Dear Shareholder:

You are cordially invited to attend the 2015 annual general meeting of shareholders of Kosmos Energy Ltd. to be held on Wednesday, June 3, 2015, at 8:00 a.m., local time, at Rosewood Tucker's Point, 60 Tucker's Point Drive, Hamilton Parish, HS 02, Bermuda. For those of you who cannot attend the annual general meeting, we urge that you participate by indicating your choices on the enclosed proxy card and completing and returning it at your earliest convenience or by using the Internet voting site or toll-free number listed on the enclosed proxy card to submit your vote.

The notice of annual general meeting and Proxy Statement accompanying this letter provide an outline of the business to be conducted at the meeting. At the meeting, the financial statements for the fiscal year ended December 31, 2014 and the auditor's report thereon will be laid before the shareholders in accordance with Bermuda law, and you will be asked to (i) elect ten directors to the Board of Directors; (ii) appoint Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015 and to authorize the Company's Audit Committee of the Board of Directors to determine their remuneration; (iii) provide a nonbinding, advisory vote to approve named executive officer compensation; (iv) approve (a) an amendment to the Company's Long Term Incentive Plan (the "LTIP") to increase the aggregate number of common shares authorized for issuance under the LTIP by 15,000,000 common shares and (b) the material terms of the performance goals under the LTIP for purposes of Section 162(m) of the Internal Revenue Code; and (v) consider such other business as may properly come before the annual general meeting. I will also report on our progress during the past year and respond to shareholders' questions.

It is important that your shares be represented at the annual general meeting, as a quorum of the shareholders must be present, either in person or by proxy, in order for the annual general meeting to take place. Even if you plan to attend the annual general meeting, we recommend that you vote your shares in advance as described above so that your vote will be counted if you later decide not to attend the annual general meeting. Your vote and participation in our governance are very important to us. Returning the proxy does not deprive you of your right to attend the meeting and to vote your shares in person.

Important Notice Regarding the Availability of Proxy Materials for the Annual General Meeting of Shareholders to be Held on June 3, 2015

The Notice of Annual General Meeting of Shareholders, Proxy Statement, Proxy Card and Annual Report on Form 10-K are available under the SEC Filings link on the Investors' page of our website at www.kosmosenergy.com. On this site, you will also be able to access any amendments or supplements to the foregoing materials that are required to be furnished.

GENERAL MATTERS

Record Date. The Board fixed the record date for the determination of shareholders entitled to notice of and to vote at the annual general meeting as of the close of business on April 10, 2015. On the record date, there were 387,603,709 common shares, par value \$0.01 per share, issued and outstanding, and there were no issued and outstanding shares of any other class of share capital. Our only issued and outstanding voting securities are our common shares.

Voting Your Proxy. Our shareholders are entitled to one vote for each common share that is owned on the record date on all matters considered at the annual general meeting. You may vote your shares either in person or by proxy. To vote by proxy, you may submit your proxy and direct how to vote your shares by telephone using the toll-free number listed on the Proxy Card, by the Internet at the website for Internet voting listed on the Proxy Card or by marking, dating, signing and mailing the enclosed Proxy Card in the prepaid envelope provided. When using Internet or telephone voting, the voting systems will verify that you are a shareholder through the use of a company number for Kosmos Energy Ltd. and a control number unique to you. ***If you submit your proxy and direct how to vote your shares by Internet or telephone, please do not also mail the enclosed Proxy Card.*** If you plan to vote in person at the annual general meeting, please bring valid identification. Even if you currently plan to attend the annual general meeting, we recommend that you also submit your proxy as described above so that your vote will be counted if you later decide not to attend the annual general meeting.

Table of Contents

If you receive more than one Proxy Card or voting instruction form, it means that your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive. If you wish to consolidate accounts, please contact Computershare Trust Company, N.A. or your broker, bank or other nominee. We will announce preliminary voting results at the annual general meeting and publish the final results in a Current Report on Form 8-K filed within four business days after the end of the annual general meeting.

Shares Held of Record. If your shares are held in your name and you vote by granting a proxy, which is not subsequently revoked, the proxy holders will vote the shares in accordance with your instructions. If you submit a proxy without giving specific voting instructions, your shares will be voted in accordance with the Board's recommendations as follows:

"FOR ALL" Proposal 1: To elect ten directors to serve until the 2016 annual general meeting of shareholders, and until their respective successors are elected;

"FOR" Proposal 2: To appoint Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2015 and to authorize the Company's Audit Committee of the Board to determine their remuneration;

"FOR" Proposal 3: To approve, on a nonbinding, advisory basis, named executive officer compensation; and

"FOR" Proposal 4: To approve (i) an amendment to the LTIP to increase the aggregate number of common shares authorized for issuance under the LTIP by 15,000,000 common shares and (ii) the material terms of the performance goals under the LTIP for purposes of Section 162(m) of the Internal Revenue Code.

If other matters properly come before the annual general meeting, the proxy holders will vote on such matters in accordance with their best judgment. Such persons also have discretionary authority to vote to adjourn the annual general meeting, including for the purpose of soliciting proxies to vote in accordance with the Board's recommendations on any of the above items.

Shares Held in Street Name. If your shares are held in "street name" by your broker, bank or other nominee, you will receive a voting instruction form with this Proxy Statement. Like shares held of record, you may vote your shares held in street name in person at the annual general meeting if you have obtained a legal proxy from the holder of record for your shares or you may sign and date the enclosed voting instruction form and return it in the enclosed, postage-paid envelope. If your shares are held in street name in a brokerage account or by a bank or other nominee, you must provide your broker with instructions on how to vote your shares in order for your shares to be voted on Proposals 1, 3 and 4. If you do not instruct your broker on how to vote these proposals, your shares will not be voted on these matters. If your shares are held in the name of a broker, bank or other nominee, please bring with you a letter (and a legal proxy if you wish to vote your shares) from the broker, bank or nominee confirming your ownership as of the record date.

Revoking Your Proxy. Even after you have returned your proxy, you may revoke your proxy at any time before it is exercised by (1) submitting a written notice of revocation to our Corporate Secretary by mail to Kosmos Energy Ltd., c/o Kosmos Energy LLC, 8176 Park Lane, Suite 500, Dallas, Texas 75231 or by facsimile at (214) 445-9705, (2) submitting a duly executed proxy bearing a later date to our Corporate Secretary by mail to Kosmos Energy Ltd., c/o Kosmos Energy LLC, 8176 Park Lane, Suite 500, Dallas, Texas 75231 or by facsimile at (214) 445-9705, (3) using the Internet voting website or the toll-free telephone number listed on the enclosed Proxy Card to deliver a duly executed proxy bearing a later date or (4) attending the annual general meeting and voting in person, which suspends the powers of the proxy holder.

Table of Contents

Quorum and Vote Required. The presence in person or by proxy of two or more shareholders representing a majority of our issued and outstanding share capital entitled to vote shall constitute a quorum to conduct business at the annual general meeting.

For Proposal 1, the election of directors, you may vote "FOR ALL," "WITHHOLD ALL" or "FOR ALL EXCEPT." A plurality of the votes of the shares present in person or represented by proxy at the annual general meeting and entitled to vote on the election of directors is required for the election of directors. This means that the ten director nominees receiving the highest number of affirmative votes of the shares present in person or represented by proxy at the annual general meeting and entitled to vote on the election of directors will be elected to our Board. Broker non-votes and votes marked "WITHHOLD ALL" will have no legal effect on the outcome of the election of directors. With respect to votes marked "FOR ALL EXCEPT," votes for director nominees that are withheld will have no legal effect on the outcome of the election of directors, while votes for all other director nominees will count toward a plurality.

For each of Proposals 2, 3 and 4, you may vote "FOR," "AGAINST" or "ABSTAIN." Under the Companies Act 1981 of Bermuda, as amended, our memorandum of association and our bye-laws, the affirmative vote of a majority of the votes cast at the annual general meeting at which a quorum is present is required to approve Proposals 2, 3 and 4.

Abstentions do not count as votes cast for Proposals 2 and 3, and as such, abstentions will have no effect on the outcome of Proposals 2 and 3. The vote necessary to approve Proposal 4 is subject to additional NYSE rules. Under NYSE rules, "votes cast" on Proposal 4 consist of votes "FOR" or "AGAINST" Proposal 4, as well as abstentions. As a result, abstentions have the effect of a vote "AGAINST" Proposal 4.

Brokers will have discretionary authority to vote on Proposal 2. Brokers will not have discretionary authority to vote on Proposals 3 and 4, and broker non-votes will have no effect on the outcome of such votes.

Cost of Solicitation. We will pay the cost of soliciting proxies for the annual general meeting. Proxies may be solicited by the employees of Kosmos and our subsidiaries, without additional compensation, in person, or by mail, courier, telephone, email or facsimile. We may also make arrangements with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of shares held of record by such persons. We may reimburse such brokerage houses, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

Annual Report. Our 2014 Annual Report on Form 10-K, including consolidated financial statements as of and for the fiscal year ended December 31, 2014, is being distributed to all shareholders entitled to vote at the annual general meeting, together with this Proxy Statement, in satisfaction of the requirements of the SEC, the Company's bye-laws and Bermuda law. At the annual general meeting, the financial statements and the auditor's report thereon will be laid before the shareholders in accordance with Bermuda law. Additional copies of the Annual Report on Form 10-K are available at no charge upon request. To obtain additional copies of the Annual Report on Form 10-K, please contact us at Kosmos Energy Ltd., c/o Kosmos Energy LLC, 8176 Park Lane, Suite 500, Dallas, Texas 75231, Attention: Corporate Secretary, or at telephone number +1 (214) 445-9600. The Annual Report on Form 10-K does not form any part of the materials for the solicitation of proxies. In addition, this Proxy Statement and our Annual Report on Form 10-K are available to you at no charge electronically under the SEC Filings link on the Investors' page of our website at www.kosmosenergy.com.

The Board is not aware of any matter to be presented for action at the annual general meeting of the Company other than the matters set forth herein. Should any other matter requiring a vote of shareholders arise, it is the intention of the persons named in the proxy to vote in accordance with

their best judgment on such matter. The shareholders of the Company have no dissenter's or appraisal rights in connection with any of the proposals described herein.

If you have any questions about the proxy materials or the annual general meeting, please contact our Corporate Secretary at Kosmos Energy Ltd., c/o Kosmos Energy LLC, 8176 Park Lane, Suite 500, Dallas, Texas 75231, or by telephone at +1 (214) 445-9600.

PROPOSAL 1 ELECTION OF DIRECTORS

Our bye-laws provide that our Board shall consist of not less than five and not more than 15 directors, and the number of directors may be changed only by resolution adopted by the affirmative vote of a majority of the entire Board. The Board currently consists of eleven directors: Andrew G. Inglis, Brian F. Maxted, Sir Richard B. Dearlove, David I. Foley, David B. Krieger, Joseph P. Landy, Prakash A. Melwani, Adebayo ("Bayo") O. Ogunlesi, Lars H. Thunell, Chris Tong and Christopher A. Wright. Lars H. Thunell will not be standing for re-election to the Board. The Board currently consists of a single class of directors, each serving one-year terms.

The Board has nominated ten directors for election at the annual general meeting to serve until the 2016 annual general meeting of shareholders, and until their respective successors are duly elected. Our shareholders do not have cumulative voting rights and, accordingly, the holders of a plurality of the shares voted can elect all of the directors then standing for election.

We are soliciting proxies in favor of the election of each of the nominees identified below. We intend that all properly executed proxies will be voted for these ten nominees unless otherwise specified. All nominees have consented to serve as directors, if elected. If any nominee is unwilling to serve as a director at the time of the annual general meeting, the persons who are designated as proxies intend to vote, in their discretion, for such other persons, if any, as may be designated by the Board. The proxies may not vote for a greater number of persons than the number of nominees named. As of the date of this Proxy Statement, the Board has no reason to believe that any of the persons named below will be unable or unwilling to stand as a nominee or serve as a director, if elected.

The Board believes that each nominee has valuable individual skills and experiences that, taken together, provide us with the knowledge, judgment and strategic vision necessary to provide effective oversight of the Company. The biographies below reflect the particular experience, qualifications, attributes and skills that led the Board to conclude that each nominee should serve on the Board.

Table of Contents**PROPOSAL 2 APPOINTMENT OF INDEPENDENT AUDITORS**

Ernst & Young LLP has served as our independent registered public accounting firm since 2011 and of our predecessor, KEH, since 2003, and has provided to us certain audit services, audit-related services and tax services during that time.

Under Section 89 of the Companies Act 1981, as amended, of Bermuda, the shareholders have the authority to appoint the Company's independent registered public accounting firm and to authorize the Audit Committee of the Board of the Company (the "Audit Committee") to determine their remuneration. The Board is asking shareholders to approve such appointment and the authority of the Audit Committee to determine their remuneration. If an auditor is not appointed by shareholders at the annual general meeting, Ernst & Young LLP, as the incumbent independent registered public accounting firm, will continue in office until a successor is appointed in accordance with Bermuda law and the Company's bye-laws. The affirmative vote of the holders of a majority of the votes cast at the annual general meeting, at which a quorum is present, is required to approve the appointment and the authorization of the Audit Committee to set their remuneration.

Representatives of Ernst & Young LLP will not be present at the annual general meeting.

PROPOSAL 3 ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

At our 2012 annual general meeting of shareholders, a majority of our shareholders voted, on a nonbinding, advisory basis, to hold a nonbinding, advisory vote on named executive officer compensation every year. Consistent with this recommendation by our shareholders, the Company intends to submit an annual nonbinding, advisory vote on the compensation of the Company's named executive officers until the next vote on the frequency of the shareholder nonbinding, advisory vote on named executive officer compensation. Accordingly, as required by Section 14A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), we are providing our shareholders with the opportunity to cast a nonbinding, advisory vote on the 2014 compensation of our named executive officers as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, the compensation tables and other narrative executive compensation disclosures.

As described in detail below in this Proxy Statement under "Compensation Discussion and Analysis," we seek to pay our named executive officers for performance, to closely align the interests of our named executive officers with the interests of our shareholders and to attract, retain and motivate top talent. Please refer to the Compensation Discussion and Analysis, the compensation tables and the other narrative compensation-related disclosures of this Proxy Statement for a detailed discussion of our executive compensation principles and practices and the 2014 compensation of our named executive officers. This vote is not intended to address any specific item of compensation, but rather our overall executive compensation principles and practices and the 2014 compensation of our named executive officers.

To help ensure that all shareholder views are well understood by the Board, we also encourage shareholders to use any of a number of direct communication mechanisms to effectively raise specific issues or concerns regarding our executive compensation principles and practices (see "Board of Directors, Board Meetings and Committees Communications with the Board" below).

Vote Required

The affirmative vote of a majority of the votes cast at the annual general meeting, at which a quorum is present, is required to approve Proposal 3. Abstentions shall not be treated as votes cast.

Shareholders are being asked to vote on the following resolution:

"RESOLVED, that the Company's shareholders approve, on a nonbinding, advisory basis, the compensation of the Company's executive officers named in the Summary Compensation Table, as disclosed pursuant to Item 402 of Regulation S-K (which disclosure includes the Compensation Discussion and Analysis, the accompanying compensation tables and related narrative)."

Although the vote on this proposal is advisory and, therefore, is not binding, the Compensation Committee of the Board (the "Compensation Committee") will carefully consider the shareholder vote on this matter, including whether any actions will be necessary to address the concerns, if any, of our shareholders.

Recommendation

The Board recommends a vote "FOR" the approval of the compensation of our named executive officers as disclosed in this Proxy Statement. If not otherwise specified, proxies will be voted "FOR" Proposal 3.

PROPOSAL 4 APPROVAL OF AN AMENDMENT TO THE LONG TERM INCENTIVE PLAN AND THE MATERIAL TERMS OF THE PERFORMANCE GOALS UNDER THE PLAN

On January 23, 2015, the Board approved an amendment to the Kosmos Energy Ltd. Long Term Incentive Plan (the "LTIP"), subject to approval by our shareholders. If approved by our shareholders, the amendment would increase the available share reserve under the LTIP by 15,000,000 common shares (see " Increase in Share Reserve" below). In addition, shareholder approval of the amendment to the LTIP will constitute approval of the material terms of the performance goals under the LTIP for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") (see " Section 162(m) Performance Goals" below).

Increase in Share Reserve

If the proposed amendment to increase the available share reserve under the LTIP is approved by our shareholders, then, effective June 3, 2015, the number of shares that may be subject to awards granted under the LTIP will equal the number of shares remaining available for grant under the LTIP as of such date plus 15,000,000 common shares. As of April 10, 2015, 194,320 common shares remained available for future grants under the LTIP. These remaining shares may also be used, either in lieu of, or in combination with, cash and/or recycled shares (e.g., as a result of forfeitures or to cover withholding taxes), to settle any portion of outstanding performance units that vests above the target level. The additional 15,000,000 common shares that will be available for grant under the LTIP, if this proposed amendment is approved, represent approximately 3.7% of the common shares of Kosmos outstanding on a fully-diluted basis as of April 10, 2015.

The Board believes that it is desirable to increase the share reserve so that we can continue to meet the goals of our equity incentive program of attracting, retaining and motivating our executives and employees and linking their interests with those of our shareholders. If the proposed amendment to increase the share reserve is not approved by our shareholders, we will be unable to maintain our current new hire and annual equity grant practices, and therefore we will be at a significant competitive disadvantage in attracting and retaining talent. We will also be compelled to replace equity incentive awards with cash awards, which may not align the interests of our executives and employees with those of our shareholders as effectively as equity incentive awards.

Section 162(m) Performance Goals

Shareholder approval of the amendment to the LTIP will constitute approval of the material terms of the performance goals under the LTIP. We are seeking approval of the material terms of the performance goals to preserve our ability to grant awards that meet the requirements to avoid the disallowance of tax deductibility under Section 162(m) of the Code.

Section 162(m) of the Code generally limits the federal income tax deduction for compensation paid to any person who serves as chief executive officer or who is one of the three other most highly compensated executive officers, other than the chief financial officer, of a publicly held corporation (each such person, a "Covered Employee") to \$1 million per year, with an exception for qualified performance-based compensation.

As a newly public company, we have been eligible for special transition relief under Section 162(m) of the Code. During this special transition period, we have been able to grant cash and equity incentive awards that were eligible to be deductible without having to qualify as performance-based compensation under Section 162(m) of the Code. This special transition period will expire as of the date of this annual general meeting of our shareholders. The Board has determined that, following the special transition period, it would be in the Company's best interests to preserve the flexibility to grant cash and equity incentive awards that comply with the qualified performance-based compensation exception under Section 162(m) of the Code and that therefore are eligible to be deductible.

Table of Contents

One of the requirements of the qualified performance-based compensation exception under Section 162(m) of the Code is that the material terms of the performance goals under which compensation may be paid be disclosed to and approved by shareholders. For purposes of Section 162(m) of the Code, the material terms of the performance goals are:

the individuals eligible to receive compensation (see " Summary of the LTIP Eligibility" below);

a description of the business criteria on which the performance goals are based (see " Summary of the LTIP Performance Goals" below); and

either the maximum amount of compensation that could be paid to an employee if the performance goals are attained or the formula used to calculate the amount of compensation to be paid to the employee if the performance goals are attained (see " Summary of the LTIP Individual Limits" below).

If our shareholders do not approve this Proposal 4, then due to the application of Section 162(m) of the Code, the cash and equity incentive compensation awarded under the LTIP to our Covered Employees may not be eligible to be fully deductible. Note that, although we consider deductibility under Section 162(m) of the Code when structuring our compensation arrangements for our Covered Employees, depending on the relevant circumstances at the time, the Compensation Committee may determine to award compensation that may not be deductible. In making this determination, the Compensation Committee balances the purposes and needs of our executive compensation program against the potential tax cost.

Summary of the LTIP

The following is a summary of the principal features of the LTIP, as amended. This summary does not purport to be complete and is subject to, and qualified in its entirety by, the LTIP, as amended, a copy of which has been filed with the SEC with this proxy statement as Annex A.

Purpose

The purpose of the LTIP is to motivate and reward those employees and other individuals who are expected to contribute significantly to our success to perform at the highest level and to further our best interests and those of our shareholders.

Eligibility

Our employees, consultants, advisors, other service providers and non-employee directors are eligible to receive awards under the LTIP. As of April 10, 2015, there were five non-employee directors and approximately 168 employees eligible to receive awards under the LTIP.

Authorized Shares

Subject to adjustment (as described below), the number of shares that may be subject to awards granted under the LTIP will equal the number of shares remaining available for grant under the LTIP as of June 3, 2015, plus 15,000,000 shares. If an award expires or is canceled or forfeited, the shares covered by the award again will be available for issuance under the plan. Shares tendered or withheld in payment of an exercise price or for withholding taxes also again will be available for issuance under the plan. Shares underlying replacement awards (i.e., awards granted as replacements for awards granted by a company that we acquire or with which we combine) will not reduce the number of shares available for issuance under the plan.

Table of Contents

Individual Limits

No participant may receive under the LTIP in any calendar year more than 3,950,300 shares in respect of each of the following three categories of awards: stock options and share appreciation rights (SARs); restricted shares and restricted share units (RSUs); and share-based performance awards and other stock-based awards. This individual share limit for each such category is increased from the individual limit of 2,450,300 shares under the current version of the LTIP.

The maximum aggregate cash value of payments to any participant for any calendar year in respect of any award under the LTIP that is not denominated in shares and that is intended to be qualified performance-based compensation under Section 162(m) of the Code may not exceed \$15,000,000.

Administration

The LTIP is administered by a committee, which may be our Compensation Committee or another committee designated by the Board (or, if the Board does not designate a committee, the Board). The committee will consist of not fewer than three directors of the Board. To the extent necessary to comply with applicable regulatory regimes, any action by the committee will require the approval of committee members who are:

independent, within the meaning of and to the extent required (unless controlled company status applies) by applicable rulings and interpretations of the applicable stock market or exchange on which our shares are quoted or traded;

non-employee directors within the meaning of Rule 16b-3 under the Exchange Act; and

outside directors pursuant to Section 162(m) of the Code.

The committee has authority under the LTIP to:

designate participants;

determine the types of awards to grant, the number of shares to be covered by awards, the terms and conditions of awards, whether awards may be settled or exercised in cash, shares, other awards, other property or net settlement, the circumstances under which awards may be canceled, repurchased, forfeited or suspended, and whether awards may be deferred automatically or at the election of the holder or the committee;

amend the terms of any outstanding awards, including, without limitation, to accelerate the time(s) at which the awards become vested or unrestricted, will be settled or may be exercised;

correct any defect, supply any omission or reconcile any inconsistency in the plan or any award agreement, in the manner and to the extent it shall deem desirable to carry the plan into effect;

interpret and administer the plan and any instrument or agreement relating to, or award made under, the plan; and

establish, amend, suspend or waive rules and regulations, appoint agents and make any other determination and take any other action that it deems necessary or desirable to administer the plan, in each case, as it deems appropriate for the proper administration of the plan and compliance with applicable law, stock market or exchange rules and regulations or accounting or tax rules and regulations.

Edgar Filing: Kosmos Energy Ltd. - Form DEF 14A

The committee may delegate the authority to grant awards under the LTIP, to the extent permitted by applicable law, to (i) one or more officers of the Company (except that such delegation will not be applicable to any award for a person then covered by Section 16 of the Exchange Act) and (ii) one or more committees of the Board (which may consist solely of one director).

Table of Contents

Types of Awards

The LTIP provides for grants of stock options, SARs, restricted shares, RSUs, performance awards and other stock-based awards.

Stock Options. A stock option is a contractual right to purchase shares at a future date at a specified exercise price. The per share exercise price of a stock option (other than a replacement award) will be determined by the committee and may not be less than the closing price of a share on the grant date. The committee will determine the date after which each stock option may be exercised and the expiration date of each option, provided that no option will be exercisable more than ten years after the grant date. Options that are intended to qualify as incentive stock options must meet the requirements of Section 422 of the Code.

SARs. SARs represent a contractual right to receive, in cash or shares, an amount equal to the appreciation of one share from the grant date. Any SAR will be granted subject to the same terms and conditions as apply to stock options.

Restricted Shares. Restricted shares are an award of shares that are subject to restrictions on transfer and a substantial risk of forfeiture.

RSUs. RSUs represent a contractual right to receive a share (or cash in an amount equal to the value of a share) at a future date, subject to specified vesting and other restrictions.

Performance Awards. Performance awards, which may be denominated in cash or shares, will be earned on the satisfaction of performance goals specified by the committee. The committee has authority to specify that any other award granted under the LTIP will constitute a performance award by conditioning the exercisability or settlement of the award on the satisfaction of performance goals.

Other Stock-Based Awards. The committee is authorized to grant other stock-based awards, which may be denominated in shares or factors that may influence the value of our shares, including convertible or exchangeable debt securities, other rights convertible or exchangeable into shares, purchase rights for shares, awards with value and payment contingent on our performance or that of our business units or any other factors that the committee designates.

Performance Goals

The performance goals for awards that are intended to be qualified performance-based compensation for purposes of Section 162(m) of the Code will be limited to the following: captured prospects, prospecting licenses signed, operated prospects matured to drill ready, drilling programs commenced, drillable prospects, capabilities and critical path items established, operating budget, third-party capital sourcing, captured net risked resource potential, acquisition cost efficiency, acquisitions of oil and gas interests, increases in proved, probable or possible reserves, finding and development costs, recordable or lost time incident rates, overhead costs, general and administration expense, market price of a share, cash flow, reserve value, net asset value, earnings, net income, operating income, cash from operations, revenue, margin, EBITDA (earnings before interest, taxes, depreciation and amortization), EBITDAX (earnings before interest, taxes, depreciation, amortization and exploration expense), net capital employed, return on assets, shareholder return, reserve replacement, return on equity, return on capital employed, production, assets, unit volume, sales, market share, market capitalization, enterprise value, economic value added or strategic business criteria consisting of one or more objectives based on meeting specified goals relating to acquisitions or divestitures, each as determined in accordance with generally accepted accounting principles, where applicable, as consistently applied by the Company.

Table of Contents

These performance goals may be (i) measured on an absolute (e.g., plan or budget) or relative basis, (ii) established on a corporate-wide basis or with respect to one or more business units, divisions, subsidiaries or business segments, (iii) based on a ratio or separate calculation of any performance criterion and/or (iv) made relative to an index or one or more of the performance goals themselves. Relative performance may be measured against a group of peer companies, a financial market index or other acceptable objective and quantifiable indices.

Adjustments

In the event that the committee determines that, as a result of any dividend or other distribution, recapitalization, stock split, reverse stock split, reorganization, merger, amalgamation, consolidation, split-up, spin-off, combination, repurchase or exchange of shares or other securities, issuance of warrants or other rights to purchase our shares or other securities, issuance of our shares pursuant to the anti-dilution provisions of our securities, or other similar corporate transaction or event affecting our shares, or of changes in applicable laws, regulations or accounting principles, an adjustment is appropriate to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the LTIP, the committee will adjust equitably any or all of: (i) the number and type of shares or other securities that thereafter may be made the subject of awards, including the aggregate and individual limits under the plan; (ii) the number and type of shares or other securities subject to outstanding awards; and (iii) the grant, purchase, exercise or hurdle price for any award or, if deemed appropriate, make provision for a cash payment to the holder of an outstanding award.

Termination of Service and Change in Control

The committee will determine the effect on outstanding awards of a termination of employment or service prior to the end of a performance period or vesting, exercise or settlement, including whether the awards will vest, become exercisable, settle or be forfeited (including by way of repurchase by the Company at par value). The committee may set forth in the applicable award agreement the treatment of an award on a change in control. In addition, in the case of a stock option or SAR, except as otherwise provided in the applicable award agreement, on a change in control, a merger or consolidation involving the Company or any other event for which the committee deems it appropriate, the committee may cancel the award in consideration of:

a substitute award that preserves the intrinsic value of the canceled award (i.e., the excess, if any, of the value of the underlying shares over the exercise price); or

the full acceleration of the award and either (i) a period of ten days to exercise the award or (ii) a payment in cash or other consideration in an amount equal to the intrinsic value of the canceled award.

For the definition of "change in control" under the LTIP, see "Compensation Discussion and Analysis Potential Payments Upon Termination or Change in Control Equity Awards Definitions" below.

Amendment and Termination

Our Board of Directors may amend, alter, suspend, discontinue or terminate the LTIP, subject to approval of our shareholders if required by the rules of the stock exchange on which our shares are principally traded. The committee may amend, alter, suspend, discontinue or terminate any outstanding award. However, no such Board or committee action that would materially adversely affect the rights of a holder of an outstanding award may be taken without the holder's consent, except to the extent that such action is taken to cause the LTIP to comply with applicable law, stock market or exchange rules and regulations or accounting or tax rules and regulations. In addition, the committee may amend the

Table of Contents

LTIP in such manner as may be necessary to enable the plan to achieve its stated purposes in any jurisdiction in a tax-efficient manner and in compliance with local rules and regulations.

Term

The LTIP expires on January 23, 2025 unless, prior to that date, the maximum number of shares available for issuance under the plan has been issued or our Board of Directors terminates the plan.

U.S. Federal Income Tax Consequences

The following is a general summary under current law of certain United States federal income tax consequences to the Company and participants who are citizens or individual residents of the United States relating to awards granted under the LTIP. This summary deals with the general tax principles that apply to such awards and is provided only for general information. Certain kinds of taxes, such as foreign taxes, state and local income taxes, payroll taxes and the alternative minimum tax, are not discussed. This summary is not tax advice and it does not discuss all aspects of federal taxation that may be relevant to the Company and participants. Accordingly, the Company urges each participant to consult his or her own tax advisor as to the specific tax consequences of participation in the LTIP under federal, state, local and other applicable laws.

Non-Qualified Stock Options

A non-qualified stock option is an option that does not meet the requirements of Section 422 of the Code. A participant generally will not recognize taxable income when granted a non-qualified stock option. When the participant exercises the stock option, he or she generally will recognize taxable ordinary income equal to the excess of the fair market value of the shares received on the exercise date over the aggregate exercise price of the shares. The participant's tax basis in the shares acquired on exercise of the option will be increased by the amount of such taxable income. We generally will be entitled to a federal income tax deduction in an amount equal to the ordinary income that the participant recognizes. When the participant sells the shares acquired on exercise, the participant generally will realize long-term or short-term capital gain or loss, depending on whether the participant holds the shares for more than one year before selling them. Special rules apply if all or a portion of the exercise price is paid in the form of shares.

Incentive Stock Options

An incentive stock option is an option that meets the requirements of Section 422 of the Code. A participant generally will not have taxable income when granted an incentive stock option or when exercising the option. If the participant exercises the option and does not dispose of the shares until the later of two years after the grant date and one year after the exercise date, the entire gain, if any, realized when the participant sells the shares generally will be taxable as long-term capital gain. We generally will not be entitled to any corresponding tax deduction.

If a participant disposes of the shares received upon exercise of an incentive stock option within the one-year or two-year periods described above, it will be considered a "disqualifying disposition," and the option will be treated as a non-qualified stock option for federal income tax purposes. If a participant exercises an incentive stock option more than three months after the participant's employment or service with us terminates, the option will be treated as a non-qualified stock option for federal income tax purposes. If the participant is disabled and terminates employment or service because of his or her disability, the three-month period is extended to one year. The three-month period does not apply in the case of the participant's death.

Table of Contents

Restricted Shares

Unless a participant makes an election to accelerate recognition of the income to the date of grant as described below, the participant generally will not recognize income, and the Company generally will not be allowed a tax deduction, at the time restricted shares are granted. When the restrictions lapse, the participant generally will recognize ordinary income equal to the fair market value of the shares as of that date, less any amount paid for the shares, and the Company generally will be allowed a corresponding tax deduction at that time. If the participant files an election under Section 83(b) of the Code within 30 days after the date of grant of the restricted shares, the participant generally will recognize ordinary income as of the date of grant equal to the fair market value of the common shares as of that date, less any amount the participant paid for the shares, and we generally will be allowed a corresponding tax deduction at that time. Any future appreciation in the shares generally will be taxable to the participant at capital gains rates. However, if the restricted shares are later forfeited, the participant generally will not be able to recover the tax previously paid pursuant to his Section 83(b) election.

RSUs

A participant generally does not recognize income, and the Company generally will not be allowed a tax deduction, at the time an RSU is granted. When the RSUs vest and are settled for cash or shares, the participant generally will be required to recognize as income an amount equal to the fair market value of the shares or the amount of cash on the date of settlement, and the Company generally will be allowed a corresponding tax deduction at that time. Any gain or loss recognized upon a subsequent sale or exchange of the shares (if settled in shares) is generally treated as capital gain or loss for which we are not entitled to a deduction.

Registration with the SEC

If our shareholders approve the amendment to the LTIP, we plan to file with the SEC, as soon as practicable after such approval, a Registration Statement on Form S-8 relating to the additional shares available for issuance under the LTIP.

New Plan Benefits

The following table summarizes the new plan benefits to be received by participants under the LTIP as a result of the proposed amendment, as of April 10, 2015. The awards of restricted shares and RSUs listed below were granted in 2015 subject to shareholder approval of the proposed amendment to the LTIP. Because awards under the LTIP are discretionary and are not subject to set benefits or amounts, the table below does not include any awards that may be granted in the future to participants under the LTIP.

If our shareholders do not approve this Proposal 4, the service shares will be forfeited and the participant will thereafter have the right to receive cash payments on each vesting date, with the amount of such payment equal to the fair market value of the service shares (and any dividends or distributions thereon) that would have vested on such vesting date.
- (2) These amounts reflect service-vesting restricted share units (which we refer to as "service units") that are scheduled to vest ratably each year over three years, based solely on service. If our shareholders do not approve this Proposal 4, the participant will receive on each vesting date, in lieu of any shares that would have otherwise been distributed to the participant, an amount in cash equal to the aggregate fair market value of such shares as of such vesting date.
- (3) These amounts reflect performance-vesting restricted share units (which we refer to as "performance units"), which are scheduled to vest between 0% and 200% of the number of shares shown in the "Target" sub-column based on attainment of both a service condition that will lapse ratably each year over three years and a specified relative total

shareholder return ("TSR") performance condition that will be measured on January 2, 2018, based on our TSR as compared to the TSR of each of our peer companies. TSR will be calculated as the percentage by which the average closing price of a share of the Company or a share of a peer company on each of the 30 trading days ending on the last day of the performance period is more or less than the average closing price of the share on each of the 30 trading days ending on the first day of the performance period, plus the amount of any dividends or distributions that are declared on the share during the performance period. If either the service condition or the threshold performance condition is not attained, the awards will be forfeited. The amounts in the "Target" sub-column reflect the 100% of the shares that will vest on attainment of the service condition and the target performance level. The amounts in the "Maximum" sub-column reflect the 200% of the shares that will vest on attainment of the service condition and the maximum performance level. If our shareholders do not approve this Proposal 4, the participant will receive on each vesting date, in lieu of any shares that would have otherwise been distributed to the participant, an amount in cash equal to the aggregate fair market value of such shares as of such vesting date.

BOARD OF DIRECTORS, BOARD MEETINGS AND COMMITTEES

Board Composition

As of the date of this Proxy Statement, our Board has eleven directors and six standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee, the Health, Safety, Environmental and Security Committee, the External Affairs & Political Risk Committee and the Exploration Assurance Committee. Our bye-laws provide that the Board shall consist of not less than five directors and not more than 15 directors, and the number of directors may be changed only by resolution adopted by the affirmative vote of a majority of the entire Board. No decrease in the number of directors may shorten the term of any incumbent director.

The Board currently consists of a single class of directors, each serving a one-year term. Once our controlling shareholders (as defined below in "Committees of the Board of Directors"), in the aggregate, no longer beneficially own more than 50% of the issued and outstanding common shares, the Board will be divided into three classes of directors designated as Class I, Class II and Class III, with each class as nearly equal in number as possible, serving staggered three-year terms.

Board Leadership Structure

The Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that the optimal Board leadership structure may vary as circumstances warrant. Consistent with this understanding, non-management directors consider the Board's leadership structure on an annual basis.

In connection with the appointment of Mr. Andrew G. Inglis as our Chairman and Chief Executive Officer in March 2014, the Board has determined that the optimal Board leadership structure for us is served by the role of Chairman of the Board being held by our Chief Executive Officer. The Board has determined that this leadership structure is optimal for us because it believes that having one leader serving as both the Chairman and Chief Executive Officer provides decisive, consistent and effective leadership.

The Board does not currently have a standing presiding director, though it may designate a director as the presiding director to lead the meetings of the independent directors, if it deems appropriate, in accordance with the principles set out in our Corporate Governance Guidelines.

Director Independence

We have availed ourselves of the "controlled company" exception under the NYSE rules, which exempts us from the requirements that an NYSE-listed company must have a majority of independent directors on its Board and that its Compensation and Nominating and Corporate Governance Committees be composed entirely of independent directors.

In any event, the Board has reviewed the materiality of any relationship that each of our directors has with us, either directly or indirectly. Based on this review, the Board has determined that Dr. Wright, Sir Richard B. Dearlove and Messrs. Ogunlesi, Thunell and Tong are "independent directors" as defined by the NYSE rules and Rule 10A-3 of the Exchange Act. There are no family relationships among any of our executive officers, directors or nominees for director.

Our controlling shareholders currently own a number of our common shares sufficient to elect all of the members of the Board without the approval of any other shareholder.

Board's Role in Risk Oversight

Assessing and managing risk is the responsibility of the management of the Company. However, the Board has an active role, as a whole, and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity and operations, as well as the risks associated with each.

Under its charter, the Audit Committee reviews and discusses with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. In addition, the Audit Committee oversees risks related to the Company's financial statements, the financial reporting process, accounting, tax and legal matters as well as liquidity risks and guidelines and policies and procedures for monitoring and mitigating risks.

Because overseeing risk is an ongoing process and inherent in our strategic decisions, the Board also discusses risk throughout the year in relation to specific proposed actions. The Board's other standing Committees Compensation, Nominating and Corporate Governance, Health, Safety, Environmental and Security, External Affairs & Political Risk and Exploration Assurance oversee risks associated with their respective areas of responsibility. For example, the Compensation Committee considers the risks associated with our compensation policies and practices with respect to both executive compensation and compensation generally. See "Executive Compensation Compensation Risk Assessment" below. The Board is kept abreast of its Committees' risk oversight and other activities through reports of the Committee chairmen to the full Board.

Specifically relating to enterprise risk management during 2014, the Company performed an enterprise risk assessment to identify key risks and assess procedures for managing, monitoring and mitigating risks. The Audit Committee met with management and the Company's enterprise risk management consultant regarding this process.

Meetings of the Board of Directors and Committees

The Board held five meetings during fiscal 2014 and took action by unanimous written consent on five occasions. During fiscal 2014, no director attended fewer than 75% of the aggregate total number of meetings of the Board held during the period in which he was a director and of the total number of meetings held by all of the Committees of the Board on which he served. During 2014, we had six standing Committees of the Board the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee, the Health, Safety, Environmental and Security Committee, the External Affairs & Political Risk Committee and the Exploration Assurance Committee. We expect, but do not require, our directors to attend our annual general meetings of shareholders.

- (1) Mr. Kemp resigned from our Board, including the Nominating and Corporate Governance Committee, effective as of February 28, 2014. Mr. Inglis, our Chief Executive Officer, was appointed Chairman of our Board, effective as of March 1, 2014.

Committees of the Board of Directors

We are a "controlled company," as that term is set forth in Section 303A of the NYSE Listed Company Manual, because more than 50% of our voting power is held by funds affiliated with Warburg Pincus and The Blackstone Group (together with their respective affiliates, our "controlling shareholders"), acting as a group. Under the NYSE rules, a "controlled company" may elect not to comply with certain NYSE corporate governance requirements, including (1) the requirement that a majority of the Board consist of independent directors, (2) the requirement that the Nominating and Corporate Governance Committee be composed entirely of independent directors with a written charter addressing the Committee's purpose and responsibilities, (3) the requirement that the Compensation Committee be composed entirely of independent directors with a written charter addressing the Committee's purpose and responsibilities and (4) the requirement for an annual performance evaluation of the Nominating and Corporate Governance and Compensation Committees.

We have elected to be treated as a "controlled company" and thus avail ourselves of these exemptions. As a result, although we have adopted charters for our Audit, Nominating and Corporate Governance, and Compensation Committees and intend to conduct annual performance evaluations of these Committees, our Board does not consist of a majority of independent directors, nor do our Nominating and Corporate Governance and Compensation Committees consist entirely of independent directors. Accordingly, so long as we are a "controlled company," you will not have the same protections afforded to shareholders of companies that are subject to all of the corporate governance requirements of the NYSE.

Nomination of Directors

The nominees for election to the Board at the annual general meeting were formally nominated by the Nominating and Corporate Governance Committee and such nominations were approved by the full Board. Although the Board will consider nominees recommended by shareholders, the Board has not established any specific procedures for shareholders to follow to recommend potential director nominees for consideration. At this time, neither the Board nor the Nominating and Corporate Governance Committee has established any specific written procedures for identifying and evaluating potential director nominees or any minimum qualifications or skills for directors, although we generally consider a nominee's diversity, experience, industry knowledge and background. To ensure we have a diverse group of potential director nominees for consideration, our nominee search includes candidates from both corporate positions beyond the executive suite and from non-corporate environments (e.g., government, academia and non-profit organizations), and includes both male and female candidates. The Board does not deem it necessary to adopt specific written procedures because we are a "controlled company" under NYSE rules. As discussed below under "Shareholders Agreement," certain directors are nominated based on contractual obligations in our shareholders agreement with affiliates of our controlling shareholders.

Compensation Committee Interlocks and Insider Participation

The current members of our Compensation Committee are Messrs. Landy, Melwani and Ogunlesi. Mr. Melwani is the Chairman of the Committee. Effective October 1, 2011, as amended effective as of January 1, 2012, January 1, 2013 and October 1, 2013, we entered into a consulting agreement with Mr. Kemp pursuant to which he received compensation for consulting services to the Company that we reasonably requested from time to time. Effective February 28, 2014, Mr. Kemp resigned from the Board and also ceased providing the Company with consulting services. See "Director Compensation 2014 Director Compensation Consulting Agreement with Mr. Kemp" below.

Messrs. Foley, Krieger, Landy and Melwani have directed that the fees they are entitled to receive as compensation for serving on our Board be paid or remitted to our controlling shareholders. See "Board of Directors, Board Meetings and Committees Compensation Committee Interlocks and Insider Participation" above and "Director Compensation 2014 Director Compensation" below.

Procedures for Review of Transactions with Related Persons

We have adopted a set of written related-party transaction policies designed to minimize potential conflicts of interest arising from any dealings we may have with our affiliates and to provide appropriate procedures for the disclosure, approval and resolution of any real or potential conflicts of interest which may exist from time to time. Such policies provide, among other things, that all related-party transactions, including any loans between us, our controlling shareholders and our affiliates, but excluding compensation arrangements, require approval by our Nominating and Corporate Governance Committee, after considering all relevant facts and circumstances, including, without limitation, the commercial reasonableness of the terms, the benefit and perceived benefit, or lack thereof, to us, opportunity costs of alternative transactions, the materiality and character of the related party's direct or indirect interest, and the actual or apparent conflict of interest of the related party, and after determining that the transaction is in, or not inconsistent with, our and our shareholders' best interests. There have been no related-party transactions since the adoption of related-party transaction policies where such policies were not followed.

STOCK OWNERSHIP MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, officers and persons who beneficially own more than 10% of our common shares to file initial reports of ownership on Form 3 and reports of changes of ownership on Forms 4 and 5 with the SEC. These officers, directors and 10% beneficial owners are also required to furnish us with copies of all Section 16(a) forms that they file. Specific due dates for these reports have been established by regulation, and we are required to report in this Proxy Statement any failure to file by these dates during the fiscal year ended December 31, 2014.

To our knowledge, based solely on our review of the copies of such forms received by us, we believe that all Section 16(a) filing requirements applicable to our officers, directors and 10% beneficial owners have been complied with for the fiscal year ended December 31, 2014, with the exception of two Forms 4 relating to two transactions that were filed late for Mr. Maxted (one transaction) and Mr. Doughty (one transaction).

The information in the table below concerning security ownership of beneficial owners is based on filings made by such persons with the SEC.

Executive Summary

In 2014, we continued to grow as a public company after undergoing a corporate reorganization and IPO in 2011. We enjoyed considerable success during this relatively early stage in our development focusing on identifying prospects that may contain oil or gas, acquiring the rights to explore and develop them and maximizing production from our discoveries. As we continue to mature as a public company, we are dedicated to securing the value of our asset base, and are focused both on production from our existing assets in Ghana and on exploration and opening a new frontier of petroleum systems. Below we have highlighted some of the key aspects of our 2014 results and the compensation paid to our named executive officers to incentivize and reward performance in 2014 and future years.

2014 Business Highlights

In 2014, we delivered the following financial, operating and strategic performance, focused on positioning the Company successfully for future and ongoing value creation:

We experienced no lost time injuries in 2014, and all other health, safety, environment and security ("HSES") targets were achieved.

Edgar Filing: Kosmos Energy Ltd. - Form DEF 14A

Gross production from the Jubilee Field averaged approximately 102,000 barrels of oil per day, exceeding target.

Table of Contents

We had nine liftings of oil totaling approximately 8.7 million barrels from the Jubilee field resulting in revenues of nearly \$855.9 million. Our average realized price per barrel was \$98.06.

Our cash general and administrative expenses were approximately \$60 million, 33% lower than the prior year.

In early 2014, we deepened a Jubilee Field development well to further appraise the Mahogany discovery, which confirmed an extension of the Mahogany discovery.

In the first quarter of 2014, we closed a farm-out agreement with Capricorn Exploration and Development Company Limited, a wholly owned subsidiary of Cairn Energy PLC, covering the Cap Boujdour Offshore block, offshore Western Sahara. After giving effect to the farm-out, our participating interest in the Cap Boujdour Offshore block is 55.0% and we remain the operator.

We received final governmental approvals for entering the Tarhazoute Offshore block in early 2014. We are in the initial exploration phase of the petroleum contract, which comprises 1.9 million acres.

In the first quarter of 2014, we closed three farm-out agreements with BP Exploration (Morocco) Limited, a wholly owned subsidiary of BP plc covering our three blocks in the Agadir Basin, offshore Morocco. The proceeds of the farm-outs were \$56.9 million. After giving effect to these farm-outs, our participating interests are 30%, 29.9% and 30% in the Essaouira Offshore, Fom Assaka Offshore and Tarhazoute Offshore blocks, respectively, and we remain the operator.

In the second quarter of 2014, we drilled the Fom Assaka well in the Agadir Basin, offshore Morocco, safely and on budget.

In May 2014, we strengthened the Senior Leadership Team and restructured the organization to deliver the corporate plan.

In May 2014, we completed a 3D seismic program of approximately 940 square kilometers over the Tweneboa, Enyenra, and Ntomme ("TEN") development and Wawa appraisal areas in the Deepwater Tano Block.

In July 2014, we completed a 3D seismic program of approximately 4,300 square kilometers over the Tarhazoute Offshore and Essaouira Offshore blocks.

In August 2014, we entered into a farm-in agreement with Repsol Exploración, S.A., to acquire a non-operated interest in the Camarao, Ameijoa, Mexilhao and Ostra blocks offshore Portugal. Following the completion of the acquisition, our participating interest in the blocks is 31%.

In August 2014, we entered into a farm-in agreement with Timis Corporation Limited, whereby we acquired a 60% participating interest and operatorship, covering the Cayar Offshore Profond and Saint Louis Offshore Profond blocks offshore Senegal.

In September 2014, we completed a 3D seismic survey of approximately 5,100 square kilometers over the Cap Boujdour Offshore block. We also commenced a 3D seismic survey of approximately 7,000 square kilometers over the Cayar Offshore Profond and Saint Louis Offshore Profond Contract Areas, which was completed in January 2015.

Key Compensation Decisions for 2014

Our compensation program in 2014 was designed to tie our named executive officers' pay directly to Company performance, thereby aligning the executives' interests with those of our shareholders. We believe that our compensation program effectively incentivized our executives to lead the Company to achieve the good performance we experienced in 2014 and will continue to motivate the executives to

Table of Contents

position us for future growth and success in both the short and long term. Our key compensation decisions included:

Base Salary. The Compensation Committee did not increase the base salaries paid to our current named executive officers in 2014 (other than Mr. Doughty) based on its determination that the base salaries were competitive with those paid for similar positions at companies in our peer group. In April 2014, the Compensation Committee approved a 14.2% increase in Mr. Doughty's base salary in connection with his promotion to his current position. As the only fixed component of our compensation program and a relatively small part of our named executive officers' total compensation, base salaries are determined primarily in light of the executive's responsibilities, experience and competitive practice. For details, see " Analysis of Executive Compensation Decisions Base Salary" below.

Annual Cash Bonus. In April 2014, the Compensation Committee approved a specific list of key performance indicators ("KPIs") against which the Compensation Committee would evaluate the Company's quantitative and qualitative performance. The Compensation Committee approved bonus opportunities for our named executive officers tied to the achievement of the KPIs and each executive's individual performance. In recognition of their critical roles in the success of the Company, the Compensation Committee approved increases in the target bonus opportunities for each of Messrs. Doughty and Haas from 60% to 75% of his base salary. In January 2015, the Committee evaluated performance against the KPIs, considered overall Company performance and each executive's individual performance and approved the payment of cash bonuses to the named executive officers. For details, see " Analysis of Executive Compensation Decisions Annual Cash Bonus" below.

Equity Incentive Awards. As is customary for our new hires generally, in connection with the commencement of their employment in 2014, Messrs. Inglis and Chambers each received a new hire equity grant consisting of service-vesting restricted share units (which we refer to as "service units") and performance-vesting restricted share units (which we refer to as "performance units") under our Long Term Incentive Plan (the "LTIP"). In addition, in June 2014, our named executive officers (other than Mr. Chambers, who did not join Kosmos until November 2014, and Mr. Dunlevy) received equity grants as part of our annual equity grant process consisting of service units and performance units. As in 2013 and 2012, Mr. Dunlevy one of our founding partners did not receive any equity awards in 2014 due to his significant equity stake in Kosmos pre-IPO and the value of the equity grants he received in connection with our IPO. We believe that equity awards (both new and outstanding) serve to retain and incentivize our named executive officers to work toward our continued growth and success. The awards also align the interests of our named executive officers (and other employees) with those of our shareholders, as the ultimate value received depends on the share price on the vesting date and, in the case of the performance units and performance-based restricted shares (which we refer to as "performance shares"), the level of attainment of the specified relative total shareholder return ("TSR") goal. For details on the terms of the equity incentive awards granted in 2014, see " Analysis of Executive Compensation Decisions Equity Awards" below.

Table of Contents

Overview

As a recently public oil and gas exploration and production company, we are focused on maximizing production, developing our discoveries and acquiring, exploring and appraising existing and new opportunities, including identifying, capturing and testing additional high-potential prospects to grow reserves and production. As we move into our "second inning" (i.e., the next phase of frontier exploration drilling), we are committed to strengthening our performance-driven, team-based culture and attracting and retaining top talent that is intensely focused on the successful execution of our strategy. As such, we have designed our executive compensation program to attract and retain highly experienced individuals, as well as to motivate and reward the individuals critical to our mission for their continued efforts to successfully deliver on our business plan. The three principal elements of our executive compensation program have continuously consisted of base salaries, annual cash bonuses and long-term equity incentive awards, with our approach to each of these elements evolving with our stage of development.

Pre-IPO. Prior to our IPO, we were a private partnership. To retain, incentivize and reward our named executive officers and other employees, and to maintain a strong ownership culture, we granted profit units representing targeted profit interests in KEH, our partnership predecessor. These profit units comprised a significant portion of our named executive officers' total compensation.

At IPO. In connection with our IPO, vested profit units were exchanged for vested common shares and unvested profit units were exchanged for service-vesting restricted shares (which we refer to as "exchange shares"). The exchange shares granted to our named executive officers have since vested. In addition, our named executive officers and other employees received grants of service and performance shares for overseeing our IPO, ensuring a smooth transition between our status as a private partnership and that of a public company and developing existing and identifying new reserve and production opportunities.

Post-IPO (2012 - 2014). Following our IPO, our named executive officers were instrumental in overseeing our continued growth, developing existing assets and identifying new reserve and production opportunities. Equity awards, which are designed to ensure a competitive, long-term incentive that directly aligns the interests of our named executive officers with those of our shareholders, continued to represent the most significant portion of our named executive officers' compensation.

Compensation Program Objectives and Methodology

The objectives of our executive officer compensation program are as follows:

attract, retain and motivate talented and experienced executives in the highly competitive oil and gas industry;

reward individual and corporate performance;

align the interests of our executives and shareholders by providing a substantial portion of the executives' compensation in the form of long-term equity-based awards granted under the LTIP; and

motivate our executives to manage our business to meet our long-term objectives, create and increase shareholder value and reward the executives when shareholder value increases.

Elements of Our Executive Compensation Program

As noted above, since our inception, our executive compensation program has consisted of base salaries, annual cash bonuses and long-term equity incentive compensation. Our named executive officers are not entitled to any supplemental executive retirement benefits or "golden parachute" tax

gross-ups. We expect that base salaries, annual cash bonuses and long-term equity incentive compensation will remain the principal elements of our executive compensation program going forward, although the relative proportions of each element, and the specific plan and award designs, will continue to evolve as we become a more established public company. Each element of our 2014 executive compensation program is described in more detail as follows:

Element	Objective and Basis
Base salary	<p>Competitive for each role, taking into account experience and level of responsibility in companies of similar size, complexity and stage of development.</p> <p>A basic fixed component, which comprises a relatively modest portion of overall compensation.</p> <p>Reviewed annually for possible adjustment by the Compensation Committee with input from our Chief Executive Officer (except for his salary), taking into account level of responsibility and experience and competitive practice.</p>
Annual cash bonus	<p>Reward Company and individual performance for the year.</p> <p>Bonus amounts payable to our named executive officers are based on the Compensation Committee's quantitative and qualitative assessment of the achievement of KPIs, general Company performance and individual performance goals.</p>
Equity incentive awards	<p>Encourage retention due to the multi-year service condition.</p> <p>Link interests of executive officers and shareholders, as ultimate value realized depends on share price performance over the long term.</p> <p>Performance shares/units provide additional link to shareholder interests due to relative TSR goal.</p>
Retirement and health and welfare benefits	<p>We do not provide any supplemental executive retirement plans.</p> <p>Our executive officers participate in our 401(k) plan on the same basis as our employees generally.</p>

Edgar Filing: Kosmos Energy Ltd. - Form DEF 14A

Our executive officers are entitled to the same health and welfare benefits during employment that are offered to U.S.-based employees generally, except that the executives are also entitled to payment of premiums for long-term disability and supplemental disability income insurance as well as annual executive physicals.

No "golden parachute" tax
gross-ups

We do not provide our executive officers with gross-ups for the excise tax that would be imposed on the executives under Section 4999 of the Code, if they received "excess" payments and benefits in connection with a change in control.

We believe that this mix of base salaries, annual cash bonuses and long-term equity incentive awards provides an appropriate balance between incentivizing short-term business and individual performance and long-term financial and share performance.

Executive Compensation Procedures

Role of the Compensation Committee

Our Compensation Committee is responsible for the approval, evaluation and oversight of our executive officer compensation and equity incentive compensation plans, policies and programs. Compensation Committee members speak frequently with each other concerning compensation matters outside of regularly scheduled meetings. The Compensation Committee may delegate its authority to subcommittees or the Chairman of the Compensation Committee when it deems it appropriate and in the best interests of the Company. The Compensation Committee may also delegate to one or more officers of the Company the authority to make equity grants to employees other than our executive officers under the LTIP. As Chairman of the Compensation Committee, Mr. Melwani reports to the full Board regarding compensation matters.

The Compensation Committee meets outside the presence of our Chief Executive Officer and our other named executive officers to consider the appropriate compensation for our Chief Executive Officer. The Compensation Committee analyzes the performance of our Chief Executive Officer and determines his base salary, any annual cash bonus and any grant of equity-based awards. For all other named executive officers, the Compensation Committee meets outside the presence of the named executive officers, except our Chief Executive Officer. Our Chief Executive Officer reviews the performance of each named executive officer (other than himself) with the Compensation Committee and makes recommendations to the Compensation Committee on the appropriate base salary, any annual bonus and any grant of equity-based awards. Our Chief Executive Officer has no role in determining his own compensation. For more on the Compensation Committee's responsibilities, see "Board of Directors, Board Meetings and Committees Committees of the Board of Directors Compensation Committee" above.

Role of Compensation Consultant

Since our IPO, the Compensation Committee has engaged Meridian Compensation Partners, LLC ("Meridian") to provide external industry information, strategic input and recommendations regarding the amounts and forms of executive compensation. Meridian has also provided similar information and input regarding outside director compensation.

Meridian reports directly and exclusively to the Compensation Committee, and at the Compensation Committee's direction Meridian works with management to review or prepare materials for the Compensation Committee's consideration. Meridian did not provide any other services to the Company or our management in 2014. Meridian participated in several conversations with the Compensation Committee and Committee Chairman in 2014 and early 2015 and developed materials for the Compensation Committee's consideration at meetings.

Meridian provided current information on industry compensation trends and practices and their application to Kosmos for the Company and the Compensation Committee to consider regarding compensation levels and incentive compensation design. Meridian updated the Compensation Committee on recent executive compensation trends in the oil and gas exploration and production industry as context for the Compensation Committee's annual compensation review.

Meridian provided the Compensation Committee and Kosmos with select industry trend and compensation data from two groups of companies in late 2013. The companies reflect two oil and gas

Table of Contents

exploration and production industry reference groups developed by Meridian to provide a basis for Kosmos and the Compensation Committee to evaluate 2014 executive compensation:

	Enterprise Value	Large Offshore
Description	Fourteen U.S.-based oil and gas exploration and production companies within a defined range of enterprise value (\$2 billion to \$10 billion)	Six large U.S.-based companies having a segment of their business focused on offshore oil and gas exploration and production
Rationale	Represents companies of similar size to Kosmos	Represents companies that seek and hire offshore-specific oil and gas technical talent and leadership
Members	Bill Barrett Corp. Carrizo Oil and Gas, Inc. Cimarex Energy Co. Exco Resources Inc. Forest Oil Corp. Laredo Petroleum Holdings, Inc. Newfield Exploration Co. Oasis Petroleum, Inc. QEP Resources Inc. Quicksilver Resources Inc. SM Energy Co. Ultra Petroleum Corp. Whiting Petroleum Corp. WPX Energy, Inc.	Anadarko Petroleum Corp. Apache Corp. Hess Corp. Marathon Oil Corp. Newfield Exploration Co. Noble Energy Inc.

The Compensation Committee uses peer data as a reference for pay levels and practices and considers such data relevant to, but not determinative of, its consideration of overall executive compensation matters. In evaluating prevailing industry executive compensation practices, the Compensation Committee noted that the referenced companies vary in size and scope, operate in different geological basins and generally have less focus on deepwater exploration than Kosmos. We compete with these companies for talent and believe that the referenced companies are currently appropriate for executive compensation comparison. The differences and similarities between us and the companies in these peer groups are taken into consideration when considering peer group data for executive compensation decisions.

For 2014, Meridian provided the Compensation Committee with information necessary for an evaluation of its independence in accordance with Section 10C-1 of the Exchange Act to determine whether a potential conflict of interest might arise in connection with advising the Compensation Committee. After reviewing the information provided, the Compensation Committee concluded that the advice provided by Meridian is objective and no conflict exists.

Advisory Vote to Approve Named Executive Officer Compensation

At our 2014 annual general meeting of shareholders, approximately 99.1% of votes were cast, on an advisory basis, in favor of our named executive officer compensation. As such, the Compensation Committee has concluded that our shareholders are satisfied with our existing named executive officer compensation program. Based on this result and our ongoing review of our compensation policies and decisions, we believe that our existing compensation program effectively aligns the interests of our named executive officers with our long-term goals. Nevertheless, we continually consider ways to modify

Table of Contents

our compensation program to strengthen this alignment of interests. Our shareholders will have an opportunity again this year to vote, on an advisory basis, on our named executive officer compensation. The Compensation Committee will carefully consider the results of this year's shareholder vote, along with all shareholder views on our compensation programs that are communicated to us, when making future compensation decisions for our named executive officers.

Analysis of Executive Compensation Decisions

Base Salary

Base salary is the sole fixed component of our executive compensation program and represents a small portion of our named executive officers' total compensation package, offering them a measure of certainty and predictability. We generally review salary ranges and individual salaries for our named executive officers annually. We establish the base salary for each named executive officer based on our review of pay levels of our industry peers and business requirements for certain skills, individual experience and contributions and the roles and responsibilities of the executive. We believe competitive base salaries are necessary to attract and retain an executive management team with the appropriate abilities and experience required to lead us and execute our strategy.

Although we have no written policies or guidelines for setting or adjusting the base salaries of our named executive officers within a specified range of the compensation levels of our publicly traded industry peers, our named executive officer salaries are intended to be competitive with those of our industry peers and are subject to change if, among other reasons, the executive's experience or responsibilities change materially or there are changes in the competitive market environment.

In 2014, the Compensation Committee reviewed the base salaries paid to each of our named executive officers. Based on the review of peer data, the Compensation Committee deemed the base salaries to be competitive with those paid for similar positions at companies in our peer group. As such, the Compensation Committee determined not to increase the base salaries paid to each of our named executive officers (other than Mr. Doughty) in 2014. In consideration of peer market data and in connection with his promotion to his current position, the Compensation Committee increased Mr. Doughty's base salary in April 2014 from \$352,849 to \$403,000.

Following the completion of the 2014 fiscal year, the Compensation Committee reviewed and approved increases in the base salaries paid to each of our named executive officers (other than Mr. Dunlevy). For details, see " Subsequent Events 2015 Base Salary Increases" below.

Annual Cash Bonus

Annual cash bonuses approved by the Compensation Committee for our named executive officers for 2014 were based on Company and individual performance. In April 2014, the Compensation Committee, in consultation with our Chief Executive Officer, established KPIs for 2014, and also approved bonus opportunities for our named executive officers. Based on a review of peer data and in recognition of their critical role in the success of the Company, the Compensation Committee approved an increase in the target bonus opportunities for each of Messrs. Doughty and Haas from 60% to 75% of his base salary. The maximum bonus each of our named executive officers was eligible to receive in respect of 2014 was 200% of his target bonus opportunity.

The actual amount of the bonus pool available for bonus payments to our named executive officers was determined based on the Compensation Committee's quantitative and qualitative assessment of the level of achievement of the KPIs and overall Company financial and operating performance. Actual individual bonus amounts payable to our named executive officers were then determined based on the Compensation Committee's review and assessment of the individual performance of each of our named executive officers (taking into account our Chief Executive Officer's assessment of individual performance of each executive, other than himself).

In determining the final amount of the bonus pool for the 2014 performance year for all of our employees (including our named executive officers), the Compensation Committee considered Company performance generally, including the financial, organizational, operating and strategic results summarized in " Business Highlights" above, with particular emphasis placed on the operational and cost performance described above.

In determining the individual bonus amounts for our named executive officers for 2014, the Compensation Committee considered each executive's level of achievement of several pre-established individual performance factors, including financial performance, operating performance, significant strategic initiatives, organizational leadership and investor and Board relations.

Table of Contents*Equity Awards*

The new hire equity awards granted to Messrs. Inglis and Chambers in connection with the commencement of their employment in 2014 and the 2014 annual equity awards granted to our named executive officers (other than Messrs. Dunlevy and Chambers) and other employees as part of our annual equity grant process (in each case, as described above) are designed to encourage retention and to motivate our named executive officers (and other employees) to contribute significantly to our success and to create shareholder value. Currently, our named executive officers receive 50% of their total annual equity-based incentive compensation in the form of service shares/units and 50% in the form of performance units.

Both annual and new hire service units granted in 2014 vest ratably each year over four years based on continued service. To vest in the performance units granted in 2014 requires attainment of both a service and a performance condition. The service condition is attained ratably each year over four years, and the performance condition is attained after four years based on a specified relative TSR performance goal. The attainment of the performance condition will be determined on the last day of the four-year performance period (as specified below) based on our TSR as compared to the TSR of each of our peer companies (listed below). TSR will be calculated as the percentage by which the average closing price of a share of the Company or a share of a peer company on each of the 30 trading days ending on the last day of the performance period is more or less than the average closing price of the share on each of the 30 trading days ending on the first day of the performance period, plus the amount of any dividends or distributions that are declared on the share during the performance period.

The performance condition for the performance units granted to our named executive officers in 2014 will be attained based on the percentile ranking of our TSR relative to the TSR of each of the peer companies during the performance period commencing January 2, 2014 and ending January 2, 2018 (or, in the case of Mr. Chambers, the period commencing January 2, 2015 and ending January 2, 2019, because he only commenced employment with us in November 2014), as follows:

TSR Ranking	Attainment of Performance Condition
75th percentile and above	200%
50th percentile (target)	100%
25th percentile	25%
Below 25th percentile	0%

The percentage of the performance condition attained will be interpolated for performance between the percentiles shown above. To the extent the performance condition is attained above the target performance level, our Compensation Committee, in its sole discretion, may provide for settlement of any such above-target portion of the performance units in cash in lieu of shares. This discretion to settle the performance units in cash is intended to provide our Compensation Committee flexibility to preserve shares under the LTIP for future new hire and annual equity awards.

Table of Contents

The 13 peer companies for performance units granted in 2014 are listed below. If a peer company is no longer publicly traded on the last day of the performance period, it will be removed from the peer group and will not be replaced. These companies were selected because they are the oil and gas exploration production companies most like Kosmos in terms of geographic reach and development stage.

Anadarko Petroleum Corp.	Nexen, Inc.
Apache Corp.	Niko Resources Ltd.
BG Group plc	Noble Energy Inc.
Cairn Energy plc	OGX Petroleo e Gas Participacoes SA
Cobalt International Energy, Inc.	Premier Oil plc
HRT Participacoes em Petroleo SA	Tullow Oil plc
Lundin Petroleum AB	

To receive any payout under these awards, our named executive officers and other employees generally must remain employed with us through the vesting date and, in the case of performance shares/units, the TSR goal must be satisfied. However, the awards are subject to accelerated vesting under specified circumstances (see "2014 Compensation Potential Payments Upon Termination or Change in Control" below). In addition, the ultimate value that the executives and employees receive will depend on the share price on the vesting date and, in the case of the performance shares/units, the level of attainment of the relative TSR goal.

Our named executive officers are generally not entitled to minimum or guaranteed annual equity incentive awards. However, our offer letter with each of Messrs. Inglis and Chambers provides that he will be eligible to receive annual equity awards during his employment and that:

the annual equity awards granted to Mr. Inglis after 2014 are expected to have a grant date value equal to 2.5 times his base salary, but with the actual grant date value of any such post-2014 award determined in the discretion of the Board (or a committee thereof); and

Mr. Chambers is entitled to an annual equity award for 2015 with a grant date value of \$2,250,000.

For details on the outstanding equity awards granted to our named executive officers in 2014 and prior years, including the numbers of shares, dollar values, vesting schedules and acceleration and forfeiture provisions, see the tables and narrative under "2014 Compensation" below.

Following the completion of the 2014 fiscal year, the Board approved the annual grant of equity awards for 2015 to our named executive officers (and other employees) and the grant of special one-time awards of performance units to our named executive officers (and to certain other employees critical to the Company's mission). For details, see " Subsequent Events Amendment to the LTIP and 2015 Annual Equity Grants" below.

Benefits and Perquisites

Our named executive officers are entitled to the same health and welfare benefits as our employees generally, including medical, prescription drug, dental and vision insurance, and are also entitled to annual executive physicals, financial and tax planning services, relocation benefits and payments of premiums for supplemental health and welfare benefits. Our named executive officers participate in our tax-qualified 401(k) plan on the same basis as our employees generally and are not entitled to any supplemental executive retirement benefits. Under the 401(k) plan, the Company matches 100% of an employee's elective deferrals up to a specified percentage of eligible compensation (8% in 2014), subject to applicable limitations under the Code.

Table of Contents

For details and the amounts of such benefits, see the "All Other Compensation" column of the 2014 Summary Compensation Table and the accompanying footnotes below.

Termination and Change in Control Benefits

Equity Awards

The vesting of the equity awards held by our named executive officers accelerates under specified circumstances relating to a termination of employment or a change in control. See "Potential Payments Upon Termination or Change in Control Equity Awards" below.

Offer Letters

The offer letter agreements we have entered into with each of our named executive officers (other than Messrs. Maxted and Dunlevy) provide for specified termination payments and benefits. See "2014 Compensation Potential Payments Upon Termination or Change in Control Offer Letters" below.

Severance Policy

Our severance policy is designed to encourage continuity of management and other employees after a change in control. The policy provides severance benefits to regular full-time U.S. employees whose employment is terminated in connection with a "change in control" (as defined in the LTIP). See "2014 Compensation Potential Payments Upon Termination of Change in Control Severance Policy" below.

Policy on Recovery of Compensation

Under the Dodd-Frank Act, the New York Stock Exchange is obligated to adopt rules that will require the Company to develop and implement a policy providing that, in the event of an accounting restatement due to material noncompliance with reporting requirements under securities laws, the Company will recover from executive officers incentive-based compensation in excess of the amount that would have been paid to the executive officers under the accounting restatement for the three-year period before the restatement. Once these rules are adopted, the Board intends to adopt a formal policy regarding the recovery of compensation in compliance with the rules.

Policy Prohibiting Hedging Transactions

Our Insider Trading Policy prohibits our employees, including our named executive officers, from engaging in speculative transactions in the Company's securities, including short sales and, unless our General Counsel provides prior written authorization, publicly traded options and margin accounts.

Compensation Risk Assessment

Our management team has reviewed our compensation policies and practices for all of our employees with our Compensation Committee. We believe that the balanced pay mix, diversified performance metrics, emphasis on long-term equity incentive compensation tied to service and performance conditions and the overall amount of compensation, as well as our internal controls and oversight by the Compensation Committee and our Board, mitigate any potential risks. The Compensation Committee has determined, based on this review, that our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Deductibility of Executive Compensation

Section 162(m) of the Code generally limits the federal income tax deduction for compensation paid to each of the chief executive officer and the three other most highly compensated executive

Table of Contents

officers (other than the chief financial officer) of a publicly held corporation to \$1 million per year, with an exception for performance-based compensation paid based on the attainment of pre-established performance goals. As a newly public company, we have been eligible for special transition relief under Section 162(m) of the Code. This special transition relief expires effective as of the date of this annual general meeting of shareholders. Going forward, we intend to consider deductibility under Section 162(m) of the Code when structuring our compensation arrangements for our executive officers. However, depending on the relevant circumstances at the time, we may determine to award compensation that may not be deductible.

Subsequent Events*2015 Base Salary Increases*

Following the completion of the 2014 fiscal year, the Compensation Committee reviewed and approved an increase in the base salary paid to each of our named executive officers (other than Mr. Dunlevy due to his pending retirement), effective as of January 1, 2015, to remain competitive and to accurately reflect each executive's role and responsibilities.

Name	Base Salary Rate (effective as of 12/31/2014) (\$)	Base Salary Rate (effective as of 1/1/2015) (\$)	Increase (%)
Andrew G. Inglis	900,000	950,000	5.6%
Thomas P. Chambers	550,000	569,250	3.5%
Brian F. Maxted	653,328	676,194	3.5%
Christopher J. Ball	497,325	514,731	3.5%
Jason E. Doughty	403,000	431,210	7.0%
Eric J. Haas	402,085	416,158	3.5%

Amendment to the LTIP and 2015 Annual Equity Grants

In January 2015, the Board, upon the recommendation of the Compensation Committee, approved the following:

An amendment to the LTIP, subject to approval by our shareholders, to increase the available share reserve under the LTIP by 15,000,000 common shares. See "Proposal 4 Approval of an Amendment to the Long Term Incentive Plan and the Material Terms of the Performance Goals Under the Plan" above.

The grant of service-vesting restricted shares (which we refer to as "service shares") and performance units to our named executive officers (other than Mr. Dunlevy) under the LTIP in January 2015 as part of our annual equity grant process. This grant of annual equity awards in January is a departure from our historical practice of granting annual equity awards in June of each year and, unless and until the Compensation Committee decides otherwise, it will continue to be our annual grant practice going forward. The shift to granting annual equity awards in January is intended to be consistent with the annual equity grant timing of the companies in our peer group and prevailing industry practice. The 2015 annual equity awards were granted subject to shareholder approval of the proposed amendment to the LTIP. In the event our shareholders do not approve the proposed amendment to the LTIP, the 2015 annual equity awards will be replaced with equivalent cash awards (in the case of service shares) or will be settled in cash (in the case of performance units). For details on the amounts and terms of the annual equity awards granted to our named executive officers in 2015, see "Proposal 4 Approval of an Amendment to the Long Term Incentive Plan and the Material Terms of the Performance Goals Under the Plan" above.

Table of Contents

The grant of special one-time awards of performance units under the LTIP to our named executive officers (and to certain other employees critical to the Company's mission). The special awards are intended to further strengthen the link between the executives' compensation and shareholder value creation by motivating exceptional performance during our "second inning". The terms of the special awards are substantially consistent with the terms of the 2015 annual grant of performance units described above, except that the special performance units are not subject to the approval by our shareholders of the amendment to the LTIP.

We will describe in more detail the amounts and terms of the 2015 annual equity awards and special awards of performance units in our Proxy Statement for our 2016 annual general meeting of shareholders.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the CD&A with our management. Based on this review and discussion, the Compensation Committee recommended to the Board that the CD&A be included in this Proxy Statement and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended December 31, 2014.

Respectfully submitted by the Compensation
Committee of the Board,

Prakash A. Melwani, Chairman
Joseph P. Landy

(1) The amounts reported are the target and maximum annual bonuses that our named executive officers were eligible to receive for performance during 2014 pursuant to our annual incentive plan. For additional information on these bonuses, see "Compensation Discussion and Analysis Analysis of Executive Compensation Decisions Annual Bonus" above.

(2) These amounts reflect the performance units, which are scheduled to vest between 0% and 200% of the number of shares shown in the "Target" sub-column based on attainment of both a service condition that will lapse ratably each year over four years and the specified relative TSR performance condition that will be measured on January 2, 2018 (or, for Mr. Chambers, on January 2, 2019). The amounts in the "Threshold" sub-column reflect the 25% of the shares shown in the "Target" sub-column that will vest on attainment of the service condition and the threshold performance level. If either the service condition or the threshold performance level is not attained, the awards will be forfeited. The amounts in the "Target" sub-column reflect the 100% of the shares that will vest on attainment of the service condition and the target performance level. The amounts in the "Maximum" sub-column reflect the 200% of the shares that will vest on attainment of the service condition and the maximum performance level. For more on the terms of these awards, see "Compensation Discussion and Analysis Analysis of Executive Compensation Decisions Equity Awards" above.

(3) These amounts reflect service units that are scheduled to vest ratably each year over four years, based solely on service.

For the values of these units, assuming attainment of the maximum level of performance, see footnote 9 to the "2014 Summary Compensation Table" above. The actual value, if any, realized by each named executive officer for these performance units is a function of the value of the shares if and when the units vest.

For additional information on how we account for equity-based compensation, see Note 12 to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2014.

Maxted and Dunlevy) their offer letters. For a summary of the terms of our severance policy and these offers letters, see " Severance Policy" and " Offer Letters" below.

- (1) Messrs. Inglis, Chambers and Ball hold service and performance units, Messrs. Maxted and Doughty hold service shares and units and performance shares and units, Mr. Haas holds exchange shares, service shares and units and performance shares and units and Mr. Dunlevy holds service and performance shares, in each case that were unvested as of December 31, 2014. Under the terms of the applicable award agreements, and, in the case of Mr. Inglis, the terms of his offer letter, these awards are subject to accelerated vesting under specified circumstances. The amounts in the table are based on the \$8.39 closing price of a share on December 31, 2014. For performance shares/units, to the extent the service condition was met prior to, or is deemed to be met as a result of, a specified termination of employment and, in either case, the performance shares/units otherwise remain subject to the satisfaction of the specified relative TSR goal following such termination of employment, these amounts assume maximum attainment of such goal as of December 31, 2014. See "Equity Awards" and "Offer Letters" below for more details on the circumstances under which the vesting of these awards would have accelerated.
- (2) Represents the payment of two times Mr. Inglis' annual base salary and annual target bonus as of December 31, 2014, payable in equal monthly installments over 24 months under Mr. Inglis' offer letter. For additional details, see " Offer Letters" below.
- (3) Represents a cash payment in an amount equal to the premium cost of continued healthcare coverage for 24 months under our severance policy (or, for Mr. Inglis, under his offer letter).
- (4) Represents the cost of outplacement services for 18 months under our severance policy.
- (5) Represents payouts of unused vacation time under our severance policy.
- (6) Represents a lump-sum cash severance payment under our severance policy equal to 24 months of base salary plus four additional weeks of base salary for each year of service (for each of Messrs. Maxted and Dunlevy, 44 additional weeks; for Mr. Ball, four additional weeks; for Mr. Doughty, 12 additional weeks; and for Mr. Haas, 24 additional weeks) and any additional amounts payable for any partial year of service.
- (7)

Edgar Filing: Kosmos Energy Ltd. - Form DEF 14A

Under our severance policy, each of our named executive officers is entitled to a prorated portion of his annual target bonus for the year of termination, if not yet paid.

(8)

Represents the payment to Mr. Chambers under his offer letter of (i) his base salary and target bonus and (ii) continued medical and dental coverage for him and his eligible dependents for 12 months. For additional details, see " Offer Letters" below.

Table of Contents

- (9) Represents payments of annual base salary and reimbursement of the cost of medical and dental insurance for each executive and his dependents (for 18 months for Mr. Ball and for 12 months for Mr. Doughty). In addition, Mr. Doughty is entitled to 12 months of estimated bonus payments (based on the target amount of his bonus). For additional details, see " Offer Letters" below.
- (10) For Messrs. Ball, Doughty and Haas, represents \$29,233, \$29,370 and \$20,000, respectively, for reasonable and customary costs that we estimate would be incurred in moving each executive and (other than for Mr. Ball) his family back to his former residence location, if (i) with respect to Messrs. Ball and Doughty, solely as a result of a "change in control" (as defined in the LTIP and summarized below under " Equity Awards Definitions"), either (A) Mr. Ball's employment terminated within 18 months after his start date (i.e., by January 1, 2015) or (B) either Mr. Ball or Mr. Doughty is required to relocate to a location outside of the Dallas/Fort Worth area, or (ii) with respect to Mr. Haas, solely as a result of a "liquidation event" (as defined in the Fourth Amended and Restated Operating Agreement of KEH, filed with the SEC on March 30, 2011 as Exhibit 3.4 to the Registration Statement on Form S-1, which would include certain sales or mergers), Mr. Haas is required to relocate to a location outside of the Dallas/Fort Worth area. These estimates are based on the costs incurred in moving each executive and (other than for Mr. Ball) his family to the Dallas/Fort Worth area.

Offer Letters

The offer letter agreements we have entered into with each of our named executive officers (other than Messrs. Maxted and Dunlevy) provide for specified termination payments and benefits, as follows:

On termination of Mr. Inglis' employment by us without "cause" or by him for "good reason" (as such terms are defined in his offer letter and summarized below under " Equity Awards Definitions"), subject to his execution of a release of claims, Mr. Inglis is entitled to (i) cash severance in an amount equal to two times the sum of his base salary and target bonus (payable in equal monthly installments over 24 months), (ii) continued medical and dental coverage for him and his dependents for 24 months and (iii) accelerated vesting of the service units granted to him on April 1, 2014.

If the employment of each of Messrs. Chambers, Ball and Doughty is terminated through no fault of his own or his position is eliminated and he is not offered a comparable position in Dallas, Texas, then (i) Mr. Chambers will receive (a) cash severance in amount equal to the sum of his base salary and target bonus and (b) continued medical and dental coverage for him and his eligible dependents for 12 months and (ii) each of Messrs. Ball and Doughty will receive (a) his annual base salary and (b) reimbursement of the cost of medical and dental insurance for him and his dependents, in each case for a specified period (18 months for Mr. Ball and 12 months for Mr. Doughty). Mr. Doughty will also receive 12 months of estimated bonus payments.

Each of Messrs. Ball, Doughty and Haas is also entitled to payment of reasonable and customary expenses associated with his moving back to the United Kingdom (for Mr. Ball), Houston, Texas (for Mr. Doughty) or The Woodlands, Texas (for Mr. Haas) under the circumstances described in footnote 10 to the "Potential Payments Upon Termination of Change in Control" table above.

Severance Policy

Our severance policy is designed to encourage continuity of management and other employees after a change in control. The policy provides severance benefits to regular full-time U.S. employees whose employment is terminated in connection with a "change in control" (as defined in the LTIP and summarized below) as a result of:

work force reduction;

Table of Contents

departmental reorganization that results in job elimination;

departmental reorganization that results in a material diminution of the skills, requirements, aptitudes or other criteria of the position, if the employee declines an offer of continued employment in the altered position or in another position that the Company deems comparable in its reasonable discretion; or

relocation of the job functions outside of a 50-mile radius, if the employee is not offered employment at the new location or declines an offer of employment at the new location.

The severance policy provides for the following termination benefits:

a lump-sum cash severance payment in an amount determined based on the employee's title, years of service and base salary (for our named executive officers, this amount equals 24 months of base salary plus four additional weeks of base salary for each year of service);

a prorated portion of the employee's target bonus for the current year, if not yet paid;

a cash payment in an amount equal to the premium cost of continued healthcare coverage for a specified period (24 months for our named executive officers);

outplacement services for a specified period (18 months for our named executive officers); and

payout of unused vacation time.

Employees, including our named executive officers, who have a separate severance agreement may receive benefits under that agreement or the severance policy, but not both. To receive severance benefits under the severance policy, an employee must sign and not revoke a separation and release agreement in the form prescribed by the Company.

Equity Awards

Exchange Shares, Service Shares and Service Units

Service shares/units held by each of our named executive officers (other than (i) the service shares/units granted to Messrs. Ball, Doughty and Haas before they were promoted to their executive officer positions and (ii) the service units granted in 2014) are scheduled to vest based solely on service and would have fully vested on December 31, 2014, if on that date the executive's employment had terminated due to his death or disability or by us without cause or by him for good reason. Had we undergone a change in control on December 31, 2014, these awards would have become fully vested on the earliest to occur of:

the first anniversary of the change in control, if the executive remained employed through the anniversary date;

the regularly scheduled vesting date, if the executive remained employed through the vesting date; and

termination of the executive's employment due to his death or disability or by us or the acquiror without cause or by him for good reason.

Edgar Filing: Kosmos Energy Ltd. - Form DEF 14A

On termination of the executive's employment by us or the acquiror for any other reason before the earlier of the first anniversary of the change in control or the regularly scheduled vesting date, the service shares/units would have been forfeited.

Table of Contents

The exchange shares held by Mr. Haas and the service shares/units held by Messrs. Ball, Doughty and Haas that were granted to them before they were promoted to their executive officer positions, and the service shares/units granted to our named executive officers in 2014, would have fully vested on December 31, 2014, if on that date their employment had terminated due to their death or disability. Had we undergone a change in control on December 31, 2014, these awards (other than the service units granted to Mr. Inglis in 2014) would have become fully vested under the circumstances described above for other service shares/units. These service shares/units would have been forfeited on termination of employment under any other circumstances.

Had we undergone a change in control on December 31, 2014, the service units granted to Mr. Inglis in 2014 would have become fully vested on the earliest to occur of:

the first anniversary of the change in control, if Mr. Inglis remained employed through the anniversary date;

termination of Mr. Inglis' employment due to his death or disability; or

the later of the date of termination or the change in control, if Mr. Inglis' employment is terminated by us without cause or by him for good reason during the period beginning three months before, and ending one year after, such change in control, provided that any termination during the period beginning three months before such change in control was at the request of a third party that had taken steps reasonably calculated to effectuate such change in control or that otherwise arose in connection with or anticipation of such change in control.

The service units would have been forfeited on termination of Mr. Inglis' employment under any other circumstances.

Performance Shares Granted in Connection with Our IPO

Messrs. Maxted, Dunlevy and Haas hold performance shares that were granted to them in connection with our IPO and that are scheduled to vest based on attainment of both a service condition and a relative TSR performance condition. The service condition would have been fully attained on December 31, 2014, if on that date the executive's employment had terminated due to his death or disability, and the performance shares would have remained subject to the performance condition.

Had any of Messrs. Maxted, Dunlevy or Haas terminated his employment without good reason at any time, or had his employment been terminated by us without cause or by him for good reason at any time other than on, or within one year after, a change in control, then:

the performance shares, if any, for which the applicable service condition had been satisfied as of such termination would have remained subject to the applicable performance condition; and

the performance shares, if any, for which the applicable service condition had not been satisfied as of such termination would have been forfeited in their entirety without any payment to the executive.

Had we undergone a change in control on December 31, 2014, the performance condition would have been deemed attained at the maximum level, and the performance shares would have remained subject to the service condition to the extent not yet met. After the change in control, the performance shares would have vested or been forfeited under the same circumstances as are described above for the service shares/units.

Table of Contents

Performance Shares and Performance Units Granted After Our IPO

For performance shares and performance units granted after our IPO and prior to 2014 to our named executive officers other than Mr. Dunlevy (other than the performance shares/units granted to Messrs. Ball, Doughty and Haas before they were promoted to their executive officer positions), the service condition would have been fully attained on December 31, 2014, if on that date the executive's employment had terminated due to his death or disability or had his employment been terminated by us without cause or by him for good reason, and such performance shares/units would have remained subject to the performance condition. Had the executive terminated his employment without good reason at any time, the performance shares/units, if any, for which the applicable service condition had been satisfied as of such termination would have remained subject to the applicable performance condition, and the remaining performance shares/units would have been forfeited without any payment to the executive.

The performance shares/units granted to Messrs. Ball, Doughty and Haas before they were promoted to their executive officer positions and the performance units granted to our named executive officers in 2014 (other than Mr. Inglis) are subject to the same terms on a termination of service as the performance shares granted to Messrs. Maxted, Dunlevy and Haas in connection with our IPO (as described above).

For performance shares/units granted to our named executive officers (other than the performance units granted to Mr. Inglis in 2014), had we undergone a change in control on December 31, 2014, the performance condition would have been deemed attained at the maximum level (for such performance shares) or at the target level (for such performance units), and such performance shares/units would have remained subject to the service condition to the extent not yet met. After the change in control, such performance shares/units would have vested or been forfeited under the same circumstances as are described above for the service shares/units.

For performance units granted to Mr. Inglis in 2014, the service condition would have been deemed fully attained on December 31, 2014, if on that date Mr. Inglis' employment had terminated due to his death or disability. Had Mr. Inglis terminated his employment without good reason at any time, or had his employment been terminated by us without cause or by him for good reason at any time other than during the period beginning three months before, and ending one year after, a change in control, then:

the performance units, if any, for which the applicable service condition had been satisfied as of such termination would have remained subject to the applicable performance condition; and

the performance units, if any, for which the applicable service condition had not been satisfied as of such termination would have been forfeited in their entirety without any payment to Mr. Inglis.

Had we undergone a change in control on December 31, 2014, the performance condition would have been deemed attained at the target level, or at the maximum level for Mr. Inglis. After the change in control, the performance units would have vested or been forfeited under the same circumstances as are described above for service shares/units.

Table of Contents

Definitions

For purposes of the accelerated vesting of the named executive officers' equity awards under the circumstances described above, "cause," "change in control," "disability" and "good reason" are defined in the LTIP (or, for Mr. Inglis, in his offer letter) as follows:

"Cause" generally means the named executive officer's:

- (i) failure (or, in the case of Mr. Inglis, material failure) to perform his duties (other than any such failure resulting from his physical or mental incapacity);
- (ii) having engaged in misconduct, negligence or a breach of fiduciary duty (or, in the case of Mr. Inglis, having engaged in serious misconduct, gross negligence or a material breach of a fiduciary duty);
- (iii) having been convicted of, or having entered a plea bargain or settlement admitting guilt or the imposition of unadjudicated probation for, any crime of moral turpitude or felony under any applicable law;
- (iv) breach (or, in the case of Mr. Inglis, material breach) of any restrictive covenant (and, in the case of Mr. Inglis, any notice requirement, garden leave provision or similar requirement) to which he is subject;
- (v) breach (or, in the case of Mr. Inglis, material breach) of any of our policies, including any policy that relates to expense management, human resources or the Foreign Corrupt Practices Act;
- (vi) unlawful use or possession of illegal drugs on our premises or while performing his duties to us; or
- (vii) commission of an act of fraud, embezzlement or misappropriation, in each case, against us.

In the case of Mr. Inglis, if the Company believes that he has committed an act giving rise to cause under clauses (i), (ii), (iv) or (v) above, then, if such act or omission is reasonably susceptible of cure, we must provide Mr. Inglis written notice specifying the circumstances alleged to constitute cause within 90 days of the Board's first obtaining knowledge of such circumstances. Mr. Inglis then has 30 days to cure the circumstances. If he has not cured the circumstances within such 30-day period, we may terminate Mr. Inglis' employment within 60 days after the end of such 30-day period.

"Change in Control" generally means the occurrence of one or more of the following events:

- (i) the acquisition of 50% or more of the combined voting power of our outstanding securities (other than by our controlling shareholders);
- (ii) the replacement of the majority of our directors during any 12-month period (other than by directors approved by a majority of our remaining directors);
- (iii) the consummation of our merger, amalgamation or consolidation with another entity (unless our voting securities outstanding immediately before such transaction continue to represent more than 50% of the combined voting power of the surviving or resulting entity outstanding immediately after such transaction); or
- (iv) the transfer of our assets having a gross fair market value of 50% or more of the total gross market value of our assets immediately before such transfer (other than any such transfer immediately after which such assets are

owned directly or indirectly by our shareholders in substantially the same proportions as their ownership of our common

Table of Contents

shares immediately before such transfer), and the subsequent distribution of the proceeds from such transfer to our shareholders having a fair market value that is greater than 50% of our fair market value immediately before such transfer.

"Disability" generally means "disability" as defined in our long-term disability plan for the purpose of determining eligibility for benefits. If such plan contains multiple definitions of disability, then "disability" refers to that definition of disability which, if the named executive officer qualified for such benefits, would provide coverage for the longest period.

"Good Reason" generally means the occurrence of any of the following events without the named executive officer's consent:

- (i) a reduction in his base salary or target bonus, other than any such reduction that applies generally to similarly situated employees (or, in the case of Mr. Inglis, that applies to senior executives of the Company);
- (ii) relocation of his principal place of employment by more than 50 miles; or
- (iii) a material reduction in his duties or responsibilities (in the case of our named executive officers other than Mr. Inglis, that occurs within two years after a change in control).

In each case, the executive must provide us with written notice specifying the circumstances alleged to constitute good reason within 90 days after the circumstances first occur. We then have 30 days to cure the circumstances. If we have not cured the circumstances within such 30-day period, the executive is required to resign within 60 days after the end of such 30-day period.

Commencing with 2014, these grants are made annually on the date of our annual general meeting of shareholders (or, for new directors who begin serving on the Board on a different date, on such date). Section 8. *Restricted Stock and RSUs.* The Committee is authorized to grant Awards of Restricted Stock and RSUs to Participants with the following terms and conditions and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine:

(a) Shares of Restricted Stock and RSUs shall be subject to such restrictions as the Committee may impose (including any limitation on the right to vote a Share of Restricted Stock

or the right to receive any dividend, dividend equivalent or other right), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise, as the Committee may deem appropriate.

(b) Any Share of Restricted Stock granted under the Plan shall be evidenced by entry in the register of members of the Company and in such other manner as the Committee may deem appropriate, including issuance of a share certificate or certificates. In the event any share certificate is issued in respect of shares of Restricted Stock granted under the Plan, such certificate shall be registered in the name of the Participant and shall bear an appropriate legend referring to the terms, conditions and restrictions applicable to such Restricted Stock.

(c) If the Committee intends that an Award granted under this Section 8 shall constitute or give rise to Section 162(m) Compensation, then, to the extent the Committee determines the following to be necessary under Section 162(m) of the Code, such Award may be structured in accordance with the requirements of Section 9, including the performance criteria set forth therein and the Award limitation set forth in Section 5(e), and any such Award shall be considered a Performance Award for purposes of the Plan.

(d) The Committee may provide in an Award Document that an Award of Restricted Stock is conditioned upon the Participant making or refraining from making an election with respect to the Award under Section 83(b) of the Code. If a Participant makes an election pursuant to Section 83(b) of the Code with respect to an Award of Restricted Stock, such Participant shall be required to file promptly a copy of such election with the Company and the applicable Internal Revenue Service office.

Section 9. *Performance Awards.* The Committee is authorized to grant Performance Awards to Participants with the following terms and conditions and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine:

(a) Performance Awards may be denominated as a cash amount, number of Shares or a combination thereof and are Awards which may be earned upon achievement or satisfaction of performance conditions specified by the Committee. In addition, the Committee may specify that any other Award shall constitute a Performance Award by conditioning the right of a Participant to exercise the Award or have it settled, and the timing thereof, upon achievement or satisfaction of such performance conditions as may be specified by the Committee. The Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions. Subject to the terms of the Plan, the performance goals to be achieved during any Performance Period, the length of any Performance Period, the amount of any Performance Award granted and the amount of any payment or transfer to be made pursuant to any Performance Award shall be determined by the Committee.

(b) Every Performance Award shall, if the Committee intends that such Award qualify as Section 162(m) Compensation and the Committee determines the following to be necessary under Section 162(m) of the Code, include a pre-established formula, such that payment, retention or vesting of the Award is subject to the achievement during a Performance Period or Performance Periods, as determined by the Committee, of a level or levels of, or increases in, in each case as determined by the Committee, one or more of the following performance measures with respect to the Company: captured prospects, prospecting licenses signed, operated prospects matured to drill ready, drilling programs commenced, drillable prospects, capabilities and critical path items established, operating budget, third-party capital sourcing, captured net risked resource potential, acquisition cost efficiency, acquisitions of oil and gas interests, increases in proved, probable or possible reserves, finding and development costs, recordable or lost time incident rates, overhead costs, general and administration expense, market price of a Share, cash flow, reserve value, net asset value, earnings, net income, operating income, cash from operations, revenue, margin,

EBITDA (earnings before interest, taxes, depreciation and amortization), EBITDAX (earnings before interest, taxes, depreciation, amortization and exploration expense), net capital employed, return on assets, shareholder return, reserve replacement, return on equity, return on capital employed, production, assets, unit volume, sales, market share, market capitalization, enterprise value, economic value added or strategic business criteria consisting of one or more objectives based on meeting specified goals relating to acquisitions or divestitures, each as determined in accordance with generally accepted accounting principles, where applicable, as consistently applied by the Company. Performance criteria may be measured on an absolute (*e.g.*, plan or budget) or relative basis, may be established on a corporate-wide basis or with respect to one or more business units, divisions, subsidiaries or business segments, may be based on a ratio or separate calculation of any performance criterion and may be made relative to an index or one or more of the performance goals themselves. Relative performance may be measured against a group of peer companies, a financial market index or other acceptable objective and quantifiable indices. Except in the case of an Award intended to qualify as Section 162(m) Compensation, if the Committee determines that a change in the business, operations, corporate structure or capital structure of the Company, or the manner in which the Company conducts its business, or other events or circumstances render the performance objectives unsuitable, the Committee may modify the performance objectives or the related minimum acceptable level of achievement, in whole or in part, as the Committee deems appropriate and equitable. Performance measures may vary from Performance Award to Performance Award and from Participant to Participant, and may be established on a stand-alone basis, in tandem or in the alternative. The Committee shall have the power to impose such other restrictions on Awards subject to this Section 9(b) as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements for Section 162(m) Compensation or of any applicable law, stock market or exchange rules and regulations or accounting or tax rules and regulations. Notwithstanding any provision of the Plan to the contrary, with respect to any Award intended to qualify as Section 162(m) Compensation, the Committee shall not be authorized to increase the amount payable under any Award to which this Section 9(b) applies upon attainment of such pre-established formula.

(c) Settlement of Performance Awards shall be in cash, Shares, other Awards, other property, net settlement, or any combination thereof, as determined in the discretion of the Committee.

(d) Performance Awards that are intended to qualify as Section 162(m) Compensation shall be settled only after the end of the relevant Performance Period. The Committee may, in its discretion, increase or reduce the amount of a settlement otherwise to be made in connection with a Performance Award but, to the extent required by Section 162(m) of the Code, may not exercise discretion to increase any amount payable to a Covered Employee in respect of a Performance Award intended to qualify as Section 162(m) Compensation. Any settlement that changes the form of payment from that originally specified shall be implemented in a manner such that the Performance Award and other related Awards do not, solely for that reason, fail to qualify as Section 162(m) Compensation. The Committee shall specify the circumstances in which, and the extent to which, Performance Awards shall be paid or forfeited, including by way of repurchase by the Company at par value, in the event of a Participant's Termination of Service.

Section 10. *Other Stock-Based Awards.* The Committee is authorized, subject to limitations under applicable law, to grant to Participants such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Shares or factors that may influence the value of Shares, including convertible or exchangeable debt securities, other rights convertible or exchangeable into Shares, purchase rights for Shares, Awards with value and payment contingent upon performance of the Company or business units thereof or any other factors designated by the Committee. Shares delivered pursuant to an Award in the nature of a purchase right granted under this Section 10 shall be purchased for such consideration, and paid for at such times, by

such methods and in such forms, including cash, Shares, other Awards, other property, net settlement, broker-assisted cashless exercise or any combination thereof, as the Committee shall determine. Cash awards, as an element of or supplement to any other Award under the Plan, may also be granted pursuant to this Section 10.

Section 11. *Effect of Termination of Service or a Change in Control on Awards.*

(a) The Committee may provide, by rule or regulation or in any Award Document, or may determine in any individual case, the circumstances in which, and the extent to which, an Award may be exercised, settled, vested, paid or forfeited, including by way of repurchase by the Company at par value, in the event of the Participant's Termination of Service prior to the end of a Performance Period or vesting, exercise or settlement of such Award.

(b) The Committee may set forth the treatment of an Award upon a Change in Control in the applicable Award Document.

(c) In the case of an Option or SAR Award, except as otherwise provided in the applicable Award Document, upon a Change in Control, a merger or consolidation involving the Company or any other event with respect to which the Committee deems it appropriate, the Committee may cause such Award to be canceled in consideration of (i) the full acceleration of such Award and either (A) a period of at least ten days prior to such Change in Control to exercise the Award or (B) a payment in cash or other consideration to such Participant who holds such Award in an amount equal to the Intrinsic Value of such Award (which may be equal to but not less than zero), which, if in excess of zero, shall be payable upon the effective date of such Change in Control, merger, consolidation or other event or (ii) a substitute award (which immediately upon grant shall have an Intrinsic Value equal to the Intrinsic Value of such Award).

Section 12. *General Provisions Applicable to Awards.*

(a) Awards shall be granted for such cash or other consideration, if any, as the Committee determines; *provided* that in no event shall Awards be issued for less than such minimal consideration as may be required by applicable law.

(b) Awards may, in the discretion of the Committee, be granted either alone or in addition to or in tandem with any other Award or any award granted under any other plan of the Company. Awards granted in addition to or in tandem with other Awards, or in addition to or in tandem with awards granted under any other plan of the Company, may be granted either at the same time as or at a different time from the grant of such other Awards or awards.

(c) Subject to the terms of the Plan, unless otherwise provided in the applicable Award Document, the Committee shall determine, in its sole discretion, whether payments or transfers to be made by the Company upon the grant, exercise or settlement of an Award shall be made in the form of cash, Shares, other Awards, other property, net settlement, or any combination thereof, as determined by the Committee in its discretion at the time of grant, and whether such payments or transfers shall be made in a single payment or transfer, in installments or on a delayed basis, in each case in accordance with rules and procedures established by the Committee. Such rules and procedures may include provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of dividend equivalents in respect of installment or deferred payments.

(d) No Award and no right under any Award shall be assignable, alienable, saleable or transferable by a Participant otherwise than by will or pursuant to Section 12(e), and during a Participant's lifetime, each Award, and each right under any Award, shall be exercisable only by such Participant or, if permissible under applicable law, by such Participant's guardian or legal representative; *provided* that the foregoing restrictions shall not apply to any Award (other than an Incentive Stock Option) to the extent authorized by the Committee or as specifically provided in an Award Document. The provisions of this Section 12(d) shall not apply to any Award that has been fully exercised or settled, as the case may be, and shall not preclude forfeiture, including by way of repurchase by the Company at par value, of an Award in accordance with the terms thereof.

(e) A Participant may designate a Beneficiary or change a previous Beneficiary designation at such times prescribed by the Committee by using forms and following procedures approved or accepted by the Committee for that purpose.

(f) All certificates for Shares and/or other securities delivered under the Plan pursuant to any Award or the exercise thereof shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan or the rules, regulations and other requirements of the Securities and Exchange Commission, any stock market or exchange upon which such Shares or other securities are then quoted, traded or listed, and any applicable securities laws, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

(g) The Committee may impose restrictions on any Award with respect to non-competition, confidentiality and other restrictive covenants as it deems necessary or appropriate in its sole discretion.

Section 13. *Amendments and Termination.*

(a) Except to the extent prohibited by applicable law and unless otherwise expressly provided in an Award Document or in the Plan, the Board may amend, alter, suspend, discontinue or terminate the Plan or any portion thereof at any time; *provided, however*, that no such amendment, alteration, suspension, discontinuation or termination shall be made without (i) shareholder approval if such approval is required by applicable law or the rules of the stock market or exchange, if any, on which the Shares are principally quoted, traded or listed (ii) the consent of the affected Participant, if such action would materially adversely affect the rights of such Participant under any outstanding Award, except to the extent any such amendment, alteration, suspension, discontinuance or termination is made to cause the Plan to comply with applicable law, stock market or exchange rules and regulations or accounting or tax rules and regulations. Notwithstanding anything to the contrary in the Plan, the Committee may amend the Plan, in such manner as may be necessary to enable the Plan to achieve its stated purposes in any jurisdiction in a tax-efficient manner and in compliance with local rules and regulations.

(b) The Committee may waive any conditions or rights under, amend any terms of, or amend, alter, suspend, discontinue or terminate any Award theretofore granted, prospectively or retroactively, without the consent of any relevant Participant or holder or Beneficiary of an Award; *provided, however*, that no such action shall materially adversely affect the rights of any affected Participant or holder or Beneficiary under any Award theretofore granted under the Plan, except to the extent any such action is made to cause the Plan to comply with applicable law, stock market or exchange rules and regulations or accounting or tax rules and regulations; *provided further* that, except as provided in Section 5(c), no such action shall directly or indirectly, through cancellation and regrant or any other method, reduce, or have the effect of reducing, the exercise price of any Award established at the time of grant thereof; *provided further*, that the Committee's

authority under this Section 13(b) is limited in the case of Awards that are intended to qualify as Section 162(m) Compensation, as provided in Section 9.

(c) Except as provided in Section 9, the Committee shall be authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of events (including the events described in Section 5(c)) affecting the Company, or the financial statements of the Company, or of changes in applicable laws, regulations or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan.

(d) The Committee may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem desirable to carry the Plan into effect.

Section 14. *Miscellaneous.*

(a) No employee, Participant or other Person shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of employees, Participants or holders or Beneficiaries of Awards under the Plan. The terms and conditions of Awards need not be the same with respect to each recipient. Any Award granted under the Plan shall be a one-time Award that does not constitute a promise of future grants. The Company, in its sole discretion, maintains the right to make available future grants under the Plan.

(b) The grant of an Award shall not be construed as giving a Participant the right to be retained in the employ of, or to continue to provide services to, the Company or any Affiliate. Further, the Company or the applicable Affiliate may at any time dismiss a Participant, free from any liability, or any claim under the Plan, unless otherwise expressly provided in the Plan or in any Award Document or in any other agreement binding the parties. The receipt of any Award under the Plan is not intended to confer any rights on the receiving Participant except as set forth in the applicable Award Document.

(c) Nothing contained in the Plan shall prevent the Company from adopting or continuing in effect other or additional compensation arrangements, and such arrangements may be either generally applicable or applicable only in specific cases.

(d) The Company shall be authorized to withhold from any Award granted or any payment due or transfer made under any Award or under the Plan or from any compensation or other amount owing to a Participant the amount (in cash, Shares, other Awards, other property, net settlement, or any combination thereof) of applicable withholding taxes due in respect of an Award, its exercise or settlement or any payment or transfer under such Award or under the Plan and to take such other action (including providing for elective payment of such amounts in cash or Shares by such Participant) as may be necessary in the opinion of the Company to satisfy all obligations for the payment of such taxes.

(e) If any provision of the Plan or any Award Document is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction, or as to any Person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award Document, such provision shall be stricken as to such jurisdiction, Person or Award, and the remainder of the Plan and any such Award Document shall remain in full force and effect.

(f) Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company and a Participant or any other

Person. To the extent that any Person acquires a right to receive payments from the Company pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company.

(g) No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash or other securities shall be paid or transferred in lieu of any fractional Shares, or whether such fractional Shares or any rights thereto shall be canceled, terminated or otherwise eliminated.

Section 15. *Effective Date of the Plan.* The Plan was originally adopted on April 28, 2011. The Plan, as amended herein, is effective as of January 23, 2015, subject to approval by the Company's shareholders.

Section 16. *Term of the Plan.* No Award shall be granted under the Plan after the earliest to occur of (i) January 23, 2025, (ii) the maximum number of Shares available for issuance under the Plan have been issued or (iii) the Board terminates the Plan in accordance with Section 13(a). However, unless otherwise expressly provided in the Plan or in an applicable Award Document, any Award theretofore granted may extend beyond such date, and the authority of the Committee to amend, alter, adjust, suspend, discontinue or terminate any such Award, or to waive any conditions or rights under any such Award, and the authority of the Board to amend the Plan, shall extend beyond such date.

Section 17. *Section 409A of the Code.* With respect to Awards subject to Section 409A of the Code, the Plan is intended to comply with the requirements of Section 409A of the Code, and the provisions of the Plan and any Award Document shall be interpreted in a manner that satisfies the requirements of Section 409A of the Code, and the Plan shall be operated accordingly. If any provision of the Plan or any term or condition of any Award would otherwise frustrate or conflict with this intent, the provision, term or condition shall be interpreted and deemed amended so as to avoid this conflict. Notwithstanding anything in the Plan to the contrary, if the Board considers a Participant to be a "specified employee" under Section 409A of the Code at the time of such Participant's "separation from service" (as defined in Section 409A of the Code), and any amount hereunder is "deferred compensation" subject to Section 409A of the Code, any distribution of such amount that otherwise would be made to such Participant with respect to an Award as a result of such "separation from service" shall not be made until the date that is six months after such "separation from service," except to the extent that earlier distribution would not result in such Participant's incurring interest or additional tax under Section 409A of the Code. If an Award includes a "series of installment payments" (within the meaning of Section 1.409A-2(b)(2)(iii) of the Treasury Regulations), the Participant's right to such series of installment payments shall be treated as a right to a series of separate payments and not as a right to a single payment, and if an Award includes "dividend equivalents" (within the meaning of Section 1.409A-3(e) of the Treasury Regulations), the Participant's right to such dividend equivalents shall be treated separately from the right to other amounts under the Award. Notwithstanding the foregoing, the tax treatment of the benefits provided under the Plan or any Award Document is not warranted or guaranteed, and in no event shall the Company be liable for all or any portion of any taxes, penalties, interest or other expenses that may be incurred by any Participant on account of non-compliance with Section 409A of the Code.
