REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustee and Participants of the
Avis Voluntary Investment Savings Plan For Bargaining Hourly Employees:

We have audited the accompanying statements of net assets available for benefits of the Avis Voluntary Investment Savings Plan for Bargaining Hourly Employees (the Plan) as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the year ended December 31, 2003, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2003 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan s management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2003 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

AVIS VOLUNTARY INVESTMENT SAVINGS PLAN FOR BARGAINING HOURLY EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Avis Voluntary Investment Savings Plan for Bargaining Hourly Employees (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by Avis Rent A Car System, Inc. (the Company or Plan Sponsor). The Company is a wholly-owned subsidiary of Cendant Corporation (Cendant). The Plan was adopted by the Company on October 1, 1997, (Date of Inception) for the benefit of all hourly paid employees of the Company who are members of the collective bargaining units covered by collective bargaining agreements between these units and the Company. The Cendant Employee Benefits Committee is the Plan administrator (Plan Administrator). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Merrill Lynch Trust Company is the Plan's trustee (the Trustee).

As of January 1, 2003, the Plan began reporting investment assets separately. Prior to January 1, 2003, all investment assets were held in a trust account and consisted of an undivided interest in an investment account of the Avis Rent A Car, Inc. Voluntary Savings Plan Combined Fund (the Master Trust), a master trust established by the Company and administered by the Trustee.

The following is a summary of certain Plan provisions:

Eligibility Employees who have attained the age of 21 and completed one year of service (a year of service means the completion of at least one thousand hours of service during twelve consecutive months) are eligible to participate in the Plan.

Participant Contributions Participants may elect to defer on a pre-tax basis from 1% to 16% of specified compensation under a qualified cash or deferred arrangement under Section 401(k) of the Internal Revenue Code (the IRC), subject to certain limitations in 1% increments. In addition, employees participating in the Plan may make additional contributions from 1% to 10% of specified compensation on a current, after-tax basis, subject to certain limitations imposed by law. Effective January 1, 2003, certain eligible participants (age 50 and over) can contribute additional amounts as a catch up contributions (\$2,000 for 2003).

Edgar Filing: CENDANT CORP - Form 11-K

Participants who have received all of their benefits under another tax-qualified plan within one taxable year may roll their distributions received into the Plan.

Rollovers All employees, upon commencement of employment, are provided the option of making a rollover contribution into the Plan in accordance with the Internal Revenue Service (the IRS) regulations.

Fund Reallocations Participants can reallocate investments among the various funds or change future contributions on a daily basis. The fund reallocation must be in 1% increments. Only one reallocation is allowed each day.

Vesting Participants are fully vested at all times with respect to their contributions to the Plan.

Participant Accounts A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions and an allocation of Plan earnings including interest, dividends and net realized and unrealized appreciation in fair value of investments and charged with an allocation of net realized and unrealized depreciation in fair value of investments and certain administrative expenses. Allocations are based on participant account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Payment of Benefits to Participants Distribution of the participant's account may be made in a lump sum payment upon retirement, death or disability, or upon termination of employment. Participants are entitled to withdraw all or any portion of their vested balance. Participants may make full or partial withdrawals of funds in any of their accounts upon attaining age 59 1/2 or for hardship in certain circumstances, as defined in the Plan document, before that age.

Loan Provisions - Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their account balance provided the account balance is at least \$2,000. The loans are secured by the balance in the participant's account balance and bear interest at rates commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses All administrative expenses of the Plan, other than costs incurred to maintain participant loan accounts, were paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

Cash and Cash Equivalents The Plan considers highly liquid investments with an original maturity of three months or less to be cash equivalents.

Valuation of Investments and Income Recognition The Plan's investments in Cendant common stock, mutual funds, loans to participants and cash and cash equivalents are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. Shares of registered investment companies are valued at the quoted market price, which represents the net asset value of shares held by the Plan at year-end. Loans to participants are valued at cost, which approximates fair value. A portion of the Plan's investments in common/collective trusts consists of funds that invest primarily in guaranteed investment contracts with high quality insurance companies. The Plan's investment in these funds is valued at amounts contributed, plus the Plan's pro-rata share of interest income earned by the funds, less administrative expenses and withdrawals. The value

recorded in the Plan's financial statements for such funds was \$6,371,192 at December 31, 2003. The Plan's investment in guaranteed investment contracts are recorded at contract value, which equals principal plus accrued interest (See Note 4 - Investment Contracts).

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned. The accompanying Statement of Changes in net Assets Available for Benefits presents net appreciation in fair value of investments, which includes unrealized gains and losses on investments held at December 31, 2003 and realized gains and losses on investments sold during the year then ended.

The Plan's investment in the Master Trust is presented at fair value, which has been determined based on the value of the underlying investments of the Master Trust. Securities traded on a national securities exchange

are valued at the last reported sales price on the last business day of the Plan year. The shares of registered investment companies are valued at the quoted market price. Additionally, the Master Trust maintains investments in guaranteed investment contracts, which are valued at contract value.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported and related disclosures. Actual results could differ from those estimates.

Risk and Uncertainties The Plan invests in various securities, including mutual funds, common/collective trusts and common stocks. Investment securities, in general, are exposed to various risks, such as interest rate and credit risks and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Benefit Payments Benefits to participants are recorded when paid.

Reclassifications Certain reclassifications have been made to prior year amounts to conform to the current presentation.

The crediting interest rates at December 31, 2003 for various investment contracts ranged from 6.19% to 7.71% and the average yield of these investments for the 2003 plan year was 6.97%.

5. INVESTMENT IN MASTER TRUST

Prior to January 1, 2003, all assets of the Plan were held in the Master Trust on behalf of the Avis Voluntary Investment Savings Plan and the Avis Voluntary Investment Savings Plan for Bargaining Hourly Employees. Use of the Master Trust permitted the commingling of trust assets with the assets of the Plan for investment and administrative purposes. The net investment income and losses of the investment assets was allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

The IRS determined and informed the Company by letter dated October 25, 2002, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving this determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt.

7. PARTY-IN-INTEREST TRANSACTIONS

A portion of the Plan's investments are shares in funds managed by Merrill Lynch Trust Company, the trustee of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions.
