SUMMARY

The Company

We are a leading provider of payment solutions and transaction processing services across multiple industries and in a number of emerging economies.

We have developed and market a comprehensive transaction processing solution that encompasses our smart card-based alternative payment system for the unbanked and under-banked populations of developing economies and for mobile transaction channels. Our market-leading system can enable the billions of people globally who generally have limited or no access to a bank account to enter affordably into electronic transactions with each other, government agencies, employers, merchants and other financial service providers. Our universal electronic payment system, or UEPS, and UEPS/EMV derivative discussed below, uses biometrically secure smart cards that operate in real-time but offline, unlike traditional payment systems offered by major banking institutions that require immediate access through a communications network to a centralized computer. This offline capability means that users of our system can conduct transactions at any time with other card holders in even the most remote areas so long as a smart card reader, which is often portable and battery powered, is available. Our off-line systems also offer the highest level of availability and affordability by removing any elements that are costly and are prone to outages. Our latest version of the UEPS technology has been certified by the EuroPay, MasterCard and Visa global standard, or EMV, which facilitates our traditionally proprietary UEPS system to interoperate with the global EMV standard and allows card holders to transact at any EMV-enabled point of sale terminal or automated teller machine, ATM. The UEPS/EMV technology has been deployed on an extensive scale in South Africa through the issuance of MasterCard-branded UEPS/EMV cards to our social welfare grant customers. In addition to effecting purchases, cash-backs and any form of payment, our system can be used for banking, healthcare management, international money transfers, voting and identification.

We also provide secure transaction technology solutions and services, by offering transaction processing, financial and clinical risk management solutions to various industries. We have extensive expertise in secure online transaction processing, cryptography, mobile telephony, integrated circuit card (chip/smart card) technologies, and the design and provision of financial and value-added services to our cardholder base.

Our technology is widely used in South Africa today, where we distribute pension and welfare payments, using our UEPS/EMV technology, to over nine million recipient cardholders across the entire country, process debit and credit card payment transactions on behalf of a wide range of retailers through our EasyPay system, process value-added services such as bill payments and prepaid airtime and electricity for the major bill issuers and local councils in South Africa, and provide mobile telephone top-up transactions for all of the South African mobile carriers. We are the largest provider of third-party and associated payroll payments in South Africa through our FIHRST service. We provide financial inclusion services such as microloans, mobile transacting and prepaid utilities to our cardholder base.

Internationally, through KSNET, we are one of the top three value-added network, or VAN, processors in South Korea, and we offer card processing, payment gateway and banking value-added services in that country. Our XeoHealth service provides funders and providers of healthcare in the United States with an on-line real-time management system for healthcare transactions. Through Transact24, we offer debit, credit and prepaid processing and issuing services for Visa, MasterCard and ChinaUnionPay in China and other territories across Asia-Pacific, Europe and Africa, and the United States. Through Masterpayment, we provide payment processing and enable working capital financing in Europe.

Our ZAZOO business unit is responsible for the worldwide technical development and commercialization of our array of web and mobile applications and payment technologies, such as Mobile Virtual Card, or MVC, Chip and GSM licensing and Virtual Top Up, or VTU, and has deployed solutions in many countries, including South Africa, Namibia, Nigeria, Malawi, Cameroon, the Philippines, India and Colombia.

We are headquartered in Johannesburg, South Africa. More information about us is available on our web site at www.net1.com. Information on our web site is not incorporated by reference into this prospectus. Our principal executive offices are located at President Place, 4th Floor, Cnr. Jan Smuts Avenue and Bolton Road, Rosebank, Johannesburg, South Africa. Our phone number is (2711) 343-2000.

underwritten public offerings;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange or market distribution in accordance with the rules of the applicable exchange or market;

privately negotiated transactions;

settlement of short sales;

broker-dealers may agree with the selling shareholders to sell a specified number of such shares at a stipulated price per share;

Broker-dealers may receive commissions or discounts from the selling shareholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. The selling shareholders do not expect these commissions and discounts to exceed what is customary in the types of transactions involved.

Upon our being notified in writing by a selling shareholder that any material arrangement has been entered into with a broker-dealer for the sale of the shares through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, we will file a supplement to this prospectus, if required, pursuant to Rule 424(b) under the Securities Act, disclosing any required information.

Furthermore, under Regulation M, persons engaged in a distribution of securities are prohibited from simultaneously engaging in market making and other activities with respect to those securities for a specified period of time prior to the commencement of such distributions, subject to specified exceptions or exemptions. All of these limitations may affect the marketability of the shares.

The selling shareholders will pay any underwriting discounts, selling commissions and stock transfer taxes applicable to the sale of shares of common stock. We will bear all other costs, fees and expenses incurred in effecting the registration of the shares covered by this prospectus, including the fees and expenses of one counsel representing the group of selling shareholders identified herein. Item 15. Indemnification of Directors and Officers

Section 607.0850(1) of the Florida Business Corporation Act, or FBCA, permits a Florida corporation to indemnify any person who was or is a party to any third party proceeding by reason of the fact that such person is or was a director, officer, employee or agent of the corporation (or is or was serving at the request of the corporation), against liability incurred in connection with such proceeding (including any appeal thereof) if he or she acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

Section 607.0850(2) of the FBCA permits a Florida corporation to indemnify any person who may be a party to a derivative action if such person acted in any of the capacities set forth in the immediately preceding paragraph, against expenses and amounts paid in settlement not exceeding, in the judgment of the board of directors, the estimated expenses of litigating the proceeding to conclusion, actually and reasonably incurred in connection with the defense or settlement of such proceeding (including appeals), provided that the person acted under the standards set forth in the immediately preceding paragraph. However, no indemnification shall be made for any claim, issue or matter for which such person is found to be liable unless, and only to the extent that, the court determines that, despite the adjudication of liability, but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnification for such expenses which the court deems proper.

Section 607.0850(4) of the FBCA provides that any indemnification made as set forth to the two immediately preceding paragraphs, unless pursuant to a court determination, shall be made only after a determination that the person to be indemnified has met the standard of conduct described above. This determination is to be made by a majority vote of a quorum consisting of the disinterested directors of the board of directors who were not parties to such proceeding and, if such a quorum is not available, by duly selected independent legal counsel, or by a majority vote of the disinterested security holders. The board of directors may also designate a special committee of disinterested directors to make this determination.

Section 607.0850(3), however, provides that a Florida corporation must indemnify any director, or officer, employee or agent of a corporation who has been successful in the defense of any proceeding referred to in Sections 607.0850(1) or (2), or in the defense of any claim, issue or matter therein, against expenses actually and reasonably incurred by him in connection therewith.

Under the FBCA, expenses incurred by a director or officer in defending a civil or criminal proceeding may be paid by the corporation in advance of the final disposition thereof upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it is ultimately determined that such director or officer is not entitled to indemnification under Section 607.0850. Expenses incurred by other employees or agents in such a proceeding may be paid in advance of final disposition thereof upon such terms or conditions that the board of directors deems appropriate.

The FBCA further provides that the indemnification and advancement of payment provisions contained therein are not exclusive and it specifically empowers a corporation to make any other or further indemnification or advancement of expenses under any bylaw, agreement, vote of security holders or disinterested directors or otherwise, both for actions taken in an official capacity and for actions taken in other capacities while holding an office. However, a corporation cannot indemnify or advance expenses if a judgment or other final adjudication establishes that the actions of the director or officer were material to the adjudicated cause of action and the director or officer (a) violated criminal law, unless the director or officer had reasonable cause to believe his conduct was lawful or had no reasonable cause to believe his conduct was unlawful, (b) derived an improper personal benefit from a transaction, (c) was or is a director in a circumstance where the liability under Section 607.0834 (relating to unlawful distributions) applies, or (d) engages in willful misconduct or conscious disregard for the best interests of the corporation in a proceeding by or in right of the corporation to procure a judgment in its favor or in a proceeding by or in right of a shareholder.

Our amended and restated by-laws provide that we have the power to indemnify any current or former director, officer, employee or agent against any liability arising from any action or suit to the fullest extent permitted by law. Advances against expenses may be made under our by-laws and any other indemnification agreement into which we may enter and the indemnity coverage provided thereunder may include liabilities under the federal securities laws as well as in other contexts. Our by-laws also permit us to purchase and maintain insurance on behalf of any current or former director, officer, employee or agent for any liability incurred by any of them in connection with, or arising out of, their actions in their capacity as our director, officer, employee or agent. Our by-laws also provide that any repeal or modification of the indemnification provisions of the by-laws shall not adversely affect any right or protection of any person in respect of any act or omission occurring prior to the time of such repeal or modification.

Reference is made to Article VI of our by-laws incorporated hereto by reference.

We have entered into indemnification agreements with all of our non-employee directors and our Chief Executive Officer and Chief Financial Officer. In general, these agreements provide that we will indemnify the director or officer to the fullest extent permitted by law for claims arising in his or her capacity as a director or officer of our company or in connection with their service at our request for another corporation or entity. The indemnification agreements also provide for procedures that will apply in the event that a director or officer makes a claim for indemnification.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission (the Commission) pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(5) That, for the purpose of determining liability of the undersigned registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act), that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
