Steele	450,000.00	\$ 511,933.50	97%	496,575
Paul Auvil	259,300.00	\$ 294,987.46	98%	289,088
David Knight	145,000.00	\$ 164,956.35	94%	155,059
Robert Darren Lee	128,575.00	\$ 146,270.78	90%	131,644
Tracey Newell	356,400.00	\$ 405,451.33	97%	393,288(1)

(1)

Ms. Newell's actual awarded bonus was reduced to \$380,390 as an offset to commissions she was paid in 2014 as part of the transition away from commission based compensation for Ms. Newell.

Equity Compensation

We use equity awards to incent and reward our executives officers, including the Named Executive Officers, for long-term corporate performance based on the value of our common stock and, thereby, to align the interests of our executive officers with those of our stockholders. These equity awards have been granted in the form of stock options to purchase shares of our common stock and in the form of restricted stock units. We believe that an appropriate mix of stock options, when granted with exercise prices equal to the fair market value of our common stock on the date of grant, and restricted stock units allow us to compete effectively in the current market and provide an appropriate long-term incentive for our executive officers, since the stock options reward them only to the extent that our stock price grows and stockholders realize value following their grant date and the restricted stock units provide long-term retentive value.

2014 Awards

Prior to 2014, we typically granted stock options to our Named Executive Officers, as part of the Compensation Committee's annual review of executive compensation. As of 2014, we began to primarily grant RSUs. Also, in 2014 the Compensation Committee began to make additional performance-based RSU awards to certain individuals, with the vesting of a portion of these awards granted contingent not only on continued service but also on achievement of performance milestones. The 2014 performance RSUs had vesting contingent on new annual recurring revenue achievement by product line related to particular executives. While we exceeded our overall annual revenue targets, the new annual recurring revenue stretch milestones in these performance RSUs granted in 2014 were not achieved. As a result no performance RSUs were earned by our named executive officers.

To date, the Compensation Committee has not applied a rigid formula in determining the size of these equity awards. Instead, the Compensation Committee considers and approves an equity award for each executive officer after taking into consideration a compensation analysis performed by our Human Resources Department and/or the Compensation Committee's compensation consultant, the equity award recommendations of our CEO (except with respect to his own award), the scope of an executive officer's performance, contributions, responsibilities and experience, and the amount of equity compensation held by the executive officer (including the current economic value of his or her unvested equity and the ability of these unvested holdings to satisfy our retention objectives, market conditions, and internal equity). In making its award decisions, our Compensation Committee exercises its judgment and discretion to set the size of each award and the conditions surrounding the vesting of such award at a level it considers appropriate to create a meaningful opportunity for reward predicated on the creation of long-term stockholder value.

2015 Awards

On January 28, 2015, the Compensation Committee authorized the Company to process, as part of its normal monthly grant process, the grant of stock option awards and restricted stock unit awards (consisting of both a mix of awards that vest over time and awards which only vest upon satisfaction of certain performance criteria relating to revenue growth and profitability over multiple quarters) for certain of our executive officers, including the Named Executive Officers, in light of the contributions listed above, including each executive officer's individual performance for 2014, and an overall assessment of our financial performance in areas such as revenue, bookings, gross margin and cash flow. In addition, on April 16, 2015, the Compensation Committee approved an additional grant of RSUs to David Knight. On January 28, 2015, the independent members of our Board of Directors approved our CEO's cash compensation and authorized the Company to process, as part of its normal monthly grant process, the grant of equity compensation awards for our CEO.

The size of these grants was determined by the Compensation Committee (or independent Board members in the case of the CEO) based on its evaluation of a compensation analysis prepared by Compensia, its subjective assessment of the performance of each of our executive officers, and its motivation and retention objectives for each of our executive officers and relevant peer company and market data. Initially, the Compensation Committee reviewed the analysis prepared by Compensia, which was based on its evaluation of the recent equity decisions of the companies in the compensation peer group described above, as well as the practices of similarly-sized companies as reflected in the custom Radford High-Technology Executive Compensation Survey. This information was used by the Compensation Committee to assess current market practices for equity awards to executives and to evaluate how the contemplated awards would influence the total direct compensation of the executive officers. More specifically, the company reviews equity grant sizes from two perspectives; grant-date fair value and grant-date value as a percentage of market capitalization. We believe this approach allows for a more stable methodology on a year-over-year basis and ensures a more qualitative method to evaluate market values for equity and helps ensure Proofpoint is granting equity in amounts that is market balanced and in line with our overall compensation philosophy.

The Compensation Committee then exercised its subjective judgment to set the value of the equity awards for each executive officer, taking into consideration its assessment of each individual's performance (based largely on the recommendations of our CEO), the current equity holdings of each executive officer (with an emphasis on the remaining vesting requirements of any unvested holdings), the relative roles and responsibilities of each executive officer, and its desire to maintain parity in the awards granted to executive officers performing substantially similar responsibilities. In particular, in the case of the award for Mr. Auvil, the Compensation Committee considered his performance of his responsibilities as our principal financial executive with respect to his performance of this role in 2014, overall company financial performance in 2014, and his current total and future equity position. The Compensation Committee also noted that a new award would provide him with additional incentive to remain with the company for the next several years as we aim to expand our business as a public company. In the case of Ms. Newell, the Compensation Committee considered her performance of her responsibilities as our principal sales executive and with respect to her performance of this role in 2013, overall sales performance and productivity, company growth in 2013 and her current total and future equity position. Furthermore the Compensation Committee addressed the need to be competitive in the current market, and its expectations with respect to her performance of this role in 2015 and for the next several years as we aim to expand our business as a public company.

In the case of the award for Mr. Steele, the independent members of the Board of Directors considered his performance in all prior years and specifically in 2014. They considered the performance and growth of the business in 2014 and his efforts to develop our senior management team. The independent members of the Board of Directors also noted that, as the chief executive officer of a public company with a recent history of steady revenue growth and strong overall performance, his ability in moving us toward profitability, and his proven leadership in a growing industry sector, a meaningful equity award was appropriate to set his overall total direct compensation opportunity at a level commensurate with the chief executive officers of the companies in the compensation peer group.

Table of Contents

The stock options for the Named Executive Officers were granted with an exercise price equal to \$56.92 per share, the fair market value of our common stock as determined by the closing price on that date. The stock option, restricted stock unit award grants and performance restricted stock unit award grants made to the Named Executive Officers were as follows:

Named Executive Officer	Number of Shares Underlying Stock Option Grant(s) and Restricted Stock Unit Award(s) (regular and performance)
Mr. Steele	100,000 Options, 43,000 RSUs and 58,000 performance RSUs
Mr. Auvil	32,000 Options, 17,000 RSUs and 22,000 performance RSUs
Mr. Knight	13,000 Options, 14,000 RSUs and 10,000 performance RSUs
Mr. Lee	6,000 Options, 3,000 RSUs and 10,000 performance RSUs
Ms. Newell	21,000 Options, 11,000 RSUs and 14,000 performance RSUs

Welfare and Other Benefits

We have established a tax-qualified Section 401(k) retirement plan for all employees who satisfy certain eligibility requirements, including requirements relating to age and length of service. We currently do not match any contributions made to the plan by our employees, including executive officers. We intend for the plan to qualify under Section 401(a) of the Internal Revenue Code so that eligible contributions by employees to the plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the plan.

In addition, we provide other benefits to our executive officers, including the Named Executive Officers, on the same basis as all of our full-time employees in the country in which they are resident. These benefits include medical, dental, and vision benefits, medical and dependent care flexible spending accounts, short-term and long-term disability insurance, accidental death and dismemberment insurance, and basic life insurance coverage.

We design our employee benefits programs to be affordable and competitive in relation to the market, as well as compliant with applicable laws and practices. We adjust our employee benefits programs as needed based upon regular monitoring of applicable laws and practices and the competitive market.

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide perquisites to our executive officers, except in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment and retention purposes. During 2014, none of the Named Executive Officers received perquisites or other personal benefits that were, in the aggregate, \$10,000 or more for each Named Executive Officer.

In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment, motivation, or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the Compensation Committee or the independent members of the Board of Directors, as applicable.

Employment Agreements

We have entered into employment agreements with each of our executive officers, except as described below, which are comprised of an offer letter, an inventions assignment and confidentiality agreement, and an Arbitration Agreement. Our employment agreement with Mr. Steele is comprised solely of an offer letter and the Employee Confidentiality Agreement. Each of these arrangements was

Table of Contents

approved on our behalf by our Board of Directors or, in certain instances, the Compensation Committee. We believe that these employment offer letters were necessary to induce these individuals to forego other employment opportunities or leave their current employer for the uncertainty of a demanding position in a new and unfamiliar organization.

In filling these executive positions, our Board of Directors and the Compensation Committee, as applicable, was aware that it would be necessary to recruit candidates with the requisite experience and skills to manage a growing business in a unique market niche. Accordingly, it recognized that it would need to develop competitive compensation packages to attract qualified candidates in a dynamic labor market. At the same time, our Board of Directors and the Compensation Committee was sensitive to the need to integrate new executive officers into the executive compensation structure that it was seeking to develop, balancing both competitive and internal equity considerations.

Each of these employment offer letters provided for "at will" employment and sets forth the initial compensation arrangements for the executive officer, including an initial base salary, an annual cash bonus opportunity and/or a commissions plan, and an equity award in the form of a stock option to purchase shares of our common stock. The actual compensation of the executive officers may no longer be accurately reflected in the letters. Except for Ms. Newell, who has a severance arrangement (described below), these letters do not provide for any arrangements for payments or benefits upon termination of their employment in specified circumstances, including following a change in control (except the programmatic benefits inherent in any stock option award for the executives). These arrangements (including potential payments and terms) are discussed in more detail in the " Potential Payments upon Termination or Change in Control" section below.

Outstanding Stock Options and Restricted Stock Units

For executive officers who have worked for our company one year or more prior to involuntary termination, in the event that the employment of the executive officer is involuntarily terminated within 18 months following a change in control of our company, the unvested shares of our common stock subject to all of the outstanding stock options or restricted stock units previously granted to such executive officer will become immediately vested and exercisable in full, as described in " Potential Payments Upon Termination or Change in Control." For executive officers who have worked for our company less than one year prior to involuntary termination, in the event that the employment of the executive officer is involuntarily terminated within 18 months following a change in control of our company, the shares of our common stock subject to the outstanding stock options or restricted stock units that are scheduled to be vested through the twelve (12) month anniversary of the change of control event will become immediately vested and exercisable in full, as described in " Potential Payments Upon Termination or Change in Control."

Objectives of Protections

We believe that these protections assisted us in attracting these individuals to join our company. We also believe that these protections serve our executive retention objectives by helping the Named Executive Officers maintain continued focus and dedication to their responsibilities to maximize stockholder value, including in the event that there is a potential transaction that could involve a change in control of our company. The terms of these agreements were determined after review by our Board of Directors or the Compensation Committee, as applicable, of our retention goals for each executive officer and an analysis of relevant market data.

For a summary of the material terms and conditions of these severance and change in control arrangements, see "Potential Payments Upon Termination or Change in Control" below.

Other Compensation Policies

Stock Ownership Guidelines

Currently, we have not implemented a policy regarding minimum stock ownership requirements for our executive officers, including the Named Executive Officers.

Compensation Recovery Policy

Currently, we have not implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to our executive officers and other employees where the payments were predicated upon the achievement of financial results that were subsequently the subject of a financial restatement. We intend to adopt a general compensation recovery (clawback) policy covering our annual and long-term incentive award plans and arrangements after the SEC adopts final rules implementing the requirement of Section 954 of the Dodd-Frank Act.

Derivatives Trading and Hedging Policy

Our Insider Trading Policy, adopted in April 2012 concurrently with our initial public offering, and amended in March 2013 and October 2013, prohibits the trading of derivatives or the hedging of our equity securities by our employees, including the Named Executive Officers, and directors.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code generally disallows public companies a tax deduction for federal income tax purposes of remuneration in excess of \$1.0 million paid to the chief executive officer and each of the three other most highly-compensated executive officers (other than the chief financial officer) in any taxable year. Generally, remuneration in excess of \$1.0 million may only be deducted if it is "performance-based compensation" within the meaning of the Code. In this regard, the compensation income realized upon the exercise of stock options granted under a stockholder-approved stock option plan generally will be deductible so long as the options are granted by a committee whose members are non-employee directors and certain other conditions are satisfied.

Where reasonably practicable, the Compensation Committee seeks to qualify the variable compensation paid to our executive officers for the "performance-based compensation" exemption from the deductibility limit. As such, in approving the amount and form of compensation for our executive officers in the future, we will consider all elements of the cost to our company of providing such compensation, including the potential impact of Section 162(m). In the future, the Compensation Committee may, in its judgment, authorize compensation payments that do not comply with an exemption from the deductibility limit when it believes that such payments are appropriate to attract and retain executive talent.

Taxation of "Parachute" Payments

Sections 280G and 4999 of the Internal Revenue Code provide that executive officers and directors who hold significant equity interests and certain other service providers may be subject to significant additional taxes if they receive payments or benefits in connection with a change in control of our company that exceeds certain prescribed limits, and that our company (or a successor) may forfeit a deduction on the amounts subject to this additional tax. We did not provide any executive officer, including any Named Executive Officer, with a "gross-up" or other reimbursement payment for any tax liability that the executive officer might owe as a result of the application of Sections 280G or 4999 during 2014, and we have not agreed and are not otherwise obligated to provide any executive officer with such a "gross-up" or other reimbursement.

Table of Contents*Accounting for Stock-Based Compensation*

We follow ASC 718 for our stock-based compensation awards. ASC 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options, based on the grant date "fair value" of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers may never realize any value from their awards. ASC 718 also requires companies to recognize the compensation cost of their stock-based compensation awards in their income statements over the period that an executive officer is required to render service in exchange for the option or other award.

Risk Assessment of Compensation Programs

We have determined that our compensation policies, plans and practices are appropriately balanced and do not create risks that are reasonably likely to have a material adverse effect on our company. To make this determination, our management reviewed the compensation policies, plans and practices for our executive officers, as well as for all other employees. We assessed the following features of our compensation, plans and practices: design, payment methodology, potential payment volatility, relationship to our financial results, length of performance period, risk-mitigating features, performance measures and goals, oversight and controls, and plan features and values compared to market practices. Based on this review, we believe that our compensation policies, plans and practices do not create risks that are reasonably likely to have a material adverse effect on our company.

Fiscal 2014 Options Exercised and Stock Vested

The following table provides information regarding stock option exercises by our Named Executive Officers as of December 31, 2014, and the number of shares of restricted stock units held by each Named Executive Officer that vested during the 2014 fiscal year. Value realized on option exercise is calculated by subtracting the aggregate exercise price of the options exercised from the aggregate market value of the shares of common stock acquired on the date of exercise. Value realized on vesting of restricted stock unit awards is based on the fair market value of our common stock on the vesting

Tracey Newell. Ms. Newell's offer letter provide that if within 12 months following a change of control of Proofpoint we terminate her employment without cause or if Ms. Newell terminates her employment for good reason (including an adverse change in title, responsibility or authority, a relocation of employment location more than 50 miles from our current headquarters or a material reduction in base salary, provided that, Ms. Newell gives 90 days written notice of such occurrence and the Company has 30 days opportunity to cure), Ms. Newell will receive severance equal to 6 months of salary plus an amount equal to 6 months of Cobra premiums and all then-unvested shares of equity (options, RSUs and performance-based RSUs) granted to Ms. Newell will fully vest on her termination date.

We have also agreed that in the event we terminate Ms. Newell's employment without cause, or if Ms. Newell terminates her employment for good reason, Ms. Newell will receive 6 months' salary and equal to 6 months of Cobra premiums. Our obligation to make any severance payments is expressly conditioned upon Ms. Newell's execution and delivery of a general release and waiver of all claims.

In the event that a portion of the severance and other benefits provided to Ms. Newell under the offer letter or any other agreement, benefit, plan or policy of Proofpoint are subject to a specified federal excise tax in connection with a change of control, such severance and other benefits will be reduced on a pre-tax basis if such reduction would provide Ms. Newell with a greater amount of severance and other benefits on an after-tax basis.

For purposes of Ms. Newell's employment offer letter, a change of control includes (1) an acquisition of 50% or more of our outstanding voting stock by any person or entity; (2) a merger or consolidation of Proofpoint after which our then-current stockholders own less than a majority of the voting power of the surviving entity; (3) a sale of all or substantially all of our assets; or (4) a liquidation or dissolution of Proofpoint.

RELATED PARTY TRANSACTIONS

Other than compensation arrangements, including employment, termination of employment and change of control arrangements and indemnification arrangements, discussed above in the section entitled "Executive Compensation," there are no transactions since January 1, 2014 or currently proposed transactions in which:

we have been or are to be a participant;

the amount involved exceeded or exceeds \$120,000; and

any of our directors, executive officers or holders of more than 5% of our capital stock, or any immediate family member of or person sharing the household with any of these individuals, had or will have a direct or indirect material interest.

Review, Approval or Ratification of Transactions with Related Parties

Our board of directors has adopted a written related person transactions policy, which will become upon the closing of this offering. Under this policy, the audit committee reviews transactions that may be "related-person transactions," which are transactions between us and related persons in which the aggregate amount involved exceeds or may be expected to exceed \$120,000 and in which a related person has or will have a direct or indirect material interest. For purposes of the policy, a related person is a director, executive officer, nominee for director, or greater than 5% beneficial owner of our common stock, in each case since the beginning of the most recently completed fiscal year, and their immediate family members.

This policy provides that, barring special facts or circumstances, a related person does not have a direct or indirect material interest in the following categories of transactions:

employment-related compensation to executive officers that is approved by the compensation committee;

compensation to non-employee directors that is approved by our board of directors and is required to be reported in our proxy statement;

transactions with another company at which:

the related person's only relationship is as a beneficial owner of less than 10% of that company's shares or as a limited partner holding interests of less than 10% in that partnership;

the related person is a director (and his or her interest in the transaction arises solely from his or her position as a director of that company);

charitable contributions, grants or endowments by us to a charitable organization, foundation or university at which the related person's only relationship is as an employee (or at which the related person is a trustee, director or executive officer if the aggregate amount involved in our fiscal year does not exceed \$300,000), or any non-discretionary matching contribution, grant or endowment made pursuant to a matching gift program;

transactions where the related person's interest arises solely from the ownership of publicly traded securities issued by us and all holders of those securities receive proportional benefits;

ordinary course business travel and expenses, advances and reimbursements; and

payments made pursuant to (i) directors and officers insurance policies, (ii) our certificate of incorporation or bylaws, and/or (iii) any policy, agreement or instrument previously approved by our board of directors, such as indemnification agreements.

Table of Contents

When transactions involving related persons do not fall into one of the above categories, they will be reviewed by our disclosure committee. The disclosure committee determines whether a related person could have a significant interest in such a transaction, and any such transaction is referred to the audit committee. Transactions may also be identified through our code of business conduct and ethics or other policies and procedures and reported to the audit committee. The audit committee will review the material facts of all related person transactions and either approve, disapprove, ratify, rescind, or take other appropriate action (in its discretion) with respect to the transaction.

The Audit Committee has reviewed and discussed with Proofpoint's management and PricewaterhouseCoopers, LLP the audited consolidated financial statements of Proofpoint for the year ended December 31, 2014. The Audit Committee has also discussed with PricewaterhouseCoopers, LLP the matters required to be discussed by SAS No. 61, as amended (AICPA, Professional Standards, Vol. 1. "Householding" Stockholders Sharing the Same Last Name and Address

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called "householding." Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our annual report and proxy materials, including the Notice of Internet Availability, unless the affected stockholder has provided contrary instructions. This procedure reduces printing costs and postage fees, and helps protect the environment as well.

This year, a number of brokers with account holders who are Proofpoint stockholders will be "householding" our annual report and proxy materials, including the Notice of Internet Availability. A single Notice of Internet Availability and, if applicable, a single set of annual report and other proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. Stockholders may revoke their consent at any time by contacting Broadridge, either by calling toll-free (800) 542-1061, or by writing to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York, 11717.

Upon written or oral request, Proofpoint will promptly deliver a proxy statement, proxy card, annual report and other proxy materials to any stockholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the proxy statement, proxy card, annual report and other proxy materials, you may write Proofpoint's Investor Relations department at 892 Ross Drive, Sunnyvale, California 94089, Attn: Investor Relations, or at <http://investors.proofpoint.com/contactus.cfm>.

Any stockholders who share the same address and currently receive multiple copies of Proofpoint's Notice of Internet Availability or annual report and other proxy materials who wish to receive only one copy in the future can contact their bank, broker or other holder of record to request information about householding or Proofpoint's Investor Relations department at the address or telephone number listed above.

OTHER MATTERS

The board of directors does not presently intend to bring any other business before the meeting and, so far as is known to the board of directors, no matters are to be brought before the meeting except as specified in the notice of the meeting. As to any business that may arise and properly come before the meeting, however, it is intended that proxies, in the form enclosed, will be voted in respect thereof in accordance with the judgment of the persons voting such proxies.

PROOFPOINT, INC.

2012 EQUITY INCENTIVE PLAN

As adopted March 30, 2012 (share numbers adjusted for reverse stock split effected April 2, 2012) and Amended Effective June 8, 2015

1. PURPOSE. The purpose of this Plan is to provide incentives to attract, retain and motivate eligible persons whose present and potential contributions are important to the success of the Company, and any Parents and Subsidiaries that exist now or in the future, by offering them an opportunity to participate in the Company's future performance through the grant of Awards. Capitalized terms not defined elsewhere in the text are defined in Section 27.

2. SHARES SUBJECT TO THE PLAN.

2.1 *Number of Shares Available.* Subject to Sections 2.6 and 21 and any other applicable provisions hereof, the total number of Shares reserved and available for grant and issuance pursuant to this Plan as of the date of adoption of the Plan by the Board, is 4,096,280 Shares¹ plus (i) any reserved shares not issued or subject to outstanding grants under the Company's 2002 Stock Option/Stock Issuance Plan (the "**Prior Plan**") on the Effective Date (as defined below), (ii) shares that are subject to stock options granted under the Prior Plan that cease to be subject to such stock options after the Effective Date, (iii) shares issued under the Prior Plan before or after the Effective Date pursuant to the exercise of stock options that are, after the Effective Date, forfeited and (iv) shares issued under the Prior Plan that are repurchased by the Company at or below the original issue price.

2.2 *Lapsed, Returned Awards.* Shares subject to Awards, and Shares issued under the Plan or the Prior Plan under any Award, will again be available for grant and issuance in connection with subsequent Awards under this Plan to the extent such Shares: (a) are subject to issuance upon exercise of an Option or SAR granted under this Plan or the Prior Plan but which cease to be subject to the Option or SAR for any reason other than exercise of the Option or SAR; (b) are subject to Awards granted under this Plan or the Prior Plan that are forfeited or are repurchased by the Company at the original issue price; (c) are subject to Awards granted under this Plan or the Prior Plan that otherwise terminate without such Shares being issued; or (d) are surrendered pursuant to an Exchange Program. To the extent an Award under the Plan is paid out in cash rather than Shares, such cash payment will not result in reducing the number of Shares available for issuance under the Plan. Shares used to pay the exercise price of an Award or to satisfy the tax withholding obligations related to an Award will become available for future grant or sale under the Plan. For the avoidance of doubt, Shares that otherwise become available for grant and issuance because of the provisions of this Section 2.2 shall not include Shares subject to Awards that initially became available because of the substitution clause in Section 21.2 hereof.

2.3 *Minimum Share Reserve.* At all times the Company shall reserve and keep available a sufficient number of Shares as shall be required to satisfy the requirements of all outstanding Awards granted under this Plan.

¹ Does not reflect prior increases pursuant to Section 2.4.

Edgar Filing: PROOFPOINT INC - Form DEF 14A

2.4 *Automatic Share Reserve Increase.* The number of Shares available for grant and issuance under the Plan shall be increased on January 1, of each of 2016 through 2022, by the lesser of (i) four percent (4%) of the number of Shares issued and outstanding on each December 31 immediately prior to the date of increase not to exceed 3,723,891 or (ii) such number of Shares determined by the Board.²

2.5 *Limitations.* No more than 25,000,000 (twenty-five million) Shares shall be issued pursuant to the exercise of ISOs.

2.6 *Adjustment of Shares.* If the number of outstanding Shares is changed by a stock dividend, recapitalization, stock split, reverse stock split, subdivision, combination, reclassification or similar change in the capital structure of the Company, without consideration, then (a) the number of Shares reserved for issuance and future grant under the Plan set forth in Section 2.1, (b) the Exercise Prices of and number of Shares subject to outstanding Options and SARs, (c) the number of Shares subject to other outstanding Awards, (d) the maximum number of shares that may be issued as ISOs set forth in Section 2.5, and (e) the maximum number of Shares that may be issued to an individual or to a new Employee in any one calendar year set forth in Section 3, shall be proportionately adjusted, subject to any required action by the Board or the stockholders of the Company and in compliance with applicable securities laws; provided that fractions of a Share will not be issued.

3. **ELIGIBILITY.** ISOs may be granted only to Employees. All other Awards may be granted to Employees, Consultants, Directors and Non-Employee Directors of the Company or any Parent or Subsidiary of the Company; *provided* such Consultants, Directors and Non-Employee Directors render bona fide Services not in connection with the offer and sale of securities in a capital-raising transaction. No Participant will be eligible to receive more than 875,000 (eight hundred seventy-five thousand) Shares in any calendar year under this Plan pursuant to the grant of Awards except that new Employees of the Company or of a Parent or Subsidiary of the Company (including new Employees who are also officers and directors of the Company or any Parent or Subsidiary of the Company) are eligible to receive up to a maximum of 1,750,000 (one million seven hundred and fifty thousand) Shares in the calendar year in which they commence their employment.

4. ADMINISTRATION.

4.1 *Committee Composition; Authority.* This Plan will be administered by the Committee or by the Board acting as the Committee. Subject to the general purposes, terms and conditions of this Plan, and to the direction of the Board, the Committee will have full power to implement and carry out this Plan, except, however, the Board shall establish the terms for the grant of an Award to Non-Employee Directors. The Committee will have the authority to:

- (a) construe and interpret this Plan, any Award Agreement and any other agreement or document executed pursuant to this Plan;
- (b) prescribe, amend and rescind rules and regulations relating to this Plan or any Award;
- (c) select persons to receive Awards;
- (d) determine the form and terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the time or times when Awards may vest and be exercised (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions,

²

Prior to amendment effective June 8, 2015, Section 2.4 authorized an increase of 5% of the number of Shares issued and outstanding on each December 31 from 2013 through 2016.

Edgar Filing: PROOFPOINT INC - Form DEF 14A

and any restriction or limitation regarding any Award or the Shares relating thereto, based in each case on such factors as the Committee will determine;

- (e) determine the number of Shares subject to an Award or other consideration subject to Awards;
- (f) determine the Fair Market Value in good faith, if necessary;
- (g) grant waivers of Plan or Award conditions;
- (h) correct any defect, supply any omission or reconcile any inconsistency in this Plan, any Award or any Award Agreement;
- (i) determine whether an Award has been earned;
- (j) determine the terms and conditions of any, and to institute any, Exchange Program;
- (k) reduce or waive any criteria with respect to Performance Factors;
- (l) adjust Performance Factors to take into account changes in law and accounting or tax rules as the Committee deems necessary or appropriate to reflect the impact of extraordinary or unusual items, events or circumstances to avoid windfalls or hardships provided that such adjustments are consistent with the regulations promulgated under Section 162(m) of the Code with respect to persons whose compensation is subject to Section 162(m) of the Code; and
- (m) make all other determinations necessary or advisable for the administration of this Plan.

4.2 Committee Interpretation and Discretion. Any determination made by the Committee with respect to any Award shall be made in its sole discretion at the time of grant of the Award or, unless in contravention of any express term of the Plan or Award, at any later time, and such determination shall be final and binding on the Company and all persons having an interest in any Award under the Plan. Any dispute regarding the interpretation of the Plan or any Award Agreement shall be submitted by the Participant or Company to the Committee for review. The resolution of such a dispute by the Committee shall be final and binding on the Company and the Participant. The Committee may delegate to one or more executive officers the authority to review and resolve disputes with respect to Awards held by Participants who are not Insiders, and such resolution shall be final and binding on the Company and the Participant.

4.3 Section 162(m) of the Code and Section 16 of the Exchange Act. When necessary or desirable for an Award to qualify as "performance-based compensation" under Section 162(m) of the Code the Committee shall include at least two persons who are "outside directors" (as defined under Section 162(m) of the Code) and at least two (or a majority if more than two then serve on the Committee) such "outside directors" shall approve the grant of such Award and timely determine (as applicable) the Performance Period and any Performance Factors upon which vesting or settlement of any portion of such Award is to be subject. When required by Section 162(m) of the Code, prior to settlement of any such Award at least two (or a majority if more than two then serve on the Committee) such "outside directors" then serving on the Committee shall determine and certify in writing the extent to which such Performance Factors have been timely achieved and the extent to which the Shares subject to such Award have thereby been earned. Awards granted to Participants who are subject to Section 16 of the Exchange Act must be approved by two or more "non-employee directors" (as defined in the regulations promulgated under Section 16 of the Exchange Act). With respect to Participants whose compensation is subject to Section 162(m) of the Code, and provided that such adjustments are consistent with the regulations promulgated under Section 162(m) of the Code, the Committee may adjust the performance goals to account

for changes in law and accounting and to make such adjustments as the Committee deems necessary or appropriate to reflect the impact of extraordinary or unusual items, events or circumstances to avoid windfalls or hardships, including without limitation (i) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (ii) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management, or (iii) a change in accounting standards required by generally accepted accounting principles.

4.4 *Documentation.* The Award Agreement for a given Award, the Plan and any other documents may be delivered to, and accepted by, a Participant or any other person in any manner (including electronic distribution or posting) that meets applicable legal requirements.

4.5 *Foreign Award Recipients.* Notwithstanding any provision of the Plan to the contrary, in order to comply with the laws in other countries in which the Company and its Subsidiaries operate or have employees or other individuals eligible for Awards, the Committee, in its sole discretion, shall have the power and authority to: (i) determine which Subsidiaries shall be covered by the Plan; (ii) determine which individuals outside the United States are eligible to participate in the Plan; (iii) modify the terms and conditions of any Award granted to individuals outside the United States to comply with applicable foreign laws; (iv) establish subplans and modify exercise procedures and other terms and procedures, to the extent the Committee determines such actions to be necessary or advisable (and such subplans and/or modifications shall be attached to this Plan as appendices); provided, however, that no such subplans and/or modifications shall increase the share limitations contained in Section 2.1 hereof; and (v) take any action, before or after an Award is made, that the Committee determines to be necessary or advisable to obtain approval or comply with any local governmental regulatory exemptions or approvals. Notwithstanding the foregoing, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate the Exchange Act or any other applicable United States securities law, the Code, or any other applicable United States governing statute or law.

5. **OPTIONS.** The Committee may grant Options to eligible Employees, Consultants, Directors of the Company or any Parent or Subsidiary of the Company and will determine whether such Options will be Incentive Stock Options within the meaning of the Code ("*ISOs*") or Nonqualified Stock Options ("*NSOs*"), the number of Shares subject to the Option, the Exercise Price of the Option, the period during which the Option may vest and be exercised, and all other terms and conditions of the Option, subject to the following:

5.1 *Option Grant.* Each Option granted under this Plan will identify the Option as an ISO or an NSO. An Option may be, but need not be, awarded upon satisfaction of such Performance Factors during any Performance Period as are set out in advance in the Participant's individual Award Agreement. If the Option is being earned upon the satisfaction of Performance Factors, then the Committee will: (x) determine the nature, length and starting date of any Performance Period for each Option; and (y) select from among the Performance Factors to be used to measure the performance, if any. Performance Periods may overlap and Participants may participate simultaneously with respect to Options that are subject to different performance goals and other criteria.

5.2 *Date of Grant.* The date of grant of an Option will be the date on which the Committee makes the determination to grant such Option, or a specified future date. The Award Agreement and a copy of this Plan will be delivered to the Participant within a reasonable time after the granting of the Option.

5.3 *Exercise Period.* Options may be vested and exercisable within the times or upon the conditions as set forth in the Award Agreement governing such Option; *provided, however*, that no Option will be exercisable after the expiration of ten (10) years from the date the Option is

granted; and *provided further* that no ISO granted to a person who, at the time the ISO is granted, directly or by attribution owns more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or of any Parent or Subsidiary of the Company ("**Ten Percent Stockholder**") will be exercisable after the expiration of five (5) years from the date the ISO is granted. The Committee also may provide for Options to become exercisable at one time or from time to time, periodically or otherwise, in such number of Shares or percentage of Shares as the Committee determines.

5.4 *Exercise Price.* The Exercise Price of an Option will be determined by the Committee when the Option is granted; provided that: (i) the Exercise Price of an ISO will be not less than one hundred percent (100%) of the Fair Market Value of the Shares on the date of grant and (ii) the Exercise Price of any ISO granted to a Ten Percent Stockholder will not be less than one hundred ten percent (110%) of the Fair Market Value of the Shares on the date of grant. Payment for the Shares purchased must be made in accordance with Section 11 and the Award Agreement and in accordance with any procedures established by the Company. The Exercise Price of a NSO may not be less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

5.5 *Method of Exercise.* Any Option granted hereunder will be vested and exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Committee and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share. An Option will be deemed exercised when the Company receives: (i) notice of exercise (in such form as the Committee may specify from time to time) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised (together with applicable withholding taxes). Full payment may consist of any consideration and method of payment authorized by the Committee and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the Shares, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 2.6 of the Plan. Exercising an Option in any manner will decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

5.6 *Termination of Service.* The exercise of an Option will be subject to the following (except as may be otherwise provided in an Award Agreement):

(a) If the Participant's Service terminates for any reason except for Cause or the Participant's death or Disability, then the Participant may exercise such Participant's Options only to the extent that such Options would have been exercisable by the Participant on the date Participant's Service terminates no later than three (3) months after the date Participant's Service terminates (or such shorter or longer time period as may be determined by the Committee, with any exercise beyond three (3) months after the date Participant's Service terminates deemed to be the exercise of an NSO), but in any event no later than the expiration date of the Options.

(b) If the Participant's Service terminates because of the Participant's death (or the Participant dies within three (3) months after Participant's Service terminates other than for Cause or because of the Participant's Disability), then the Participant's Options may be exercised only to the extent that such Options would have been exercisable by the Participant

on the date Participant's Service terminates and must be exercised by the Participant's legal representative, or authorized assignee, no later than twelve (12) months after the date Participant's Service terminates (or such shorter time period not less than six (6) months or longer time period as may be determined by the Committee), but in any event no later than the expiration date of the Options.

(c) If the Participant's Service terminates because of the Participant's Disability, then the Participant's Options may be exercised only to the extent that such Options would have been exercisable by the Participant on the date Participant's Service terminates and must be exercised by the Participant (or the Participant's legal representative or authorized assignee) no later than twelve (12) months after the date Participant's Service terminates (with any exercise beyond (a) three (3) months after the date Participant's Service terminates when the termination of Service is for a Disability that *is not* a "permanent and total disability" as defined in Section 22(e)(3) of the Code, or (b) twelve (12) months after the date Participant's Service terminates when the termination of Service is for a Disability that *is* a "permanent and total disability" as defined in Section 22(e)(3) of the Code, deemed to be exercise of an NSO), but in any event no later than the expiration date of the Options.

(d) Unless determined otherwise by the Committee or as may otherwise be set forth in a Participant's Award Agreement, if the Participant's Service terminates for Cause, then Participant's Options (whether vested or unvested) shall expire on the date Participant's Service terminates for Cause, or at such later time and on such conditions as are determined by the Committee, but in any no event later than the expiration date of the Options. Unless otherwise provided in the Award Agreement, Cause will have the meaning as set forth in the Plan.

5.7 Limitations on Exercise. The Committee may specify a minimum number of Shares that may be purchased on any exercise of an Option, provided that such minimum number will not prevent any Participant from exercising the Option for the full number of Shares for which it is then exercisable.

5.8 Limitations on ISOs. With respect to Awards granted as ISOs, to the extent that the aggregate Fair Market Value of the Shares with respect to which such ISOs are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds one hundred thousand dollars (\$100,000), such Options will be treated as NSOs. For purposes of this Section 5.8, ISOs will be taken into account in the order in which they were granted. The Fair Market Value of the Shares will be determined as of the time the Option with respect to such Shares is granted. In the event that the Code or the regulations promulgated thereunder are amended after the Effective Date to provide for a different limit on the Fair Market Value of Shares permitted to be subject to ISOs, such different limit will be automatically incorporated herein and will apply to any Options granted after the effective date of such amendment.

5.9 Modification, Extension or Renewal. The Committee may modify, extend or renew outstanding Options and authorize the grant of new Options in substitution therefor, provided that any such action may not, without the written consent of a Participant, impair any of such Participant's rights under any Option previously granted. Any outstanding ISO that is modified, extended, renewed or otherwise altered will be treated in accordance with Section 424(h) of the Code. Subject to Section 18 of this Plan, by written notice to affected Participants, the Committee may reduce the Exercise Price of outstanding Options without the consent of such Participants; *provided, however*, that the Exercise Price may not be reduced below the Fair Market Value on the date the action is taken to reduce the Exercise Price.

5.10 *No Disqualification.* Notwithstanding any other provision in this Plan, no term of this Plan relating to ISOs will be interpreted, amended or altered, nor will any discretion or authority granted under this Plan be exercised, so as to disqualify this Plan under Section 422 of the Code or, without the consent of the Participant affected, to disqualify any ISO under Section 422 of the Code.

6. RESTRICTED STOCK AWARDS.

6.1 *Awards of Restricted Stock.* A Restricted Stock Award is an offer by the Company to sell to an eligible Employee, Consultant, or Director of the Company or any Parent or Subsidiary of the Company Shares that are subject to restrictions ("**Restricted Stock**"). The Committee will determine to whom an offer will be made, the number of Shares the Participant may purchase, the Purchase Price, the restrictions under which the Shares will be subject and all other terms and conditions of the Restricted Stock Award, subject to the Plan.

6.2 *Restricted Stock Purchase Agreement.* All purchases under a Restricted Stock Award will be evidenced by an Award Agreement. Except as may otherwise be provided in an Award Agreement, a Participant accepts a Restricted Stock Award by signing and delivering to the Company an Award Agreement with full payment of the Purchase Price, within thirty (30) days from the date the Award Agreement was delivered to the Participant. If the Participant does not accept such Award within thirty (30) days, then the offer of such Restricted Stock Award will terminate, unless the Committee determines otherwise.

6.3 *Purchase Price.* The Purchase Price for a Restricted Stock Award will be determined by the Committee and may be less than Fair Market Value on the date the Restricted Stock Award is granted. Payment of the Purchase Price must be made in accordance with Section 11 of the Plan, and the Award Agreement and in accordance with any procedures established by the Company.

6.4 *Terms of Restricted Stock Awards.* Restricted Stock Awards will be subject to such restrictions as the Committee may impose or are required by law. These restrictions may be based on completion of a specified number of years of Service with the Company or upon completion of Performance Factors, if any, during any Performance Period as set out in advance in the Participant's Award Agreement. Prior to the grant of a Restricted Stock Award, the Committee shall: (a) determine the nature, length and starting date of any Performance Period for the Restricted Stock Award; (b) select from among the Performance Factors to be used to measure performance goals, if any; and (c) determine the number of Shares that may be awarded to the Participant. Performance Periods may overlap and a Participant may participate simultaneously with respect to Restricted Stock Awards that are subject to different Performance Periods and having different performance goals and other criteria.

6.5 *Termination of Service.* Except as may be set forth in the Participant's Award Agreement, vesting ceases on the date Participant's Service terminates (unless determined otherwise by the Committee).

7. STOCK BONUS AWARDS.

7.1 *Awards of Stock Bonuses.* A Stock Bonus Award is an award to an Employee, Consultant, or Director of the Company or any Parent or Subsidiary of the Company of Shares for Services to be rendered or for past Services already rendered to the Company or any Parent or Subsidiary. All Stock Bonus Awards shall be made pursuant to an Award Agreement. No payment from the Participant will be required for Shares awarded pursuant to a Stock Bonus Award.

7.2 *Terms of Stock Bonus Awards.* The Committee will determine the number of Shares to be awarded to the Participant under a Stock Bonus Award and any restrictions thereon. These restrictions may be based upon completion of a specified number of years of Service with the

Company or upon satisfaction of performance goals based on Performance Factors during any Performance Period as set out in advance in the Participant's Stock Bonus Agreement. Prior to the grant of any Stock Bonus Award the Committee shall: (a) determine the nature, length and starting date of any Performance Period for the Stock Bonus Award; (b) select from among the Performance Factors to be used to measure performance goals; and (c) determine the number of Shares that may be awarded to the Participant. Performance Periods may overlap and a Participant may participate simultaneously with respect to Stock Bonus Awards that are subject to different Performance Periods and different performance goals and other criteria.

7.3 Form of Payment to Participant. Payment may be made in the form of cash, whole Shares, or a combination thereof, based on the Fair Market Value of the Shares earned under a Stock Bonus Award on the date of payment, as determined in the sole discretion of the Committee.

7.4 Termination of Service. Except as may be set forth in the Participant's Award Agreement, vesting ceases on such date Participant's Service terminates (unless determined otherwise by the Committee).

8. STOCK APPRECIATION RIGHTS.

8.1 Awards of SARs. A Stock Appreciation Right ("**SAR**") is an award to an eligible Employee, Consultant, Director of the Company or any Parent or Subsidiary of the Company that may be settled in cash, or Shares (which may consist of Restricted Stock), having a value equal to (a) the difference between the Fair Market Value on the date of exercise over the Exercise Price multiplied by (b) the number of Shares with respect to which the SAR is being settled (subject to any maximum number of Shares that may be issuable as specified in an Award Agreement). All SARs shall be made pursuant to an Award Agreement.

8.2 Terms of SARs. The Committee will determine the terms of each SAR including, without limitation: (a) the number of Shares subject to the SAR; (b) the Exercise Price and the time or times during which the SAR may be settled; (c) the consideration to be distributed on settlement of the SAR; and (d) the effect of the Participant's termination of Service on each SAR. The Exercise Price of the SAR will be determined by the Committee when the SAR is granted, and may not be less than Fair Market Value. A SAR may be awarded upon satisfaction of Performance Factors, if any, during any Performance Period as are set out in advance in the Participant's individual Award Agreement. If the SAR is being earned upon the satisfaction of Performance Factors, then the Committee will: (x) determine the nature, length and starting date of any Performance Period for each SAR; and (y) select from among the Performance Factors to be used to measure the performance, if any. Performance Periods may overlap and Participants may participate simultaneously with respect to SARs that are subject to different Performance Factors and other criteria.

8.3 Exercise Period and Expiration Date. A SAR will be exercisable within the times or upon the occurrence of events determined by the Committee and set forth in the Award Agreement governing such SAR. The SAR Agreement shall set forth the expiration date; provided that no SAR will be exercisable after the expiration of ten (10) years from the date the SAR is granted. The Committee may also provide for SARs to become exercisable at one time or from time to time, periodically or otherwise (including, without limitation, upon the attainment during a Performance Period of performance goals based on Performance Factors), in such number of Shares or percentage of the Shares subject to the SAR as the Committee determines. Except as may be set forth in the Participant's Award Agreement, vesting ceases on the date Participant's Service terminates (unless determined otherwise by the Committee). Notwithstanding the foregoing, the rules of Section 5.6 also will apply to SARs.

Edgar Filing: PROOFPOINT INC - Form DEF 14A

8.4 *Form of Settlement.* Upon exercise of a SAR, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying (i) the difference between the Fair Market Value of a Share on the date of exercise over the Exercise Price; times (ii) the number of Shares with respect to which the SAR is exercised. At the discretion of the Committee, the payment from the Company for the SAR exercise may be in cash, in Shares of equivalent value, or in some combination thereof. The portion of a SAR being settled may be paid currently or on a deferred basis with such interest or dividend equivalent, if any, as the Committee determines, provided that the terms of the SAR and any deferral satisfy the requirements of Section 409A of the Code.

8.5 *Termination of Service.* Except as may be set forth in the Participant's Award Agreement, vesting ceases on such date Participant's Service terminates (unless determined otherwise by the Committee).

9. **RESTRICTED STOCK UNITS.**

9.1 *Awards of Restricted Stock Units.* A Restricted Stock Unit ("**RSU**") is an award to an eligible Employee, Consultant, or Director of the Company or any Parent or Subsidiary of the Company covering a number of Shares that may be settled in cash, or by issuance of those Shares (which may consist of Restricted Stock). All RSUs shall be made pursuant to an Award Agreement.

9.2 *Terms of RSUs.* The Committee will determine the terms of an RSU including, without limitation: (a) the number of Shares subject to the RSU; (b) the time or times during which the RSU may be settled; and (c) the consideration to be distributed on settlement, and the effect of the Participant's termination of Service on each RSU. An RSU may be awarded upon satisfaction of such performance goals based on Performance Factors during any Performance Period as are set out in advance in the Participant's Award Agreement. If the RSU is being earned upon satisfaction of Performance Factors, then the Committee will: (x) determine the nature, length and starting date of any Performance Period for the RSU; (y) select from among the Performance Factors to be used to measure the performance, if any; and (z) determine the number of Shares deemed subject to the RSU. Performance Periods may overlap and participants may participate simultaneously with respect to RSUs that are subject to different Performance Periods and different performance goals and other criteria.

9.3 *Form and Timing of Settlement.* Payment of earned RSUs shall be made as soon as practicable after the date(s) determined by the Committee and set forth in the Award Agreement. The Committee, in its sole discretion, may settle earned RSUs in cash, Shares, or a combination of both. The Committee may also permit a Participant to defer payment under a RSU to a date or dates after the RSU is earned provided that the terms of the RSU and any deferral satisfy the requirements of Section 409A of the Code.

9.4 *Termination of Service.* Except as may be set forth in the Participant's Award Agreement, vesting ceases on such date Participant's Service terminates (unless determined otherwise by the Committee).

10. **PERFORMANCE AWARDS.**

10.1 *Performance Awards.* A Performance Award is an award to an eligible Employee, Consultant, or Director of the Company or any Parent or Subsidiary of the Company of a cash bonus or an award of Performance Shares denominated in Shares that may be settled in cash, or by issuance of those Shares (which may consist of Restricted Stock). Grants of Performance Awards shall be made pursuant to an Award Agreement.

10.2 *Terms of Performance Shares.* The Committee will determine, and each Award Agreement shall set forth, the terms of each Performance Award including, without limitation: (a) the amount of any cash bonus, (b) the number of Shares deemed subject to an award of Performance Shares; (c) the Performance Factors and Performance Period that shall determine the time and extent to which each award of Performance Shares shall be settled; (d) the consideration to be distributed on settlement, and (e) the effect of the Participant's termination of Service on each Performance Award. In establishing Performance Factors and the Performance Period the Committee will: (x) determine the nature, length and starting date of any Performance Period; (y) select from among the Performance Factors to be used; and (z) determine the number of Shares deemed subject to the award of Performance Shares. Prior to settlement the Committee shall determine the extent to which Performance Awards have been earned. Performance Periods may overlap and Participants may participate simultaneously with respect to Performance Awards that are subject to different Performance Periods and different performance goals and other criteria. No Participant will be eligible to receive more than \$10,000,000 in Performance Awards in any calendar year under this Plan.

10.3 *Value, Earning and Timing of Performance Shares.* Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant. After the applicable Performance Period has ended, the holder of Performance Shares will be entitled to receive a payout of the number of Performance Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding Performance Factors or other vesting provisions have been achieved. The Committee, in its sole discretion, may pay earned Performance Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Shares at the close of the applicable Performance Period) or in a combination thereof.

10.4 *Termination of Service.* Except as may be set forth in the Participant's Award Agreement, vesting ceases on the date Participant's Service terminates (unless determined otherwise by the Committee).

11. PAYMENT FOR SHARE PURCHASES.

Payment from a Participant for Shares purchased pursuant to this Plan may be made in cash or by check or, where expressly approved for the Participant by the Committee and where permitted by law (and to the extent not otherwise set forth in the applicable Award Agreement):

- (a) by cancellation of indebtedness of the Company to the Participant;
- (b) by surrender of shares of the Company held by the Participant that have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Award will be exercised or settled;
- (c) by waiver of compensation due or accrued to the Participant for Services rendered or to be rendered to the Company or a Parent or Subsidiary of the Company;
- (d) by consideration received by the Company pursuant to a broker-assisted or other form of cashless exercise program implemented by the Company in connection with the Plan;
- (e) by any combination of the foregoing; or
- (f) by any other method of payment as is permitted by applicable law.

12. GRANTS TO NON-EMPLOYEE DIRECTORS.

12.1 *Types of Awards.* Non-Employee Directors are eligible to receive any type of Award offered under this Plan except ISOs. Awards pursuant to this Section 12 may be automatically made pursuant to policy adopted by the Board, or made from time to time as determined in the discretion of the Board.

Edgar Filing: PROOFPOINT INC - Form DEF 14A

12.2 *Eligibility.* Awards pursuant to this Section 12 shall be granted only to Non-Employee Directors. A Non-Employee Director who is elected or re-elected as a member of the Board will be eligible to receive an Award under this Section 12.

12.3 *Vesting, Exercisability and Settlement.* Except as set forth in Section 21, Awards shall vest, become exercisable and be settled as determined by the Board. With respect to Options and SARs, the exercise price granted to Non-Employee Directors shall not be less than the Fair Market Value of the Shares at the time that such Option or SAR is granted.

13. **WITHHOLDING TAXES.**

13.1 *Withholding Generally.* Whenever Shares are to be issued in satisfaction of Awards granted under this Plan, the Company may require the Participant to remit to the Company an amount sufficient to satisfy applicable federal, state, local and international withholding tax requirements prior to the delivery of Shares pursuant to exercise or settlement of any Award. Whenever payments in satisfaction of Awards granted under this Plan are to be made in cash, such payment will be net of an amount sufficient to satisfy applicable federal, state, local and international withholding tax requirements.

13.2 *Stock Withholding.* The Committee, in its sole discretion and pursuant to such procedures as it may specify from time to time, may require or permit a Participant to satisfy such tax withholding obligation, in whole or in part by (without limitation) (i) paying cash, (ii) electing to have the Company withhold otherwise deliverable cash or Shares having a Fair Market Value equal to the minimum statutory amount required to be withheld, or (iii) delivering to the Company already-owned Shares having a Fair Market Value equal to the minimum amount required to be withheld. The Fair Market Value of the Shares to be withheld or delivered will be determined as of the date that the taxes are required to be withheld.

14. **TRANSFERABILITY.**

14.1 *Transfer Generally.* Unless determined otherwise by the Committee, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution. If the Committee makes an Award transferable, such Award will contain such additional terms and conditions as the Committee deems appropriate. All Awards shall be exercisable: (i) during the Participant's lifetime only by (A) the Participant, or (B) the Participant's guardian or legal representative; and (ii) after the Participant's death, by the legal representative of the Participant's heirs or legatees.

14.2 *Award Transfer Program.* Notwithstanding any contrary provision of the Plan, the Committee shall have all discretion and authority to determine and implement the terms and conditions of any Award Transfer Program instituted pursuant to this Section 14.2 and shall have the authority to amend the terms of any Award participating, or otherwise eligible to participate in, the Award Transfer Program, including (but not limited to) the authority to (i) amend (including to extend) the expiration date, post-termination exercise period and/or forfeiture conditions of any such Award, (ii) amend or remove any provisions of the Award relating to the Award holder's continued Service to the Company or its Parent or Subsidiary, (iii) amend the permissible payment methods with respect to the exercise or purchase of any such Award, (iv) amend the adjustments to be implemented in the event of changes in the capitalization and other similar events with respect to such Award, and (v) make such other changes to the terms of such Award as the Committee deems necessary or appropriate in its sole discretion.

15. **PRIVILEGES OF STOCK OWNERSHIP; RESTRICTIONS ON SHARES.**

15.1 *Voting and Dividends.* No Participant will have any of the rights of a stockholder with respect to any Shares until the Shares are issued to the Participant. After Shares are issued to the

Participant, the Participant will be a stockholder and have all the rights of a stockholder with respect to such Shares, including the right to vote and receive all dividends or other distributions made or paid with respect to such Shares; *provided*, that if such Shares are Restricted Stock, then any new, additional or different securities the Participant may become entitled to receive with respect to such Shares by virtue of a stock dividend, stock split or any other change in the corporate or capital structure of the Company will be subject to the same restrictions as the Restricted Stock; *provided, further*, that the Participant will have no right to retain such stock dividends or stock distributions with respect to Shares that are repurchased at the Participant's Purchase Price or Exercise Price, as the case may be, pursuant to Section 15.2.

15.2 *Restrictions on Shares.* At the discretion of the Committee, the Company may reserve to itself and/or its assignee(s) a right to repurchase (a "**Right of Repurchase**") a portion of any or all Unvested Shares held by a Participant following such Participant's termination of Service at any time within ninety (90) days (or such longer or shorter time determined by the Committee) after the later of the date Participant's Service terminates and the date the Participant purchases Shares under this Plan, for cash and/or cancellation of purchase money indebtedness, at the Participant's Purchase Price or Exercise Price, as the case may be.

16. **CERTIFICATES.** All certificates for Shares or other securities delivered under this Plan will be subject to such stock transfer orders, legends and other restrictions as the Committee may deem necessary or advisable, including restrictions under any applicable federal, state or foreign securities law, or any rules, regulations and other requirements of the SEC or any stock exchange or automated quotation system upon which the Shares may be listed or quoted.

17. **ESCROW; PLEDGE OF SHARES.** To enforce any restrictions on a Participant's Shares, the Committee may require the Participant to deposit all certificates representing Shares, together with stock powers or other instruments of transfer approved by the Committee, appropriately endorsed in blank, with the Company or an agent designated by the Company to hold in escrow until such restrictions have lapsed or terminated, and the Committee may cause a legend or legends referencing such restrictions to be placed on the certificates. Any Participant who is permitted to execute a promissory note as partial or full consideration for the purchase of Shares under this Plan will be required to pledge and deposit with the Company all or part of the Shares so purchased as collateral to secure the payment of the Participant's obligation to the Company under the promissory note; *provided, however*, that the Committee may require or accept other or additional forms of collateral to secure the payment of such obligation and, in any event, the Company will have full recourse against the Participant under the promissory note notwithstanding any pledge of the Participant's Shares or other collateral. In connection with any pledge of the Shares, the Participant will be required to execute and deliver a written pledge agreement in such form as the Committee will from time to time approve. The Shares purchased with the promissory note may be released from the pledge on a pro rata basis as the promissory note is paid.

18. **REPRICING; EXCHANGE AND BUYOUT OF AWARDS.** Without prior stockholder approval the Committee may (i) reprice Options or SARS (and where such repricing is a reduction in the Exercise Price of outstanding Options or SARS, the consent of the affected Participants is not required provided written notice is provided to them), and (ii) with the consent of the respective Participants (unless not required pursuant to Section 5.9 of the Plan), pay cash or issue new Awards in exchange for the surrender and cancellation of any, or all, outstanding Awards.

19. **SECURITIES LAW AND OTHER REGULATORY COMPLIANCE.** An Award will not be effective unless such Award is in compliance with all applicable federal and state securities laws, rules and regulations of any governmental body, and the requirements of any stock exchange or automated quotation system upon which the Shares may then be listed or quoted, as they are in effect on the date of grant of the Award and also on the date of exercise or other issuance. Notwithstanding any other

provision in this Plan, the Company will have no obligation to issue or deliver certificates for Shares under this Plan prior to: (a) obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and/or (b) completion of any registration or other qualification of such Shares under any state or federal law or ruling of any governmental body that the Company determines to be necessary or advisable. The Company will be under no obligation to register the Shares with the SEC or to effect compliance with the registration, qualification or listing requirements of any state securities laws, stock exchange or automated quotation system, and the Company will have no liability for any inability or failure to do so.

20. NO OBLIGATION TO EMPLOY. Nothing in this Plan or any Award granted under this Plan will confer or be deemed to confer on any Participant any right to continue in the employ of, or to continue any other relationship with, the Company or any Parent or Subsidiary of the Company or limit in any way the right of the Company or any Parent or Subsidiary of the Company to terminate Participant's employment or other relationship at any time.

21. CORPORATE TRANSACTIONS.

21.1 *Assumption or Replacement of Awards by Successor.* In the event of a Corporate Transaction any or all outstanding Awards may be assumed or replaced by the successor corporation, which assumption or replacement shall be binding on all Participants. In the alternative, the successor corporation may substitute equivalent Awards or provide substantially similar consideration to Participants as was provided to stockholders (after taking into account the existing provisions of the Awards). The successor corporation may also issue, in place of outstanding Shares of the Company held by the Participant, substantially similar shares or other property subject to repurchase restrictions no less favorable to the Participant. The Board shall have full power and authority to structure one or more outstanding Awards under the Plan so that those Awards shall vest and become exercisable on an accelerated basis for all or a portion of the shares of Common Stock at the time subject to those Awards, should the Participant's Service subsequently terminate by reason of an Involuntary Termination in connection with, or within a designated period of the effective date of, a Corporate Transaction. In the event such successor or acquiring corporation (if any) refuses to assume, convert, replace or substitute Awards, as provided above, pursuant to a Corporate Transaction, then notwithstanding any other provision in this Plan to the contrary, each Award that has not already terminated in accordance with the Plan or the applicable Award Agreement shall have the vesting thereunder automatically accelerate immediately prior to the effective date of the Corporate Transaction as to the portion of the shares that would have vested under such Award as if an Involuntary Termination had occurred on the day following the effective date of the Corporate Transaction, and each of those particular Awards will also become exercisable for all of the shares of Common Stock subject to the accelerated portion of such Award and may be exercised for any or all of those accelerated shares as fully vested shares of Common Stock prior to the consummation of the Corporate Transaction. In addition, in the event such successor or acquiring corporation (if any) refuses to assume, convert, replace or substitute Awards, as provided above, pursuant to a Corporate Transaction, the Committee will notify the Participant in writing or electronically that such Award will be exercisable for a period of time determined by the Committee in its sole discretion, and such Award will terminate upon the expiration of such period. Awards need not be treated similarly in a Corporate Transaction.

21.2 *Assumption of Awards by the Company.* The Company, from time to time, also may substitute or assume outstanding awards granted by another company, whether in connection with an acquisition of such other company or otherwise, by either; (a) granting an Award under this Plan in substitution of such other company's award; or (b) assuming such award as if it had been granted under this Plan if the terms of such assumed award could be applied to an Award granted under this Plan. Such substitution or assumption will be permissible if the holder of the substituted

or assumed award would have been eligible to be granted an Award under this Plan if the other company had applied the rules of this Plan to such grant. In the event the Company assumes an award granted by another company, the terms and conditions of such award will remain unchanged (*except* that the Purchase Price or the Exercise Price, as the case may be, and the number and nature of Shares issuable upon exercise or settlement of any such Award will be adjusted appropriately pursuant to Section 424(a) of the Code). In the event the Company elects to grant a new Option in substitution rather than assuming an existing option, such new Option may be granted with a similarly adjusted Exercise Price. Substitute Awards shall not reduce the number of Shares authorized for grant under the Plan or authorized for grant to a Participant in any calendar year.

21.3 *Non-Employee Directors' Awards.* Notwithstanding any provision to the contrary herein, in the event of a Corporate Transaction, the vesting of all Awards granted to Non-Employee Directors shall accelerate and such Awards shall become exercisable (as applicable) in full prior to the consummation of such event at such times and on such conditions as the Committee determines.

22. ADOPTION AND STOCKHOLDER APPROVAL. This Plan shall be submitted for the approval of the Company's stockholders, consistent with applicable laws, within twelve (12) months before or after the date this Plan is adopted by the Board.

23. TERM OF PLAN/GOVERNING LAW. Unless earlier terminated as provided herein, this Plan will become effective on the Effective Date and will terminate ten (10) years from the later of (a) the Effective Date or (b) the date the Board adopted the most recent increase in the number of shares of Common Stock available under Section 2 which was approved by the Company's stockholders. Accordingly, if the 2015 amendment is approved by the Company's stockholders within twelve (12) months of the date of Board approval, the Plan will terminate on June 7, 2025, unless further extended under the preceding sentence. This Plan and all Awards granted hereunder shall be governed by and construed in accordance with the laws of the State of Delaware.

24. AMENDMENT OR TERMINATION OF PLAN. The Board may at any time terminate or amend this Plan in any respect, including, without limitation, amendment of any form of Award Agreement or instrument to be executed pursuant to this Plan; *provided*, however, that the Board will not, without the approval of the stockholders of the Company, amend this Plan in any manner that requires such stockholder approval; *provided further*, that a Participant's Award shall be governed by the version of this Plan then in effect at the time such Award was granted. The 2015 amendment of the Plan shall be effective upon approval by the Company's stockholders. If not approved by the Company's stockholders within twelve (12) months of the date of Board approval, the 2015 amendment shall have no force or effect. Accordingly, in that event, Section 2.4 shall continue to authorize an increase of 5% of the number of Shares issued and outstanding on each December 31 from 2013 through 2016.

25. NONEXCLUSIVITY OF THE PLAN. Neither the adoption of this Plan by the Board, the submission of this Plan to the stockholders of the Company for approval, nor any provision of this Plan will be construed as creating any limitations on the power of the Board to adopt such additional compensation arrangements as it may deem desirable, including, without limitation, the granting of stock awards and bonuses otherwise than under this Plan, and such arrangements may be either generally applicable or applicable only in specific cases.

26. INSIDER TRADING POLICY. Each Participant who receives an Award shall comply with any policy adopted by the Company from time to time covering transactions in the Company's securities by Employees, officers and/or directors of the Company.

Edgar Filing: PROOFPOINT INC - Form DEF 14A

27. DEFINITIONS. As used in this Plan, and except as elsewhere defined herein, the following terms will have the following meanings:

"Award" means any award under the Plan, including any Option, Restricted Stock, Stock Bonus, Stock Appreciation Right, Restricted Stock Unit or award of Performance Shares.

"Award Agreement" means, with respect to each Award, the written or electronic agreement between the Company and the Participant setting forth the terms and conditions of the Award, which shall be in substantially a form (which need not be the same for each Participant) that the Committee has from time to time approved, and will comply with and be subject to the terms and conditions of this Plan.
