*Committees of the Constellation Energy Board of Directors*

## Edgar Filing: CONSTELLATION ENERGY GROUP INC - Form 10-K/A

The Constellation Energy board of directors has the following committees:

*Executive Committee:* This committee may exercise all of the powers of the board of directors, except that it may not authorize dividends or the issuance of stock (except in certain limited circumstances authorized by the board of directors), recommend to stockholders any action requiring stockholder approval, amend the by-laws, or approve mergers or share exchanges that do not require stockholder approval. The committee met three times in 2005. Mr. Shattuck is Chairman, and Messrs. Bramble, Crooke and Lawless are members.

*Audit Committee:* This committee oversees Constellation Energy's auditing, accounting, financial reporting, risk management, corporate compliance and internal control functions as set forth in its charter. The committee also approves the services provided by Constellation Energy's independent registered public accounting firm, and monitors and evaluates its performance, the fees paid, and the compatibility of the non-audit services provided by the firm with maintaining the firm's independence. The board of directors has determined that each of the members of the audit committee is an audit committee financial expert as that term is defined in the applicable rules of the Securities and Exchange Commission. The committee met eight times in 2005. Mr. Brady is Chairman, and Messrs. de Balmann and Bramble are members.

*Committee on Nuclear Power:* This committee monitors the performance and safety at our nuclear power plants. The committee met six times in 2005. Mr. Curtiss is Chairman, and Mr. Crooke, Ms. Lampton and Ms. Martin are members.

*Compensation Committee:* This committee reviews the recommendations of the Chief Executive Officer for candidates for positions as executive officers of Constellation Energy and recommends candidates to the Constellation Energy board of directors. It reviews and recommends to the Constellation Energy board of directors compensation for directors, and establishes compensation and reviews perquisites and fringe benefits for the Chief Executive Officer and other executive officers. The committee approves the terms of any severance, change in control or employment contract for the Chief Executive Officer and other executive officers. The committee also oversees succession planning for the Chief Executive Officer and senior management. The committee met eight times in 2005. Mr. Lawless is Chairman, and Messrs. Becker and Sullivan, Dr. Hrabowski and Ms. Martin are members.

*Nominating and Corporate Governance Committee:* This committee considers and recommends to the Constellation Energy board of directors nominees for election as directors, including nominees recommended by stockholders. It oversees corporate governance, Constellation Energy board of directors composition, annual evaluations of the Constellation Energy board of directors and its committees, and committee structure, membership and functions. The committee periodically reviews Constellation Energy's Corporate Governance Guidelines and Principles of Business Integrity. The committee met six times in 2005. Mr. Sullivan is Chairman, and Messrs. Becker and Lawless, Dr. Hrabowski and Ms. Martin are members.

Constellation Energy maintains on its website, [www.constellation.com](http://www.constellation.com), copies of the charters of each of the committees of the Constellation Energy board of directors, as well as copies of its Corporate Governance Guidelines, Principles of Business Integrity, Corporate Compliance Program and Insider Trading Policy. Copies of these documents are also available in print upon request of Constellation Energy's Corporate Secretary. The Principles of Business Integrity is a code of ethics which applies to all of our directors, officers and employees, including the chief executive officer, chief financial officer and chief accounting officer. Constellation Energy will post any amendments to, or waivers of, the Principles of Business Integrity applicable to its chief executive officer, chief financial officer or chief accounting officer on its website.

E. F. Smith	1,500,000	1,050	1,501,050
F. J. Dawson	5,000,000	360	5,000,360
G. E. Persky	5,000,000	360	5,000,360

(2) Represents payroll taxes paid by Constellation Energy on behalf of the executive.

(3) The following executives held shares of restricted stock listed below at December 31, 2005:

	<b>Shares #</b>	<b>Market Value (\$ )</b>
M. A. Shattuck III	50,000	2,880,000
T. V. Brooks	28,022	1,614,067
E. F. Smith	28,229	1,625,990
F. J. Dawson	86,232	4,966,963
G. E. Persky	86,232	4,966,963

The fair market value for the shares held is based on the \$57.60 closing price per share for Constellation Energy common stock on December 31, 2005.

(4) Options were granted to certain executives on February 24, 2005 under Constellation Energy's Executive Long-Term Incentive Plan and vest and become exercisable in three equal annual installments beginning February 24, 2006. See the Option Tables beginning on page 8.

- (5) For 2005 and 2004, the amounts in the *All Other Compensation* column represent Constellation Energy's matching contributions under its savings plans. For 2003, the amounts include for certain executives Constellation Energy's matching contributions under its savings plans and payout of accrued vacation.
- (6) Includes 334,210, 98,300 and 98,300 options that were granted to Messrs. Shattuck and Brooks and Ms. Smith, respectively, on February 24, 2005 as part of annual long-term incentive awards. Also includes 1,051,361, 361,897 and 271,684 replacement options that were granted to Messrs. Shattuck and Brooks and Ms. Smith, respectively, on December 21, 2005. These options replaced 1,467,387, 498,611 and 392,687 vested options that were exercised by such executive officers at the request of the Compensation Committee for purposes of minimizing the potential amount of excise taxes and tax gross-up payable by Constellation Energy on behalf of the executive officer pursuant to Section 4999 of the Internal Revenue Code. The number of replacement options is equal to the actual options exercised, less the number of shares of common stock actually delivered to the executive officer net of tax withholding. Each executive officer continues to hold all of the resulting value realized upon the exercise of such officer's vested options in shares of Constellation Energy common stock. The replacement options are fully vested, have an exercise price equal to the fair market value of the Constellation Energy common stock on the date of grant and retain the expiration date of the options that were replaced. See the Option Tables beginning on page 8.

  - (ii) 1,772 shares of service-based restricted stock that were granted to each of Messrs. Dawson and Persky on February 26, 2004 based on Constellation Energy's 2003 relative TSR performance above target. These shares are valued at fair market value on the date of grant (\$39.65

- closing price per share for Constellation Energy common stock on February 26, 2004). Shares vest ratably over three years beginning May 2, 2004. Dividends on unvested shares are accumulated and used to purchase additional shares; and
- (iii) 8,827 stock units that are fully vested but are subject to transfer restriction until February 26, 2009. The units are valued at fair market value on the date of grant (\$39.65 closing price per share for Constellation Energy common stock on February 26, 2004). Dividend equivalents on these units are accumulated and used to purchase additional units.

- (1) Represents an option grant made on February 24, 2005 pursuant to Constellation Energy's Executive Long-Term Incentive Plan with an exercise price equal to the fair market value of Constellation Energy common stock on the date of grant (\$50.96 average of high and low price per share for Constellation Energy common stock on February 24, 2005). The option grant vests and becomes exercisable in three equal annual installments beginning on February 24, 2006; and
- (2) Represents replacement options granted to Messrs. Shattuck and Brooks and Ms. Smith on December 21, 2005 with an exercise price equal to the fair market value of Constellation Energy common stock on the date of grant (\$58.33 average of high and low price per share) following the exercise of all vested options held by such executive officers at the request of the Compensation Committee. The replacement options are fully vested. These options replaced 1,467,387, 498,611 and 392,687 vested options that were exercised by Messrs. Shattuck and Brooks and Ms. Smith, respectively, at the request of the Compensation Committee for purposes of minimizing the potential amount of excise taxes and tax gross-up payable by Constellation Energy on behalf of the executive officer pursuant to Section 4999 of the Internal Revenue Code. The number of replacement options is equal to the actual options exercised, less the number of shares of common stock actually delivered to the executive officer net of tax withholding. Each executive officer continues to hold all of the resulting value realized upon the exercise of such officer's vested options in shares of Constellation Energy common stock.

*Long-Term Incentive Plan Awards Table*

## Edgar Filing: CONSTELLATION ENERGY GROUP INC - Form 10-K/A

Target awards of performance units were made for the three-year performance period that began January 1, 2005 pursuant to Constellation Energy's Executive Long-Term Incentive Plan. Each performance unit is equivalent to one dollar (\$1.00). The value of the performance unit award payouts is dependent on Constellation Energy's total shareholder return for the three-year performance period relative to the total shareholder return of either investment grade large- and mid-cap companies in the Dow Jones Electricity and Multiutilities Indexes or companies in the S&P 500 Index. The primary performance criteria is Constellation Energy's 2005-2007 total shareholder return relative to investment grade large- and mid-cap companies in the combined Dow Jones Electricity and Multiutilities Indexes. If Constellation Energy's total shareholder return is below a minimum threshold during the performance period, then Constellation Energy's total shareholder return will be measured against the total shareholder return of companies in the S&P 500 Index. After the end of the three-year performance period, awards will be paid out 50% in cash and 50% in cash or equity at the discretion of the Compensation Committee.

The following table reports potential payouts of performance units awarded to the persons named in the *2005 Summary Compensation Table*. The threshold, target and maximum awards are equal to 50%, 100% and 200%, respectively, of the performance unit target award, for the Dow Jones Electricity and Multiutilities Indexes measure and 50%, 75% and 150%, respectively, of the performance unit target award, for the S&P 500 Index measure. Payouts are interpolated between award levels.

*Pension Benefits*

## Edgar Filing: CONSTELLATION ENERGY GROUP INC - Form 10-K/A

Mr. Shattuck and Ms. Smith participate in the Senior Executive Supplemental Plan. Under the plan, at retirement a participant must be at least age 55 with 10 or more years of vesting service or at least age 62 with five or more years of vesting service to be entitled to any benefits. Benefits paid before age 62 are reduced for early receipt. Mr. Shattuck's normal retirement annuity benefit under the plan, which is available at age 62 with five or more years of vesting service, will be computed at 60% of covered earnings. At December 31, 2005, based on his current age of 51 and four years and two months of vesting service, Mr. Shattuck was not eligible for benefits under the plan as he did not meet the age and service requirements.

Normal retirement annuity benefits available under the plan at age 62 for Ms. Smith accrue at 5.5% per year of benefit service, up to a maximum annuity benefit of 55% of covered earnings. At December 31, 2005, based on her current age of 46 and four years and seven months of vesting service, Ms. Smith was not eligible to receive benefits under the plan as she did not meet the age and service requirements. As of that date, she has accrued benefits equal to 25.2% of covered earnings, which would be available at age 62 if she meets the service requirement.

Covered earnings are equal to the average of the highest two of the last five years' base pay amounts plus the average of the highest two of the last five years' annual incentive award amounts. Benefits payable under the plan are paid in periodic installments unless a participant elects a lump sum. Plan participants are entitled to a 50% survivor annuity benefit at no cost. The benefits computed under the Senior Executive Supplemental Plan are offset by benefits under the qualified employee pension plan applicable to most employees but will not be offset for Social Security.

Vesting of accrued benefits under the Senior Executive Supplemental Plan accelerate when any of these events occur: employment termination, demotion or loss of benefit eligibility without cause; a change of control of Constellation Energy followed within two years by the executive's demotion, employment termination or loss of benefit eligibility; or reduction of previously accrued benefits. As a result of such accelerated vesting, the executive would be entitled to a lump sum payout of the vested amount from the applicable pension plan after employment termination.

Mr. Brooks, Mr. Dawson and Mr. Persky's normal retirement lump sum benefits, which are available at age 65 under the Benefits Restoration Plan, accrue in accordance with the benefit formula of the qualified employee pension plan but without regard to Internal Revenue Service limitations. Under the plan, a lump sum benefit is computed based on covered earnings multiplied by a total credit percentage. Covered earnings are equal to the average of the highest three of the last five years' base pay plus annual incentive. The total credit percentage is equal to the sum of the credit percentages based on the following formula: 5% per year of service through age 39, 10% per year of service from age 40 to age 49, and 15% per year of service after age 49. Mr. Brooks, Mr. Dawson and Mr. Persky's lump sum benefits under the plan at normal retirement age 65 will total 341%, 362% and 371%, respectively, of final average salary and bonus, and will be offset by

the benefits under the qualified employee pension plan applicable to most employees, but will not be offset by Social Security. No benefits are available under the plan until a participant has at least five years of service. At December 31, 2005, Mr. Brooks was age 43 and had four years and nine months of service, Mr. Dawson was age 38 and had four years and nine months of service and Mr. Persky was age 35 and had four years and nine months of service. Benefits payable under the plan are paid in periodic installments unless a participant elects a lump sum.

If Mr. Shattuck or Ms. Smith terminate employment after five years of service but prior to meeting the eligibility requirements for benefits under the Senior Executive Supplemental Plan, (i.e., before reaching age 55 with 10 or more years of vesting service or age 62 with five or more years of vesting service), they would be eligible to receive benefits under the Benefits Restoration Plan calculated in the same manner as described above with respect to Messrs. Brooks, Dawson and Persky. At December 31, 2005, Mr. Shattuck was age 51 and had four years and two months of service and Ms. Smith was age 46 and had four years and seven months of service.

Under the Supplemental Benefits Plan, each executive is also entitled to personal financial, tax and estate planning benefits that continue during the year of retirement plus the next two calendar years. If a retired executive continues to serve as a member of the Constellation Energy board of directors, the personal financial, tax and estate planning benefit period extends until Constellation Energy board of directors membership ceases.

Covered earnings used to compute pension benefits for the individuals named in the *2005 Summary Compensation Table* as of December 31, 2005 were as follows:

M. A. Shattuck III	\$	4,486,000
T. V. Brooks		3,133,300
E. F. Smith		1,986,500
F. J. Dawson		400,000
G. E. Persky		375,000

Constellation Energy sponsors the Nonqualified Deferred Compensation Plan that provides the opportunity for eligible employees including the individuals named in the *2005 Summary Compensation Table* to defer certain compensation including base salary and annual incentives. Under the plan, Constellation Energy matches base salary deferral amounts for salary over the Internal Revenue Service compensation limit (applicable to qualified employee 401(k) plans) using the same matching formula as under the Constellation Energy qualified employee 401(k) plan (match of 50% up to the first 6% of employee salary deferral). Nonqualified Deferred Compensation Plan participants may elect to invest their plan account balances in investment options that substantially mirror the qualified employee 401(k) plan options. Plan participants do not pay taxes on amounts deferred, company contributions, or earnings thereon, until amounts are distributed from the Nonqualified Deferred Compensation Plan. An executive's benefits under the Nonqualified Deferred Compensation Plan always are fully vested and are payable after employment termination.

Constellation Energy previously funded a rabbi trust to secure benefits accrued through December 31, 2002 under the Senior Executive Supplemental Plan. Constellation Energy's last contribution to the trust was made during 2003. Constellation Energy currently funds a rabbi trust for the Nonqualified Deferred Compensation Plan. Contributions to the trust include the amount of participant deferred compensation and employer matching contributions. These rabbi trusts do not increase the amount of supplemental pension benefits or deferred compensation. Following completion of the merger with FPL Group, the rabbi trusts cannot be amended for two years, the trustees may not be removed for two years and a reversion of excess trust assets cannot be taken for two years.

A copy of the following Constellation Energy plans may be found in Constellation Energy's reports as follows: Senior Executive Supplemental Plan Exhibit 10(e) to the Quarterly Report on Form 10-Q for the quarter ended March 31, 2004; Benefits Restoration Plan Exhibit 10(m) to the Annual Report on Form 10-K for the year ended December 31, 2001; Supplemental Benefits Plan Exhibit 10(p) to the Annual Report on Form 10-K for the year ended December 31, 2001; and Nonqualified Deferred Compensation Plan Exhibit 10(c) to the Annual Report on Form 10-K for the year ended December 31, 2002.

### *Merger with FPL Group*

The completion of the merger with FPL Group will constitute a change in control under Constellation Energy's equity and supplemental pension plans, which may accelerate benefits payable to certain of the named executive officers.

*Severance, Employment and Other Agreements*

## Edgar Filing: CONSTELLATION ENERGY GROUP INC - Form 10-K/A

Each of Messrs. Shattuck and Brooks and Ms. Smith is a party to a change in control severance agreement with Constellation Energy. In November 2005, the Compensation Committee of the Constellation Energy board of directors approved amendments to these agreements, which are reflected in amended and restated agreements that were executed in December 2005 and January 2006 (Change in Control Agreements). The completion of the merger with FPL Group will constitute a change in control under the Change in Control Agreements.

If the executive's employment terminates at any time during the two-year period following completion of a change in control and it is a qualifying termination (which is termination by Constellation Energy without cause or resignation with good reason), each executive other than Mr. Brooks would become entitled to receive the following additional payments and benefits:

a lump-sum cash severance payment equal to three times the sum of (i) the executive's then-current annual base salary or the executive's annual base salary at the time of the change in control, whichever is higher, plus (ii) the executive's average annual incentive bonus (calculated as the average of the executive's two highest annual incentive bonus amounts in the past four years, measured from the date of the change in control or the date of termination of employment, whichever is higher);

a lump-sum cash payment in respect of enhanced supplemental retirement benefits under Constellation Energy's Senior Executive Supplemental Plan, calculated as of the date of termination or change in control, whichever is greater, by (a) waiving any age and service eligibility requirements, (b) using a deemed average annual incentive bonus amount in lieu of any other annual incentive bonus amount, (c) adding three years of executive level service to the executive's actual service, and (d) for the purposes of computing the present value of the benefit that otherwise would be paid to the executive at age 62, adding three years to the executive's age; and

health and life insurance benefits for specified periods.

If the executive is subject to the excise tax under Section 4999 of the Internal Revenue Code, and is required to make a payment due to the application of this section, the executive will receive a gross up payment such that he or she is placed in the same after-tax position as if no excise tax had been imposed. In addition, Constellation Energy has the right to delay payments to comply with Section 409A of the Internal Revenue Code and the obligation to notify the executive if a payment would be subject to Section 409A, as well as to negotiate reasonably and in good faith to amend the terms of the arrangements between the executive and Constellation Energy to comply with Section 409A of the Internal Revenue Code. Constellation Energy has also agreed not to take actions (without the executive's written consent) that would expose any benefits or payments to the executive to Section 409A of the Internal Revenue Code and to hold the executive harmless for any action Constellation Energy may take in violation of these obligations.

If Mr. Brooks' employment terminates at any time during the two-year period following completion of a change in control and it is a qualifying termination, Mr. Brooks would become entitled to a lump-sum cash severance payment equal to the lesser of \$5,000,000 and two times the sum of (i) his then-current annual base salary or his annual base salary at the time of completion of the merger, whichever is higher, plus (ii) his average annual incentive bonus (calculated as the average of the two highest annual incentive bonus amounts in the past five years, measured from the date of the change in control or the date of termination of employment, whichever is higher). In addition, the terms of the Change in Control Agreement with respect to any gross up payment pursuant to Section 4999 and to Section 409A of the Internal Revenue Code will apply as described above.

## Edgar Filing: CONSTELLATION ENERGY GROUP INC - Form 10-K/A

Under the terms of their Change in Control Agreements, the executives will receive a grant of replacement options to purchase a number of shares of Constellation Energy common stock equal to the number of shares subject to options that the executive holds and that are cancelled and cashed out upon completion of a change in control. The replacement options will be subject to the same terms and expiration dates as options that were cancelled, except that (a) the exercise price of the replacement options will be the higher of the exercise price of the cancelled options or the fair market value of the Constellation Energy common stock at the time the replacement options are granted and (b) the replacement options will have the same vesting terms that the cancelled options had prior to any vesting acceleration as a result of the change in control. The replacement options will automatically vest if, within two years following completion of a change in control, Constellation Energy terminates the executive's employment without cause or the executive resigns for good reason.

In December 2005, Constellation Energy and Mr. Shattuck entered into a letter agreement relating to his employment by Constellation Energy following the completion of the merger with FPL Group (the "Letter Agreement"). The Letter Agreement has a three-year term and will be void if the merger is not completed. Under the terms of the Letter Agreement, Mr. Shattuck will remain as Chairman of the Board, have continuing executive management responsibilities and be nominated for re-election to the Board of Directors. Mr. Shattuck's aggregate base salary and bonus will be \$5,000,000 in 2007, and \$2,500,000 in each of 2008 and 2009; provided that his aggregate base salary and bonus in any year will be no less than that of Constellation Energy's Chief Executive Officer. Mr. Shattuck has waived his right to receive the lump-sum cash severance payment provided for in his Change in Control Agreement. He will receive specified incentive opportunities and, as long as he continues as a director, specified perquisites. He will also receive at the completion of the merger common stock restricted stock units with a fair market value calculated pursuant to the Letter Agreement, which, assuming the merger closes by December 31, 2006, will be approximately \$13.5 million. Mr. Shattuck will forfeit all of the restricted stock units if he voluntarily resigns without good reason or is terminated for cause within the first year following completion of the merger. The restricted stock units will vest after a year (if he remains employed with Constellation Energy for that year), and they will vest earlier upon his death or disability or if his employment is terminated by Constellation Energy without cause or by him for good reason. Mr. Shattuck will be entitled to receive payments and benefits under the Senior Executive Supplemental Plan upon any termination of his employment following the completion of the merger. The level of payments and benefits he receives under the plan will not be reduced by future changes in his compensation, and any actuarial reduction in his benefits will be based on his age at the time of termination of employment plus three years. In addition, any options granted after the completion of the merger will vest if Mr. Shattuck's employment is terminated after the merger is completed under conditions specified in the Letter Agreement. A copy of the Letter Agreement has been filed as Exhibit 10.1 to Constellation Energy's Current Report on Form 8-K filed December 19, 2005.

Mr. Shattuck has advised Constellation Energy in writing that he intends to direct Constellation Energy to remit all of the after-tax cash payments he would receive upon the closing of the merger with FPL Group to a charitable foundation or other charitable organizations.

In July 2004, Ms. Smith entered into an employment agreement with Constellation Energy for an initial term of three years. Each July 1, beginning July 1, 2005, the agreement is extended automatically for an additional one year unless one party provides written notice to the other not to so extend. The term of the employment agreement has been extended until July 1, 2009. Under the terms of the agreement, Ms. Smith serves as Executive Vice President, Chief Financial Officer and Chief Administrative Officer of Constellation Energy at a minimum annual base salary of \$500,000. During the term of the agreement, Ms. Smith's annual incentive opportunity target will be 100% of annual base salary, with a minimum annual opportunity of 0% of annual base salary and a maximum annual opportunity of 300% of annual base salary, based on Constellation Energy and individual performance. The agreement also provides for an annual grant of a long-term incentive opportunity with a value at grant of \$1,000,000 and an annual grant of service-based restricted stock with a value of \$500,000 with three-year ratable vesting. In the event of termination of Ms. Smith's employment by Constellation Energy without cause or Ms. Smith's resignation from employment with Constellation Energy for good reason, Ms. Smith will receive (a) the portion of her annual base salary that has been earned but not yet paid, (b) a pro-rated annual incentive award paid at target, (c) a lump sum cash payment of \$4,500,000, (d) accelerated vesting of non-performance-based equity awards, (e) payment of any performance-based equity award earned by Ms. Smith under a long-term incentive plan based on Constellation Energy's performance when such awards are payable to other participants, (f) health and dental benefits under Constellation Energy's employee plans or substantially equivalent benefits for the remainder of the then current term of the employment agreement or, if later, two years from the date of termination and (g) 60 days of outplacement services at a cost not to exceed \$50,000. Ms. Smith is required to release Constellation Energy and its subsidiaries from legal claims as a condition to receiving the benefits.

Ms. Smith's employment agreement supersedes any prior agreements between her and Constellation Energy except her Change in Control Agreement. In the event Ms. Smith is entitled to payments under both the employment agreement and the Change in Control Agreement, she will receive payments and benefits under the agreement most beneficial to her.

*Directors Compensation*

Edgar Filing: CONSTELLATION ENERGY GROUP INC - Form 10-K/A

Constellation Energy does not pay directors who are also employees of Constellation Energy or its subsidiaries for their service as directors. In 2005, non-employee directors received the following compensation:

\$50,000 annual retainer, a \$10,000 annual retainer for the audit committee chairman and a \$5,000 annual retainer for each other committee chairman,

common stock award with a value of approximately \$50,000, which stock is subject to pro rata forfeiture if Constellation Energy board of directors service ceases during the year,

\$1,250 fee for each regular or special Constellation Energy board of directors or Constellation Energy board of directors committee meeting attended, and

reasonable travel expenses to attend meetings.

Directors had the opportunity to elect to defer some or all of their retainers in deferred stock units or in a cash account, and to defer some or all of their fees in a cash account. Directors may also defer their common stock award in deferred stock units. Deferred stock units are bookkeeping entries that track the performance of Constellation Energy common stock and are not actual shares of stock. The bookkeeping entries reflect Constellation Energy common stock price changes, dividends, stock splits and other capital changes. At the end of their Constellation Energy board of directors service, directors receive cash based on the value of their deferred stock units.

Under Constellation Energy's matching gifts program, Constellation Energy will match up to \$10,000 per year in contributions that each director makes to tax-exempt organizations.

The plans that do not require shareholder approval are the Constellation Energy Group, Inc. 2002 Senior Management Long-Term Incentive Plan (Designated as Exhibit No. 10(v)) and the Constellation Energy Group, Inc. Management Long-Term Incentive Plan (Designated as Exhibit No. 10(w)). A brief description of the material features of each of these plans is set forth below.

*2002 Senior Management Long-Term Incentive Plan*

The 2002 Senior Management Long-Term Incentive Plan was effective May 24, 2002. Grants under the plan may be made to employees who are officers of Constellation Energy or hold senior management level or key employee positions with Constellation Energy or its subsidiaries. Under the plan, the Board of Constellation Energy has authorized the issuance of up to 4,000,000 shares of Constellation Energy common stock in connection with the grant of stock options, performance and

service-based restricted stock and restricted stock units, performance units, stock appreciation rights, dividend equivalents and other equity awards. Any shares covered by an award that is forfeited or canceled, expires or is settled in cash, including the settlement of tax withholding obligations using shares, will become available for issuance under the plan. Shares delivered under the plan may be authorized and unissued shares, shares held in treasury or shares purchased on the open market in accordance with the applicable securities laws. Restricted stock, restricted stock unit, and performance unit award payouts will be accelerated and stock options and stock appreciation rights gains will be paid in cash in the event of a change in control, as defined in the plan. The plan is administered by Constellation Energy's Chief Executive Officer.

**Management Long-Term Incentive Plan**

The Management Long-Term Incentive Plan was effective February 1, 1998. Grants under the plan may be made to employees of Constellation Energy who hold a management level position and other employees of Constellation Energy and its subsidiaries as may be designated by Constellation Energy's Chief Executive Officer. Under the plan, the Board of Constellation Energy has authorized the issuance of up to 3,000,000 shares of Constellation Energy common stock in connection with the grant of stock options, performance and service-based restricted stock and restricted stock units, performance units, stock appreciation rights and dividend equivalents. The number of shares available for issuance under the plan includes shares subject to awards that have lapsed or terminated. Shares delivered under the plan may be authorized and unissued shares, shares held in treasury or shares purchased on the open market in accordance with applicable securities laws. Restricted stock, restricted stock unit, and performance unit award payouts will be accelerated and stock options and stock appreciation rights will become fully exercisable in the event of a change in control, as defined by the plan. The plan is administered by Constellation Energy's Chief Executive Officer.

**Item 13. Certain Relationships and Related Transactions**

James R. Curtiss, a director of Constellation Energy, is a partner in the law firm of Winston & Strawn. A subsidiary of Constellation Energy paid fees to this firm for legal services rendered in 2005, and expects to pay fees for legal services in 2006.

**Item 14. Principal Accountant Fees and Services**

Below is a breakdown of fees paid to PricewaterhouseCoopers LLP (PwC) in 2004 and 2005:

	Audit Fees		Audit-Related Fees		Tax Fees		All Other Fees	
2004	\$	7,752,473	\$	1,081,097	\$	72,977	\$	0
2005	\$	6,606,982	\$	567,707	\$	74,250	\$	0

The Audit Fees category includes approximately \$3.9 million and \$2.7 million for 2004 and 2005, respectively, of fees paid to PwC in connection with its performance of Sarbanes-Oxley Section 404 attestation procedures. The Audit-Related Fees category for 2004 includes approximately \$0.8 million of advisory services with respect to preparing for Sarbanes-Oxley Act Section 404 attestation. The Audit-Related Fees category for 2004 and 2005 also includes fees paid in connection with other services related to our annual audit and interim reviews including statutory audits and, for 2005, services related to the merger with FPL Group. The Tax Fees category consists, for 2004 and 2005, of fees paid in connection with executive tax services.

*Policy for Approval of Audit and Permitted Non-Audit Services*

The Audit Committee is responsible for the appointment, compensation, and oversight of the work of Constellation Energy's independent registered public accounting firm. As part of this responsibility, the Audit Committee has adopted an Audit and Non-Audit Pre-Approval Policy, which sets forth the procedures and the conditions pursuant to which services proposed to be performed by the independent registered public accounting firm must be approved. All services to be provided by the independent registered public accounting firm as well as the related fees must be pre-approved by the Audit Committee and all such services and fees were pre-approved in 2004 and 2005. The Chairman of the Audit Committee has been delegated the authority to specifically pre-approve services, which pre-approval is subsequently reviewed with the Committee. In no event may pre-approval authority be delegated to Constellation Energy management. In the course of carrying out its responsibilities, the Audit Committee considers whether services proposed to be performed by the independent registered public accounting firm are consistent with the rules promulgated by the Securities and Exchange Commission on auditor independence. The Audit Committee also considers the independent registered public accounting firm's familiarity with Constellation's business, people, culture, accounting systems, risk profile and other factors, and whether the service might enhance Constellation Energy's ability to manage or control risk or improve audit quality.
