Report of Independent Registered Public Accounting Firm

Clifton Gunderson LLP Certified Public Accountants and Consultants

To the Molson Coors Brewing Company U.S. Pension Committee
as Trustee for the 401(k) Savings Plan for Hourly
Employees at the Memphis, Tennessee Brewery
Golden, Colorado

We have audited the accompanying statements of net assets available for benefits of 401(k) Savings Plan for Hourly Employees at the Memphis, Tennessee Brewery as of December 31, 2005 and 2004 and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of 401(k) Savings Plan for Hourly Employees at the Memphis, Tennessee Brewery as of December 31, 2005 and 2004 and the changes in net assets available for benefits for the year ended December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is presented fairly, in all material respects, in relation to the basic financial statements taken as a whole.

**401(k) SAVINGS PLAN FOR HOURLY EMPLOYEES AT THE MEMPHIS, TENNESSEE BREWERY
NOTES TO FINANCIAL STATEMENTS
December 31, 2005 and 2004**

NOTE 1 GENERAL DESCRIPTION OF PLAN

On February 9, 2005, Adolph Coors Company and Molson Inc. merged (the Merger) and Adolph Coors Company changed its name to Molson Coors Brewing Company (MCBC). The 401(k) Savings Plan for Hourly Employees at the Memphis, Tennessee Brewery (the Memphis Plan or the Plan) was not affected by the Merger, except that the Coors Common B stock held in the Coors stock fund is subsequently referred to as the Molson Coors stock fund. Former Molson employees are not eligible to participate in the Memphis Plan.

The 401(k) Savings Plan for Hourly Employees at the Memphis, Tennessee Brewery was established effective September 1, 1990 and was amended and restated effective January 1, 1997, and from time to time is amended to comply with regulatory changes and for other purposes. The Memphis Plan's purpose is to encourage eligible employees of the Memphis, Tennessee brewery of the former Adolph Coors Company and subsidiaries (the Company) to accumulate savings systematically in order to provide an additional source of income upon retirement, disability or death. Participants should refer to the Memphis Plan agreement for a more complete description of its provisions. The Memphis Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The U.S. Pension Committee (the Committee), consisting of MCBC employees, is appointed by the Board of Directors of MCBC and acts as fiduciary for the Plan. In accordance with its power as fiduciary, the Committee has entered into trust and management agreements with Fidelity Management Trust Company (Fidelity), the Memphis Plan's trustee.

Investment in Corporate Stock

The Plan's Investment in Company Stock is a unitized fund holding cash and Class B common stock. For the year ended December 31, 2004, the fund held Adolph Coors Company Stock. On February 9, 2005, Adolph Coors Company merged with Molson, Inc. The merger was effected through an exchange of stock. As a result, the Adolph Coors Company Class B common stock held in the Plan's fund was exchanged for Molson Coors Brewing Company Class B common stock, effective February 9, 2005.

Eligibility

This Plan covers all hourly, non-seasonal, employees at the Company's Memphis, Tennessee brewery and who are members of a collective bargaining unit represented at this brewery location by I.B.T. Local 1196.

Contributions

Participants may contribute up to a maximum of 100% in 2005 and 2004 in whole percentages of their annual base compensation, or \$14,000 plus \$4,000 catch up for those age 50 and over in 2005 and \$13,000 plus \$3,000 catch up for those age 50 and over in 2004.

Participant Accounts

Fidelity is responsible for preparing, maintaining and allocating amounts to individual participant's accounts. Each participant's account is credited with the participant's and employer's contributions and an allocation of plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and all investment earnings on these contributions that are credited to their account.

Distributions

On termination of service, a participant may receive a lump sum amount equal to the value of his or her account. Distributions are subject to the applicable provisions of the Plan agreement.

Participant Loans

Participants may borrow up to 50% of the total value of their accounts. The minimum loan amount is \$1,000 and the maximum loan amount is \$50,000. These loans are available to active employees or parties-in-interest who are participants. Only one loan may be outstanding at any time. The interest rate is set at one percent above prime rate on the first business day of the month in which the loan is made and remains fixed throughout the term of the loan. Loans are subject to certain repayment provisions upon termination of employment, lay-off, unpaid leave of absence or disability. When participants fail to repay their loan balance in accordance with their terms, the unpaid balance is considered a distribution and may be subject to a 10% penalty tax. Participants defaulted on \$4,314 and \$53,157 of loans during 2005 and 2004, respectively.

Plan Expenses

Participants pay expenses incurred to manage the Plan's assets in that they are netted against investment earnings. The employer pays all other expenses incident to the administration and record keeping of the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting, and reflect management's estimates and assumptions, such as those regarding fair value, that affect the recorded amounts. Significant estimates used are discussed throughout the notes to financial statements.

Investment Valuation and Income Recognition

The Plan's investments are comprised of the following:

The Master Trust, which is comprised of the following investments:

- A Fixed Fund that consists of a Short Term Investment Fund (STIF) and Global Wrap Contracts with insurance companies and other entities that are stated at contract value (cost plus accrued interest).
- Mutual funds which are stated at the respective funds' net asset value, which is determined by the investment manager based on market value.
- A money market fund stated at market value as determined by the investment manager.
- Molson Coors Stock Fund which is a unitized stock fund, which holds shares of MCBC Class B non-voting common stock stated at the quoted market price at the period end, and cash.

Participant loans are stated at cost, which approximates fair value.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Participant Accounts

Benefits

Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in stocks and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 3 INVESTMENTS IN MASTER TRUST

The Plan's assets are held by Fidelity under a Master Trust Agreement, under which Fidelity executes all transactions at the direction of the Committee.

Some of the Plan's investment assets are held in a Fixed Fund, commingled with investment assets of the Molson Coors Savings and Investment Plan. Both plans participating in the Fixed Fund collectively own the assets in the Fixed Fund based upon investment percentages. Participant transaction activity and income are allocated to benefit plans based upon their relative investment percentages. All other assets of the Master Trust are participant directed.

The total value of the Fixed Fund was \$226,276,658 and \$233,508,560 at December 31, 2005 and 2004, respectively. The total net investment interest income of the Fixed Fund for the years ended December 31, 2005 and 2004 was approximately \$10,037,853 and \$10,380,523 respectively. The Plan's interest in the Fixed Fund as a percentage of net assets of the Fixed Fund was 2.8% and 2.72% at December 31, 2005 and 2004, respectively.

Included in the Fixed Fund are Global Wrap contracts which are reported in the financial statements at contract value because they are fully benefit-responsive. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The total fair value and cost of the fully benefit-responsive Global Wrap Contracts at December 31, 2005 was approximately \$220,911,133 and \$223,165,025 respectively, and at December 31, 2004 was approximately \$234,389,669 and \$230,796,270 respectively. The fair value of the benefit responsive features of the contracts at December 31, 2005 and 2004 were \$2,253,892 and \$0, respectively. The portfolio average yield was approximately 4.30% and 4.50%, respectively for 2005 and 2004. The portfolio crediting interest rate was approximately 4.11% and 4.11%, respectively for 2005 and 2004. The crediting interest rate is based on a formula agreed upon with the issuer and is reset quarterly for the Global Wrap Contracts, but cannot be less than zero.

The other investment options offered to participants include twenty mutual funds, a money market fund and the Molson Coors Stock Fund. At December 31, 2005, eighteen of these fund options had balances.

The total dividend and interest in the Mutual Fund Investments, the money market fund and for the Molson Coors Stock Fund was \$16,217,961 for the year ended December 31, 2005.

NOTE 4 INVESTMENTS

The following investments at December 31, 2005 and 2004 exceed 5% of net assets available for benefits (in \$ thousands):

Identity	Description	Contract Value	
		2005	2004
Fixed Fund	Investment contract fund	\$ 6,429	\$ 6,381

Identity	Description	Fair Value	
		2005	2004
Fidelity Low Price Stock Fund	Mutual Fund	\$ 593	\$ 704
Fidelity Growth & Income	Mutual Fund	N/A	\$ 603

Net appreciation (depreciation) in fair value of investments is comprised of the following for the year ended December 31, 2005 (in \$ thousands):

	Net Appreciation (Depreciation)
Investment in company stock	\$ (44)
Mutual Funds and Money Market Fund	37
Total	\$ (7)

The cost of investments sold or transferred is determined on a participant level by the average cost method.

NOTE 5 PLAN TERMINATION

The company established the Plan with the intention that it continue indefinitely, but reserves the right to terminate the Plan at any time. In the event of Plan termination, any decrease or increase in net assets as determined by the trustee will be allocated to the participants based on the current investment elections. The entire amount in each participant account will be distributed with the participant's consent.

In the first quarter 2005, MCBC announced plans to close the Memphis, Tennessee brewery. The Company's decision to terminate the Plan has not yet been made.

NOTE 6 INCOME TAXES

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 3, 2003, that the Plan and related trust are designed in accordance with applicable sections of Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Memphis Plan's administrator and tax counsel believe that the Memphis Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made in the Memphis Plan's financial statements.

NOTE 7 PARTIES-IN-INTEREST TRANSACTIONS

Certain Memphis Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions are party-in-interest transactions under ERISA. Fees are reported as a reduction to investment return. The Company pays administration fees.

This information is an integral part of the accompanying financial statements.
