PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of PRB Gas Transportation, Inc. (referred to as the Company, we, our or us), a Nevada corporation, for use at our Annual Meeting of Stockholders of the Company (Annual Meeting) to be held at the offices of Merrill Corporation located at 1225 17th Street, Suite 2800, Denver, Colorado 80202 at 9:00 a.m. on June 14, 2006, or at any adjournment or postponement thereof. The Notice of Annual Meeting, this Proxy Statement and the accompanying proxy card are being mailed to our Stockholders on or about May 09, 2006.

VOTING PROCEDURES

The presence in person or by proxy of Stockholders owning a majority of the issued and outstanding shares of Common Stock constitutes a quorum for the Annual Meeting.

The shares represented by all proxies that are properly executed and submitted will be voted at the meeting in accordance with the instructions indicated thereon. Any Stockholders giving a proxy may revoke it at any time before it is exercised by delivering written notice of such revocation to us, by substituting a new proxy executed at a later date, or by requesting, in person, at the Annual Meeting, that the proxy be returned.

The election of each Director nominee requires the affirmative vote of a plurality of the votes cast in the election of Directors. An affirmative vote of the majority of our issued and outstanding shares of Common Stock is required for the approval of the proposal to amend our Amended and Restated Articles of Incorporation to change the name of the Company.

Broker non-votes and the shares as to which a stockholder abstains from voting are included for purposes of determining whether a quorum of shares is present at a meeting. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal, because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

In tabulating the votes on the proposal, abstentions and broker non-votes will be treated as shares that are present but that have not been voted and accordingly will be treated as a no vote in determining whether the proposal is approved. Abstentions and broker non-votes will have no effect on the election of Directors.

Votes cast by proxy will be tabulated by Corporate Stock Transfer, Inc., our transfer agent. Votes cast by proxy or in person at the meeting will be counted by the person we appointed to act as election inspector for the meeting.

All of the expenses involved in preparing, assembling and mailing this Proxy Statement and the materials enclosed herewith and all costs of soliciting proxies will be paid by the Company. In addition to the solicitation by mail, proxies may be solicited by officers and regular employees of the Company by telephone, facsimile or personal interview. Such persons will receive no compensation for their services other than their regular salaries. Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the shares held of record by such persons, and we may reimburse such persons for reasonable out of pocket expenses

incurred by them in so doing. The Company has also retained Corporate Stock Transfer, Inc. to assist in the solicitation of proxies for an estimated fee of \$1,000 plus reimbursement of reasonable expenses.

The close of business on April 13, 2006 has been fixed by our Board of Directors as the record date (the record date) for the determination of Stockholders entitled to notice of and to vote at the Annual Meeting. On the record date, there were outstanding 7,462,894 shares of Common Stock, each share of which entitles the holder thereof to one vote on each matter which may come before the Annual Meeting.

Section 16(a) Beneficial Ownership Reporting Compliance

Under U.S. securities laws, directors, officers and persons holding more than 10% of the Company's Common Stock must report their initial ownership of the Common Stock and any changes in that ownership in reports which must be filed with the SEC and the Company. The SEC has designated specific deadlines for these reports, and the Company must identify in this proxy statement those persons who did not file these reports when due.

Based solely on a review of reports filed with the Company, all Directors, officers and 10% owners timely filed all reports regarding transactions in the Company's securities required to be filed for 2005 by Section 16(a) under the Securities Exchange Act of 1934, except for the following filings which were filed late: Messrs. Hayworth, Jacobsen, Skeeahan, Wright, former Director Marilena Marrelli and former officer Pauline Schneider each had one late filing of a report on Form 4 for an award of stock options granted to each on April 22, 2005 and Mr. Skeeahan had one other late filing of a report on Form 4 for two stock purchase transactions on April 12, 2005. In addition, South Lake Financial, a former 10% owner of the Company's stock had one late filing of a report on Form 4 for three stock sale transactions occurring on April 27, April 28 and April 29, 2005.

Based on our review, the following filings were due in 2005 and were filed on or before May 31, 2006: Messrs. Brand, Jacobsen, Sandler, Schadt and Yorke reported their initial statement of beneficial ownership of securities using Form 5 on or before May 31, 2006; Messrs. Brand, Sandler, Schadt and Yorke reported one transaction each of awards of stock options during 2005 using Form 5 on or before May 31, 2006; and Ms. Schneider reported the conversion of Series C Convertible Preferred stock to Common Stock and the exercise of options to purchase Common Stock during 2005 using Form 5 on or before May 31, 2006. There were no other known reportable transactions during 2005 that were not filed or not filed when due.

CERTAIN TRANSACTIONS

During the first quarter of 2006, Robert Wright, the Company's Chairman and CEO, Reuben Sandler, a Director and Gus J. Blass III, a Director Nominee purchased \$100,000, \$200,000 and \$1,000,000, respectively, of our senior subordinated convertible notes (the Notes). In addition, Mr. Blass' immediate family purchased \$1,100,000 of these Notes.

These Notes bear interest at 10% per annum, payable quarterly in arrears beginning March 15, 2006. The Company plans to file a registration statement applicable to the shares of Common Stock underlying the Notes. The Notes include a Registration Rights Agreement that provides for liquidated damages in the amount of 1% per month in the event that the Company's registration statement is not declared effective by July 6, 2006.

Note holders have the right, after the shares have been registered, to convert the Notes into common shares at a conversion price of \$7.00 per share, which conversion price is subject to certain anti-dilution adjustments. In the event that the Company's Common Stock trades at \$14.00 per share or above for 10 consecutive days, the Company has a call provision which allows for the retirement of the Notes upon 10 days prior written notice by paying in cash, the principle amount and accrued but unpaid interest.

Independence of Directors

Edgar Filing: PRB Gas Transportation, Inc. - Form DEF 14A

The Board has determined that a majority of the current Directors of the Company have no material relationship with the Company, directly or indirectly, that would interfere with the exercise of independent judgment, and are independent within the meaning of the American Stock Exchange's (AMEX) director independence standards.

Edgar Filing: PRB Gas Transportation, Inc. - Form DEF 14A

During 2005, our Board met 12 times, of which 9 were telephonic meetings. On October 14, 2005, the Board increased the number of Directors from five to seven and appointed Reuben Sandler and James P. Schadt to the Board.

On November 11, 2005, Marilena C. Marrelli resigned as a Director after serving since December 2003. On November 11, 2005 the Board appointed Justin W. Yorke to fill this vacancy.

Committees of the Board

The Board has determined that Joseph W. Skeehan as Chairman, qualifies as an audit committee financial expert as defined within Section 229-401(h) of the 1934 Act. The Audit Committee operates pursuant to a revised charter adopted by the Committee which was ratified and approved by the Board in March 2006 that is available at www.prbtrans.com. As enumerated in the charter, the Audit Committee makes recommendations concerning the engagement of independent public accountants and reviews the Company's published quarterly and annual financial statements with the independent public accountants. The Audit Committee also reviews with the independent accountants the plans and results of the audit engagement, the range of audit and non-audit fees, and the integrity, adequacy and effectiveness of the Company's disclosure controls and internal control over financial reporting. The Audit Committee oversees and periodically confirms the independence of the Company's independent accountants and reviews the results of the audit and the independent accountant's report to management for each fiscal year with the independent accountants. Effective January 1, 2006, the Audit Committee also reviews all proposed transactions between the Company and persons that are considered related parties. A report of the Audit Committee is included in this Proxy Statement.

Nominating Committee. In March 2006, the Board formed a Nominating Committee whose members are Reuben Sandler, James P. Schadt, Joseph W. Skeehan, and Justin W. Yorke (Chairman). Each member of the Nominating Committee satisfies the independence standards specified in Section 121A of the AMEX listing standards.

The Nominating Committee, among other things, identifies, evaluates and recommends individuals qualified to be Directors of the Company. In evaluating candidates for nomination to the Board, the Nominating Committee takes into account the applicable requirements for Directors under the 1934 Act and the listing standards of the American Stock Exchange. The Committee selects each nominee based on the nominee's knowledge, skills, expertise, integrity, judgment and business experience, with the objective that the Board as a whole should have broad and relevant experience in high policymaking levels in business and a commitment to representing the long-term interests of the stockholders. The Board of Directors believes that each nominee should have experience in positions of responsibility and leadership, an understanding of the Company's business environment and a reputation for integrity.

When seeking candidates for Director, the Nominating Committee solicits suggestions from incumbent Directors, management, stockholders and others. The Nominating Committee evaluates each potential nominee individually and in the context of the Board as a whole. The objective is to recommend a group that will effectively contribute to the long-term success of the Company and represent stockholder interests. In determining whether to recommend a Director for re-election, the Nominating Committee also considers the Director's past attendance at meetings and participation in and contributions to the activities of the Board.

The Nominating Committee considers stockholder nominees for election to the Board if the Secretary of the Company receives timely advance written notice of such nominees. The Nominating Committee met in March 2006 and adopted its charter which has been ratified and approved by the Board, and recommended the Director nominee and Directors listed in Proposal No. 1 Election of Directors as candidates to be elected to the Board. A copy of the Nominating Committee Charter is available on the Company's website at www.prbtrans.com.

Any stockholder nominations will be evaluated using the same criteria set forth in the Nominating Committee Charter as are applicable to persons nominated by other sources.

Stockholders wishing to make such a submission may do so by providing all information regarding the nominee that would be required under applicable SEC proxy rules, including (in addition to the information required in the bylaws or by applicable law): (i) the full name and resident address of nominee; (ii) the age of nominee; (iii) the principal occupation of the nominee for the past five years; (iv) any current directorship held on public company boards; (v) the number of shares of the Company's Common Stock held by nominee, if any; and (vi) a signed statement of the nominee consenting to serve if elected. In addition, the stockholder making the nomination and the beneficial owner, if any, on whose behalf the nomination is being made must provide (i) the name and address, as they appear on the Company's books, of such stockholder and such beneficial owner, (ii) the class and number of shares of the Company which are owned beneficially and of record by such stockholder and such beneficial owner, and (iii) any material interest of the stockholder and/or such beneficial owner in the nominee or the nominee's election as a Director. Such information should be sent to the Nominating Committee, PRB Gas Transportation, Inc., 1875 Lawrence Street, Suite 450, Denver, Colorado 80202

In addition to potential Director nominees submitted by stockholders, the Nominating Committee considers candidates submitted by Directors, as well as self-nominations by Directors and, from time to time in its sole discretion, it may consider candidates submitted by a third-party search firm hired for the purpose of identifying Director candidates. The committee has not retained a third-party search firm to assist in the identification or evaluation of Board member candidates for election to the Board at the Annual Meeting, although it may do so in the future. The Nominating Committee investigates potential candidates and their individual qualifications, and evaluates all such candidates, including those submitted by stockholders, using the Board membership criteria set forth in the Nominating Committee Charter and described under Nominating Committee.

No candidates for Director nominations were submitted to the Nominating Committee by any stockholder in connection with the 2006 Annual Meeting. Stockholder suggestions for Director nominations should be delivered on or before December 1st in any year before the next annual meeting.

EXECUTIVE COMPENSATION**Summary Compensation Table**

The following table sets forth certain information for each of the last two fiscal years concerning compensation paid by us to our Chief Executive Officer and each executive officer who earned a total annual salary and bonus that exceeded \$100,000 for 2005 (the Named Executive Officers).

Name and Principal Position	Year	Annual Compensation			Other Annual Compensation	Long-Term Compensation Awards Securities Underlying Options(1)	All Other Compensation
		Salary	Bonus				
Robert W. Wright Chairman and Chief Executive Officer	2005	\$ 200,000	\$		\$ 35,657 (2)	25,000	\$ 2,964 (3)
	2004	200,000			27,061	55,000	
William F. Hayworth President and Chief Operating Officer	2005	\$ 175,000	\$		\$	25,000	\$ 2,580 (3)
	2004	102,083			8,322	60,000	

(1) All options granted were made pursuant to the Company's Equity Compensation Plan.

(2) Other annual compensation for Mr. Wright consisted of apartment rental of \$24,487 and car rental of \$5,355 provided as a condition of employment; \$5,298 of personal travel reimbursements and \$517 of reimbursed payroll taxes.

(3) All other compensation represented employer contributions to the employee's 401(k) plan.

The foregoing compensation table does not include certain fringe benefits made available on a nondiscriminatory basis to all our employees, such as group health insurance, paid parking, certain educational and training programs and paid time off. In addition, we make available certain non-monetary benefits to our executive officers with a view to acquiring and retaining qualified personnel and facilitating job performance. We consider such benefits to be ordinary and incidental business costs and expenses. The aggregate value of such benefits in the case of each executive officer listed in the above table, which cannot be precisely ascertained but which is less than \$50,000 and less than 10% of the annual salary of each such executive officer, is not included in such table.

The table also excludes deemed compensation resulting from purchases by our officers of Series C preferred stock in December 2004. The difference between the Series C share price of \$3.00 and the \$5.50 offering price of our Common Stock in our initial public offering completed April 12, 2005 has been recorded as compensation expense for the year ended December 31, 2004. Deemed compensation expense attributable to Mr. Wright and Mr. Hayworth for 2004 was \$200,000 and \$7,500, respectively.

Compensation of Directors

Employee Directors do not receive additional compensation for serving on the Board of Directors or any committee. Directors receive reimbursement for their out-of-pocket costs, including travel and accommodations, relating to their attendance at any Directors' meeting. Directors are entitled to participate in the Company's Equity Compensation Plan.

In April 2005, we granted all non-employee Directors an additional 10,000 options each to acquire shares of Common Stock at \$7.50 per share. In October 2005, new Directors Dr. Sandler and Mr. Schadt were granted 20,000 options each with an exercise price of \$6.70 per share. In November 2005, new

Director Mr. Yorke was granted 20,000 options at an exercise price of \$6.45 per share. All options granted to non-employee Directors vest immediately and have a term of five years.

Stock Options Granted to Named Executive Officers During 2005

The following table discloses the grants of options to purchase or acquire shares of Common Stock to our Named Executive Officers during the fiscal year ended December 31, 2005.

Name	Individual grants(1)		Exercise price per share	Expiration date	Potential realizable value at assumed annual rate of stock price appreciation for option term(2)	
	Number of shares of Common Stock underlying options granted	Percentage of total options granted to employees			5%	10%
Robert W. Wright	25,000	12 %	\$ 7.50	4/22/2015	\$ 117,918	\$ 298,827
William F. Hayworth	25,000	12 %	7.50	4/22/2015	117,918	\$ 298,827

(1) These stock options were granted under our Equity Compensation Plan. The options vest 50% on the grant date with the remainder vesting in equal amounts on the grant date anniversary over the course of four years. The stock options are also subject to vesting acceleration provisions in the event of a change in control.

(2) Potential realizable values are net of exercise price, but before taxes associated with exercise. Amounts representing hypothetical gains are those that could be achieved if options are exercised at the end of the option term. The assumed 5% and 10% rates of stock price appreciation are provided in accordance with rules of the Securities and Exchange Commission and do not represent our estimate or projection of the future stock price.

Option Exercises and Holdings

None of the Named Executive Officers exercised options during the fiscal year ended December 31, 2005. The following table sets forth the number and value of securities underlying options held at December 31, 2005 by Named Executive Officers.

Name	Number of shares acquired on exercise	Value realized	Number of shares underlying unexercised options at December 31, 2005		Value of unexercised in-the-money options at December 31, 2005(1)	
			Exercisable	Unexercisable	Exercisable	Unexercisable
Robert W. Wright		\$	26,250	53,750	\$ 550	\$ 1,650
William F. Hayworth			27,500	57,500	600	1,800

(1) Based on the Common Stock closing price of \$5.54 per share on the American Stock Exchange on December 30, 2005, and is calculated by subtracting the exercise price per share from the closing price.

Equity Compensation Plan

Our Board of Directors and stockholders approved our Equity Compensation Plan in May 2004. We have authorized a total of 10% of the number of shares outstanding for issuance under this plan. As of December 31, 2005, a total of 743,189 shares of Common Stock are authorized for issuance of which 463,250 options were issued and outstanding under the plan to officers, Directors, employees and consultants. All employee options issued in 2005 vest over the course of four years during their 10 year term. Non-employee Director options granted in 2005 vested immediately and have a five year term.

Under the Equity Compensation Plan, employees, non-employee members of the Board of Directors and consultants may be awarded stock options to purchase shares of Common Stock. Options may be

incentive stock options designed to satisfy the requirements of Section 422 of the U.S. Internal Revenue Code, or non-qualified stock options which do not meet those requirements. If options expire or are terminated, then the underlying shares will again become available for awards under the Equity Compensation Plan. The Equity Compensation Plan is administered by the Compensation Committee of the Board of Directors. This committee has complete discretion to:

- determine who should receive an award;
- determine the type, number, vesting requirements and other features and conditions of an award;
- interpret the Equity Compensation Plan; and
- make all other decisions relating to the operation of the Equity Compensation Plan.

The exercise price for non-qualified and incentive stock options granted under the Equity Compensation Plan may not be less than 100% of the fair market value of the Common Stock on the option grant date. The Compensation Committee may also accept the cancellation of outstanding options in return for a grant of new options for the same or a different number of shares at the same or a different exercise price.

If there is a change in our control, an award will immediately become fully exercisable as to all shares subject to an award. A change in control includes:

- a merger or consolidation after which our then current stockholders own less than 50% of the surviving corporation;
- a sale of all or substantially all of our assets; or
- an acquisition of 50% or more of our outstanding stock by a person other than a corporation owned by our stockholders in substantially the same proportions as their stock ownership in us.

In the event of a merger or other reorganization, outstanding stock options will be subject to the agreement of merger or reorganization, which may provide for:

- the assumption of outstanding awards by the surviving corporation or its parent;
- their continuation by us if we are the surviving corporation;
- accelerated vesting; or
- settlement in cash followed by cancellation of outstanding awards.

The Board of Directors may amend or terminate the Equity Compensation Plan at any time. Amendments are subject to stockholder approval to the extent required by applicable laws and regulations. The Equity Compensation Plan will continue in effect unless otherwise terminated by the Board of Directors.

The following table is a summary of the shares of Common Stock authorized for issuance under the Company's Equity Compensation Plan as of December 31, 2005.

Plan category	Number of securities to be issued upon exercise of outstanding options and other rights	Weighted-average exercise price of outstanding options and other rights	Number of securities remaining available for future issuance under equity compensation plans
Equity Compensation Plan	463,250	\$ 6.74	279,939

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

This section of the proxy statement will not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that we specifically incorporate this information by reference, and will not otherwise be deemed filed under such Acts.

Executive Officer Compensation

All decisions on compensation for our executive officers are made by the Compensation Committee whose decisions are approved by the non-employee Directors of the Board. The executive compensation program presently consists of annual base salary, short-term incentives in the form of annual cash bonuses and long-term incentives in the form of stock options.

The committee believes that the compensation of executive officers should reflect the scope of their responsibilities, our success and the contributions of each executive to that success. In addition, the committee believes that base salaries should approximate competitive salaries applicable to similar companies and that short-term and long-term incentive compensation should reflect the Company's performance and the contributions of each executive.

External competitiveness is an important element of the committee's compensation policy. The competitiveness of compensation for our executives is assessed by comparing it to market data.

The process of determining each of the elements of compensation for our executive officers is outlined below.

Base Salary

Base salaries are intended to approximate the competitive salaries for similar organizations of comparable size, market capitalization and complexity. Executive officer salaries are adjusted gradually over time and only as necessary to meet this objective. Increases in base salary may be moderated by other considerations, such as geographical or regional market data, industry trends and internal fairness. It is the committee's intention that over time the base salaries for the CEO and the other executive officers will approach the mid-point of competitive data.

Cash Bonus

In 2004, the committee established an informal short-term incentive compensation plan whereby, each year, the Company would distribute an amount equal to 10% of the Company's earnings (before taxes, depreciation and amortization expense) to its employees, including executives, in the form of cash bonuses. The committee will review and approve the allocation of the cash bonuses to each employee, including executive officers. The committee's determination with respect to bonuses paid to executives is based on a subjective evaluation of the contributions of each executive that are not captured by operating measures but are considered important in the creation of long-term stockholder value. No cash bonuses were paid in 2005 under this short-term compensation plan as the Company did not have positive earnings, as defined, during fiscal 2005.

Stock Incentive Program

Our primary goal is to excel in the creation of long-term value for our stockholders. The principal incentive tool used to achieve this goal is the periodic award to key employees of options to purchase our Common Stock.

The committee and management believe that awards of stock options to purchase our shares accomplish many objectives. The grant of options to key employees encourages equity ownership in us, and closely aligns management's interest to the interests of all the stockholders. The emphasis on stock options also results in management's compensation being closely linked to stock performance. In addition, because they are subject to vesting periods of varying durations and to forfeiture if the employee leaves us prematurely, stock options are an incentive for key employees to remain with us long term.

Awards are not necessarily made annually in conjunction with the annual review of cash compensation, but are made periodically. The committee considers total compensation of executives, actual and anticipated contributions of each executive (which includes a subjective assessment by the committee of the value of the executive's future potential within the organization), as well as the value of previously awarded options as described above, in determining awards.

Policy on Deductibility of Compensation

The committee has also considered the application of Section 162(m) of the Internal Revenue Code to our compensation practices. Section 162(m) limits the tax deduction available to public companies for annual compensation paid to senior executives in excess of \$1 million unless the compensation qualifies as performance based. The annual cash compensation paid to our individual executives does not approach the \$1 million threshold, and we believe that our stock incentive plans qualify as performance based. Therefore, we do not believe any further action is necessary in order to comply with Section 162(m). From time to time, the committee will re-examine our compensation practices and the effect of Section 162(m).

2005 CEO Compensation

Cash compensation for Robert W. Wright is reviewed by both the Compensation Committee and the full Board. The committee and the Board evaluate Mr. Wright's performance and compensation using a process similar to that used for our other executive officers.

Awards to Mr. Wright of stock options to purchase our shares of Common Stock are reviewed and determined periodically by the Compensation Committee using criteria similar to that used for our other executive officers.

ANNEX A

**PRB GAS TRANSPORTATION, INC.
AUDIT COMMITTEE CHARTER**

Purpose

The purpose of the audit committee (the "committee") of the board of directors (the "board") of PRB Gas Transportation Inc. (the "Company") is to (i) assist the board in its oversight of (a) the integrity of the Company's financial statements, (b) the Company's compliance with legal and regulatory requirements, (c) the qualifications and independence of the Company's external auditor (the "independent auditor"), and (d) the performance of the Company's Chief Financial Officer ("CFO") and the independent auditor; and (ii) prepare the report of the committee required to be included in the Company's annual proxy statement.

The board recognizes that while the committee has been given certain duties and responsibilities pursuant to this Charter, the committee is not responsible for guaranteeing the accuracy of the Company's financial statements or the quality of the Company's accounting practices. The fundamental responsibility for the Company's financial statements and disclosures rests with management and the independent auditor. The board also recognizes that meeting the responsibilities of an audit committee requires a degree of flexibility. To the extent that procedures included in this Charter go beyond what is required of an audit committee by existing law and regulation, such procedures are meant to serve as guidelines rather than inflexible rules and the audit committee is encouraged to adopt such different or additional procedures as it deems necessary from time to time.

Composition of the Committee

The committee shall be comprised of three or more directors, each of whom (i) meets the independence requirements of the American Stock Exchange and (ii) otherwise satisfies the applicable requirements for audit committee service imposed by the Securities Exchange Act of 1934, as amended (the "Act"), or the American Stock Exchange. At least one member of the committee shall be a financial expert, as such term is defined by the Securities and Exchange Commission. The chairperson of the committee must be financially sophisticated and all members must be financially literate at the time of appointment as those terms are defined by the American Stock Exchange. No director who serves on the audit committee of more than two public companies other than the Company shall be eligible to serve as a member of the committee. Determinations as to whether a particular director satisfies the requirements for membership on the committee shall be made by the board.

The members of the committee shall be appointed by the board on the recommendation of the board's nominating committee and shall serve for such terms as the board may determine, or until their earlier resignation, death or removal by the board.

Meetings

The committee shall meet with such frequency and at such intervals as it shall determine is necessary to carry out its duties and responsibilities, but in any case, not less than four times a year. The board shall designate one member of the committee to serve as its chairperson. The committee will meet at such times as determined by its chairperson or as requested by any two of its members. Notice of all meetings shall be given, and waiver thereof determined, pursuant to the provisions, if any, contained in the Company's bylaws. The chairperson will preside, when present, at all meetings of the committee. The committee may meet by telephone or video conference and may take action by unanimous consent.

Each member of the committee shall have one vote. One-third of the members, but not less than two, shall constitute a quorum. The committee shall be authorized to take any permitted action only by the

affirmative vote of a majority of the committee members present at any meeting at which a quorum is present, or by the unanimous written consent of all of the committee members.

The committee shall maintain copies of minutes of each meeting of the committee, and each unanimous consent to action taken without a meeting, reflecting the actions so authorized or taken by the committee. A copy of the minutes of each meeting and all consents shall be placed in the Company's minute book.

External Advisors

The committee shall have the sole authority to obtain, at the Company's expense, but at funding levels determined by the committee, advice and assistance from outside legal, accounting or other advisors. The committee shall also have authority to obtain advice and assistance from any officer or employee of the Company.

Duties and Responsibilities

The committee shall:

1. Review the adequacy of this Charter at least annually.
2. Review and discuss the annual audited financial statements and quarterly financial statements with management and the independent auditor, including the disclosures under the caption Management's Discussion and Analysis of Financial Condition and Results of Operations.
