If you execute and deliver a proxy by mailing a proxy card, or by voting via the internet or telephone, you have the right to revoke your proxy at any time before it is exercised by delivering to the Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. Subject to revocation, the proxy holders will vote all shares represented by a properly executed proxy received in time for the Annual Meeting in accordance with the instructions on the proxy. If no instruction is specified with respect to a matter to be acted upon, the shares represented by the proxy will be voted FOR all nominees listed in Proposal 1, FOR approval of the compensation of the Company’s Named Executive Officers and FOR the ratification of the selection of Tanner LLC as the Company’s independent registered public accountants for the next year.

COMPOSITION OF THE BOARD OF DIRECTORS

Our Board of Directors currently consists of eight directors. Directors are elected at each annual meeting of stockholders to serve until the next annual meeting of stockholders or until their successors are duly elected and qualified. There are no family relationships among any of our directors, officers or key employees.

BOARD LEADERSHIP STRUCTURE

The Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board as the Board believes it is in the best interests of the Company to make that determination based upon the position and direction of the Company, and the membership of the Board. The Board has determined at this time that the Company's Chairman should be an Independent Director rather than the Chief Executive Officer.

CODE OF ETHICS

We have adopted a Code of Ethics that applies to all of our directors, officers and employees. Our Code of Ethics is available on our website (www.bsdmedical.com) on our corporate governance page of the investor section of our website. We intend to post amendments to or waivers from our Code of Ethics (to the extent applicable to our chief executive officer, principal financial officer, or principal accounting officer) on our website.

AFFIRMATIVE DETERMINATIONS REGARDING DIRECTOR INDEPENDENCE

The Board of Directors has determined each of the following directors to be an "independent director" as such term is defined in the NASDAQ Stock Market Listing Standards: Timothy C. McQuay, Michael Nobel, Douglas P. Boyd,

Steven G. Stewart, and Damian E. Dupuy.

In this Proxy Statement, these five directors are referred to individually as an “Independent Director” and collectively as the “Independent Directors.”

5

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During fiscal year 2014, the Board of Directors met six times and no director attended fewer than 75% of the meetings of the Board or any of the Board committees of which a director was a member. In addition, on one occasion during fiscal year 2014, the Board of Directors took action by unanimous written consents in lieu of a board meeting. Although we do not have a formal policy regarding attendance by directors at our annual meeting, we encourage directors to attend and all but one director attended the last annual meeting.

The Board of Directors has formed an audit committee, a corporate governance and nominating committee and a compensation committee. Copies of the charters of these committees are available on the corporate governance page of the investor section of our website (www.bsdmedical.com).

The Audit Committee. The Audit Committee, which held four meetings during fiscal year 2014, is responsible for reviewing and monitoring our financial statements and internal accounting procedures, recommending the selection of independent auditors by the Board, evaluating the scope of the annual audit, reviewing audit results, consulting with management and our independent auditor prior to presentation of financial statements to stockholders and, as appropriate, initiating inquiries into aspects of our internal accounting controls and financial affairs. The Board of Directors has adopted a written audit committee charter.

The members of the Audit Committee are Messrs. Boyd, Stewart, Nobel and McQuay. Mr. Stewart is currently serving as the audit committee chairman and financial expert (Audit Committee Financial Expert). All members of the Audit Committee are Independent Directors.

The Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee, which held one meeting during fiscal year 2014, is responsible for identifying qualified individuals to become Board members, determining the composition of the Board and its committees, monitoring and assessing Board effectiveness, and developing and implementing our corporate governance guidelines. Additionally, the Corporate Governance and Nominating Committee recommends director nominees to our Board of Directors for the Board's approval. The Board of Directors has adopted a written corporate governance and nominating committee charter.

The members of the Corporate Governance and Nominating Committee are Messrs. Boyd, Stewart, Nobel, McQuay and Dupuy. All members of the Corporate Governance and Nominating Committee are Independent Directors. Mr. McQuay is currently serving as the Corporate Governance and Nominating Committee chairman.

The Board of Directors does not have an express policy with regard to the consideration of any director candidates since the Board believes that its Corporate Governance and Nominating Committee can adequately evaluate nominees on a case-by-case basis. The Board has not previously received any recommendations for director candidates from stockholders, and has not adopted a formal process for considering director candidates who may be recommended by stockholders. However, the Company's policy is to give due consideration to any and all such candidates, and in evaluating director nominees, the Corporate Governance and Nominating Committee considers the appropriate size of the Board, the needs of the Company, the skills and experience of its directors, and a candidate's familiarity with our industry. Although the Company does not have a formal diversity policy relating to the identification and evaluation of nominees for director, the Corporate Governance and Nominating Committee considers many criteria in identifying and selecting nominees, and in the future may establish additional minimum criteria for nominees. A stockholder may submit a recommendation for director candidates to us at our corporate offices, to the attention of Clint Carnell. We do not pay fees to any third parties to assist us in identifying potential nominees.

The Compensation Committee. The members of the Compensation Committee are Messrs. Boyd, Stewart, Nobel, and McQuay. Mr. Boyd is currently serving as the Compensation Committee chairman. All members of the

Compensation Committee are Independent Directors. Our Compensation Committee met one time during fiscal year 2014. The Board of Directors has adopted a written compensation committee charter. The Compensation Committee has responsibility for establishing and monitoring our executive compensation programs, and for making decisions regarding the compensation of our Named Executive Officers (as defined below). The agenda for meetings of the Compensation Committee is determined by the Chairman of the Compensation Committee. The Compensation Committee sets the compensation package of the Named Executive Officers and their annual bonus. The Company has adopted an amendment to its Third Amended and Restated 1998 Stock Incentive Plan which allows the Board of Directors to delegate to the CEO the authority to designate individuals to receive awards under the Plan and to designate the number and type of awards to be granted to the individuals so designated. The Board did not delegate this authority to the CEO during the fiscal year ended August 31, 2014. For a further description of the Compensation Committee's role, see "Executive Compensation" below.

BOARD ROLE IN RISK OVERSIGHT

Our Board of Directors is responsible for overseeing the Company's management of risk. The Board strives to effectively oversee the Company's enterprise-wide risk management in a way that balances managing risks while enhancing the long-term value of the Company for the benefit of the stockholders. The Board of Directors understands that its focus on effective risk oversight is critical to setting the Company's tone and culture towards effective risk management. To administer its oversight function, the Board seeks to understand the Company's risk philosophy by having discussions with management to establish a mutual understanding of the Company's overall appetite for risk. Our Board of Directors maintains an active dialogue with management about existing risk management processes and how management identifies, assesses, and manages the Company's most significant risk exposures. Our Board expects frequent updates from management about the Company's most significant risks so as to enable it to evaluate whether management is responding appropriately.

Our Board relies on each of its committees to help oversee the risk management responsibilities relating to the functions performed by such committees. Our Audit Committee periodically discusses with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. Our Compensation Committee helps the Board to identify the Company's exposure to any risks potentially created by our compensation programs and practices. Our Corporate Governance and Nominating Committee oversees risks relating to the Company's corporate compliance programs and assists the Board and management in promoting an organizational culture that encourages commitment to ethical conduct and a commitment to compliance with the law. Each of these committees is required to make regular reports of its actions and any recommendations to the Board, including recommendations to assist the Board with its overall risk oversight function.

DIRECTOR COMPENSATION 2014

Our Fourth Amended and Restated 1998 Director Stock Plan ("Director Stock Plan") provides an annual retainer ("Annual Retainer") in the amount of \$60,000 to each non-employee director other than the Audit Committee Financial Expert, who is to receive \$65,000. Of the Annual Retainer, \$30,000 is to be paid in cash to each such director, other than the Audit Committee Financial Expert, who is to receive \$35,000 in cash (the "Cash Payment"). The Cash Payment is payable in equal installments on May 1 and November 1 of each year in which each non-employee director continues to serve as a member of the Board. Each non-employee director is to receive the balance of the Annual Retainer in the form of shares of Common Stock (the "Common Stock Payment"). The portion of the annual retainer that is paid in common stock will be determined by reference to the fair market value of our Common Stock. The fair market value of the Common Stock will be determined by reference to the closing price, as reported by the NASDAQ Stock Market, of the Common Stock on May 1 of each year, the payment date of the Common Stock Payment.

COMMUNICATIONS WITH DIRECTORS

We have not adopted a formal process for stockholder communications with the Board. We believe it is appropriate to not have a formal process for stockholder communications with the Board, because historically we have received such stockholder communications very infrequently. Nevertheless, we have tried to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. We believe our responsiveness to stockholder communications to the Board has been good. A stockholder may submit any communication with directors to us at our corporate offices, to the attention of Clinton E. Carnell Jr.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS OF THE COMPANY VOTE FOR THE ELECTION OF ALL THE DIRECTOR NOMINEES LISTED ABOVE.

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory (nonbinding) basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the Securities and Exchange Commission's ("SEC" or "Commission") rules.

As described in detail under the heading "Executive Compensation – Compensation Discussion and Analysis," the overall objective of our executive compensation program is to help create long-term value for our stockholders by attracting and retaining talented executives, rewarding superior operating and financial performance, and aligning the long-term interests of our executives with those of our stockholders. Please read the "Compensation Discussion and Analysis" beginning on page 13 for additional details about our executive compensation programs, including information about the fiscal year 2014 compensation of our named executive officers.

We are asking our stockholders to indicate their support for our Named Executive Officer compensation as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our Named Executive Officers' compensation. Accordingly, we will ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2015 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2014 Summary Compensation Table and the other related tables and disclosure."

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the Named Executive Officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns. We currently plan to hold our next say-on-pay vote at the annual meeting expected to be held in 2017.

A majority of the votes present in person or represented by proxy at the Annual Meeting is required to approve Proposal 2. Abstentions will have the same effect as votes against the proposal. Broker non-votes will have no effect on the vote for this proposal. Proposal 2 is non-binding. If no voting instructions are given, the accompanying proxy will be voted FOR this Proposal 2.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS OF THE COMPANY VOTE FOR THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SECURITIES AND EXCHANGE COMMISSION.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis provides information regarding our executive compensation objectives and principles, procedures, practices and decisions, and is provided to help give perspective to the numbers and narratives that follow in the tables in this section. This discussion will focus on our objectives, principles, practices and decisions with regards to the compensation of Clinton E. Carnell Jr., President and Chief Executive Officer, Harold R. Wolcott, former President and Chief Executive Officer, and William S. Barth, Chief Financial Officer and Secretary, our named executive officers (“Named Executive Officers”) for the fiscal year ended August 31, 2014.

Executive Compensation Objectives and Principles

The overall objective of our executive compensation program is to help create long-term value for our stockholders by attracting and retaining talented executives, rewarding superior operating and financial performance, and aligning the long-term interests of our executives with those of our stockholders. Accordingly, our executive compensation program incorporates the following principles:

- Compensation should be based upon individual job responsibility, demonstrated leadership ability, management experience, individual performance, and Company performance.
- Compensation should reflect the fair market value of the services received. We believe that a fair and competitive pay package is essential to attract and retain talented executives in key positions.
- Compensation should reward executives for long-term strategic management and enhancement of stockholder value.
- Compensation should reward performance and promote a performance oriented environment.

Executive Compensation Procedures

We believe that compensation paid to our executive officers should be closely aligned with our performance and the performance of each individual executive officer on both a short-term and a long-term basis, should be based upon the value each executive officer provides to us, and should be designed to assist us in attracting and retaining the best possible executive talent, which we believe is critical to our long-term success. To attain our executive compensation objectives and implement the underlying compensation principles, we follow the procedures described below.

Role of the Compensation Committee. The Compensation Committee has responsibility for establishing and monitoring our executive compensation programs and for making decisions regarding the compensation of our Named Executive Officers. The agenda for meetings of the Compensation Committee is determined by the Chairman of the Compensation Committee. The Compensation Committee sets the compensation package and annual bonus of the Named Executive Officers. Our Chief Executive Officer recommends items to be considered by the Compensation Committee from time to time, including the compensation package for the other Named Executive Officers; and participates in meetings in which the compensation package of the other Named Executive Officers is discussed.

The Compensation Committee relies on its judgment in making compensation decisions after reviewing our performance and evaluating our executives' leadership abilities and responsibilities with our Company and their current compensation arrangements. The Compensation Committee assessment process is designed to be flexible so as to better respond to the evolving business environment and individual circumstances.

At our 2013 annual meeting of stockholders, over 95% of the votes cast were in favor of our executive compensation program. When designing our executive compensation program, the Compensation Committee considered, among other things, the 2013 voting results and other feedback we received from our stockholders and determined not to make any significant changes to the design of our executive compensation program.

Role of Compensation Consultant. We have not engaged a compensation consultant since 2006.

Elements of Compensation

Our executive compensation objectives and principles are implemented through the use of the following elements of compensation, each discussed more fully below:

- Base Salary
- Annual Incentive Bonuses
- Stock-Based Compensation
- Other Benefits

Base Salary. The Compensation Committee approved the salaries of all our executive officers for fiscal year 2014. Base salaries are offered to ensure that our executive officers receive an ongoing level of compensation. Salary decisions concerning these officers were based upon a variety of considerations consistent with the compensation philosophy stated above. First, salaries were competitively set relative to both other companies in the medical products industry and other comparable companies. In determining the salaries for our executives in fiscal 2014, the Compensation Committee considered the compensation of some of the public companies in the biotechnology industry. The Compensation Committee considered each officer's level of responsibility and individual performance, including an assessment of the person's overall value to the Company. In addition, internal equity among employees was factored into the decision. Finally, the Compensation Committee considered our financial performance and our ability to absorb any increases in salaries.

Annual Incentive Bonuses. Annual incentive bonuses are designed to reward extraordinary performance by our executives. For fiscal years 2014 and 2013, the Compensation Committee did not precisely define the parameters of a bonus program for the Named Executive Officers, and no bonuses were awarded to the Named Executive Officers.

Stock-Based Compensation. Each Named Executive Officer is eligible to participate in the Stock Incentive Plan, which provides for the granting of stock options, stock appreciation rights, performance awards, other stock-based awards, and cash-based awards to selected employees, non-employees and directors. Stock-based compensation is designed to more closely align the interests of management with those of our stockholders. Historically, we have issued options pursuant to this incentive plan, and typically these options vest ratably over a term of up to 5 years as determined by the Compensation Committee. Recent stock option grants vest over 3 years. We do not have any policies for allocating compensation between long-term and currently paid out compensation or between cash and non-cash compensation or among different forms of non-cash compensation. Although we do not have any formal policy for determining the amount of stock options or the timing of our stock option grants, we have historically

granted stock options to high-performing employees (i) in recognition of their individual achievements and contributions to our company, and (ii) in anticipation of their future service and achievements. No stock options were granted to Mr. Wolcott or Mr. Barth during the year ended August 31, 2014.

Other Benefits. Our Named Executive Officers receive the same benefits that are available to all other full time employees, including the payment of health, dental, life and disability insurance premiums.

Deductibility of Executive Compensation

Internal Revenue Service (“IRS”) Code Section 162(m) limits the amount that we may deduct for compensation paid to our principal executive officer and to each of our three most highly compensated officers (other than our principal financial officer) to \$1.0 million per person, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of performance-based compensation. In the past, annual salary and bonus compensation to our executive officers has not exceeded \$1.0 million per person, so the compensation has been deductible. In addition to salary and bonus compensation, upon the exercise of stock options that are not treated as incentive stock options, the excess of the current market price over the option price, or option spread, is treated as compensation and accordingly, in any year, such exercise may cause an officer’s total compensation to exceed \$1.0 million. Under certain regulations, option spread compensation from options that meet certain requirements will not be subject to the \$1.0 million cap on deductibility. While the Compensation Committee cannot predict how the deductibility limit may impact our compensation program in future years, the Compensation Committee currently anticipates that it will generally maintain an approach to executive compensation that strongly links pay to performance.

The Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the IRS Code. In certain situations, the Compensation Committee may approve compensation that will not meet the requirements of IRS Code Section 162(m) in order to ensure competitive levels of total compensation for its executive officers.

Material Issues Relating to Fiscal 2014 Compensation

On April 29, 2014, the Company announced that the Company’s President and Chief Executive Officer, Mr. Harold R. Wolcott, would relinquish his positions as President and Chief Executive Officer of the Company upon the Company’s hiring of a new President and Chief Executive Officer. Mr. Wolcott agreed to continue to serve on the Company’s board of directors and on the search committee responsible for finding the Company’s next chief executive officer.

On April 28, 2014, the Company entered into a letter agreement with Mr. Wolcott, pursuant to which Mr. Wolcott would receive severance benefits that supersede the severance benefits Mr. Wolcott was previously entitled to receive under his employment agreement. Pursuant to the letter agreement, if Mr. Wolcott ceased to serve as President and Chief Executive Officer of the Company for any reason (other than for cause), the Company would pay to Mr. Wolcott an amount equal to his current base salary, and the vesting of his equity awards would immediately vest and become exercisable. Notwithstanding the foregoing, if Mr. Wolcott voluntarily terminated his service with the Company without good reason before the first to occur of (1) the expiration of six months from the date of the letter agreement, or (2) the selection of a new chief executive officer by the Company, then the Company would not be obligated to pay the severance benefits described in this paragraph. A copy of the letter agreement is attached as Exhibit 10.1 to the BSD Medical Corporation Form 8-K filed April 29, 2014.

On November 10, 2014, the Company named Clinton E. Carnell Jr. as President and Chief Executive Officer of the Company. In connection with his appointment, Mr. Carnell agreed on an annual base salary of \$350,000, and an annual bonus of \$150,000 for the first and second years of employment. The Company also granted a non-statutory stock option to Mr. Carnell to purchase 1,400,000 shares of the Company’s stock that vests in three equal installments on the anniversary dates of his employment, has a ten year term, and an exercise price of \$0.46 per share.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed the foregoing Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K, and discussed the Compensation Discussion and Analysis with the Company's management. Based on such review and discussions with management, the Compensation Committee recommended to the Board that the foregoing Compensation Discussion and Analysis be included in this Proxy Statement.

There were no plan-based awards granted to the Company's Named Executive Officers in fiscal year 2014.

Employment Agreements

On November 10, 2014, the Company named Clinton E. Carnell Jr. as President and Chief Executive Officer of the Company. Mr. Carnell has also been appointed to the Board of Directors. Mr. Carnell succeeds Harold (Butch) R. Wolcott, who announced in April 2014 his intent to step down as President and Chief Executive Officer upon the

hiring of a successor. The Company plans to enter into an employment agreement with Mr. Carnell and will provide the details of the employment agreement when available.

In connection with his appointment, Mr. Carnell and the Company entered into an offer letter agreement providing for at-will employment for an indefinite term, an annual base salary of \$350,000, an annual bonus of \$150,000 for the first year of employment, and a bonus of \$150,000, or a pro rata portion thereof, for the second year of employment. If the Company completes and closes in fiscal year 2015 an equity offering that generates to the Company at least \$5 million in net proceeds, then the Company will engage a compensation consulting firm to conduct a study of compensation of chief executive officer's in companies comparable to the Company, which study shall then be used to negotiate Mr. Carnell's overall compensation after August 31, 2015. If the Company does not complete and close such an equity offering in fiscal year 2015, then the Company shall engage a compensation consulting firm in fiscal year 2016 to negotiate Mr. Carnell's salary after August 31, 2016. The offer letter also provides that Mr. Carnell is eligible to participate in the employee benefit programs of the Company generally available to executives of the Company.

In connection with Mr. Carnell's appointment, on November 10, 2014, the Company issued an inducement equity award outside the Company's Stock Incentive Plan in accordance with the NASDAQ inducement grant exception found in NASDAQ Listing Rule 5635(c)(4). The grant is a non-statutory stock option to purchase 1,400,000 shares of the Company's common stock. The grant was made as a component of Mr. Carnell's employment compensation. The inducement grant was approved by the Company's Compensation Committee of the Board of Directors, and was made as an inducement material to Mr. Carnell's acceptance of employment with the Company. The stock option granted to Mr. Carnell has an exercise price of \$0.46 per share, equal to the closing price of the Company's common stock on November 10, 2014. The stock option has a ten year term and vests in three equal installments beginning with the first anniversary date on November 10, 2015.

There are no arrangements or understandings between Mr. Carnell and any other persons pursuant to which he was selected as President and Chief Executive Officer or appointed to the Board. There are also no family relationships between Mr. Carnell and any director or executive officer of the Company.

On April 28, 2014, we entered into a letter agreement with our President and Chief Executive Officer, Mr. Harold R. Wolcott, to relinquish his positions as President and Chief Executive Officer of the Company upon the Company's hiring of a new President and Chief Executive Officer. Mr. Wolcott agreed to continue to serve on the Company's board of directors and on the search committee responsible for finding the Company's next chief executive officer.

With the hiring of a new President and Chief Executive Officer effective November 10, 2014, and under the terms of the April 28, 2014 letter agreement and the May 22, 2013 employment agreement (together, the "Wolcott Agreements") by and between Mr. Wolcott and the Company, the Company is now providing severance benefits to Mr. Wolcott. These severance benefits include payments to Mr. Wolcott, over six months, of an amount equal to one year of his base salary at the time of termination, and immediate vesting of all options and incentive awards granted to Mr. Wolcott. The employment agreement also provides that, upon Mr. Wolcott's termination, we agree to indemnify him for expenses associated with defending certain claims made against him as a result of his positions with the Company, and directors' and officers' liability insurance coverage for a period of six years following his termination. These agreements also contain a confidentiality agreement, a one-year non-competition and non-solicitation agreement and a claw back provision that enables the Company to claw back any incentive-based compensation or other compensation from Mr. Wolcott if required by any law, government regulation, stock exchange listing requirement, or Company policy adopted as required by such law, government regulation, or stock exchange listing requirement.

On November 7, 2014 the Company signed an agreement ("Consulting Agreement"), effective November 10, 2014, to engage Mr. Wolcott as an independent contractor to provide consulting services to the Company. These services will consist generally of transition services, development and maintenance of strategic business relationships, advice concerning product lines and personnel, and the Company's general business efforts, as directed by the Company's Chief Executive Officer and the Company's Chairman of the Board of Directors. The term of the Consulting Agreement is for 24 months beginning November 10, 2014, with a provision to renew for an additional 12 month

period unless either party cancels. The Company will pay a retainer fee of \$2,500 per month for up to 20 hours per month of time expended by Mr. Wolcott, and \$125 per hour for documented hours in excess of 20 hours per month. The Company will also reimburse Mr. Wolcott for actual, reasonable and documented out-of-pocket expenses incurred in connection with providing services to the Company. Under this Consulting Agreement, stock options that have been granted to Mr. Wolcott will continue to vest and be exercisable, until 90 days after the expiration of the Consulting Agreement. Mr. Wolcott will be allowed, at no cost to him, to receive benefits for the term of this Consulting Agreement, under the Company's present employee benefit plans, to the extent permitted by the terms of such plans

On September 16, 2014, we entered into an employment agreement with Mr. Barth (the “Barth Agreement”). The Barth Agreement memorializes the parties’ agreement with respect to Mr. Barth’s continued employment as the Chief Financial Officer of the Company.

The Barth Agreement provides that Mr. Barth’s base salary shall be \$200,000, which base salary will be reviewed at least annually by the Compensation Committee of the Board of Directors, and the Board may increase (but not decrease) the base salary. In addition to the base salary, Mr. Barth is entitled to participate in any annual incentive bonus programs and employee benefit plans adopted or maintained by the Company. Mr. Barth is also eligible to participate in our Stock Incentive Plan.

We also agree to indemnify Mr. Barth for expenses associated with defending certain claims made against him as a result of his positions with the Company. We also agreed to purchase directors’ and officers’ liability insurance providing coverage to Mr. Barth during the term of the Barth Agreement and for a period of six years following the termination of the Barth Agreement.

Under the Barth Agreement, if Mr. Barth is terminated by the Company other than for cause or if Mr. Barth resigns for good reason and if Mr. Barth complies with certain requirements, the Company must pay him an amount equal to his base salary for one year and he shall be entitled to receive all applicable employee benefits for one year following termination. If the Barth Agreement is terminated for cause, Mr. Barth shall receive only the portion of his base salary that is due to him through the effective date of his termination. If the Barth Agreement is terminated by reason of Mr. Barth’s death, his estate shall receive his salary through the end of the month in which he died plus all employee benefits due to him through the end of such month.

If a Change in Control (as defined in the Barth Agreement) occurs with respect to the Company, and during the six months immediately following the Change of Control, (i) the Company terminates Mr. Barth without cause; (ii) Mr. Barth terminates his employment with good reason; or (iii) Mr. Barth terminates but also agrees to continue serving as Chief Financial Officer for the longer of (a) six months and (b) until a new Chief Financial Officer is appointed, then in addition to the Severance Payment, all options or incentive awards granted to Mr. Barth will immediately vest and become exercisable for a period of 180 days following the termination.

The Barth Agreement also contains a confidentiality agreement, a one-year non-competition and non-solicitation agreement and a claw back provision that enables the Company to claw back any incentive-based compensation or other compensation from Mr. Barth if required by any law, government regulation, stock exchange listing requirement, or Company policy adopted as required by such law, government regulation, or stock exchange listing requirement.

As discussed above under “Employment Agreements,” the Wolcott Agreements define the terms of certain severance payments and benefits that are due to Mr. Wolcott upon the termination of his employment with the Company. Mr. Wolcott relinquished his position of President and Chief Executive Officer effective November 10, 2014, upon the hiring of Mr. Clinton E. Carnell Jr., Mr. Wolcott agreed to continue to serve on the Company’s Board of Directors.

Under the provisions of the Wolcott Agreements, Mr. Wolcott will be provided a severance payment over six months, totaling \$275,000, which equates to one year of his base salary at the time of termination. Under the terms of the Wolcott Agreements, all options and incentive awards granted to Mr. Wolcott immediately vested upon his termination, and he is entitled to receive all applicable employee benefits that are allowable under the respective benefit plans.

Under the terms of the Consulting Agreement between Mr. Wolcott and the Company, discussed in “Employment Agreements” above, the Company pays a \$2,500 per month retainer fee to Mr. Wolcott for a period of 24 months, beginning November 10, 2014, for Mr. Wolcott to provide up to 20 hours per month of consulting services to the Company. The Company also pays Mr. Wolcott \$125 per hour for documented hours in excess of 20 hours per month, in addition to actual, reasonable and documented out-of-pocket expenses incurred in connection with providing services to the Company.

The information below describes the compensation that would be payable under Mr. Wolcott’s and Mr. Barth’s employment agreements if their employment had been terminated on August 31, 2014, given their compensation and benefit levels as of such date, and if applicable, based on our closing stock price on that date.

On September 16, 2014, we entered into an employment agreement with Mr. Barth (the “Barth Agreement”) that provides that, if Mr. Barth is terminated by the Company other than for cause, or if Mr. Barth resigns for good reason and if Mr. Barth complies with certain requirements, we are obligated to pay him in one lump sum payment within thirty days following the effective date of the termination an amount equal to his base salary for one year (the “Severance Payment”) and he shall be entitled to receive all applicable employee benefits for one year following termination. Dr. Sennewald Medizintechnik GmbH. BSD supplies hyperthermia therapy systems and related component parts to Dr. Sennewald Medizintechnik GmbH and its affiliate BSD BioSystems Design, S.A. ("Medizintechnik") located in Munich, Germany, which is a significant distributor of BSD's products in Europe. BSD received \$200,000 from Medizintechnik in November 2014 for partial payment of equipment shipped and installed. Dr. Gerhard W. Sennewald, one of BSD's directors and significant stockholders, is the President and Chief Executive Officer of Medizintechnik and its sole stockholder. Management believes the terms of the transactions with Medizintechnik were arms length and fair to the Company.

The Company expects that the Audit Committee will review for potential conflict of interest situations, on an ongoing basis, any future proposed transaction, or series of transactions, with related persons, and either approve or disapprove each reviewed transaction or series of related transactions with related persons.
