Item 2.02 Results of Operations and Financial Condition.

On February 18, 2016, West Pharmaceutical Services, Inc. (the "Company") issued a press release announcing its fourth quarter and full-year 2015 financial results. A copy of the press release is attached hereto as Exhibit 99.1 and incorporated herein by reference.

Item 2.05 Costs Associated with Exit or Disposal Activities.

On February 15, 2016, the Company's Board of Directors approved a restructuring plan designed to repurpose several of our production facilities in support of growing high-value proprietary products and to realign operational and commercial activities to meet the needs of our new market-focused commercial organization. These changes are expected to be implemented over the next 12 to 24 months. The total 2016 charge associated with this plan will be in the range of \$23 million to \$28 million, the majority of which will be recorded in our first-quarter 2016 results. The charge consists of a range of \$17 million to \$20 million in non-cash asset write-downs associated with the discontinued use of certain trademarks and equipment, and a range of \$6 million to \$8 million for cash severance charges on personnel reductions representing 1% to 2% of our global workforce. Our earnings guidance includes approximately \$4 million to \$5 million in cost reductions from this program to be realized in 2016, with cost saving benefits growing to \$8 million to \$10 million in 2017.

Item 7.01 Regulation FD Disclosure.
