There shall, however, be retained, from each payment which comes to be made within the respective half-year, in advance, the amount which, under this **CONTRACT**, is to be retained of the amount payable by **CEMIG** to the **STATE**, as provided for in Clause Three.

Paragraph Four: The monetary updating and the interest payable under this Amendment shall be calculated on the daily debtor balances of the **DEBIT**, *pro rata tempore*, with the monetary updating being calculated monthly and the interest being capitalized six-monthly.

Paragraph Five: In the event of the IGP-DI being abolished, the index which replaces it shall be applied, or another officially recognized monetary updating index which best reflects the loss of purchasing power, or any other index which may be agreed between the Parties.

CLAUSE THREE: RETENTION OF DIVIDENDS AND INTEREST ON EQUITY

For payment of the **DEBIT**, in accordance with Clause Two, the Parties recognize that the **STATE**:

a) currently has a stockholding of 22.23% (twenty two point two three per cent) in **CEMIG** which, based on distribution of 50% (fifty per cent) of the net profit as dividends or Interest on Equity and retention of the percentage specified in Paragraph Two, sub-clause a below, corresponds, on today's date, to a percentage of 7.23% (seven point two three per cent) on net profit; and

b) intends to use the amounts arising from the flow of dividends or Interest on Equity to which it is entitled as a stockholder of **CEMIG**, taking into account the New Dividend Policy and the changes to the Bylaws of **CEMIG**, to guarantee the payment of the Installments and of the balance of the

DEBIT.

Paragraph One: By means of this Amendment, and for the full purposes of law, the **STATE** hereby irrevocably authorizes **CEMIG** to retain amounts from the **STATE**'s entitlement to dividends and/or Interest on Equity receivable from **CEMIG** for the payment of the Installments and the balance of the **DEBIT**, plus the interest owed and duly adjusted, subject to the provisions of this instrument.

Paragraph Two: Of the distribution, as ordinary dividends and Interest on Equity, of 50% (fifty per cent) of net profit, **CEMIG** shall, unless otherwise provided for in this instrument, proceed as follows:

a) **CEMIG** shall retain 65% (sixty five per cent) of the total of the ordinary dividends and Interest on Equity to which the **STATE** is entitled (hereinafter "the Amount Retained") and apply the entire Amount Retained as follows:

a.1) for settlement of any Installment past due and not fully paid, in order of the past chronological order of due dates;

a.2) for settlement of the Installment relating to the half-year in which the ordinary distribution of earnings or Interest on Equity takes place;

a.3) for anticipated settlement of up to a maximum of 2 (two) Installments, being those immediately subsequent to the half-year in which the ordinary distribution of earnings or Interest on Equity takes place, subject to the provisions of Clause Four; and

a.4) for the amortization of the balance of the **DEBIT**, augmented by the interest due and duly adjusted, without there being any change to the amount or due date of the Installments yet to become due, or subsequent ones, which shall continue to be owed in accordance with the terms of Clause Two, subject to the terms of item a.3 above.

b) **CEMIG** shall pay to the **STATE** the remaining 35% (thirty five per cent) of the amount of the ordinary dividends and Interest on Equity.

Paragraph Three: Without prejudice to the retention of the Amount Retained under Paragraph Two, if the retention of the ordinary dividends and Interest on Equity is insufficient to settle the respective Installment, **CEMIG** shall proceed to retain, starting on January 1, 2008, up to 65% (sixty five per cent) of all and any amount of extraordinary dividends or Interest on Equity to which the **STATE** may be entitled, for the settlement of any Installment, up to the amount necessary for its settlement, after due monetary correction.

Paragraph Four: If the retention of the ordinary and extraordinary dividends and/or Interest on Equity in the manner specified in Paragraphs Two and Three above is insufficient for total settlement of any Installment, **CEMIG** shall proceed automatically to retain the totality of all and any dividends and Interest on Equity, ordinary or extraordinary (including the percentage specified in Paragraph Two, sub-clause b), to which the **STATE** is entitled, starting from the six-month period immediately following that of the Installment which is past due and has not been fully settled, up to the full settlement of such Installment, duly adjusted in monetary terms, and the interest due on any debtor balance shall be added to the total of the **DEBIT**.

Paragraph Five: Without prejudice to the retention of the Amount Retained, in accordance with the Paragraphs above and any other provision hereof, and provided that default has not yet been characterized under Clause Seven, after the settlement of all the Installments that are past due and have not been fully settled, the retention specified in Paragraphs Three and Four shall be immediately suspended, and shall again be applied only to the 65% (sixty five per cent) of the ordinary dividends and Interest on Equity, in accordance with Paragraph Two, sub-clause a .

Paragraph Six: If there is a reduction in the share held by the **STATE** in the registered capital of **CEMIG** and, as a result, in the ordinary dividends and/or Interest on Equity to be paid by **CEMIG** to the **STATE**, the percentage defined in Paragraph Two, sub-clause a shall automatically be adjusted upward (with the corresponding reduction of the percentage specified in Paragraph Two, sub-clause b), in such a way that the Amount Retained shall correspond at all times to at least 7.23% (seven point two three per cent) of the net profit of **CEMIG**.

Paragraph Seven: If **CEMIG** assigns the credits made up of the Installments payable by the **STATE**, which may also be an assignment to one or more Credit Receivables Investment Funds, provided that all the terms and conditions of this instrument are preserved, the **STATE** hereby authorizes **CEMIG** to make the payment of the Installments, in the proportion of the credit assigned, directly to the assignee, with amounts retained in accordance with this Clause Three.

CLAUSE FOUR: EARLY AMORTIZATION AND OTHER AMORTIZATIONS

The Parties agree that early amortization of an Installment or Installments may only take place in the following events and provided there is no Installment which is past due and has not been fully settled:

a) the **STATE** may effect early amortization of up to a maximum of 2 (two) Installments, by application of the balance of the Amount Retained in excess of the amount of the Installments that are past due, as specified in Paragraph Two, sub-clause a.3 , of Clause Three, provided the number of installments thus amortized early does not exceed, at any time, a total of 2 (two) Installments; or

b) the **STATE** may carry out early amortization of up to a maximum of 3 (three) Installments, with its own funds, not arising from the retention of ordinary or extraordinary dividends and/or Interest on Equity, provided that the number of Installments thus amortized early does not exceed at any time a total of 3 (three) Installments.

Sole paragraph: In the event that **CEMIG** carries out any amortization, redemption or repurchase of shares, any reduction of capital or any other transaction which results in distribution or payment to stockholders, other than distribution of dividends or payment of Interest on Equity, the totality of the amounts to which the **STATE** is entitled shall be wholly and automatically used in the amortization of the balance of the **DEBIT**, in the manner specified in Clause Three, Paragraph Two, sub-clauses a.1 , a.2 , a.3 and a.4 , subject also to the provisions of sub-clause b of

Clause.

CLAUSE FIVE: COMPLIANCE WITH THE STRATEGIC PLAN AND THE CONTRACT

For the purposes of ensuring the total payment of the **DEBIT** to **CEMIG**, under the terms of this Amendment, and as part of its obligations hereunder, the **STATE** undertakes, subject to the legislation in force, to exercise its power of control in **CEMIG** in such a way as to:

- a) propose the maintenance of, and maintain, in the bylaws of the wholly-owned subsidiaries of Cemig, the distribution and payment to **CEMIG**, as dividends and/or Interest on Equity, of the total of the net profit made by the said subsidiaries, after the retention of the amounts allocated to the legal reserves and to the capital expenditure approved under the Strategic Plan, subject to the availability of free cash in the respective subsidiary;

- b) to propose the maintenance of, and to maintain, in the Bylaws of **CEMIG**, (i) the distribution and payment of 50% (fifty per cent) of net profit, as dividends or Interest on Equity, in 2 (two) six-monthly parts, the first by June 30 and the second by December 31, or each year; and (ii) the provisions in relation to the management of **CEMIG** contained in Clause 11 of the Bylaws, with the drafting approved by the Extraordinary General Meeting of Stockholders begun on December 30, 2005 and completed on January 12, 2006.

- c) to submit to prior approval by the Board of Directors of **CEMIG** and, subsequently, to approval by the General Meeting of Stockholders of **CEMIG**, any alteration to the **CONTRACT**, as amended by the present Amendment;

Paragraph One: The Parties recognize that the renegotiation of the **DEBIT** in the form of this Amendment took into account the Strategic Plan and the New Dividend Policy therein specified, and also the establishment of targets for the management of **CEMIG**, in accordance with the provisions of the bylaws referred to in sub-clause b of the head paragraph of this Clause. In this respect, and as long as the State has fulfilled its commitments specified in this Clause Five, if an extraordinary event occurs that is unpredictable and beyond the control of the Parties, and results in reduction of the profit of **CEMIG** and consequent reduction of the payment of dividends and Interest on Equity, in such a way that 100% (one hundred per cent) of the retention by **CEMIG** of the ordinary and/or extraordinary dividends and interest on equity which are payable to the **STATE**, in accordance with the provisions of Paragraph Four of Clause Three, is insufficient for the full payment of the Installments, the Parties, in a spirit of mutual cooperation and in obedience to the final period for settlement of the **DEBIT** and the financial charges originally agreed, hereby agree to negotiate in good faith the rescheduling of the Installments affected by the respective events, taking into account the Strategic Plan. When the existence of the circumstances referred to in this Paragraph One has been characterized, unless the parties reach an agreement about the rescheduling of the Installments affected, all the provisions hereof shall remain valid and in full effect (including the retention of all the dividends and interest on equity payable to the State), except that the number of Installments provided for in the head paragraph of Clause Six and in sub-clause b of Clause Seven shall be, for the specific purposes of such an eventuality, and without the possibility of accumulation (even if a new event occurs), augmented by 1 (one) Installment, increasing to 4 (four) and 6 (six) Installments, respectively.

Paragraph Two: The provisions relating to the management of **CEMIG** contained in the bylaws referred to in sub-clause (b), sub-item (ii), of this Clause Five, which aim to ensure compliance with the guidelines and targets necessary for adequate generation of the profits of **CEMIG** and the payment of the **DEBIT** in the form specified in

this Amendment, shall not be changed, other than in an extraordinary situation arising from a future situation in the economy which clearly justifies and calls for alteration of any of these provisions, as and when such situation is identified by the Board of Directors of **CEMIG** in terms

of this Paragraph Two and provided that the alteration of any of these provisions, in such a situation, (i) is limited to what is strictly necessary for adaptation to the new situation, (ii) maintains and makes possible maintenance of the projections of **CEMIG**'s profits in such a way as to ensure the conditions for the full payment of the **DEBIT** by the **STATE** in the manner specified in this Amendment, (iii) obeys the principles that support the renegotiation of the **DEBIT** in the form of this Amendment and, cumulatively, (iv) is approved by the Board of Directors of **CEMIG**, after hearing of the opinions of an independent audit, and also of **CEMIG**'s independent auditors, as a condition for submission of the change to the general meeting of stockholders of **CEMIG**.

CLAUSE SIX INCREASE IN THE INTEREST RATE

In the event that the **STATE** does not pay on time and in full 3 (three) successive Installments, whether or not there has been retention of the totality of all or any ordinary and extraordinary dividends and/or Interest on Equity due to the **STATE** under Paragraph Four of Clause Three, or if its default becomes characterized under Clause Seven, the interest rate applicable to the balance of the **DEBIT** shall be changed, automatically, to 0.797414 per month, corresponding to an effective rate of 10% (ten per cent) per year, in replacement of the interest rate specified in sub-clause c of the head paragraph of Clause Two.

Sole paragraph: The increase in the interest rate shall be in effect as from the first day of the six-month period following the six-month period to which the third Installment not fully paid refers and may be reduced again to the interest rate specified in sub-clause c of the head paragraph of Clause Two (without prejudice to the amount of interest accumulated at the higher rate in the period in which it is in effect) if the **STATE** settles all and any Installment that is past due and unpaid in full before its default has been characterized in accordance with Clause Seven.

CLAUSE SEVEN: DEFAULT

Any of the following events shall characterize default by the **STATE**, independently of any advice or notification:

- a) if the **STATE** at its initiative and without being obliged to comply with any new rule of federal legislation (i) allows the reduction of the distribution and payment to **CEMIG** of dividends or interest on equity of the wholly-owned subsidiaries of **CEMIG**, as specified by sub-clause a of Clause Five, (ii) reduces the distribution and payment of 50% (fifty per cent) of the net profit of **CEMIG** as dividends and Interest on Equity, or (iii) ceases to obey the provisions of Paragraph Two of Clause Five in relation to the commitment and matters specified in sub-clause b, item (ii) of Clause Five;
- b) if the **STATE** ceases to make the payments in timely fashion and in full of 5 (five) consecutive Installments, independently of whether or not either of the following has occurred: (i) retention of the totality of all and any ordinary or extraordinary dividends payable to the **STATE**, in accordance with Paragraph Four of Clause Three; or (ii) increase in the interest rate according to Clause Six; or

c) if the **STATE** ceases to make full payment of any amount due under this instrument and the sum of the amount owed is equal to or more than 4 (four) times the value of the first Installment not paid in full, adjusted in accordance with Paragraph Two of Clause Two, or

d) the **STATE** fails to comply with the provisions of Clause Five, sub-clause c, or in any way prevents **CEMIG** from making the retentions specified in Clause Three or in the Sole Paragraph of Clause Four.

CLAUSE EIGHT: MEASURES IN THE EVENT OF DEFAULT; EARLY MATURITY; CHANGE IN FINANCIAL CHARGES

In the event that the **STATE** defaults, under Clause Seven, independently of whether **CEMIG** takes any steps at any time, the following shall be obeyed, without prejudice to any other right of or action by **CEMIG**:

a) the amount of the **DEBIT**, including the Installments, shall continue to be updated by the positive or negative variation of the General Internal Availability Price Index (IGP-DI) and to suffer the effect of interest, in the manner specified herein, subject to sub-clause b below;

b) in substitution of the remunerative interest rate specified in Clause Six, arrears interest of 0.948879% per month shall automatically come into effect, corresponding to an effective rate of 12% (twelve per cent) per year, starting from the date of characterization of the default;

c) **CEMIG** shall continue to retain the Amount Retained, and also the totality of all and any ordinary or extraordinary dividends or Interest on Equity, or other amounts resulting from amortization, redemption or repurchase of debentures, shares or reduction of capital payable to the **STATE**, until the full payment of the totality of the **DEBIT**, augmented by the interest payable, and duly corrected in monetary terms. The retention shall not under any circumstances cover amounts relating to revenues of the **STATE** of a tax nature;

d) **CEMIG** may declare early maturity of the totality of the **DEBIT**, augmented by the interest payable, duly updated in monetary terms, and also demand, charge and collect from the **STATE**, through the courts or otherwise, the amounts payable by the **STATE**, including the total of the debtor balance.

CLAUSE NINE: PERIOD OF VALIDITY

The **CONTRACT** shall be valid until June 30, 2035, and may be settled early, if the value of the Amounts Retained which exceed the amount of the respective Installments, plus any other amount which becomes payable to **CEMIG** under this instrument, have been sufficient for the early

settlement of the

balance of the **DEBIT**, plus the interest payable and due monetary correction.

Paragraph One: If the concession contracts for provision of public electricity distribution service of the respective wholly-owned subsidiary of **CEMIG** are not extended from 2016, the Parties shall renegotiate the balance of the **DEBIT**, subject to preservation of the limit-date of June 30, 2035 for its full payment.

Paragraph Two: If for any reason the **CONTRACT** is terminated or extinguished without the debtor balance owed by the **STATE** having been settled in full, for as long as the settlement of the debtor balance, including the interest due and monetary correction, is not renegotiated between the Parties, **CEMIG** shall retain the totality of the ordinary or extraordinary dividends and/or Interest on Equity payable to the **STATE**, independently of notice or any other measure.

Paragraph Three: If the **STATE** decides to dispose of shares that represent the control of **CEMIG**, it must include in the respective public offer, or equivalent, and in all the other instruments of disposal, a Clause which obliges the acquiring Party to settle, at sight, the balance of the **DEBIT**, augmented by the due interest and duly corrected in monetary terms, as a condition for the acquiring Party to acquire control, and in this event the balance of the **DEBIT** shall be considered to have matured early, without requirement for any advice or notice.

Paragraph Four: The Parties state and acknowledge that, between the Parties, the effects of this Amendment shall be backdated to govern the first half of 2005.

CLAUSE TEN: BUDGETARY ALLOCATION

The expenses arising from this Amendment shall be borne by general budget funding allocation 1911 28 843 002 7 886 0001 of the budget of the **STATE** currently in force, Law 15460 of January 15, 2005, and those of the subsequent business years by the budget allocations which are set in the respective budgets.

CLAUSE ELEVEN: TRANSITORY PROVISIONS RELATIVE TO THE DEDUCTIONS

In 2005, there shall be deducted from the respective Amounts Retained funds to be allocated for the subscription, by the **STATE**, of non-convertible debentures in **CEMIG**, the purpose of which is to finance construction of the Irapé hydroelectric plant, under Article 1 of State Law 13954 of July 20, 2001, plus an additional subscription of R\$ 30,000,000.00 (thirty million Reais) in 2 (two) six-monthly Installments of R\$ 15,000,000.00 (fifteen million Reais) each in the year of 2006, the addition of which shall depend on legislative authorization.

Sole paragraph: All the amounts, including principal and/or interest, payable to the **STATE** under the above-mentioned debentures shall, at the date of their respective maturity, redemption or payment be applied totally and automatically in the amortization of the balance of the **DEBIT**, in the form specified in Clause Three, Paragraph Two, Sub-clauses a.1 , a.2 , a.3 and a.4 , subject also to the provisions

of Sub-Clause b of Clause Four.

CLAUSE TWELVE: IRREVOCABILITY

The present Amendment has been duly authorized and signed by the Parties, and constitutes a perfect legal transaction and is irrevocable. Any alteration to the **CONTRACT**, as amended by this Amendment, must obey the provisions of this instrument.

CLAUSE THIRTEEN: SUCCESSION AND ASSIGNMENT

The **CONTRACT**, as amended by this Amendment, is signed and agreed irrevocably, and binds the Parties and those who for any reason are their successors. None of the Parties may assign its rights or obligations under the **CONTRACT**, as amended by this Amendment, by means of stockholding reorganization or otherwise, other than in the circumstances provided for by Paragraph Seven of Clause Three.

CLAUSE FOURTEEN: RATIFICATION

All the clauses, items and conditions of the **CONTRACT** which have not been altered by the present Amendment and which do not conflict with the terms of this Amendment remain in full force and effect.

CLAUSE FIFTEEN NOVATION

Omission or delay by any of the Parties in exercising any of their rights shall not imply waiver or novation, nor prejudice the future exercise of the same right.

CLAUSE SIXTEEN JURISDICTION

The place of jurisdiction of the **CONTRACT** is the legal district of Belo Horizonte, in the Brazilian State of Minas Gerais, any other being hereby waived.

Being agreed and contracted the Parties sign this present Amendment in 3 (three) copies of equal form and content, for a single legal effect, in the presence of the witnesses named below, who also sign.

EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS

POSTPONEMENT OF THE MEETING

We hereby inform stockholders of CEMIG that the Extraordinary General Meeting of Stockholders called for December 23, 2005 at 10 a.m. has been postponed to December 30, 2005, at 10 a.m., at the order of the Brazilian Securities Commission (CVM *Comissão de Valores Mobiliários*), by its formal notice *Ofício/CVM/SEP/GEA-3/N°623/05*, of December 22, 2005. The meeting will take place at the same location, the Company's head office, at Av. Barbacena, 1200, 18th Floor, in Belo Horizonte, Minas Gerais, and the agenda is unchanged – namely, homologation of the authorization by the Board of Directors for signing of the Fourth Amendment to the Contract for Assignment of the Outstanding Balance Receivable on the CRC (Results Compensation) Account, between Cemig and the State of Minas Gerais.

Any stockholder who wishes to be represented by proxy in this General Meeting should obey the terms of Article 126 of Law 6406/76, as amended, and the sole paragraph of Article 9 of the Company's By-laws, by depositing, preferably by 28 December 2005, proofs of ownership of the shares, issued by a depository financial institution, and a power of attorney with special powers, at the management office of the General Secretariat of the Company at Av. Barbacena 1,200 – 19th floor, B1 wing, Belo Horizonte, state of Minas Gerais, Brazil, or by showing the said proofs of ownership at the time of the meeting.

Belo Horizonte, December 22, 2005.

Wilson Nélio Brumer

Chairman of the Board of Directors

Before the agenda of this Meeting was placed in debate and put to the vote, the representative of the stockholder **Southern Electric Brasil Participações Ltda.** highlighted that the changes in the bylaws made by the Extraordinary General Meeting of October 25, 1999, and also the subsequent changes, were approved only in view of the suspension of the Stockholders' Agreement, by the Judiciary, and were, thus, provisional and precarious. He said that, thus, the acts and operations practiced or submitted to the approval of the corporate bodies of **Cemig**, supported by such changes in the bylaws made under the protection of the Court decision currently in force can, at any moment, be revised and withdrawn from the world of law.

On this issue, the representative of the stockholder **State of Minas Gerais** told the meeting that the decision which annulled the Stockholders' Agreement signed between the **State of Minas Gerais** and **Southern Electric Brasil Participações Ltda.** no longer has an interim or provisional character – that being a decision on the merits it thus does

not deal with suspension, but with annulment. He added that there already existed a decision on the merit which annuls the Stockholders Agreement confirmed by the Appeal Court of the State of Minas Gerais. He further stated that the decisions of this Board may only take into consideration what exists in present day reality, and it would be irresponsible not to vote on matters which are awaiting Court decisions, since, in reality, the said Stockholders Agreement, by reason of a Court judgment, is not able to produce any effect and the decisions taken are being taken within strict compliance with the Court judgment. Finalizing, he noted that the Extraordinary and Special Appeals filed by **Southern** were not admitted for hearing by the Vice-Chairman of the Minas Gerais Appeal Court, and that, more recently, the Higher Appeal Court denied the Interlocutory and Special Appeals filed by **Southern**, reinforcing the legal situation already declared by the Minas Gerais Appeal Court, that is to say the inefficacy of the Stockholders Agreement which is the subject of the action.

Subsequently, the Chairman requested the Secretary to proceed to the reading of the proposal of the Board of Directors, which deals with the Agenda, the content of which is as follows:

**PROPOSAL BY THE BOARD OF DIRECTORS TO THE
EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS**

Dear Sirs:

Whereas

- b) on May 31, 1995, in accordance with the above-mentioned legislation, Cemig and the State of Minas Gerais signed an agreement for assignment of the credit of the outstanding balance of the CRC account (the CRC Contract), under which Cemig assigned to the State of Minas Gerais the outstanding balance of the credits on the then-abolished CRC accounts received from the federal government, in the amount of 852,851,282.9305 Fiscal Reference Units (UFIRs), corresponding, on the date of the assignment, to R\$ 602,198,290.88 (six hundred and two million, one hundred and ninety eight thousand, two hundred and ninety Reais and eighty eight cents), which was to be amortized by the State of Minas Gerais in 204 (two hundred and four) monthly consecutive installments, updated by the value of the UFIR and remunerated at annual interest of 6% (six per cent) subject to an initial grace period of 36 (thirty six) months, guaranteed by the resources of the States Participation Fund (FPE);
- c) on February 24, 2001, the First Amendment to the CRC Contract was signed, to change the monetary adjustment index of the debtor balance, from UFIRs to the Special Expanded National Consumer Price Index (IPCA-E), in the

Availability) published by the Getúlio Vargas Foundation, in the months of November and December of 2000;

- d) on December 14, 2002 the Second Amendment to the CRC Contract was signed, to reschedule the installments becoming due as from January 1, 2003 and to establish the IGP-DI as the monetary correction index, with the possibility of the said credit being passed on by Cemig to the federal government or to the National Development Bank (BNDES), which in fact did not happen;
- e) on December 24, 2002, the Third Amendment to the CRC Contract was signed, to reschedule and re-agree the installments overdue and not paid, calculated on December 31, 2002, including interest and financial penalty payments on the installments in arrears, with interest of 12% (twelve per cent) per year and monetary adjustment by the variation of the IGP-DI, to be paid in 149 (one hundred and forty nine) monthly consecutive installments, from January 2003 to May 2015, with retention of dividends and/or Interest on Equity payable to the State of Minas Gerais allocated as collateral;

- g) on December 31, 2004, the debtor balance on the CRC Contract, accounted by Cemig, was R\$ 2,941,599,110.03 (two billion, nine hundred and forty one million, five hundred and ninety nine thousand, one hundred and ten Reais and three centavos), albeit of this total amount the State of Minas Gerais challenges the amount of R\$ 115,670,291.40 (one hundred and fifteen million, six hundred and seventy thousand, two hundred and ninety one Reais and forty centavos), the dispute to be settled within 90 (ninety) days after the date of signature of the Amendment, through an accounting audit, in accordance with an express Clause inserted in the respective instrument;
- h) there is a need to regularize the payment of the installments owed by the State of Minas Gerais to Cemig, and the Parties are interested in guaranteeing the payment of the total of the debit of the State of Minas Gerais, as calculated on December 31, 2004, with the retention, partial or total, of dividends or Interest on Equity distributable or payable by Cemig to the State of Minas Gerais;
- i) the State of Minas Gerais, as controlling stockholder of Cemig, submitted a proposal for the renegotiation of the CRC Contract to the Extraordinary General Meeting of Stockholders of Cemig held on June 17, 2004;

(ii) distribution of extraordinary dividends or Interest on Equity, every 2 (two) years, starting in 2005, whenever there is free cash available in excess of 5% (five per cent) of annual cash flow, hereinafter referred to as extraordinary , in accordance with CRCA-145/2004 of November 22, 2004;

m) the Fourth Amendment to the Contract for Assignment of the Outstanding Balance of the CRC establishes the appropriate conditions for the necessary securitization of the receivables specified therein;

n) in the process of unbundling of the Company, the credits of the CRC remained with Cemig, upon approval by Aneel, the National Electricity Agency, which removes the obligation for prior approval by that Agency for the signature of the Fourth Amendment to the Contract for Assignment of the Outstanding Balance on the CRC (Results Compensation) Account, which would be necessary only for the wholly owned subsidiaries, Cemig Geração e Transmissão S.A. and Cemig Distribuição S.A., which became the holders of the concessions for generation, transmission and distribution of electricity;

o) the efficacy of the Fourth Amendment to the Contract for Assignment of the Outstanding Balance on the CRC (Results Compensation) Account is conditional upon publication of a shortened version of it in the Official Gazette of the State of Minas Gerais;

the Board of Directors submits to the Extraordinary General Meeting of Stockholders its proposal for homologation of the authorization to sign the Fourth Amendment to the Contract for Assignment of the Outstanding Balance of the CRC (Results Compensation) Account, between Cemig and the State of Minas Gerais.

As can be seen, the objective of this proposal is to meet the legitimate interests of the stockholders and the Company, for which reason the Board of Directors hopes that it will be approved by yourselves, the stockholders. Belo Horizonte, December 7, 2005.

CLAUSE ONE: THE DEBIT

The **STATE** declares and recognizes, for the purposes of this instrument, the debit owed by itself to **CEMIG** under the **CONTRACT**, as amended, in the total amount of R\$ 2.941.599.110,03 (two billion, nine hundred and forty one million, five hundred ninety nine thousand, one hundred and ten Reais and three centavos), base date December 31, 2004, made up of the past due and unpaid installments of the principal, and also the installments yet to become due, duly updated and augmented by contractual charges up to the base date (hereinafter referred to simply as **the DEBIT**).

Sole paragraph: The debtor balance identified in this clause is the subject of disagreement in relation to the amount of R\$ 115,670,291.40 (one hundred and fifteen million six hundred and seventy thousand two hundred and ninety one Reais and forty centavos). The **STATE** undertakes to amortize and pay the **DEBIT**, duly updated and augmented by the due interest, in accordance with the following basic conditions:

STATE, as provided for in Clause Three;

- b) the **DEBIT** shall be updated in its monetary value, based on the monthly variation, positive or negative, of the General Internal Availability Price Index (IGP-DI) of the Getúlio Vargas Foundation, taking place from January 1, 2005 and up to the date of its effective and entire settlement;

- c) on the balance of the **DEBIT**, updated, there shall be payable interest of 0.657371% per month, corresponding to an effective rate of 4.00961494016% per half-year and 8.18% (eight point one eight per cent) per year, *pro rata tempore*, capitalized half-yearly, on June 30 and December 31, subject to the terms of Clause Six and the other provisions of this instrument;

- d) the **STATE** shall settle the **DEBIT**, duly updated and augmented by the interest payable, by June 30, 2035;

- e) to amortize the **DEBIT**, the **STATE** shall pay to **CEMIG**

- i. 61 (sixty one) half-yearly consecutive installments, becoming due by June 30 and December 31 of each year, the first starting from the first half of 2005, in accordance with the amounts and timetable set out below (the Installments), until the total settlement of the **DEBIT**, and
- ii. the entire debtor balance, if any, after the payments referred to above, on June 30, 2035.

Paragraph Two: The amount of each half-yearly amortization installment shall be monetarily updated, from January 31, 2005 up to the date of its payment, based on the General Domestic Availability Price (IGP-DI) inflation index of the Getúlio Vargas Foundation.

Paragraph Three: The maturity date of each installment shall be automatically brought forward to the date on which **CEMIG** makes the payment of dividends and/or Interest on Equity, within the respective half-year to which the installment refers. In the event of there having taken place, in the said half-year, any payment of dividends or Interest on Equity, either ordinary or extraordinary, and if the payment of these takes place on different dates, the due date shall be that of the last payment in the half-year period. There shall, however, be retained, from each payment which comes to be made within the respective half-year, in advance, the amount which, under this **CONTRACT**, is to be retained of the amount payable by **CEMIG** to the **STATE**, as provided for in Clause Three.

Paragraph Four: The monetary updating and the interest payable under this Amendment shall be

calculated on the daily debtor balances of the **DEBIT**, *pro rata tempore*, with the monetary updating being calculated monthly and the interest being capitalized six-monthly.

Paragraph Five: In the event of the IGP-DI being abolished, the index which replaces it shall be applied, or another officially recognized monetary updating index which best reflects the loss of purchasing power, or any other index which may be agreed between the Parties.

CLAUSE THREE: RETENTION OF DIVIDENDS OR INTEREST ON EQUITY

For payment of the **DEBIT**, in accordance with Clause Two, the Parties recognize that the **STATE**:

- a) currently has a stockholding of 22.23% (twenty two point two three per cent) in **CEMIG** which, based on distribution of 50% (fifty per cent) of the net profit as dividends or Interest on Equity and retention of the percentage specified in Paragraph Two, sub-clause a below, corresponds, on today's date, to a percentage of 7.23% (seven point two three per cent) on net profit; and
- b) intends to use the amounts arising from the flow of dividends or Interest on Equity to which it is entitled as a stockholder of **CEMIG**, taking into account the New Dividend Policy and the changes to the Bylaws of **CEMIG**, to guarantee the payment of the Installments and the balance of the **DEBIT**.

Paragraph One: By means of this Amendment, and for the full purposes of law, the **STATE** hereby irrevocably authorizes **CEMIG** to retain amounts from the **STATE**'s entitlement to dividends or Interest on Equity receivable from **CEMIG** for the payment of the Installments and the balance of the **DEBIT**, plus the interest owed and duly adjusted, subject to the provisions of this instrument.

Paragraph Two: Of the distribution, as ordinary dividends or Interest on Equity, of 50% (fifty per cent) of net profit, **CEMIG** shall, unless otherwise provided for in this instrument, proceed as follows:

- a) **CEMIG** shall retain 65% (sixty five per cent) of the total of the ordinary dividends and Interest on Equity to which the **STATE** is entitled (hereinafter the Amount Retained) and apply the entire Amount Retained as follows:

- a.1) for settlement of any Installment past due and not fully paid, in order of the past chronological order of due dates;
 - a.2) for settlement of the Installment relating to the half-year in which the ordinary distribution of profit or Interest on Equity takes place;
 - a.3) for anticipated settlement of up to a maximum of 2 (two) Installments, being those immediately subsequent to the half-year in which the ordinary distribution of earnings or Interest on Equity takes place, subject to the provisions of Clause Four; and
 - a.4) for the amortization of the balance of the **DEBIT**, augmented by the interest due and duly adjusted, without there being any change to the amount or due date of the Installments yet to become due, or subsequent ones, which shall continue to be owed in accordance with the terms of Clause Two, except those referred to by item a.3 above.
- b) **CEMIG** shall pay to the **STATE** the remaining 35% (thirty five per cent) of the amount of the ordinary dividends and Interest on Equity.

Paragraph Three: Without prejudice to the retention of the Amount Retained under Paragraph Two, if the retention of the ordinary dividends and Interest on Equity is insufficient to settle the respective Installment, **CEMIG** shall proceed to retain, starting on January 1, 2008, up to 65% (sixty five per

cent) of all and any amount of extraordinary dividends or Interest on Equity to which the **STATE** may be entitled, for the settlement of any Installment, up to the amount necessary for its settlement, after due monetary correction.

Paragraph Four: If the retention of the ordinary and extraordinary dividends and/or Interest on Equity in the manner specified in Paragraphs Two and Three above is insufficient for total settlement of any Installment, **CEMIG** shall proceed automatically to retain the totality of all and any dividends and Interest on Equity, ordinary or extraordinary (including the percentage specified in Paragraph Two, sub-clause b), to which the **STATE** is entitled, starting from the six-month period immediately following that of the Installment which is past due and has not been fully settled, up to the full settlement of such Installment, duly adjusted in monetary terms, and the interest due on any debtor balance shall be added to the total of the **DEBIT**.

Paragraph Five: Without prejudice to the retention of the Amount Retained, in accordance with the Paragraphs above and any other provision hereof, and provided that default has not yet been characterized under Clause Seven, after the settlement of all the Installments that are past due and have not been fully settled, the retention specified in Paragraphs Three and Four shall be immediately suspended, and shall again be applied only to 65% (sixty five per cent) percentage of the ordinary dividends and Interest on Equity, in accordance with Paragraph Two, sub-clause a .

Paragraph Six: If there is a reduction in the share held by the **STATE** in the registered capital of **CEMIG** and, as a result, in the ordinary dividends and/or Interest on Equity to be paid by **CEMIG** to the **STATE**, the percentage defined in Paragraph Two, sub-clause a shall automatically be adjusted upward (with the corresponding reduction of the percentage specified in Paragraph Two, sub-clause b), in such a way that the Amount Retained shall correspond at all times to at least 7.23% (seven point two three per cent) of the net profit of **CEMIG**.

Paragraph Seven: If **CEMIG** assigns the credits made up of the Installments payable by the **STATE**, which may be an assignment to one or more Credit Receivables Investment Funds, provided that all the terms and conditions of this instrument are preserved, the **STATE** hereby authorizes **CEMIG** to make the payment of the Installments, in the proportion of the credit assigned, directly to the assignee, using amounts retained in accordance with this Clause Three.

CLAUSE FOUR: EARLY AMORTIZATION AND OTHER AMORTIZATIONS

The Parties agree that early amortization of an Installment or Installments may only take place in the following events and provided there is no Installment which is past due and has not been fully settled:

a) the **STATE** may effect early amortization of up to a maximum of 2 (two) Installments, by application of the balance of the Amount Retained in excess of the amount of the Installments that are past due, as specified in

Paragraph Two, sub-clause a.3 , of Clause Three, provided the number of installments thus amortized early does not exceed, at any time, a total of 2 (two) Installments; or

b) the **STATE** may carry out early amortization of up to a maximum of 3 (three) Installments, with its own funds, not arising from the retention of ordinary or extraordinary dividends and/or Interest on Equity, provided that the number of Installments thus amortized early does not exceed at any time a total of 3 (three) Installments.

Sole paragraph: In the event that **CEMIG** carries out any amortization, redemption or repurchase of shares, any reduction of capital or any other transaction which results in distribution or payment to

stockholders, other than distribution of dividends or payment of Interest on Equity, the totality of the amounts to which the **STATE** is entitled shall be wholly and automatically used in the amortization of the balance of the **DEBIT**, in the manner specified in Clause Three, Paragraph Two, sub-clauses a.1 , a.2 , a.3 and a.4 , subject also to the provisions of sub-clause b of this Clause.

CLAUSE FIVE: COMPLIANCE WITH THE STRATEGIC PLAN AND THE CONTRACT

For the purposes of ensuring the total payment of the **DEBIT** to **CEMIG**, under the terms of this Amendment, and as part of its obligations hereunder, the **STATE** undertakes, subject to the legislation in force, to exercise its power of control in **CEMIG** in such a way as:

a) to maintain in the bylaws of the wholly-owned subsidiaries of Cemig the distribution and payment to **CEMIG**, as dividends and/or Interest on Equity, of the total of the net profit made by the said subsidiaries, after the retention of the amounts allocated to the legal reserves and to the capital expenditure approved under the Strategic Plan, subject to the availability of free cash in the respective subsidiary;

b) to maintain in the Bylaws of **CEMIG** the distribution and payment of 50% (fifty per cent) of net profit, as dividends or Interest on Equity, in 2 (two) six-monthly parts, the first by June 30 and the second by December 31, of each year;

c) to submit to prior approval by the Board of Directors of **CEMIG** and, subsequently, to approval by the General Meeting of Stockholders of **CEMIG**, any alteration to the **CONTRACT**, as amended by the present Amendment;

d) If the dividend forecasts contained in the Strategic Plan approved by Board Decision CRCA/145/2004 of Nov 22, 2004 are not fulfilled for reasons not arising from decisions of the controlling stockholder, which run contrary to the provisions of this instrument, in such a way that 100% (one hundred per cent) of the dividends and Interest on Equity payable to the **STATE** is insufficient for coverage of the Installments specified in Paragraph One of Clause Two, the Parties undertake to renegotiate the Installments in accordance with the Strategic Plan, which should be reviewed at that time, preserving the principles of this **CONTRACT**.

CLAUSE SIX INCREASE IN INTEREST RATE

In the event that the **STATE** does not pay on time and in full 3 (three) successive Installments, whether or not retention of the totality of all and any ordinary and extraordinary dividends and/or Interest on Equity due to the **STATE** has taken place under Paragraph Four of Clause Three, or of its default becoming characterized in accordance with Clause Seven, the interest rate applicable to the balance of the **DEBIT** shall be changed, automatically, to 0.797414 per month, corresponding to an effective rate of 10% (ten per cent) per year, in replacement of the interest rate specified in sub-clause c of the head paragraph of Clause Two.

Sole paragraph: The increase in interest rates shall be in effect as from the first day of the six-month period following the six-month period to which the third Installment not fully paid refers and may be reduced again to the interest rate specified in sub-clause c of the head paragraph of Clause Two (without prejudice to the amount of interest accumulated at the higher rate in the period in which it is in effect) if the **STATE** settles all and any Installment that is past due and unpaid in full before its default has been characterized in accordance with Clause Seven.

CLAUSE SEVEN: DEFAULT

Any of the following events shall characterize default by the **STATE**, independently of any advice or

notification:

a) if the **STATE** at its initiative and without the need to obey any ruling of federal legislation makes a change in the Bylaws which reduces the distribution of 50% (fifty per cent) of the net profit as ordinary dividends or Interest on Equity;

b) if the **STATE** ceases to make the payments in timely fashion and in full of 5 (five) consecutive Installments, independently of whether or not either of the following has occurred:

(i) retention of the totality of all and any ordinary or extraordinary dividends or Interest on Equity payable to the **STATE**, in accordance with Paragraph Four of Clause Three; or

(ii) increase in the interest rate under Clause Six; or

c) if the **STATE** ceases to comply with any other obligation specified in the **CONTRACT**, as amended by this Amendment, including in any way preventing **CEMIG** from making the retentions specified in Clause Three.

CLAUSE EIGHT: MEASURES IN THE EVENT OF DEFAULT; EARLY MATURITY;

CHANGE IN FINANCIAL CHARGES

In the event that the **STATE** defaults, under Clause Seven, independently of whether **CEMIG** takes any steps at any time, the following shall be obeyed, without prejudice to any other right of **CEMIG** or **action**:

a) the amount of the **DEBIT**, including the Installments, shall continue to be updated by the positive or negative variation of the General Domestic Availability Price Index (IGP-DI) and to suffer the effect of interest, in the manner specified herein, subject to sub-clause b below;

b) in substitution of the remunerative interest rate specified in Clause Six, arrears interest of 0.948879% per month shall automatically come into effect, corresponding to an effective rate of 12% (twelve per cent) per year, starting from the date of characterization of the default;

c) **CEMIG** in the exercise of the contractual guarantee of the **DEBIT** shall continue to retain the Amount Retained, and also the totality of all and any ordinary or extraordinary dividends or Interest on Equity, or other amounts resulting from amortization, redemption or repurchase of debentures, shares or reduction of capital payable to the **STATE**, until the full payment of the totality of the **DEBIT**, augmented by the interest payable, and duly corrected in monetary terms. The retention may not under any circumstances cover amounts relating to revenues of the **STATE** of a tax nature;

Paragraph Five: In the event of the IGP-DI being abolished, the index which replaces it shall be applied, or another officially recognized monetary updating index which best reflects the loss of purchasing power, or any other index which may be agreed between the Parties.

CLAUSE THREE: RETENTION OF DIVIDENDS AND INTEREST ON EQUITY

For payment of the **DEBIT**, in accordance with Clause Two, the Parties recognize that the **STATE**:

a) currently has a stockholding of 22.23% (twenty two point two three per cent) in **CEMIG** which, based on distribution of 50% (fifty per cent) of the net profit as dividends or Interest on Equity and retention of the percentage specified in Paragraph Two, sub-clause a below, corresponds, on today's date, to a percentage of 7.23% (seven point two three per cent) on net profit; and

b) intends to use the amounts arising from the flow of dividends or Interest on Equity to which it is entitled as a stockholder of **CEMIG**, taking into account the New Dividend Policy and the changes to the Bylaws of **CEMIG**, to guarantee the payment of the Installments and of the balance of the **DEBIT**.

Paragraph One: By means of this Amendment, and for the full purposes of law, the **STATE** hereby irrevocably authorizes **CEMIG** to retain amounts from the **STATE**'s entitlement to dividends and/or Interest on Equity receivable from **CEMIG** for the payment of the Installments and the balance of the **DEBIT**, plus the interest owed and duly adjusted, subject to the provisions of this instrument.

Paragraph Two: Of the distribution, as ordinary dividends and Interest on Equity, of 50% (fifty per cent) of net profit, **CEMIG** shall, unless otherwise provided for in this instrument, proceed as follows:

a) **CEMIG** shall retain 65% (sixty five per cent) of the total of the ordinary dividends and Interest on Equity to which the **STATE** is entitled (hereinafter the Amount Retained) and apply the entire Amount Retained as follows:

a.1) for settlement of any Installment past due and not fully paid, in order of the past chronological order of due dates;

a.2) for settlement of the Installment relating to the half-year in which the ordinary distribution of profit or Interest on Equity takes place;

a.3) for anticipated settlement of up to a maximum of 2 (two) Installments, being those immediately subsequent to the half-year in which the ordinary distribution of earnings or Interest on Equity takes place, subject to the provisions of Clause Four; and

a.4) for the amortization of the balance of the **DEBIT**, augmented by the interest due and duly adjusted, without there being any change to the amount or due date of the Installments yet to become due, or subsequent ones, which shall continue to be owed in accordance with the terms of Clause Two, except those referred to in item a.3 above.

b) **CEMIG** shall pay to the **STATE** the remaining 35% (thirty five per cent) of the amount of the ordinary dividends and Interest on Equity.

Paragraph Three: Without prejudice to the retention of the Amount Retained under Paragraph Two, if the retention of the ordinary dividends and Interest on Equity is insufficient to settle the respective Installment, **CEMIG** shall proceed to retain, starting on January 1, 2008, up to 65% (sixty five per cent) of all and any amount of extraordinary dividends or Interest on Equity to which the **STATE** may be entitled, for the settlement of any Installment, up to the amount necessary for its settlement, after due monetary correction.

Paragraph Four: If the retention of the ordinary and extraordinary dividends and/or Interest on Equity in the manner specified in Paragraphs Two and Three above is insufficient for total settlement of any Installment, **CEMIG** shall proceed automatically to retain the totality of all and any dividends and Interest on Equity, ordinary or extraordinary (including the percentage specified in Paragraph Two, sub-clause b), to which the **STATE** is entitled, starting from the six-month period immediately following that of the Installment which is past due and has not been fully settled, up

to the full settlement of such Installment, duly adjusted in monetary terms, and the interest due on any debtor balance shall be added to the total of the **DEBIT**.

Paragraph Five: Without prejudice to the retention of the Amount Retained, in accordance with the Paragraphs above and any other provision hereof, and provided that default has not yet been characterized under Clause Seven, after the settlement of all the Installments that are past due and have not been fully settled, the retention specified in Paragraphs Three and Four shall be immediately suspended, and shall again be applied only to the 65% (sixty five per cent) of the

ordinary dividends and Interest on Equity, in accordance with Paragraph Two, sub-clause a .

Paragraph Six: If there is a reduction in the share held by the **STATE** in the registered capital of **CEMIG** and, as a result, in the ordinary dividends and/or Interest on Equity to be paid by **CEMIG** to the **STATE**, the percentage defined in Paragraph Two, sub-clause a shall automatically be adjusted upward (with the corresponding reduction of the percentage specified in Paragraph Two, sub-clause b), in such a way that the Amount Retained shall correspond at all times to at least 7.23% (seven point two three per cent) of the net profit of **CEMIG**.

Paragraph Seven: If **CEMIG** assigns the credits made up of the Installments payable by the **STATE**, which may also be an assignment to one or more Credit Receivables Investment Funds, provided that all the terms and conditions of this instrument are preserved, the **STATE** hereby authorizes **CEMIG** to make the payment of the Installments, in the proportion of the credit assigned, directly to the assignee, using amounts retained in accordance with this Clause Three.

CLAUSE FOUR: EARLY AMORTIZATION AND OTHER AMORTIZATIONS

The Parties agree that early amortization of an Installment or Installments may only take place in the following events and provided there is no Installment which is past due and has not been fully settled:

c) the **STATE** may effect early amortization of up to a maximum of 2 (two) Installments, by application of the balance of the Amount Retained in excess of the amount of the Installments that are past due, as specified in Paragraph Two, sub-clause a.3 , of Clause Three, provided the number of installments thus amortized early does not exceed, at any time, a total of 2 (two) Installments; or

d) the **STATE** may carry out early amortization of up to a maximum of 3 (three) Installments, with its own funds, not arising from the retention of ordinary or extraordinary dividends and/or Interest on Equity, provided that the number of Installments thus amortized early does not exceed at any time a total of 3 (three) Installments.

Sole paragraph: In the event that **CEMIG** carries out any amortization, redemption or repurchase of shares, any reduction of capital or any other transaction which results in distribution or payment to stockholders, other than distribution of dividends or payment of Interest on Equity, the totality of the amounts to which the **STATE** is entitled shall be wholly and automatically used in the amortization of the balance of the **DEBIT**, in the manner specified in Clause Three, Paragraph Two, sub-clauses a.1 , a.2 , a.3 and a.4 , subject also to the provisions of sub-clause b of Clause.

CLAUSE FIVE: COMPLIANCE WITH THE STRATEGIC PLAN AND THE CONTRACT

For the purposes of ensuring the total payment of the **DEBIT** to **CEMIG**, under the terms of this Amendment, and as part of its obligations hereunder, the **STATE** undertakes, subject to the legislation in force, to exercise its power of control in **CEMIG** in such a way as:

- a) to propose the maintenance of, and maintain, in the bylaws of the wholly-owned subsidiaries of **CEMIG**, the distribution and payment to **CEMIG**, as dividends and/or Interest on Equity, of the total of the net profit made by the said subsidiaries, after the retention of the amounts allocated to the legal reserves and to the capital expenditure approved under the Strategic Plan, subject to the availability of free cash in the respective subsidiary;
- b) to propose the maintenance of, and to maintain, in the Bylaws of **CEMIG**, (i) the distribution and payment of 50% (fifty per cent) of net profit, as dividends or Interest on Equity, in 2 (two) six-monthly parts, the first by June 30 and the second by December 31, of each year; and (ii) the provisions in relation to the management of **CEMIG** contained in Clause 11 of the Bylaws, with the drafting approved by the Extraordinary General Meeting of Stockholders begun on December 30, 2005 and completed on January 12, 2006.
- c) to submit to prior approval by the Board of Directors of **CEMIG** and, subsequently, to approval by the General Meeting of Stockholders of **CEMIG**, any alteration to the **CONTRACT**, as amended by the present Amendment;

Paragraph One: The Parties recognize that the renegotiation of the **DEBIT** in the form of this Amendment took into account the Strategic Plan and the New Dividend Policy therein specified, and also the establishment of targets for the management of **CEMIG**, in accordance with the provisions of the bylaws referred to in sub-clause b of the head paragraph of this Clause. In this respect, and as long as the State has fulfilled its commitments specified in this Clause Five, if an extraordinary event occurs that is unpredictable and beyond the control of the Parties, and results in reduction of the profit of **CEMIG** and consequent reduction of the payment of dividends and Interest on Equity, in such a way that 100% (one hundred per cent) of the retention by **CEMIG** of the ordinary and/or extraordinary dividends and interest on equity which are payable to the **STATE**, in accordance with the provisions of Paragraph Four of Clause Three, is insufficient for the full payment of the Installments, the Parties, in a spirit of mutual cooperation and in obedience to the final period for settlement of the **DEBIT** and the financial charges originally agreed, hereby agree to negotiate in good faith the rescheduling of the Installments affected by the respective events, taking into account the Strategic Plan. When the existence of the circumstances referred to in this Paragraph One has been characterized, unless the parties reach an agreement about the rescheduling of the Installments affected, all the provisions hereof shall remain valid and in full effect (including the retention of all the dividends and interest on equity payable to the State), except that the number of Installments provided for in the head paragraph of Clause Six and in sub-clause b of Clause Seven shall be, for the specific purposes of such an eventuality, and without the possibility of accumulation (even if a new event occurs), augmented by 1 (one) Installment, increasing to 4 (four) and 6 (six) Installments, respectively.

Paragraph Two: The provisions relating to the management of **CEMIG** contained in the bylaws referred to in sub-clause (b), sub-item (ii), of this Clause Five, which aim to ensure compliance with the guidelines and targets necessary for adequate generation of the profits of **CEMIG** and the payment of the **DEBIT** in the form specified in this Amendment, shall not be changed, other

than in an extraordinary situation arising from a future situation in the economy which clearly justifies and calls for alteration of any of these provisions, as and when such situation is identified by the Board of Directors of **CEMIG** in terms of this Paragraph Two and provided that the alteration of any of these provisions, in such a situation, (i) is limited to what is strictly necessary for adaptation to the new situation, (ii) maintains and makes possible maintenance of the projections of **CEMIG**'s profits in such a way as to ensure the conditions for the full payment of the **DEBIT** by the **STATE** in the manner specified in this Amendment, (iii) obeys the principles that support the renegotiation of the **DEBIT** in the form of this Amendment and, cumulatively,

(iv) is approved by the Board of Directors of **CEMIG**, after hearing of the opinions of an independent audit, and also of **CEMIG**'s independent auditors, as a condition for submission of the change to the general meeting of stockholders of **CEMIG**.

CLAUSE SIX INCREASE IN THE INTEREST RATE

In the event that the **STATE** does not pay on time and in full 3 (three) successive Installments, whether or not there has been retention of the totality of all or any ordinary and extraordinary dividends and/or Interest on Equity due to the **STATE** under Paragraph Four of Clause Three, or if its default becomes characterized under Clause Seven, the interest rate applicable to the balance of the **DEBIT** shall be changed, automatically, to 0.797414 per month, corresponding to an effective rate of 10% (ten per cent) per year, in replacement of the interest rate specified in sub-clause c of the head paragraph of Clause Two.

Sole paragraph: The increase in the interest rate shall be in effect as from the first day of the six-month period following the six-month period to which the third Installment not fully paid refers and may be reduced again to the interest rate specified in sub-clause c of the head paragraph of Clause Two (without prejudice to the amount of interest accumulated at the higher rate in the period in which it is in effect) if the **STATE** settles all and any Installment that is past due and unpaid in full before its default has been characterized in accordance with Clause Seven.

CLAUSE SEVEN: DEFAULT

Any of the following events shall characterize default by the **STATE**, independently of any advice or notification:

a) if the **STATE** at its initiative and without being obliged to comply with any new rule of federal legislation (i) allows the reduction of the distribution and payment to **CEMIG** of dividends or interest on equity of the wholly-owned subsidiaries of **CEMIG**, as specified by sub-clause a of Clause Five, (ii) reduces the distribution and payment of 50% (fifty per cent) of the net profit of **CEMIG** as dividends and Interest on Equity, or (iii) ceases to obey the provisions of Paragraph Two of Clause Five in relation to the commitment and matters specified in sub-clause b, item (ii) of Clause Five;

b) if the **STATE** ceases to make the payments in timely fashion and in full of 5 (five) consecutive Installments, independently of whether or not either of the following has occurred: (i) retention of the totality of all and any ordinary or extraordinary dividends or

interest on equity payable to the **STATE**, in accordance with Paragraph Four of Clause Three; or (ii) increase in the interest rate under Clause Six; or

c) if the **STATE** ceases to make full payment of any amount due under this instrument and the sum of the amount owed is equal to or more than 4 (four) times the value of the first Installment not paid in full, adjusted in accordance with Paragraph Two of Clause Two, or

d) the **STATE** fails to comply with the provisions of Clause Five, sub-clause c, or in any way prevents **CEMIG** from making the retentions specified in Clause Three or in the Sole Paragraph of Clause Four.

CLAUSE EIGHT: MEASURES IN THE EVENT OF DEFAULT; EARLY MATURITY; CHANGE IN FINANCIAL CHARGES

In the event that the **STATE** defaults, under Clause Seven, independently of whether **CEMIG** takes any steps at any time, the following shall be obeyed, without prejudice to any other right of **CEMIG** or action:

a) the amount of the **DEBIT**, including the Installments, shall continue to be updated by the positive or negative variation of the General Domestic Availability Price Index (IGP-DI) and to suffer the effect of interest, in the manner specified herein, subject to sub-clause b below;

b) in substitution of the remunerative interest rate specified in Clause Six, arrears interest of 0.948879% per month shall automatically come into effect, corresponding to an effective rate of 12% (twelve per cent) per year, starting from the date of characterization of the default;

c) **CEMIG** shall continue to retain the Amount Retained, and also the totality of all and any ordinary or extraordinary dividends or Interest on Equity, or other amounts resulting from amortization, redemption or repurchase of debentures, shares or reduction of capital payable to the **STATE**, until the full payment of the totality of the **DEBIT**, augmented by the interest payable, and duly corrected in monetary terms. The retention shall not under any circumstances cover amounts relating to revenues of the **STATE** of a tax nature;

d) **CEMIG** may declare early maturity of the totality of the **DEBIT**, augmented by the interest payable, duly updated in monetary terms, and also demand, charge and collect from the **STATE**, through the courts or otherwise, the amounts payable by the **STATE**, including the total of the debtor balance.

CLAUSE NINE: PERIOD OF VALIDITY

The **CONTRACT** shall be valid until June 30, 2035, and may be settled early, if the value of the Amounts Retained which exceed the amount of the respective Installments, plus any other amount which becomes payable to **CEMIG** under this instrument, have been sufficient for the early settlement of the balance of the **DEBIT**, plus the interest payable and due monetary

correction.

Paragraph One: If the concession contracts for provision of public electricity distribution service of the respective wholly-owned subsidiary of **CEMIG** are not extended from 2016, the Parties shall renegotiate the balance of the **DEBIT**, subject to preservation of the limit-date of June 30, 2035 for its full payment.

Paragraph Two: If for any reason the **CONTRACT** is terminated or extinguished without the debtor balance owed by the **STATE** having been settled in full, for as long as the settlement of the debtor balance, including the interest due and monetary correction, is not renegotiated between the Parties, **CEMIG** shall retain the totality of the ordinary or extraordinary dividends and/or Interest on Equity payable to the **STATE**, independently of notice or any other measure.

Paragraph Three: If the **STATE** decides to dispose of shares that represent the control of **CEMIG**, it must include in the respective public offer, or equivalent, and in all the other instruments of disposal, a Clause which obliges the acquiring Party to settle, at sight, the balance of the **DEBIT**, augmented by the due interest and duly corrected in monetary terms, as a condition for the acquiring Party to acquire control, and in this event the balance of the **DEBIT** shall be considered to have matured early, without requirement for any advice or notice.

Barbacena 1,200 19th floor, B1 wing, Belo Horizonte, state of Minas Gerais, Brazil, or by showing the said proofs of ownership at the time of the meeting.

Belo Horizonte, December 22, 2005.

Wilson Nélio Brumer

Chairman of the Board of Directors.

Before the agenda of this Meeting was put to debate, the representative of the stockholder **Southern Electric Brasil Participações Ltda.** highlighted that the Bylaws adopted by the Extraordinary General Meeting of Stockholders of October 25, 1999, and also the subsequent meetings, were approved only in view of the suspension of the Stockholders' Agreement, by the decision of the Judiciary, and were, thus, provisional and precarious. He stated that, thus, the acts and operations practiced or submitted to the approval of the management bodies of Cemig, under such changes in the Bylaws made under the protection of a Court decision currently in force, could at any moment be revised and withdrawn from the legal universe.

On the question, the representative of the stockholder **State of Minas Gerais** reminded the meeting that the decision that annulled the Stockholders' Agreement signed between the State of Minas Gerais and Southern Electric Brasil Participações Ltda. no longer has an interim or provisional character being a decision on the merits and that, therefore, this is not a case of suspension, but annulment. He added that there is already a decision on the merit which annuls the Stockholders' Agreement confirmed by the Appeal Court of the State of Minas Gerais. He further stated that the decisions of this Board may only take into account what exists in the present day, and not to vote on matters while waiting for a Court decision would be irresponsible since, in reality, the said Stockholders' Agreement, by force of a Court decision, cannot produce any effect and the decisions taken are taken strictly within compliance with the Court decision. Finally, he said that the Extraordinary and Special Appeals brought by **Southern** were not allowed for hearing by the Vice-Chairman of the Appeal Court of Minas State, and that, more recently, the Higher Appeal Court had refused the Interlocutory and Special Appeals filed by **Southern**, reinforcing the legal situation already declared by the Appeal Court of Minas Gerais, that is to say, the inefficacy of the Stockholders' Agreement which is the subject of the action.

The Chairman then requested the Secretary to proceed to reading of the Proposal of the Board of Directors, the matter which is on the agenda, the content of which is as follows:

**PROPOSAL BY THE BOARD OF DIRECTORS TO THE
EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS.**

Dear Stockholders:

Whereas

- a) the Bylaws of Cemig, in Clause 1, sole sub-paragraph, state that majority or minority stockholding by the company in other companies requires the prior authorization of Aneel;
- b) as a result of the unbundling of the company, the concessions for generation, transmission and distribution of electricity were transferred to the wholly-owned subsidiaries Cemig Geração e Transmissão S.A. and Cemig Distribuição S.A., so that prior authorization by Aneel for acquisitions by the company of stockholding interests became unnecessary;
- c) there is interest in establishing in the Bylaws of the company the obligatory nature of the duty of the company's managers to obey the provisions of the company's Strategic Plan and the dividend policy therein contained, in such a way as to give it full effect; and
- d) there is interest in establishing in the Bylaws of the company the competency of the management bodies to approve changes to the Strategic Plan of the company; to establish what should, necessarily, be contained in the Strategic Plan, and the fact that it is obligatory for the Strategic Plan to be reflected in all the plans, projections, activities, strategies, capital expenditure and expenses of the company and its wholly-owned subsidiaries, subsidiaries and affiliates and in the consortia in which it participates, directly or indirectly, including the Multi-Year Strategic Plan of the company and the Annual Budget;

c) to limit the amount of funds destined to capital expenditure, in each business year, to the equivalent of, at most, 50% (fifty per cent) of the company's Ebitda, starting in the business year of 2008;

d) to invest only in distribution, generation and transmission projects which offer real minimum internal rates of return equal to or more than those specified in the company's Strategic Plan, subject to the legal obligations; and

e) to maintain the expenses of the wholly-owned subsidiary Cemig Distribuição S.A. and of any subsidiary which operates in distribution of electricity at amounts not greater than the amounts recognized in the tariff adjustments and reviews.

§ 6 The targets established in § 5 above, upon prior approval by the Board of Directors, may be exceeded for reasons related to temporarily prevailing conditions, up to the following limits:

a) the company's consolidated debt to be less than or equal to 2.5 (two point five) times the company's Ebitda (Earnings before interest, taxes, depreciation and amortization);
