Indicate by check mark whether the Registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes [] No [X]

As of June 30, 2006, the aggregate market value of the Registrant's common stock held by non-affiliates of the registrant was \$214,311,432 based on the closing price as reported on the American Stock Exchange.

Indicate the number of shares outstanding of each of the Registrant's classes of common stock, as of the latest practicable date.

Class	Outstanding at February 28, 2007
Common Stock, \$.001 par value per share	19,625,587 shares

DOCUMENTS INCORPORATED BY REFERENCE

Portions of the Registrant's proxy statement to be delivered to stockholders in connection with the Registrant's 2007 Annual Meeting of Stockholders to be held on May 17, 2007 are incorporated by reference into Part III of this Form 10-K. The Registrant intends to file its proxy statement within 120 days after its fiscal year end.

FORWARD LOOKING INFORMATION

This annual report contains forward-looking statements within the meaning of the federal securities laws. We intend such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and are including this statement for purposes of complying with these safe harbor provisions. Forward-looking statements include our discussion of "Quantitative and Qualitative Disclosures about Market Risks" in Item 7A below. Forward-looking statements, which are based on certain assumptions and describe future plans, strategies and expectations of us, are generally identifiable by use of the words "believe," "expect," "intend," "anticipate," "estimate," "project" or similar expressions. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Factors which could have a material adverse effect on the operations and future prospects of the Company include, but are not limited to, changes in: economic conditions generally and the real estate market specifically, legislative or regulatory provisions affecting the Company (including changes to laws governing the taxation of Real Estate Investment Trusts ("REITs")), availability of capital, interest rates, competition, supply of and demand for office and industrial properties in our current and proposed market areas, tenant defaults and bankruptcies, and general accounting principles, policies and guidelines applicable to REITs. In addition, the actual timing of development, construction, and leasing on the projects that the Company believes it may acquire in the future under the Berg Land Holdings Option Agreement is unknown presently. These risks and uncertainties, together with the other risks described from time to time in our reports and documents filed with the Securities and Exchange Commission, should be considered in evaluating forward-looking statements and undue reliance should not be placed on

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

such statements (see Item 1A, "Risk Factors").

ITEM 1. BUSINESS

ORGANIZATION AND GENERAL BUSINESS DESCRIPTION

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Mission West Properties, Inc. (the "Company") acquires, markets, leases, and manages research and development ("R&D") properties, primarily located in the Silicon Valley portion of the San Francisco Bay Area. As of December 31, 2006, we owned and managed 107 properties totaling approximately 7.7 million rentable square feet of R&D properties through four limited partnerships, or operating partnerships, for which we are the sole general partner. R&D property is designed for research and development and office uses and, in some cases, includes space for light manufacturing operations with loading docks. We believe that we have one of the largest portfolios of R&D properties in the Silicon Valley. There are four tenants who individually lease in excess of 300,000 rentable square feet from us: Microsoft Corporation, Apple Computer, Inc., NEC Electronics America, Inc. (a subsidiary of NEC Electronics Corporation) and Ciena Corporation. For federal income tax purposes we have operated as a self-managed, self-administered and fully integrated Real Estate Investment Trust ("REIT") since fiscal 1999.

Prior to July 1, 1998, most of our properties were under the ownership or control of Carl E. Berg, his brother Clyde J. Berg, certain members of their respective immediate families, and certain entities in which Carl E. Berg and/or Clyde J. Berg held controlling or other ownership interests (the "Berg Group"). We acquired these properties as of July 1, 1998 by becoming the general partner of each of the four operating partnerships in an UPREIT transaction. At that time, we also acquired ten properties comprising approximately 560,000 rentable square feet from entities controlled by third parties in which the Berg Group members were significant owners.

Through various property acquisition agreements with the Berg Group and subject to the approval of the Independent Directors Committee of the Board of Directors, we have the right to purchase, on pre-negotiated terms, R&D and other types of office and light industrial properties that the Berg Group develops in the future. With in-house development, architectural and construction personnel, the Berg Group continues to focus on a full range of land acquisition, development and construction activities for R&D properties, often build-to-suit, to meet the demands of Silicon Valley information technology companies. As the developer, the Berg Group takes on the risks of purchasing the land, obtaining regulatory approvals and permits and financing construction. Since September 1998, we have acquired approximately 3,177,000 additional rentable square feet of R&D properties from the Berg Group under these agreements.

Our executive offices are located at 10050 Bandley Drive, Cupertino, California 95014, and our telephone number is (408) 725-0700. Our website is located at <http://www.missionwest.com>. On our website, you can access, free of charge, our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act of 1934, as amended, as soon as reasonably practicable after such material is electronically filed with, or furnished to, the Securities and Exchange Commission (the "SEC"). A copy of these filings is available to all interested parties upon written request to "Investor Relations" at our corporate offices.

We file annual, quarterly and special reports, proxy statements and other information with the SEC. You may read and copy any document we file with the SEC at the SEC's Public Reference Room at 100 F Street, N.W., Washington, D.C. 20549. You may obtain information about the operation of the SEC's Public Reference Room by calling the SEC at 1-800-SEC-0330. The SEC also maintains a website that contains reports, proxy and information statements, and other information regarding registrants that file electronically with the SEC (<http://www.sec.gov>).

OUR RELATIONSHIP WITH THE BERG GROUP

Through a series of transactions occurring between May 1997 and December 1998,

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

we became the vehicle for substantially all of the Silicon Valley R&D property operating activities of the Berg Group. We are the general partner pursuant to the partnership agreements of the operating partnerships and, along with members of the Berg Group and other individuals, are party to an Exchange Rights Agreement and the Berg Land Holdings Option Agreement. Each agreement defines the material rights and obligations among us, the Berg Group members, and other parties to those agreements. Among other things, these agreements give us rights to:

- control the operating partnerships;
- acquire, subject to approval of the Independent Directors Committee of the Board of Directors, on pre-negotiated terms, all future R&D properties developed by the Berg Group on land currently owned or acquired in the future; and
- acquire R&D, office and industrial properties identified by the Berg Group in California, Oregon and Washington, subject to approval of the Independent Directors Committee of the Board of Directors.

- 1 -

Under these agreements, our charter or our bylaws, the Berg Group has the right to:

- designate two of five nominees for director to be elected by our stockholders, subject to the Berg Group's maintenance of certain ownership interests;
- participate in our securities offerings;
- exchange their operating partnership interests ("O.P. Units") for shares of our common stock;
- vote on major transactions, subject to maintenance of certain ownership thresholds; and
- prevent us from selling properties when the sale will have adverse tax consequences to the Berg Group members.

To comply with REIT requirements that restrict the percentage of the total value of our stock that may be owned by five or fewer individuals to 50% or less, our charter generally prohibits the direct or indirect ownership of more than 9% of our common stock by any stockholder. This limit excludes the Berg Group, which has an aggregate ownership limit of 20%. Currently, the Berg Group members collectively own less than 1% of the outstanding shares of our common stock.

Carl E. Berg, the Company's Chairman of the Board of Directors and Chief Executive Officer and the controlling member of the Berg Group, has been engaged in the development and long-term ownership of Silicon Valley real estate for more than 35 years, most recently through Berg & Berg Enterprises ("Berg & Berg"). In 1969, Mr. Berg foresaw the rising demand for efficient, multi-purpose facilities for the rapidly growing information technology industry in the Silicon Valley. Since 1972, in addition to his real estate activities, Mr. Berg also has been actively involved in venture capital investments in many information technology companies in the Silicon Valley, including such companies as Amdahl Corporation, Sun Microsystems, Inc., and Integrated Device Technologies, Inc. He serves on the board of directors of numerous information technology companies. These activities have helped Mr. Berg develop a detailed understanding of the real estate requirements of information technology companies, acquire valuable market information and increase his name recognition within the venture capital and entrepreneurial communities. These activities also manifest his commitment to the growth and success of Silicon Valley companies. We believe that Mr. Berg's substantial knowledge of and contacts in the information technology industry provide a significant benefit to the

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Company.

BUSINESS STRATEGY

Our acquisition, growth and operating strategy incorporates the following elements:

- working with the Berg Group to take advantage of their abilities and resources to pursue development opportunities which we have an option to acquire, on pre-negotiated terms, upon completion and leasing;
- capitalizing on opportunistic acquisitions from third parties of high-quality R&D properties that provide attractive initial yields and significant potential for growth in cash-flow;
- focusing on general purpose, single-tenant Silicon Valley R&D properties for information technology companies in order to maintain low operating costs, reduce tenant turnover and capitalize on our relationships with these companies and our extensive knowledge of their real estate needs; and
- maintaining prudent financial management principles that emphasize current cash flow while building long-term value, the acquisition of pre-leased properties to reduce development and leasing risks and the maintenance of sufficient liquidity to acquire and finance properties on desirable terms.

ACQUIRING PROPERTIES DEVELOPED BY THE BERG GROUP

We anticipate that most of our growth, if any, in rentable square footage in the foreseeable future will come from the acquisition of new R&D properties that are either currently under development or to be developed in the future by the Berg Group. The Berg Land Holdings Option Agreement gives us the right to acquire future R&D property developments by the Berg Group on up to 84 additional acres of land currently controlled by the Berg Group, which could support approximately 1.4 million square feet of new development. Nevertheless, at this time we do not anticipate acquiring any additional newly constructed R&D properties from the Berg Group for several years because of the current market conditions in the Silicon Valley.

In light of the overcapacity in the Silicon Valley R&D properties market, the Berg Group currently is seeking local government approval of a proposed rezoning of the 160-acre Evergreen site to permit residential development on a substantial portion of the site. The Independent Directors Committee, which is responsible for reviewing, evaluating and authorizing action with respect to any transaction between us and any member of the Berg Group, has authorized removal of the Evergreen site from the scope of the Berg Land Holdings Option Agreement, subject to the completion of the rezoning of the 160-acre Evergreen site, or portion thereof, for residential development. In making this determination, the Independent Directors Committee considered a number of factors, including risks and other potentially adverse consequences that could be associated with large scale residential development activities. Any portion of the Evergreen site that is not rezoned as residential property is not deemed to be removed from the scope of the agreement and would remain eligible for potential future acquisition by the Company under the Berg Land Holdings Option Agreement.

- 2 -

In April 2005, the Berg Group disclosed the receipt of an offer from an unrelated party to purchase a portion of the Piercy & Hellyer land comprised of approximately 10 acres in San Jose, California that is subject to the Berg Land Holdings Option Agreement with us. The prospective purchaser disclosed its intention to develop "for sale" industrial type buildings and the Independent

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Directors Committee, which is responsible for reviewing, evaluating and authorizing action with respect to any transaction between us and any member of the Berg Group, authorized removal of this approximately 10-acre parcel of land from the scope of the Berg Land Holdings Option Agreement, subject to the completion of the sale to the unrelated party. The Independent Directors Committee's approval also included a requirement that in the event this parcel of land is not sold to this prospective purchaser, the parcel would not be deemed to be removed from the scope of the agreement and would remain eligible for potential future acquisition by the Company under the Berg Land Holdings Option Agreement. In the third quarter of 2006, the Berg Group informed us that the prospective purchaser withdrew its offer, and therefore, this land remains subject to Berg Land Holdings Option Agreement.

BERG LAND HOLDINGS OPTION AGREEMENT. We believe that control of high quality, developable land is an important strategic factor for continued success in the Silicon Valley market. In December 1998, we entered into the Berg Land Holdings Option Agreement under which we have an option to purchase all land acquired, directly or indirectly, by Carl E. Berg or Clyde J. Berg that has not been improved with completed buildings and which is zoned, intended or appropriate for R&D, office and/or industrial development or use in the states of California, Oregon and Washington. In addition, Carl E. Berg has agreed not to directly or indirectly acquire or develop any real property zoned for office, industrial or R&D use in the states of California, Oregon and Washington without first disclosing and making the acquisition opportunity available to us. The Independent Directors Committee decides whether we will pursue each opportunity presented to us by Mr. Berg. This restriction will expire when there is no Berg Group nominee on our board of directors and the Berg Group's fully diluted ownership percentage, which is calculated based on all outstanding shares of common stock and all shares of common stock that could be acquired upon the exercise of all outstanding options to acquire our voting stock, as well as all shares of common stock issuable upon exchange of all O.P. Units ("Fully Diluted"), falls below 25%.

As of December 31, 2006, we had acquired 21 leased R&D properties totaling approximately 2,034,000 rentable square feet under this agreement at a cost of approximately \$207.8 million, for which we issued 7,933,849 O.P. Units and assumed debt of approximately \$118 million. The principal terms of the agreement include the following:

- So long as the Berg Group members and their affiliates own or have the right to acquire shares representing at least 65% of our common stock on a Fully Diluted basis, we will have the option to acquire any building developed by any member of the Berg Group on the land subject to the Berg Land Holdings Option Agreement at such time as the building has been leased. Upon our exercise of the option, the option price will equal the sum of the following or a lesser amount as approved by the Independent Directors Committee:
 1. the full construction cost of the building; plus
 2. 10% of the full construction cost of the building; plus
 3. interest at LIBOR plus 1.65%, on the amount of the full construction cost of the building for the period from the date funds were disbursed by the developer to the close of escrow; plus
 4. the original acquisition cost of the parcel on which the improvements will be constructed, which range from \$8.50 to \$20.00 per square foot for land currently owned or under option; plus
 5. 10% per annum of the amount of the original acquisition cost of the parcel from the later of January 1, 1998 and the seller's acquisition date, to the close of escrow; minus
 6. the aggregate principal amount of all debt encumbering the acquired property.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

- The acquisition cost, net of any debt, will be payable in cash, or O.P. Units valued at the average closing price of our common stock over the 30-trading-day period preceding the acquisition or, in cash, at the option of the Berg Group.
- We also must assume all property tax assessments.
- If we elect not to exercise the option with respect to any property, the Berg Group may hold and lease the property for its own account, or may sell it to a third party.
- All action taken by us under the Berg Land Holdings Option Agreement, including any variations from stated terms outlined above must be approved by a majority of the members of the Independent Directors Committee.

As a general policy which has been established by the Independent Directors Committee, we do not acquire properties under the Berg Land Holdings Option Agreement until they have been leased. We are responsible for a significant portion of the leasing process in connection with such acquisitions, however.

- 3 -

The following table presents certain information concerning currently identified land that we have the right to acquire under the Berg Land Holdings Option Agreement.

Available Land:	Net Acres	Approximate Rentable Area (Square Feet)
Piercy & Hellyer	30	490,000
Morgan Hill (1)	18	288,000
King Ranch	12	207,000
Fremont & Cushing	24	387,000
Total	84	1,372,000

- (1) This land is owned by the TBI joint ventures partnership. We expect to own an approximate 50% interest in the partnership through one of our operating partnerships. The property will be operated and managed by the other joint venture partner in the entity.

Although we expect to acquire new properties or joint ventures available to us under the terms of the Berg Land Holdings Option Agreement, subject to approval by the Independent Directors Committee, there can be no assurance that we actually will consummate any additional transactions. Furthermore, we have not yet determined the means by which we would acquire and pay for any such properties or the impact of any of the acquisitions on our business, results of operations, financial condition, Funds from Operation ("FFO") or available cash for distribution (see Item 1A, "Risk Factors - Our contractual business relationships with the Berg Group present additional conflicts of interest which may result in the realization of economic benefits or the deferral of tax liabilities by the Berg Group without equivalent benefits to our stockholders").

Given the downturn and current excess capacity in the Silicon Valley real estate market for R&D/office properties, we do not expect to maintain historical levels of growth from acquisitions of new developments in the near future.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

OPPORTUNISTIC ACQUISITIONS

In addition to our principal opportunities under the Berg Land Holdings Option Agreement, we believe our acquisitions experience, established network of real estate and information technology professionals, and overall financial condition will continue to provide opportunities for external growth. In general, we will seek opportunistic acquisitions of high quality, well located Silicon Valley R&D properties in situations where illiquidity or inadequate management permit their acquisition at favorable prices, and where our management skills and knowledge of Silicon Valley submarkets may facilitate increases in cash flow and asset value. For example, in April 2003, we acquired a 36-acre seven building R&D property campus consisting of approximately 625,000 rentable square feet in the San Tomas Technology Park for \$110 million.

Furthermore, our use of the operating partnership structure allows us to offer prospective sellers the opportunity to contribute properties on a tax-deferred basis in exchange for O.P. Units. Although we have not consummated any transactions on this basis since our July 1, 1998 acquisition of the Berg Group properties, this capacity to complete tax-deferred transactions with sellers of real property further enhances our ability to acquire additional properties.

FOCUS ON SINGLE TENANT SILICON VALLEY R&D PROPERTIES

We intend to continue to emphasize the acquisition of single-tenant rather than multi-tenant properties, a practice that has historically contributed to the relatively low turnover and higher occupancy rates on our properties. We believe that the relatively small number of tenants (79 total) leasing our properties, mostly under the triple net lease structure, allows us to efficiently manage the properties and to serve our tenants' needs without extensive in-house staff or the assistance of a third-party property management organization. In addition, this emphasis allows us to incur less expense for tenant improvements and leasing commissions than multi-tenant, high turnover property owners. This strategy also reduces the time and expense associated with obtaining building permits and other governmental approvals. We believe that the relatively stable, extended relationships that we have developed with our key tenants are valuable in the expansion of our business.

RECENT RENTAL MARKET DEVELOPMENTS AND THEIR IMPACT ON OUR BUSINESS

All of the Company's properties are located in the Northern California area known as Silicon Valley, which generally consists of portions of Santa Clara County, Southwestern Alameda County, Southeastern San Mateo County and Eastern Santa Cruz County. The Silicon Valley economy and business activity slowed markedly during 2001 through 2006 after fast-paced growth in 1999 and 2000. In the past several years, the Silicon Valley R&D property market has fluctuated with the local economy. According to a recent report by NAI BT Commercial Real Estate (the "BT Report"), vacancy rates for Silicon Valley R&D property decreased from approximately 19.6% in late 2005 to 18.3% at the end of 2006. Total vacant R&D square footage in Silicon Valley at the end of the fourth quarter of 2006 amounted to 21.9 million rentable square feet, of which 28.3%, or 6.2 million rentable square feet, was sublease space.

- 4 -

According to the BT Report, total positive net absorption (which is the computation of gross square footage leased less gross new square footage vacated for the period presented) in 2005 amounted to approximately 3.6 million rentable square feet, and in 2006, there was total positive net absorption of approximately 1.9 million rentable square feet as local economic conditions improved. According to the BT Report, average asking market rent per square foot was \$0.99 and \$0.88 at year-end for 2006 and 2005, respectively, although

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

individual properties within any particular submarket presently may be leased above or below the current average asking market rental rates within that submarket. Moreover, the impact of vacancies has not been uniform throughout the area. The Silicon Valley R&D property market is characterized by a substantial number of submarkets, with rent and vacancy rates varying by submarket and location within each submarket.

In addition, leasing activity for new build-to-suit and vacated R&D properties has slowed considerably during the past several years. The time to complete the marketing and lease up of vacant space has increased from an average of several months to as much as an average of 18 to 36 months as a result of the over-supply of R&D properties in the market.

For the years ended December 31, 2006 and 2005, occupancy for leased properties in our portfolio was 69.5% and 68.9%, respectively.

Despite our strategic focus on single tenant properties and leases, in order to meet market conditions we have been, and expect to continue, leasing less than the entire premises of some of our R&D properties to a single tenant from time to time. Leasing our R&D properties, which generally have been built for single tenant occupancy, to multiple tenants tends to increase our leasing costs and operating expenses and reduce the profitability of our leasing activities. Although we scrutinize each prospective tenant's creditworthiness and continually evaluate the financial capacity of both our prospective and existing tenants, a downturn in tenants' businesses may weaken tenants' financial conditions and could result in defaults under their lease obligations.

We believe that the average 2007 renewal rental rates for our properties will be approximately equal to, or perhaps, below current market rents. Leases representing approximately 742,000 rentable square feet, or 9% of our 2007 cash rent, are scheduled to expire during 2007. If we are unable to lease a significant portion of any vacant space or space scheduled to expire; if we experience significant tenant defaults as a result of the current economic downturn; if we restructure existing leases and lower existing rents in order to retain tenants for an extended term; or if we increase our lease costs and operating expenses substantially to accommodate multiple tenants in our R&D properties; or if we are not able to lease space at or above current market rates, our results of operations and cash flows will be adversely affected.

OPERATIONS

We operate as a self-administered, self-advised and self-managed REIT with our own employees. Generally, as the sole general partner of the operating partnerships, we control the business and assets of the operating partnerships and have full and complete authority, discretion and responsibility with respect to the operating partnerships' operations and transactions, including, without limitation, acquiring additional properties, borrowing funds, raising new capital, leasing buildings and selecting and supervising all agents of the operating partnerships.

Although most of our leases are triple net and building maintenance and tenant improvements are the responsibility of the tenants, from time to time we may be required to undertake construction and repair work at our properties. We will bid all major work competitively to subcontractors. Members of the Berg Group may participate in the competitive bidding for the work, but all contracts with the Berg Group are subject to review and approval by the Independent Directors Committee.

We generally will market the properties and negotiate leases with tenants ourselves. We make the availability of our properties known to the brokerage community to garner their assistance in locating prospective tenants. As a result, we expect to retain our policy of paying fixed commissions to tenants'

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

brokers.

We believe that our business practices provide us with competitive advantages, including -

- EXTERNAL DEVELOPMENT AFFILIATE. We have the option to purchase all future R&D, office, industrial property developments of the Berg Group under the Berg Land Holdings Option Agreement on land currently held or acquired directly or indirectly by Carl E. Berg or Clyde J. Berg that is zoned for those purposes and located in California, Oregon and Washington following completion and lease-up of the property. The acquisition terms and conditions for the existing and identified projects have been pre-negotiated and are documented under the Berg Land Holdings Option Agreement. This relationship provides us with the economic benefits of development while eliminating development and initial lease-up risks. It also provides us with access to one of the most experienced development teams in the Silicon Valley without the expense of maintaining development personnel.

- 5 -

- LEAN ORGANIZATION, EXPERIENCED TEAM. In part because of our primary focus on Silicon Valley, our experience with the special real estate requirements of information technology tenants and the long-term triple-net structure of our leases, we are able to conduct and expand our business with a small management team comprised of highly qualified and experienced professionals working within a relatively flat organizational structure. We believe that the leanness of our organization and our experience will enable us to rapidly assess and respond to market opportunities and tenant needs, control operating expenses and develop and maintain excellent relationships with tenants. We further believe that these advantages translate into significantly lower costs for operations and give us the ability, along with the Berg Group, to compete favorably with other R&D property developers in Silicon Valley, especially for build-to-suit projects subject to competitive bidding. Furthermore, we believe this lower cost structure allows us to generate better returns from properties whose value can be increased through appropriate remodeling and efficient property management.
- SOUND PROPERTY MANAGEMENT PRACTICES. For each property, the management team, along with the Berg Group staff, develops a specific marketing and property management program. We select vendors and subcontractors on a competitive bid basis from a select group of highly qualified firms with whom we maintain ongoing relationships and carefully supervise their work.

OPERATING PARTNERSHIP AGREEMENTS

MANAGEMENT

The operating partnerships consist of four separate limited partnerships engaged in the combined operation and ownership of all our properties. The operating partnership agreements are identical in all material respects for all four of the limited partnerships. Pursuant to the operating partnership agreements, we act as the sole general partner of the operating partnerships, in which capacity we have exclusive control of the business and assets of the operating partnerships and generally have full and complete authority, discretion and responsibility with respect to the operating partnerships' operations and transactions, including, without limitation, acquisitions of additional properties, borrowing funds, raising new capital, leasing buildings, as well as selecting and supervising all employees and agents of the operating partnerships. Through our authority to manage our business and affairs, our Board of Directors directs the business of the operating partnerships.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Notwithstanding our effective control of the operating partnerships, the Berg Group holds a substantial majority of the outstanding O.P. Units and the consent of the limited partners holding a majority of the outstanding O.P. Units is required with respect to certain extraordinary actions involving the operating partnerships, including:

- the amendment, modification or termination of the operating partnership agreements;
- a general assignment for the benefit of creditors or the appointment of a custodian, receiver or trustee for any of the assets of the operating partnerships;
- the institution of any proceeding for bankruptcy of the operating partnerships;
- the transfer of any general partnership interests in the operating partnerships, including, with certain exceptions, transfers attendant to any merger, consolidation or liquidation of our corporation;
- the admission of any additional or substitute general partner in the operating partnerships; and
- a change of control of the operating partnerships.

In addition, until the ownership interest of the Berg Group and its affiliates is less than 15% of the common stock on a Fully Diluted basis, the consent of the limited partners holding a majority of the outstanding O.P. Units is also required with respect to:

- the liquidation of the operating partnerships;
- the sale or other transfer of all or substantially all of the assets of the operating partnerships and certain mergers and business combinations resulting in the complete disposition of all O.P. Units; and
- the issuance of limited partnership interests having seniority as to distributions, assets and voting over the O.P. Units.

TRANSFERABILITY OF O.P. UNITS

The operating partnership agreements provide that the limited partners may transfer their O.P. Units, subject to certain limitations. Except for certain transfers by the limited partners to or from certain of their affiliates, however, all transfers may be made only with our prior written consent as the sole general partner of the operating partnerships.

In addition, no transfer of O.P. Units by the limited partners may be made in violation of certain regulatory and other restrictions set forth in the operating partnership agreements. Except in the case of certain permitted transfers to or from certain affiliates of the limited partners, the exchange rights, the put rights, rights to participate in future equity financings and provisions requiring the approval of certain limited partners for certain matters will no longer be applicable to O.P. Units so transferred, and the transferee will not have any rights to nominate persons to our Board of Directors.

- 6 -

ADDITIONAL CAPITAL CONTRIBUTIONS AND LOANS

Each operating partnership agreement provides that, if the operating partnership requires additional funds to pursue its investment objectives, we may fund such investments by raising additional equity capital and making a capital contribution to the operating partnerships or by borrowing such funds and lending the net proceeds of such loans to the operating partnerships. If we intend to provide additional funds through a contribution to capital and

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

purchase of units of general partnership interest, the limited partners will have the right to participate in such funding on a pro rata, pari passu basis and to acquire additional O.P. Units. If the limited partners do not participate in such financing, we will acquire additional units of general partnership interest. In either case, the number of additional units of partnership interest will be increased based upon the amount of the additional capital contributions and the value of the operating partnerships as of the date such contributions are made.

In addition, as general partner of the operating partnerships, we have the ability to cause the operating partnerships to issue additional O.P. Units. In the event that the operating partnerships issue new O.P. Units for cash but not property, the limited partners will have the right to purchase new O.P. Units at the price we offer in the transaction giving rise to such participation right in order, and to the extent necessary, to maintain their respective percentage interests in the operating partnerships.

EXCHANGE RIGHTS, PUT RIGHTS AND REGISTRATION RIGHTS

Under the Exchange Rights Agreement between us and the limited partners, the limited partners have exchange rights that generally became exercisable on December 29, 1999. The Exchange Rights Agreement permits every limited partner to tender O.P. Units to us, and, at our election, to receive common stock on a one-for-one basis at then-current market value, an equivalent amount of cash, or a combination of cash and common stock in exchange for the O.P. Units tendered, subject to the 9% overall ownership limit imposed on non-Berg Group stockholders under our charter document, or the overall 20% Berg Group ownership limit, as the case may be. For more information, please refer to Item 1A, "Risk Factors - Failure to satisfy federal income tax requirements for REITs could reduce our distributions, reduce our income and cause our stock price to fall." This exchange ratio is subject to adjustment for stock splits, stock dividends, recapitalizations of our common stock and similar types of corporate actions. In addition, once in each 12-month period beginning each December 29, the limited partners, other than Carl E. Berg and Clyde J. Berg, may exercise a put right to sell their O.P. Units to the operating partnerships at a price equal to the average market price of the common stock for the 10-trading day period immediately preceding the date of tender. Upon any exercise of the put rights, we will have the opportunity for a period of 15 days to elect to fund the purchase of the O.P. Units and purchase additional general partner interests in the operating partnerships for cash, unless the purchase price exceeds \$1 million in the aggregate for all tendering limited partners, in which case, the operating partnerships or we will be entitled, but not required, to reduce proportionally the number of O.P. Units to be acquired from each tendering limited partner so that the total purchase price is not more than \$1 million.

The shares of our common stock issuable in exchange for the O.P. Units outstanding at July 1, 1998 and the O.P. Units issued pursuant to the Pending Projects Acquisition Agreement were registered under the Securities Act and generally may be sold without restriction if they are acquired by limited partners that are not affiliates, as defined under SEC Rule 144. For more information please refer to Item 1A, "Risk Factors - Shares eligible for future sale could affect the market price of our stock." The Exchange Rights Agreement gives the holders of O.P. Units the right to participate in any registered public offering of the common stock initiated by us to the extent of 25% of the total shares sold in the offering upon converting O.P. Units to shares of common stock, but subject to the underwriters' unlimited right to reduce the participation of all selling stockholders. The holders of O.P. Units will be able to request resale registrations of shares of common stock acquired on exchange of O.P. Units on a Form S-3, or any equivalent form of registration statement, subject to limitations and restrictions contained in the Exchange Rights Agreement. In April 2006, we registered up to 86,088,095 shares of common stock issuable on exchange of O.P. Units for resale pursuant to the prospectus

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

included in a registration statement on Form S-3 that the SEC declared effective on April 28, 2006. We intend to maintain the effectiveness of this registration statement in order to facilitate re-sales of shares of common stock acquired by O.P. Unit holders from time to time without volume limitations or other resale restrictions under SEC Rule 144.

OTHER MATTERS

The operating partnership agreements require that the operating partnerships be operated in a manner that will enable us to satisfy the requirements for being classified as a REIT and to avoid any federal income or excise tax liability.

The operating partnership agreements provide that the combined net operating cash flow from all the operating partnerships, as well as net sales and refinancing proceeds, will be distributed from time to time as determined by our Board of Directors, but not less frequently than quarterly, pro rata in accordance with the partners' percentage interests in the operating partnerships, taken as a whole. This provision is intended to cause the periodic distributions per O.P. Unit and per share of our common stock to be equal. As a consequence of this provision, the capital interest of a partner in each of the operating partnerships, including our capital interests, might at times differ significantly from the partner's percentage interest in the net income and cash flow of that operating partnership.

- 7 -

We do not believe that such differences would have a material impact on our business, financial condition or funds available for distributions, however.

Pursuant to the operating partnership agreements, the operating partnerships will also assume and pay when due, or reimburse us for payment of, certain costs and expenses relating to our continuity of existence and operations.

The operating partnership agreements provide that, upon the exercise of an outstanding option under the 2004 Equity Incentive Plan (including options granted originally under the 1997 Stock Option Plan), we may purchase additional general partner interests in the operating partnerships by contributing the exercise proceeds to the operating partnerships. Our increased interest shall be equal to the percentage of outstanding shares of common stock and O.P. Units on an as-converted basis represented by the shares acquired upon exercise of the option.

TERM

The operating partnerships will continue in full force and effect until December 31, 2048 or until sooner dissolved pursuant to the terms of the operating partnership agreements.

EMPLOYEES

As of February 28, 2007, we employed five people, all of whom work at our executive offices at 10050 Bandle Drive, Cupertino, California, 95014.

FACILITIES

We lease office space at 10050 Bandle Drive, Cupertino, California from Berg & Berg Enterprises, Inc. and share clerical staff and other overhead on what we consider to be favorable terms. The total monthly rent payable by us to Berg & Berg Enterprises, Inc. is \$7,520.

- 8 -

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

ITEM 1A. RISK FACTORS

YOU SHOULD CAREFULLY CONSIDER THE FOLLOWING RISKS, TOGETHER WITH THE OTHER INFORMATION CONTAINED ELSEWHERE IN THIS FORM 10-K. THE FOLLOWING RISKS RELATE PRINCIPALLY TO OUR BUSINESS AND THE INDUSTRY IN WHICH WE OPERATE. THE RISKS AND UNCERTAINTIES CLASSIFIED BELOW ARE NOT THE ONLY ONES WE FACE.

WE ARE DEPENDENT ON CARL E. BERG, AND IF WE LOSE HIS SERVICES OUR BUSINESS MAY BE HARMED AND OUR STOCK PRICE COULD FALL.

We are substantially dependent upon the leadership of Carl E. Berg, our Chairman and Chief Executive Officer. Losing Mr. Berg's knowledge and abilities could have a material adverse effect on our business and the value of our common stock. Mr. Berg manages our day-to-day operations and devotes a significant portion of his time to our affairs, but he has a number of other business interests as well. These other activities reduce Mr. Berg's attention to our business.

MR. BERG AND HIS AFFILIATES EFFECTIVELY CONTROL OUR CORPORATION AND THE OPERATING PARTNERSHIPS AND MAY ACT IN WAYS THAT ARE DISADVANTAGEOUS TO OTHER STOCKHOLDERS.

SPECIAL BOARD VOTING PROVISIONS

Our governing corporate documents, which are our articles of amendment and restatement, or charter, and our bylaws, provide substantial control rights for the Berg Group. The Berg Group's control of our corporation means that the value and returns from an investment in the Company's common stock are subject to the Berg Group's exercise of its rights. These rights include a requirement that Mr. Berg or his designee as director approve certain fundamental corporate actions, including amendments to our charter and bylaws and any merger, consolidation or sale of all or substantially all of our assets. In addition, our bylaws provide that a quorum necessary to hold a valid meeting of the Board of Directors must include Mr. Berg or his designee. The rights described in the two preceding sentences apply only as long as the Berg Group members and their affiliates, other than us and the operating partnerships, beneficially own, in the aggregate, at least 15% of our outstanding shares of common stock on a Fully Diluted basis. Also, directors representing more than 75% of the entire Board of Directors must approve other significant transactions, such as incurring debt above certain amounts and conducting business other than through the operating partnerships. Without the approval of Mr. Berg or his designee, the Board of Directors' approval that we may need for actions that might result in a sale of your stock at a premium or raising additional capital when needed could be difficult or impossible to obtain.

BOARD OF DIRECTORS REPRESENTATION

The Berg Group members have the right to designate two of the director nominees submitted by our Board of Directors to stockholders for election, as long as the Berg Group members and their affiliates, other than us and the operating partnerships, beneficially own, in the aggregate, at least 15% of our outstanding shares of common stock calculated on a Fully Diluted basis. If the Fully Diluted ownership of the Berg Group members and their affiliates, other than us and the operating partnerships, is less than 15% but is at least 10% of the common stock, the Berg Group members have the right to designate one of the director nominees submitted by our Board of Directors to stockholders for election. Its right to designate director nominees affords the Berg Group substantial control and influence over the management and direction of our corporation. The Berg Group's interests could conflict with the interests of our stockholders and could adversely affect the price of our common stock.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

SUBSTANTIAL OWNERSHIP INTEREST

The Berg Group currently owns O.P. Units representing approximately 74% of the equity interests in the operating partnerships and approximately 73.8% of our equity interests on a Fully Diluted basis. The O.P. Units may be converted into shares of common stock, subject to limitations set forth in our charter and other agreements with the Berg Group, and upon conversion would represent voting control of our corporation. The Berg Group's ability to exchange its O.P. Units for common stock permits it to exert substantial influence over the management and direction of our corporation. This influence increases our dependence on the Berg Group.

LIMITED PARTNER APPROVAL RIGHTS

Mr. Berg and other limited partners, including other members of the Berg Group, may restrict our operations and activities through rights provided under the terms of the amended and restated agreement of limited partnership which governs each of the operating partnerships and our legal relationship to each operating partnership as its general partner. Matters requiring approval of the holders of a majority of the O.P. Units, which necessarily would include the Berg Group, include the following:

- the amendment, modification or termination of any of the operating partnership agreements;
- the transfer of any general partnership interest in the operating partnerships, including, with certain exceptions, transfers attendant to any merger, consolidation or liquidation of our corporation;
- the admission of any additional or substitute general partners in the operating partnerships;
- any other change of control of the operating partnerships;
- a general assignment for the benefit of creditors or the appointment of a custodian, receiver or trustee for any of the assets of the operating partnerships; and

- 9 -

- the institution of any bankruptcy proceeding for any operating partnership.

In addition, as long as the Berg Group members and their affiliates, other than us and the operating partnerships, beneficially own, in the aggregate, at least 15% of the outstanding shares of common stock on a Fully Diluted basis, the consent of the limited partners holding the right to vote a majority of the total number of O.P. Units outstanding is also required with respect to:

- the sale or other transfer of all or substantially all of the assets of the operating partnerships and certain mergers and business combinations resulting in the complete disposition of all O.P. Units;
- the issuance of limited partnership interests senior to the O.P. Units as to distributions, assets and voting; and
- the liquidation of the operating partnerships.

The liquidity of an investment in the Company's common stock, including our ability to respond to acquisition offers, will be subject to the exercise of these rights.

OUR CONTRACTUAL BUSINESS RELATIONSHIPS WITH THE BERG GROUP PRESENT ADDITIONAL CONFLICTS OF INTEREST, WHICH MAY RESULT IN THE REALIZATION OF ECONOMIC BENEFITS OR THE DEFERRAL OF TAX LIABILITIES BY THE BERG GROUP WITHOUT EQUIVALENT BENEFITS TO OUR STOCKHOLDERS.

Our contracts with the Berg Group provide it with interests that could conflict with those of our other stockholders, including the following:

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

- our headquarters are leased from an entity owned by the Berg Group, to whom we pay rent of \$7,520 per month;
- the Berg Group is permitted to conduct real estate and business activities other than our business;
- if we decline an opportunity that has been offered to us, the Berg Group may pursue it, which would reduce the amount of time that Mr. Berg could devote to our affairs and could result in the Berg Group's development of properties that compete with our properties for tenants;
- in general, we have agreed to limit the liability of the Berg Group to our corporation and our stockholders arising from the Berg Group's pursuit of these other opportunities;
- we acquired most of our properties from the Berg Group on terms that were not negotiated at arm's length and without many customary representations and warranties that we would have sought in an acquisition from an unrelated party; and
- we have assumed liability for debt to the Berg Group and debt for which the Berg Group was liable.

The Berg Group has agreed that the Independent Directors Committee of our Board of Directors must approve all new transactions between us and any of its members, or between us and any entity in which it directly or indirectly owns 5% or more of the equity interests, including the operating partnerships for this purpose. This committee currently consists of three directors who are independent of the Berg Group.

BERG LAND HOLDINGS

The Berg Group owns several parcels of unimproved land in the Silicon Valley that the operating partnerships and we have the right to acquire under the terms of the Berg Land Holdings Option Agreement. We have agreed to pay an amount based on pre-negotiated terms for any of the properties that we do acquire. We must pay the acquisition price in cash unless the Berg Group elects, in its discretion, to receive O.P. Units valued at the average market price of a share of common stock during the 30-trading-day period preceding the acquisition date. At the time of acquisition, which is subject to the approval of the Independent Directors Committee, these properties may be encumbered by debt that we or the operating partnerships will be required to assume or repay. The use of our cash or an increase in our indebtedness to acquire these properties could have a material adverse effect on our financial condition, results of operations and ability to make cash distributions to our stockholders. The Independent Directors Committee authorized the removal of a 160-acre site from the Berg Land Holdings Option Agreement if the Berg Group is able to obtain residential development zoning for any portion of this land. The Independent Directors Committee determined that this site is not likely to be of future development interest to us, and so the Berg Group is now able to pursue its own residential development opportunities for this site. Any portions of such site that are rezoned as residential will no longer be subject to the Berg Land Holdings Option Agreement and will not provide any future benefit to us.

TAX CONSEQUENCES OF SALE OF PROPERTIES

Many of our properties have unrealized taxable gain, and a sale of those properties could create adverse income tax consequences for the limited partners of the operating partnerships. We have agreed with Carl E. Berg, Clyde J. Berg and John Kontrabecki, a limited partner in one of the operating partnerships as of December 31, 2006, that prior to December 29, 2008, each of them may prevent us and the operating partnerships from selling or transferring any of the properties that were acquired from them in our July 1998 UPREIT acquisition if the proposed sale or other transfer will be a taxable transaction. As a result, our opportunities to sell these properties may be limited. If we need to sell any of these properties to raise cash to service our debt, acquire new properties, pay cash

distributions to stockholders or for other working capital purposes, we may be unable to do so. These restrictions could harm our business and cause our stock price to fall.

TERMS OF TRANSFERS: ENFORCEMENT OF AGREEMENT OF LIMITED PARTNERSHIP

The terms of the Pending Projects Acquisition Agreement, the Berg Land Holdings Option Agreement, the partnership agreement of each operating partnership and other material agreements through which we have acquired our interests in the operating partnerships and the properties formerly controlled by the Berg Group were not determined through arm's-length negotiations and could be less favorable to us than those obtained from an unrelated party. In addition, Mr. Berg and representatives of the Berg Group sitting on our Board of Directors may be subject to conflicts of interests with respect to their obligations as our directors to enforce the terms of the partnership agreement of each operating partnership when such terms conflict with their personal interests. The terms of our charter and bylaws also were not determined through arm's-length negotiations. Some of these terms, including representations and warranties applicable to acquired properties, are not as favorable as those that we would have sought through arm's-length negotiations with unrelated parties. As a result, an investment in our common stock may involve risks not found in businesses in which the terms of material agreements have been negotiated at arm's length.

RELATED PARTY DEBT

We are liable under a mortgage loan of \$9.7 million due June 2010 that we assumed in connection with our acquisition of the 5300-5350 Hellyer Avenue R&D properties that we acquired in May 2000 under the Berg Land Holdings Option Agreement. On October 26, 2005, the Independent Directors Committee approved the termination of the \$20 million line of credit agreement between the Company and the Berg Group effective October 31, 2005. The Berg Group line of credit was originally scheduled to mature in March 2006. There are no borrowings currently outstanding under the Berg Group line of credit, but we might obtain a line of credit from the Berg Group in the future. If we are unable to repay our debts to the Berg Group when due, the Berg Group could take action to enforce our payment obligations. Potential actions by the Berg Group to enforce these obligations could result in the foreclosure in one or more of our properties and a reduction in the amount of cash distributions to our stockholders. In turn, if we fail to meet the minimum distributions test because of a loan default or another reason, we could lose our REIT classification for federal income tax purposes. For more information please refer to Item 1A, "Risk Factors - Failure to satisfy federal income tax requirements for REITs could reduce our distributions, reduce our income and cause our stock price to fall."

OUR OPTION TO ACQUIRE R&D PROPERTIES DEVELOPED ON EXISTING LAND AND LAND ACQUIRED IN THE FUTURE BY THE BERG GROUP WILL TERMINATE WHEN THE BERG GROUP'S OWNERSHIP INTEREST HAS BEEN REDUCED.

The Berg Land Holdings Option Agreement, as amended, which provides us with significant benefits and opportunities to acquire additional R&D properties from the Berg Group, will expire when the Berg Group and their affiliates (excluding us and the operating partnerships) own less than 65% of our common stock on a Fully Diluted basis. Termination of the Berg Land Holdings Option Agreement could result in limitation of our growth, which could cause our stock price to fall.

WE MAY CHANGE OUR INVESTMENT AND FINANCING POLICIES AND INCREASE YOUR RISK WITHOUT STOCKHOLDER APPROVAL.

Our Board of Directors determines the investment and financing policies of the

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

operating partnerships and our policies with respect to certain other activities, including our business growth, debt capitalization, distribution, and operating policies. Our Board of Directors may amend these policies at any time without a vote of the stockholders. Changes in these policies could materially adversely affect our financial condition, results of operations and ability to make cash distributions to our stockholders, which could harm our business and cause our stock price to fall. For more information please refer to Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations - Policies with Respect to Certain Activities."

ANTI-TAKEOVER PROVISIONS IN OUR CHARTER COULD PREVENT ACQUISITIONS OF OUR STOCK AT A SUBSTANTIAL PREMIUM.

Provisions of our charter and our bylaws could delay, defer or prevent a transaction or a change in control of our corporation, or a similar transaction, that might involve a premium price for our shares of common stock or otherwise be in the best interests of our stockholders. Provisions of the Maryland general corporation law, which would apply to potential business combinations with acquirers other than the Berg Group or stockholders who invested in us in December 1998, also could prevent the acquisition of our stock for a premium, as discussed in "Certain Provisions of Maryland Law and of our Charter and Bylaws."

AN INVESTMENT IN OUR STOCK INVOLVES RISKS RELATED TO REAL ESTATE INVESTMENTS THAT COULD HARM OUR BUSINESS AND CAUSE OUR STOCK PRICE TO FALL.

RENTAL INCOME VARIES

Real property investments are subject to varying degrees of risk. Investment returns available from equity investments in real estate depend in large part on the amount of income earned and capital appreciation, which our properties generate, as well as our related expenses incurred. If our properties do not generate revenues sufficient to meet operating expenses, debt service and capital expenditures, our income and ability to make distributions to our stockholders will be adversely affected. Income from our properties

- 11 -

may also be adversely affected by general economic conditions, local economic conditions such as oversupply of commercial real estate, the attractiveness of our properties to tenants and prospective tenants, competition from other available rental property, our ability to provide adequate maintenance and insurance, the cost of tenant improvements, leasing commissions and tenant inducements and the potential of increased operating costs, including real estate taxes.

EXPENDITURES FOR PROPERTY OWNERSHIP ARE FIXED

Income from properties and real estate values also are affected by a variety of other factors, such as governmental regulations and applicable laws, including real estate, zoning and tax laws, interest rate levels and the availability of financing. Various significant expenditures associated with an investment in real estate, such as mortgage payments, real estate taxes and maintenance expenses, generally are not reduced when circumstances cause a reduction in revenue from the investment. Thus, our operating results and our cash flow may decline materially if our rental income is reduced.

ILLIQUIDITY

Real estate investments are relatively illiquid, which limits our ability to restructure our portfolio in response to changes in economic or other conditions.

GEOGRAPHIC CONCENTRATION

All of our properties are located in the southern portion of the San Francisco

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Bay Area commonly referred to as the "Silicon Valley." The Silicon Valley economy has weakened during the past few years after a number of successive years of rapid growth that resulted in excess capacity for R&D properties in the Silicon Valley. At present, future increases in values and rents for our properties depend to a significant extent on a strong recovery of this region's economy.

LOSS OF KEY TENANTS

Single tenants, many of whom are large, publicly traded information technology companies, occupy most of our properties. We may lose tenants when existing leases expire because it may be difficult to re-lease the same property due to substantial overcapacity of R&D properties in the Silicon Valley at present. Losing a key tenant could adversely affect our operating results and our ability to make distributions to stockholders if we are unable to obtain replacement tenants promptly. Moreover, to retain key tenants upon the expiration of existing leases we may need to reduce rents, which also could adversely affect our operating results and ability to make distributions.

TENANT BANKRUPTCIES

Key tenants could seek the protection of the bankruptcy laws, which could result in the rejection and termination of their leases, thereby causing a reduction in our rental income. Under the bankruptcy laws, these tenants may have the right to reject their leases with us and our claim for rent will be limited to the greater of one year or 15% of the total amount owing under the leases upon default, but not to exceed three years of the remaining term of the lease following the earlier of the petition filing date or the date on which we gained repossession of the property, as well as any rent that was unpaid on the earlier of those dates.

OUR SUBSTANTIAL INDEBTEDNESS

Our properties are subject to substantial indebtedness. If we are unable to make required mortgage payments, we could sustain a loss as a result of foreclosure on our properties by the mortgagor. For example, under our mortgage loan agreements with Northwestern Mutual Life Insurance Company, the payment of all \$100 million outstanding could be accelerated upon the sale or certain other transfers of more than 51% of the total number of O.P. Units and shares of common stock of the Company held by the members of the Berg Group. We have no reason to expect such a sale or transfer in the foreseeable future, but the members of the Berg Group have no obligation to us to refrain from any such sale or other transfer. We have adopted a policy of maintaining a consolidated ratio of debt to total market capitalization, which includes for this purpose the market value of all shares of common stock for which outstanding O.P. Units are exchangeable, of less than 50%. This ratio may not be exceeded without the approval of more than 75% of our entire Board of Directors. Our Board of Directors may vote to change this policy, however, and we could become more highly leveraged, resulting in an increased risk of default on our obligations and an increase in debt service requirements that could adversely affect our financial condition, our operating results and our ability to make distributions to our stockholders.

ENVIRONMENTAL CLEAN-UP LIABILITIES

Our properties may expose us to liabilities under applicable environmental and health and safety laws. If these liabilities are material, our financial condition and ability to pay cash distributions may be affected adversely, which would cause our stock price to fall.

UNINSURED LOSSES

We may sustain uninsured losses with respect to some of our properties. If these losses are material, our financial condition, our operating results and our ability to make distributions to our stockholders may be affected adversely.

EARTHQUAKE DAMAGES ARE UNINSURED

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

All of our properties are located in areas that are subject to earthquake activity. Our insurance policies do not cover damage caused by seismic activity although they do cover losses from fires after an earthquake. We generally do not consider such insurance coverage

- 12 -

to be economical. If an earthquake occurs and results in substantial damage to our properties, we could lose our investment in those properties, which loss could have a material adverse effect on our financial condition, our operating results and our ability to make distributions to our stockholders.

OUR REAL ESTATE ASSETS MAY BE SUBJECT TO IMPAIRMENT CHARGES.

We continually evaluate the recoverability of the carrying value of our real estate assets for impairment indicators. Factors considered in evaluating impairment of our existing real estate assets include significant declines in property operating profits, recurring property operating losses and other significant adverse changes in general market conditions that are considered permanent in nature. Generally, a real estate asset is not considered impaired if the undiscounted, estimated future cash flows of the asset over its estimated holding period are in excess of the asset's net book value at the balance sheet date. Assumptions used to estimate annual and residual cash flow, the estimated holding period of such assets, the lease up period when properties are vacant and future rental income require the judgment of management. Actual results could be different than our estimates.

In 2004, we recorded an impairment charge to reflect the decline in value of one of our R&D properties held for sale as of the year end. For further discussion of this charge please refer to Item 8, "Financial Statements and Supplementary Data - Note 17." There can be no assurance that we will not take additional charges in the future related to the impairment of our assets. As of the years ended December 31, 2006 and 2005, management believed it had applied reasonable estimates and judgments in determining the proper classification of its real estate assets. However, should external or internal circumstances change requiring the need to shorten the holding periods or adjust the estimated future cash flows of certain of our assets, we could be required to record additional impairment charges. If any real estate asset held for sale is considered impaired, a loss is provided to reduce the carrying value of the asset to its fair value, less selling costs. Any future impairment could have a material adverse affect on the Company's results of operations and funds from operations in the period in which the charge is taken.

FAILURE TO SATISFY FEDERAL INCOME TAX REQUIREMENTS FOR REITS COULD REDUCE OUR DISTRIBUTIONS, REDUCE OUR INCOME AND CAUSE OUR STOCK PRICE TO FALL.

FAILURE TO QUALIFY AS A REIT

Although we currently operate in a manner designed to enable us to qualify and maintain our REIT status, it is possible that economic, market, legal, tax or other considerations may cause us to fail to qualify as a REIT or may cause our Board of Directors either to refrain from making the REIT election or to revoke that election once made. To maintain REIT status, we must meet certain tests for income, assets, distributions to stockholders, ownership interests, and other significant conditions. If we fail to qualify as a REIT in any taxable year, we will not be allowed a deduction for distributions to our stockholders in computing our taxable income and would be subject to federal income tax, including any applicable alternative minimum tax, on our taxable income at regular corporate rates. Moreover, unless we were entitled to relief under certain provisions of the tax laws, we would be disqualified from treatment as a REIT for the four taxable years following the year in which our qualification was lost. As a result, funds available for distributions to our stockholders

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

would be reduced for each of the years involved and, in addition, we would no longer be required to make distributions to our stockholders.

REIT DISTRIBUTION REQUIREMENTS

To maintain REIT status, we must distribute as a dividend to our stockholders at least 90% of our otherwise net taxable income, after certain adjustments, with respect to each tax year. We also may be subject to a 4% non-deductible excise tax in the event our distributions to stockholders fail to meet certain other requirements. Failure to comply with these requirements could result in our income being subject to tax at regular corporate rates and could cause us to be liable for the excise tax.

OWNERSHIP LIMIT NECESSARY TO MAINTAIN REIT QUALIFICATION

As a REIT, the federal tax laws restrict the percentage of the total value of our stock that may be owned by five or fewer individuals to 50% or less. Our charter generally prohibits the direct or indirect ownership of more than 9% of our common stock by any stockholder. This limit excludes the Berg Group, which has an aggregate ownership limit of 20%. In addition, as permitted by our charter, our Board of Directors has authorized an exception to two other stockholders that permits them to collectively own, directly or indirectly, up to 18.5% of our common stock on an aggregate basis, subject to the terms of an ownership limit exemption agreement. In general, our charter prohibits the transfer of shares that result in a loss of our REIT qualification and provides that any such transfer or any other transfer that causes a stockholder to exceed the ownership limit will result in the shares being automatically transferred to a trust for the benefit of a charitable beneficiary. Accordingly, in the event that either the Berg Group or the two stockholders increase their stock ownership in our corporation, a stockholder who acquires shares of our common stock, even though his, her or its aggregate ownership may be less than 9%, may be required to transfer a portion of that stockholder's shares to such a trust in order to preserve our status as a REIT.

- 13 -

STOCKHOLDERS ARE NOT ASSURED OF RECEIVING CASH DISTRIBUTIONS FROM US.

Our income consists primarily of our share of the income of the operating partnerships, and our cash flow consists primarily of our share of distributions from the operating partnerships. Differences in timing between the receipt of income and the payment of expenses in arriving at our taxable income or the taxable income of the operating partnerships and the effect of required debt amortization payments could require us to borrow funds, directly or through the operating partnerships, on a short-term basis to meet our intended distribution policy.

Our Board of Directors will determine the amount and timing of distributions by the operating partnerships and of distributions to our stockholders. Our Board of Directors will consider many factors prior to making any distributions, including the following:

- the amount of cash available for distribution;
- our financial condition;
- whether to reinvest funds rather than to distribute such funds;
- our committed and projected capital expenditures;
- the amount of cash required for new property acquisitions, including acquisitions under our existing agreements with the Berg Group;
- the amount of our annual debt service requirements;
- the annual distribution requirements under the REIT provisions of the federal income tax laws;
- our projected rental rates and revenues;

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

- prospects of tenant renewals and re-releases of properties subject to expiring leases;
- cash required for re-leasing activities; and
- such other factors as our Board of Directors deems relevant.

We cannot assure you that we will be able to meet or maintain our cash distribution objectives.

OUR PROPERTIES COULD BE SUBJECT TO PROPERTY TAX REASSESSMENTS.

We do not believe that the acquisition of any of our interests in the operating partnerships has resulted in a statutory change in ownership that could give rise to a reassessment of any of our properties for California property tax purposes. We cannot assure you, however, that county assessors or other tax administrative agencies in California will not attempt to assert that such a change occurred as a result of these transactions. Although we believe that such a challenge would not be successful ultimately, we cannot assure you regarding the outcome of any related dispute or proceeding. A reassessment could result in increased real estate taxes on our properties that, as a practical matter, we may be unable to pass through to our tenants in full. This could reduce our net income and our funds available for distributions and cause our stock price to fall.

OUR OBLIGATION TO PURCHASE TENDERED O.P. UNITS COULD REDUCE OUR CASH DISTRIBUTIONS.

Each of the limited partners of the operating partnerships, other than Carl E. Berg and Clyde J. Berg, has the annual right to cause the operating partnerships to purchase the limited partner's O.P. Units at a purchase price based on the average market value of the common stock for the ten-trading-day period immediately preceding the date of tender. Upon a limited partner's exercise of any such right, we will have the option to purchase the tendered O.P. Units with available cash, borrowed funds or the proceeds of an offering of newly issued shares of common stock. These put rights became exercisable on December 29, 1999, and are available once during a 12-month period. If the total purchase price of the O.P. Units tendered by all of the eligible limited partners in one year exceeds \$1 million, the operating partnerships or we will be entitled, but not required, to reduce proportionately the number of O.P. Units to be acquired from each tendering limited partner so that the total purchase price does not exceed \$1 million. Thus, we might repurchase O.P. Units for a total purchase price of more than \$1 million in one year. The exercise of these put rights may reduce the amount of cash that we have available to distribute to our stockholders and could cause our stock price to fall.

In addition, all O.P. Unit holders may tender their O.P. Units to us in exchange for shares of common stock on a one-for-one basis at then-current market value or an equivalent amount in cash, at our election. If we elect to pay cash for the O.P. Units, our liquidity may be reduced and we may lack sufficient funds to continue paying the amount of our anticipated or historical cash distributions. This could cause our stock price to fall.

SHARES ELIGIBLE FOR FUTURE SALE COULD AFFECT THE MARKET PRICE OF OUR STOCK.

We cannot predict the effect, if any, that future sales of shares of common stock, or the availability of shares for future sale, could have on the market price of our common stock. As of December 31, 2006, all outstanding shares of our common stock, other than shares controlled by affiliates, were eligible for sale in the public market without resale restrictions under the federal securities laws. Sales of substantial amounts of common stock, including shares issued in connection with the exercise of the exchange rights held by

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

the limited partners of the operating partnerships, or the perception that such sales could occur, could adversely affect prevailing market prices for the common stock. Additional shares of common stock may be issued to limited partners, subject to the applicable REIT qualification ownership limit, if they exchange their O.P. Units for shares of common stock pursuant to their exchange rights, or may be sold by us to raise funds required to purchase such O.P. Units if eligible limited partners elect to tender O.P. Units to us using their put rights. Shares of stock controlled by our affiliates may be sold subject to Rule 144, including the limitation under Rule 144(e) on the number of shares that may be sold within a three-month period. In addition, pursuant to a registration statement on Form S-3 declared effective by the SEC in April 2006, all shares of common stock acquired upon exchange of currently outstanding O.P. Units may be resold without any such restrictions. Additional common stock reserved under our 2004 Equity Incentive Plan, including stock options, may also be sold in the market at some time in the future. Future sales of our common stock in the market could adversely affect the price of our common stock.

MARKET INTEREST RATES MAY REDUCE THE VALUE OF THE COMMON STOCK.

One of the factors that investors consider important in deciding whether to buy or sell shares of a REIT is the distribution rate on such shares, as a percentage of the price of such shares, relative to market interest rates. If market interest rates go up, prospective purchasers of REIT shares may expect a higher distribution rate. Higher interest rates would not, however, increase the funds available for us to distribute, and, in fact, would likely increase our borrowing costs and decrease funds available for distributions. Thus, higher market interest rates could cause the price of our common stock to fall.

ITEM 2. PROPERTIES

GEOGRAPHIC AND TENANT FOCUS

We focus principally on the facility requirements of information technology companies in the Silicon Valley, which include space for office, R&D, light manufacturing and assembly. With the Silicon Valley's highly educated and skilled work force, history of numerous successful start-up companies and large contingent of venture capital firms, we believe that this region will, following the current significant slowdown in the market, continue to spawn successful new high-growth industries and entrepreneurial businesses to an extent matched nowhere else in the United States. We believe that our focus and thorough understanding of the Silicon Valley real estate market enables us to:

- anticipate trends in the market;
- identify and concentrate our efforts on the most favorably located sub-markets;
- take advantage of our experience and extensive contacts and relationships with local government agencies, real estate brokers and subcontractors, as well as with tenants and prospective tenants; and
- identify strong tenants.

All of our properties are general-purpose R&D/office type properties located in desirable sub-markets of the Silicon Valley. Many of our properties have been

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

developed for or leased to single tenants, many of whom are large, publicly traded information technology companies. Most of our major tenants have occupied our properties for many years under triple-net leases that require the tenant to pay substantially all operating costs, including property insurance, real estate taxes and general operating costs.

LEASING

The current leases for the properties have terms ranging from month-to-month to 15 years. Most of the leases provide for fixed periodic rental increases. Substantially all of the leases are triple-net leases pursuant to which the tenant is required to pay substantially all of the operating expenses of the property, property taxes and insurance, including all maintenance and repairs, and excluding only certain structural repairs to the building shell. Most of the leases contain renewal options that allow the tenant to extend the lease based on adjustments to then prevailing market rates, or based on fixed rental adjustments, which may be at or below market rates.

PROPERTY PORTFOLIO

All of our properties are R&D/office type properties. Generally, these properties are one- to two-story buildings of tilt-up concrete construction, have on average 3.5 or more parking spaces per thousand rentable square feet, clear ceiling heights of less than 18 feet, and range in size from approximately 4,500 to 211,000 rentable square feet. Most of the office space is open and suitable for configuration to meet the tenants' requirements with the use of movable dividers.

The following table sets forth certain information relating to our properties as of December 31, 2006:

Location	No. of Properties	Total Rentable Sq. Ft.	Percentage Occupied as of Dec. 31, 2006	Average 2006 Occupancy	Major Tenants

- 18 -

- (1) Annual cash rents do not include the recognition of rental income on the straight-line method of accounting required by accounting principles generally accepted in the United States of America ("GAAP") under which contractual rent payment increases are recognized evenly over the lease term.
- (2) Joint venture properties.
- (3) Property represents a commitment by the Berg Group to construct an approximate 75,000 to 90,000 square foot building on land acquired during 2001.
- (4) This property was sold in 2006. It is included in this table for the sole purpose of presenting the annual cash rent received in 2006.
- (5) JDS Uniphase, NEC Electronics America and Dade Behring are currently in negotiation to terminate their lease obligations with us for the indicated properties. An additional 184,000 rentable square feet will be vacant in 2007 if we accept these lease terminations.

We own 100% of all of the properties, except: one of the buildings in the Triangle Technology Park, which is owned by a joint venture in which we, through an operating partnership, own a 75% interest; the property at 10401-10411 Bubb Road, which is owned by a joint venture in which we, through an operating partnership, own an 83.33% interest; and the properties at 5300-5350 Hellyer Avenue, which are owned by a joint venture in which we, through an operating partnership, own a 50% interest, and a Berg affiliate owns the other 50% venture interest.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

SCHEDULE OF LEASE EXPIRATIONS

The following table sets forth a schedule of the lease expirations for the properties beginning with 2007, assuming that none of the tenants exercise existing renewal options or termination rights. The table excludes 2,395,883 rentable square feet that was vacant as of December 31, 2006.

Year of Lease Expiration	Number of Expiring Leases	Rentable Square Footage Subject to Expiring Leases	2007 Annual Base Rent Under Expiring Leases (1) (3)
2007	24	742,078	\$8,268,614
2008	10	230,449	2,457,481
2009	20	688,115	9,317,772
2010	11	571,460	9,808,771
2011	7	931,450	18,891,914
2012	11	881,817	13,975,589
2013	1	125,044	1,336,720
2014	3	709,000	16,065,850
2015	3	277,568	4,902,225
2017	1	28,739	232,785
Thereafter	1	119,756	2,460,986
	92	5,305,476	\$87,718,707

- (1) The base rent for expiring leases is based on 2007 scheduled cash rent, which is different than annual rent determined in accordance with GAAP.
- (2) Based upon 2007 cash rent as discussed in Note (1).
- (3) JDS Uniphase, NEC Electronics America and Dade Behring are currently in negotiation to terminate certain lease obligations with us. An additional 184,000 rentable square feet will be vacant in 2007 if we accept these lease terminations.

If we are unable to lease a significant portion of the available space or space scheduled to expire in 2007 and thereafter at any of our properties; if existing tenants do not renew their leases; or if rental rates decrease, our results of operations, financial condition and cash flows would be adversely affected.

ENVIRONMENTAL MATTERS

To date, compliance with laws and regulations relating to the protection of the environment, including those regarding the discharge of materials into the environment has not had any material effects upon our capital expenditures, earnings or competitive position.

Under various federal, state and local laws, ordinances and regulations, an

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

owner or operator of real property may be held liable for the costs of removal or remediation of certain hazardous or toxic substances located on or in the property. Such laws often impose liability on the owner and expose the owner to governmental proceedings without regard to whether the owner knew of, or was responsible for, the presence of the hazardous or toxic substances. The cost of any required remediation or removal of such substances may be substantial. In addition, the owner's liability as to any specific property is generally not limited and could exceed the value of

- 19 -

the property and/or the aggregate assets of the owner. The presence of such substances, or the failure to properly remove or remediate such substances, may also adversely affect the owner's ability to sell or rent the property or to borrow using the property as collateral. Persons who arrange for treatment or the disposal of hazardous or toxic substances may also be liable for the costs of any required remediation or removal of the hazardous or toxic substances at a disposal facility, regardless of whether the facility is owned or operated by such owner or entity. In connection with the ownership of the properties or the treatment or disposal of hazardous or toxic substances, we may be liable for such costs.

Some of our properties are leased, in part, to businesses, including manufacturers that use, store or otherwise handle hazardous or toxic substances in their business operations. These operations create a potential for the release of hazardous or toxic substances. In addition, groundwater contaminated by chemicals used in various manufacturing processes, including semiconductor fabrication, underlies a significant portion of northeastern Santa Clara County, where many of our properties are located.

Environmental laws also govern the presence, maintenance and removal of asbestos. These laws require that owners or operators of buildings containing asbestos properly manage and maintain the asbestos, that they adequately inform or train those who may come into contact with asbestos and that they undertake special precautions, including removal or other abatement in the event that asbestos is disturbed during renovation or demolition of a building. These laws may impose fines and penalties on building owners or operators for failure to comply with these requirements and may allow third parties to seek recovery from owners or operators for personal injury associated with exposure to asbestos fibers. We are aware that there are asbestos-containing materials, or ACMs, present at several of the properties, primarily in floor coverings. We believe that the ACMs present at these properties are generally in good condition and that no ACMs are present at the remaining properties. We believe we are in compliance in all material respects with all present federal, state and local laws relating to ACMs and that if we were given limited time to remove all ACMs present at the properties, the cost of such removal would not have a material adverse effect on our financial condition, results of operations and ability to make cash distributions to our stockholders.

Phase I assessments are intended to discover and evaluate information regarding the environmental condition of the surveyed property and surrounding properties. Phase I assessments generally include a historical review, a public records review, an investigation of the surveyed site and surrounding properties and the preparation and issuance of a written report, but do not include soil sampling or subsurface investigations and typically do not include an asbestos survey. Environmental assessments have been conducted for about half of the properties.

The environmental investigations that have been conducted on our properties have not revealed any environmental liability that we believe would have a material adverse effect on our financial condition, results of operations and assets, and we are not aware of any such liability. Nonetheless, it is possible that there

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

are material environmental liabilities of which we are unaware. We cannot assure you that future laws, ordinances, or regulations will not impose any material environmental liability, or that the current environmental condition of the properties has not been, or will not be, affected by tenants and occupants of the properties, by the condition of properties in the vicinity of the properties, or by third parties unrelated to us.

- 20 -

ITEM 3. LEGAL PROCEEDINGS

Neither the operating partnerships, the properties nor we are subject to any material litigation nor, to our knowledge, is any material litigation threatened against the operating partnerships, the properties or us. From time to time, we are engaged in legal proceedings arising in the ordinary course of our business. We do not expect any of such proceedings to have a material adverse effect on our cash flows, financial condition or results of operations. We are currently involved in the following legal proceedings which we believe the ultimate outcome, will have no material adverse effect on our financial statements.

REPUBLIC PROPERTIES CORPORATION ("RPC") V. MISSION WEST PROPERTIES, L.P. ("MWP"), IN THE CIRCUIT COURT OF MARYLAND FOR BALTIMORE CITY CASE NO. 24-C-00-005675. On November 20, 2000, RPC commenced a lawsuit against MWP in the Circuit Court of Maryland for Baltimore City. After lengthy litigation, which included a trial on the merits and subsequent appeals, in April 2006 Maryland's highest Court upheld an earlier Maryland Appeals Court ruling in favor of MWP, finding that the Circuit Court of Maryland could not assert personal jurisdiction over MWP in the RPC suit. The Court vacated the judgment and decision in the trial court and dismissed the entire Maryland suit (see Item 8, "Financial Statements and Supplementary Data - Note 13" for information about the Hellyer Avenue Limited Partnership and the historical transactions underlying this litigation).

MISSION WEST PROPERTIES, L.P. V. REPUBLIC PROPERTIES CORPORATION, ET AL. SANTA CLARA COUNTY SUPERIOR COURT, CASE NO. CV 796249. In February 2001, while the Maryland case was pending, we filed a suit against RPC in the Superior Court of the State of California for the County of Santa Clara, Case No. CV 796249. The case was stayed pending resolution of the Maryland case, and we dismissed our suit on March 4, 2005. In April 2005, RPC submitted a motion asking the Superior Court to reinstate the case, which the Court granted on May 25, 2005. On July 5, 2006, RPC filed a cross-complaint in the case seeking partnership distributions to which we demurred. The Court sustained our demurrer with leave to amend. Subsequently, RPC filed an amended complaint, and we submitted another demurrer seeking dismissal of the claims on statute of limitations grounds. On February 20, 2007, the Court overruled our demurrer. We are in the process of seeking a writ from the California State Court of Appeal for the Sixth District directing the Superior Court to sustain the demurrer.

If the litigation is ultimately decided in favor of the Company, the Independent Directors Committee of the Board of Directors has the right, but not the obligation, to acquire on behalf of the Company the former RPC interest and related distributions from BBE under the terms of the Berg Land Holdings Option Agreement and the Acquisition Agreement between the Company and the Berg Group, as more fully explained under Item 8, "Financial Statements and Supplementary Data - Note 13."

In January 2004, the GLOBAL CROSSING ESTATE REPRESENTATIVE, FOR ITSELF AND THE LIQUIDATING TRUSTEE OF THE GLOBAL CROSSING LIQUIDATING TRUST V. MISSION WEST PROPERTIES L.P. filed an action in United States Bankruptcy Court Southern

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

District of New York Case No. 02-40188 (REG) asserting that payments of \$815,052 made in the ordinary course of business within 90 days of the Global Crossing bankruptcy filing were avoidable preference payments. During the course of settlement discussions with Global Crossing's representative, we learned that we would receive only 2-3% of our unsecured claim of \$16,710,605 for unpaid rent from the final distribution of the assets and proceeds of bankruptcy estate. On February 21, 2007, we and the Liquidating Trustee entered into a settlement agreement under which the \$815,052 claim against us was dismissed and we agreed to accept a payment of approximately \$150,000 as a final settlement of our claim for unpaid rent.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

No matters were submitted to a vote of stockholders during the fourth quarter of the year ended December 31, 2006.

- 21 -

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

HISTORICAL PERFORMANCE COMPARISON

The following graph compares the change in the Company's cumulative stockholder return on its shares of common stock to the cumulative total return of the NAREIT Equity REIT Total Return Index ("NAREIT Equity Index") and the Standard & Poor's 500 Stock Index ("S&P 500 Index") from December 31, 2001 to December 31, 2006. The line graph starts December 31, 2001. The graph assumes that the value of the investment in the Company's common stock was \$100 at December 31, 2001 and that all dividends were reinvested. The common stock's price on December 31, 2001 was \$12.72. The Company obtained the information about the NAREIT Equity Index and S&P 500 Index from each entity respectively, and has assumed that the information is reliable, but cannot assume its accuracy.

[OBJECT OMITTED]

The stock price performance shown in the graph is not necessarily indicative of future performance of the Company's common stock.

Our common stock is listed on the American Stock Exchange ("AMEX") and trades under the symbol "MSW." The high and low closing price per share of common stock as reported on AMEX during each quarter of 2006 and 2005 were as follows:

	2006		2005	
	High	Low	High	Low
1st Quarter	\$11.90	\$9.68	\$11.19	\$10.00
2nd Quarter	\$11.90	\$10.70	\$10.53	\$9.00
3rd Quarter	\$11.62	\$10.18	\$11.00	\$10.00
4th Quarter	\$13.10	\$11.31	\$10.26	\$9.00

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

- 22 -

On February 28, 2007, there were 184 registered holders of the Company's common stock. We declared and paid dividends in each quarter of 2006 and 2005. We expect to pay quarterly dividends during 2007. The following tables show information for quarterly dividends for 2006 and 2005.

	2006		
	Record Date	Payment Date	Dividend Per Share
1st Quarter	03/31/06	04/06/06	\$0.16
2nd Quarter	06/30/06	07/06/06	0.16
3rd Quarter	09/29/06	10/05/06	0.16
4th Quarter	12/29/06	01/04/07	0.16
Total			\$0.64

	2005		
	Record Date	Payment Date	Dividend Per Share
1st Quarter	03/31/05	04/07/05	\$0.16
2nd Quarter	06/30/05	07/07/05	0.16
3rd Quarter	09/30/05	10/06/05	0.16
4th Quarter	12/31/05	01/05/06	0.16
Total			\$0.64

The declaration and payment of dividends and distributions will continue to be determined by the Board of Directors in light of conditions then existing, including the Company's earnings, financial condition, capital requirements, debt service requirements and other factors.

For federal income tax purposes, we have characterized 100% of the dividends declared in 2006 as taxable ordinary income (unaudited). For 2005, we have characterized 89% of the dividends declared as taxable ordinary income and 11% as return of capital (unaudited).

The closing price of our common stock on December 29, 2006, the last trading day of the year, was \$13.10 per share.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

ITEM 6. SELECTED FINANCIAL DATA

The following table sets forth selected historical financial information for Mission West Properties, Inc. (see Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations - Overview and Background" for discussion of business combinations and property dispositions that materially affect the comparability of the selected financial data).

Selected consolidated financial data is derived from the audited financial statements and notes thereto (see Item 8, "Financial Statements and Supplementary Data") and is as follows:

	Year Ended Decem		
	2006	2005	2004
	(dollars in thousands, except

- (1) Certain reclassifications have been made to prior period amounts in order to conform to current period presentation.
- (2) Upon the implementation of SFAS 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," on January 1, 2002, the operating results of real estate held for sale and sold are reported as discontinued operations for all years presented. Additionally, all gains and losses on the sale of assets classified as held for sale subsequent to January 1, 2002 are included in discontinued operations.
- (3) As of December 31, 2006, 2005, 2004, 2003 and 2002, total properties include a property at 245 Caspian in Sunnyvale with no building. During 2001, we paid the Berg Group approximately \$7.5 million for their commitment to complete an approximate 75,000 to 90,000 square foot building

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

- on the property.
- (4) Average monthly rental revenue per square foot has been determined by taking the total cash base rent for the period divided by the number of months in the period, and then divided by the average occupied square feet in the period.
- (5) Funds from Operations ("FFO") is a non-GAAP financial instrument used by REITs to measure and compare operating performance. As defined by the National Association of Real Estate Investment Trusts ("NAREIT"), FFO represents net income (loss) before minority interest of unit holders (computed in accordance with GAAP), including non-recurring events other than "extraordinary items" under GAAP and excluding gains and losses from sales of discontinued operations or depreciable operating properties, plus real estate related depreciation and amortization (excluding amortization of deferred financing costs and depreciation of non-real estate assets) and after adjustments for unconsolidated partnerships and joint ventures. FFO does include impairment losses for properties held for sale and held for use. We have revised our FFO computations for 2002 for the inclusion of the amortization of leasing commissions in depreciation and amortization of real estate in order to be comparable to our 2006, 2005, 2004 and 2003 FFO presentation and to more closely conform to the NAREIT's FFO definition. Additionally, our 2006, 2005, 2004 and 2003 FFO calculation includes our portion of the depreciation and amortization of real estate from our unconsolidated joint venture, but excludes the above-market lease intangible asset, which was recorded as a reduction of revenues. Management considers FFO to be an appropriate supplemental measure of the Company's operating and financial performance because when compared year over year, it reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, general and administrative expenses and interest costs, providing a perspective not immediately apparent from net income. In addition, management believes that FFO provides useful information about the Company's financial performance when compared to other REITs since FFO is generally recognized as the industry standard for reporting the operations of REITs. FFO should not be considered as an alternative for neither net income as a measure of profitability nor is it comparable to cash flows provided by operating activities determined in accordance with GAAP. FFO is not comparable to similarly entitled items reported by other REITs that do not define them exactly as we define FFO.

Our definition of FFO also assumes conversion at the beginning of the period of all convertible securities, including O.P. Units that may be exchanged for shares of common stock. Our FFO does not represent the amount available for management's discretionary use; as such funds may be needed for capital replacement or expansion, debt service obligations or other commitments and uncertainties. Furthermore, FFO is not comparable to similarly entitled items reported by other REITs that do not define FFO exactly as we do.

A reconciliation of net income to common stockholders to FFO for the years ended December 31, 2006, 2005, 2004, 2003 and 2002 follows:

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

THE FOLLOWING DISCUSSION INCLUDES FORWARD-LOOKING STATEMENTS, INCLUDING BUT NOT LIMITED TO STATEMENTS WITH RESPECT TO THE FUTURE FINANCIAL PERFORMANCE, OPERATING RESULTS, PLANS AND OBJECTIVES OF MISSION WEST PROPERTIES, INC. ACTUAL RESULTS MAY DIFFER MATERIALLY FROM THOSE CURRENTLY ANTICIPATED DEPENDING UPON A VARIETY OF FACTORS, INCLUDING THOSE DESCRIBED IN PART I - ITEM 1A, RISK FACTORS.

OVERVIEW AND BACKGROUND

Our original predecessor was formed in 1969 as Palomar Mortgage Investors, a California business trust, which operated as a mortgage REIT until 1979 when, under the name of Mission Investment Trust, it terminated its status as a REIT and began to develop and market its own properties. In 1982, Mission West Properties was incorporated as a successor to Mission Investment Trust. In 1997, our predecessor, Mission West Properties, sold all its real estate assets and paid a special dividend of \$9.00 per share to stockholders, after which it retained only nominal assets. Subsequently, the Berg Group acquired control of the corporation as a vehicle to acquire R&D properties, or interests in entities owning such properties in a transaction completed on September 2, 1997. At that time the Berg Group and other investors acquired an aggregate 79.6% controlling ownership position. In May 1998, we, the Berg Group members, an independent limited partner, and certain other persons entered into an acquisition agreement providing, among other things, for our acquisition of interests as the sole general partner in the operating partnerships. At the time, the operating partnerships held approximately 4.34 million rentable square feet of R&D property located in Silicon Valley. The agreement also provided for the parties to enter into the Pending Projects Acquisition Agreement, the Berg Land Holdings Option Agreement and the Exchange Rights Agreement, following stockholder approval. Effective July 1, 1998, we consummated our acquisition of the general partnership interests in the operating partnerships through the purchase of the general partnership interests, and all limited partnership interests in the operating partnerships were converted into 59,479,633 O.P. Units, which represented ownership of approximately 87.89% of the operating partnerships. Our general partnership interests represented the balance of the ownership of the operating partnerships. At December 31, 2006, we owned an 18.23% general partnership interest in the operating partnerships, taken as a whole, on a

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

weighted average basis.

Since the beginning of calendar year 1999, we have been taxed as a qualified REIT.

Our reincorporation under the laws of the State of Maryland through the merger of Mission West Properties into Mission West Properties, Inc. occurred on December 30, 1998, at which time all outstanding shares issued by our predecessor California corporation were converted into shares of our common stock on a one-for-one basis.

In July 1999, we completed a public offering of 8,680,000 shares of our common stock at \$8.25 per share. The net proceeds of approximately \$66.9 million, after deducting underwriting discounts and other offering costs, were used primarily to repay indebtedness.

We have grown through property acquisitions. Since September 1998, we have acquired a total of approximately 4.3 million rentable square feet of R&D buildings under the Pending Project Acquisition Agreement, the Berg Land Holdings Option Agreement, and from unrelated third parties. The total cost of these properties was approximately \$649 million. We issued a total of 27,962,025 O.P. Units and assumed debt totaling approximately \$308 million to acquire them.

Since 1998, we have sold a total of approximately 0.9 million rentable square feet of R&D buildings. The total sales price of these properties was approximately \$128 million.

Almost all of our earnings and cash flow is derived from rental revenue received pursuant to leased R&D space at our properties. Key factors that affect our business and financial results include the following:

- the general economic climate;
- the occupancy rates of the properties;
- rental rates on new and renewed leases;
- tenant improvement and leasing costs incurred to obtain and retain tenants;
- the extent of early lease terminations;
- operating expenses;
- cost of capital; and
- the extent of acquisitions and sales of real estate.

Any negative effects of the above key factors could potentially cause a deterioration in our revenue and/or earnings.

- 26 -

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

We prepare our consolidated financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"), which requires us to make certain estimates, judgments and assumptions that affect the reported amounts in the accompanying consolidated financial statements, disclosure of contingent assets and liabilities and related footnotes. Accounting and disclosure decisions with respect to material transactions that are subject to significant management judgments or estimates include impairment of long lived assets, deferred rent receivables, and allocation of purchase price relating to property acquisitions and the related depreciable lives assigned. Actual results may differ from these estimates under different assumptions or conditions.

Critical accounting policies are defined as those that require management to

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

make estimates, judgments and assumptions, giving due consideration to materiality, in certain circumstances that affect amounts reported in the consolidated financial statements, and potentially result in materially different results under different conditions and assumptions. We believe that the following best describe our critical accounting policies:

REAL ESTATE ASSETS

Real estate assets are stated at cost. Cost includes expenditures for improvements or replacements. Maintenance and repairs are charged to expense as incurred. Gains and losses from sales are included in income in accordance with Statement of Financial Accounting Standard ("SFAS") 66, "Accounting for Sales of Real Estate." The gain on the sale is only recognized proportionately as the seller receives payments from the purchaser. Interest income is recognized on an accrual basis, when appropriate.

BUSINESS COMBINATIONS

Statement of Financial Accounting Standards 141, "Business Combinations" ("SFAS 141"), was effective July 1, 2001. The acquisition costs of each property acquired prior to July 1, 2001 were allocated only to building, land and leasing commission with building depreciation being computed based on an estimated weighted average composite useful life of 40 years and leasing commission amortization being computed over the term of the lease. Acquisitions of properties made subsequent to the effective date of SFAS 141 are based on an allocation of the acquisition cost to land, building, tenant improvements, and intangibles for at market and above market in place leases, and the determination of their useful lives are guided by a combination SFAS 141 and management's estimates. If we do not appropriately allocate these components or we incorrectly estimate the useful lives of these components, our computation of depreciation and amortization expense may not appropriately reflect the actual impact of these costs over future periods, which will affect net income.

IMPAIRMENT OF LONG-LIVED ASSETS

We review real estate assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable in accordance with Statement of Financial Accounting Standards 144, "Accounting for the Impairment and Disposal of Long-Lived Assets" ("SFAS 144"). If the carrying amount of the asset exceeds its estimated undiscounted net cash flow, before interest, we will recognize an impairment loss equal to the difference between its carrying amount and its estimated fair value. If impairment is recognized, the reduced carrying amount of the asset will be accounted for as its new cost. For a depreciable asset, the new cost will be depreciated over the asset's remaining useful life. Generally, fair values are estimated using discounted cash flow, replacement cost or market comparison analyses. The process of evaluating for impairment requires estimates as to future events and conditions, which are subject to varying market factors, such as the vacancy rates, future rental rates and operating costs for R&D facilities in the Silicon Valley area and related submarkets. The analysis that we prepare in connection with determining if there may be any asset impairment loss under SFAS 144 considers several assumptions: holding period of ten years, 36 months lease up period and cap rate ranging from 8% to 9%. Therefore, it is reasonably possible that a change in estimate resulting from judgments as to future events could occur which would affect the recorded amounts of the property. As discussed in Note 17 - Real Estate Asset Held for Sale and Discontinued Operations under Item 8, "Financial Statements and Supplementary Data," we recognized an impairment loss in 2004 on one asset held for sale under the application of this standard.

ALLOWANCE FOR DEFERRED RENT AND DOUBTFUL ACCOUNTS

The preparation of the consolidated financial statements requires us to make estimates and assumptions. As such, we must make estimates of the uncollectability of our accounts receivable based on the evaluation of our tenants' financial position, analyses of accounts receivable and current

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

economic trends. We also make estimates for a straight-line adjustment reserve for existing tenants with the potential of early termination, bankruptcy or ceasing operations. Our estimates are based on our review of tenants' payment histories, the remaining lease term, whether or not the tenant is currently occupying our building, publicly available financial information and such additional information about their financial condition as tenants provide to us. The information available to us might lead us to overstate or understate these reserve amounts. The use of different estimates or assumptions could produce different results. Moreover, actual future collections of accounts receivable or reductions in future reported rental income due to tenant bankruptcies or other business failures could differ materially from our estimates.

- 27 -

CONSOLIDATION OF JOINT VENTURES

We, through an operating partnership, own three properties that are in joint ventures of which we have controlling interests. We manage and operate all three properties. The recognition of these properties and their operating results are 100% reflected on our consolidated financial statements, with appropriate allocation to minority interest, because we have operational and financial control of the investments. We make judgments and assumptions about the estimated monthly payments made to our minority interest joint venture partners, which are reported with our periodic results of operations. Actual results may differ from these estimates under different assumptions or conditions.

INVESTMENT IN UNCONSOLIDATED JOINT VENTURE

We, through an operating partnership, have a 50% non-controlling limited partnership interest in one unconsolidated joint venture. This investment is not consolidated because we do not exercise significant control over major operating and financial decisions. We account for the joint venture using the equity method of accounting.

CONSOLIDATION OF VARIABLE INTEREST ENTITIES

We consolidate all variable interest entities ("VIE") in which we deemed to be the primary beneficiary in accordance with FASB Interpretation 46R ("FIN 46R"), a revision to FIN 46, "Consolidation of Variable Interest Entities". As of December 31, 2006, we consolidated one VIE in the accompanying consolidated financial statements in connection with an assignment of a lease agreement with an unrelated party, M&M Real Estate Control & Restructuring, LLC (see Item 8, "Financial Statements and Supplementary Data - Note 7" for further discussion of this transaction).

REVENUE RECOGNITION

Rental revenue is recognized on the straight-line method of accounting required by GAAP under which contractual rent payment increases are recognized evenly over the lease term, regardless of when the rent payments are received by us. The difference between recognized rental income and rental cash receipts is recorded as "Deferred rent receivable" on the consolidated balance sheets.

Rental revenue is affected if existing tenants terminate or amend their leases. We try to identify tenants who may be likely to declare bankruptcy, cease operations or are likely to seek a negotiated settlement of their obligation. By anticipating these events in advance, we expect to take steps to minimize their impact on our reported results of operations through lease renegotiations, reserves against deferred rent receivable, and other appropriate measures. Our judgments and estimations about tenants' capacity to continue to meet their lease obligations will affect the rental revenue recognized. Material differences may result in the amount and timing of our rental revenue for any period if we made different judgments or estimations.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Lease termination fees are recognized as other income when there is a signed termination letter agreement, all of the conditions of the agreement have been met, and when the tenant no longer has the right to occupy the property. These fees are paid by tenants who want to terminate their lease obligations before the end of the contractual term of the lease. We cannot predict or forecast the timing or amounts of future lease termination fees.

We recognize income from rent, tenant reimbursements and lease termination fees and other income once all of the following criteria are met in accordance with SEC Staff Accounting Bulletin 104:

- the agreement has been fully executed and delivered;
- services have been rendered;
- the amount is fixed and determinable; and
- collectability is reasonably assured.

With regard to critical accounting policies, where applicable, we have explained and discussed the criteria for identification and selection, methodology in application and impact on the financial statements with the Audit Committee of our Board of Directors, which has reviewed these policies.

- 28 -

RESULTS OF OPERATIONS

COMPARISON OF THE YEAR ENDED DECEMBER 31, 2006 TO THE YEAR ENDED DECEMBER 31, 2005

RENTAL REVENUE FROM CONTINUING PROPERTY OPERATIONS

As of December 31, 2006 and 2005, through our controlling interests in the operating partnerships, we owned 107 R&D properties totaling approximately 7.7 and 7.8 million rentable square feet, respectively. We sold three vacant R&D properties and acquired three leased R&D properties during 2006.

The following table depicts the amounts of rental revenue from continuing operations for the years ended December 31, 2006 and 2005 represented by our historical properties and the percentage of the total decrease in rental revenue over the period that is represented by each group of properties.

	Year Ended December 31,		\$ Change
	2006	2005	
(dollars in thousands)			
Same Property (1)	\$88,338	\$97,735	(\$9,397)
2006 Acquisitions (2)	1,772	-	1,772
Total	\$90,110	\$97,735	(\$7,625)

(1) "Same Property" is defined as properties owned by us prior to 2005 that we still owned as of December 31, 2006.

(2) Operating rental revenue for 2006 Acquisitions do not reflect a full 12 months of operations in 2006 because these properties were acquired at various times during the year.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

For the year ended December 31, 2006, our rental revenue from real estate decreased by (\$7.6) million, or (7.8%). Pursuant to SFAS 141, \$1.9 million of amortization expense with respect to above-market leases was offset against rental revenue from real estate for the years ended December 31, 2006 and 2005. The (\$7.6) million decrease in rental revenue resulted from current adverse market conditions as "Same Property" rents decreased, due to lease terminations, cessation of operations and tenant relocation since December 31, 2005.

Our overall occupancy rate for leased properties at December 31, 2006 and 2005 was approximately 69.5% and 68.9%, respectively. According to NAI BT Commercial Real Estate, the leased occupancy rate for R&D property in the Silicon Valley at December 31, 2006 was approximately 81.7%. Due to an over supply of R&D properties and competition from other landlords in the Silicon Valley bidding for tenants, our occupancy rate may drop further in 2007 if the 742,000 rentable square feet scheduled to expire is not renewed or re-leased. Factors that contributed to our low occupancy rate were primarily the general downturn in the Silicon Valley's economy in recent years, the softening of our market specifically and the weaker relative performance of certain properties due to their location and the weak demand in those submarkets. We are currently negotiating with three tenants, JDS Uniphase, NEC Electronics America and Dade Behring, for early termination of leases on approximately 184,000 rentable square feet. If these leases are terminated, our occupancy rate will decline further.

EQUITY IN EARNINGS FROM UNCONSOLIDATED JOINT VENTURE

As of December 31, 2006, we had investments in three R&D buildings, totaling 466,600 rentable square feet in Morgan Hill, California, through an unconsolidated joint venture with TBI, in which we acquired a 50% interest from the Berg Group in January 2003. In July 2006, TBI-MWP sold one R&D property with approximately 126,400 rentable square feet for approximately \$8.5 million. The total gain on the sale was approximately \$0.88 million of which \$0.44 million was our share. We have a non-controlling limited partnership interest in this joint venture, which we account for using the equity method of accounting. For the years ended December 31, 2006 and 2005, equity in earnings from the unconsolidated joint venture was approximately \$2.0 million (including \$0.4 million relating to a gain from the sale of real estate) and \$0.7 million, respectively. Our equity in earnings from this unconsolidated joint venture increased primarily due to a gain on sale of one R&D property and the write-offs of leasing commission and tenant improvements in 2005 for a tenant that terminated its lease agreement which did not recur in 2006. The occupancy rate for the properties owned by this joint venture at December 31, 2006 and 2005 was approximately 100% and 78.7%, respectively.

OTHER INCOME FROM CONTINUING PROPERTY OPERATIONS

The following table depicts the amounts of other income from continuing operations for the years ended December 31, 2006 and 2005.

	Year Ended December 31,		
	2006	2005	\$ Change
	(dollars in thousands)		
Other income	\$20,602	\$4,591	\$16,011

Other income of approximately \$20.6 million for the year ended December 31, 2006 included approximately \$16.1 million from termination fees, \$2.3 million from interest income, \$1.1 million from management fee income, \$0.5 million from a

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

property tax accrual, \$0.2 million from tenant bankruptcy settlements, \$0.1 million from security deposit forfeitures and \$0.3 million from

- 29 -

miscellaneous income. Other income of approximately \$4.6 million for the year ended December 31, 2005 included approximately \$2.4 million from termination fees, \$0.9 million from management fee income, \$0.6 million from interest income, \$0.5 million from security deposit forfeitures, \$0.1 million from tenant bankruptcy settlements and \$0.1 million from miscellaneous income. A management fee is paid by the tenant to the landlord for the administration and supervision of the property. We do not consider termination fees and tenant bankruptcy settlements to be recurring items.

EXPENSES FROM CONTINUING PROPERTY OPERATIONS

The following table reflects the amounts of property operating and maintenance expenses and real estate taxes ("operating expenses") from continuing operations for the years ended December 31, 2006 and 2005 and the percentage of total decrease in expenses over the period that is represented by each group of properties.

	Year Ended December 31,		\$ Change
	2006	2005	
	(dollars in thousands)		
Same Property (1)	\$17,802	\$18,427	(\$625)
2005 Acquisition (2)	348	332	16
2006 Acquisitions (3)	504	-	504
Total	\$18,654	\$18,759	(\$105)

- (1) "Same Property" is defined as properties owned by us prior to 2005 that we still owned as of December 31, 2006.
- (2) Operating expenses for 2005 Acquisition do not reflect a full 12 months of operations in 2005 because this property was acquired during the year.
- (3) Operating expenses for 2006 Acquisitions do not reflect a full 12 months of operations in 2006 because these properties were acquired at various times during the year.

Operating expenses from continuing operations decreased by (\$0.1) million, or (0.6%), from \$18.8 million for the year ended December 31, 2005 to \$18.7 million for the year ended December 31, 2006. Tenant reimbursements from continuing operations decreased by (\$1.0) million, or (7.1%), from \$14.1 million for the year ended December 31, 2005 to \$13.1 million for the year ended December 31, 2006. The decrease in tenant reimbursements resulted primarily from the JDS Uniphase lease terminations in early 2006 at three R&D properties consisting of approximately 252,000 rentable square feet. Total operating expenses exceeded tenant reimbursements because of vacancies, which reached approximately 2.4 million rentable square feet by year-end 2006. Certain operating expenses such as property insurance, real estate taxes, and other fixed expenses are not recoverable from vacant properties. At December 31, 2006 our vacancy rate was 31%.

General and administrative expenses increased by approximately \$0.3 million, or 17.7%, from \$1.9 million for the year ended December 31, 2005 to \$2.2 million

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

for the year ended December 31, 2006. The increase in general and administrative expenses was primarily a result of stock option expensing, as well as fees paid in connection with filing a registration statement for the resale of shares of common stock to be acquired from time to time upon the exchange of O.P. Units for stock.

The following table depicts the amounts of depreciation and amortization expense of real estate from continuing operations for the years ended December 31, 2006 and 2005.

	Year Ended December 31,		\$ Change
	2006	2005	
	(dollars in thousands)		
Depreciation and amortization	\$21,803	\$20,553	\$1,250

Depreciation and amortization expense of real estate from continuing operations increased by \$1.3 million, or 6.1%, primarily due to tenant improvements write-offs and higher amortization expense for in-place leases arising from the acquisition of three R&D properties in early 2006.

The following table depicts the amounts of interest expense from operations for the years ended December 31, 2006 and 2005.

	Year Ended December 31,		\$ Change
	2006	2005	
	(dollars in thousands)		
Interest	\$20,709	\$21,295	(\$586)
Interest (related parties)	755	972	(217)
Total	\$21,464	\$22,267	(\$803)

Interest expense decreased by (\$0.6) million, or (2.8%), primarily from a cash flow interest rate derivative loss of approximately (\$0.8) million recognized in 2005 that did not recur in 2006. Interest expense (related parties) decreased by (\$0.2) million, or (22.3%), because we paid off the Berg Group line of credit during 2005 and terminated it effective October 31, 2005.

- 30 -

NET INCOME TO COMMON STOCKHOLDERS AND NET INCOME TO MINORITY INTERESTS

The following table depicts the amounts of earnings attributable to common stockholders and minority interests for the years ended December 31, 2006 and 2005.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

	Year Ended December 31,		\$ Change
	2006	2005	
	(dollars in thousands)		
Net income to common stockholders	\$14,630	\$10,027	\$4,603
Net income to minority interests	66,358	47,524	18,834
Total	\$80,988	\$57,551	\$23,437

As of December 31, 2006 and 2005, we owned a controlling general partnership interest of 19.71%, 21.78%, 16.26% and 12.48% and 17.81%, 21.68%, 16.18% and 12.41% in the four operating partnerships, Mission West Properties, L.P., Mission West Properties, L.P. I, Mission West Properties, L.P. II and Mission West Properties, L.P. III, respectively. We owned an 18.23% and 17.50% general partnership interest in the operating partnerships, taken as a whole, on a consolidated weighted average basis as of December 31, 2006 and 2005, respectively. Net income to common stockholders in 2006 increased by \$4.6 million, or 45.9%, from the year ended December 31, 2005. Our net income attributable to minority interests in 2006 increased by \$18.8 million, or 39.6%, from the year ended December 31, 2005. The increase in net income attributable to common stockholders and minority interests is primarily due to higher lease termination fee income and gain from sale of real estate. Minority interests represent the limited partners' ownership interest of 81.77% and 82.50% in the operating partnerships, on a weighted average basis, as of December 31, 2006 and 2005, respectively. The decrease in the minority interest ownership percentage resulted from the exchange of O.P. Units for common stock and the exercise of stock options, the proceeds of which we applied to the purchase of additional general partnership interests.

INCOME FROM DISCONTINUED OPERATIONS

The following table depicts the amounts of income from discontinued operations for the years ended December 31, 2006 and 2005.

	Year Ended
	2006
	(dollars in
Income attributable to discontinued operations	\$19,345
Minority interests in earnings attributable to discontinued operations	(16,209)
Income from discontinued operations	\$3,136

In accordance with our adoption of SFAS 144, in 2006 we sold three R&D properties consisting of approximately 235,000 rentable square feet and classified the net gains on sale and operating results of the disposed properties as discontinued operations. SFAS 144 requires prior period results of operations for these properties to be restated and presented in discontinued operations in prior consolidated statements of operations.

We recognized total income of \$19.3 million from discontinued operations, of

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

which \$3.1 million and \$16.2 million were attributable to common stockholders and minority interests, respectively, for the year ended December 31, 2006. For the year ended December 31, 2005, we recognized total income from discontinued operations of \$3.9 million. The income to common stockholders and minority interests attributable to discontinued operations from these properties in 2005 was approximately \$0.7 million and \$3.2 million, respectively.

COMPARISON OF THE YEAR ENDED DECEMBER 31, 2005 TO THE YEAR ENDED DECEMBER 31, 2004

RENTAL REVENUE FROM CONTINUING PROPERTY OPERATIONS

As of December 31, 2005 and 2004, through our controlling interests in the operating partnerships, we owned 107 and 109 R&D properties totaling approximately 7.8 and 7.9 million rentable square feet, respectively. We sold three vacant R&D properties and acquired one vacant R&D property during 2005.

The following table depicts the amounts of rental revenue from continuing operations for the years ended December 31, 2005 and 2004 represented by our historical properties and the percentage of the total decrease in rental revenue over the period that is represented by each group of properties. We did not acquire any new properties in 2004.

	Year Ended December 31,		\$ Change
	2005	2004	
	(dollars in thousands)		
Same Property	\$97,735	\$115,815	(\$18,080)

For the year ended December 31, 2005, our rental revenue from real estate decreased by (\$18.1) million, or (15.6%). Pursuant to SFAS 141, \$1.9 million of amortization expense with respect to above-market leases included in the San Tomas Technology Park acquisition was offset against rental revenue and not separately stated as amortization expense for the years ended December 31, 2005

- 31 -

and 2004. The (\$18.1) million decrease in rental revenue resulted from current adverse market conditions as "Same Property" rents decreased, as our portfolio occupancy rate decreased and market rental rates decreased. The lower rental rate from a blend and extend lease with Microsoft, which accounted for more than half the decline, and the loss of several tenants due to cessation of operations, tenant relocation or tenant requiring lesser space since December 31, 2004 represented the balance of the decline.

Our overall occupancy rate for leased properties at December 31, 2005 and 2004 was approximately 68.9% and 71.2%, respectively. According to NAI BT Commercial Real Estate, the occupancy rate for R&D property in the Silicon Valley at December 31, 2005 was approximately 80.4%. Factors that contributed to our low occupancy rate were primarily the general downturn in the Silicon Valley's economy in recent years, the softening of our market specifically and the relative weaker performance of certain properties due to their location and the weak demand in those submarkets.

EQUITY IN EARNINGS FROM UNCONSOLIDATED JOINT VENTURE

As of December 31, 2005, we had investments in four R&D buildings, totaling

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

593,000 rentable square feet in Morgan Hill, California, through an unconsolidated joint venture with TBI, in which we acquired a 50% interest from the Berg Group in January 2003. We have a non-controlling limited partnership interest in this joint venture, which we account for using the equity method of accounting. For the years ended December 31, 2005 and 2004, equity in earnings from the unconsolidated joint venture was approximately \$0.7 million and \$2.9 million (including \$1.0 million relating to lease termination income), respectively. Our equity in earnings from this unconsolidated joint venture declined primarily due to the early termination of a tenant lease agreement in September 2004 as well as lower rents received from the properties of this joint venture. The occupancy rate for the properties owned by this joint venture at December 31, 2005 and 2004 was approximately 78.7%.

OTHER INCOME FROM CONTINUING PROPERTY OPERATIONS

The following table depicts the amounts of other income from continuing operations for the years ended December 31, 2005 and 2004.

	Year Ended December 31,		\$ Change
	2005	2004	
	(dollars in thousands)		
Other income	\$4,591	\$6,862	(\$2,271)

Other income of approximately \$4.6 million for the year ended December 31, 2005 included approximately \$2.4 million from termination fees, \$0.9 million from management fee income, \$0.6 million from interest income, \$0.5 million from security deposit forfeitures, \$0.1 million from tenant bankruptcy settlements and \$0.1 million from miscellaneous income. Other income of approximately \$6.9 million for the year ended December 31, 2004 included approximately \$4.3 million from termination fees, \$1.2 million from tenant bankruptcy settlements, \$1.2 million from management fee income and \$0.2 million from miscellaneous income. A management fee is paid by the tenant to the landlord for the administration and supervision of the property. We do not consider termination fees and tenant bankruptcy settlements to be recurring items.

EXPENSES FROM CONTINUING PROPERTY OPERATIONS

The following table reflects the amounts of operating expenses from continuing operations for the years ended December 31, 2005 and 2004 and the percentage of total decrease in expenses over the period that is represented by each group of properties.

	Year Ended December 31,		\$ Change
	2005	2004	
	(dollars in thousands)		
Same Property (1)	\$18,427	\$19,111	(\$684)
2005 Acquisition (2)	332	-	332
Total	\$18,759	\$19,111	(\$352)

(1) "Same Property" is defined as properties owned by us prior to 2004 that we

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

still owned as of December 31, 2005.

- (2) Operating expenses for 2005 Acquisition do not reflect a full 12 months of operations in 2005 because this property was acquired during the year.

Operating expenses for continuing operations decreased by (\$0.4) million, or (1.8%), and tenant reimbursements from continuing operations decreased by (\$0.1) million, or (0.5%), primarily as a result of refunds of real estate taxes in the amount of approximately \$0.7 million from property tax appeals that we filed under California's Proposition 8 and lower occupancy during the periods presented. Total operating expenses exceeded tenant reimbursements because of vacancies, which reached approximately 2.6 million rentable square feet by year-end 2005. Certain operating expenses such as property insurance, real estate taxes, and other fixed expenses are not recoverable from vacant properties. At December 31, 2005 our vacancy rate was 31.1%.

General and administrative expenses decreased by approximately (\$0.1) million, or (5.0%), from \$2.0 million for the year ended December 31, 2004 to \$1.9 million for the year ended December 31, 2005.

- 32 -

The following table depicts the amounts of depreciation and amortization expense of real estate from continuing operations for the years ended December 31, 2005 and 2004.

	Year Ended December 31,		\$ Change
	2005	2004	
	(dollars in thousands)		
Depreciation and amortization	\$20,553	\$20,827	(\$274)

Depreciation and amortization expense of real estate from continuing operations decreased by (\$0.3) million, or (1.3%), primarily due to the disposition of three R&D properties, a fully amortized in-place lease intangible asset in the second quarter of 2005, offset by one R&D property acquisition.

The following table depicts the amounts of interest expense from operations for the years ended December 31, 2005 and 2004.

	Year Ended December 31,		\$ Change
	2005	2004	
	(dollars in thousands)		
Interest	\$21,295	\$17,581	\$3,714
Interest (related parties)	972	1,077	(105)
Total	\$22,267	\$18,658	\$3,609

Interest expense increased by \$3.7 million, or 21.1%, primarily from additional debt that we incurred under two new collateralized mortgage loans totaling

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

\$150.8 million obtained from Allianz Life Insurance Company of North America in 2005 and from a cash flow interest rate derivative loss of approximately (\$0.8) million. Interest expense (related parties) decreased by (\$0.1) million or (9.7%), because we paid off the Berg Group line of credit during 2005 and terminated it effective October 31, 2005.

NET INCOME TO COMMON STOCKHOLDERS AND NET INCOME TO MINORITY INTERESTS

The following table depicts the amounts of earnings attributable to common stockholders and minority interests for the years ended December 31, 2005 and 2004.

	Year Ended December 31,		\$ Change
	2005	2004	
	(dollars in thousands)		
Net income to common stockholders	\$10,027	\$13,312	(\$3,285)
Net income to minority interests	47,524	66,100	(18,576)
Total	\$57,551	\$79,412	(\$21,861)

As of December 31, 2005 and 2004, we owned a controlling general partnership interest of 17.81%, 21.68%, 16.18% and 12.41% and 17.16%, 21.63%, 16.14% and 12.38% in the four operating partnerships, Mission West Properties, L.P., Mission West Properties, L.P. I, Mission West Properties, L.P. II and Mission West Properties, L.P. III, respectively. We owned a 17.50% and 17.26% general partnership interest in the operating partnerships, taken as a whole, on a consolidated weighted average basis as of December 31, 2005 and 2004, respectively. Net income to common stockholders in 2005 decreased by (\$3.3) million, or (24.7%), from the year ended December 31, 2004. Our net income attributable to minority interests in 2005 decreased by (\$18.6) million, or (28.1%), from the year ended December 31, 2004. The decrease in net income attributable to common stockholders and minority interests is primarily due to lower income from operations as a result of the decrease in revenues and increase in interest expense as discussed above. Minority interests represent the limited partners' ownership interest of 82.50% and 82.74% in the operating partnerships, on a weighted average basis, as of December 31, 2005 and 2004, respectively. The decrease in the minority interest ownership percentage resulted from the exchange of O.P. Units for common stock and the exercise of stock options, the proceeds of which we applied to the purchase of additional general partner interests.

INCOME/(LOSS) FROM DISCONTINUED OPERATIONS

The following table depicts the amounts of income/(loss) from discontinued operations for the years ended December 31, 2005 and 2004.

	Year Ended
	2005
	(dollars in
Income attributable to discontinued operations	\$3,874
Minority interests in earnings attributable to discontinued operations	(3,170)

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Total income/(loss) from discontinued operations

\$704
=====

In accordance with our adoption of SFAS 144, in 2005 we sold three R&D properties consisting of approximately 342,000 rentable square feet and classified the net gains on sale and operating results of the disposed properties as discontinued operations. We also sold three R&D properties in 2006 consisting of approximately 235,000 rentable square feet and classified the net gains on sale and operating results of the disposed properties as discontinued operations. SFAS 144 requires prior period results of operations for these

- 33 -

properties to be restated and presented in discontinued operations in prior consolidated statements of operations. For the years ended December 31, 2005 and 2004, income from discontinued operations included results of operations from the three R&D properties sold in 2005 and the three R&D properties sold in 2006.

We recognized total income of \$3.9 million from discontinued operations, of which \$0.7 million and \$3.2 million were attributable to common stockholders and minority interests, respectively, for the year ended December 31, 2005. For the year ended December 31, 2004, we recognized total income from discontinued operations of \$0.2 million. The loss to common stockholders attributable to discontinued operation from these properties in 2004 was approximately (\$87,000). The income to minority interests attributable to discontinued operation from these properties in 2004 was approximately (\$0.3) million. In 2004, an impairment charge of approximately (\$2.2) million was recorded for an asset held for sale to reduce the carrying value of the asset to its fair value, less selling costs.

CHANGES IN FINANCIAL CONDITION

YEAR ENDED DECEMBER 31, 2006

The most significant changes in our financial condition in 2006 resulted from the acquisition of three R&D properties, the disposition of three R&D properties, and the exercise of stock options and exchange of O.P. Units for shares of the Company's common stock.

During 2006, we sold three vacant R&D properties to an unrelated third party for a total gross sales price of approximately \$43.3 million. Those property dispositions reduced approximately 235,000 rentable square feet of space from our property portfolio. The proceeds were classified as restricted cash for use in tax-deferred property exchanges and were reflected on our consolidated balance sheet as restricted cash at December 31, 2006 (see Item 8, "Financial Statements and Supplementary Data - Note 6" for further discussion of this transaction). In addition to those three property dispositions, we also acquired three R&D properties representing approximately 138,000 rentable square feet for a total gross combined purchase price of approximately \$16.0 million. Two R&D properties were acquired in a tax-deferred exchange transaction and the other one in cash.

Debt outstanding, including amounts due related parties, decreased by (\$9.7) million, or (2.7%), from \$367.5 million as of December 31, 2005 to \$357.8 million as of December 31, 2006 due to normal scheduled debt payments.

During the year ended December 31, 2006, stock options to purchase 80,000 shares of the Company's common stock were exercised at \$8.25 per share and stock options to purchase 32,900 shares of the Company's common stock were exercised at \$10.00 per share. The total proceeds to the Company of approximately \$1.0

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

million increased paid-in-capital.

In 2006, three limited partners exchanged a total of 871,596 O.P. Units for 871,596 shares of common stock resulting in a reclassification of approximately \$10.2 million from minority interests to paid-in-capital. In 2006, Carl E. Berg gave 92,300 O.P. Units to charitable institutions. Only 10,300 of those O.P. Units had been exchanged for 10,300 shares of common stock by December 31, 2006. The remaining 82,000 O.P. Units were exchanged for 82,000 shares of common stock in early 2007.

The proceeds from the exercise of stock options and the conversion of O.P. Units to shares of the Company's common stock were applied to increase our percentage interest as general partner in the operating partnerships.

YEAR ENDED DECEMBER 31, 2005

The most significant changes in our financial condition in 2005 resulted from the disposition of three R&D properties, the acquisition of one R&D property, debt refinancing and the exercise of stock options and exchange of O.P. Units for shares of the Company's common stock.

During 2005, we sold three vacant R&D properties consisting of approximately 342,000 rentable square feet to unrelated third parties for a total gross sales price of approximately \$27.9 million. The proceeds of approximately \$15.1 million from one of the three vacant R&D property dispositions were classified as restricted cash for use in tax-deferred property exchanges and were reflected on our consolidated balance sheet as restricted cash at December 31, 2005. In addition to those three property dispositions, we also acquired one vacant R&D property consisting of approximately 204,000 rentable square feet from an unrelated third party for the purchase price of approximately \$14.0 million in a tax-deferred exchange transaction.

Debt outstanding, including amounts due related parties, increased by \$30.5 million, or 9.1%, from \$337.0 million as of December 31, 2004 to \$367.5 million as of December 31, 2005 due primarily to two new fixed rate collateralized mortgage loans from Allianz Life Insurance Company of North America, which were used primarily to pay down the Citicorp loan, the Berg Group line of credit and the Cupertino National Bank line of credit.

- 34 -

During the year ended December 31, 2005, stock options to purchase 40,000 shares of the Company's common stock were exercised at \$8.25 per share and stock options to purchase 15,000 shares of the Company's common stock were exercised at \$10.00 per share. The total proceeds to the Company of approximately \$0.5 million increased paid-in-capital.

In 2005, three limited partners exchanged 213,600 O.P. Units for 213,600 shares of common stock resulting in a reclassification of approximately \$2.2 million from minority interests to paid-in-capital. In 2005, Carl E. Berg gave 83,000 O.P. Units to charitable institutions that exchanged them for 83,000 shares of common stock resulting in a reclassification of approximately \$0.8 million from minority interest to paid-in-capital.

The proceeds from the exercise of stock options and the conversion of O.P. Units to shares of the Company's common stock were applied to increase our percentage interest as general partner in the operating partnerships.

LIQUIDITY AND CAPITAL RESOURCES

In 2007, we anticipate operating cash flows from our property portfolio to be the same or slightly higher than in 2006. We are still experiencing weak demand

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

for R&D properties in certain areas of the Silicon Valley (mainly the south San Jose area). If we are unable to lease a significant portion of the approximately 742,000 rentable square feet scheduled to expire in 2007 and current available space, our operating cash flows will be affected adversely. In addition, if we conclude agreements for early lease terminations with JDS Uniphase, NEC Electronics America and Dade Behring, there could be an additional 184,000 rentable square feet of vacant space. We are also subject to risks of decreased occupancy through tenant defaults and bankruptcies, and potential reduction in rental rates upon renewal of properties, which would result in reduction in cash flows from operations beyond the level we are anticipating currently.

We expect our principal source of liquidity for distributions to stockholders and O.P. Unit holders, debt service, leasing commissions and recurring capital expenditures to come from cash provided by operations and/or the borrowings under the line of credit with Santa Clara Valley National Bank (formerly known as Cupertino National Bank). We expect these sources of liquidity to be adequate to meet projected distributions to stockholders and other presently anticipated liquidity requirements in 2007. We expect to meet our long-term liquidity requirements for the funding of property development, property acquisitions and other material non-recurring capital improvements through cash and investments, long-term secured and unsecured indebtedness and the issuance of additional equity securities by us. We have the ability to meet short-term obligations or other liquidity needs based on a line of credit with Santa Clara Valley National Bank and our existing cash reserves. In 2007, we will be obligated to make payments totaling approximately \$11.0 million of debt principal under mortgage notes without regard to any debt refinancing or new debt obligations that we might incur, or optional payments of debt principal.

As of December 31, 2006, we were in compliance with loan covenants relating to the Allianz mortgage loans and the Santa Clara Valley National Bank line of credit.

Cash and cash equivalents increased by approximately \$2.4 million from \$31.4 million as of December 31, 2005 to \$33.8 million as of December 31, 2006.

Restricted cash totaled \$48.2 million as of December 31, 2006. Of this amount, \$43.4 million represents proceeds received from the Samaritan property sale and earned interest income held in a separate cash account at a trust company for future use in tax-deferred exchanges (see Item 8, "Financial Statements and Supplementary Data - Note 6" for further discussion of this transaction). The remaining \$4.8 million represents a balance we consolidated due to our adoption of FIN 46R, "Consolidation of Variable Interest Entities" (see Item 8, "Financial Statements and Supplementary Data - Note 7" for further discussion of this transaction). We do not possess or control these funds or have any rights to receive them except as provided in the applicable agreements. Therefore, restricted cash is not available for distribution to stockholders.

Since 1999, we have elected to be taxed as a REIT under the Internal Revenue Code of 1986. We currently intend to continue operating as a REIT in 2007. As a REIT, we are subject to a number of organizational and operating requirements, including a requirement to distribute 90% of our taxable income to our stockholders. Also as a REIT, we generally will not be subject to federal income taxes on our taxable income.

Generally, our objective is to meet our short-term liquidity requirement of funding the payment of our current level of quarterly common dividends to stockholders and O.P. Unit holders through our net cash flows provided by operating activities, less our recurring and nonrecurring property capital expenditures. These operating capital expenditures are the capital expenditures necessary to maintain the earnings capacity of our operating assets over time.

For 2007, we expect to maintain our current quarterly dividend payment rate to

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

common stockholders and O.P. Unit holders of \$0.16 per share. However, distributions are declared at the discretion of our Board of Directors and are subject to actual cash available

- 35 -

for distribution, our financial condition, capital requirements and such other factors, as our Board of Directors deems relevant (see Item 1A, "Risk Factors - Stockholders are not assured of receiving cash distributions from us"). On January 4, 2007, we paid dividends of \$0.16 per share of common stock to all common stockholders of record as of December 29, 2006. On the same date, the operating partnerships paid a distribution of \$0.16 per O.P. Unit to all holders of O.P. Units. Aggregate dividends and distributions amounted to approximately \$16.7 million.

Funds available for distributions does not represent cash generated from operating activities and is not necessarily indicative of cash available to fund cash needs. The actual return that we will realize and the amount available for distributions to stockholders will be affected by a number of factors, including the revenues received from our properties, our operating expenses, debt service on borrowings, and planned and unanticipated capital expenditures.

We anticipate that cash available for distribution will exceed earnings and profits for federal income tax purposes, as the latter figure takes into account non-cash expenses such as depreciation and amortization that we will incur. Distributions other than capital gain distributions by us to the extent of our current and accumulated earnings and profits for federal income tax purposes most likely will be taxable to U.S. stockholders as ordinary dividend income unless a stockholder is a tax-exempt entity. Distributions in excess of earnings and profits generally will be treated as a non-taxable reduction of the U.S. stockholder's basis in the common stock to the extent of such basis, and thereafter as taxable gain. The percentage of such distributions in excess of earnings and profits, if any, may vary from period to period.

CONTRACTUAL OBLIGATIONS

The following table identifies our contractual obligations as of December 31, 2006 that will impact our liquidity and cash flow in future periods:

	2007	2008	2009	2010	2011
	(dollars in thousands)				
Long-Term Debt Obligations (1)	\$11,011	\$121,589	\$9,561	\$10,105	\$10,68
Operating Lease Obligations(2)	95	24	-	-	
Total	\$11,106	\$121,613	\$9,561	\$10,105	\$10,68

(1) Our long-term debt obligations are set forth in detail in the schedule below.

(2) Our operating lease obligations relate to a lease of our corporate office facility from a related party.

At December 31, 2006, we had total indebtedness of approximately \$357.8 million, all of which is fixed rate mortgage debt. A table listing our indebtedness as of December 31, 2006 is set forth in Item 8, "Financial Statements and Supplementary Data - Note 8."

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

At December 31, 2006, our debt to total market capitalization ratio, which is computed as our total debt outstanding divided by the sum of total debt outstanding plus the market value of common stock (based upon the closing price of \$13.10 per share on December 29, 2006) on a fully diluted basis, including the conversion of all O.P. Units into common stock, was approximately 20.7%. On December 29, 2006, the last trading day for the year, total market capitalization was approximately \$1.73 billion. By comparison, on December 31, 2005 total debt as a percentage of market capitalization was 26.5% and total market capitalization was approximately \$1.39 billion.

At December 31, 2006, the outstanding balance remaining under certain demand notes that we owed to the operating partnerships was \$1.8 million. The due date of the demand notes has been extended to September 30, 2008. The principal of the demand notes, along with the interest expense, which is interest income to the operating partnerships, is eliminated in consolidation and is not included in the corresponding line items within the consolidated financial statements. However, the interest income earned by the operating partnerships, which is interest expense to us, in connection with this debt, is included in the calculation of minority interest as reported on the consolidated statements of operations, thereby reducing our net income by this same amount. At present, our only means for repayment of this debt is through distributions that we receive from the operating partnerships that are in excess of the amount of dividends to be paid to our stockholders or by raising additional equity capital.

HISTORICAL CASH FLOWS

The Company's cash flow activities are summarized as follows:

	Year Ended December 31,	
	2006	2005
	(dollars in thousands)	
Cash flow provided by operating activities	\$27,012	\$21,898
Cash flow used in investing activities	(\$5,369)	(\$2,875)
Cash flow (used in)/provided by financing activities	(\$19,299)	\$10,899

- 36 -

COMPARISON OF THE YEAR ENDED DECEMBER 31, 2006 TO THE YEAR ENDED DECEMBER 31, 2005

Cash and cash equivalents were approximately \$33.8 million at December 31, 2006, an increase of \$2.4 million from \$31.4 million at December 31, 2005.

Net cash provided by operating activities for the year ended December 31, 2006 was approximately \$27.0 million, compared to approximately \$21.9 million for the prior year. The increase in cash provided by operating activities resulted primarily from higher lease termination fee income, higher interest income, higher distributions from our unconsolidated joint venture, higher deferred rental income and lower leasing commission payments (included in Other assets) in 2006.

Our cash used in investing is primarily for property acquisitions, property sales and improvements to our properties. Net cash used in investing activities

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

was approximately (\$5.4) million for the year ended December 31, 2006 compared to approximately (\$2.9) million for the prior year. In 2006, we acquired three R&D properties for approximately \$16.0 million, incurred capital expenditures relating to real estate improvements of approximately \$4.3 million and excess restricted cash of approximately \$1.8 million was transferred to our general cash account. Restricted cash in the amount of approximately \$13.5 million was used to complete the acquisition of two R&D properties in a tax-deferred exchange transaction involving our former R&D property at 800 Embedded Way, San Jose, California. We sold three vacant R&D properties for approximately \$43.3 million as described above, the proceeds of which are reflected on our consolidated balance sheet as restricted cash at December 31, 2006. In 2005, we sold three vacant R&D properties for approximately \$27.5 million. We acquired one vacant R&D property for approximately \$14.2 million and incurred capital expenditures relating to real estate improvements of approximately \$1.1 million. Proceeds of approximately \$15.1 million from one of the three vacant R&D property dispositions were classified as restricted cash for use in tax-deferred property exchanges and were reflected on our consolidated balance sheet as restricted cash at December 31, 2005.

Net cash (used in)/provided by financing activities was approximately (\$19.3) million for the year ended December 31, 2006, compared to approximately \$10.9 million for the year ended December 31, 2005. During 2006 and 2005, we paid debt principal and made distributions to holders of our common stock and O.P. Units utilizing cash generated from operating activities and other borrowed funds. During 2006, financing activities included the net effect of paying approximately \$9.8 million for outstanding debt, receipt of approximately \$1.6 million from the refund of an appeal bond, receipt of approximately \$1.0 million from stock option exercises and paying approximately \$12.1 million to common stockholders for dividends. During 2005, financing activities included the net effect of borrowing approximately \$150.8 million under two new collateralized mortgage loans and repaying approximately \$120.3 million of outstanding debt. We also received approximately \$0.5 million from stock option exercises, paid approximately \$11.7 million to common stockholders for dividends and paid approximately \$8.4 million to O.P. Unit holders in excess of their share of earnings for distributions.

COMPARISON OF THE YEAR ENDED DECEMBER 31, 2005 TO THE YEAR ENDED DECEMBER 31, 2004

Cash and cash equivalents were approximately \$31.4 million at December 31, 2005, an increase of \$29.9 million from \$1.5 million at December 31, 2004.

Net cash provided by operating activities for the year ended December 31, 2005 was approximately \$21.9 million, compared to approximately \$39.0 million for the prior year. The decrease in cash provided by operating activities resulted primarily from lower rental revenue with respect to the modification and extension of our lease with Microsoft, payments of leasing commissions (included in Other assets) that amounted to approximately \$5.3 million, increased interest expense, lower market rental rates for renewed leases and the loss of several tenants due to their lease default, cessation of operations, or relocations resulting in increased vacancy rates for un-leased properties from 29% to 31% that offset cash savings.

Our cash used in investing is primarily for property acquisitions, property sales and improvements to our properties. Net cash used in investing activities was approximately (\$2.9) million for the year ended December 31, 2005, compared to approximately (\$1.5) million for the prior year. Cash used in investing activities during 2005 was primarily for the acquisition of one vacant R&D property for \$14.2 million and capital expenditures relating to real estate improvements of \$1.1 million. We received \$27.5 million from the sale of three vacant R&D properties. Cash used in investing activities during 2004 related to capital expenditures relating to real estate improvements of \$1.5 million.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Net cash provided by/(used in) financing activities was approximately \$10.9 million for the year ended December 31, 2005, compared to (\$40.1) million for the year ended December 31, 2004. During 2005, financing activities included the net effect of borrowing approximately \$150.8 million under two new collateralized mortgage loans and paying approximately \$120.3 million for outstanding debt. We received approximately \$0.5 million from stock option exercises. In 2005 we also used funds for approximately \$11.7 million in dividends to stockholders and approximately \$8.4 million in distributions to O.P. Unit holders. During 2004, financing activities included the net effect of payment of approximately \$7.4 million for outstanding debt, receipt of approximately \$3.6 million from our lines of credit, payment of approximately \$1.6 million for an appeal bond, receipt of approximately \$0.2 million from stock option exercises, payment of approximately \$17.3 million to common stockholders for dividends and payment of approximately \$17.6 million to O.P. Unit holders in excess of their share of earnings for distributions.

- 37 -

CAPITAL EXPENDITURES

The properties require periodic investments of capital for tenant-related capital expenditures and for general capital improvements. For the years ended December 31, 2002 through December 31, 2006, the recurring tenant/building improvement costs and leasing commissions incurred with respect to new leases and lease renewals of the properties averaged approximately \$3.7 million annually. We will have approximately 742,000 rentable square feet under expiring leases in 2007. We expect that the average annual cost of recurring tenant/building improvements and leasing commissions related to these properties will be approximately \$4.0 million during 2007. We believe we will recover substantially all of these costs from the tenants under the new or renewed leases through contractual increases in rental rates. Until we actually sign the leases, however, we cannot assure you that this will occur. Capital expenditures may fluctuate in any given period subject to the nature, extent, and timing of improvements required to be made to the properties. Tenant/building improvements and leasing costs also may fluctuate in any given period year depending upon factors such as the property, the term of the lease, the type of lease and the overall market conditions. We expect to meet our long-term liquidity requirements for the funding of property acquisitions and other material non-recurring capital improvements through long-term secured and unsecured indebtedness and the issuance of additional equity securities by the Company, but cannot be assured that we will be able to meet our requirements on favorable terms (see "Policies with Respect to Certain Activities - Financing Policies" below).

DISTRIBUTION POLICY

Distributions are determined by our Board of Directors and depend on actual cash available for distributions, our financial condition, capital requirements, the annual distribution requirements under the REIT provisions of the Code and such other factors as the Board of Directors deems relevant. For a discussion of the risk that we will not meet our distribution objectives, see Item 1A, "Risk Factors - Stockholders are not assured of receiving cash distributions from us."

POLICIES WITH RESPECT TO CERTAIN ACTIVITIES

We have adopted policies with respect to investment, financing, conflicts of interest and other activities. These policies have been formulated by our Board of Directors, are set forth in our charter, bylaws, operating partnership agreements or agreements with the Berg Group, and generally may be amended or revised from time to time, subject to applicable agreement terms, at the discretion of the Board of Directors without a vote of the stockholders. Among

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

other things, these policies provide that:

- so long as the Berg Group members and their affiliates, other than us and the operating partnerships, beneficially own, in the aggregate, at least 15% of the outstanding shares of common stock on a Fully Diluted basis, the approval of a majority of our directors, including Carl E. Berg or his designee as a director, and of the holders of a majority of the O.P. Units is required for us to take title to assets, other than temporarily in connection with an acquisition prior to contributing such assets to the operating partnerships, or to conduct business other than through the operating partnerships, or for us or the operating partnerships to engage in any business other than the ownership, construction, development and operation of real estate properties, or for certain fundamental corporate actions, including amendments to our charter, bylaws or any operating partnership agreement and any merger, consolidation or sale of all or substantially all of our assets or the assets of the operating partnerships;
- changes in certain policies with respect to conflicts of interest must be consistent with legal requirements;
- certain policies with respect to competition by and acquisitions from the Berg Group are imposed pursuant to provisions of the acquisition agreement that cannot be amended or waived without the approval of the Independent Directors Committee of our Board of Directors;
- we cannot take any action intended to terminate our qualification as a REIT without the approval of more than 75% of the entire Board of Directors; and
- we cannot undertake certain other specified transactions, including the issuance of debt securities, and borrowings in excess of specified limits, or the amendment of our charter and bylaws, without the approval of more than 75% of the entire Board of Directors.

INVESTMENT POLICIES

We expect to pursue our business and investment objectives principally through the direct ownership by the operating partnerships of our properties and future acquired properties. Development or investment activities are not limited to any specified percentage of our assets. We may also participate with other entities in property ownership, through joint ventures or other types of co-ownership. Equity investments may be subject to existing mortgage financing and other indebtedness that have priority over our equity interests.

- 38 -

While we will emphasize equity real estate investments, we may, in our discretion and subject to the percentage ownership limitations and gross income tests necessary for REIT qualification, invest in mortgage and other real estate interests, including securities of other real estate investment trusts. We have not previously invested in mortgages or securities of other real estate investment trusts, and we do not have any present intention to make such investments.

FINANCING POLICIES

To the extent that our Board of Directors determines to seek additional capital, we may raise such capital through additional equity offerings, debt financing or retention of cash flow, or through a combination of these sources, after consideration of provisions of the Code requiring the distribution by a REIT of a certain percentage of its taxable income and taking into account taxes that would be imposed on undistributed taxable income. It is our present intention that any additional borrowings will be made through the operating partnerships, although we may incur borrowings that would be re-loaned to the operating partnerships. Borrowings may be unsecured or may be secured by any or all of our

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

assets, the operating partnerships or any existing or new property, and may have full or limited recourse to all or any portion of our assets, the operating partnerships or any existing or new property.

We have adopted a policy of maintaining a consolidated ratio of debt to total market capitalization, which includes for this purpose the market value of all shares of common stock for which outstanding O.P. Units are exchangeable, of less than 50%. This ratio may not be exceeded without the approval of more than 75% of our entire Board of Directors. We also may determine to finance acquisitions through the exchange of properties or the issuance of additional O.P. Units in the operating partnerships, shares of common stock or other securities.

In the event that the Board of Directors determines to raise additional equity capital, it has the authority, without stockholder approval, to issue additional shares of common stock, preferred stock or other capital stock, including securities senior to the common stock, in any manner and on such terms and for such consideration it deems appropriate, including in exchange for property. In the event that we issue any shares of common stock or securities convertible into or exchangeable or exercisable for, shares of common stock, subject to limited exceptions, such as the issuance of common stock pursuant to any stock incentive plan adopted by us or pursuant to limited partners' exercise of the exchange rights or the put rights, the limited partners will have the right to purchase common stock or such securities in order to maintain their respective percentage interests in us on a Fully Diluted basis. If the Board of Directors determines that we will raise additional equity capital to fund investments by the operating partnerships, we will contribute such funds to the operating partnerships as a contribution to capital and purchase of additional general partnership interest; however, holders of O.P. Units will have the right to participate in such funding on a pro rata basis. In the event that holders of O.P. Units sell their O.P. Units to us upon exercise of their put rights, we are authorized to raise the funds for such purchase by issuing additional shares of common stock. Alternatively, we may issue additional shares of common stock in exchange for the tendered O.P. Units.

Our Board of Directors also has the authority to cause the operating partnerships to issue additional O.P. Units in any manner and on such terms and for such consideration, as it deems appropriate, including in exchange for property. In the event that the operating partnerships issue new O.P. Units for cash, but not property, the limited partners holding O.P. Units in an operating partnership will have the right to purchase O.P. Units in order, and to the extent necessary, to maintain their respective percentage interests in that operating partnership. The new O.P. Units will be exchangeable for common stock pursuant to the exchange rights or may be tendered to us pursuant to the put rights.

DISPOSITION POLICIES

From time to time we may dispose of properties in our portfolio, subject to the required approvals as set forth below. During the past two years we have sold vacant R&D properties that we did not believe were likely to earn the type of return on assets that we seek. We will continue to dispose of under-performing properties when we consider it appropriate.

A significant factor influencing our disposition policy is that the tax basis of the limited partners in the properties in the operating partnerships is substantially less than current fair market value. Accordingly, prior to the disposition of their O.P. Units, upon a disposition of any of the properties, a disproportionately large share of the gain for federal income tax purposes would be allocated to the limited partners. Consequently, it may be in the interests of the limited partners that we continue to hold the properties in order to defer such taxable gain. In light of this tax effect, the operating partnership

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

agreements provide that, until December 29, 2008, or until the Berg Group members and their affiliates, other than us and the operating partnerships, beneficially own, in the aggregate, less than 15% of the outstanding shares of common stock on a Fully Diluted basis, if earlier, Carl E. Berg and Clyde J. Berg may prohibit the operating partnerships from disposing of properties which they designate in a taxable transaction. Mr. Kontrabecki has a similar right with respect to seven of the properties, which right will lapse before the end of the ten-year period if his beneficial ownership interest falls below 750,000 O.P. Units. The limited partners may seek to cause us to retain the properties even when such action may not be in the interests of some, or a majority, of our stockholders. The operating partnerships will be able to effect "tax-deferred," like-kind exchanges under Section 1031 of the Code, or in connection with other non-taxable transactions, such as a contribution of property to a new partnership, without obtaining the prior written consent of these individuals. For example, in 2006 we completed the sale of three vacant R&D properties at Samaritan Drive in San Jose, California consisting of approximately 235,000 rentable square feet. A

- 39 -

total net gain of approximately \$18.1 million was recognized on the total sales price of \$43.3 million (see Item 8, "Financial Statements and Supplementary Data - Note 6" for further discussion of this transaction). In March 2007, we acquired 50 acres of vacant land in Morgan Hill, California, which could support approximately 725,000 rentable square feet of spaces. The acquisition price for this property was approximately \$25.6 million and was funded from a portion of the proceeds received from the Samaritan property sale, which was classified as restricted cash as of December 31, 2006.

In addition, the approval of a majority of our directors, including Carl E. Berg or his designee, will be required to sell all or substantially all of our assets. The consent of the holders of a majority of the O.P. Units will be required to effect a sale or sales of all, or substantially all, of the assets of any of the operating partnerships.

IMPACT OF RECENTLY ISSUED ACCOUNTING STANDARDS

We do not believe that recently issued accounting standards will materially impact our results of operations, cash flows or financial position.

In May 2005, the FASB issued SFAS 154, "Accounting Changes and Error Corrections" ("SFAS 154"), to replace APB Opinion 20, "Reporting Accounting Changes in Interim Financial Statements" ("APB 20"). SFAS 154 changes the requirements for the accounting for and reporting of a change in accounting principle and requires retrospective application to prior periods' financial statements, unless it is impracticable to determine period specific effects or the cumulative effect of the change. SFAS 154 will be effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The adoption of this statement is not expected to have a material effect on our consolidated results of operations or financial condition.

In June 2006, the FASB issued Interpretation 48, "Accounting for Uncertainty in Income Taxes" ("FIN 48"). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in our financial statements in accordance with SFAS 109, "Accounting for Income Taxes." The provisions of FIN 48 are effective for our fiscal year beginning January 1, 2007. The adoption of FIN 48 on January 1, 2007 is not expected to have a significant impact on our consolidated results of operations or financial position.

In September 2006, the FASB issued SFAS 157, "Fair Value Measurements" ("SFAS 157"). SFAS 157 defines fair value, establishes a framework for measuring fair

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

value in generally accepted accounting principles, and expands disclosures about fair value measurements. The provisions of SFAS 157 are effective for our fiscal year beginning January 1, 2008. We are currently evaluating the impact of the provisions of SFAS 157 and currently cannot estimate the impact to our consolidated results of operations or financial position.

- 40 -

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We do not generally hold market risk sensitive instruments for trading purposes. We use fixed and variable rate debt to finance our operations. Our exposure to market risk for changes in interest rates relates primarily to our current variable rate debt and our future debt obligations. We are vulnerable to significant fluctuations of interest rates on our floating rate debt. As of December 31, 2006, we had no interest rate risk since none of our outstanding debt is subject to variable interest rates.

We manage our market risk by monitoring interest rates where we try to recognize the unpredictability of the financial markets and seek to reduce potentially adverse effect on the results of our operations. This takes frequent evaluation of available lending rates and examination of opportunities to reduce interest expense through new sources of debt financing. Several factors affecting the interest rate risk include governmental monetary and tax policies, domestic and international economics and other factors that are beyond our control. The following table provides information about the principal cash flows, weighted average interest rates, and expected maturity dates for debt outstanding as of December 31, 2006. The current terms of our outstanding debt are described in Item 8, "Financial Statements and Supplementary Data - Note 8." Average interest rates are based on implied LIBOR for the respective time period. For fixed rate debt, we estimate fair value by using discounted cash flow analyses based on borrowing rates for similar kinds of borrowing arrangements. The fair value of the Company's fixed rate debt at December 31, 2006 was approximately \$467.7 million.

For fixed rate debt, the table presents the assumption that the outstanding principal balance at December 31, 2006 will be paid according to scheduled principal payments and that we will not prepay any of the outstanding principal balance.

	2007 ----	2008 ----	2009 ----	2010 ----	2011 ----	Thereaf -----
						(dollars in thousands)
FIXED RATE DEBT:						
Secured notes payable	\$11,011	\$121,589	\$9,561	\$10,105	\$10,681	\$194,
Weighted average interest rate	5.84%	5.84%	5.84%	5.84%	5.84%	5.

All of the debt is denominated in United States dollars. The weighted average interest rate for fixed rate debt was approximately 5.84% for the years ended December 31, 2006 and 2005. The decrease in interest expense attributable to the average interest rate difference between 2005 and 2006 was approximately (\$0.8) million, which was a result of normal scheduled debt payments in 2006 and the termination of the Berg Group line of credit in late 2005.

The primary market risk we face is the risk of interest rate fluctuations. The

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Santa Clara Valley National Bank line of credit, which had a balance of zero at December 31, 2006, is tied to a LIBOR based interest rate. With a floating interest rate we could pay lower rates of interest in periods of decreasing interest rates and higher rates of interest in periods of increasing interest rates. At December 31, 2006, we had no interest rate caps or interest rate swap contracts.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON CONSOLIDATED FINANCIAL STATEMENTS

Board of Directors and Stockholders
Mission West Properties, Inc.
Cupertino, California

We have audited the accompanying consolidated balance sheets of Mission West Properties, Inc. (the "Company") as of December 31, 2006 and the related consolidated statements of operations, stockholders' equity and cash flows for the year then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Mission West Properties, Inc. as of December 31, 2006, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 to the consolidated financial statements, on January 1, 2007, the Company changed its method of accounting for stock-based compensation as a result of adopting Statement of Financial Accounting Standards No. 123R, Share-Based Payment.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the effectiveness of the Company's internal control over financial reporting as of December 31, 2006, based on the criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission, and our report dated March 12, 2007 expressed an unqualified opinion on management's assessment of, and the effective operation of, internal control over financial reporting.

We also have audited the adjustments to the consolidated balance sheet as of December 31, 2005 and the related consolidated statements of operations for the two years then ended for the retrospective reporting of discontinued operations, as described in Note 17. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the 2004 and 2005 financial statements of the Company referred to above other than with respect to the adjustments and, accordingly, we do not express an opinion or any other form of assurance of the 2004 and 2005 financial statements taken as a whole.

\S\ Burr, Pilger & Mayer, LLP
San Francisco, California

- 43 -

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON CONSOLIDATED FINANCIAL STATEMENTS

Board of Directors and Stockholders
Mission West Properties, Inc.
Cupertino, California

We have audited, before the effects of the reclassifications to discontinued operations described in Note 17, the consolidated balance sheet of Mission West Properties, Inc. (the "Company") as of December 31, 2005 and the related consolidated statements of operations, stockholders' equity, and cash flows for each of the two years in the period ended December 31, 2005 (the 2005 and 2004 financial statements before the effects of the reclassifications to discontinued operations discussed in Note 17 are not presented herein). These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above, before the effects of the reclassifications to discontinued operations described in Note 17, present fairly, in all material respects, the financial position of Mission West Properties, Inc. at December 31, 2005, and the results of its operations and its cash flows for each of the two years in the period ended December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

We were not engaged to audit, review, or apply any procedures to the reclassifications to discontinued operations described in Note 17 and, accordingly, we do not express an opinion or any other form of assurance about whether such reclassifications are appropriate and have been properly applied. Those reclassifications were audited by Burr, Pilger & Mayer, LLP.

- 44 -

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Board of Directors and Stockholders
Mission West Properties, Inc.
Cupertino, California

We have audited management's assessment, included in the accompanying Management's Report on Internal Control over Financial Reporting, that Mission West Properties, Inc. (the "Company") maintained effective internal control over financial reporting as of December 31, 2006, based on criteria established in Internal Control--Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the "COSO criteria"). The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. Our responsibility is to express an opinion on management's assessment and an opinion on the effectiveness of the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, evaluating management's assessment, testing and evaluating

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, management's assessment that Mission West Properties, Inc. maintained effective internal control over financial reporting as of December 31, 2006, is fairly stated, in all material respects, based on the COSO criteria. Also, in our opinion, Mission West Properties, Inc. maintained, in all material respects, effective internal control over financial reporting as of December 31, 2006, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Mission West Properties, Inc. as of December 31, 2006, and the related consolidated statements of operations, stockholders' equity and cash flows for the year then ended, and the related financial statement schedule, as of and for the year ended December 31, 2006, and our report dated March 12, 2007 expressed an unqualified opinion on those consolidated financial statements and the related financial statement schedule.

MISSION WEST PROPERTIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Dollars in thousands, except per share data)

1. ORGANIZATIONS AND FORMATION OF THE COMPANY

Mission West Properties, Inc. ("the Company") is a fully integrated, self-administered and self-managed real estate company that acquires and manages R&D/office properties in the portion of the San Francisco Bay Area commonly referred to as Silicon Valley. In July 1998, the Company purchased an approximate 12.11% of four existing limited partnerships (referred to collectively as the "operating partnerships") and obtained control of these partnerships by becoming the sole general partner in each one effective July 1, 1998 for financial accounting and reporting purposes. The Company purchased an approximate 12.11% interest in each of the operating partnerships. All limited partnership interests in the operating partnerships were converted into 59,479,633 operating partnership ("O.P.") Units, which represented a limited partnership ownership interest of approximately 87.89% of the operating partnerships. The operating partnerships are the vehicles through which the Company holds its real estate investments, makes real estate acquisitions, and generally conducts its business.

As of December 31, 2006, the Company owns a controlling general partnership interest of 19.71%, 21.78%, 16.26% and 12.48% in Mission West Properties, L.P., Mission West Properties, L.P. I, Mission West Properties, L.P. II and Mission West Properties, L.P. III, respectively, for an 18.23% general partnership interest in the operating partnerships, taken as a whole, on a consolidated weighted average basis.

The Company, through the operating partnerships, owns interests in 107 R&D properties at December 31, 2006, all of which are located in Silicon Valley.

BUSINESS SEGMENT INFORMATION

The Company's primary business is the ownership and management of R&D/office real estate with a geographic concentration in the Silicon Valley of the San Francisco Bay Area. Accordingly, the Company has concluded it currently has a single reportable segment for Statement of Financial Accounting Standards ("SFAS") 131 purposes.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PRINCIPLES OF CONSOLIDATION AND FINANCIAL STATEMENT PRESENTATION

The accompanying consolidated financial statements include the accounts of the Company and its controlled subsidiaries, the operating partnerships (the "Company"). All significant intercompany transactions have been eliminated in consolidation.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

The Company consolidates all variable interest entities in which it is deemed to be the primary beneficiary in accordance with FASB Interpretation 46R ("FIN 46R"), a revision to FIN 46, "Consolidation of Variable Interest Entities."

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. Accounting and disclosure decisions with respect to material transactions that are subject to significant management judgments or estimates include impairment of long lived assets, realizability of deferred rent receivables, and allocation of purchase price relating to property acquisitions and the related depreciable lives assigned. Actual results could differ materially from those estimates.

REAL ESTATE ASSETS AND RELATED INTANGIBLE ASSETS

Real estate assets are stated at cost. Cost includes expenditures for improvements or replacements. Maintenance and repairs are charged to expense as incurred.

The purchase price allocation for property acquisitions is determined in accordance with the following principles under SFAS 141, "Business Combinations":

The fair value of the tangible assets of an acquired property, which includes land, building and tenant improvements, is determined by valuing the property as if it were vacant, and the "as-if-vacant" value is then allocated to land, building and tenant improvements based on management's determination of the relative fair values of these assets. Factors considered by management in performing these analyses include certain costs during the lease-up periods considering current market conditions and costs to execute similar leases. These costs include estimates of lost rental revenue, leasing commissions, and tenant improvements.

- 50 -

MISSION WEST PROPERTIES, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED (Dollars in thousands, except per share data)

In allocating the fair value of the identified intangible assets of the acquired property, above-market in-place lease value is recorded based on the present value, using an interest rate which reflects the risks associated with the lease acquired, of the difference between (i) the contractual amounts to be paid pursuant to the in-place lease and (ii) management's estimate of fair market lease rate for the corresponding in-place lease, measured over a period equal to the remaining non-cancelable lease term. The capitalized above-market lease value, included in real estate related intangible assets, is amortized as an offset to rental revenue from real estate over the remaining non-cancelable lease term. The value of in-place leases, exclusive of the value of above-market in-place lease, is amortized to expense over the remaining non-cancelable periods of the respective leases. If a lease were to be terminated prior to its stated expiration, all unamortized amounts relating to that lease would be written off in the period that the lease is terminated.

DEPRECIATION AND AMORTIZATION

Depreciation and amortization are computed using the straight-line method over

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

estimated useful lives as follows:

Building shell and base building improvements of newly acquired	- Weighted average co
Base building improvements made subsequent to initial property acquisition	- 25 years
Tenant improvements and furniture and fixtures	- Lesser of life of a of lease
Above-market and in-place lease value	- Term of lease

IMPAIRMENT OF LONG-LIVED ASSETS

The Company reviews real estate assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable in accordance with SFAS 144, "Accounting for the Impairment and Disposal of Long-Lived Assets." If the carrying amount of the asset, including any intangible assets associated with that asset, exceeds its estimated undiscounted net cash flow, before interest, the Company will recognize an impairment loss equal to the difference between its carrying amount and its estimated fair value. If impairment is recognized, the reduced carrying amount of the asset will be accounted for as its new cost. For a depreciable asset, the new cost will be depreciated over the asset's remaining useful life. Generally, fair values are estimated using discounted cash flow, replacement cost or market comparison analyses. The analysis that the Company prepares in connection with determining if there may be any asset impairment loss under SFAS 144 considers several assumptions: holding period of ten years, 36 months lease up period and cap rate ranging from 8% to 9%. The process of evaluating for impairment requires estimates as to future events and conditions, which are subject to varying market and economic factors, such as the vacancy rates, rental rates and operating costs for R&D facilities in the Silicon Valley area and related submarkets. Therefore, it is reasonably possible that a change in estimate resulting from judgments as to future events could occur which would affect the recorded amounts of the property. In connection with the January 2005 sale of an asset, an impairment loss of approximately (\$2,193) was recorded for the year ended December 31, 2004 and is classified in discontinued operations, net of minority interests. No impairment losses were recorded for the years ended December 31, 2006 and 2005.

ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

The Company has adopted SFAS 144, which addresses the financial accounting for the disposal of long lived assets. SFAS 144 requires that the results of operations and gains or losses on the sale of property sold subsequent to December 31, 2001 that were not classified as held for sale at December 31, 2001 as well as the results of operations from properties that were classified as held for sale subsequent to December 31, 2001 be presented in discontinued operations if both the following criteria are met: (a) the operation and cash flows of the property have been (or will be) eliminated from the ongoing operations of the Company as a result of the disposal transaction; and (b) the Company will not have any significant involvement in the operations of the property after the disposal transaction. SFAS 144 also requires prior period results of operations for these properties to be restated and presented in discontinued operations in prior consolidated statements of operations.

An asset is generally classified as held for sale once management has committed to an action to sell the asset, the asset is available for immediate sale in its present condition (subject to terms that are usual and customary for sales of such assets), an active program to locate a buyer is initiated, the sale is probable, the asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value and actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn. Properties for sale with

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

significant contingencies that may prevent their sale, such as obtaining rezoning approval from the city, are not classified as assets held for sale. Upon the classification of a real estate asset as held for sale, the carrying value of the asset is reduced to the lower of its net book value or its fair value, less costs to sell the asset. Subsequent to the classification of assets as held for sale, no further depreciation expense is recorded. Real estate assets held for sale are stated separately on the accompanying consolidated balance sheets. Effective January 1, 2002 (through the implementation of SFAS 144), the operating results of real estate assets held for sale and sold are reported as discontinued operations in the accompanying consolidated statements of operations. The income/(loss) from discontinued operations includes the revenues and expenses, including depreciation, associated with the assets. This classification of operating results as discontinued operations applies retroactively for all periods presented for assets designated as held for sale subsequent to January 1, 2002. Additionally, gains and losses on assets designated as held for sale subsequent to January 1, 2002 are classified as part of discontinued operations.

- 51 -

MISSION WEST PROPERTIES, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED (Dollars in thousands, except per share data)

CASH AND CASH EQUIVALENTS

The Company considers highly liquid short-term investments with initial maturities of three months or less to be cash equivalents. Cash and cash equivalents are primarily held in one or more financial institutions, and at times, such balances may be in excess of the Federal Deposit Insurance Corporation insurance limit.

RESTRICTED CASH

Restricted cash totaled \$48,245 as of December 31, 2006. Of this amount, \$43,406 represents proceeds received from the Samaritan property sale and earned interest income held in a separate cash account at a trust company for future use in tax-deferred exchanges. The remaining \$4,839 represents a balance the Company consolidated due to its adoption of FIN 46R, "Consolidation of Variable Interest Entities." The Company does not possess or control these funds or have any rights to receive them except as provided in the applicable agreements. Therefore, restricted cash is not available for distribution to stockholders.

OTHER ASSETS

Included in other assets are costs associated with obtaining debt financing and commissions associated with new leases. Such debt financing costs are being amortized over the term of the associated debt, by a method that approximates the effective interest method and such lease commissions are amortized straight-line over the term of the related lease. If the lease is terminated prior to the end of the lease term, the Company charges any unamortized capitalized lease commission cost to expense in the period that the lease is terminated. Also included in other assets are commitments from the Berg Group of approximately \$7,494 to construct a building at 245 Caspian Drive in Sunnyvale, California and \$2,529 in tenant improvements at 5345 Hellyer Avenue in San Jose, California (see Note 13 below).

MINORITY INTERESTS

Minority interests represent the limited partnership interests in the operating partnerships. Minority interest in net income is calculated by taking the net income of the operating partnerships (on a stand-alone basis) multiplied by the respective minority interest ownership percentage.

REVENUE RECOGNITION

Rental income is derived from operating leases and recognized on the

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

straight-line method of accounting required by GAAP under which contractual rent payment increases are recognized evenly over the lease term. The difference between recognized rental income and rental cash receipts is recorded as "Deferred rent receivable" on the consolidated balance sheets. Certain lease agreements contain terms that provide for additional rents based on reimbursement of certain costs including property operating expenses, maintenance and real estate taxes. These additional rents from tenant reimbursements are reflected on the accrual basis.

Rental revenue is affected if existing tenants terminate or amend their leases. The Company tries to identify tenants who may be likely to declare bankruptcy, cease operations or otherwise terminate leases prior to the end of the lease term, such as tenants who do not occupy all or a large portion of the property being leased. By anticipating these events in advance, the Company expects to take steps to minimize their impact on its reported results of operations through lease renegotiations and other appropriate measures. Reserves against "Deferred rent receivable" are estimated by management based on known financial conditions of tenants and management's estimate of net realizability of such receivables based on existing or expected negotiations with tenants. The Company's judgments and estimations about tenants' capacity to continue to meet their lease obligations will affect the rental revenue recognized. To date, actual reductions in revenue as a result of early terminations and the tenants' inability to pay have been within management's estimates. However, material differences may result in the amount and timing of the Company's rental revenue for any period if it made different judgments or estimations.

Lease termination fees are recognized in other income when there is a signed termination letter agreement, all of the conditions of the agreement have been met, the tenant is no longer occupying the property and the termination consideration is probable of collection. These fees are paid by tenants who want to terminate their lease obligations before the end of the contractual term of the lease. There is no way of predicting or forecasting the timing or amounts of future lease termination fees.

The Company recognizes income from rent, tenant reimbursements and lease termination fees and other income once all of the following criteria are met in accordance with SEC Staff Accounting Bulletin 104, "Revenue Recognition":

- the agreement has been fully executed and delivered;
- services have been rendered;
- the amount is fixed and determinable; and
- the collectability is reasonably assured.

- 52 -

MISSION WEST PROPERTIES, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED (Dollars in thousands, except per share data)

INCOME TAXES

The Company has been taxed as a real estate investment trust ("REIT") under the Internal Revenue Code of 1986, as amended, (the "Code") commencing with the taxable year ended December 31, 1999. In order for the Company to qualify as a REIT, it must distribute annually at least 90% of its REIT taxable income, as defined in the Code, to its stockholders and comply with certain other requirements. Accordingly, for the years ended December 31, 2006, 2005 and 2004, no provision for federal income taxes has been included in the accompanying consolidated financial statements.

For the years ended December 31, 2006 and 2005, the Company's total dividends paid or payable to the stockholders represent 100% of ordinary income and 89% of

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

ordinary income and 11% return of capital, respectively, for income tax purposes (unaudited). For the year ended December 31, 2004, the Company's total dividends paid or payable to the stockholders represented 98% of ordinary income and 2% return of capital for income tax purposes (unaudited).

NET INCOME PER SHARE

The computation of net income per share is based on the weighted average number of common shares outstanding during the period. Diluted earnings per share amounts are based upon the weighted average of common and common equivalent shares outstanding during the year.

ACCOUNTING FOR STOCK-BASED COMPENSATION

In December 2004, the FASB issued SFAS 123R, "Share-Based Payment" ("SFAS 123R"), which addresses the accounting for employee, director and consultant stock options. SFAS 123R requires that the cost of stock options, as well as other equity-based compensation arrangements, be reflected in the consolidated financial statements based on the estimated fair value of the awards. SFAS 123R is an amendment to SFAS 123 and supersedes Accounting Principles Board Opinion 25, "Accounting for Stock Issued to Employees" ("APB 25"). SFAS 123R is applicable to any award that is settled or measured in stock, including stock options, restricted stock, stock appreciation rights, stock units, and employee stock purchase plans. As of December 31, 2006, the Company had one stock-based compensation plan. The Company has adopted the requirements of SFAS 123R effective January 1, 2006 using the modified prospective method of transition. Accordingly, prior periods have not been restated. The adoption of this standard did not have a material effect on the Company's consolidated results of operations, cash flows or financial position.

The Company measures compensation cost for its stock options at fair value on the date of grant and recognizes compensation expense relating to the remaining unvested portion of outstanding stock options at the time of adoption ratably over the vesting period, generally four years. The fair value of the Company's stock options is determined using the Black-Scholes option pricing model. Compensation expense related to the Company's share-based awards is included in general and administrative expenses in the Company's accompanying consolidated statements of operations. Under SFAS 123R, the Company recorded \$236 of expense for share-based compensation relating to grants of stock options for the year December 31, 2006.

As of December 31, 2006, there was \$92 of total unrecognized compensation cost related to unvested share-based compensation arrangements granted under the compensation plan. That cost is expected to be recognized over a weighted-average period of one year.

For 2005 and all prior years, the Company had elected to follow APB 25 and related interpretations in accounting for its employee and non-employee director stock options. SFAS 123, "Accounting for Stock-Based Compensation," encourages, but does not require, companies to record compensation cost for stock-based employee compensation plans at fair value prior to year 2006. Under APB 25, no compensation expense related to stock options had been recognized because the exercise price of the granted options equaled the market price of the underlying stock on the date of grant. Although the Company had elected to follow APB 25 for previously granted options prior to January 1, 2006, pro forma information regarding net income and net income per share is required by SFAS 123R for all periods presented prior to 2006. This information has been determined as if the Company had accounted for stock options under the fair value method under SFAS 123.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED

(Dollars in thousands, except per share data)

The following table illustrates the unaudited pro forma effect on consolidated net income available to common stockholders and consolidated earnings per share if the fair value method had been applied to all outstanding and unvested stock options for the last two years.

	Year Ended December 31,	
	2005	2004
	(dollars in thousands, except per share data)	
Historical net income to common stockholders	\$10,027	\$13,000
Add back compensation expense for stock options included in historical net income to common stockholders	-	-
Deduct compensation expense for stock options determined under fair value based method	(161)	(161)
Allocation of expense to minority interests	134	134
	\$10,000	\$13,000
Earnings per share - basic:		
Historical net income to common stockholders	\$0.55	\$0.55
Pro forma net income to common stockholders	\$0.55	\$0.55
Earnings per share - diluted:		
Historical net income to common stockholders	\$0.55	\$0.55
Pro forma net income to common stockholders	\$0.55	\$0.55

In 2005, stock options to purchase 710,000 shares of common stock were granted to four employees and three non-employee directors. The options vest monthly for 33 months from date of grant, subject to continued employment or other service to the Company. Each option grant has a term of six years from the date of grant subject to earlier termination in certain events related to termination of employment. The options were granted at an exercise price of \$10.00 per share. The estimated fair value of the options granted in 2005 was \$1.12 per share on the date of grant using the Black-Scholes option pricing model with the following assumptions: dividend yield of 6.4%, volatility of 21.97%, risk free rates of 4.2% and an expected life of six years. All options were granted at the fair market value at the date of grant. There were no stock options granted in years 2006 and 2004.

In April 2005, the Company's Compensation Committee of the Board of Directors, in accordance with the provisions of the 2004 Equity Incentive Plan, unanimously approved the following awards of dividend equivalent rights ("DERs"), each such DER representing the current right to receive the dividend paid on one share of the Company's common stock, when paid by the Company:

- The three non-employee outside directors each received 45,000 DERs effective as of the second quarter of 2005, which will remain in effect as long as the individual continues to serve on the Board of Directors; and
- Key employees of the Company received a total of 155,000 DERs effective as of the second quarter of 2005, which will remain in effect for each key employee as long as he continues to be employed by the Company.

In April 2005, a total of 290,000 DERs were awarded by the Company's Board of Directors. The Company recorded DER compensation expense of approximately \$186

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

and \$139 in 2006 and 2005, respectively.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company's financial instruments include cash and cash equivalents, accounts receivable, accounts payable, and debt. Considerable judgment is required in interpreting market data to develop estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that the Company could realize in a current market exchange. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts. Cash and cash equivalents, accounts receivable, and accounts payable are carried at amounts that approximate their fair values due to their short-term maturities. For fixed rate debt, the Company estimates fair value by using discounted cash flow analyses based on borrowing rates for similar kinds of borrowing arrangements. The fair value of the Company's fixed rate debt at December 31, 2006 was approximately \$467,692 as compared to its carrying value of \$357,755.

RECLASSIFICATIONS

Certain amounts from prior year's consolidated financial statements have been reclassified to conform to the presentation of the current year's consolidated financial statements.

CONCENTRATION OF CREDIT RISK

The Company's properties are not geographically diverse, and its tenants operate primarily in the information technology industry. Additionally, because the properties are leased to 79 tenants at December 31, 2006, default by any major tenant could significantly impact the results of the consolidated total. One tenant, Microsoft Corporation, accounted for approximately 12.5%, 10.0% and 18.1%

- 54 -

MISSION WEST PROPERTIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED
(Dollars in thousands, except per share data)

of the Company's cash rental income for the years ended December 31, 2006, 2005 and 2004, respectively, of total cash rental income. Cash rental income from Microsoft Corporation was \$11,728, \$10,089 and \$21,997 for the years ended December 31, 2006, 2005 and 2004, respectively. Future minimum rents from this tenant are \$101,331. One other tenant accounted for approximately 10.0%, 12.4% and 10.8% of the Company's cash rental income for the years ended December 31, 2006, 2005 and 2004, respectively, of total cash rental income. During 2006, six of the Company's tenants relocated or ceased operations.

NEW ACCOUNTING PRONOUNCEMENTS

In May 2005, the FASB issued SFAS 154, "Accounting Changes and Error Corrections" ("SFAS 154"), to replace APB Opinion 20, "Reporting Accounting Changes in Interim Financial Statements" ("APB 20"). SFAS 154 changes the requirements for the accounting for and reporting of a change in accounting principle and requires retrospective application to prior periods' financial statements, unless it is impracticable to determine period specific effects or the cumulative effect of the change. SFAS 154 will be effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The adoption of this statement is not expected to have a significant effect on the Company's consolidated results of operations or financial condition.

In June 2006, the FASB issued Interpretation 48, "Accounting for Uncertainty in Income Taxes" ("FIN 48"). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in the Company's financial statements in accordance with

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

SFAS 109, "Accounting for Income Taxes." The provisions of FIN 48 are effective for the Company's fiscal year beginning January 1, 2007. The adoption of FIN 48 on January 1, 2007 is not expected to have a significant impact on the Company's consolidated results of operations or financial position.

In September 2006, the FASB issued SFAS 157, "Fair Value Measurements" ("SFAS 157"). SFAS 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. The provisions of SFAS 157 are effective for the Company's fiscal year beginning January 1, 2008. The Company is currently evaluating the impact of the provisions of SFAS 157 and currently cannot estimate the impact to the Company's consolidated results of operations or financial position.

3. DEFERRED RENT ALLOWANCE

The following table represents activity in the deferred rent allowance for the years ended December 31, 2006, 2005 and 2004.

	Beginning Balance	Provision Against Revenues	Charge-off	Ending Balance
	(dollars in thousands)			
Year ended December 31, 2004	\$2,000	\$1,313	\$1,313	\$2,000
Year ended December 31, 2005	\$2,000	\$785	\$785	\$2,000
Year ended December 31, 2006	\$2,000	\$1,216	\$1,216	\$2,000

4. STOCK TRANSACTIONS

As of December 31, 2006 and 2005, \$1,833 and \$1,706 remained outstanding under notes issued in connection with the Company's purchase of its general partnership interests in 1998 (the "demand notes"), respectively. The demand notes which accrue interest at 7.25%, along with the interest expense (interest income to the operating partnerships), are eliminated in consolidation and are not included in the corresponding line items within the consolidated financial statements. However, the interest income earned by the operating partnerships, which is interest expense to the Company, in connection with this debt, is included in the calculation of minority interest as reported on the consolidated statements of operations, thereby reducing the Company's net income by this same amount. The Company and the operating partnerships have agreed to extend the due date of the demand notes to September 30, 2008. At present, the Company's only means for repayment of this debt is through distributions received from the operating partnerships in excess of the amount of dividends to be paid to the Company's stockholders or by raising additional equity capital.

The limited partners of the operating partnerships have the right to tender their O.P. Units to the Company for shares of common stock or, at the Company's election, for cash. Each of the limited partners of the operating partnerships (other than Carl E. Berg and Clyde J. Berg) has the annual right to exercise put rights and cause the operating partnerships to purchase a portion of the limited partner's O.P. Units at a purchase price based on the average market value of the common stock for the 10-trading day period immediately preceding the date of tender, generally limited to one-third of the aggregate number of O.P. Units owned by each limited partner. Upon the exercise of any such right by a limited partner, the Company will have the option to purchase the tendered O.P. Units with available cash, borrowed funds or the proceeds of an offering of newly issued shares of common stock. These put rights are available once a year. If

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

the total purchase price of the O.P. Units tendered by all of the eligible limited partners in one year exceeds \$1 million,

- 55 -

MISSION WEST PROPERTIES, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED (Dollars in thousands, except per share data)

the Company or the operating partnerships is entitled in its discretion to reduce proportionately the number of O.P. Units to be acquired from each tendering limited partner so that the total purchase price does not exceed \$1 million.

During the year ended December 31, 2006, stock options to purchase 80,000 shares of the Company's common stock were exercised at \$8.25 per share and stock options to purchase 32,900 shares of the Company's common stock were exercised at \$10.00 per share. Total proceeds to the Company were approximately \$989.

During the year ended December 31, 2005, stock options to purchase 40,000 shares of the Company's common stock were exercised at \$8.25 per share and stock options to purchase 15,000 shares of the Company's common stock were exercised at \$10.00 per share. Total proceeds to the Company were approximately \$480.

During the year ended December 31, 2004, stock options to purchase a total of 20,000 shares of the Company's common stock were exercised at \$8.25 per share. Total proceeds to the Company were approximately \$165.

In 2006, 2005 and 2004, 881,896, 296,600 and 182,500 O.P. Units were exchanged for 881,896, 296,600 and 182,500 shares of the Company's common stock, respectively, under the terms of the Exchange Rights Agreement among the Company and all limited partners of the operating partnerships.

5. MINORITY INTERESTS

Minority interests represent the separate private ownership of the operating partnerships, by the Berg Group and other non-affiliate interests. In total, these interests account for 81.77% and 82.50%, on a weighted average basis, of the ownership interests in the real estate operations of the Company as of December 31, 2006 and 2005, respectively. Minority interests in earnings have been calculated by taking the net income of the operating partnerships (on a stand-alone basis) multiplied by the respective minority interests ownership percentage.

The operating partnerships have ownership interests of 83.33%, 75% and 50% and act as the managing member in three separate joint ventures, which were established to hold properties. The operating partnerships control the joint ventures, and accordingly, these joint ventures are consolidated in the Company's consolidated financial statements. The minority interests in the joint ventures are reflected as a component of minority interests of the operating partnerships. For the years ended December 31, 2006, 2005 and 2004, income associated with the minority interests held by the third parties of the three consolidated joint ventures was \$499, \$479 and \$486, respectively.

6. REAL ESTATE

PROPERTY ACQUISITIONS

In March 2006, the Company acquired two fully leased office/R&D properties with approximately 95,700 rentable square feet located at 233 South Hillview Drive in Milpitas, California from Sipex Corporation in a tax-deferred exchange under section 1031 of the Internal Revenue Code of 1986. The total acquisition price

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

for this property was approximately \$13,411 and was funded from the proceeds received from the 800 Embedded Way property sale, which were held by a third party and classified as restricted cash as of December 31, 2005.

The purchase price of the 233 South Hillview Drive acquisition was allocated to long-lived assets and the value of an in-place lease. The in-place lease was valued at fair market so there was no intangible asset allocated to above-or-below market lease value. The Company recorded \$1,374 of the purchase price as real estate related intangible assets in the accompanying consolidated balance sheet for the value of an in-place lease. The intangible assets are amortized over the applicable remaining lease terms.

In April 2006, the Company acquired a fully leased office/R&D property with approximately 42,100 rentable square feet located at 1875 Charleston Road in Mountain View, California by purchasing Mission West Charleston, LLC, an entity controlled by Carl E. Berg. The total acquisition price for this entity was \$2,615, which is subject to a ground lease with an unrelated party for the underlying property that runs through June 2057. The acquisition was paid in cash.

The purchase price of the 1875 Charleston Road acquisition was allocated to long-lived assets and the value of an in-place lease. The in-place lease was valued at fair market so there was no intangible asset allocated to above-or-below market lease value. The Company recorded \$745 of the purchase price as real estate related intangible assets in the accompanying consolidated balance sheet for the value of an in-place lease. The intangible assets are amortized over the applicable remaining lease term.

- 56 -

MISSION WEST PROPERTIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED
(Dollars in thousands, except per share data)

The purchase price allocation for these property acquisitions was determined in accordance with the following principles under SFAS 141:

The fair value of the tangible assets of an acquired property, which includes land, building and tenant improvements, is determined by valuing the property as if it were vacant, and the "as-if-vacant" value is then allocated to land, building and tenant improvements based on management's determination of the relative fair values of these assets. Factors considered by management in performing these analyses include certain costs during the lease-up periods considering current market conditions and costs to execute similar leases. These costs include estimates of lost rental revenue, leasing commissions and tenant improvements.

The capitalized in-place lease value, included in real estate related intangible assets in the accompanying consolidated balance sheets, is amortized to expense as amortization of real estate over the remaining non-cancelable lease term. If a lease were to be terminated prior to its stated expiration, all unamortized amounts relating to that lease would be written off in the period that the lease is terminated.

In 2005, the Company acquired a 203,800 rentable square feet vacant R&D property located at 5521 Hellyer Avenue in San Jose, California. The purchase price for the property was approximately \$14,026. The Company allocated the purchase price to land, building, and building improvements based upon the estimated relative fair values of such assets. Since the property was acquired vacant, there was no purchase price allocation to lease intangible assets.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

PROPERTY DISPOSITIONS

In the fourth quarter, the Company disposed of three vacant R&D properties at 2033-2243 Samaritan Drive in San Jose, California consisting of approximately 235,000 rentable square feet. A total net gain of approximately \$18,102 was recognized and classified as discontinued operations, net of minority interests, on the total sales price of \$43,271. These properties were subject to a contract of sale from an unrelated party for the purchase of a total of three R&D properties located at Samaritan Drive that the Company signed on July 17, 2006. On March 8, 2007, the Company acquired 50 acres of vacant land in Morgan Hill, California, which could support approximately 725,000 rentable square feet of space. The land is currently zoned for industrial use and a portion has the potential to be rezoned for residential use. The acquisition price for this property was approximately \$25,638 and was funded from a portion of the proceeds received from the Samaritan property sale, which was classified as restricted cash as of December 31, 2006. The remaining balance in restricted cash will be used for future tax-deferred property exchanges.

In 2005, the Company completed the sale of three R&D properties consisting of 342,350 rentable square feet, which included the R&D properties at 3120 Scott Boulevard, Santa Clara, California, 405 Tasman Drive, Sunnyvale, California and 800 Embedded Way, San Jose, California. A loss of approximately (\$2,193) was realized on the sales price of \$8,500 for the 3120 Scott Boulevard property and was provided for in the fourth quarter 2004 as an asset impairment charge under discontinued operations, net of minority interests. A total gain of approximately \$2,206 was recognized in 2005 and classified as discontinued operations, net of minority interests, on the total sales price of \$19,355 for the 405 Tasman and 800 Embedded Way properties. The gain from the 405 Tasman Drive sale was from recognized based on the installment method of profit recognition since the buyer did not make a sufficient initial down payment. Proceeds of approximately \$15,061 from the 800 Embedded Way sale were classified as restricted cash to be used in tax-deferred property exchanges as of December 31, 2005. These proceeds were used in 2006 to fund the acquisition of 233 South Hillview Drive in Milpitas, California.

BERG LAND HOLDINGS OPTION AGREEMENT

Under the terms of the Berg Land Holdings Option Agreement, the Company, through the operating partnerships, has the option to acquire any future R&D property developed by the Berg Group on land currently owned or optioned, or acquired for these purposes in the future, directly or indirectly, by Carl E. Berg or Clyde J. Berg. At present, there are approximately 84 acres of Silicon Valley land, including land under development, owned directly or under 50% joint venture entities by certain members of the Berg Group that are subject to the terms of the Berg Land Holdings Option Agreement. The owners of the future R&D property developments may obtain cash or, at their option, O.P. Units valued at the average closing price of the shares of common stock over the 30-trading-day period preceding the acquisition date. To date, the Company has completed 21 acquisitions under the Berg Land Holdings Option Agreement representing approximately 2,034,000 rentable square feet. The acquired properties cost approximately \$207,803, for which the Company issued 7,933,849 O.P Units and assumed debt of approximately \$118,042. Upon the Company's exercise of an option to purchase any of the future R&D property developments, the acquisition price will equal the sum of (a) the full construction cost of the building; plus (b) 10% of the full construction cost of the building; plus (c) interest at LIBOR (London Interbank Offered Rate) plus 1.65% on the amount of the full construction cost of the building for the period from the date funds were disbursed by the developer to the close of escrow; plus (d) the original acquisition cost of the parcel on which the improvements will be constructed, which range from \$8.50 to \$20.00 per square foot for land currently owned; plus (e) 10% per annum of the amount of the original acquisition cost of the parcel from the later of January 1, 1998 or the seller's acquisition date to the close of escrow; minus (f) the aggregate principal

MISSION WEST PROPERTIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED
(Dollars in thousands, except per share data)

amount of all debt encumbering the acquired property, or a lesser amount as approved by the members of the Independent Directors committee of the Company's Board of Directors. Generally, the Company will not acquire any projects until they are fully completed and leased.

No estimate can be given at this time as to the total cost to the Company to acquire future projects under the Berg Land Holdings Option Agreement, or the timing as to when the Company will acquire such projects. In addition to any projects currently under development, the Company has the right to acquire future developments by the Berg Group on up to 84 additional acres of land currently controlled by the Berg Group, which could support approximately 1.4 million square feet of new developments. Under the Berg Land Holdings Option Agreement, as long as the Berg Group ownership in the Company and the operating partnerships taken as a whole is at least 65%, the Company also has an option to purchase all land acquired, directly or indirectly, by Carl E. Berg or Clyde J. Berg in the future which has not been improved with completed buildings and which is zoned for, intended for or appropriate for R&D, office and/or industrial development or use in the states of California, Oregon, and Washington.

Although the Company has the right to acquire the new properties available to it under the terms of the Berg Land Holdings Option Agreement, there can be no assurance that the Company actually will consummate any intended transactions. Furthermore, the Company has not yet determined the means by which it would acquire and pay for any such properties or the impact of any of the acquisitions on its business, results of operations, financial condition or available cash for distribution.

Given the economic downturn in the Silicon Valley, the Company may not be able to maintain historical levels of growth from acquisitions of new developments in the future.

7. VARIABLE INTEREST ENTITY

In December 2003, the FASB issued FIN 46R. Under FIN 46R, a variable interest entity ("VIE") must be consolidated by a company if that company is subject to a majority of the entity's expected losses or entitled to receive a majority of the entity's expected residual returns or both. FIN 46R requires disclosures about variable interest entities that a company is not required to consolidate, but in which it has a significant variable interest.

Under FIN 46R, for an entity to qualify as a VIE one or more of the following three characteristics must exist:

1. The equity investment at risk is not sufficient to permit the entity to finance its activities without additional subordinated financial support by any parties, including the equity holders.
2. The equity investors lack one or more of the following essential characteristics of a controlling financial interest:
 - a. The direct or indirect ability to make decisions about the entity's activities through voting or similar rights.
 - b. The obligation to absorb the expected loss of the entity.
 - c. The right to receive the expected residual returns of the entity.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

3. The equity investors have voting rights that are not proportionate to their economic interests, and the activities of the entity involve or are conducted on behalf of an investor with a disproportionately small voting interest.

In March 2006, one of the Company's tenants, JDS Uniphase ("JDS"), entered into an assignment of lease agreement with an unrelated party, M&M Real Estate Control & Restructuring, LLC ("M&M"), in connection with leases for approximately 252,000 rentable square feet located in San Jose, California. M&M assumed all of JDS's remaining obligations under these leases, acquired certain personal property of JDS located on the premises and received a payment of approximately \$11,147. At the same time, the Company entered into a consent for assignment of lease with both parties and a mutual release agreement with JDS, pursuant to which all of the JDS's obligations under these leases have been effectively transferred to M&M. M&M must continue to perform all of the obligations under the assumed JDS leases and has the right to sublease any or all of the 252,000 rentable square feet vacated by JDS for the remainder of the current lease terms, which expire in 2006 and 2007. Under the terms of the agreement, the Company will receive monthly rent payments of approximately \$733 from April 2006 through December 2006, \$545 from January 2007 through August 2007 and \$330 from September 2007 through November 2007. Based upon the provisions of FIN 46R, the Company determined that M&M is a VIE. The Company further determined that the Company is the primary beneficiary of this VIE because the assignment of lease noted above is the only property under management by M&M, and therefore has consolidated this entity for financial reporting purposes. Upon consolidation, the Company recognized a lease termination fee of \$11,147 in March 2006.

- 58 -

MISSION WEST PROPERTIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED
(Dollars in thousands, except per share data)

Factors considered by the Company in determining whether M&M should be considered a VIE for financial reporting purposes included the following:

- No equity was contributed by the partners in the formation of M&M.
- At present, the assignment of a lease is the only property under management by M&M.
- Because M&M is a newly formed entity it does not have an operating history that demonstrates its ability to finance its activities without additional subordinated financial support.
- All revenues, other than interest income, are generated by M&M from the Company in the form of fees or commissions.

The Company remains at risk because if M&M's operating expenses exceed its interest income, fees and commissions there would be insufficient funds to meet the assigned lease obligation without additional financial support from equity holders or other parties. The Company, which had released the original tenant from its obligations under the lease, would have to absorb the majority of any loss, making it the primary beneficiary of M&M's activities.

- (1) Santa Clara Valley National Bank ("SCVNB") was formerly known as Cupertino National Bank. Interest rate for the SCVNB line of credit is LIBOR plus 1.75%. The interest rate for the SCVNB line of credit at December 31, 2006 and 2005 was 7.08% and 6.14%, respectively. On July 22, 2005, the Company entered into a "Change in Terms Agreement" with SCVNB, which reduced the maximum borrowing amount on the Company's revolving line of credit facility with that bank from \$40 million to \$9 million. In December 2005, the Company entered into another "Change in Terms Agreement" with SCVNB that increased the facility from \$9 million to \$10 million. The SCVNB line of credit contains certain financial loan and reporting covenants as defined in the loan agreement. As of December 31, 2006, the Company was in compliance with these loan covenants.
- (2) Mortgage notes payable generally require monthly installments of interest and principal ranging from \$177 to \$840 over various terms extending through the year 2025. The weighted average interest rate of mortgage notes payable was 5.84% at December 31, 2006 and 2005.
- (3) The Prudential Insurance loan is payable in monthly installments of \$827, which includes principal (based upon a 30-year amortization) and interest. A limited partner, who is not a member of the Berg Group, has guaranteed approximately \$12,000 of this debt. Costs and fees incurred with obtaining this loan aggregated approximately \$900, which were deferred and amortized over the loan period. The Prudential loan contains certain customary covenants as defined in the loan agreement. As of December 31, 2006, the Company was in compliance with these loan covenants.
- 60 -
- (4) The Northwestern loan is payable in monthly installments of \$696, which includes principal (based upon a 20-year amortization) and interest. Costs and fees incurred with obtaining this loan aggregated approximately \$664, which were deferred and amortized over the loan period. The Northwestern loan contains certain customary covenants as defined in the loan agreement. As of December 31, 2006, the Company was in compliance with these loan covenants.
- (5) The Allianz loans are payable in monthly installments of \$1,017, which includes principal (based upon a 20-year amortization) and interest. Costs and fees incurred with obtaining these loans aggregated approximately \$1,125, which were deferred and amortized over the loan periods. The

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Allianz loans contain certain customary covenants as defined in the loan agreements. As of December 31, 2006, the Company was in compliance with these loan covenants.

Scheduled principal payments on debt as of December 31, 2006 are as follows:

	Fixed Rate Debt (Including Related Parties)
December 31, 2007	\$11,011
December 31, 2008	121,589
December 31, 2009	9,561
December 31, 2010	10,105
December 31, 2011	10,681
Thereafter	194,808
Total	\$357,755

INTEREST RATE DERIVATIVE

In 2005, the Company entered into a cash flow interest rate derivative as a means to hedge exposure to an increase in interest rates prior to securing a loan commitment in connection with a refinancing of certain variable rate debt to fixed rate long term mortgage debt. The Company secured a 20 year fixed rate mortgage loan commitment for \$125,000 at 5.22% annual interest rate and closed the derivative contracts. Since the interest rate derivative contracts did not qualify as a designated cash flow interest rate hedge in accordance with SFAS 133, "Accounting for Derivative Instruments and Hedging Activities," the Company recorded an \$834 charge to interest expense in 2005. There were no interest rate derivatives in 2006.

9. OPERATING PARTNERSHIP AND STOCKHOLDER DISTRIBUTIONS

Holders of the Company's common stock and O.P. Units are entitled to dividend distributions as determined and declared by the Company's Board of Directors. Under the Exchange Rights Agreement limited partners have the right to tender O.P. Units to the Company, and, at the Company's election, to receive common stock on a one-for-one basis at then-current market value, an equivalent amount of cash, or a combination of cash and common stock in exchange for the O.P. Units tendered, subject to the 9% overall ownership limit imposed on non-Berg Group stockholders under the Company's charter document, or the overall 20% Berg Group ownership limit, as the case may be. O.P. Unit holders are entitled to vote when their O.P. Units are converted to shares of the Company's common stock. Once in each 12-month period beginning each December 29, the limited partners, other than Carl E. Berg and Clyde J. Berg, may exercise a put right to sell their O.P. Units to the operating partnerships at a price equal to the average market price of the common stock for the 10-trading day period immediately preceding the date of tender. Upon any exercise of the put rights, the Company will have the opportunity for a period of 15 days to elect to fund the purchase of the O.P. Units and purchase additional general partner interests in the operating partnerships for cash, unless the purchase price exceeds \$1 million in the aggregate for all tendering limited partners, in which case, the operating partnerships or the Company will be entitled, but not required, to reduce proportionally the number of O.P. Units to be acquired from each tendering limited partner so that the total purchase price is not more than \$1 million.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

During 2006, the Company, as general partner of the operating partnerships, declared quarterly dividends/distributions aggregating \$0.64 per common share and O.P. Unit for total dividends/distributions of \$66,948, including \$16,745 payable in January 2007. Total distributions attributable to O.P. Units owned by various members of the Berg Group were \$50,151.

During 2005, the Company, as general partner of the operating partnerships, declared quarterly dividends/distributions aggregating \$0.64 per common share and O.P. Unit for total dividends/distributions of \$66,887, including \$16,725 payable in January 2006. Total distributions attributable to O.P. Units owned by various members of the Berg Group were \$50,209.

During 2004, the Company, as general partner of the operating partnerships, declared quarterly dividends/distributions aggregating \$0.88 per common share and O.P. Unit for total dividends/distributions of \$91,944, including \$16,718 payable in January 2005. During the fourth quarter of 2004, the Company's Board of Directors reduced the quarterly dividends/distributions from \$0.24 per common share and O.P. Unit to \$0.16 per common share and O.P. Unit. Total distributions attributable to O.P. Units owned by various members of the Berg Group were \$69,075, which was financed by the Company as a draw on the Berg Group line of credit.

(Dollars in thousands, except per share data)

10. EQUITY-BASED COMPENSATION AND RETIREMENT INVESTMENT PLANS

The Company's 1997 Stock Option Plan ("1997 Plan") was approved by the Company's stockholders on November 10, 1997. On November 24, 2004, the 2004 Equity Incentive Plan ("2004 Plan") was approved by the Company's stockholders and replaced the 1997 Plan. The Company's board of directors approved the 2004 Plan in September 2004. No further options are available or will be granted under the 1997 Plan. In replacing the 1997 Plan, the 2004 Plan:

- transferred up to 3,991,089 remaining shares available for issuance under the Company's 1997 Plan and terminated the 1997 Plan for any new grants;
- transferred up to an additional 767,000 shares subject to outstanding options under the 1997 Plan if they expire without being exercised; and
- includes the ability to grant restricted stock, restricted stock units, performance units, dividend equivalent rights, and other stock-based compensation, including O.P. Units of the Operating Partnerships, as well as incentive and non-statutory stock options.

The 2004 Plan was adopted so that the Company may attract and retain the high quality employees, consultants and directors necessary to build the Company's infrastructure and to provide ongoing incentives to the Company's employees in the form of options to purchase the Company's common stock by enabling them to participate in the Company's success.

The 2004 Plan provides for the granting to employees, including officers (whether or not they are directors) of "incentive stock options" within the meaning of Section 422 of the Code, and for the granting of non-statutory options to employees, consultants and directors of the Company. 3,281,089 shares of common stock were available for future option or award grants under the 2004 Plan as of December 31, 2006 and 2005. In addition, 272,000 shares of common stock subject to options granted under the Company's 1997 Plan, which options expired unexercised in 2006, can be added to the reserve of shares available for future grant under the 2004 Plan.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Stock options to purchase 710,000 shares of common stock were granted to four employees and three non-employee directors in 2005. The estimated fair value of the options was \$1.12 per share on the date of grant using the Black-Scholes option pricing model with the following assumptions: dividend yield of 6.4%, volatility of 21.97%, risk free rates of 4.2% and an expected life of six years. All options were granted at the fair market value at the date of grant. No options were granted in years 2006 and 2004.

The remaining contractual lives of unexercised option grants range from April 2009 to April 2011.

The following table shows the combined activity and detail for the 1997 and 2004 Plans for each of the three years in the period ended December 31, 2006.

	Options Outstanding	Weighted Average Exercise Price Per Share
	-----	-----
Balance, December 31, 2003	787,000	\$11.36
Options exercised	(20,000)	\$8.25

MISSION WEST PROPERTIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED
(Dollars in thousands, except per share data)

The following table summarizes information regarding options outstanding for the 2004 Plan at December 31, 2006:

Range of Exercise Prices	Options Outstanding		Options Exercisab		
	Options	Weighted Average Remaining Contractual Life in Years	Weighted Average Exercise Price	Options	Weig Aver Exercis
	-----	-----	-----	-----	-----

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

\$10.00	662,100	4.33	\$10.00	425,429	\$10.
\$11.33	375,000	2.33	\$11.33	354,167	\$11.
	-----			-----	
\$10.00 to \$11.33	1,037,100	3.61	\$10.48	779,596	\$10.
	=====			=====	

None of the options granted are contingent upon the attainment of performance goals or subject to other restrictions. As of December 31, 2006 and 2005, "in-the-money" outstanding options to purchase 779,596 and 80,000 shares of common stock, respectively, were exercisable.

The 2004 Plan allows the Company to grant to employees and directors a wider range of awards than is permitted under the 1997 Plan, including restricted stock, stock grants, restricted stock units, performance units, other stock-based compensation, including O.P. Units exchangeable for shares of common stock, and dividend equivalent rights, which will help the Company achieve its goal of attracting, retaining and motivating its personnel which is necessary to build the Company's infrastructure, achieve the Company's business goals and enhance stockholder value. No options or awards may be granted under the 2004 Plan after November 24, 2014.

Awards and options granted under the 2004 Plan may be granted to any employees, non-employee directors or consultants of the Company and any corporation or other entity affiliated with the Company, including the Operating Partnerships. Only employees of the Company or a corporate subsidiary may receive incentive stock options. Options can be granted to non-employee directors and consultants of the Company and to employees of the Company or a corporate subsidiary. No individual may receive in any one calendar year awards covering more than 500,000 of the total number of shares of stock.

The options generally are granted at the fair market value of the Company's common shares at the date of grant, vest over a four-to-six year period, are exercisable upon vesting and expire six-to-eight years from the date of grant. The exercise price for all incentive stock options under the 2004 Plan shall not be less than the fair market value of the underlying common shares at the time the option was granted.

Under the 2004 Plan, each non-employee member of the board of directors who became or becomes a member of the board of the directors after November 24, 2004, the date on which the Plan was approved by the Company's stockholders, will receive automatically a grant of an option to purchase 50,000 shares of common stock at an exercise price equal to 100% of the fair market value of the common stock at the date of grant of such option. Such options become exercisable cumulatively with respect to 1/48th of the underlying shares on the first day of each month following the date of grant. Generally, the options must be exercised while the optionee remains a director. In addition, the board of directors may authorize annual option grants or awards to non-employee directors in the board's discretion as long as the number of shares or equivalent number of underlying shares of common stock in the case of certain awards, does not exceed 50,000 per year. A disinterested majority of the board also may authorize additional options and awards to a director serving as a Committee chair or providing other extraordinary service to the Board. The 2004 Plan further provides that upon an acquisition of the Company in which more than 50% of the total voting power of the Company's outstanding securities is transferred to the acquirer or acquiring parties, options and awards held by non-employee directors will vest in full and become exercisable prior to their expiration.

The board of directors may terminate the 2004 Plan at any earlier time or make modifications of the 2004 Plan as it deems advisable. Awards and options granted at any time during the term of the 2004 Plan will not expire solely because of

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

the termination of the 2004 Plan, and no amendment or modification of the 2004 Plan shall affect the terms of any outstanding award unless the board expressly provides otherwise. Termination or amendment of the 2004 Plan may not adversely affect the rights of the recipient of an award without his or her consent. The Compensation Committee of the Board of Directors may amend the terms of any option or award previously granted, but such amendment may not impair the rights of the recipient without his or her consent.

A total of 3,991,089 shares of common stock are reserved for issuance under the 2004 Plan, in addition to 767,000 shares subject to outstanding options if they expire unexercised, of which options to purchase 272,000 shares of common stock have expired to date. At no time may the number of shares issued pursuant to or subject to outstanding awards granted under the 2004 Plan exceed this number, subject to the provisions for increase and adjustment set forth in the 2004 Plan. If any option or award expires, terminates or

- 63 -

MISSION WEST PROPERTIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED
(Dollars in thousands, except per share data)

is cancelled without being exercised in full, or any other award is forfeited, the shares forfeited or not purchased will be available for future grant of awards.

The Company has adopted an employee investment plan (the "Plan"), under Section 401(k) of the Internal Revenue Code. Employees who are at least 21 years old and who have completed six months of eligibility service may become participants in the Plan. Each participant may make contributions to the Plan through salary deferrals in amounts of at least 1% to a maximum of 15% of the participant's compensation, subject to certain limitations imposed by the Internal Revenue Code. The Company contributes an amount up to 15% of the participant's compensation, based upon management's discretion. A participant's contribution to the Plan is 100% vested and non-forfeitable. A participant will become vested in 100% of the Company's contributions after two years of eligible service. For the years ended December 31, 2006, 2005 and 2004, the Company recognized \$103, \$103 and \$92 of expense for employer contributions made in connection with this Plan, respectively.

11. NET INCOME PER SHARE

Basic net income per share is computed by dividing net income by the weighted-average number of common shares outstanding for the period. Diluted net income per share is computed by dividing net income by the sum of weighted-average number of common shares outstanding for the period plus the assumed exercise of all dilutive securities.

The following table provides a reconciliation of net income to common stockholders and the number of shares used in the computations of "basic" net income per share to common stockholders and "diluted" net income per share to common stockholders.

Year Ended	Year Ended
December 31, 2006	December 31,

(dollars in thousands, ex

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Numerator:

Income from continuing operations	\$11,494	\$9,327
Income/(loss) from discontinued operations	3,136	70
	\$14,630	\$10,027

Denominator:

Weighted average shares of common stock (basic)	19,066,581	18,286,947
Effect of dilutive securities:		
Incremental shares from assumed stock options exercise	232,083	38,717
	19,298,664	18,325,664

Per share data:

Basic net income per share:		
Net income to common stockholders before discontinued operations	\$0.60	\$0.51
Discontinued operations	0.17	0.04
	\$0.77	\$0.55
Diluted net income per share:		
Net income to common stockholders before discontinued operations	\$0.60	\$0.51
Discontinued operations	0.16	0.04
	\$0.76	\$0.55

Outstanding options to purchase 647,000 and 272,000 shares in 2005 and 2004, respectively, were excluded from the computation of diluted net income per share under the treasury stock method because the option exercise price was greater than the weighted average exercise price of the Company's common stock during the respective periods. The outstanding O.P. Units have been excluded from the diluted net income per share calculation as there would be no effect on the diluted net income per share since the minority interests' share of income would also be added back to net income. O.P. Units outstanding at December 31, 2006, 2005 and 2004 were 85,206,199, 86,088,095 and 86,384,695, respectively.

12. OTHER INCOME

Other income from continuing operations was approximately \$20,602, \$4,591 and \$6,862 for the years ended December 31, 2006, 2005 and 2004, respectively. For the year ended December 31, 2006, termination fees, prior tenant bankruptcy settlements, management fee income, interest income and security deposit forfeitures accounted for approximately \$16,068, \$183, \$1,070, \$2,344 and \$104, respectively, of other income. For the year ended December 31, 2005, termination fees, prior tenant bankruptcy settlements, management fee income, interest income and security deposit forfeitures accounted for approximately \$2,407, \$108, \$936, \$567 and \$455, respectively, of other income. For the year ended December 31, 2004, termination fees, prior tenant bankruptcy settlements and

- 64 -

MISSION WEST PROPERTIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED
(Dollars in thousands, except per share data)

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

management fee income accounted for approximately \$4,250, \$1,199 and \$1,201, respectively, of other income. Management fee is paid by the tenant to the landlord for the administration and supervision of the property.

13. RELATED PARTY TRANSACTIONS

As of December 31, 2006 and 2005, the Berg Group owned 77,392,648 and 77,490,528 O.P. Units, respectively, of the total 85,206,199 and 86,088,095 O.P. Units issued and outstanding, respectively. The Berg Group's interest in the Company represents 74.0% and 74.1% of the Company as of December 31, 2006 and 2005, respectively, assuming conversion of the O.P. Units into common shares of the Company.

The Company periodically acquires un-leased properties, which include land, the building shell and base building improvements, from the Berg Group under the Berg Group Land Holdings Options Agreement. These acquisitions from the Berg Group are made for properties where the Company has previously identified a tenant, and in conjunction with the acquisition, the Company executes a lease agreement with the tenant. In many of the acquisitions from the Berg Group, lease commissions relating to these leasing activities conducted by the Company are paid by the Berg Group and reimbursed by the Company in connection with the acquisition. These lease commissions are recorded separately in "Other assets" on the Company's consolidated balance sheets.

PROPERTY ACQUISITION

In April 2006, the Company acquired a fully leased office/R&D property with approximately 42,100 rentable square feet located at 1875 Charleston Road in Mountain View, California by purchasing Mission West Charleston, LLC, an entity controlled by Carl E. Berg. The total acquisition price for this entity was \$2,615, which is subject to a ground lease with an unrelated party for the underlying property that runs through June 2057. The acquisition was paid in cash. The transaction was approved by the Independent Directors Committee of the Company's Board of Directors.

The Company did not acquire any properties from the Berg Group in 2005.

DEBT WITH THE BERG GROUP

Effective October 31, 2005, the Company and the Berg Group mutually agreed to terminate the \$20 million line of credit with the Berg Group. The Berg Group line of credit was originally scheduled to mature in March 2006. The Company did not incur any fees or charges for terminating the Berg Group line of credit. Additionally, in 2006, 2005 and 2004, the operating partnerships declared distributions of \$0.64, \$0.64 and \$0.88 per O.P. Unit, respectively. Interest expense incurred in connection with the Berg Group line of credit was \$188 and \$266 for the years ended December 31, 2005 and 2004, respectively.

As of December 31, 2006 and 2005, debt in the amount of \$9,654 and \$10,051, respectively, was due the Berg Group under a mortgage note established May 15, 2000 in connection with the acquisition of a 50% interest in Hellyer Avenue Limited Partnership, the obligor under the mortgage note. The mortgage note bears interest at 7.65%, and is due in ten years with principal payments amortized over 20 years. Interest expense incurred in connection with the Berg Group mortgage note was \$755, \$784 and \$811 for the years ended December 31, 2006, 2005 and 2004, respectively.

TRANSFER OF INTEREST TO BERG GROUP IN CONSOLIDATED JOINT VENTURE

In July 2000, the Hellyer Avenue Limited Partnership ("Hellyer LP") was formally organized as a California limited partnership between Mission West Properties, L.P. ("MWP"), of which the Company as the managing general partner, and Republic Properties Corporation ("RPC"), an unaffiliated third party, as general partner and limited partners. MWP was designated as the managing general partner of

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Hellyer LP. For a 50% ownership interest in Hellyer LP, RPC agreed to cause Stellex Microwave Systems, Inc. ("Stellex") to provide a 15-year lease on approximately 160,000 square foot R&D buildings to be constructed by Berg & Berg Enterprises, Inc. ("BBE") on land owned by another Berg Group member.

As part of the transaction, MWP acquired the underlying land pursuant to the Berg Land Holdings Option Agreement for a price of \$5.7 million by issuing 659,223 O.P. Units to the Berg Group entity that owned the property. Further, under the terms of the Hellyer LP partnership agreement MWP then contributed the land to the partnership at an agreed value of \$9.6 million, which amount was to be amortized and paid to MWP in the form of income and cash flow preferences. The transaction was reviewed and approved by the Independent Directors Committee of the Company's Board of Directors.

In connection with the transaction, BBE built and paid for all improvements on the land. The total cost of the R&D buildings, exclusive of specified tenant improvements obligations, was approximately \$11.4 million. Hellyer LP issued a note for the amount of those construction costs to BBE, which note was secured by the buildings.

- 65 -

MISSION WEST PROPERTIES, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED (Dollars in thousands, except per share data)

Because RPC's interest in Hellyer LP was attributable solely to its commitment to obtain Stellex as a tenant for the property, the partnership agreement provided that if a payment default occurred within the first five years of the Stellex lease, RPC would lose 100% of its interest in the partnership, and if a payment default occurred during the second five year period under the lease, RPC would lose 50% of its interest in Hellyer LP.

Pursuant to RPC's commitment to Hellyer LP, Stellex executed a lease agreement obligating Stellex, among other things, to pay monthly rent starting at \$1.60 per square foot on a triple net basis for 15 years and to reimburse BBE for the tenant improvement obligations, which ultimately totaled approximately \$10.5 million.

Under the lease terms, Stellex was obligated to reimburse BBE in full for the tenant improvement costs no later than August 25, 2000. Several days before the due date, representatives of Stellex met with representatives of MWP and informed them that Stellex could not pay the balance due BBE. Stellex requested MWP immediately to draw down the letter of credit as a result of default on the tenant improvement payment required under the lease.

On September 1, 2000, MWP, as the general partner of Hellyer LP, ceased all allocations of income and cash flow to RPC and exercised the right under the partnership agreement to cancel RPC's entire interest in the partnership. Following discussions with and approval by the Independent Directors Committee, the Company authorized the transfer of RPC's interest in Hellyer LP to BBE.

Under the Berg Land Holdings Option Agreement and the Acquisition Agreement dated as of May 14, 1998, the Independent Directors Committee of the Board of Directors had the right, but not the obligation, to reacquire on behalf of the Company the property interest and the related distributions related to the property interest at any time. The transfer was effective as of September 1, 2000.

In January 2002, Stellex was acquired through its bankruptcy proceeding by a division of Tyco Corporation. In connection with the acquisition of Stellex, the

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

purchaser assumed the lease with Hellyer LP, agreed to comply with all terms of lease and reimbursed BBE for the tenant improvements, as required under the lease agreement and the Bankruptcy Court order.

Since the inception of Hellyer LP, the Company has accounted for the properties owned by the partnership on a consolidated basis, with reductions for the minority interest held by the minority partner (first RPC and then BBE). In each period, the Company has accrued amounts payable by Hellyer LP to the minority interest partner, including BBE prior to payment. BBE's share of earnings allocated to its 50% minority interest was \$0.8 million, \$0.7 million and \$0.7 million in 2006, 2005 and 2004, respectively. As of December 31, 2006, accumulated cash flow distributions from Hellyer LP totaling approximately \$3.7 million were accrued and distributed to BBE. If the Company's litigation with RPC (as described under Note 16 below) is ultimately decided in RPC's favor, the Company anticipates that BBE may be required to return RPC's former interest in Hellyer LP and all prior distributions to RPC. As a result of this uncertainty, in October 2003, the Company recorded such distributions as an account receivable from BBE, which is included in "Other assets" on the Company's consolidated balance sheets, with an offsetting account payable to BBE.

If the litigation is ultimately decided in favor of the Company, the Independent Directors Committee of the Board of Directors has the right, but not the obligation, to acquire on behalf of the Company the former RPC interest and related distributions from BBE under the terms of the Berg Land Holdings Option Agreement and the Acquisition Agreement between the Company and the Berg Group.

ACQUISITION OF CARL E. BERG'S INTEREST IN UNCONSOLIDATED JOINT VENTURE

In July 1999, TBI, an unrelated party, advised Carl E. Berg that TBI had an option to purchase approximately 78.89 acres of unimproved land zoned for R&D development in Morgan Hill at \$2.50 per square foot that would expire in approximately six months. TBI offered Mr. Berg a 50% interest in the development of this land if Mr. Berg provided 100% financing for the land at 0% interest for three years. Mr. Berg advised TBI of his obligation to offer all R&D development opportunities on the West Coast to the Company and further advised TBI that the Company's Independent Directors Committee must approve the acquisition of any properties and that the Company's policy was only to acquire properties that are leased pursuant to the Berg Land Holdings Option Agreement. The development joint venture between TBI and the Berg Group proceeded on that basis. Building construction was financed through loans facilitated by the Berg Group. In early 2003, TBI formed TBI-MWP, a new limited partnership, to own all the leased buildings. The Berg Group offered its 50% non-controlling limited partnership interest in TBI-MWP to the Company at cost plus an annual interest rate of 7% on the funds advanced by the Berg Group which amounted to \$1.8 million. The Independent Directors Committee and the Berg Group agreed to use a 7% interest rate instead of the rate and fees specified in the Berg Land Holdings Option Agreement because the transaction differed from the standard build-to-suit development specified under that agreement. TBI-MWP owned four fully leased buildings totaling approximately 593,000 rentable square feet. The buildings were subject to mortgage loans totaling \$53.6 million. The Independent Directors Committee approved the Company's acquisition of the Berg Group's 50% interest in the joint venture effective January 1, 2003. The development joint venture between the Berg Group and TBI retained two vacant shell R&D buildings and five unimproved lots. In April 2003, Comcast, Inc. offered to purchase one of the

- 66 -

MISSION WEST PROPERTIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED
(Dollars in thousands, except per share data)

vacant buildings and two acres of adjoining land from the development joint

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

venture for net proceeds of \$2.8 million, after debt repayment. Prior to sale of the property, TBI-MWP acquired this property at no cost under the terms of the Berg Land Holdings Option Agreement, and the Company received a net distribution of \$1.4 million from the sale. The transaction was approved by the Independent Directors Committee. The Berg Group continues to own a 50% interest in the remaining vacant building and five unimproved lots. In July 2006, TBI-MWP sold one R&D property with approximately 126,400 rentable square feet for approximately \$8,450. The total gain on the sale was approximately \$876 of which \$438 was the Company's share. TBI-MWP currently own three fully leased buildings totaling approximately 466,600 rentable square feet.

BERG CONTROLLED ENTITIES HAVE FINANCIAL INTERESTS IN CERTAIN TENANTS THAT LEASE SPACE FROM THE COMPANY

During the years ended December 31, 2006, 2005 and 2004, Carl E. Berg or entities controlled by Mr. Berg held financial interests in several companies that lease space from the operating partnerships, which include companies where Mr. Berg has a greater than 10% ownership interest. These related tenants contributed \$1,875, \$731 and \$866 in rental revenue in 2006, 2005 and 2004, respectively. Under the Company's Charter, bylaws and agreements with the Berg Group, the individual members of the Berg Group are prohibited from acquiring shares of the Company's common stock if such acquisition would result in their beneficial ownership percentage of the Company's common stock causing the Company to violate any REIT qualification requirement.

BERG GROUP COMMITMENT TO COMPLETE FUTURE IMPROVEMENTS AND BUILDING IN CONNECTION WITH CERTAIN ACQUISITIONS FROM THE BERG GROUP UNDER THE BERG LAND HOLDINGS OPTION AGREEMENT

The Berg Group has an approximately \$2,529 commitment to complete certain tenant improvements in connection with the Company's 2002 acquisition of 5345 Hellyer Avenue in San Jose, California. The Company recorded this portion of its purchase consideration paid to the Berg Group as an "Other assets" on its consolidated balance sheets. The Berg Group plans to satisfy this commitment to complete certain tenant improvements when requested by the Company following the approval of the Independent Directors Committee.

The Berg Group has an approximately \$7,494 commitment to complete an approximately 75,000 to 90,000 square foot building in connection with the Company's 2001 acquisition of 245 Caspian Drive in Sunnyvale, California which is comprised of approximately three acres of unimproved land. The Company recorded this portion of its purchase consideration paid to the Berg Group as an "Other assets" on its consolidated balance sheets. The Berg Group plans to satisfy this commitment to construct a building when requested by the Company following the approval of the Independent Directors Committee.

LAND LEASE RENT REIMBURSEMENT TO CARL E. BERG

One tenant is currently leasing four R&D buildings from the Company and is also leasing raw land from Carl E. Berg. Total rent from the tenant is paid directly to the Company, which includes the land rent. The Company reimburses Carl E. Berg \$85 per month for the land rent portion.

BERG GROUP HIRED TO PERFORM RESTORATIONS

In March 2006, the Company and Fujitsu Limited, or Fujitsu, agreed to the termination of a lease for one building consisting of approximately 125,000 rentable square feet. Fujitsu is responsible for repairing damages to the building and with the Company's Independent Directors Committee approval has hired Berg & Berg Enterprises, LLC to perform the restoration work for a total of approximately \$4,500.

LEASING AND OVERHEAD REIMBURSEMENTS PROVIDED BY BERG CONTROLLED ENTITY

The Company currently leases office space owned by Berg & Berg Enterprises, Inc., an affiliate of Carl E. Berg and Clyde J. Berg. Rental amount and overhead reimbursements paid to Berg & Berg Enterprises, Inc. were \$90 for each year

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

ended December 31, 2006, 2005 and 2004.

14. FUTURE MINIMUM RENTS

The Company, through the operating partnerships, owns interests in 107 R&D properties that are leased to tenants under net operating leases with initial terms extending to the year 2020, and are typically subject to fixed increases. Generally, the leases grant tenants renewal options. Future minimum rentals under non-cancelable operating leases as of December 31, 2006, excluding tenant reimbursements of expenses are as follows:

- 67 -

Total	\$473,704
=====	

15. SUPPLEMENTAL CASH FLOW INFORMATION

Cash paid for interest was approximately \$20,137, \$21,842 and \$18,363 for the years ended December 31, 2006, 2005 and 2004, respectively.

Amounts of approximately \$50,166, \$50,223 and \$75,326 were paid to the Berg Group for distributions declared to O.P. Unit holders during the years ended December 31, 2006, 2005 and 2004, respectively. The amounts paid in 2005 and 2004 were treated as draws under the Berg Group line of credit.

For the years ended December 31, 2006, 2005 and 2004, 881,896, 296,600 and 182,500 O.P. Units were exchanged for 881,896, 296,600 and 182,500 shares of the Company's common stock, respectively, under the terms of the Exchange Rights Agreement among the Company and all limited partners of the operating partnerships. These non-cash transactions were valued at approximately

\$10,279, \$3,019 and \$2,238 for the years ended December 31, 2006, 2005 and 2004, respectively, based on the market closing price on the day of the transactions.

16. COMMITMENTS AND CONTINGENCIES

The Company and the operating partnerships, from time to time, are parties to litigation arising out of the normal course of business. Management is not aware of any litigation against the Company and believes the ultimate outcome would not have a material adverse effect on the consolidated cash flows, financial position or results of operations of the Company. The Company is currently

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

involved in the following legal proceedings, and does not believe the ultimate outcome of any of these proceedings will have a material adverse effect on its financial condition or operating results.

REPUBLIC PROPERTIES CORPORATION ("RPC") V. MISSION WEST PROPERTIES, L.P., IN THE CIRCUIT COURT OF MARYLAND FOR BALTIMORE CITY CASE NO. 24-C-00-005675. On November 20, 2000, RPC commenced a lawsuit against the Company in the Circuit Court of Maryland for Baltimore City. After lengthy litigation, which included a trial on the merits and subsequent appeals, in April 2006 Maryland's highest Court upheld an earlier Maryland Appeals Court ruling in favor of the Company, finding that the Circuit Court of Maryland could not assert personal jurisdiction over the Company in the RPC suit. The Court vacated the judgment and decision in the trial court and dismissed the entire Maryland suit (see Note 13 above under, "Transfer of Interest to Berg Group in Consolidated Joint Venture" for information about the Hellyer Avenue Limited Partnership and the historical transactions underlying this litigation).

MISSION WEST PROPERTIES, L.P. V. REPUBLIC PROPERTIES CORPORATION, ET AL. SANTA CLARA COUNTY SUPERIOR COURT, CASE NO. CV 796249. In February 2001, while the Maryland case was pending, the Company filed a suit against RPC in the Superior Court of the State of California for the County of Santa Clara, Case No. CV 796249. The case was stayed pending resolution of the Maryland case, and the Company dismissed its suit on March 4, 2005. In April 2005, RPC submitted a motion asking the Superior Court to reinstate the case, which the Court granted on May 25, 2005. On July 5, 2006, RPC filed a cross-complaint in the case seeking partnership distributions to which the Company demurred. The Court sustained the Company's demurrer with leave to amend. Subsequently, RPC filed an amended complaint and the Company submitted another demurrer seeking dismissal of the claims on statute of limitations grounds. On February 20, 2007, the Court overruled the Company's demurrer. The Company is in the process of seeking a writ from the California State Court of Appeal for the Sixth District directing the Superior Court to sustain the demurrer.

In January 2004, the GLOBAL CROSSING ESTATE REPRESENTATIVE, FOR ITSELF AND THE LIQUIDATING TRUSTEE OF THE GLOBAL CROSSING LIQUIDATING TRUST V. MISSION WEST PROPERTIES L.P. filed an action in United States Bankruptcy Court Southern District of New York Case No. 02-40188 (REG) asserting that payments of \$815 made in the ordinary course of business within 90 days of the Global Crossing bankruptcy filing were avoidable preference payments. During the course of settlement discussions with Global Crossing's representative, we learned that we would receive only 2-3% of our unsecured claim of \$16,711 for unpaid rent from the final distribution of the assets and proceeds of bankruptcy estate. On February 21, 2007, we and the Liquidating Trustee entered into a

- 68 -

MISSION WEST PROPERTIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED
(Dollars in thousands, except per share data)

settlement agreement under which the \$815 claim against us was dismissed and we agreed to accept a payment of approximately \$150 as a final settlement of our claim for unpaid rent.

GUARANTEES

Under its articles of incorporation and bylaws, the Company has agreed to indemnify its officers and directors for certain events or occurrences arising as a result of the officer or director's serving in such capacity. The maximum potential amount of future payments the Company could be required to make under these indemnification agreements is unlimited. The Company believes the estimated fair value of these indemnification agreements is minimal and has

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

recorded no liabilities for these agreements as of December 31, 2006.

The Company also enters into indemnification provisions under its agreements with other companies in its ordinary course of business, typically with lenders, joint venture partners, contractors, and tenants. Under these provisions the Company typically agrees to indemnify and hold harmless the indemnified party for losses suffered or incurred by the indemnified party as a result of certain kinds of activities or inactions of the Company. These indemnification provisions generally survive termination of the underlying agreement. The maximum potential amount of future payments the Company could be required to make under these indemnification provisions is unlimited. The Company has not incurred material costs to defend lawsuits or settle claims related to these indemnification agreements. As a result, the Company believes the estimated fair value of these agreements is minimal. Accordingly, the Company has recorded no liabilities for these agreements as of December 31, 2006.

SEISMIC ACTIVITY

The Company's properties are located in an active seismic area of Silicon Valley. Insurance policies currently maintained by the Company do not cover seismic activity, although they do cover losses from fires after an earthquake.

ENVIRONMENTAL ISSUES

The environmental investigations that have been conducted on the Company's properties have not revealed any environmental liability that it believes would have a material adverse effect on its financial condition, results of operations and assets, and the Company is not aware of any such liability. Nonetheless, it is possible that there are material environmental liabilities of which the Company is unaware. The Company cannot assure you that future laws, ordinances, or regulations will not impose any material environmental liability, or that the current environmental condition of the properties has not been, or will not be, affected by tenants and occupants of the properties, by the condition of properties in the vicinity of the properties, or by third parties unrelated to the Company.

BERG LAND HOLDINGS OPTION AGREEMENT

In April 2005, the Berg Group disclosed the receipt of an offer from an unrelated party to purchase a portion of the Piercy & Hellyer land comprised of approximately 10 acres in San Jose, California that is subject to the Berg Land Holdings Option Agreement with the Company. The prospective purchaser disclosed its intention to develop "for sale" industrial type buildings and the Independent Directors Committee, which is responsible for reviewing, evaluating and authorizing action with respect to any transaction between the Company and any member of the Berg Group, authorized removal of this approximately 10-acre parcel of land from the scope of the Berg Land Holdings Option Agreement, subject to the completion of the sale to the unrelated party. The Independent Directors Committee's approval also included a requirement that in the event this parcel of land is not sold to this prospective purchaser, the parcel would not be deemed to be removed from the scope of the agreement and would remain eligible for potential future acquisition by the Company under the Berg Land Holdings Option Agreement. In the third quarter of 2006, the Berg Group informed the Company that the prospective purchaser withdrew its offer.

In light of the overcapacity in the Silicon Valley R&D properties market, the Berg Group currently is seeking local government approval of a proposed rezoning of the 160-acre Evergreen site to permit residential development on a substantial portion of the site. The Independent Directors Committee, which is responsible for reviewing, evaluating and authorizing action with respect to any transaction between the Company and any member of the Berg Group, authorized removal of the Evergreen site from the scope of the Berg Land Holdings Option Agreement, subject to the completion of the rezoning of the 160-acre Evergreen site, or portion thereof, for residential development. In making this determination, the Independent Directors Committee considered a number of

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

factors, including risks and other potentially adverse consequences that could be associated with large scale residential development activities. Any portion of the Evergreen site that is not rezoned as residential property is not deemed to be removed from the scope of the Berg Land Holdings Option Agreement and would remain eligible for potential future acquisition by the Company under the Berg Land Holdings Option Agreement.

 (Dollars in thousands, except per share data)

ASSET DISPOSITION SUBJECT TO CERTAIN CONDITIONS

The Company had entered into sales agreements with unrelated parties to sell Morse Avenue and McCandless Drive subject to numerous material conditions, including but not limited to re-zoning of the property and negotiating certain agreements with the local municipality acceptable to buyer. As of December 31, 2006 the contract to sell a portion of the McCandless Drive project expired; however, the Company is in active discussions with other unrelated prospective buyers for various portions of the project. As a result of the conditions agreed to by the Company with the buyers of Morse Avenue and the status of discussions to sell McCandless Drive, these assets do not meet the criteria set forth in SFAS 144 to be classified as assets held for sale. The following summarizes the properties described above:

Property -----	Number of Buildings -----	Rentable Square Feet -----	Acre -----
McCandless Drive Milpitas, California	14	706,000	46.3
Morse Avenue Sunnyvale, California	1	39,200	2.25

17. REAL ESTATE ASSET HELD FOR SALE AND DISCONTINUED OPERATIONS

Effective January 1, 2002, the Company adopted SFAS 144, which addresses financial accounting and reporting for the impairment and disposal of long lived assets. In general, income or loss attributable to the operations and sale of property and the operations related to property held for sale are classified as discontinued operations in the consolidated statements of operations. Prior period consolidated statements of operations presented in this report have been reclassified to reflect the income or loss related to properties that were held for sale or sold and presented as discontinued operations for the years ended December 31, 2006, 2005 and 2004. Additionally, all periods presented in this report will likely require further reclassification in future periods if additional properties are held for sale or property sales occur.

As of December 31, 2006, there were no properties under contract to be sold or otherwise disposed of which would qualify as assets held for sale.

There was one R&D property under contract to be sold or otherwise disposed of which did qualify as an asset held for sale as of December 31, 2004. Based on the expected net proceeds of the sale of that property, the Company recorded an asset impairment charge of (\$2,193) in 2004. The property was sold for \$8,500 in January 2005. The Company decided to sell the property after an unsolicited offer was made from an unrelated third party.

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

In 2005, the Company sold three R&D properties for a total sales price of \$27,855 (including the one sold in January 2005) resulting in a net gain of \$2,206. In 2006, the Company sold three R&D properties for a total sales price of \$43,271 resulting in a net gain of \$18,102. Results of operations for these properties for the years ended December 31, 2006, 2005 and 2004 are as follows:

	Year Ended Dec	
	2006	2005
Revenues:		(dollars in tho
Rental revenue from real estate	\$1,730	\$3,044
Tenant reimbursements	262	647
Other income	255	16
	2,247	3,707
Expenses:		
Property operating, maintenance and real estate taxes	534	993
Depreciation of real estate	471	1,045
Asset impairment charge	-	-
	1,005	2,038
Income from discontinued operations	1,242	1,669
Gain from disposal of discontinued operations	18,102	2,206
Minority interests in earnings from discontinued operations	(16,208)	(3,171)
	\$3,136	\$704

For the years ended December 31, 2006, 2005 and 2004, income from discontinued operations included results of operations from three R&D properties sold in 2006 and three R&D properties sold in 2005.

MISSION WEST PROPERTIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED
(Dollars in thousands, except per share data)

18. PROPERTY ACQUISITIONS

For real estate acquired subsequent to June 30, 2001, the effective date of SFAS 141, "Business Combinations," the fair value of the real estate acquired is allocated to the acquired tangible assets, consisting of land, building and building/tenant improvements, and identified intangible assets and liabilities, including the value of the above or below market leases and in-place leases.

In March 2006, the Company acquired two R&D properties at 233 South Hillview Drive in Milpitas, California for \$13,411 from an unrelated party in a tax-deferred exchange transaction. The purchase price was allocated to long-lived assets and the value of an in-place lease as follows:

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Land	\$ 3,335
Buildings and improvements	8,702
In-place lease	1,374

Total cash purchase price	\$13,411
	=====

In April 2006, the Company acquired one R&D property at 1875 Charleston Road in Mountain View, California for \$2,615 by purchasing Mission West Charleston, LLC, an entity controlled by Carl E. Berg. The acquisition is subject to a ground lease with an unrelated party for the underlying property that runs through June 2057. The purchase price was allocated to long-lived assets and the value of an in-place lease as follows:

Buildings and improvements	\$1,870
In-place lease	745

Total cash purchase price	\$2,615
	=====

In 2005, the Company acquired a 203,800 rentable square foot vacant R&D property located at 5521 Hellyer Avenue in San Jose, California. The purchase price for the property was approximately \$14,026. The Company allocated the purchase price to land, building, and building improvements based upon the estimated relative fair values of such assets. Since the property was acquired vacant, there was no purchase price allocation to lease intangible assets.

The results of operations for the three R&D property acquisitions have been included in the Company's consolidated statements of operations since the date of acquisition. The intangible assets are being amortized over the applicable remaining lease terms. Amortization expense related to in-place leases of \$1,613, \$1,444 and \$1,762 was recorded for the years ended December 31, 2006, 2005 and 2004, respectively.

Details of real estate related intangible assets at December 31, 2006 and 2005 are as follows:

	December 31,	
	2006	2005
	(dollars in thousands)	
Amortizable intangible assets:		
Above-market lease	\$11,172	\$11,172
In-place leases	8,357	6,238
	-----	-----
Gross real estate related intangible assets	19,529	17,410
Less accumulated amortization	(11,907)	(8,405)
	-----	-----
Net real estate related intangible assets	\$7,622	\$9,005
	=====	=====

The estimated aggregate amortization expense for the real estate related intangible assets for each of the five succeeding fiscal years is as follows:

Estimated Above Market

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

Year	Estimated In-placen Lease Amortization (expense)	Lease Amortization (revenue off-set)	Estimated Total Amortization
(dollars in thousands)			
2007	\$1,618	\$1,888	\$3,506
2008	724	1,888	2,612
2009	608	315	923
2010	442	-	442
2011	139	-	139
Total	\$3,531	\$4,091	\$7,622

- (1) The summation of the quarterly financial data may not equal the annual number reported on the consolidated statements of operations due to rounding differences.
- (2) Amounts may not equal previously reported results due to reclassification between income from continuing operations and income from discontinued operations.

20. SUBSEQUENT EVENTS

On January 4, 2007, the Company paid dividends of \$0.16 per share of common stock to all common stockholders of record as of December 29, 2006. On the same date, the operating partnerships paid a distribution of \$0.16 per O.P. Unit to all holders of O.P. Units. Aggregate dividends and distributions amounted to approximately \$16,745.

On March 8, 2007, the Company acquired 50 acres of vacant land in Morgan Hill, California, which could support approximately 725,000 rentable square feet of space. The land is currently zoned for industrial use and a portion has the potential to be rezoned for residential use. The acquisition price for this property was approximately \$25,638 and was funded from a portion of the proceeds received from the Samaritan property sale, which was classified as restricted cash as of December 31, 2006.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

The Company previously disclosed the change in its independent registered public accountants on Form 8-K, filed April 10, 2006.

ITEM 9A. CONTROLS AND PROCEDURES

- (a) Evaluation of Disclosure Controls and Procedures

As required by SEC Rule 13a-15(b) we conducted an evaluation, under the

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-K

supervision and with the participation of our management, including our Chief Executive Officer, President and Vice President of Finance, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(f) or Rule 15d-15(f) of the Securities Exchange Act of 1934). Based upon that evaluation, the Chief Executive Officer, President and Vice President of Finance concluded that as of December 31, 2006 our disclosure controls and procedures were effective such that the information required to be disclosed in our reports filed with the Securities and Exchange Commission is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms such information is accumulated and communicated to our management, including our Chief Executive Officer, President and Vice President of Finance, as appropriate, to allow for timely decisions regarding required disclosure.

(b) Management's Report on Internal Control over Financial Reporting

Management of Mission West Properties, Inc. is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934. Management assessed the effectiveness of Mission West Properties, Inc.'s internal control over financial reporting as of December 31, 2006. Management based this assessment on the criteria for effective internal control over financial reporting established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Management's assessment included an evaluation of the design of Mission West Properties, Inc.'s internal control over financial reporting and testing of the operational effectiveness of its internal control over financial reporting. Management reviewed the results of its assessment with the Audit Committee of the Board of Directors. Based on this assessment, management determined that Mission West Properties, Inc. maintained effective internal control over financial reporting as of December 31, 2006.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect the possibility of human error, misstatements and the circumvention or overriding of controls. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management's assessment of the effectiveness of Mission West Properties, Inc.'s internal control over financial reporting as of December 31, 2006 has been audited by Burr, Pilger & Mayer, LLP, an independent registered public accounting firm, as stated in their report which is included in this Annual Report on Form 10-K.

(c) Changes in Internal Control over Financial Reporting

There was no change in our internal control over financial reporting during the fourth fiscal quarter of 2006 that has materially affected, or is reasonably likely to material affect, our internal control over financial reporting.

ITEM 9B. OTHER INFORMATION

None.
