Item 1.01. Entry Into a Material Definitive Agreement.

On November 2, 2006, Metabasis Therapeutics, Inc. (Metabasis) entered into a Committed Equity Financing Facility (CEFF) with Kingsbridge Capital Limited (Kingsbridge) pursuant to which Kingsbridge committed to purchase, subject to certain conditions, up to \$50 million of Metabasis common stock. The CEFF is embodied in a Common Stock Purchase Agreement (the Purchase Agreement) and a Registration Rights Agreement (the Rights Agreement), each dated as of November 2, 2006. The CEFF allows Metabasis to raise capital as required, at the time and in the amounts deemed suitable to Metabasis, during the three-year period following the effectiveness of the registration statement to be filed by Metabasis with the Securities and Exchange Commission covering the resale of the shares of Metabasis common stock issuable in connection with the CEFF and the shares of common stock underlying the Warrant (as defined below). Metabasis is not obligated to sell any of the \$50 million of common stock available under the CEFF and there are no minimum commitments or minimum use penalties.

Subject to certain conditions and limitations, from time to time under the CEFF, Metabasis may require Kingsbridge to purchase newly-issued shares of Metabasis common stock at a price between 90% and 94% of the volume weighted average price on each trading day during an eight day pricing period. The maximum dollar amount of shares that Metabasis may require Kingsbridge to purchase in any such pricing period is equal to the lesser of \$10 million or a specified percentage of Metabasis market capitalization at the time of a draw down under the CEFF. The specified percentage will be 1.5% if Metabasis market capitalization is equal to or exceeds \$175 million, 1% if Metabasis market capitalization is equal to or exceeds \$100 million but is less than \$175 million, or 0.75% if Metabasis market capitalization is equal to or exceeds \$65 million but is less than \$100 million.

The minimum acceptable volume weighted average price for determining the purchase price at which Metabasis common stock may be sold in any pricing period will be the greater of \$2.25 or 90% of the closing price of Metabasis common stock on the day prior to the commencement of the pricing period. Under the terms of the CEFF, the maximum number of shares that Metabasis may sell to Kingsbridge is 6,046,071 shares (subject to adjustment as provided in the Purchase Agreement), which may limit the amount of proceeds Metabasis is able to obtain from the CEFF. The CEFF does not contain any operating covenants or restrictions on Metabasis, automatic pricing resets or minimum market volume restrictions.

In connection with the CEFF, Metabasis issued a warrant to Kingsbridge to purchase 260,000 shares of Metabasis common stock at an exercise price of \$9.26 per share (the Warrant). The Warrant is exercisable beginning six months after the date of grant and for a period of five years thereafter.

The CEFF requires Metabasis to file a resale registration statement covering the resale of shares issued pursuant to the CEFF and underlying the Warrant within 60 days of entering into the CEFF, and to use commercially reasonable efforts to have such registration statement declared effective by the Securities and Exchange Commission within 180 days of entering into the CEFF.

Metabasis relied on the exemption from registration contained in Section 4(2) of the Securities Act of 1933, as amended (the Securities Act), and Regulation D, Rule 506 thereunder, in connection with obtaining Kingsbridge s commitment under the CEFF, and for the issuance of the Warrant in consideration of such commitment.

The foregoing descriptions of the Purchase Agreement, the Rights Agreement and the Warrant are qualified in their entirety by reference to the Purchase Agreement, the Rights Agreement and the Warrant, each of which is filed as an exhibit to this Current Report on Form 8-K.

On November 2, 2006, Metabasis issued a press release announcing the entering into of the CEFF. A copy of the press release is filed as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference herein.
