PROXY STATEMENT

ANNUAL GENERAL MEETING OF SHAREHOLDERS

May 13, 2009

GENERAL INFORMATION

The enclosed Proxy Card is being solicited on behalf of the Board of Directors (the "Board") for use at the 2009 Annual General Meeting of Shareholders of Everest Re Group, Ltd., a Bermuda company (the "Company"), to be held on May 13, 2009, and at any adjournment thereof. It may be revoked at any time before it is exercised by giving a later-dated proxy, notifying the Secretary of the Company in writing at the Company's registered office at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda, or by voting in person at the Annual General Meeting. All shares represented at the meeting by properly executed proxies will be voted as specified and, unless otherwise specified, will be voted: (1) for the election of Martin Abrahams, John R. Dunne and John A. Weber as Class I directors of the Company; (2) for the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm to act as the Company's auditor for 2009 and for authorizing the Company's Board of Directors acting through its Audit Committee to set the fees for the independent registered public accounting firm serving as the Company's auditor; and (3) for the approval of the Everest Re Group, Ltd. 2009 Non-Employee Director Stock Option and Restricted Stock Plan.

Only shareholders of record at the close of business on March 20, 2009 will be entitled to vote at the meeting. On that date, 65,699,405 Common Shares, par value \$.01 per share ("Common Shares"), were outstanding and entitled to vote. This includes 4,160,100 Common Shares held by Everest Reinsurance Holdings, Inc. ("Everest Holdings"), a subsidiary of the Company. Except as may be provided in the Company's Bye-laws, each Common Share is entitled to one vote.

The election of each nominee for director and the approval of all other matters to be voted upon at the Annual General Meeting require the affirmative vote of a majority of the votes cast at the Annual General Meeting, provided there is a quorum consisting of not less than two persons present in person or by proxy holding in excess of 50% of the issued and outstanding Common Shares entitled to attend and vote at the Annual General Meeting. The Company has appointed inspectors of election to count votes cast in person or by proxy. Common Shares owned by shareholders who are present in person or by proxy at the Annual General Meeting but who elect to abstain from voting will be counted towards the presence of a quorum. However, such Common Shares and Common Shares owned by shareholders and not voted in person or by proxy at the Annual General Meeting (including "broker non-votes") will not be counted towards the majority needed to elect a director or approve any other matter before the shareholders and, thus, will have no effect on the outcome of those votes.

This Proxy Statement, the attached Notice of Annual General Meeting, the Annual Report of the Company for the year ended December 31, 2008 (including financial statements) and the enclosed Proxy Card are first being mailed to the Company's shareholders on or about April 9, 2009.

On February 24, 2000, the Company became the holding company for Everest Holdings and its subsidiaries in connection with a restructuring. As a result, all references in this document to the Company prior to February 24, 2000 refer to Everest Holdings.

All references in this document to “\$” or “dollars” are references to the currency of the United States of America.

The Company knows of no specific matter to be brought before the Annual General Meeting that is not referred to in the attached Notice of Annual General Meeting of Shareholders and this Proxy Statement. If any such matter comes before the meeting, including any shareholder proposal properly made, the proxy holders will vote proxies in accordance with their best judgment with respect to such matters. To be properly made, a shareholder proposal must comply with the Company’s Bye-laws and, in order for any matter to come before the meeting, it must relate to matters referred to in the attached Notice of Annual General Meeting.

PROPOSAL NO. 1—ELECTION OF DIRECTORS

The Board of Directors recommends that you vote FOR the director nominees described below. Proxies will be so voted unless shareholders specify otherwise in their proxies.

The Company’s Bye-laws provide for the division of the Board into three classes, with the directors in each class serving for a term of three years. At the 2009 Annual General Meeting, three nominees for Class I director positions are to be elected to serve until the 2012 Annual General Meeting of Shareholders or until their qualified successors are elected or until such director’s office is otherwise vacated. At its regularly scheduled meeting on February 18, 2009, the Nominating and Governance Committee recommended to the Board the nominations of Martin Abrahams, John R. Dunne and John A. Weber as Class I directors. Mr. Abrahams, Mr. Dunne and Mr. Weber are currently Class I directors of the Company. The Class II director positions will be subject to election at the 2010 Annual General Meeting and the Class III director positions will be subject to election at the 2011 Annual General Meeting.

On February 18, 2009, the Board accepted the Nominating and Governance Committee recommendations, and all nominees have accepted their nominations for the Class I director positions. It is not expected that any of the nominees will become unavailable for election as a director, but if any nominee should become unavailable prior to the meeting, proxies will be voted for such persons as the Board shall recommend, unless the Board reduces the number of directors accordingly. There are no arrangements or understandings between any director, or any nominee for election as a director, and any other person pursuant to which such person was selected as a director or nominee.

THE BOARD OF DIRECTORS AND ITS COMMITTEES

The Board conducts its business through its meetings and meetings of its committees. Four meetings of the Board were held in 2008. No director, either in person or through an alternate director appointment as permitted under Bermuda law, attended fewer than 75% of the total number of meetings of the Board and meetings of all committees of the Board on which the director served. All of the directors attended last year's Annual General Meeting of Shareholders. The directors are expected to attend the Annual General Meeting pursuant to the Company's Corporate Governance Guidelines.

4

The Board has affirmatively determined that the following directors, who constitute a majority of the Board and who serve as members of the Audit, Compensation and Nominating and Governance Committees, are independent: Mr. Abrahams, Mr. Duffy, Mr. Dunne and Mr. Weber. To determine independence, the Board applied the categorical standards contained in the Company's Corporate Governance Guidelines. A copy of those standards, which are stricter than the corporate governance listing standards of the New York Stock Exchange (the "NYSE"), is set forth as Appendix A to this Proxy Statement. The Board also considered whether these four directors had any other material relationships with the Company, its affiliates or the Company's external auditor and concluded that none of them had a relationship that impaired his independence. The Board based its determination on personal discussions with the directors and a review of each director's responses on the annual questionnaire regarding employment, compensation history, affiliations and family and other relationships. The questionnaire responses form the basis of a financial transactions review resulting in a financial transactions report on every relationship that is disclosed by a director, regardless of the amount in question. This is done in compliance with the Company's Bye-laws and the Bermuda Companies Act 1981 and the resulting report is approved by resolution of the Board of Directors and forms the basis of the report entitled "Certain Transactions with Directors" that appears in this proxy statement. In addition to these disclosures, the Board considered a past shared affiliation among three directors and a past affiliation with the predecessor of the Company's independent registered public accounting firm. Directors are also subject to the Company's Ethics Guidelines which require full and timely disclosure to the Company of any situation that may result in a conflict or appearance of a conflict.

Additionally, in accordance with the Corporate Governance Guidelines and the disclosure requirement set forth in Bye-law 21(b) of the Company's Bye-laws (which in turn requires compliance with the Bermuda Companies Act 1981), each director must disclose to the other directors any potential conflicts of interest he may have with respect to any matter under discussion. If a director is disqualified by the Chairman because of a conflict, he must refrain from voting on a matter in which he may have a material interest. Prior to each scheduled meeting of the Board of Directors, the directors who are not officers of the Company meet in executive session outside the presence of management. The executive sessions are chaired by alternating directors who rotate on an alphabetical basis. In addition, the independent directors meet in executive session outside the presence of management on a regular basis.

The Board currently maintains Audit, Nominating and Governance and Compensation Committees, all of whose members are independent directors. The Charters for each of these committees, the Corporate Governance Guidelines and the Company's Ethics Guidelines and Index to Compliance Policies are posted on the Company's website at <http://www.everestre.com>. These documents are also available in print to any shareholder who requests a copy from the Corporate Secretary at the address below. The Board also maintains an Executive Committee, the purpose of which is to take any emergent actions until the Board can meet. The members of the Executive Committee are Mr. Taranto, Mr. Gallagher and Mr. Galtney. The Executive Committee met once in 2008.

Audit Committee

The principal purposes of the Company's Audit Committee are to oversee the integrity of the Company's financial statements and the Company's compliance with legal and regulatory requirements, to oversee the independent registered public accounting firm, to evaluate the independent registered public accounting firm's qualifications and independence and to oversee the performance of the Company's internal audit function. The Audit Committee meets with the Company's management, Chief Internal Audit Officer and the independent registered public accounting firm, both separately and together, to review the Company's internal controls and financial statements, audit findings and significant accounting and reporting issues. The Board has adopted a Charter for the Audit Committee which is revised as necessary to comply with all applicable laws, rules and regulations. The Charter is available on the Company's website at <http://www.everestre.com>.

The members of the Audit Committee are Mr. Abrahams, Mr. Duffy, Mr. Dunne, and Mr. Weber. The Board has determined that all members of the Committee are financially literate and that all are independent under the NYSE listing standards and the rules of the SEC governing the qualifications of audit committee members. The Board has also determined that Mr. Abrahams qualifies as an "audit committee financial

5

expert" as defined by SEC rules and has accounting or related financial management expertise as required by NYSE listing standards. No member of the Audit Committee may serve on the Audit Committee of more than two other public companies unless the Board has determined that such service will not affect the ability of the Committee member to serve on the Company's Audit Committee. Mr. Dunne serves as Chairman of the Audit Committee. The Audit Committee held four meetings in 2008.

Compensation Committee

The Compensation Committee exercises authority with respect to all compensation and benefits afforded all officers at the Senior Vice President level and above, the Named Executive Officers (as defined herein) and the Company's Chief Financial Officer, Comptroller, Treasurer, Chief Internal Audit Officer and Secretary. The Compensation Committee also has oversight responsibilities for all of the Company's broad-based compensation and benefit programs, including administration of the Company's Annual Incentive Plan, the 1995 Stock Incentive Plan, the 2002 Stock Incentive Plan and the Executive Performance Annual Incentive Plan. The Compensation Committee did not employ a consultant during 2008. The Compensation Committee adopted a Charter on November 21, 2002, which is available on the Company's website at <http://www.everestre.com>. The Charter provides that the Compensation Committee may form and delegate authority to subcommittees or to committees of the Company's subsidiaries when appropriate. This delegation authority was not exercised by the Compensation Committee during 2008. Additional information on the Compensation Committee's processes and procedures for consideration of executive compensation are addressed in this Proxy Statement under the heading "Compensation Discussion and Analysis".

The Compensation Committee is comprised of Mr. Abrahams, Mr. Duffy, Mr. Dunne and Mr. Weber, none of whom is a current or former employee or officer of the Company and all of whom meet the independence standards of the NYSE. Mr. Duffy serves as Chairman of the Compensation Committee. The Compensation Committee held four meetings in 2008.

Nominating and Governance Committee

The Nominating and Governance Committee was established by the Board on November 21, 2002, with authority and responsibility to identify and recommend qualified individuals to be nominated as directors of the Company and to develop and recommend to the Board the Corporate Governance Guidelines applicable to the Company. The current members of the Nominating and Governance Committee are Mr. Abrahams, Mr. Duffy, Mr. Dunne and Mr. Weber. Mr. Abrahams currently serves as Chairman of the Nominating and Governance Committee.

The Nominating and Governance Committee will consider a shareholder's nominee for director who is proposed in accordance with the procedures set forth in Bye-law 12 of the Company's Bye-laws, which is available on the Company's website or by mail from the Corporate Secretary's office. This Bye-law requires written notice of a shareholder's intent to make such a nomination at the 2010 Annual General Meeting of Shareholders to be received by the Secretary of the Company at the address listed below under Shareholder and Interested Party Communications with Directors, between November 9, 2009 and December 10, 2009. Such notice shall set forth the name and address, as it appears on the Register of Members, of the shareholder who intends to make the nomination; a representation that the shareholder is a holder of record of shares of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to make such nomination; the class and number of shares of the Company which are held by the shareholder; the name and address of each individual to be nominated; a description of all arrangements or understandings between the shareholder and any such nominee and any other person or persons (naming such person or persons) pursuant to which such nomination is to be made by the shareholder; such other information regarding any such nominee required to be included in a proxy statement filed pursuant to Regulation 14A under the Securities Exchange Act of 1934; and the consent of any such nominee to serve as a director, if so elected.

Shareholder candidates nominated in accordance with the procedures of Bye-law 12 will, like any other candidate for director, be considered based solely on their character, judgment, education, training, business experience and expertise. In addition to complying with independence standards of the NYSE, the SEC and

the Company, candidates for director must possess the highest levels of personal and professional ethics, integrity and values and be willing to devote sufficient time to perform their Board and committee duties. It is in the Company's best interests that the Board be comprised of individuals whose skills, experience, diversity and expertise complement those of the other Board members. The objective is to have a Board which, taken as a whole, is knowledgeable in the areas of insurance/reinsurance, accounting (using generally accepted accounting practices and/or statutory accounting practices for insurance companies), financial management and investment, legal/regulatory and any other areas which the Board and committee deem appropriate in light of the continuing operations of the Company and its subsidiaries. Financial services-related experience, other relevant prior service, a familiarity with national and international issues affecting the Company's operations and a diversity of background, experience, race and gender are also among the relevant criteria to be considered. Following interviews, meetings and such inquiries and investigations determined to be appropriate under the circumstances, the Committee makes its director recommendations to the Board.

The Nominating and Governance Committee held two meetings in 2008. The Committee's Charter, which was adopted by the Board on February 25, 2004, and the Corporate Governance Guidelines, which contain the director qualifications, are available on the Company's website at <http://www.everestre.com>.

Audit Committee Report

The Audit Committee has reviewed and discussed with management, which has primary responsibility for the financial statements, and with PricewaterhouseCoopers LLP, the Company's independent auditors, the audited financial statements for the year ended December 31, 2008 (the "Audited Financial Statements"). In addition, the Audit Committee has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended. The Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by applicable requirements of the Public Accounting Oversight Board regarding PricewaterhouseCoopers LLP's communications with the Audit Committee concerning independence, and has discussed with that firm its independence. The Audit Committee also has discussed with management of the Company and with PricewaterhouseCoopers LLP such other matters and received such assurances from them as the Committee deemed appropriate. Based on the foregoing review and discussions and relying thereon, the Audit Committee recommended to the Company's Board of Directors the inclusion of the Audited Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2008.

The Audit Committee devoted substantial time in 2008 to discussing with the Company's independent auditors and internal auditors the status and operating effectiveness of the Company's internal controls over financial reporting. The Audit Committee's oversight involved several meetings, both with management and with the auditors outside the presence of management, to monitor the preparation of management's report on the effectiveness of the Company's internal controls. The meetings reviewed in detail the standards that were established, the content of management's assessment, and the auditors' testing and evaluation of the design and operating effectiveness of the internal controls. As reported in the Company's Annual Report on Form 10-K filed March 2, 2009, the independent auditors concluded that, as of December 31, 2008, the Company maintained, in all material respects, effective internal controls over financial reporting based upon the criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Under its Charter and the "Audit and Non-Audit Services Pre-Approval Policy" (the "Policy"), the Audit Committee is required to pre-approve the audit and non-audit services to be performed by the independent auditors. The Policy requires that any service that has not received a general pre-approval or that exceeds pre-approved cost levels or budgeted amounts requires specific approval by the Audit Committee. For both specific and general pre-approval, the Audit Committee considers whether such services are consistent with the SEC's rules on auditor independence. The Audit Committee also considers whether the independent auditors are best positioned to provide the most effective and efficient service and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. The Audit Committee is also mindful of the relationship between fees for audit and non-audit services in deciding whether to pre-approve any such services and may determine, for each fiscal year, the appropriate ratio between the total amount of fees for audit, audit-related and tax fees and a total amount of fees for certain permissible non-

audit services classified as “All Other Fees” below. All such factors are considered as a whole, and no one factor is determinative. The Audit Committee has considered whether the performance by PricewaterhouseCoopers LLP of the services disclosed below is compatible with maintaining their independence. The Audit Committee approved all of the audit-related fees, tax fees and all other fees for 2008 and 2007.

The fees billed to the Company by PricewaterhouseCoopers LLP and its worldwide affiliates in 2008 and 2007 are as follows:

	2008	2007
Audit Fees (1)	\$ 3,491,948	\$ 3,484,258
Audit-Related Fees (2)	75,100	102,500
Tax Fees (3)	97,270	168,519
All Other Fees (4)	5,029	4,984

- (1) Audit fees include the annual audit and quarterly financial statement reviews, internal control audit (as required by the Sarbanes Oxley Act of 2002), subsidiary audits, and procedures required to be performed by the independent auditors to be able to form an opinion on the Company’s consolidated financial statements. Audit fees also include statutory audits or financial audits of subsidiaries or affiliates of the Company and services associated with SEC registration statements, periodic reports and other documents filed with the SEC or other documents issued in connection with securities offerings.
- (2) Audit-related fees include assurance and related services that are reasonably related to the performance of the audit or review of the Company’s financial statements; accounting consultations related to accounting, financial reporting or disclosure matters not classified as “audit services”; assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities; financial audits of employee benefit plans; agreed-upon or expanded audit procedures related to accounting and/or billing records required to respond to or comply with financial, accounting or regulatory reporting matters and assistance with internal control reporting requirements.
- (3) Tax fees include tax compliance, tax planning and tax advice and may be granted general pre-approval by the Audit Committee.
- (4) All other fees are for accounting and research subscriptions.

DIRECTORS' COMPENSATION

Each member of the Board who is not otherwise affiliated with the Company as an employee and/or officer ("Non-Employee Director" or "Non-Management Director") was compensated in 2008 for services as a director and was also reimbursed for out-of-pocket expenses associated with each meeting attended. The annual compensation for 2008 of each Non-Employee Director consisted of shares and/or cash having an aggregate value of \$75,000. The compensation was paid in four installments of cash or, at the director's election, by issuances of Common Shares under the 2003 Directors Plan which was approved by shareholders on May 22, 2003, and amended with the approval of shareholders on May 25, 2005.

Giving Non-Employee Directors an opportunity to receive their compensation in the form of Common Shares is intended to align their interests with those of the Company's shareholders. The value of Common Shares issued is calculated based on the average of the highest and lowest sale prices of the Common Shares on each installment date or, if no sale is reported for that day, the preceding day for which there is a reported sale. During 2008, Mr. Galtney and Mr. Weber, who elected to receive share-based retainer fees, each received 853 Common Shares.

On May 23, 1996, the shareholders approved the Company's adoption of the 1995 Stock Option Plan for Non-Employee Directors (the "1995 Directors' Plan"), which was designed to maintain the Company's ability to attract and retain the services of experienced and highly qualified Non-Employee Directors and to create in those directors a proprietary interest in the Company's continued success. At the time of their appointment to the Board, each Non-Employee Director is awarded an option to purchase an amount of Common Shares equal to \$50,000 divided by the average of the NYSE high and low price of one share on that day with an exercise price equal to that average. As defined in the 1995 Directors' Plan, the fair market value is determined by averaging the highest and lowest trading prices of the Common Shares on the date of the option award. The 1995 Directors' Plan has expired and, therefore, the shareholders are being asked to consider and approve a replacement plan. (See Proposal Number 3 below, "Approval of Everest Re Group, Ltd. 2009 Non-Employee Director Stock Option and Restricted Stock Plan.")

On May 25, 2005, each of the Non-Employee Directors was granted 2,000 restricted shares under the 2003 Directors Plan which vest over a three year term. On February 21, 2007 and on February 20, 2008, each of the Non-Employee Directors was granted 1,500 restricted shares under the 2003 Directors Plan which vest respectively over a three year term.

The table below summarizes the compensation paid by the Company to Non-Employee Directors for the fiscal year ended December 31, 2008.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of the Company's Compensation Program's Philosophy and Objectives.

The Company's executive compensation program is designed to attract, retain and motivate highly talented individuals whose abilities are critical to the success of the Company. To achieve these ends, the executive compensation program utilizes a two-prong approach. First, a short-term component consisting of a base salary and merit-based discretionary bonus is designed to attract, reward and retain executives for achieving optimal performance in the current year. Second, a long-term component consisting of discretionary equity awards in the form of share options and/or restricted shares is designed to align key executive's interests

13

with those of the Company's shareholders and incentivize the executive to work towards achieving the Company's long-term goals of profitability and strong shareholder returns. Thus, the executive compensation program is designed to reward those employees who are integral to the Company's success this year as well as into the future.

The Company's executive compensation program is implemented by the Compensation Committee. The members of the Compensation Committee are appointed annually by the Board of Directors and satisfy the independence requirements of the NYSE.

The Compensation Committee meets outside the presence of management to discuss compensation decisions. The Compensation Committee is guided by the following principles when making compensation decisions individually and collectively:

- Compensation of executive officers is based on the level of job responsibility, their individual performance and their contribution to the performance of the Company.
- Compensation awards and levels are generally intended to be reasonably competitive with compensation paid by organizations of similar stature so as to minimize the potential for disruptive turnover amongst important contributors.
- Compensation is intended to align the interests of the executive officers with those of the Company's shareholders by basing a significant part of total compensation on the long-term performance of the Common Shares.

Components of the Company's Compensation Program.

In 2008, annual compensation for the Company's executive officers consisted principally of a base salary, a cash bonus, and equity based awards. Apart from the salary, bonus and equity award components, all employees including executive officers received other forms of compensation from the Company. That compensation included a Company funded pension plan, Company paid term life insurance, partially subsidized medical and dental plan, Company paid disability insurance, and participation in a Company sponsored 401(k) employee savings plan. Executives may also participate in a supplemental savings plan and supplemental retirement plan, both of which are non-qualified with respect to current tax deductibility in the U.S. The purpose of these supplemental plans is principally to restore benefits which would otherwise have been limited by U.S. benefit plan rules.

Base Salary and Bonus Determinations.

The base salaries for all executive officers are determined by the Compensation Committee. With the exception of Messrs. Taranto, Eisenacher and de Saram who have or had employment agreements, base salaries are established upon hire or assignment date and reconsidered annually or as responsibilities change. Adjustments are based on each executive officer's performance and the Company's performance and may also take into account competitive conditions in the industry.

For purposes of base salary compensation and in assessing competitive conditions in the industry, the Compensation Committee may periodically examine miscellaneous trade or other publications regarding executive compensation, including publicly filed financial statements. However, the Compensation Committee does not engage in formal benchmarking in determining compensation for Named Executive Officers.

The Company awards annual cash bonuses to executive officers under the Annual Incentive Plan and the Executive Performance Annual Incentive Plan. The Annual Incentive Plan is applicable to all executive officers and management employees, except for Mr. Taranto who is subject to the Executive Performance Annual Incentive Plan. Under the Annual Incentive Plan, the Company may make cash payments each year to employees who hold positions of significant responsibility and/or whose performance or potential contribution, in the judgment of the Compensation Committee, will contribute materially to the success of the

Company and its subsidiaries. The Annual Incentive Plan is designed to reward past accomplishments, to motivate future accomplishments, and to aid in attracting and retaining employees of the caliber necessary for the continued success of the Company. The actual cash bonus amounts recommended for individual plan participants are subjectively and judgmentally determined by executive management based on a variety of factors including individual responsibilities, experience, contributions and performance, as well as position relative to internal peers. Consideration of these factors encourages executives to strive to improve their performance. The Compensation Committee reviews management's recommendation, and has the discretion to reject or modify the recommended individual awards. The Company generally limits the aggregate amount available for such bonus payments to 3% of the Company's net operating income. For purposes of determining 2008 awards, the total amount available for bonuses under the Annual Incentive Plan was \$19.3 million.

Unlike the Annual Incentive Plan, the executive officers eligible to participate in the Executive Performance Annual Incentive Plan (the "Executive Incentive Plan") are selected by the Compensation Committee. Currently, only Mr. Taranto is a participant in the Executive Incentive Plan. Pursuant to this plan, the Compensation Committee establishes performance goals for each participant which, if attained, entitles the participant to specific award amounts. The Executive Incentive Plan provides that the total amount of awards granted to all participants in any one year may not exceed 10% of the Company's average annual income before taxes for the preceding five years.

In the case of Mr. Taranto, the Executive Incentive Plan involves a personal performance grid that relates various levels of the Company's net operating income, return on average equity and earnings per share, to a maximum cash incentive award for a given level of performance. For 2008, Mr. Taranto's maximum potential award was \$2.5 million. Although this amount was the maximum cash bonus award that could be awarded to Mr. Taranto, the Compensation Committee may, in its discretion, choose to reduce the actual amount of the award. For 2008, Mr. Taranto's cash bonus was \$1.4 million.

Long-Term Compensation Determinations.

The second component of the Company's executive compensation plan is premised on a strategic view of compensation. This long-term compensation component is achieved through the Everest Re Group, Ltd. 2002 Stock Incentive Plan, as amended May 2006 ("2002 Stock Incentive Plan"). Awards under the 2002 Stock Incentive Plan are intended to reinforce management's long-term perspective on corporate performance, provide an incentive for key executives to remain with the Company for the long-term, and provide a strong incentive for employees to work to increase shareholder value by aligning employees' interests with the shareholders.

Awards under the 2002 Stock Incentive Plan may take the form of share options, share appreciation rights, restricted shares or share awards. To date, the Company has only awarded restricted shares and non-qualified share options pursuant to the Plan. Options and restricted shares are awarded on the day that they are granted by the Compensation Committee and valued as of the grant date. Options are issued with an exercise price equal to the fair market value of the Company's stock on the grant date. The Company determines fair market value by averaging the high and low market price on the grant date. Equity grants are made in conjunction with the meeting of the Compensation Committee, and there is no plan or practice to grant options or restricted shares in coordination with the release of material non-public information.

Additionally, the Company's Ethics Guidelines impose a total prohibition on its officers, directors or other employees trading in options in the Company's shares. Prohibited options include options awarded under the 1995 and 2002 Stock Incentive Plans, "put" options and "call" options. The Company's officers, directors or other employees are also prohibited from engaging in transactions geared toward "shorting" the Company's stock.

In the case of equity awards, the CEO makes recommendations to the Compensation Committee for each executive officer, and the awards are discussed by the Compensation Committee and recommended for action by the Board. Awards are granted subjectively at the discretion of the Compensation Committee based on a variety of factors. Examples of factors include the recipient's demonstrated past and expected

Edgar Filing: EVEREST RE GROUP LTD - Form DEF 14A

future performance, the recipient's level of responsibility within the Company, their ability to affect shareholder value, and past awards of share options, share appreciation rights, restricted shares, or share awards. Restricted share awards and share options encourage employee retention because all awards vest over a five year period at the rate of 20% per year and are generally forfeited if the recipient leaves the Company before vesting. Generally, upon termination of employment, the recipient loses unvested options and restricted shares and has 90 days to exercise vested options. In addition, the expiration of share options ten years after they are granted is designed to encourage recipients to work on the Company's growth over the long-term and not simply cater to short-term profits.

As with his short-term compensation components, the determination, award and vesting of awards for Mr. Taranto are handled separately. The Compensation Committee discusses the CEO's self-assessment and recommendation with the CEO, and meets outside of the presence of the CEO in making its award determination. Like other executive officers, the CEO's award is granted subjectively at the discretion of the Compensation Committee based upon factors similar to those considered for other executive officers as described above. In accordance with the terms of the 2005 amendment to his employment agreement, in consideration for extending his employment with the Company, all restricted shares and outstanding options awarded to Mr. Taranto under the 2002 Stock Incentive Plan vested on March 31, 2008.

Other Forms of Compensation.

Apart from the salary, bonus and long-term compensation components discussed above, all employees including executive officers receive other forms of compensation from the Company. That compensation includes a Company funded pension plan, Company paid term life insurance, partially subsidized medical and dental plan, Company paid disability insurance, and participation in a Company sponsored 401(k) employee savings plan. Executives may also participate in a supplemental savings plan and a "Supplemental Retirement Plan," both of which are non-qualified with respect to tax deductibility in the U.S. The purpose of these plans is principally to restore benefits which would otherwise have been limited by U.S. benefit plan rules.

Perquisites and Other Benefits.

When the Compensation Committee determines it appropriate, the Company provides Named Executive Officers with perquisites and other personal benefits that are reasonable and consistent with the overall compensation plan and the philosophy of attracting and retaining key employees. The Compensation Committee periodically reviews these awards of perquisites and other benefits.

The only perquisites approved by the Compensation Committee for 2008 were: (1) Mr. de Saram's housing, family travel and golf membership fees for Tuckers Point Country Club in Bermuda, and (2) Mr. Eisenacher's travel reimbursement, each under the terms of their respective employment agreements. The amounts reported for Mr. de Saram and Mr. Eisenacher are included in the Summary Compensation Table.

Tax and Accounting Implications.

Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended, limits the ability of a publicly-held company to take a tax deduction for annual compensation in excess of \$1 million paid to its chief executive officer or to any of its four other most highly compensated officers. However, compensation is exempt from this limit if it qualifies as "performance-based compensation." To preserve this deduction, the Company has designed its incentive plans to constitute "performance-based compensation" and not be counted toward the \$1 million limit. However, the 2002 Stock Incentive Plan does allow for the Compensation Committee, in its sole discretion, to grant awards under the plans which do not constitute "performance-based compensation." Although the Compensation Committee considers deductibility under section 162(m) with respect

to the compensation arrangements for executive officers, deductibility is not a determinative factor when considering appropriate levels or methods of compensation.

16

It is the Compensation Committee's objective to have its U.S. tax-paying executives not be subject to penalties under U.S. Internal Revenue Code §409A, ("§409A"). Accordingly, all applicable compensation and benefit programs have been amended and are administered in accordance with §409A.

The foregoing provides a general overview of the Company's philosophy on executive compensation. The tables contained in the subsequent sections attribute specific dollar values for the various aspects of executive compensation previously discussed.

Compensation of Executive Officers.

The following table sets forth compensation paid or accrued for the last fiscal year with respect to the Company's Chief Executive Officer, Principal Financial Officer and the three other most highly compensated executive officers as of December 31, 2008 (collectively, the "Named Executive Officers"), for services rendered by them to the Company and to its subsidiaries.

Retirement Plan.

All the executive officers of the Company, with the exception of Mr. de Saram, participate in the Everest Reinsurance Company Retirement Plan (the "Retirement Plan") and, except for Mr. de Saram and Mr. Shoemaker, in the Supplemental Retirement Plan (the "Supplemental Plan"), both of which are defined benefit pension plans. As an employee of Bermuda Re, Mr. de Saram is not eligible to participate in the Retirement Plan, and Bermuda Re does not maintain a defined benefit pension plan. The Retirement Plan is a tax-qualified plan that determines benefits under a formula that takes into account a participant's years of continuous service and final average earnings with Everest Re and certain affiliates, including the participant's period of affiliation with The Prudential Insurance Company of America ("Prudential"). The Supplemental Plan is a non-qualified plan that provides benefits that would otherwise be provided under the Retirement Plan formula but for the application of certain limitations on tax-qualified benefits under the Internal Revenue Code.

Edgar Filing: EVEREST RE GROUP LTD - Form DEF 14A

A participant's "final average earnings" under the Retirement Plan will be his or her average annual "earnings" under the plan during the 72 consecutive months of continuous service in which the participant received the greatest amount of earnings out of the final 120 months of continuous service. For this purpose, "earnings" generally include the participant's base salary, cash bonus payments under the Executive Performance Annual Incentive Plan and, for participants who held positions equivalent to or senior to that of department vice president when that position existed, cash payments under the Company's Annual Incentive Plan. "Earnings" does not include any other compensation set forth in the Summary Compensation Table.

Final average earnings and earnings will be determined under the Supplemental Plan in the same manner as under the Retirement Plan, except that a participant's earnings are not subject to the limitations under the Internal Revenue Code. "Continuous service" under the Retirement Plan and Supplemental Plan will be the number of years and months worked for Everest Re and certain affiliates, including during the period of affiliation with Prudential.

21

The table below shows the present value of accumulated benefits payable to each of the Named Executive Officers determined using interest rate and mortality rate assumptions consistent with those in the Company's financial statements and the number of years of service credited to each. A Participant becomes vested in the Supplemental Plan upon reaching five years of service, retirement at age 65 or upon a Change of Control. If a Participant leaves the Company prior to becoming vested in the Supplemental Plan, he receives no benefits.

Mr. Taranto, Mr. Eisenacher and Mr. Shoemaker are not eligible to retire with unreduced benefits until age 65. Where a person participates in both the Retirement Plan and the Supplemental Plan, the number of years of credited service is the same for both plans.

When the annual IRS 401(a) (17) compensation maximum is reached under the qualified savings plan, eligible employees may enroll in the Supplemental Savings Plan which allows for up to a 3% employee contribution and a 3% company match. Withdrawal is permitted only upon cessation of employment.

EMPLOYMENT AND CHANGE OF CONTROL AGREEMENTS.

Employment agreements have been entered into with Messrs. Taranto, de Saram, Eisenacher. Mr. Eisenacher's agreement expired without renewal on December 19, 2008. Employment agreements are entered into when it is determined that an employment agreement assists in obtaining assurance as to the executive's continued employment in light of the prevailing market competition for the particular position, or where the Compensation Committee believes that an employment agreement is appropriate to attract an executive in light of market conditions and the prior experience of the executive. The terms of the agreement take into consideration the executive's prior background, experience, compensation, competitive conditions and negotiations with the executive.

Joseph V. Taranto. On July 15, 1998, the Company entered into an employment agreement with Mr. Taranto (the "Employment Agreement"). The Employment Agreement was most recently amended on April 5, 2007 to extend his term of employment to December 31, 2009, unless sooner terminated in accordance with its terms. The Employment Agreement provides for a base salary of \$1,000,000 per year and states that Mr. Taranto is eligible to participate in the Executive Annual Incentive Plan. Upon entering into the Employment

23

Agreement in July 1998, Mr. Taranto received non-qualified options under the Company's 1995 Stock Incentive Plan to purchase 150,000 Common Shares as a sign-on bonus. Upon execution of the April 20, 2001 amendment extending the term of his employment, he was awarded non-qualified options to purchase 200,000 Common Shares under the same plan. Upon execution of the August 31, 2005 amendment, Mr. Taranto was awarded 40,000 restricted shares under the Company's 2002 Stock Incentive Plan. Pursuant to the Employment Agreement, Mr. Taranto's restricted shares and option award agreements vested on March 31, 2008.

In connection with the restructuring of the Company in February 2000, Mr. Taranto's Employment Agreement was amended to state that he would be the Chairman and Chief Executive Officer of the Company after the restructuring and that he would provide services to the Company after the restructuring that were comparable to those required under his Employment Agreement prior to the restructuring. As a result, the Company and Everest Holdings are both parties to the Employment Agreement and have co-extensive rights, powers, duties and obligations. The February 2000 amendment made other conforming changes to the Employment Agreement to reflect the restructuring. When the Company established Everest Global as a Delaware subsidiary to perform administrative and back-office functions for the Company and its insurance subsidiaries, Mr. Taranto became an employee of that company and Everest Global became a party to the Employment Agreement.

If the Company terminates Mr. Taranto's employment for due cause (as defined in the Employment Agreement) or if he voluntarily terminates his employment other than for good reason (as defined in the Employment Agreement), Mr. Taranto will be entitled to his base salary due him through the date of termination. If the Company terminates Mr. Taranto's employment other than for due cause, or if he voluntarily terminates his

Edgar Filing: EVEREST RE GROUP LTD - Form DEF 14A

employment for good reason, the Company will be obligated to pay him, in addition to all base salary accrued through the date of termination, (i) the aggregate amount of base salary from the date of termination through December 31, 2009, and (ii) the aggregate bonus amounts due under the appropriate bonus plans or programs through December 31, 2009.

In connection with the execution of the Employment Agreement, the Company and Mr. Taranto also entered into a Change of Control Agreement dated as of July 15, 1998 and amended on April 5, 2007 to extend the term to December 31, 2009 and reflect his employment by Everest Global. Mr. Taranto's Change of Control Agreement was amended and restated effective January 1, 2009 in order to make his agreement compliant with §409A. A violation of §409 may subject an executive to recognition of income with respect to nonqualified deferred compensation at the time such compensation becomes vested plus a 20 percent tax and interest.

Mr. Taranto's Change of Control Agreement provides that if, within one year after the occurrence of a material change (as defined in the agreement), Mr. Taranto terminates his employment for any reason, or if the Company terminates Mr. Taranto's employment for any reason other than for due cause (as defined in the agreement), then (a) all of Mr. Taranto's outstanding share options granted under the Company's share plans shall immediately vest and become exercisable; (b) Mr. Taranto shall receive a cash payment six months after separation equal to the lesser of (i) 2.99 multiplied by Mr. Taranto's annual compensation for the most recent taxable year ending prior to the date of the material change less the value of Mr. Taranto's gross income in the most recent taxable year ending prior to the date of a material change attributable to his exercise of share options, share appreciation rights and other share-based awards granted Mr. Taranto by the Company or (ii) 2.99 multiplied by Mr. Taranto's "annualized includible compensation for the base period" as that phrase is defined in Section 280G(d) of the Internal Revenue Code; (c) Mr. Taranto shall continue to be covered under the Company's medical and dental insurance plans for a period of three years from the date of termination; and (d) Mr. Taranto shall receive "Special Retirement Benefits" in an amount that will equal the retirement benefits he would have received had he continued in the employ of the Company for three years following his termination under the Everest Reinsurance Retirement Plan and any supplemental, substitute or successor retirement plans adopted by the Company. All Special Retirement Benefits shall be paid six months after separation.

In the event that the benefits Mr. Taranto receives under the Change of Control Agreement cause Mr. Taranto to receive a "Parachute Payment" within the meaning of Section 280G of the Internal Revenue Code,

Mr. Taranto's benefits will be reduced to an amount that is one dollar less than the amount that would cause a Parachute Payment. If an award made under the Change of Control Agreement nevertheless results in an assessment against Mr. Taranto of a "Parachute Tax" pursuant to Section 4999 of the Internal Revenue Code, Mr. Taranto shall be entitled to receive an additional amount of money that would put him in the same net tax position had no Parachute Tax been incurred.

Craig Eisenacher. On November 29, 2006, the Company entered into an employment agreement with Mr. Eisenacher, under which he is to serve as the Executive Vice President and Chief Financial Officer of the Company from December 18, 2006 until December 19, 2008. The agreement was amended to provide for a salary increase effective April 28, 2008 and expired on December 19, 2008.

Mark S. de Saram. On October 14, 2004, Bermuda Re entered into an employment agreement with Mr. de Saram, which was most recently amended on November 1, 2008, under which he is to serve as the Managing Director and Chief Executive Officer of Bermuda Re until November 1, 2010. As amended, the agreement provides for an annual salary of \$465,000 and \$12,500 per month as a housing allowance. Mr.

de Saram is also eligible to participate in the Company's Annual Incentive Plan, which is entirely discretionary in nature and which may be amended or terminated by the Company at any time. All payments shall be made in U.S. dollars. He is also a participant in the Senior Executive Change of Control Plan. (See "Other Change of Control Arrangements") Pursuant to his employment agreement, Mr. de Saram participates in the medical insurance, dental insurance and group life insurance plans currently available to other Bermuda Re employees. In lieu of participating in the Bermuda Savings Plan, he receives a monthly payment equal to 10% of his monthly salary.

If Bermuda Re terminates Mr. de Saram's employment prior to November 1, 2010 for reasons other than misconduct or a breach of Bermuda Re's policies, a separation payment equivalent to one year's salary will be made and a reasonable allowance will be provided to move his personal possessions back to the United Kingdom. Bermuda Re may terminate Mr. de Saram's employment for cause as defined in the employment agreement at any time during the term of the agreement without prior notice. If Bermuda Re does not renew Mr. de Saram's employment agreement at the expiration of its term and does not offer him employment at the level at which he was employed prior to entering into that agreement, then Bermuda Re will pay Mr. de Saram a sum equal to six month's base salary, plus the reasonable cost of six months of medical insurance.

Other Change of Control Arrangements. The Company's Change of Control arrangements are principally intended to provide continuity of management by motivating executive officers to remain with the Company, despite the uncertainty that arises in the context of a change in control.

The Company established a Senior Executive Change of Control Plan effective September 28, 1998, which was amended and restated effective January 1, 2009 in order to make it compliant with §409A. A violation of §409A may subject an executive to recognition of income with respect to nonqualified deferred compensation at the time such compensation becomes vested plus a 20 percent tax and interest. Consistent with the changes described above, the Senior Executive Change of Control Plan requires the participant to wait six months following a termination of employment to receive any payments under the plan. The Change of Control Plan is administered by the Compensation Committee, which selects participants from among the senior executives of the Company and its subsidiaries. Among others, the Compensation Committee has selected Mr. Gallagher, Mr. Eisenacher and Mr. de Saram to participate in the plan.

The Senior Executive Change of Control Plan provides that if, within two years after the occurrence of a material change (as defined in the plan) a participant terminates his or her employment for good reason (as defined in the plan) or the Company terminates the participant's employment for any reason other than for due cause (as defined in the plan), then (a) all of the participant's outstanding share options granted under the Company's stock plans shall immediately vest and remain exercisable for three months following termination of employment; (b) all restrictions on the participant's restricted shares awarded under the Company's share plans shall immediately terminate and lapse; (c) the participant shall receive a cash payment six months after termination equal to the participant's average salary and annual incentive bonus for the three most recent taxable years (or such shorter period as may be applicable) multiplied by a number

between 2.00 and 2.99 determined by the Compensation Committee (for Mr. Gallagher the number is 2.99 and for Messrs. Eisenacher and de Saram the number is 2.00); (d) the participant shall continue to be covered under the Company's medical and dental insurance plans for a period of two years from the date of termination; and (e) the participant shall receive "special retirement benefits" in an amount that will equal the retirement benefits he or she would have received under the Everest Reinsurance Retirement Plan and any supplemental, substitute or successor plans adopted by the Company had he or she continued in the employ of the Company for a period following termination determined by the Compensation Committee. For Mr. Gallagher, the period is three years, and for Mr. Eisenacher and Mr. de Saram, the period is two years. Special Retirement benefits shall be paid six months after termination.

Potential Payments Upon Termination or Change in Control.

The tables below show the incremental amount of compensation that might be paid to each of the Named Executive Officers in the event of termination of his employment. The amounts shown assume that such termination, change in control, death or disability was effective as of December 31, 2008 and includes estimates of amounts to which the Named Executive Officer might be entitled incremental to what he earned during such time. The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company and may be changed at the discretion of the Compensation Committee of the Company's Board of Directors.

Payments Made Upon Termination. Regardless of the manner in which a Named Executive Officer's employment terminates, he is entitled to receive amounts earned during his term of employment. Such amounts include: accrued salary; amounts contributed under the Employee Savings Plan and the Supplemental Savings Plan (See Non-qualified Deferred Compensation Table) and amounts accrued and vested through the Company's Retirement Plan and the Supplemental Retirement Plan. (See Pension Benefits Table.) The retirement plans offer survivor annuity, if elected by the participant.

Payments Made Upon Retirement. In the event of Retirement, in addition to the items above, all will receive the pension benefits shown in the Pension Benefits Table with a reduction for early retirement. Generally, restricted shares and unexercisable options are cancelled and vested options remain exercisable for 90 days following retirement.

Payments Made Upon Death or Disability. In the event of death or disability, in addition to the benefits listed under the headings above, the Named Executive Officer will receive benefits under the Company's disability plan or payments under the Company's life insurance program, as available to employees generally. In the event of Mr. Taranto's death, the Company will pay his base salary through the end of the month of death. In the event of Mr. Taranto's death or disability, his bonus would be paid on an annualized basis. For 2008, the bonus would have been \$1.4 million as reported in the Summary Compensation Table.

In the event of the death or disability of any of the Named Executive Officers, unvested share options become exercisable and the restrictions on restricted shares lapse. The following table lists the value of equity awards for each Named Executive Officer at the NYSE closing price of \$76.14 at 2008 year end as if all vested on December 31, 2008. It does not include the unexercised options that have already vested. The option value is the closing price less the option price for each grant and restricted shares are valued at the closing price.

For Mr. Taranto, the term is within one year of a change in control. The Change of Control agreements provide that payment is capped at one dollar less than the amount that would otherwise trigger a Parachute Payment under Section 280G of the Internal Revenue Code.

- (2) The Senior Executive Change of Control Agreement provides for a cash payment that equals the average of the executive's salary and bonus for the previous three years times a factor assigned by the Board. In Mr. Gallagher's case, the factor is 2.99. The factor is 2.0 for Mr. de Saram and Mr. Eisenacher.

- (3) The unvested equity awards for each Named Executive Officer are valued at the NYSE closing price of \$76.14 at 2008 year end as if all vested on December 31, 2008.
- (4) The terms of the Change of Control Agreement offer a cash payout, vesting of equity awards and enhanced pension and health benefits but the aggregate amount is capped at one dollar less than the amount that would otherwise trigger a Parachute Payment under Section 280G of the Internal Revenue Code. The amount shown is the lesser of the total value or one dollar less than three times the Named Executive Officer's annualized compensation for the most recent five years.
- (5) Pursuant to the terms of his Employment Agreement, Mr. de Saram would receive one year's salary plus reasonable moving expenses, if terminated without cause. There is no provision for payment if Mr. de Saram leaves for good reason.

Proxies given by shareholders of record will be so voted unless the shareholders specify otherwise in their proxies. This summary of the material terms of the Plan is qualified in its entirety by the full text of the Plan, a copy of which is set forth as Appendix B to this Proxy Statement.

Description of 2009 Plan

General.

Edgar Filing: EVEREST RE GROUP LTD - Form DEF 14A

On February 18, 2009, the Board adopted the Everest Re Group, Ltd. 2009 Non-Employee Director Stock Option and Restricted Stock Plan (the "2009 Plan"), subject to approval by the Company's shareholders. The 2009 Plan will become effective immediately upon approval by the shareholders and, if approved, will continue in effect until terminated by the Board, the date all Common Shares of the Company subject to the 2009 Plan have been purchased or restrictions have lapsed or 10 (ten) years from its effective date, whichever is earlier. The Board has approved the 2009 Plan, and is recommending it to the shareholders for their approval, because the Board believes it is important for non-employer directors to have an equity interest in the Company. This plan is intended to replace the 1995 Non-Employee Director Stock Option Plan (the "1995 Plan") that previously expired. The purpose of the 2009 Plan, consistent with the 1995 Plan, is to aid in securing for the Company and its shareholders the benefits of having experienced and highly qualified persons become and remain members of the Board of the Company and to provide to such persons the incentive inherent in ownership of shares.

The total number of shares reserved for issuance under the 2009 Plan is 37,439, which amount constitutes the remaining shares that were available for award under the 1995 Plan, at the time it expired. The 2009 Plan provides that each person who becomes a non-employee director is granted on the date such person is first elected to the Board, either singularly or in combination (1) restricted shares, ("Restricted Stock") or (2) a non-qualified stock option ("Option") to purchase that number of Common Shares equal to \$50,000 divided by the fair market value of the Common Shares on the date that the award is granted.

The number of shares and other restrictions that are deemed appropriate will be included in an individual award document reflecting the grant of the award to the recipient and setting forth the specific terms and conditions of the award.

Plan Administration.

The 2009 Plan will be administered by the Board, or a committee thereof, (the "Committee"), the members of which shall be designated by the Board. The Committee shall initially be the full Board. The Compensation Committee of the Board shall separately have authority to determine the allocation of awards, as between Restricted Stock and Option components.

The Committee may delegate all or any portion of its responsibilities or powers under the 2009 Plan to persons selected, provided, however, that the Committee may not delegate discretionary authority with respect to substantial decisions or functions regarding the 2009 Plan or awards.

Stock Options.

The purchase price of shares under each Option must be based upon the fair market value of a Share on the date the Option is granted. Under the terms of the 2009 Plan, Options are exercisable over a two year period. Specifically the 2009 Plan provides for the vesting of an Option in accordance with the following schedule: (i) in the event the date of grant of the Option is the annual general meeting of shareholders of the Company, one-half of the total number of shares of common stock of the Company covered by the Option shall become exercisable on the next succeeding annual general meeting of stockholders, and the additional one-half of

said initial total number of shares shall become exercisable on the second succeeding annual general meeting of shareholders; or (ii) in the event the date of grant is a date other than the annual general meeting of shareholders, one-half of the total number of shares of common stock of the

Edgar Filing: EVEREST RE GROUP LTD - Form DEF 14A

Company covered by the Option shall become exercisable on the first anniversary date of the grant of the Option, and the additional one-half of said initial total number of shares shall become exercisable on the second succeeding anniversary date of the date of grant.

Once an Option becomes exercisable, such option may be exercised at any time prior to its expiration or termination. Payment of the aggregate option price may generally be paid either by check or bank draft, by tendering to the Company common stock already owned for at least six months having a fair market value equal to the cash exercise price applicable to such Option, by any combination of the foregoing, or in accordance with a cashless exercise program whereby shares of common stock may be issued directly to the director's account at a broker or dealer upon receipt of the purchase price in cash from the broker or dealer.

The 2009 Plan provides that in the event a director's service on the Board is discontinued for any reason after the completion of such director's initial term of elected office, each unexpired Option held by such director shall, to the extent exercisable, remain exercisable for a period of three years following such director's termination of service.

In the event of a director's termination of service by reason of death or disability, each unexpired Option held by a director becomes immediately and fully exercisable for a period of three years following termination.

Restricted Stock.

A Restricted Stock award is a grant of shares, with such shares being made subject to a risk of substantial forfeiture or other restrictions that lapse upon the achievement of one or more goals relating to completion of service, as determined by the Committee. Recipients of Restricted Stock may have voting rights and may receive dividends on the granted shares prior to the time the restrictions lapse.

Change in Control.

In the event of a "Change in Control" of the Company, as discussed below, any outstanding Options under the 2009 Plan shall fully vest on the date of such Change in Control and shall be exercisable for one year following the date of the Change in Control. In addition, the Board may, in its sole discretion, take any of the following actions in addition to any action authorized by the terms of an award agreement:

- offer to purchase any outstanding Restricted Stock award made pursuant to the 2009 Plan from the holder for its fair market value, as determined by the Committee, as of the date of the Change of Control; or
- make adjustments or modifications to outstanding Restricted Stock awards as the Committee deems appropriate to maintain and protect the rights and interests of participants following such change of control.

For purposes of the 2009 Plan, a Change of Control shall mean the occurrence of any of the following:

- A tender offer or exchange offer whereby the effect of such offer is to take over and control the affairs of the Company and such offer is consummated for the ownership of securities of the Company representing twenty-five percent (25%) or more of the combined voting power of the Company's then outstanding voting securities.

Edgar Filing: EVEREST RE GROUP LTD - Form DEF 14A

- The Company is merged or consolidated with another corporation and, as a result, less than seventy-five percent (75%) of the outstanding voting securities of the resulting corporation shall then be owned in the aggregate by the former shareholders of the Company other than affiliates.
- The Company transfers substantially all of its assets to another corporation or entity that is not its wholly owned subsidiary.

31

- Any person is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing twenty-five percent (25%) or more of the combined voting power of the Company's then outstanding securities, and the effect of such ownership is to take over and control the affairs of the Company.
- As the result of a tender offer, merger, consolidation, sale of assets, or contested election, or any combination of such transactions, the persons who were members of the Board of the Company immediately before the transaction cease to constitute at least a majority thereof.

Amendment and Termination.

The Board may at any time amend, modify or terminate the 2009 Plan, in whole or in part, subject to restrictions under applicable law, provided, no such amendment shall affect any previously-granted award without the consent of the participant.

Adjustments.

The 2009 Plan contains provisions relating to adjustments of the terms of outstanding awards to reflect changes in the Company's capitalization or shares or the occurrence of specified events. The number of shares that may be acquired under the 2009 Plan, the maximum number of shares that may be delivered pursuant to awards, and such other terms as are necessarily affected by such specified events are subject to adjustment in the event of a stock dividend, stock split, recapitalization, merger, consolidation (whether or not the Company is the surviving corporation), reorganization, combination or exchange of shares or similar events.

Transferability.

Except as otherwise provided by the Committee, awards under the 2009 Plan will only be transferable to the extent designated by the participant by will or by laws of descent and distribution.

United States Income Tax Consequences of the 2009 Plan.

The following paragraphs provide a summary of the material U.S. federal income tax consequences of the 2009 Plan based upon current laws and regulations. These laws and regulations are subject to change. This summary does not address state, local or foreign tax consequences to which a participant in the 2009 Plan may be subject. The Company suggests that participants consult with their individual tax advisors to determine the applicability of the tax rules to the awards granted to them under the 2009 Plan.

Non-qualified Stock Options.

The grant of a non-qualified stock option will not result in taxable income to the participant. Except as described below, the participant will realize ordinary income at the time of exercise in an amount equal to the excess of the fair market value of the shares acquired over the exercise price for those shares. Gains or losses realized by the participant upon disposition of such shares will be treated as capital gains and losses, with the basis in such shares equal to the fair market value of the shares at the time of exercise.

Restricted Stock.

A participant who has been granted a restricted stock award will not realize taxable income at the time of the grant, assuming that the restrictions constitute a “substantial risk of forfeiture” for U.S. income tax purposes. Upon the vesting of the shares subject to an award, the holder will realize ordinary income in an amount equal to the then fair market value of those shares. Gains or losses realized by the participant upon disposition of such shares will be treated as capital gains and losses, with the basis in such shares equal to the fair market value of the shares at the time of vesting. Dividends paid to the holder during the restriction period, if so provided, will also be compensation to the participant. A participant may elect pursuant to section 83(b) of the Internal Revenue Code to have income recognized at the date of grant of a restricted stock award and to have the applicable capital gain holding period commence as of that date.

A participant who receives a stock award which is not subject to a “substantial risk of forfeiture” will be taxed based on the value of the stock on the date of the award.

32

Withholding of Taxes.

The Company may withhold amounts from participants to satisfy withholding tax requirements. Except as otherwise provided by the Committee, participants may have shares withheld from awards or may tender previously owned shares to the Company to satisfy tax withholding requirements. The shares withheld from the awards may only be used to satisfy the Company’s minimum statutory withholding obligation.

Tax Deduction.

Everest Re Group, Ltd. is not subject to U.S. income taxes.

FOR NON-EMPLOYEE DIRECTORS

1. **Purpose of the Plan.** The purpose of the Everest Re Group, Ltd. 2009 Stock Option and Restricted Stock Plan for Non-Employee Directors (the "Plan") is to aid Everest Re Group, Ltd., a Bermuda company (the "Company") and its shareholders by enhancing the Company's ability to have experienced and knowledgeable persons who are not employees of the Company or any of its Subsidiaries or affiliates become and remain members of the Board of Directors (the "Board") of the Company and to provide to such persons the benefits of the incentive inherent in common stock ownership.
2. **Stock Subject to Plan.** The stock which may be issued and sold under the Plan shall be the common shares (par value \$.01 per share) of the Company, or any security of the Company issued in substitution, exchange or in lieu thereof ("hereinafter "Common Stock"), of a total number not exceeding 37,439 shares, which were available for issuance but not issued under the 1995 Stock Option Plan for Non-Employee Directors, subject to adjustment as provided in Section 10. The Common Stock to be issued may be either authorized and unissued shares or issued shares acquired by the Company or its Subsidiaries, including shares purchased in the open market or in private transactions. Each stock option granted pursuant to the Plan is referred to herein as an "Option." Each share of Common Stock granted pursuant to the Plan which is subject to a substantial risk of forfeiture or other restrictions is referred to herein as "Restricted Stock" (such Options and Restricted Stock collectively referred to herein as "Award" or "Awards"). In the event that Options granted under the Plan terminate or expire without being exercised, or that any shares of Common Stock covered by an Award are not delivered to a Participant or beneficiary because the Award is forfeited or canceled, or that the shares of Common Stock are not delivered because the Award is settled in cash or used to satisfy the applicable tax withholding obligation, then such shares shall be deemed to have not been delivered

for purposes of determining the maximum number of shares of Common Stock available for the grant of Awards under the Plan, and such shares shall be available for the grant of Awards under the Plan.

3. **Eligibility.** Each member of the Board who first becomes a director of the Company after the Effective Date of the Plan shall be eligible to receive an Award in accordance with the terms of the Plan, provided he or she, as of the date of a granting of an Award, (i) is not an Employee of the Company or any of its Subsidiaries, and (ii) is otherwise not eligible for selection to participate in any plan of the Company or any of its Subsidiaries that entitles the Participant therein to acquire securities or derivatives securities of the Company (an "Eligible Director"). "Employee" means officers and employees of the Company or a Subsidiary, and excludes directors who are not also officers or employees of the Company or a Subsidiary. Each member of the Board who receives an Award hereunder is referred to herein as a "Participant". "Subsidiary" means any corporation in which the Company, directly or indirectly, controls 50% or more of the total combined voting power of all classes of such corporation's common equity.

4. **Option or Restricted Share Grants.**

- (a) Each person who first becomes an Eligible Director of the Company shall, on the date on which he or she is first elected to the Board, by reason of an election and without further action by the Board, be granted as of the close of business on said date, an Award consisting of Restricted Stock, an Option, or some combination thereof, in the manner and subject to the terms and conditions herein provided. To the extent such number of shares remain available for such purpose hereunder, the total number of shares of the Common Stock of the Company subject to such Award shall be equal to \$50,000 divided by the Market Price of the Common Stock on said date (provided that, if the number of shares so calculated includes a fractional share, such number shall be rounded down to the next lower whole number). In the event that the number of shares available for grants under

B-1

the Plan is insufficient to make all grants hereby specified on the applicable date, then all those who become entitled to a grant on such date shall share ratably in the number of shares then available for grant under the Plan. The Compensation Committee, as described in Section 11, shall determine the allocation of Awards as between Restricted Stock and Option components.

- (b) It is understood that the Committee may, at any time and from time to time after the granting of an Award hereunder, specify such additional terms, conditions and restrictions with respect to such Award as may be deemed necessary or appropriate to ensure compliance with any and all applicable laws, including, but not limited to, terms, restrictions and conditions for compliance with federal and state securities laws and methods of withholding or providing for the payment of required taxes.

5. **Terms and Conditions of Awards.** Each Award granted under the Plan shall be evidenced by an agreement in such form as the Committee shall prescribe from time to time in accordance with the Plan ("Award Agreement") and shall comply with the following terms and conditions:

(a) All Awards

- 1) An Award Agreement shall be prepared by the Company and delivered to the director as soon as practicable following the date on which the Award is granted. The Award Agreement shall not be a precondition to the granting of an Award; however, no person shall have any rights under any Award granted under the Plan unless and until the Participant to whom such Award shall have been granted shall have executed and delivered to the Company an Award Agreement. A fully executed original of the

Award Agreement shall be provided to both the Company and the Participant. By executing an Award Agreement, a Participant shall be deemed to have accepted and consented to any action taken under the Plan by the Board, the Committee or its delegates.

- 2) Consistent with the terms of the Plan set forth herein, the Award Agreement shall contain a provision describing the treatment of an Award in the event of the death, disability or other termination of a director's service with the Company, including but not limited to terms relating to the vesting, time for exercise, forfeiture or cancellation of an Award in such circumstances. Participants who terminate service prior to the satisfaction of applicable conditions and restrictions associated with their Award may be entitled to such Award, as and to the extent determined by the Committee.
- 3) The Award Agreement shall contain a provision that a Participant shall have no rights as a shareholder with respect to any Common Stock covered by an Award until the date the Participant becomes the holder of record. Except as provided in Section 10 hereof, no adjustment shall be made for dividends or other rights, unless the Award Agreement specifically requires such adjustment.
- 4) Options while vested or unvested, and Restricted Stock, while unvested, shall not be assignable or transferable by the director otherwise than by will or the laws of descent and distribution, and shall be exercisable during the director's lifetime only by the director or his or her guardian or legal representative.
- 5) An Award Agreement may include such other terms as the Committee may determine as necessary and appropriate to effectuate an Award to the director.

(b) Option Awards

- 1) All Options shall be nonstatutory stock options not intended to qualify as stock options entitled to special tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code").

B-2

-
- 2) The Option exercise price shall be the fair market value of the Common Stock on the date the Option is granted (the "Market Price"), which shall be the average of the highest and lowest sale prices of the Common Stock on the date of grant as reported on the New York Stock Exchange Composite Transactions Tape (or such other exchange, if any, on which the Common Stock is traded) or, if no sale of the Common Stock is reported for such date, on the next day for which there is a reported sale. In no event shall the fair market value be less than the prevailing par value of a Common Stock to be issued under the Plan.
 - 3) Each Option shall be subject to the following restrictions on exercise:
 - (i) The Option is not immediately exercisable. Except in the event of the Participant's death, an Option shall not be exercisable, in whole or in part, prior to the expiration of one (1) year from the date of grant. In no event shall an Option be exercisable after the expiration of ten years from the date the Option was granted. To the extent that an Option is not exercised within the ten-year period of exercisability, it shall expire as to the then unexercised part.

(ii) Subject to Sections 5(b)(3(i)) and 7 and 8, Options shall vest in accordance with the following schedule:

(A) in the event the date of grant of the Option is the annual general meeting of shareholders of the Company, one-half of the total number of shares of Common Stock covered by the Option (as such number may be adjusted pursuant to the provisions of Section 10) shall become exercisable on the next succeeding annual general meeting of shareholders, and the additional one-half of said initial total number of shares shall become exercisable on the second succeeding annual general meeting of shareholders; or

(B) in the event the date of grant is a date other than the annual general meeting of shareholders, one-half of the total number of shares of Common Stock covered by the Option (as such number may be adjusted pursuant to the provisions of Section 10) shall become exercisable on the first anniversary date of the grant of the Option, and the additional one-half of said initial total number of shares shall become exercisable on the second succeeding anniversary date of the date of grant.

(iii) An Option shall not be exercisable with respect to a fractional share or with respect to the lesser of fifty (50) shares or the full number of shares then subject to the Option. If a fractional share shall become subject to an Option by reason of a stock dividend or otherwise, the Participant shall not be entitled to exercise the Option with respect to such fractional share.

(iv) Except as provided in Section 7, an Option shall not be exercisable in whole or in part unless the Participant, at the time the Participant exercises the Option, is, and has been at all times since the date of grant of the Option, an Eligible Director.

(v) Unless the Option Agreement shall otherwise provide, an Option may only be exercised by delivery of written notice of the exercise to the Company specifying the number of shares to be purchased and by making payment in full for the shares of Common Stock being acquired thereunder at the time of exercise (including applicable withholding taxes, if any); such payment shall be made

(A) in the United States dollars by check or bank draft, or

(B) by tendering to the Company Common Stock shares already owned for at least six (6) months by the person exercising the Option, which may include shares received as the result of a prior exercise of an Option, and having a fair market value equal to the cash exercise price applicable to such Option, such fair market value to be the average of the

high and low sales prices of a Common Stock share on the date of exercise as reported on the New York Stock Exchange Composite Transactions Tape (or such other exchange, if any, on which the Common Stock is traded), or, if no sale of the Common Stock is reported for such date, on the next preceding day for which there is a reported sale, or

(C) by a combination of United States dollars and Common Stock shares as aforesaid, or

(D) in accordance with a cashless exercise program under which, if so instructed by the Participant, shares of Common Stock may be issued directly to the Participant's broker or dealer upon receipt of the purchase price in cash from the broker or dealer.

(vi) If at any time the Committee shall determine, in its discretion, that the listing, registration or qualification of shares upon any national securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the sale or purchase of shares hereunder, such Option may not be exercised in whole or in part unless and until such listing, registration, qualification, consent or approval shall have been effected or obtained, or otherwise provided for, free of any conditions not acceptable to the Committee in the exercise of its reasonable judgment.

6. **Restricted Stock.** Restricted Stock is Common Stock that is issued to a director and is subject to a substantial risk of forfeiture, other restriction on transfer, or such other restrictions on incidents of ownership as the Committee may determine, where such restrictions will lapse upon the achievement of one or more goals relating to completion of services by the director or other objectives as may be determined by the Committee. A certificate for the shares of Restricted Stock, which certificate shall be registered in the name of the director, shall bear an appropriate restrictive legend and shall be subject to appropriate stop transfer orders; provided, however, that the certificates representing shares of restricted Stock shall be held in the custody of the Company until the restrictions relating thereto otherwise lapse, and; provided further, that the director shall deliver to the Company a stock power endorsed in blank relating to the shares of Restricted Stock as soon as practicable following the date of the grant. The period during which Restricted Stock is subject to restrictions may commence prior to the actual transfer of Restricted Stock to the director.
7. **Termination of Service.** An Option shall expire upon the termination, for any reason, of the Participant's directorship with the Company, and shall not be exercisable following the Participant's date of termination except as follows:
- (a) If a director's service as a member of the Board shall be discontinued for any reason after the completion of such director's initial elected term of office, each unexpired Option held by the Participant shall, to the extent exercisable on such date, remain exercisable, in whole or in part, for a period of three (3) years following such director's termination of service as a director of the Company.
 - (b) Upon termination of service as a director of the Company by reason of death or disability each unexpired Option held by the Participant, or in the case of death, the Participant's executors, administrators, heirs or distributees, as the case may be, shall become immediately exercisable and shall remain exercisable, in whole or in part, for a period of three (3) years after such termination. Disability shall mean an inability as determined by the Committee to perform duties and services as a director of the Company by reason of a medically determinable physical or mental impairment, supported by medical evidence, which can be expected to last for a continuous period.

In the event any Option is exercised by the executors, administrators, heirs or distributees of the estate of a deceased Participant, the Company shall be under no obligation to issue Common Stock thereunder unless and until the Company is satisfied that the person or persons exercising the

B-4

Option are the duly appointed legal representative of the deceased Participant's estate or the proper legatees or distributees thereof.

Notwithstanding the foregoing, in no event shall an Option to be exercised after ten (10) years from the date it was granted.

8. Change in Control.

- (a) Notwithstanding other provisions of the Plan, but subject to Section 7, in the event of a change in control of the Company, in addition to any action authorized by the terms of an Award Agreement, the Board may (i) offer to purchase any outstanding Restricted Stock Award from the director for its fair market value as of the date of the change in control; or (ii) make adjustments or modifications to the outstanding Restricted Stock Awards as the Board deems appropriate to maintain and protect the rights and interests of directors following such change in control, which adjustment or modification may include acceleration of time periods for purposes of vesting, or realizing gain, for any outstanding Restricted Stock Award made pursuant to the Plan. If an Option Award is outstanding on the date of a change in control of the Company, all of the Participant's then outstanding Options shall immediately become exercisable and each Participant shall have the right within one (1) year after such event to exercise the Option in full notwithstanding any limitation or restriction in any Award Agreement or in the Plan.
- (b) For purposes of this Section 8, a "change in control" shall be deemed to have occurred if:
- (i) A tender offer or exchange offer is made whereby the effect of such offer is to take over and control the affairs of the Company, and such offer is consummated for the ownership of securities of the Company representing twenty-five percent (25%) or more of the combined voting power of the Company's then outstanding securities.
 - (ii) The Company is merged or consolidated with another corporation and, as a result of such merger or consolidation, less than seventy-five percent (75%) of the outstanding voting securities of the surviving or resulting corporation shall then be owned in the aggregate by the former shareholders of the Company, other than affiliates within the meaning of the Securities Exchange Act of 1934, as amended (the "Exchange Act") or any party to such merger or consolidation).
 - (iii) The Company transfers substantially all of its assets to another corporation or entity that is not a wholly owned subsidiary of the Company.
 - (iv) Any person (as such term is used in Sections 3(a) (9) and 13 (d)(3) of the Exchange Act) is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing twenty-five percent (25%) or more of the combined voting power of the Company's then outstanding securities, and the effect of such ownership is to take over and control the affairs of the Company.
 - (v) As the result of a tender offer, merger, consolidation, sale of assets, or contested election, or any combination of such transactions, the persons who were members of the Board immediately before the transaction, cease to constitute at least a majority thereof.

9. Purchase for Investment.

- (a) Except as hereafter provided, the holder of an Option shall, upon any exercise thereof, execute and deliver to the Company a written statement, in form satisfactory to the Company, in which such holder represents and warrants that such holder is purchasing or acquiring the shares acquired thereunder for such holder's own account, for investment only and not with a view to the resale or distribution thereof, and represents and agrees that any subsequent offer for sale for distribution of any of such shares shall be made only pursuant to either (i) a registration statement on an appropriate form under

the Securities Act of 1933, as amended (the “Act”) which registration statement has become effective and is current with regard to the shares being offered or sold, or (ii) a specific exemption from the registration requirements of the Act, but in claiming such exemption the holder shall, prior to any offer for sale or sale of such shares, obtain a prior favorable written opinion, in form and substance satisfactory to the Company, from counsel for or approved by the Company, as to the applicability of such exemption thereto. The foregoing restriction shall not apply to (a) issuances by the Company so long as the shares being issued are registered under the Act and a prospectus in respect thereof is current or (b) reofferings of shares by affiliates of the Company (as defined in Rule 405 or any successor rule or regulation promulgated under the Act) if the shares being reoffered are registered under the Act and a prospectus in respect thereof is current.

(b) The Company may endorse such legend or legends upon the certificates for shares issued upon exercise of an Option or issued or delivered upon the lapse of restrictions on Restricted Stock granted hereunder and may issue such “stop transfer” instructions to its transfer agent in respect of such shares as, in its discretion, it determines to be necessary or appropriate to prevent a violation of, or to perfect an exemption from, the registration requirements of the Act.

10. **Adjustment in the Event of Change in Common Stock.** In the event of changes in the outstanding Common Stock of the Company by reason of stock dividend, reverse split, subdivision, recapitalization, merger (whether or not the Company is the surviving corporation), consolidation, split-up, combination or exchange of shares, reorganization or liquidation, extraordinary dividend payable in cash or property, and the like, the aggregate number and class of shares available under the Plan, and the number, class and the price of shares of Common Stock subject to outstanding Awards shall be appropriately adjusted by the Board, whose determination shall be conclusive.

The existence of the Plan and Awards granted hereunder shall not affect or restrict in any way the right or power of the Board or the shareholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other capital structure of its business, any merger or consolidation of the Company, any issue or bonds, debentures, preferred or prior preference stock ahead of or affecting the Common Stock or the rights thereof, the dissolution or liquidation of the Company or any sale or any part of its assets or business, or any other corporate act or proceeding.

11. **Administration.** The Plan shall be administered by the Board or a committee thereof (the “Committee”), which shall initially be the full Board. The full Board shall remain as the Committee until such time, and times, as the Board, designates a lesser number of Board members to serve as the Committee, which Committee shall have three or more persons that are “non-employee directors” within the meaning of Rule 16B-3 promulgated under the Exchange Act. The Committee shall have all the powers vested in it by the terms of the Plan, such powers to include authority (within the limitations described herein) to prescribe the form of all Award Agreements. The Committee shall, subject to the provisions of the Plan, have the power to construe the Plan, to determine all questions arising thereunder and to adopt and amend such rules and regulations for the administration of the Plan as it may deem desirable. Any decision of the Committee in the administration of the Plan, as described herein, shall be final and conclusive. In the event of a conflict between the Award Agreement and this Plan, the terms of this Plan shall govern. The Committee may act only by a majority of its members in office, except that the members thereof may authorize any one or more of their number or the secretary or any other officer of the Company to execute and deliver documents on behalf of the Committee. No member of the Committee shall be liable for anything done or omitted to be done by such member or by any other member of the Committee in connection with the Plan, except as may expressly provided by statute. Notwithstanding the foregoing, the Compensation Committee of the Board (or, if the Compensation Committee does not consist of three or more persons who constitute “non-employee directors” within the meaning of Rule 16b-3 promulgated under the Exchange Act, then the Committee described above) shall have the authority to determine the allocation of Awards as between Restricted Stock and Option components as contemplated by Section 4(a). Each of the Committee and the Compensation Committee shall have such additional authority delegated to it by the terms of the Plan or by the Board. The determination of the Committee and the Compensation Committee on matters within such committee’s authority, whether by the terms of the Plan or by delegation of the Board, shall

be conclusive and binding on the Company and all other persons. If the Committee or the Compensation Committee does not exist, or for any other reason determined by the Board, the Board may take any action under the Plan that would otherwise be the responsibility of the Committee or the Compensation Committee.

Except to the extent prohibited by applicable law or the applicable rules of the stock exchange, the Committee may delegate to the officers or employees of the Company and its Subsidiaries the authority to execute and deliver such instruments and documents, to do all such acts and things, and to take all such other steps deemed necessary, advisable or convenient for the effective administration of the plan in accordance with its terms and purpose, except that the Committee may not delegate any discretionary authority with respect to substantive decisions or functions regarding the Plan or Awards thereunder, including but not limited to, decisions regarding the timing, eligibility, pricing, amount or other material terms of such Awards. Any such delegation may be revoked by the Committee at any time.

12. **Miscellaneous Provisions.**

- (a) Except as expressly provided for in the Plan, no director or other person shall have any claim or right to be granted an Award under the Plan. Neither the Plan nor any action taken hereunder shall be construed as a contract or give any Eligible Director any right to be retained in the service of the Company as a director or otherwise.
- (b) A director's rights and interest under the Plan may not be assigned or transferred in whole or in part either directly or by operation of law or otherwise (except in the event of an director's death, by will or the laws of descent and distribution), including, but not by way of limitation, execution, levy, garnishment, attachment, pledge, bankruptcy or in any other manner, and no such right or interest of any Participant in the Plan shall be subject to any obligation or liability of such Participant.
- (c) The expenses of the Plan shall be borne by the Company.
- (d) The Plan shall be unfunded. Neither the Company, the Board, the Committee, nor the Compensation Committee shall be required to establish any special or separate fund or to make any other segregation of assets to assure the issuance of shares upon exercise of any Award under the Plan and issuance of shares upon exercise of Awards shall be subordinate to the claims of the Company's general creditors. Proceeds from the sale of shares pursuant to Options however shall constitute general funds of the Company. Neither the Company, a Subsidiary, the Board, the Committee, nor the Compensation Committee shall be deemed to be a trustee of any amounts to be paid under the Plan.
- (e) By accepting any Award or other benefit under the Plan, each Participant and each person claiming under or through such person shall be conclusively deemed to have indicated his acceptance and ratification, and consent to, any action taken under the Plan by the Company, the Board, the Committee or the Compensation Committee.
- (f) A Participant shall have no voting rights or other rights of shareholders with respect to shares which are subject to an Option, nor shall cash dividends accrue or be payable with respect to any such shares. A Participant shall have only those voting rights or other rights of shareholders with respect to shares of Restricted Stock as determined by the Committee and as set forth in the Award Agreement evidencing the grant of Restricted Stock.
- (g)

Notwithstanding any other provision of the Plan, the Company shall have no obligation to grant an Award or make any other distribution or take any other action under the Plan unless such grant or action would comply with all applicable laws (including, without limitation, the requirements of the Exchange Act) and the applicable requirements of any securities exchange or similar entity.

B-7

13. **Amendment or Discontinuance.** The Board may at any time and from time to time in any respect, amend, modify or terminate the Plan; provided, however, that, solely to the extent necessary to comply with Rule 16b-3 or other applicable law (i) the Board may not act more than once every six months to amend the provisions of the Plan relating to the determination of the amount, price or timing of any grant under the Plan; and (ii) the approval of the Company's shareholders will be required for any amendment that (a) changes the class of persons eligible for the grants, (b) increases (other than as permitted in Section 10 hereof) the maximum number of shares of Common Stock subject to grant under the Plan, as specified in Section 2 hereof, (c) materially increases the benefits accruing to Participants under the Plan, within the meaning of Rule 16b-3. Any such approval shall be by the affirmative vote of the shareholders of the Company present, or represented, and entitled to vote at a meeting duly held in accordance with applicable Bermuda law and the Memorandum of Association and By-Laws of the Company. Notwithstanding the foregoing, no amendment or modification of the Plan shall in any manner affect any grant theretofore granted without the consent of the Participant or the permitted transferee of the grant.
14. **Limits of Liability.**
- (a) Any liability of the Company to any Participant with respect to an Award shall be based solely upon contractual obligations, if any, created by the Plan and the Participant's Award Agreement.
 - (b) Neither the Company nor any member of the Board, or the Committee or Compensation Committee, nor any other person participating in any determination of any question under the Plan, or in the interpretation, administration or application of the Plan, shall have any liability to any party for any action taken or not taken in connection with the Plan, except as may expressly be provided by statute.
15. **Effective Date and Duration of the Plan.** The Board adopted the Plan subject to the approval of shareholders of the Company at the 2009 Annual General Meeting of its Shareholders on May 13, 2009. The date of such shareholder approval shall be the "Effective Date" of the Plan. This Plan shall terminate upon the earlier of the following dates or events to occur:
- (a) upon the adoption of a resolution of the Board terminating the Plan; or
 - (b) the date all shares of Common Stock subject to the Plan shall have been purchased (in the case of Options) or all restrictions have lapsed (in the case of Restricted Stock) according to the Plan's provisions; or
 - (c) ten years from the Effective Date of the Plan.

No such termination of this Plan shall affect the rights of any Participant hereunder and all Awards previously granted hereunder shall continue in force and in operation after termination of the Plan, except as they may be otherwise terminated in accordance with the terms of the Plan.
