This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for old notes where such old notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. We have agreed to make this prospectus available for a period of 180 days from the effective date of the registration statement for the exchange offer (or such shorter period during which broker-dealers are required by law to deliver this prospectus) to any broker-dealer for use in connection with any such resale. RECENT DEVELOPMENT

On November 18, 2011, a derivative and class action lawsuit was filed against each of the current members of the board of directors of Nabors, as well as against Martin J. Whitman, a former board member, alleging breach of fiduciary duty, waste of corporate assets, unjust enrichment and oppressive conduct in connection with the compensation of Nabors' senior executives. The case, *Erie County Employees Retirement System, et al. v. Eugene M. Isenberg, et al.*, Case No. 4:11-cv-04052, is pending in the United States District Court for the Southern District of Texas. Nabors has indemnification agreements with each of the defendants and will be submitting a claim under its directors and officers liability policies on its and their behalf. We believe our disclosures have been transparent and that our directors have fulfilled their fiduciary obligations. It is not possible at this early stage of the proceedings to determine the probability, amount or potential range of any loss.

The Exchange Offer

Notes Offered for Exchange

Nabors Delaware is offering up to \$700,000,000 in aggregate principal amount of its new 4.625% Senior Notes due 2021 in exchange for an equal aggregate principal amount of its old 4.625% Senior Notes due 2021 on a one-for-one basis and in satisfaction of Nabors Delaware's obligations under the registration rights agreement.

The new notes have substantially the same terms as the old notes you hold, except that the new notes have been registered under the Securities Act of 1933, as amended, referred to as the Securities Act, and therefore will be freely tradeable and will not benefit from the registration and related rights pursuant to which Nabors Delaware is conducting this exchange offer, including an increase in the interest rate related to defaults in our agreement to carry out this exchange offer.

The Exchange Offer

Nabors Delaware is offering to exchange \$1,000 principal amount at maturity of new notes for each \$1,000 principal amount at maturity of your old notes. In order to be exchanged, your old notes must be properly tendered and accepted. All old notes that are validly tendered and not withdrawn will be exchanged.

Required Representations

By tendering your old notes to Nabors Delaware, you represent that:

(i) any new notes received by you will be acquired in the ordinary course of your business;

(ii) you have no arrangement or understanding with anyone to participate in the distribution of the old notes or the new notes within the meaning of the Securities Act;

(iii) you are not an affiliate, within the meaning of Rule 501(b) of Regulation D of the Securities Act, of Nabors Delaware or Nabors;

(iv) you are not engaged in, and do not intend to engage in, the distribution of the new notes; and

(v) if you are a broker-dealer, you will receive new notes for your own account in exchange for old notes that were acquired as a result of market-making activities or other trading activities and that you will deliver a prospectus in connection with any resale of such new notes.

See The Exchange Offer Representations Nabors Delaware Needs From You Before You May Participate in the Exchange Offer and Plan of Distribution.

Those Excluded from the Exchange Offer You may not participate in the exchange offer if you are:

a holder of old notes in any jurisdiction in which the exchange offer is not, or your acceptance will not be, legal under the applicable securities or blue sky laws of that jurisdiction; or

a holder of old notes who is an affiliate, within the meaning of Rule 501(b) of Regulation D of the Securities Act, of Nabors Delaware or Nabors.

Consequences of Failure to Exchange
Your Old Notes

After the exchange offer is complete, you will no longer be entitled to exchange your old notes for registered notes. If you do not exchange

Table of Contents

your old notes for new notes in the exchange offer, your old notes will continue to have the restrictions on transfer contained in the old notes and in the Indenture dated as of August 23, 2011 among Nabors Delaware, Nabors, Wilmington Trust, National Association, as trustee, and Citibank, N.A., as securities administrator, referred to as the Indenture. In general, your old notes may not be offered or sold unless registered under the Securities Act, unless there is an exemption from, or unless the transaction is not governed by, the Securities Act and applicable state securities laws. Nabors Delaware has no current plans to register your old notes under the Securities Act. Under some circumstances, however, holders of the old notes, including holders who are not permitted to participate in the exchange offer or who may not freely sell new notes received in the exchange offer, may require Nabors Delaware to file, and to cause to become effective, a shelf registration statement covering resales of the old notes by these holders.

Expiration Date

The exchange offer expires at 5:00 p.m., New York City time, on February 13, 2012, the expiration date, unless Nabors Delaware extends the offer (the Expiration Date). Nabors Delaware does not currently intend to extend the expiration date.

Conditions to the Exchange Offer

The exchange offer has customary conditions that may be waived by Nabors Delaware. There is no minimum amount of old notes that must be tendered to complete the exchange offer.

Procedures for Tendering Your Old Notes

If you wish to tender your old notes for exchange in the exchange offer, you or the custodial entity through which you hold your notes must send to Citibank, N.A., referred to as Citibank, the exchange agent, on or before the Expiration Date of the exchange offer:

a properly completed and executed letter of transmittal, which has been provided to you with this prospectus, together with your old notes and any other documentation requested by the letter of transmittal; and

for holders who hold their positions through The Depository Trust Company, referred to as DTC;

an Agent's Message (as defined in this prospectus) from DTC stating that the tendering participant agrees to be bound by the letter of transmittal and the terms of the exchange offer;

your old notes by timely confirmation of book-entry transfer through DTC; and

all other documents required by the letter of transmittal.

Holders who hold their positions through Euroclear or Clearstream, Luxembourg must adhere to the procedures described in The Exchange Offer Procedures for Tendering Your Old Notes.

Special Procedures for Beneficial Owners If you beneficially own old notes registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your old notes in the exchange offer, you should contact the registered holder promptly and instruct it to tender on your behalf.

Table of Contents

Guaranteed Delivery Procedures for Tendering Old Notes	If you wish to tender your old notes and the old notes are not immediately available, or time will not permit your old notes or other required documents to reach Citibank before the Expiration Date, or the procedure for book-entry transfer cannot be completed on a timely basis, you may tender your old notes according to the guaranteed delivery procedures set forth under The Exchange Offer Guaranteed Delivery Procedures.
Withdrawal Rights	You may withdraw the tender of your old notes at any time prior to 5:00 p.m., New York City time, on the Expiration Date.
U.S. Tax Considerations	The exchange of old notes for new notes will not constitute a taxable event for U.S. federal income tax purposes. Rather, the new notes you receive in the exchange offer will be treated as a continuation of your investment in the old notes. For additional information regarding U.S. federal income tax considerations, you should read the discussion under Taxation.
Use of Proceeds	Nabors Delaware will not receive any proceeds from the issuance of the new notes in the exchange offer. Nabors Delaware will pay all expenses incidental to the exchange offer.
Registration Rights Agreement	<p>When Nabors Delaware issued the old notes on August 23, 2011, it entered into a registration rights agreement with the initial purchasers of the old notes. Under the terms of the registration rights agreement, Nabors Delaware agreed to file with the Securities and Exchange Commission, referred to as the SEC, and use its reasonable best efforts to cause to become effective by February 20, 2012, a registration statement relating to an offer to exchange the old notes for the new notes.</p> <p>If Nabors Delaware does not complete the exchange offer by April 19, 2012, the interest rate borne by the old notes will be increased 0.25% per annum until the exchange offer is completed or until the old notes are freely transferable under Rule 144 of the Securities Act. In addition, if the exchange offer registration statement ceases to be effective or usable in connection with resales of the new notes during periods specified in the registration rights agreement, the interest rate borne by the old notes and the new notes will be increased 0.25% per annum until the registration defects are cured.</p>
Resales	<p>Based on interpretations by the staff of the SEC, as set forth in no-action letters issued to third parties, Nabors Delaware believes that the new notes issued in the exchange offer may be offered for resale, resold or otherwise transferred by you without compliance with the registration and prospectus delivery requirements of the Securities Act as long as:</p> <p>any new notes you receive in the exchange offer will be acquired by you in the ordinary course of your business;</p>

you have no arrangement or understanding with any person to participate in the distribution, as defined in the Securities Act, of the old notes or the new notes; and

you are not our affiliate, as defined in Rule 501(b) of Regulation D of the Securities Act.

Table of Contents

If you are an affiliate of Nabors Delaware or Nabors, are engaged in or intend to engage in or have any arrangement or understanding with any person to participate in the distribution of the new notes:

you cannot rely on the applicable interpretations of the staff of the SEC; and

you must comply with the registration requirements of the Securities Act in connection with any resale transaction.

Each broker or dealer that receives new notes for its own account in exchange for old notes that were acquired as a result of market-making or other trading activities may be a statutory underwriter and must acknowledge that it will comply with the registration and prospectus delivery requirements of the Securities Act in connection with any offer, resale, or other transfer of the new notes issued in the exchange offer, including information with respect to any selling holder required by the Securities Act in connection with any resale of the new notes and must confirm that it has not entered into any arrangement or understanding with Nabors Delaware, Nabors or any of their affiliates to distribute the new notes.

Furthermore, any broker-dealer that acquired any of its old notes directly from Nabors Delaware:

may not rely on the applicable interpretation of the position of the staff of the SEC set forth in the Shearman & Sterling (available July 2, 1993), Morgan Stanley & Co. Incorporated (available June 5, 1991) and Exxon Capital Holdings Corporation (available May 13, 1988) no-action letters and similar no-action letters (collectively, the Exxon Capital Letters); and

must also be named as a selling noteholder in connection with the registration and prospectus delivery requirements of the Securities Act relating to any resale transaction.

See Plan of Distribution and The Exchange Offer Purpose and Effect of Exchange Offer Registration Rights.

Broker-Dealers

Each broker-dealer that receives new notes for its own account in exchange for old notes, where such old notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will comply with the registration and prospectus delivery requirements of the Securities Act in connection with any offer, resale or other transfer of such new notes, including information with respect to any selling holder required by the Securities Act in connection with the resale of the new notes and must confirm that it has not entered into any arrangement or understanding with Nabors Delaware or Nabors or any of their affiliates to distribute the new notes. Nabors

Delaware has agreed that for a period of 180 days after the effective date of the registration statement for the exchange offer (or such shorter period during which broker-dealers are required by law to deliver this prospectus), it will make this prospectus

	The terms of the new notes will be identical in all material respects to the terms of the old notes, except that the new notes have been registered and therefore will not contain transfer restrictions and will not contain the provisions for an increase in the interest rate related to defaults in the agreement to carry out this exchange offer.

The guarantee provides that, in the event of a default on the new notes, the holders of the new notes may institute legal proceedings directly against Nabors to enforce the guarantee without first proceeding against Nabors Delaware. See Description of the New Notes Guarantee.

See Description of the Notes Change of Control Offer.
Use of Proceeds	Nabors Delaware will not receive any cash proceeds from the exchange offer. See Use of Proceeds.
Covenants	Nabors Delaware will issue the new notes under the Indenture. The Indenture limits the ability of Nabors and its subsidiaries to incur liens and to enter into sale and lease-back transactions. In addition, the Indenture limits both Nabors Delaware's and Nabors' ability to enter into mergers, consolidations, amalgamations or transfers of substantially all of our or its assets as an entirety unless the successor company assumes Nabors Delaware's or Nabors' obligations under the Indenture. These covenants are subject to a number of important qualifications and limitations. See Description of the Notes Covenants.
No Prior Market	There is currently no established trading market for the new notes. The new notes generally will be freely transferable but will also be new securities for which there will not initially be a market. Citigroup Global Markets Inc., Mizuho Securities USA Inc., UBS Securities LLC, Morgan Stanley & Co. LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, HSBC Securities (USA) Inc. and PNC Capital Markets LLC, the initial purchasers of the old notes, have advised us that they currently intend to make a market in the new notes. Nabors Delaware does not intend to apply for a listing of the new notes on any securities exchange or an automated dealer quotation system.

FORWARD-LOOKING STATEMENTS

We often discuss expectations regarding our future markets, demand for our products and services, and our performance in our offering memoranda, registration statements, prospectuses, annual and quarterly reports, press releases, and other written and oral statements. Statements relating to matters that are not historical facts are forward-looking statements within the meaning of the safe harbor provisions of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended, referred to as the Exchange Act. These forward-looking statements are based on an analysis of currently available competitive, financial and economic data and our operating plans. They are inherently uncertain and investors should recognize that events and actual results could turn out to be significantly different from our expectations. By way of illustration, when used in this document, words such as anticipate, believe, expect, plan, intend, estimate, project, will, should, could, may expressions are intended to identify forward-looking statements.

You should consider the following key factors when evaluating these forward-looking statements:

- fluctuations in worldwide prices of and demand for natural gas and oil;
- fluctuations in levels of natural gas and oil exploration and development activities;
- fluctuations in the demand for our services;
- the existence of competitors, technological changes and developments in the oilfield services industry;
- the existence of operating risks inherent in the oilfield services industry;
- the possibility of changes in tax laws and other laws and regulations;
- the possibility of political instability, war or acts of terrorism in any of the countries where we operate; and
- general economic conditions, including the capital and credit markets.

Our businesses depend, to a large degree, on the level of spending by oil and gas companies for exploration, development and production activities. Therefore, a sustained increase or decrease in the price of natural gas or oil that has a material impact on exploration, development or production activities could also materially affect our financial position, results of operations and cash flows.

The above description of risks and uncertainties is by no means all-inclusive, but is designed to highlight what we believe are important factors to consider. For a more detailed description of risk factors, please see the section entitled Risk Factors below, Nabors Annual Report on Form 10-K for the year ended December 31, 2010 filed with the SEC on March 1, 2011 and Nabors Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2011 filed with the SEC on November 9, 2011.

All forward-looking statements in this prospectus are based on information available to us on the date of this prospectus. We do not intend to update or revise any forward-looking statements that we may make in this prospectus or other documents, reports, filings or press releases, whether as a result of new information, future events or otherwise.

Table of Contents

RISK FACTORS

You should carefully consider the risks described below, as well as other information contained in or incorporated by reference into this prospectus, including the risks described under Item 1A Risk Factors in Nabors Annual Report on Form 10-K for year ended December 31, 2010 filed with the SEC on March 1, 2011, and in Nabors Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2011 filed with the SEC on November 9, 2011, before tendering your old notes in the exchange offer. The risks described below and incorporated by reference are not the only ones facing us. Additional risks not presently known to us or that we currently deem immaterial may also impair our business operations.

Risks Related to the Offering

Nabors' significant level of consolidated debt could adversely affect its consolidated financial condition and prevent it and Nabors Delaware from fulfilling their respective obligations under the Indenture.

As of September 30, 2011, Nabors' outstanding consolidated total indebtedness was \$4.4 billion, resulting in a gross funded debt to capital ratio of 0.41:1 and a net funded debt to capital ratio of 0.38:1. The gross funded debt to capital ratio is calculated by dividing (x) funded debt by (y) funded debt *plus* deferred tax liabilities (net of deferred tax assets) *plus* capital. Funded debt is defined as the sum of (1) short-term borrowings, (2) current portion of long-term debt and (3) long-term debt. Capital is defined as shareholders' equity. The net funded debt to capital ratio is calculated by dividing (x) net funded debt by (y) net funded debt *plus* deferred tax liabilities (net of deferred tax assets) *plus* capital. Net funded debt is funded debt *minus* the sum of cash and cash equivalents, short-term and long-term investments, and other receivables. Both of these ratios are used to calculate a company's leverage in relation to its capital. Neither ratio measures operating performance or liquidity as defined by GAAP and, therefore, may not be comparable to similarly titled measures presented by other companies. Nabors' level of consolidated indebtedness could adversely affect its consolidated financial condition and prevent us from fulfilling our respective obligations under the Indenture.

Nabors and its subsidiaries may still be able to incur substantially more debt. The terms of the Indenture governing the new notes and the agreements governing Nabors' other indebtedness permit additional borrowings and any such borrowings may be effectively senior in right of payment to the new notes and the related guarantee. Nabors' incurrence of additional debt could further exacerbate the risks described in this prospectus.

If you do not elect to exchange your old notes for new notes, you will hold securities that are not registered and that contain restrictions on transfer.

The old notes that are not tendered and exchanged will remain restricted securities. If the exchange offer is completed, Nabors Delaware will not be required to register any remaining old notes, except in the very limited circumstances described in the registration rights agreement for the old notes. That means that if you wish to offer, sell, pledge or otherwise transfer your old notes at some future time, they may be offered, sold, pledged or transferred only if an exemption from registration under the Securities Act is available or, outside of the United States, to non-U.S. persons in accordance with the requirements of Regulation S under the Securities Act. Any remaining old notes will continue to bear a legend restricting transfer in the absence of registration or an exemption from registration.

To the extent that old notes are tendered and accepted in connection with the exchange offer, any trading market for remaining old notes could be adversely affected.

You must comply with the exchange offer procedures in order to receive freely tradeable, new notes.

Delivery of new notes in exchange for old notes tendered and accepted for exchange pursuant to the exchange offer will be made only after timely receipt by the exchange agent of the following:

certificates for old notes or a book-entry confirmation of a book-entry transfer of old notes into the exchange agent's account at DTC, New York, New York as a depository, including an Agent's Message if the tendering holder does not deliver a letter of transmittal;

Table of Contents

a completed and signed letter of transmittal (or facsimile thereof), with any required signature guarantees, or, in the case of a book-entry transfer, an Agent's Message in lieu of the letter of transmittal; and

any other documents required by the letter of transmittal.

Therefore, holders of old notes who would like to tender old notes in exchange for new notes should be sure to allow enough time for the old notes to be delivered on time. Nabors Delaware is not required to notify you of defects or irregularities in tenders of old notes for exchange. Old notes that are not tendered or that are tendered but that Nabors Delaware does not accept for exchange will, following consummation of the exchange offer, continue to be subject to the existing transfer restrictions under the Securities Act and, upon consummation of the exchange offer, certain registration and other rights under the registration rights agreement will terminate. See *The Exchange Offer Procedures for Tendering Old Notes* and *The Exchange Offer Consequences of Exchanging or Failing to Exchange Old Notes*.

Some holders who exchange their old notes may be deemed to be underwriters and these holders will be required to comply with the registration and prospectus delivery requirements in connection with any resale transaction.

If you exchange your old notes in the exchange offer for the purpose of participating in a distribution of the new notes, you may be deemed to have received restricted securities and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

Although the new notes are designated as Senior, your right to receive payment on the new notes and the guarantee is unsecured and will be effectively subordinated to any existing and future secured debt of Nabors Delaware, in the case of the new notes, and Nabors, in the case of the guarantee, to the extent of the value of the collateral therefor, and the new notes and the guarantee will be effectively subordinated to future indebtedness and other liabilities of Nabors Delaware and Nabors subsidiaries, respectively.

The new notes are general senior unsecured obligations and therefore will be effectively subordinated in right of payment to Nabors Delaware's future secured indebtedness, and Nabors' guarantee is effectively subordinated in right of payment to the claims of future secured creditors of Nabors, in each case, to the extent of the collateral therefor. If Nabors Delaware defaults on the new notes, or becomes bankrupt, liquidates or reorganizes, any secured creditors could use their collateral to satisfy their secured indebtedness before you would receive any payment on the new notes. If the value of such collateral is not sufficient to pay any secured indebtedness in full, Nabors Delaware's secured creditors would share the value of its other assets, if any, with you and the holders of other claims against Nabors Delaware which rank equally with the new notes. The guarantee of the new notes will have a similar ranking with respect to secured indebtedness of Nabors as the new notes do with respect to Nabors Delaware's secured indebtedness.

In addition, Nabors Delaware and Nabors derive substantially all their income from, and hold substantially all their assets through, their respective subsidiaries, which will not guarantee the new notes. As a result, Nabors Delaware and Nabors will depend on distributions from each of their subsidiaries in order to meet payment obligations under any debt securities, including the new notes and the guarantee and Nabors Delaware's and Nabors' other obligations. Accordingly, Nabors Delaware's and Nabors' rights to receive any assets of any subsidiary, and therefore the right of Nabors Delaware's and Nabors' creditors to participate in those assets, will be effectively subordinated to the claims of that subsidiary's creditors, including trade creditors.

The Nabors guarantee of the new notes could be voided or subordinated by federal bankruptcy law or comparable foreign and state law provisions.

Nabors Delaware's obligations under the new notes are guaranteed by Nabors. Under the federal bankruptcy law and comparable provisions of foreign and state fraudulent transfer laws, the Nabors guarantee could be voided, or claims in respect of such guarantee could be subordinated to all other debts of Nabors if, among other things, Nabors, at the time it incurred the indebtedness evidenced by its guarantee, received less than reasonably equivalent value or fair consideration for the incurrence of such guarantee; and

Table of Contents

was insolvent or rendered insolvent by reason of such incurrence;

was engaged in a business or transaction for which its remaining assets constituted unreasonably small capital; or

intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature.

In addition, any payment by Nabors pursuant to its guarantee could be voided and required to be returned to Nabors or to a fund for the benefit of the creditors of Nabors.

The measure of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, were greater than the fair saleable value of all of its assets;

the present fair saleable value of its assets were less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

Nabors Delaware cannot be sure as to the standards that a court would use to determine whether or not Nabors were solvent at the relevant time, or, regardless of the standard that the court uses, that the issuance of the guarantee of the new notes would not be voided or the guarantee of the new notes would not be subordinated to Nabors' other debt.

If the guarantee were legally challenged, such guarantee could also be subject to the claim that, since the guarantee was incurred for Nabors Delaware's benefit, and only indirectly for the benefit of Nabors, the obligations of Nabors were incurred for less than fair consideration.

A court could thus void the obligations under the guarantee or subordinate the guarantee to Nabors' other debt or take other action detrimental to holders of the new notes.

Nabors Delaware may not have sufficient funds to purchase the new notes upon a Change of Control Triggering Event as required by the Indenture governing the new notes. The Change of Control Offer covenant provides limited protection.

Holders of the new notes may require Nabors Delaware to purchase their new notes upon a Change of Control Triggering Event as defined under Description of the New Notes Change of Control Offer. A Change of Control (as defined under Description of the New Notes Change of Control Offer) may also result in holders of certain of Nabors Delaware's other outstanding notes or future indebtedness having the right to require Nabors Delaware to purchase notes or repay indebtedness issued under one or more indentures or other agreements, including under the indentures governing our outstanding 6.15% senior notes due 2018, 9.25% senior notes due 2019 and 5.0% senior notes due 2020, as well as the Indenture as it relates to the old notes. Nabors Delaware cannot assure you that it would have sufficient financial resources, or would be able to arrange financing, to pay the purchase price of the new notes and any other notes and repay indebtedness that may be tendered by the holders thereof in such a circumstance.

Furthermore, the terms of our then-existing indebtedness or other agreements may contain financial covenants, events of default or other provisions that could be violated if a Change of Control were to occur or if Nabors Delaware were

required to purchase the new notes and other notes and repay indebtedness containing a similar repurchase or repayment requirement.

The Change of Control Offer covenant is a result of negotiations between Nabors Delaware and the initial purchasers of the old notes and is limited to the transactions specified in Description of the Notes Change of Control Offer. Nabors has no present intention to engage in a transaction involving a Change of Control Triggering Event, although it is possible that Nabors could decide to do so in the future. Nabors could, in the future, enter into

Table of Contents

certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control Triggering Event under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect the capital structure or the credit ratings of Nabors or Nabors Delaware.

Your ability to transfer the notes may be limited by the absence of a trading market for the new notes.

There is no established trading market for the new notes and Nabors Delaware has no plans to list the new notes on a securities exchange or automated dealer. Citigroup Global Markets Inc., Mizuho Securities USA Inc., UBS Securities LLC, Morgan Stanley & Co. LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, HSBC Securities (USA) Inc. and PNC Capital Markets LLC, the initial purchasers of the old notes, have advised Nabors Delaware that they presently intend to make a market in the new notes. However, none are obligated to do so. Any market-making activity, if initiated, may be discontinued at any time, for any reason, without notice. The liquidity of any market for the new notes will depend upon the number of holders of the new notes, our results of operations and financial condition, the market for similar securities, the interest of securities dealers in making a market in the new notes and other factors.

Therefore, no assurance can be given as to whether an active trading market will develop for the new notes or, if a market develops, whether it will continue.

USE OF PROCEEDS

Nabors Delaware will not receive any proceeds from the issuance of the new notes in this exchange offer. Any old notes that are properly tendered and exchanged pursuant to the exchange offer will be retired and cancelled. Nabors Delaware will pay all expenses in connection with the exchange offer.

RATIO OF EARNINGS TO FIXED CHARGES

For purposes of calculating the ratio of earnings to fixed charges, earnings consist of income (loss) from continuing operations before income taxes and noncontrolling interests less undistributed earnings (losses) from unconsolidated affiliates (net of dividends) and subsidiary preferred stock dividends plus amortization of capitalized interest and fixed charges (excluding capitalized interest). Fixed charges consist of interest incurred (whether expensed or capitalized), amortization of debt expense, and that portion of rental expense on operating leases deemed to be the equivalent of interest. The following table sets forth Nabors' ratio of earnings to fixed charges for each of the periods indicated.

THE EXCHANGE OFFER

Purpose and Effect of Exchange Offer; Registration Rights

Nabors Delaware sold the old notes to Citigroup Global Markets Inc., Mizuho Securities USA Inc., UBS Securities LLC, Morgan Stanley & Co. LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, HSBC Securities (USA) Inc. and PNC Capital Markets LLC as initial purchasers in a private offering on August 23, 2011 pursuant to a purchase agreement. These initial purchasers subsequently sold the old notes to qualified institutional buyers under Rule 144A under the Securities Act and to certain sophisticated investors in offshore transactions in reliance on Regulation S under the Securities Act. As a condition to the sale of the old notes to the initial purchasers, Nabors Delaware entered into a registration rights agreement with those initial purchasers on August 23, 2011.

The registration rights agreement requires Nabors Delaware to file a registration statement under the Securities Act offering to exchange your old notes for new notes. Accordingly, Nabors Delaware is offering you the opportunity to exchange your old notes for the same principal amount of new notes. The new notes will be registered and issued without a restrictive legend. The registration rights agreement also requires us to use reasonable best efforts to cause the registration statement to be declared effective by the SEC by February 20, 2012 and to complete the exchange offer by April 19, 2012. In the event that Nabors Delaware is unable to satisfy these requirements, holders of the old notes would be entitled to additional interest on the old notes at a rate equal to 0.25% per annum until the exchange offer is completed, or until the old notes are freely transferable under Rule 144 of the Securities Act. In addition, if an exchange offer registration statement ceases to be effective or usable in connection with resales of the new notes during periods specified in the registration rights agreement, the interest rate borne by the old notes and the new notes will be increased 0.25% per annum until the registration defects are cured.

Under some circumstances set forth in the registration rights agreement, holders of old notes, including holders who are not permitted to participate in the exchange offer or who may not freely sell new notes received in the exchange offer, may require Nabors Delaware to file and cause to become effective a shelf registration statement covering resales of the old notes by these holders. If such shelf registration statement ceases to be effective or usable in connection with resales of the new notes during periods specified in the registration rights agreement, the interest rate borne by the old notes and the new notes will be increased 0.25% per annum until the registration defects are cured.

A copy of the registration rights agreement is incorporated by reference into this prospectus. You are strongly encouraged to read the entire text of the agreement, as it, and not this description defines your rights. Except as discussed below, Nabors Delaware will have no further obligation to register your old notes upon the completion of the exchange offer.

Nabors Delaware believes that the notes issued to you in this exchange offer may be offered for resale, sold and otherwise transferred by you, without compliance with the registration and prospectus delivery provisions of the Securities Act, only if you are able to make these four representations:

you are acquiring the notes issued in the exchange offer in the ordinary course of your business;

you have no arrangement or understanding with anyone to participate in the distribution of the old notes or the new notes within the meaning of the Securities Act;

you are not an affiliate of Nabors Delaware or Nabors; and

you are not engaged in, and do not intend to engage in, the distribution of the new notes.

Nabors Delaware's belief is based upon existing interpretations by the SEC's staff contained in several no-action letters to third parties unrelated to Nabors Delaware. If you tender your old notes in the exchange offer for the purpose of participating in a distribution of new notes, you cannot rely on these interpretations by the SEC's staff and you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction.

The SEC considers broker-dealers that acquired old notes directly from Nabors Delaware, but not as a result of market-making activities or other trading activities, to be making a distribution of the new notes if they participate in

Table of Contents

the exchange offer. Consequently, these broker-dealers cannot use this prospectus for the exchange offer in connection with a resale of the new notes and, absent an exemption, must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the new notes. These broker-dealers cannot rely on the position of the SEC's staff set forth in the Exxon Capital Letters.

A broker-dealer that has bought old notes for market-making or other trading activities must deliver a prospectus in order to resell any new notes it receives for its own account in the exchange offer. The SEC has taken the position that such broker-dealers may fulfill their prospectus delivery requirements with respect to the new notes by delivering the prospectus contained in the registration statement for the exchange offer. Accordingly, this prospectus may be used by such a broker-dealer to resell any of its new notes. Nabors Delaware has agreed in the registration rights agreement to send a prospectus to any broker-dealer that requests copies in the notice and questionnaire included in the letter of transmittal accompanying the prospectus for a period of up to 180 days after the effective date of the registration statement for the exchange offer (or such shorter period during which broker-dealers are required by law to deliver this prospectus). Unless you are required to do so because you are such a broker-dealer, you may not use this prospectus for an offer to resell, resale or other retransfer of new notes.

Nabors Delaware is not making this exchange offer to, nor will Nabors Delaware accept tenders for exchange from, holders of old notes in any jurisdiction in which the exchange offer or the acceptance of it would not be in compliance with the securities or blue sky laws of that jurisdiction.

You may suffer adverse consequences if you fail to exchange your old notes. Following the completion of the exchange offer, except as set forth below and in the registration rights agreement, you will not have any further registration rights and your old notes will continue to be subject to certain restrictions on transfer. Accordingly, if you do not participate in the exchange offer, your ability to sell your old notes could be adversely affected.

Under the registration rights agreement, Nabors Delaware is required to file a shelf registration statement with the SEC to cover resales of the old notes or the new notes by holders if it is not permitted to consummate the exchange offer because it determines that the exchange offer is not permitted by applicable law or SEC policy, if the exchange offer is not for any reason declared effective by February 20, 2012 or consummated by April 19, 2012, if the initial purchasers determine that old notes held by them are not eligible to be exchanged for new notes following consummation of the exchange offer, or if any holder does not receive freely tradable new notes in the exchange offer (other than by reason of such holder being an affiliate of Nabors Delaware).

If Nabors Delaware is obligated to file a shelf registration statement, it will be required to keep such shelf registration statement effective for up to one year after it is declared effective.

Representations Nabors Delaware Needs From You Before You May Participate in the Exchange Offer

Nabors Delaware needs representations from you before you can participate in the exchange offer.

These representations are that:

any new notes received by you will be acquired in the ordinary course of your business;

you have no arrangement or understanding with anyone to participate in the distribution of the old notes or the new notes within the meaning of the Securities Act;

you are not an affiliate, within the meaning in Rule 501(b) of Regulation D of the Securities Act, of Nabors Delaware or Nabors;

you are not engaged in, and do not intend to engage in, the distribution of the new notes; and

if you are a broker-dealer, you will receive new notes for your own account in exchange for old notes that were acquired as a result of market-making activities or other trading activities and that you will deliver a prospectus in connection with any resale of such new notes.

Terms of the Exchange Offer

Nabors Delaware will accept any validly tendered new notes that are not withdrawn prior to 5:00 p.m., New York City time, on the Expiration Date. Nabors Delaware will issue \$1,000 principal amount of new notes in exchange for each \$1,000 principal amount of your old notes tendered. Holders may tender some or all of their old notes in the exchange offer.

The form and terms of the new notes will be substantially the same as the form and terms of your old notes except that:

interest on the new notes will accrete or accrue, as the case may be, from the last interest payment date on which interest accreted or was paid on your old notes, or, if no interest has accreted or been paid on the old notes, from the date of the original issuance of your old notes;

the new notes have been registered under the Securities Act and will not bear a legend restricting their transfer; and

the new notes will not benefit from the registration and related rights pursuant to which Nabors Delaware is conducting this exchange offer, including an increase in the interest rate related to defaults in our agreement to carry out this exchange offer.

This prospectus and the documents you received with this prospectus are being sent to you and to others believed to have beneficial interests in the old notes. Nabors Delaware intends to conduct the exchange offer in accordance with the applicable requirements of the Exchange Act and the rules and regulations of the SEC.

Nabors Delaware will have accepted your validly tendered old notes when it has given oral or written notice to Citibank. Citibank will act as agent for you for the purpose of receiving the notes. If any tendered old notes are not accepted for exchange because of an invalid tender, the occurrence of certain other events or otherwise, certificates sent to Citibank will be returned, without expense, as promptly as practicable after the Expiration Date to you, unless you request in the letter of transmittal that the notes be sent to someone else.

You will not be required to pay brokerage commissions, fees or transfer taxes in the exchange of your old notes. Nabors Delaware will pay all charges and expenses in connection with the exchange offer except for any taxes you may incur in effecting the transfer of your old notes or new notes to some other person, or if a transfer tax is imposed for any reason other than the exchange of notes pursuant to the exchange offer.

Expiration Date; Extensions; Amendments

The exchange offer will expire at 5:00 p.m., New York City time, on February 13, 2012, unless Nabors Delaware extends the exchange offer, in which case the exchange offer shall terminate at 5:00 p.m., New York City time, on the last day of the extension. Nabors Delaware does not currently intend to extend the Expiration Date. In any event, the exchange offer will be held open for at least 20 business days. In order to extend the exchange offer, Nabors Delaware will issue a notice by press release or other public announcement.

Nabors Delaware reserves the right, in its sole discretion:

to delay accepting your old notes;

to extend the exchange offer;

to terminate the exchange offer, if any of the conditions shall not have been satisfied; or

to amend the terms of the exchange offer in any manner.

If Nabors Delaware delays, extends, terminates or amends the exchange offer, it will give notice to the exchange agent and issue a press release or other public announcement.

Except in limited circumstances, only a DTC participant listed on a DTC securities position listing with respect to the old notes may tender old notes in the exchange offer. Except as stated below under **Book-Entry Transfer**, to tender in the exchange offer:

if you do not hold your position through DTC, Euroclear or Clearstream, Luxembourg, you must, on or before the Expiration Date, deliver a duly completed letter of transmittal to the exchange agent at its address specified in the letter of transmittal, and certificates for your old notes must be received by Citibank along with the letter of transmittal;

if you hold your position through DTC, you must instruct DTC and a DTC participant by completing the form *Instruction to Registered Holder from Beneficial Owner* accompanying this prospectus of your intention whether or not you wish to tender your old notes for new notes, and you must in turn follow the procedures for book-entry transfer as set forth below under **Book-Entry Transfer** and in the letter of transmittal; or

if you hold your position through Euroclear or Clearstream, Luxembourg, the form *Instruction to Registered Holder from Beneficial Owner* with respect to old notes held through Euroclear or Clearstream, Luxembourg must be completed by a direct accountholder in Euroclear or Clearstream, Luxembourg, and interests in the old notes must be tendered in compliance with procedures established by Euroclear or Clearstream, Luxembourg.

If you intend to use the guaranteed delivery procedures, you must comply with the guaranteed delivery procedures described below.

None of Nabors Delaware, Nabors or the exchange agent will be responsible for the communication of tenders by holders to the accountholders in DTC, Euroclear or Clearstream, Luxembourg through which they hold old notes or by such accountholders to the exchange agent, DTC, Euroclear or Clearstream, Luxembourg.

Holders will not be responsible for the payment of any fees or commissions to the exchange agent for the old notes.

In no event should a holder submitting a tender for exchange send a letter of transmittal or old notes to any agent of Nabors Delaware or Nabors other than the exchange agent, or to DTC, Euroclear or Clearstream, Luxembourg.

Holders may contact the exchange agent for assistance in filling out and delivering letters of transmittal and for additional copies of the exchange offer materials.

To be tendered effectively, a letter of transmittal or, as described below under **Book-Entry Transfer**, an Agent's Message and other required documents must be received by Citibank at its address set forth under **Exchange Agent** below prior to the Expiration Date.

If you do not withdraw your tender before the Expiration Date, your tender will constitute an agreement between you and Nabors Delaware in accordance with the terms and conditions in this prospectus and in the letter of transmittal.

The method of delivery of your old notes, the letter of transmittal and all other required documents to be delivered to Citibank is at your election and risk. Instead of delivery by mail, it is recommended that you use an overnight or hand delivery service. In all cases, you should allow sufficient time to ensure delivery to Citibank before the Expiration Date. No letter of transmittal or old notes should be sent to Nabors Delaware or Nabors. You may request your brokers, dealers, commercial banks, trust companies or nominees to effect these transactions on your behalf.

Procedure if the Old Notes Are Not Registered in Your Name

If your old notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your old notes, then you should contact the registered holder promptly and instruct

the registered holder to tender on your behalf. If you wish to tender on behalf of a registered owner, you must, prior to completing and executing a letter of transmittal and delivering the registered owner's old notes, either make appropriate arrangements to register ownership of the old notes in your name or obtain a properly completed power of attorney or other proper endorsement from the registered holder. Nabors Delaware strongly urges you to act immediately since the transfer of registered ownership may take considerable time.

Signature Requirements and Signature Guarantees

Signatures on a letter of transmittal or a notice of withdrawal must be guaranteed by an eligible guarantor institution within the meaning of Rule 17Ad-15 under the Exchange Act, referred to as an eligible institution, that is a member of specified signature guarantee programs. Signatures on a letter of transmittal or a notice of withdrawal will not be required to be guaranteed if the old notes are tendered:

by a registered holder that has not completed the box entitled "Special Issuance Instructions" or "Special Delivery Instructions" on the letter of transmittal; or

for the account of an eligible institution.

If a letter of transmittal or any notes or powers of attorney are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing. Evidence satisfactory to us of their authority to so act must be submitted with such letter of transmittal unless waived by Nabors Delaware.

Conditions to the Exchange Offer

All questions as to the validity, form, eligibility, including time of receipt, acceptance and withdrawal of tendered notes will be determined by Nabors Delaware, in its sole discretion, and Nabors Delaware's determination will be final and binding. Nabors Delaware reserves the absolute right to reject any and all old notes not properly tendered or any old notes the acceptance of which would be unlawful in the opinion of Nabors Delaware or its counsel. Nabors Delaware also reserves the right to waive any defects, irregularities or conditions of tender as to particular old notes. Nabors Delaware's interpretation of the terms and conditions of the exchange offer, including the instructions in a letter of transmittal, will be final and binding on all parties. Any defects or irregularities in connection with tenders of old notes must be cured within such time as Nabors Delaware shall determine, unless waived by Nabors Delaware. Although Nabors Delaware intends to notify you of defects or irregularities with respect to tenders of old notes, neither Nabors Delaware, Citibank nor any other person shall be under any duty to give such notification or shall incur any liability for failure to give such notification. Tendere of old notes will not be deemed to have been made until all such defects and irregularities have been cured or waived. Any old notes received by Citibank that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned by Citibank as soon as practicable following the Expiration Date to you, unless you request in the letter of transmittal that the notes be sent to someone else.

In addition, Nabors Delaware reserves the right in its sole discretion to purchase or make offers for any old notes that remain outstanding after the Expiration Date and, to the extent permitted by applicable law, to purchase old notes in the open market in privately negotiated transactions, or otherwise. The terms of any such purchases or offers could differ from the terms of this exchange offer.

Despite any other term of the exchange offer, Nabors Delaware will not be required to accept for exchange, or exchange new notes for, any old notes, and Nabors Delaware may terminate the exchange offer, if:

the exchange offer, or the making of any exchange by a holder, violates, in Nabors Delaware's good faith determination or on the advice of counsel, any applicable law, rule or regulation or any applicable interpretation of the staff of the SEC;

any action or proceeding is instituted or threatened in any court or by the SEC or any other governmental agency with respect to the exchange offer that, in Nabors Delaware's judgment, would impair its ability to proceed with the exchange offer; or

Table of Contents

Nabors Delaware has not obtained any governmental approval which Nabors Delaware, in its sole discretion, consider necessary for the completion of the exchange offer as contemplated by this prospectus.

The conditions listed above are for Nabors Delaware's sole benefit and may be asserted by Nabors Delaware at any time, regardless of the circumstances giving rise to any of these conditions, or may be waived by Nabors Delaware in whole or in part at any time in its sole discretion. The failure by Nabors Delaware to exercise any of its rights shall not be a waiver of its rights. Nabors Delaware is required to use reasonable efforts to obtain the withdrawal of any stop order at the earliest possible time.

In all cases, the issuance of new notes for tendered old notes that are accepted for exchange in the exchange offer will be made only after timely receipt by the exchange agent of:

certificates for old notes or a timely confirmation from DTC of such old notes into the exchange agent's account at DTC,

a properly completed and duly executed letter of transmittal or, with respect to DTC and its participants, an Agent's Message in which the tendering holder acknowledges its receipt of and agreement to be bound by the letter of transmittal for such exchange offer, and

all other required documents.

If Nabors Delaware does not accept your tendered old notes or if you submit old notes for a greater aggregate principal amount than you desire to exchange, then the unaccepted or unexchanged old notes will be returned without expense to you or, in the case of notes tendered by book-entry transfer into the exchange agent's account at DTC pursuant to the book-entry transfer procedures described below, such non-exchanged notes will be credited to an account maintained with DTC, as promptly as practicable after the expiration or termination of the exchange offer.

Book-Entry Transfer

Nabors Delaware understands that the exchange agent will make a request promptly after the date of this prospectus to establish accounts with respect to the old notes at DTC for the purpose of facilitating the exchange offer. Any financial institution that is a participant in DTC's system may make book-entry delivery of old notes by causing DTC, Euroclear or Clearstream, Luxembourg, as the case may be, to transfer such old notes into the exchange agent's DTC account in accordance with DTC's electronic Automated Tender Offer Program procedures for such transfer. The exchange of new notes for tendered old notes will only be made after timely:

confirmation of book-entry transfer of the old notes into the exchange agent's account; and

receipt by the exchange agent of an executed and properly completed letter of transmittal or an Agent's Message and all other required documents specified in the letter of transmittal.

The confirmation, letter of transmittal or Agent's Message and any other required documents must be received at the exchange agent's address listed below under Exchange Agent on or before 5:00 p.m., New York City time, on the Expiration Date of the exchange offer or, if the guaranteed delivery procedures described below are complied with, within the time period provided under those procedures.

As indicated above, delivery of documents to any of DTC, Euroclear or Clearstream, Luxembourg in accordance with its procedures does not constitute delivery to the exchange agent.

The term "Agent's Message" means a message, transmitted by DTC and received by the exchange agent and forming part of the confirmation of a book-entry transfer, which states that DTC has received an express acknowledgment from a participant in DTC tendering old notes stating:

the aggregate principal amount of old notes that have been tendered by the participant;

that such participant has received an appropriate letter of transmittal and agrees to be bound by the terms of the letter of transmittal and the terms of the exchange offer; and

that Nabors Delaware may enforce such agreement against the participant.

Table of Contents

Delivery of an Agent's Message will also constitute an acknowledgment from the tendering DTC participant that the representations contained in the letter of transmittal are true and correct.

Guaranteed Delivery Procedures

If you wish to tender your old notes and the old notes are not immediately available, or time will not permit your old notes or other required documents to reach the exchange agent before the Expiration Date, or the procedure for book-entry transfer cannot be completed on a timely basis, a tender may be effected if:

the tender is made through an eligible institution;

before the Expiration Date, the exchange agent has received from such eligible institution a properly completed and duly executed letter of transmittal, or a facsimile thereof, and notice of guaranteed delivery substantially in the form provided by Nabors Delaware, by facsimile transmission, mail or hand delivery. The notice of guaranteed delivery shall state your name and address and the amount of the old notes tendered, shall state that the tender is being made thereby and shall guarantee that, within three New York Stock Exchange trading days after the date of execution of the notice of guaranteed delivery, the certificates for all physically tendered old notes, in proper form for transfer, or a confirmation from DTC of book-entry transfer, the letter of transmittal, or a manually executed facsimile thereof, properly completed and duly executed, and any other documents required by the applicable letter of transmittal will be deposited by the eligible institution with the exchange agent; and

the certificates for all physically tendered old notes, in proper form for transfer, or a confirmation from DTC of book-entry transfer, the properly completed and duly executed letter of transmittal, or a manually executed facsimile thereof, and all other documents required by the applicable letter of transmittal are received by the exchange agent within three New York Stock Exchange trading days after the date of execution of the notice of guaranteed delivery.

Withdrawal Rights

You may withdraw your tender of old notes at any time prior to 5:00 p.m., New York City time, on the Expiration Date.

For a withdrawal of tendered notes to be effective, a written, or for a DTC participant electronic, notice of withdrawal must be received by the exchange agent at its address set forth in the next section of this prospectus entitled Exchange Agent, prior to 5:00 p.m., New York City time, on the Expiration Date.

Any such notice of withdrawal must:

specify your name;

identify the old notes to be withdrawn, including, if applicable, the certificate number or numbers and aggregate principal amount of such old notes;

be signed by you in the same manner as the original signature on the letter of transmittal by which your old notes were tendered, including any required signature guarantees, or be accompanied by documents of transfer sufficient for the trustee of your old notes to register the transfer of those notes into the name of the person withdrawing the tender; and

specify the name in which you want the withdrawn old notes to be registered, if different from your name.

All questions as to the validity, form and eligibility, including time of receipt, of such notices will be determined by Nabors Delaware, and such determination shall be final and binding on all parties. Any old notes withdrawn will be considered not to have been validly tendered for exchange for the purposes of the exchange offer. Any notes that have been tendered for exchange but that are not exchanged for any reason will be returned to you without cost as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer relating to such old notes. Properly withdrawn old notes may be retendered by following one of the procedures described above in Procedures for Tendering Your Old Notes at any time on or prior to the Expiration Date.

Exchange Agent

All executed letters of transmittal should be directed to the exchange agent. Nabors Delaware has appointed Citibank as the exchange agent for the exchange offer. Questions, requests for assistance and requests for additional copies of the prospectus or letter of transmittal should be directed to the exchange agent at its offices at 111 Wall Street, 15th Floor, New York, New York 10005. The exchange agent's telephone number is (800) 422-2066 and its facsimile number is (212) 657-1020.

Fees and Expenses

Nabors Delaware will not make any payments to brokers, dealers or others soliciting acceptances of the exchange offer, other than to the exchange agent. The principal solicitation is being made by mail. However, additional solicitations may be made in person or by telephone by Nabors Delaware's officers and employees.

The cash expenses to be incurred in connection with the exchange offer will be paid by Nabors Delaware and are estimated in the aggregate to be approximately \$450,000, which includes the SEC registration fee, fees and expenses of Citibank, as exchange agent, and accounting, legal, printing and related fees and expenses.

Transfer Taxes

If you tender old notes for exchange, you will not be obligated to pay any transfer taxes unless you instruct Nabors Delaware to register your new notes in a different name or if a transfer tax is imposed for a reason other than the exchange of notes pursuant to this exchange offer. If you request that your old notes not tendered or not accepted in the exchange offer be returned to a different person, you will be responsible for the payment of any applicable transfer tax.

Consequences of Failure to Properly Tender Old Notes in the Exchange

Nabors Delaware will issue new notes in exchange for old notes under the exchange offer only after timely receipt by the exchange agent of the old notes, a properly completed and duly executed letter of transmittal or Agent's Message and all other required documents. Therefore, holders of the old notes desiring to tender old notes in exchange for new notes should allow sufficient time to ensure timely delivery. Nabors Delaware is under no duty to give notification of defects or irregularities of tenders of old notes for exchange. Upon completion of the exchange offer, specified rights under the registration rights agreement, including registration rights and any right to additional interest, will be either limited or eliminated.

Participation in the exchange offer is voluntary. In the event the exchange offer is completed, Nabors Delaware will not be required to register the remaining old notes, except in the limited circumstances described under Purpose and Effect of Exchange Offer; Registration Rights. Old notes that are not tendered or that are tendered but not accepted by Nabors Delaware will, following completion of the exchange offer, continue to be subject to the following restrictions on transfer:

holders may resell old notes only if an exemption from registration under the Securities Act is available or, outside of the United States, to non-U.S. persons in accordance with the requirements of Regulation S under the Securities Act; and

bear a legend restricting transfer in the absence of registration or an exemption from registration.

To the extent that old notes are tendered and accepted in connection with the exchange offer, any trading market for remaining old notes could be adversely affected.

DESCRIPTION OF THE NEW NOTES

The form and terms of the new notes and the old notes are identical in all material respects, except that transfer restrictions and registration rights applicable to the old notes do not apply to the new notes. The new notes will be issued under the Indenture.

Nabors Delaware issued \$700,000,000 of the old notes on August 23, 2011 pursuant to the Indenture. The terms of the new notes include those expressly set forth in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the Trust Indenture Act). The Indenture is unlimited in aggregate principal amount, although the issuance of new notes in this prospectus will be limited to \$700,000,000 and will mature on September 15, 2021. Nabors Delaware may issue an unlimited principal amount of additional notes having identical terms and conditions, except for the offering price and issue date, as the new notes (the additional notes). Any additional notes will be part of the same issue as the notes that Nabors Delaware is currently offering and will vote on all matters with the holders of the new notes.

This description of the new notes is intended to be a useful overview of the material provisions of the new notes, the guarantee and the Indenture. Since this description is only a summary, you should refer to the Indenture for a complete description of Nabors Delaware's obligations, the obligations of the guarantor and your rights.

The new notes will:

be unsecured,

be effectively junior in right of payment to any of Nabors Delaware's future secured debt,

rank equally in right of payment with all of Nabors Delaware's existing and future unsubordinated debt, and

be senior in right of payment to any of Nabors Delaware's future senior subordinated or subordinated debt.

Nabors Delaware's obligations under the new notes will be fully and unconditionally guaranteed by Nabors. The Indenture contains no restrictions on the amount of additional indebtedness that either Nabors Delaware or Nabors may issue or guarantee in the future.

Interest

Interest on the new notes will begin to accrue upon the last interest payment date on which interest was paid on the old note surrendered in exchange for the new note or, if no interest has been paid on such old note, from August 23, 2011 at the rate of 4.625% per annum.

Interest will be payable semiannually on March 15 and September 15 of each year, beginning March 15, 2012 to the persons in whose names the notes are registered at the close of business on the preceding March 1 and September 1, respectively. Interest on the notes will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Payments on the Notes; Paying Agent and Registrar

Nabors Delaware will pay principal of, premium, if any, additional amounts (as defined below), if any, and interest on any new notes issued in certificated form at the office or agency Nabors Delaware designates in The City of New York, except that Nabors Delaware may pay interest on any new notes in certificated form either at the corporate trust office of the securities administrator in The City of New York, or, at Nabors Delaware's option, by check mailed to holders of the new notes at their registered addresses as they appear in the registrar's books. In addition, if a holder of any new notes in certificated form has given wire transfer instructions in accordance with the Indenture, Nabors Delaware will make all payments on those new notes by wire transfer. Nabors Delaware has initially designated the corporate trust office of the securities administrator to act as its paying agent and registrar. Nabors Delaware may, however, change the paying agent or registrar without prior notice to the holders of the new notes, and Nabors or any of its subsidiaries may act as paying agent or registrar.

Table of Contents

Nabors Delaware will pay principal of, premium, if any, additional amounts, if any, and interest on, any new note in global form registered in the name of or held by DTC or its nominee in immediately available funds to DTC or its nominee, as the case may be, as the registered holder of such global note.

Transfer and Exchange

A holder of new notes may transfer or exchange notes at the office of the registrar in accordance with the Indenture. The registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents. No service charge will be imposed by Nabors Delaware, the trustee or the registrar for any registration of transfer or exchange of notes, but Nabors Delaware may require a holder to pay a sum sufficient to cover any transfer tax or other similar governmental charge required by law. Nabors Delaware is not required to transfer or exchange any new note selected for redemption. Also, Nabors Delaware is not required to transfer or exchange any new note for a period of 15 days before a mailing of notice of redemption.

The registered holder of a new note will be treated as the owner of it for all purposes.

Guarantee

Nabors will fully and unconditionally guarantee the due and punctual payment of the principal of, premium, if any, and interest on the new notes and any other obligations of Nabors Delaware under the new notes when and as they become due and payable, whether at maturity, upon redemption, by acceleration or otherwise, if Nabors Delaware is unable to satisfy these obligations. Nabors' guarantee of Nabors Delaware's obligations under the new notes will be its unsecured and unsubordinated obligation and will have the same ranking with respect to Nabors' indebtedness as the new notes will have with respect to Nabors Delaware's indebtedness. The guarantee will provide that, in the event of a default in payment by Nabors Delaware on the new notes, the holders of the new notes may institute legal proceedings directly against Nabors to enforce its guarantee without first proceeding against Nabors Delaware.

In the event that Nabors is required to withhold or deduct on account of any Bermudian taxes due from any payment made under or with respect to its guarantee, Nabors will pay additional amounts so that the net amount received by each holder of new notes will equal the amount that the holder would have received if the Bermudian taxes had not been required to be withheld or deducted. The amounts that Nabors is required to pay to preserve the net amount receivable by the holders of the new notes are referred to as additional amounts.

Optional Redemption

The new notes will be subject to redemption by Nabors Delaware, in whole or in part, at any time at a redemption price equal to the greater of:

100% of the principal amount of the new notes then outstanding to be redeemed; or

the sum of the present values of the remaining scheduled payments of principal and interest thereon (exclusive of the interest accrued to the date of redemption) computed by discounting such payments to the redemption date on a semiannual basis, assuming a 360-day year consisting of twelve 30-day months, at a rate equal to the sum of 37.5 basis points plus the adjusted treasury rate, as that term is generally used in the industry, on the third business day prior to the redemption date, as calculated by an independent investment banker, plus, in either case, accrued and unpaid interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Nabors Delaware will mail notice of redemption at least 20 days but not more than 75 days before the applicable redemption date to each holder of the new notes to be redeemed. If Nabors Delaware elects to redeem the notes in part, the securities administrator will select the notes to be redeemed in a fair and appropriate manner.

Upon the payment of the redemption price, premium, if any, additional amounts, if any, plus accrued and unpaid interest, if any, to the date of redemption, interest will cease to accrue on and after the applicable redemption date on the new notes or portions thereof called for redemption.

Change of Control Offer

Upon the occurrence of a Change of Control Triggering Event (as defined below), each holder will have the right to require Nabors Delaware to purchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of such holder's new notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), except to the extent that Nabors Delaware has exercised its right to redeem the new notes as described under Optional Redemption.

Change of Control means the occurrence of any one of the following:

(a) the sale, lease, transfer, conveyance or other disposition (other than by way of merger, amalgamation or consolidation), in one or a series of related transactions, of all or substantially all of the assets of Nabors and the Subsidiaries taken as a whole to any person (as that term is used in Section 13(d)(3) of the Exchange Act) other than to Nabors or one or more of the Subsidiaries or a combination thereof or a person controlled by Nabors or one or more of the Subsidiaries or a combination thereof;

(b) the consummation of any transaction (including without limitation, any merger, amalgamation or consolidation) the result of which is that any person (as that term is used in Section 13(d)(3) of the Exchange Act) (other than any Subsidiary) becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the outstanding Voting Stock of Nabors, measured by voting power rather than number of shares (excluding a redomestication of Nabors); or

(c) the first day on which the majority of the members of the board of directors of Nabors cease to be Continuing Directors.

Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control under clause (b) above if (i) Nabors becomes a direct or indirect wholly owned Subsidiary of a holding company and (ii)(A) the direct or indirect holders of the Voting Stock of such holding company immediately following such transaction are substantially the same as the holders of the Voting Stock of Nabors immediately prior to such transaction or (B) immediately following such transaction no person (as that term is used in Section 13(d)(3) of the Exchange Act) (other than a holding company satisfying the requirements of this sentence) is the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the outstanding Voting Stock of such holding company, measured by voting power rather than number of shares.

Change of Control Triggering Event means the ratings of the notes are lowered by at least two of the three Rating Agencies and the notes cease to be rated Investment Grade by at least two of the three Rating Agencies in any case on any date during the period (the Trigger Period) commencing on the date of the first public announcement by Nabors of any Change of Control (or pending Change of Control) and ending 60 days following consummation of such Change of Control (which 60-day period will be extended for so long as the rating of the notes is under publicly announced consideration for a possible downgrade by any of the Rating Agencies). Notwithstanding the foregoing, no Change of Control will be deemed to have occurred in connection with any particular Change of Control unless and until such Change of Control has actually been consummated.

Within 60 days following the date upon which the Change of Control Triggering Event has occurred, or at Nabors Delaware's option, prior to any Change of Control but after the public announcement of the transaction that constitutes or may constitute the Change of Control, except to the extent that Nabors Delaware has exercised its right to redeem the notes as described under Optional Redemption, Nabors Delaware will mail a notice, (a Change of Control Offer) to each holder with a copy to the trustee and the securities administrator, which notice will govern the terms of the

Change of Control Offer, stating:

(1) that a Change of Control Triggering Event has occurred and that such holder has the right to require Nabors Delaware to purchase such holder's notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest on the relevant interest payment date);

(2) the circumstances regarding such Change of Control Triggering Event;

Table of Contents

(3) the purchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed, other than as may be required by law) (such date, the Change of Control Payment Date); and

(4) the instructions that a holder must follow in order to have its notes purchased.

Holders of new notes electing to have new notes purchased pursuant to a Change of Control Offer will be required to surrender their new notes, with the form entitled Option of Holder to Elect Purchase on the reverse of the new note completed, to the paying agent at the address specified in the notice, or transfer their new notes to the paying agent by book-entry transfer pursuant to the applicable procedures of the paying agent, prior to the close of business on the third business day prior to the Change of Control Payment Date.

Nabors Delaware may make a Change of Control Offer in advance of a Change of Control and the Change of Control Payment Date, and Nabors Delaware's Change of Control Offer may be conditioned upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making the Change of Control Offer.

If holders of not less than 95% in aggregate principal amount of the outstanding notes validly tender and do not withdraw such new notes in a Change of Control Offer and Nabors Delaware, or any third party making a Change of Control Offer in lieu of Nabors Delaware, as described below, purchases all of the notes validly tendered and not withdrawn by such holders, Nabors Delaware will have the right, upon not less than 30 nor more than 60 days prior notice, given not more than 30 days following such purchase pursuant to the Change of Control Offer described above, to redeem all notes that remain outstanding following such purchase at a redemption price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of redemption (subject to the right of holders of record on the relevant record date to receive interest on the relevant interest payment date).

Nabors Delaware will not be required to make a Change of Control Offer if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for such an offer made by Nabors Delaware and such third party purchases all notes properly tendered and not withdrawn under its offer.

Nabors Delaware will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the terms described in this prospectus, Nabors Delaware shall comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations by virtue thereof.

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition of all or substantially all of the assets of Nabors and the Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of new notes to require Nabors Delaware to repurchase its new notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Nabors and the Subsidiaries taken as a whole to another person may be uncertain.

Limitations on Liens

So long as any new notes are outstanding, Nabors will not, nor will it permit any Subsidiary to, issue, assume, guarantee or suffer to exist any debt for money borrowed (Debt) if such Debt is secured by a mortgage, pledge, security interest or lien (a mortgage or mortgages) upon any properties of Nabors or any Subsidiary or upon any securities or indebtedness of any Subsidiary (whether such properties, securities or indebtedness are now owned or hereafter acquired) without in any such case effectively providing that the new notes shall be secured equally and ratably with (or prior to) such Debt, except that the foregoing restrictions shall not apply to:

(a) mortgages on any property acquired, constructed or improved by Nabors or any Subsidiary (or mortgages on the securities of a special purpose Subsidiary which holds no material assets other than the property being acquired, constructed or improved) after the date of the Indenture which are created within 360 days after such acquisition (or in the case of property constructed or improved, after the completion and commencement of commercial operation of such property, whichever is later) to secure or provide for the payment of the purchase price or cost thereof; *provided* that in the case of such construction or improvement the mortgages shall not apply to any property owned by Nabors or any Subsidiary before such construction or improvement other than (1) unimproved real property on which the property so constructed, or the improvement, is located or (2) personal property which is so improved;

(b) mortgages existing on the date of issuance of the new notes, existing mortgages on property acquired (including mortgages on any property acquired from a person which is consolidated with or merged with or into Nabors or a Subsidiary) or mortgages outstanding at the time any corporation, partnership or other entity becomes a Subsidiary; *provided* that such mortgages shall only apply to property owned by such corporation, partnership or other entity at the time it becomes a Subsidiary or that is acquired thereafter other than from Nabors or another Subsidiary;

(c) mortgages in favor of Nabors or any Subsidiary;

(d) mortgages in favor of domestic or foreign governmental bodies to secure advances or other payments pursuant to any contract or statute or to secure indebtedness incurred to finance the purchase price or cost of constructing or improving the property subject to such mortgages, including mortgages to secure Debt of the pollution control or industrial revenue bond type;

(e) mortgages consisting of pledges or deposits by Nabors or any Subsidiary under worker's compensation laws, unemployment insurance laws or similar legislation, or good faith deposits in connection with bids, tenders, contracts (other than for the payment of Debt) or leases to which Nabors or any Subsidiary is a

(j) mortgages arising by virtue of any statutory or common law provisions relating to bankers liens, rights of set-off or similar rights and remedies as to deposit accounts or other funds maintained with a depository institution; *provided* that:

(2) such deposit account is not intended by Nabors or any Subsidiary to provide collateral to the depository institution;

(k) mortgages arising from Uniform Commercial Code financing statement filings regarding operating leases Nabors and its Subsidiaries enter into in the ordinary course of business;

(o) any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any mortgage referred to in the foregoing clauses (a) through (n), inclusive; *provided* that the principal amount of

Debt secured thereby shall not exceed the principal amount of Debt so secured at the time of such extension, renewal or replacement, and that such extension, renewal or replacement shall be limited to all or a part of the property which secured the mortgage so extended, renewed or replaced (plus improvements in such property).

Table of Contents

In addition to the foregoing, Nabors and any Subsidiary may, without securing the new notes, issue, assume or guarantee secured Debt that, with certain other Debt described in the following sentence, does not exceed 10% of Consolidated Net Tangible Assets. The other Debt to be aggregated for purpose of this exception is all Attributable Debt in respect of Sale and Lease-Back Transactions of Nabors and its Subsidiaries under the exception in clause (e)(2) below existing at such time.

Limitations on Sale and Lease-Back Transactions

So long as any new notes are outstanding, Nabors will not, nor will it permit any Subsidiary to, enter into any Sale and Lease-Back Transaction, other than any Sale and Lease-Back Transaction:

- (a) entered into within 360 days of the later of the acquisition or placing into service of the property subject thereto by Nabors or the Subsidiary;
- (b) involving a lease of less than five years;
- (c) entered into a connection with an industrial revenue bond or pollution control financing;
- (d) between Nabors and/or one or more Subsidiaries;
- (e) as to which Nabors or such Subsidiary would be entitled to incur Debt secured by a mortgage on the property to be leased in an amount equal to the Attributable Debt with respect to such Sale and Lease-Back Transaction without equally and ratably securing the notes (1) under clauses (a) through (n) in *Limitations on Liens* above or (2) under the last paragraph of that covenant; or
- (f) as to which Nabors will apply an amount equal to the net proceeds from the sale of the property so leased to (1) the retirement (other than any mandatory retirement), within 360 days of the effective date of any such Sale and Lease-Back Transaction, of notes or of Funded Debt of Nabors or a Subsidiary or (2) the purchase or construction of other property, *provided* that such property is owned by Nabors or a Subsidiary free and clear of all mortgages.

SEC Reports; Financial Information

So long as any new notes are outstanding, Nabors will file with the trustee copies, within 15 days after Nabors is required to file the same with the SEC, of the annual reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may from time to time by rules and regulations prescribe) which Nabors may be required to file with the SEC pursuant to Section 13 or Section 15(d) of the Exchange Act, or, if Nabors is not required to file information, documents or reports pursuant to either of such sections, then to file with the trustee and the SEC, in accordance with rules and regulations prescribed from time to time by the SEC, such of the supplementary and periodic information, documents and reports, if any, which may be required pursuant to Section 13 of the Exchange Act, in respect of a security listed and registered on a national securities exchange as may be prescribed from time to time in such rules and regulations.

At any time when neither Nabors nor Nabors Delaware are subject to Section 13 or 15(d) of the Exchange Act and the new notes are not freely transferable under the Securities Act, upon the request of a holder of the new notes, Nabors and Nabors Delaware will promptly furnish or cause to be furnished the information specified under Rule 144A(d)(4) of the Securities Act to such holder, or to a prospective purchaser of a note designed by such holder, in order to permit compliance with Rule 144A under the Securities Act.

Consolidation, Amalgamation, Merger, Conveyance of Assets

The Indenture provides, in general, that neither Nabors Delaware nor Nabors will consolidate or amalgamate with or merge into any other entity or convey, transfer or lease Nabors Delaware's or Nabors' assets substantially as an entirety to any person, unless:

the entity formed by the consolidation or amalgamation or into which Nabors Delaware or Nabors is merged, or the person who acquires the assets, shall be organized, in Nabors Delaware's case, under the laws of the

Table of Contents

United States, any state thereof, or the District of Columbia, and in either case expressly assumes Nabors Delaware's or Nabors' obligations under the Indenture, the notes and the guarantee; and

immediately after giving effect to that type of transaction, no event of default, and no event that, after notice or lapse of time or both, would become an event of default, shall have happened and be continuing.

Event Risk

Except for the limitations described above under the subsections Limitations on Liens and Limitations on Sale and Lease-Back Transactions, neither the Indenture, the guarantee nor the new notes will afford holders of the new notes protection in the event of a highly leveraged transaction involving either Nabors Delaware or the guarantor or will contain any restrictions on the amount of additional indebtedness that either Nabors Delaware or the guarantor may incur.

Definitions

Attributable Debt means, with respect to any Sale and Lease-Back Transaction as of any particular time, the present value discounted at the rate of interest implicit in the terms of the lease of the obligations of the lessee under such lease for net rental payments during the remaining term of the lease.

Capital Stock means (i) in the case of a corporation or a company, corporate stock or shares; (ii) in the case of an association or business entity, any and all shares, interests, participations, rights or other equivalents (however designated) of corporate stock; (iii) in the case of a partnership or limited liability company, partnership or membership interests (whether general or limited); and (iv) any other interest or participation that confers on a person the right to receive a share of the profits and losses of, or distributions of assets of, the issuing person.

Consolidated Net Tangible Assets means the total assets of Nabors and the Subsidiaries as of the most recent fiscal quarter end for which a consolidated balance sheet of Nabors and the Subsidiaries is available, *minus* all current liabilities (excluding the current portion of any long-term debt) of Nabors and the Subsidiaries reflected on such balance sheet and *minus* total goodwill and other intangible assets of Nabors and the Subsidiaries reflected on such balance sheet, all calculated on a consolidated basis in accordance with U.S. GAAP.

Funded Debt means indebtedness for money borrowed which by its terms matures at, or is extendible or renewable at the option of the obligor to, a date more than twelve months after the date of the creation of such indebtedness.

Sale and Lease-Back Transaction means any arrangement with any person providing for the leasing by Nabors or any Subsidiary of any property, whereby such property had been sold or transferred by Nabors or any Subsidiary to such person.

Subsidiary means (1) any corporation, association or other business entity (other than a partnership, joint venture or limited liability company) of which more than 50% of the total voting power of shares of Capital Stock entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof is at the time of determination owned or controlled, directly or indirectly, by Nabors or one or more of the other Subsidiaries or a combination thereof and (2) any partnership, joint venture or limited liability company of which (x) more than 50% of the capital accounts, distribution rights, total equity and voting interests or general and limited partnership interests, as applicable, are owned or controlled, directly or indirectly, by Nabors or one or more of the other Subsidiaries or a combination thereof, whether in the form of membership, general, special or limited partnership interests or otherwise, (y) Nabors or any of the Subsidiaries is a controlling general partner or otherwise controls such entity and (z) such entity is consolidated in the consolidated financial statements of Nabors in

accordance with U.S. GAAP.

Mandatory Redemption; Sinking Fund

Nabors Delaware is not required to make either mandatory redemption or sinking fund payments with respect to the new notes.

Table of Contents

Book-Entry; Delivery and Form

The new notes will initially be issued only in registered, book-entry form, in denominations of \$2,000 and any integral multiples of \$1,000 as described under Book-Entry System. Nabors Delaware will issue one or more global notes in denominations that together equal the total principal amount of the outstanding new notes.

Modification of the Indenture

Amendments of the Indenture and the notes may be made by Nabors Delaware, Nabors, the trustee and the securities administrator with the consent of the holders of a majority in principal amount of the outstanding notes; *provided, however*, that no such amendment may, without the consent of the holder of each outstanding note affected thereby:

- extend the final maturity of the principal of any of the new notes;
- reduce the principal amount of any of the new notes;
- reduce the rate or extend the time of payment of interest or additional amounts, if any, on any of the new notes;
- reduce any amount payable on redemption of any of the new notes;
- change the currency in which the principal of, premium, if any, or interest or additional amounts, if any, on any of the new notes is payable;
- impair the right to institute suit for the enforcement of any payment on any of the new notes when due; or
- make any change in the percentage in principal amount of the new notes, the consent of the holders of which is required for any such amendment.

Without the consent of any holder of outstanding new notes, Nabors Delaware, Nabors, the trustee and the securities administrator may amend the Indenture as it relates to the new notes and the new notes to:

- cure any ambiguity, omission, defect or inconsistency;
- provide for the assumption by a successor to the obligations of Nabors or Nabors Delaware under the Indenture;
- provide for uncertificated new notes in addition to or in place of certificated new notes (*provided* that the uncertificated notes are issued in registered form for purposes of Section 163(f) of the Code);
- provide for the issuance of additional notes in accordance with the Indenture;
- effect or maintain, or otherwise comply with the requirements of the SEC in connection with, the qualification of the Indenture under the Trust Indenture Act;
- secure all or any of the new notes;
- add to the covenants of Nabors or Nabors Delaware or events of default for the benefit of the holders or surrender any right or power conferred upon us or Nabors;

effect any provision of the Indenture; or

make other provisions that do not adversely affect the rights of any holder of outstanding new notes.

The holders of a majority in aggregate principal amount of the outstanding notes may, on behalf of the holders of all notes, waive any past default under the Indenture, except a default in the payment of the principal of, premium, if any, additional amounts, if any, or interest on any note or in respect of a provision which under the Indenture cannot be amended without the consent of the holder of each outstanding note affected.

It is not necessary for the consent of the holders under the Indenture to approve the particular form of any proposed amendment or waiver. It is sufficient if such consent approves the substance of the proposed amendment or waiver. A consent to any amendment or waiver under the Indenture by any holder of notes given in connection

Table of Contents

with a tender of such holder's notes will not be rendered invalid by such tender. After an amendment or waiver under the Indenture becomes effective, Nabors Delaware is required to mail to the holders, the trustee and the securities administrator a notice briefly describing such amendment or waiver. However, the failure to mail such notice, or any defect in the notice, will not impair or affect the validity of the amendment or waiver.

Events of Default

In general, the Indenture defines an event of default as being:

- (1) a default for 10 days in payment of any principal or premium, if any, on the notes, either at maturity, upon any redemption, by declaration or otherwise;
- (2) a default for 30 days in payment of any interest or additional amounts, if any, on the notes;
- (3) a default for 90 days after written notice from the trustee or holders of at least 25% in aggregate principal amount of the outstanding notes in the observance or performance of any covenant in the notes or the Indenture;
- (4) an event of Nabors Delaware's or Nabors' bankruptcy, insolvency or reorganization; or
- (5) the failure to keep Nabors' full and unconditional guarantee in place.

If an event of default (other than one described in clause (4) above) occurs and is continuing, either the trustee or the holders of at least 25% in aggregate principal amount of the outstanding notes may declare the principal amount of all notes to be due and payable immediately. If any event of default described in clause (4) above occurs, the principal amount of the notes will be automatically due and payable immediately. However, any time after an acceleration with respect to the notes has occurred, but before a judgment or decree based on such acceleration has been obtained, the holders of a majority in principal amount of outstanding notes may, under some circumstances, rescind and annul such acceleration. The majority holders, however, may not annul or waive a continuing default in payment of principal of, premium, if any, additional amounts, if any, or interest on the notes.

The trustee is entitled to receive indemnification from the holders of the notes before the trustee exercises any of its rights or powers under the Indenture. This indemnification is subject to the trustee's duty to act with the required standard of care during a default.

The holders of a majority in principal amount of the outstanding notes may direct the time, method and place of:

- the conduct of any proceeding for any remedy available to the trustee; or
- the exercise of any trust or power conferred on the trustee.

This right of the holders of the notes is, however, subject to the provisions in the Indenture providing for the indemnification of the trustee and other specified limitations.

In general, the holders of notes may institute an action against Nabors Delaware, Nabors or any other obligor under the notes only if the following four conditions are fulfilled:

- the holder previously has given to the trustee written notice of default and the default continues;

the holders of at least 25% in principal amount of the notes then outstanding have both requested the trustee to institute such action and offered the trustee indemnity reasonably satisfactory to it;

the trustee has not instituted this action within 60 days of receipt of such request; and

the trustee has not received a direction inconsistent with such written request by the holders of a majority in principal amount of the notes then outstanding.

The above four conditions do not apply to actions by holders of the notes against Nabors Delaware, Nabors or any other obligor under the notes for payment of principal of, premium, if any, additional amounts, if any, or interest on or after the due date.

Table of Contents

The Indenture contains a covenant that Nabors Delaware, Nabors and any other obligor under the notes will file annually with the trustee a certificate of no default or a certificate specifying any default that exists.

Discharge, Legal Defeasance and Covenant Defeasance

Nabors Delaware may discharge or defease its obligations under the Indenture as set forth below.

Under terms specified in the Indenture, Nabors Delaware may discharge certain obligations to holders of the notes that have not already been delivered to the trustee for cancellation. The notes must also:

- have become due and payable;
- be due and payable by their terms within one year; or
- be scheduled for redemption by their terms within one year.

Nabors Delaware may discharge the Indenture by, among other things, irrevocably depositing an amount certified to be sufficient to pay at maturity, or upon redemption, the principal, premium, if any, additional amounts, if any, and interest on the notes. Nabors Delaware may make the deposit in cash or U.S. Government Obligations, as defined in the Indenture.

Nabors Delaware may terminate all its obligations under the notes and the Indenture at any time, except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the notes, to replace mutilated, destroyed, lost or stolen notes and to maintain a registrar and paying agent in respect of the notes. This is referred to as legal defeasance. If Nabors Delaware exercises its legal defeasance option, the guarantee in effect at such time will terminate.

Under terms specified in the Indenture, Nabors Delaware and Nabors may be released with respect to any outstanding notes from the obligations imposed by the sections of the Indenture that contain the covenants described above limiting liens, sale and lease-back transactions and consolidations, mergers and conveyances of assets. In that case, Nabors Delaware and Nabors would no longer be required to comply with these sections without the creation of an event of default. This is typically referred to as covenant defeasance. If Nabors Delaware exercises its covenant defeasance option, the guarantee in effect at such time will terminate. Nabors Delaware may exercise its legal defeasance option notwithstanding Nabors Delaware's prior exercise of its covenant defeasance option.

Legal defeasance or covenant defeasance may be effected by Nabors Delaware only if, among other things:

Nabors Delaware irrevocably deposits with the trustee cash or U.S. Government Obligations as trust funds in an amount certified by a nationally recognized firm of certified public accountants to be sufficient to pay at maturity or upon redemption the principal of, premium, if any, additional amounts, if any, and interest on all outstanding notes; and

Nabors Delaware delivers to the trustee an opinion of counsel to the effect that the holders of the notes will not recognize income, gain or loss for United States federal income tax purposes as a result of Nabors Delaware's legal defeasance or covenant defeasance. This opinion must further state that these holders will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if Nabors Delaware's legal defeasance or covenant defeasance had not occurred. In the case of a legal defeasance, this opinion must be based on a ruling of the Internal Revenue Service or a change in United States federal income tax law occurring after the date of the Indenture, since this result would not occur

under current tax law.

Concerning the Trustee

The trustee is one of a number of banks with which Nabors and its subsidiaries maintain ordinary banking relationships. Nabors Delaware has appointed Citibank, N.A., the securities administrator, as registrar and paying agent under the Indenture.

Governing Law

The Indenture, the notes and the guarantee will be governed by, and construed in accordance with, the laws of the State of New York.

BOOK-ENTRY SYSTEM

Book-Entry, Delivery and Form

The old notes are, and the new notes will be, represented by one or more global notes in registered, global form without interest coupons, collectively referred to as the Global Notes. The Global Notes initially will be deposited upon issuance with the trustee as custodian for DTC, in New York, New York, and registered in the name of Cede & Co., in each case for credit to an account of a direct or indirect participant as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for exchange notes in certificated form except in the limited circumstances described below. See Exchange of Global Notes for Certificated Notes. In addition, transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, which may change from time to time.

The notes may be presented for registration of transfer and exchange at the offices of the registrar.

Depository Procedures

The following description of the operations and procedures of DTC is provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. Nabors Delaware takes no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised Nabors Delaware that DTC is a limited-purpose trust company organized under the laws of the State of New York, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the Uniform Commercial Code and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participating organizations, collectively referred to as the Participants, and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly, collectively referred to as the Indirect Participants. Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised Nabors Delaware that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of Participants designated by the initial purchasers with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interests in the Global Notes).

Investors in the Global Notes who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations which are Participants in such system. All interests in a Global Note may be subject to the procedures and requirements of DTC. The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a person having beneficial interests in a Global Note to pledge such

Table of Contents

interests to persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of an interest in the Global Notes will not have new notes registered in their names, will not receive physical delivery of new notes in certificated form and will not be considered the registered owners or holders thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, we and the trustee will treat the persons in whose names the new notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither Nabors Delaware, Nabors, the securities administrator, the trustee nor any agent of Nabors Delaware, Nabors, the securities administrator or the trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised Nabors Delaware that its current practice, upon receipt of any payment in respect of securities such as the new notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of new notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the securities administrator, the trustee, Nabors or Nabors Delaware. Neither Nabors Delaware, Nabors, the securities administrator, nor the trustee will be liable for any delay by DTC or any of its participants in identifying the beneficial owners of the notes, and we and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds.

DTC has advised Nabors Delaware that it will take any action permitted to be taken by a holder of new notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the new notes as to which such Participant or Participants has or have given such direction. However, if there is an event of default under the new notes, DTC reserves the right to exchange the Global Notes for legended new notes in certificated form, and to distribute such notes to its Participants.

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in the Global Notes among Participants, it is under no obligation to perform such procedures, and such procedures may be discontinued or changed at any time. Neither Nabors Delaware, Nabors, the securities administrator, the trustee nor any of our respective agents will have any responsibility for the performance by DTC or its Participants or Indirect Participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for definitive notes in registered certificated form, referred to as the Certificated Notes, if (1) DTC (A) notifies Nabors Delaware that it is unwilling or unable to continue as depositary for the Global Notes and a successor depositary is not appointed or (B) has ceased to be a clearing agency registered under the Exchange Act, and, in either case, Nabors Delaware fails to appoint a successor depositary

Table of Contents

within 90 days, or (2) there has occurred and is continuing an Event of Default and DTC notifies the trustee of its decision to exchange Global Notes for notes in certificated form.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon request but only upon at least 20 days prior written notice given to the trustee by or on behalf of DTC in accordance with customary procedures. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interest therein will be registered in names, and issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof, requested by or on behalf of DTC (in accordance with its customary procedures).

Neither Nabors Delaware, Nabors, the securities administrator nor the trustee will be liable for any delay by a Global Note holder or DTC in identifying the beneficial owners of the new notes and Nabors Delaware, Nabors, the securities administrator and the trustee may conclusively rely on, and will be protected in relying on, instructions from the Global Note holder or DTC for all purposes.

Same Day Settlement and Payment

Nabors Delaware will make payments in respect of the new notes represented by the Global Notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by the Global Note holder. We will make all payments of principal, interest and premium with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The new notes represented by the Global Notes are expected to be eligible to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. We expect that secondary trading in any Certificated Notes will also be settled in immediately available funds.

TAXATION

The following is a general discussion of certain United States federal income and estate tax consequences of the acquisition, ownership and disposition of notes by an investor who acquires notes pursuant to this exchange offer and that holds the notes as capital assets. For purposes of this discussion, a U.S. Holder means an individual who is a citizen or resident of the United States, a corporation or other entity taxable as a corporation for United States federal income tax purposes, that was created or organized under the law of the United States or of any state thereof or the District of Columbia, an estate whose income is subject to United States federal income taxation regardless of its source, or a trust if either a United States court is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust or the trust has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person. A Non-U.S. Holder is a beneficial owner of notes that is not a U.S. Holder or a partnership. Other than with respect to the discussion under the heading United States Federal Income Tax Consequences of the Exchange, the discussion addresses only Non-U.S. Holders.

This discussion does not purport to discuss all aspects of United States federal taxation that may be important to a particular investor in light of the investor's particular investment or tax circumstances, or to certain types of holders subject to special tax rules including, insurance companies, tax exempt organizations, financial institutions, broker-dealers, real estate investment trusts, regulated investment companies certain expatriates, holders whose functional currency is not the United States dollar, holders subject to the alternative minimum tax or holders who will hold the notes as a hedge against currency risks or as part of a straddle or a synthetic security. In addition, this discussion does not discuss any foreign, state, or local tax consequences.

If a partnership, or other entity treated as a partnership for United States federal income tax purposes, holds notes, the tax treatment of a partner generally will depend upon the status of the partner and the activities of the partnership. A holder that is a partnership and partners in such partnership are urged to consult their tax advisors about the United States federal tax consequences of acquiring, holding and disposing of notes.

This discussion is based upon the Internal Revenue Code of 1986, as amended (which we refer to as the Code), United States Treasury regulations promulgated thereunder, published rulings and court decisions, all as in effect on the date hereof, and all of which are subject to change, possibly with retroactive effect, or to different interpretations. Prospective investors are urged to consult their tax advisors regarding the United States federal tax consequences of acquiring, holding and disposing of notes, as well as any tax consequences that may arise under the laws of any relevant foreign, state or local taxing jurisdiction.

United States Federal Tax Consequences of the Exchange

The exchange of old notes for new notes in this exchange offer will not constitute a taxable event for holders. Consequently, a holder will not recognize gain or loss on the exchange, the holding period of the new note will include the holding period of the old note and the basis of the new note will be the same as the basis of the old note immediately before the exchange.

Certain United States Federal Tax Considerations for Non-U.S. Holders

Interest

Interest that Nabors Delaware pays to a Non-U.S. Holder will not be subject to United States federal income or withholding tax pursuant to the Portfolio Interest Exemption provided that such interest is not effectively connected with the conduct of a trade or business within the United States by such Non-U.S. Holder and, among other things, such Non-U.S. Holder (i) does not actually or constructively own 10% or more of the total combined voting power of all classes of Nabors Delaware's stock, (ii) is not a controlled foreign corporation that is related to Nabors Delaware either actually or constructively through stock ownership, (iii) is not a bank whose receipt of interest on the notes is described in Section 881(c)(3)(A) of the Code and (iv) certifies to Nabors Delaware, its paying agent or the person who would otherwise be required to withhold United States federal income tax, on a Form W-8BEN or a suitable substitute or successor form, under penalties of perjury, that such holder is not a United States person and provides such holder's name and address (the Certification Requirement). If interest on

Table of Contents

a note is not effectively connected with the conduct of a trade or business within the United States and the requirements of the preceding sentence are not satisfied, the Non-U.S. Holder's interest on a note will generally be subject to United States withholding tax at a flat rate of 30% (or a lower applicable treaty rate). If a Non-U.S. Holder's interest on a note is effectively connected with the conduct of a trade or business within the United States, then the Non-U.S. Holder will be subject to United States federal income tax on such interest income in essentially the same manner as a United States person, and in the case of a Non-U.S. Holder that is a foreign corporation, may also be subject to the branch profits tax.

Gain on Disposition

A Non-U.S. Holder generally will not be subject to United States federal income tax with respect to gain recognized on a sale, redemption or other taxable disposition of a note unless (i) the gain is effectively connected with the conduct of a trade or business within the United States by the Non-U.S. Holder (and, if an applicable income tax treaty so requires, is attributable to a U.S. permanent establishment maintained by the Non-U.S. Holder) or (ii) such holder is an individual who is present in the United States for 183 or more days in the taxable year and certain other requirements are met. Any such gain that is effectively connected with the conduct of a trade or business within the United States will be subject to United States federal income tax basis in essentially the same manner as if such holder were a United States person, and if such Non-U.S. Holder is a foreign corporation, may also be subject to the branch profits tax.

Federal Estate Taxes

The notes will not be includible in the estate of a Non-U.S. Holder if interest on a note is exempt from withholding of United States federal income tax pursuant to the Portfolio Interest Exemption described above, at the time of such Non-U.S. Holder's death.

Information Reporting and Backup Withholding

Nabors Delaware will, when required, report to the holders of the notes and the Internal Revenue Service (IRS) the amount of any interest paid on the notes in each calendar year and the amounts of tax withheld, if any, with respect to such payments.

In the case of payments of interest, backup withholding tax and certain information reporting will not apply, provided the Non-U.S. Holder has satisfied the Certification Requirement or an exemption has otherwise been established. Information reporting requirements and backup withholding tax, at the then applicable rate, will apply to the gross proceeds paid to a Non-U.S. Holder on the disposition of a note by or through a United States office of a United States or foreign broker, unless the holder satisfies the Certification Requirement or otherwise establishes an exemption. Information reporting requirements, but not backup withholding, will apply to a payment of the proceeds of a disposition of a note by or through a foreign office of a United States broker or foreign broker with certain types of relationships to the United States, unless such broker has documentary evidence in its file that the holder of the note is not a United States person and such broker has no actual knowledge or reason to know to the contrary, or the holder otherwise establishes an exemption. Neither information reporting requirements nor backup withholding generally will apply to a payment of the proceeds of a disposition of a note by or through a foreign office of a foreign broker provided such broker does not have certain types of relationships to the United States.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be credited against the Non-U.S. Holder's United States federal income tax liability and any excess may be refunded, provided that the required information is timely furnished to the IRS.

Prospective investors are urged to consult their own tax advisors concerning the tax consequences of the exchange, ownership and disposition of the notes arising under United States federal, state, local or non-U.S. law.

CERTAIN ERISA CONSIDERATIONS

The discussion of tax matters in this prospectus is not intended or written to be used, and cannot be used by any person, for the purpose of avoiding U.S. federal, state or local tax penalties, and was written to support the promotion or marketing of the notes. Each taxpayer should seek advice based on such person's particular circumstances from an independent tax advisor.

The following is a summary of certain considerations associated with an investment in the notes by employee benefit plans that are subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended (ERISA), plans, individual retirement accounts and other arrangements that are subject to Section 4975 of the Code, and entities whose underlying assets are considered to include plan assets of such plans, accounts and arrangements (each, a Plan).

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Title I of ERISA or Section 4975 of the Code, such as exercising prudence in selecting investments, diversifying investments to minimize the risk of losses to the Plan, and acting in accordance with the documents and instruments governing the Plan. In addition, Section 406 of ERISA and Section 4975 of the Code prohibit Plans from engaging in specified transactions involving plan assets with persons or entities who are parties in interest, within the meaning of ERISA, or disqualified persons, within the meaning of Section 4975 of the Code (each, a Party in Interest), unless an exemption is available. A Party in Interest who engages in a nonexempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code and the transaction may have to be rescinded at significant cost to us. The U.S. Department of Labor has granted certain class exemptions including, without limitation, Prohibited Transaction Class Exemption (PTCE) 90-1 (relating to investments by insurance company pooled separate accounts), PTCE 91-38 (relating to investments by bank collective investment funds), PTCE 84-14 (relating to transactions effected by a qualified professional asset manager), PTCE 95-60 (relating to investments by an insurance company general account), and PTCE 96-23 (relating to transactions directed by an in-house professional asset manager) which, if their terms are met, may permit transactions that would otherwise be prohibited under Section 406 of ERISA or Section 4975 of the Code. There can be no assurance that all of the conditions of any such exemptions will be satisfied.

An investment in the notes by a Plan may result in a prohibited transaction under ERISA or the Code if Nabors Delaware or any of its affiliates were considered a Party in Interest with respect to such Plan. Although Nabors Delaware does not expect to be a Party in Interest with respect to any Plan at the time the notes are issued (other than Plans sponsored by Nabors Delaware or its affiliates for the benefit of Nabors Delaware or its affiliates employees, which are not permitted to invest in the notes) or provide services in the foreseeable future to Plans that would make Nabors Delaware a Party in Interest, there can be no assurance that Nabors Delaware will not become a Party in Interest with respect to one or more Plans while the notes remain outstanding. This could happen, for example, if we were acquired by an entity that is a Party in Interest to one or more Plans. Accordingly, each investor and subsequent transferee by its exchange and holding of the notes (or any interest in a note) will be deemed to have represented and agreed that either: (i) it is not, and will not be for so long as it holds any note (or interest in a note), a Plan, or a governmental, non-U.S., church or other plan which is subject to any federal, state, local or non-U.S. law substantially similar to Section 406 of ERISA or Section 4975 of the Code (Similar Law) and no portion of the assets used by such purchaser or transferee to acquire and hold the notes constitutes assets of any Plan; or (ii) its acquisition, holding and disposition of such notes will not constitute or result in a nonexempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or, in the case of a governmental, non-U.S., church or other plan, a violation of any Similar Law).

Any Plan that is considering an investment in the notes (or interests therein) should consult with its counsel to confirm that such investment will satisfy applicable requirements of ERISA, the Code and Similar Law, and that it can make the deemed representation set forth above. The issuance of the notes to a Plan is in no respect a representation by us or the Initial Purchasers that such an investment meets all relevant legal requirements with respect to investments by Plans generally or any particular Plan, or that such an investment is appropriate for Plans generally or any particular Plan.

PLAN OF DISTRIBUTION

Each broker-dealer that receives new notes for its own account pursuant to this exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. Any broker-dealer that holds old notes acquired for its own account as a result of market-making activities or other trading activities, and who receives the new notes in exchange for such old notes pursuant to the exchange offer, may be a statutory underwriter and must deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such new notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for old securities where such old securities were acquired as a result of market-making activities or other trading activities. Nabors Delaware has agreed that, starting on the effective date of the registration statement for the exchange offer and ending on the close of business 180 days after such date or such shorter period as will terminate when all new notes held by broker-dealers exchanging old notes they acquired for their own account as a result of market-making activities or other trading activities or initial purchasers have been sold pursuant hereto (or for such shorter period during which broker-dealers are required by law to deliver this prospectus), Nabors Delaware will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale.

Nabors Delaware will not receive any proceeds from any sale of new notes by brokers-dealers. New notes received by broker-dealers for their own account pursuant to this exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the new notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such new notes. Any broker-dealer that resells new notes that were received by it for its own account pursuant to this exchange offer and any broker or dealer that participates in a distribution of such new notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit of any such resale of new notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

Furthermore, any broker-dealer that acquired any of the old notes directly from Nabors Delaware:

may not rely on the applicable interpretation of the position of the staff of the SEC set forth in the Exxon Capital Letters; and

must also be named as a selling noteholder in connection with the registration and prospectus delivery requirements of the Securities Act relating to any resale transaction.

For a period of 180 days after the effective date of the registration statement for the exchange offer or such shorter period as will terminate when all new notes held by broker-dealers exchanging old notes they acquired for their own account as a result of market-making activities or other trading activities or initial purchasers have been sold pursuant hereto (or for such shorter period during which broker-dealers are required by law to deliver this prospectus), Nabors Delaware will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents in the letter of transmittal. Nabors Delaware has agreed to pay all expenses incident to this exchange offer (including the expenses of one counsel for the holders of the old notes) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the old notes (including

any broker-dealers) against certain liabilities, including liabilities under the Securities Act.
