Q: What is the amendment to the Integrys Energy Group Deferred Compensation Plan?

A: The Integrys Energy Group Deferred Compensation Plan is being amended to authorize an additional 700,000 shares of Integrys Energy Group common stock to be issued under the plan. These additional shares are needed to provide for additional compensation that may be made in the future to the officers of Integrys Energy Group.

Q: What happens if additional proposals are presented at the meeting?

A: Our By-laws require advance notice of any matter to be brought before the annual meeting. We have not received any notice requesting additional proposals be addressed at the meeting. Q: If my broker holds my shares in street name, will my broker vote my shares for me?

A: If your shares are held in a brokerage account, you will receive a full meeting package including a voting instruction form to vote your shares. Your brokerage firm may permit you to vote by the Internet or by telephone. Brokerage firms have the authority under New York Stock Exchange rules to vote their clients' unvoted shares on certain routine matters. If you do not vote, your brokerage firm may choose to vote for you on the election of five directors and ratification of the selection of Deloitte & Touche LLP as the independent registered public accounting firm for Integrys Energy Group and its subsidiaries for 2007 or they may leave your shares unvoted on these proposals. *Approval of the executive compensation plans is not considered routine and can only be voted by your broker with your specific instructions. Therefore, we urge you to respond to your brokerage firm so that your vote will be cast.*

Q: If my shares are held in street name (by a bank or broker), can I vote my shares at the annual meeting?

A: If your shares are held in street name you may vote your shares at the annual meeting **ONLY** if you bring a Legal Proxy to the annual meeting. ELECTION OF DIRECTORS

Our board of directors is currently made up of 16 directors. The directors are divided into three classes. Each year one class of directors is elected to a three-year term. At that time the board appointed the 16 directors into 3 classes. As provided by the By-laws of Integrys Energy Group, the first class of 5 directors is standing for election at this year's annual meeting. The tables below reflect information as of March 22, 2007.

* For former directors of Peoples Energy Corporation the years of service reflected in the tables include their years of service as directors of Peoples Energy Corporation. Each of them began to serve as a director of Integrys Energy Group in February 2007.

On February 8, 2007, the board of directors reviewed the business and other relationships of all directors of Integrys Energy Group. The board affirmatively determined that all non-management directors are independent as defined in the New York Stock Exchange listing standards, meet the independence standards adopted by the board of directors (set forth below) and have no other material relationships with Integrys Energy Group. In addition, Diana S. Ferguson, Michael E. Lavin, James L. Kemerling, Albert J. Budney, Jr., Ellen Carnahan and William F. Protz, Jr. meet additional independence standards for audit committee members. All directors are independent directors with the exception of Larry L. Weyers, President and Chief Executive Officer of Integrys Energy Group, Inc.

Categorical Independence Standards for Directors

A director who at all times during the previous three years has met all of the following categorical standards and has no other material relationships with Integrys Energy Group shall be deemed to be independent:

1. Integrys Energy Group has not employed the director, and has not employed (except in a non-executive officer capacity) any of his or her immediate family members. Employment as an interim Chairman or Chief Executive Officer shall not disqualify a director from being considered independent following that employment.
2. Neither the director, nor any of his or her immediate family members, has received more than \$100,000 per year in direct compensation from Integrys Energy Group, other than director and committee fees, and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service). Compensation received by a director for former service as an interim Chairman or Chief Executive Officer need not be considered in determining independence under this test. Compensation received by an immediate family member for service as a non-executive employee of Integrys Energy Group need not be considered in determining independence under this test.
3. The director has not been employed by, or affiliated with Integrys Energy Group's present or former internal or external auditor, nor have any of his or her immediate family members been so employed or affiliated (except in a non-professional capacity).

4. Neither the director, nor any of his or her immediate family members, has been part of an interlocking directorate in which any of Integrys Energy Group's present executives serve on the compensation (or equivalent) committee of another company that employs the director or any of his or her immediate family members in an executive officer capacity.

5. Neither the director, nor any of his or her immediate family members (except in a non-executive officer capacity), has been employed by a company that makes payments to, or receives payments from, Integrys Energy Group for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2 percent of such other company's consolidated gross revenues.

6. Neither the director, nor any of his or her immediate family members, has been an employee, officer or director of a foundation, university or other non-profit organization to which Integrys Energy Group gives directly, or indirectly through the provision of services, more than \$1 million per annum or 2 percent of the total annual donations received (whichever is greater).

In addition to satisfying the criteria set forth above, directors who are members of Integrys Energy Group's Audit Committee will not be considered independent for purposes of membership on the Audit Committee unless they satisfy the following additional criteria:

1. A director who is a member of the Audit Committee may not, other than in his or her capacity as a member of the Audit Committee, the Board, or any other Board committee, accept directly or indirectly any consulting, advisory, or other compensatory fee from Integrys Energy Group or any subsidiary thereof, provided that, unless the rules of the New York Stock Exchange provide otherwise, compensatory fees do not include the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with Integrys Energy Group (provided that such compensation is not contingent in any way on continued service).

2. A director, who is a member of the Audit Committee may not, other than in his or her capacity as a member of the Audit Committee, the Board, or any other Board committee, be an affiliated person of Integrys Energy Group.

3. If an Audit Committee member simultaneously serves on the audit committees of more than two other public companies, then the Board must determine that such simultaneous service would not impair the ability of such member to effectively serve on Integrys Energy Group's Audit Committee. Integrys Energy Group shall disclose this determination in its proxy statement.

**APPROVAL OF PROPOSED
INTEGRYS ENERGY GROUP 2007
OMNIBUS INCENTIVE COMPENSATION PLAN**

The board of directors of Integrys Energy Group will adopt the Integrys Energy Group 2007 Omnibus Incentive Compensation Plan (the 2007 Incentive Compensation Plan), subject to approval by the holders of common stock at the Integrys Energy Group 2007 Annual Meeting of Shareholders.

The board seeks shareholder approval of the Integrys Energy Group 2007 Omnibus Incentive Compensation Plan, which authorizes 3.5 million shares of Common Stock for use in future grants made under the plan. If the 2007 Incentive Compensation Plan is approved, no further grants will be made under the Integrys Energy Group 2005 Omnibus Incentive Compensation Plan (the 2005 Incentive Compensation Plan), although the 2005 Incentive Compensation Plan will continue to operate in accordance with its terms with respect to grants previously made.

The board also seeks approval of the plan to satisfy requirements of tax law necessary to preserve Integrys Energy Group's ability to claim tax deductions for compensation to executive officers that may exceed \$1 million as a result of awards provided by this plan that otherwise satisfy the requirements of Internal Revenue Code Section 162(m). Internal Revenue Code Section 162(m) limits the tax deduction for compensation in excess of \$1 million in a given year paid to the Chief Executive Officer, Chief Financial Officer and the three additional most highly compensated executive officers. Performance based compensation meeting certain requirements is not counted against the \$1 million limit and remains fully deductible for tax purposes. Shareholder approval of the general business criteria of this plan and the maximum amounts that may be awarded under the plan, even without shareholder approval of specific targeted levels of performance, will qualify otherwise compliant incentive awards under this plan as performance based compensation and is expected to allow full tax deductibility of the performance-based awards for the next five years.

Plan Description

The 2007 Incentive Compensation Plan provides both short-term (annual) and long-term incentive awards for eligible employees. Annual incentive awards are paid in cash and take the form of annual performance rights. Long-term incentive awards are stock-based, and may take the form of performance stock rights (Performance Shares), stock options (Options), stock appreciation rights (SARs), or other stock-based awards, such as restricted stock (Other Stock Awards). Performance Shares, Options, SARs, and Other Stock Awards are sometimes collectively referred to as Plan Awards. Final Awards are defined as awards ultimately issued pursuant to an annual performance right or a performance stock right. As noted above, the board seeks shareholder approval of the 2007 Incentive Compensation Plan, which authorizes the issuance of 3.5 million shares of Common Stock for use in future grants. Of the 3.5 million total shares of Common Stock, no more than 1.5 million will be used for grants of Performance Shares and Other Stock Awards.

Material Terms of the 2007 Omnibus Incentive Compensation Plan

The following summary description of the 2007 Incentive Compensation Plan is subject in all respects to the full text of the 2007 Incentive Compensation Plan. A copy of the 2007 Incentive Compensation Plan will be furnished without charge to any person entitled to receive a copy of the Integrys Energy Group Form 10-K upon written request to Integrys Energy Group Inc., Attention: Peter H. Kauffman, Secretary and Chief Governance Officer, 130 East Randolph Drive, Chicago, Illinois 60601.

Purpose:

The 2007 Incentive Compensation Plan is designed to:

- Attract and retain executives and other key employees of outstanding training, experience and ability;
- Motivate key employees by means of performance-related incentives to achieve performance goals; and
- Enable key employees to participate in the growth and financial success of Integrys Energy Group.

Stock Subject to the Plan:

The total number of shares of Integrys Energy Group Common Stock available for awards under the 2007 Incentive Compensation Plan will be 3.5 million shares subject to adjustment for stock splits, stock dividends and certain other transactions or events affecting Integrys Energy Group Common Stock. During any calendar year in which any part of the 2007 Incentive Compensation Plan is in effect, a maximum of 1.0 million shares of Integrys Energy Group's Common Stock may be subject to Options or SARs that may be granted to an individual, who on the last day of a taxable year, is the chief executive officer, chief financial officer or any of the three additional highest compensated officers of Integrys Energy Group and its subsidiaries (each a Covered Executive) and a maximum of 250,000 shares of Integrys Energy Group Common Stock may be granted as Final Awards in any calendar year pursuant to Performance Stock Rights (as described below) or other performance-based awards to any Covered Executive. In each case the maximum number is subject to adjustment for stock splits, stock dividends and certain other transactions and events.

Administrator:

The Compensation Committee of the Integrys Energy Group board of directors or any other committee which the board may appoint, which in either case consists of not less than two members of the board each of whom meets the outside director requirements of Section 162(m) of the Internal Revenue Code (the Code), the New York Stock Exchange independence requirements, and the non-employee director requirements of Rule 16b-3(b)(3) under the Securities Exchange Act of 1934 (the Exchange Act) (either referred to as the Committee) will administer the 2007 Incentive Compensation Plan. The 2007 Incentive Compensation Plan authorizes the Committee to establish rules and regulations as it may deem appropriate for the proper administration of the 2007 Incentive Compensation Plan, and to make determinations under and interpretations of the 2007 Incentive Compensation Plan and to take other steps in connection with the 2007 Incentive Compensation Plan and Plan Awards as it may deem necessary or advisable, in each case in its sole discretion. The board may also exercise any authority granted to the Committee except to the extent that the grant or exercise of authority by the board would cause any award that is intended to be a qualified performance-based award to cease to qualify for exemption under Section 162(m) of the Code. The Committee may delegate any or all of its powers and duties under the 2007 Incentive Compensation Plan, including its authority to make awards under the 2007 Incentive Compensation Plan or to grant waivers of 2007 Incentive Compensation Plan conditions, to one or more other persons or committees as it shall appoint provided the Committee may not delegate its authority to:

- Act on matters affecting any participant who is subject to the reporting requirements of Section 16(m) of the Exchange Act, or the liability provisions of Section 16(b) of the Exchange Act; or
- Amend or modify the 2007 Incentive Compensation Plan.

Annual Performance Rights and Final Awards:

The Committee may from time to time grant or authorize the granting of Annual Performance Rights under the 2007 Incentive Compensation Plan to such officers or other employees of Integrys Energy Group or any of its subsidiaries, or of any joint venture in which Integrys Energy Group or any of its subsidiaries has a substantial equity interest (each, an Employee) as the Committee may select. An Annual Performance Right is the right to receive up to the amount described in a participant's award agreement, taking into account the Target Award and the Performance Formula, upon the attainment of one or more specified Performance Goals, subject to the terms and conditions of the award agreement and the 2007 Incentive Compensation Plan. The Target Award is the amount of compensation or the number of shares of Integrys Energy Group Common Stock to be earned by a participant if all the Performance Goals are achieved at the specified level. With respect to an Annual Performance Right that is intended to constitute performance based compensation for purposes of Internal Revenue Code Section 162(m), the Performance Goals for a participant who is a Covered Executive will be a performance measure that is based upon one or more of the following business criteria which the Committee establishes with respect to Integrys Energy Group and/or any of its subsidiaries or a division, business unit or component of Integrys Energy Group or a subsidiary: asset change, asset turnover, capital employed in the business, capital spending, cash flow, cost structure improvements, complexity reductions, customer loyalty, customer value, diversity, earnings growth, earnings per share, economic value-added, environmental health, safety, occupational health reportable incidents, workers compensation costs, increase in customer base, market efficiency, energy price weighted availability of generation facilities, market share, net cash balance, net income, net income margin, net operating cash flow, operating profit margin, operations and maintenance reduction, electric and/or gas utility rate levels, productivity, response time, profits before tax, quality/customer satisfaction, return on assets, return on capital, return on equity, return on net operating assets, return on sales, revenue growth, sales margin, sales volume, system reliability, total shareholder return, variable margin and working capital. In any other case, the Performance Goals may be based on one or more of the business criteria described above or any other criteria based on individual, business unit, subsidiaries, group or Company performance selected by the Committee. A Performance Formula is applied to the Performance Goals in determining the percentage of the Target Award earned by the participant with respect to a Plan Award.

A Final Award of \$5 million is the maximum amount that may be granted to a Covered Executive with respect to one or more Annual Performance Rights during any calendar year during any part of which the 2007 Incentive Compensation Plan is in effect.

Prior to the grant of any Annual Performance Right, the Committee will determine the terms of the Annual Performance Right including:

- The Target Award,
- One or more Performance Goals to measure performance,
- The Performance Formula to apply against the Performance Goals in determining the amount of compensation earned under the Performance Right as a percentage of the Target Award, and
- The Performance Period (the period for which performance with respect to one or more Performance Goals is to be measured).

The Committee may establish a minimum threshold objective for any Performance Goal, which if not met, would result in no Final Award being made to any Participant with respect to the Performance Goal. During and after the Performance Period but prior to determination of the Final Award, the Committee may adjust the Performance Goals, Performance Formula and Target Award and

otherwise modify the terms of an Annual Performance Right but if the Committee acts, more than 90 days after the beginning of the Performance Period, to adjust or modify the terms of an Annual Performance Right granted to a participant who is a Covered Executive for purposes of Internal Revenue Code Section 162(m), the Annual Performance Right will not constitute performance-based compensation for purposes of Internal Revenue Code Section 162(m). Each Annual Performance Right will be evidenced by an award agreement in a form determined by the Committee.

As soon as practicable, following the completion of the Performance Period relating to any Annual Performance Right, the Committee will determine the extent to which the participant achieved the Performance Goals and the amount of compensation to be awarded as a Final Award. The Committee may in its sole discretion reduce the amount of any Final Award or increase the amount of any Final Award awarded to any participant, but if the Committee acts to increase the amount of the Final Award awarded to a participant who is a Covered Executive for purposes of Internal Revenue Code Section 162(m), the Final Award will not constitute performance-based compensation for purposes on Internal Revenue Code Section 162(m). Any determination shall take into account:

- The extent to which the Performance Goals were, in the Committee's sole opinion, achieved;
- Individual performance by the participant during the performance period; and
- Such other factors as the Committee may deem relevant, including changes in circumstances or unforeseen events.

The Final Award will be payable to the participant in cash unless the participant elects to defer its payment pursuant to the Integrys Energy Group Deferred Compensation Plan.

Performance Stock Rights and Final Awards:

The Committee may from time to time grant or authorize the granting of Performance Stock Rights to such Employees as the Committee may select and for such number of shares of Integrys Energy Group common stock as it may designate subject to the limitations specified in the 2007 Incentive Compensation Plan. A Performance Stock Right is the right to receive, without payment to Integrys Energy Group, up to the number of shares of Integrys Energy Group common stock described in the participant's award agreement, taking into account the Target Award and the Performance Formula upon the attainment of one or more Performance Goals, subject to the terms of the award agreement and the 2007 Incentive Compensation Plan.

Prior to the grant of any Performance Stock Right, the Committee will determine the terms of the Performance Stock Right, including the Target Award, Performance Goal, Performance Formula and Performance Period. The Committee at any time prior to granting the Final Award will also determine the period of time, if any, during which the disposition of shares of Integrys Energy Group common stock issuable under the Performance Stock Rights will be restricted. The Committee may also determine that any participant will be entitled to receive Dividend Equivalents, i.e., payment of the same amount of cash or other credit in the same amount as he or she would have received as cash dividends during the Performance Period if the participant had owned the number of shares of Integrys Energy Group common stock equal to the Target Award. Dividend Equivalents may be paid in cash on dividend payment dates or at the time of the Final Award or in shares of Integrys Energy Group common stock, all as the Committee may determine in accordance with the applicable tax rules. Final Awards are made in the manner previously described with respect to Annual Performance Rights but are payable in shares of Integrys Energy Group common stock unless the participant elects to defer payment pursuant to the Integrys Energy Group Corporation Deferred Compensation Plan.

Options:

The Committee may from time to time authorize the granting of Options to officers and other employees as the Committee may select. Each Option will be a nonqualified stock option unless the Committee at the time of grant designates the Option as an incentive stock option (ISO) as such term is defined in Section 422 of the Internal Revenue Code.

Option Price:

The Committee will determine the per share option price which will be not less than the closing market price of Integrys Energy Group common stock on the date of the grant of the Option.

Option Period:

The Committee will determine the term of each Option. The term of an Option, however, may not exceed a period of ten (10) years from the date of its grant.

Exercise of Option:

Unless the Committee shall provide otherwise, the participant may make any payment for shares of Integrys Energy Group common stock purchased upon exercise of an Option granted under the 2007 Incentive Compensation Plan in cash, by delivery of shares of Integrys Energy Group common stock which have been beneficially owned by the participant for at least six months or by a combination of cash and stock, at the election of the participant. The Committee may also permit payment through a cashless exercise executed through a broker.

ISO s Option Period Maximum Value:

Options, which are ISOs, may be exercised no later than three months after termination of employment by reason of death, early or normal retirement or total and permanent disability. The aggregate fair market value of the stock for which an ISO is exercisable for the first time by a participant during any calendar year under the 2007 Incentive Compensation Plan or any other plan of Integrys Energy Group or any subsidiary may not exceed \$100,000. To the extent the fair market value of the shares of Integrys Energy Group common stock attributable to ISOs first exercisable in any calendar year exceeds \$100,000, the excess portion of the ISO will be treated as a nonqualified option.

SARs:

Integrys Energy Group may grant SARs in tandem with Options or separate from any Option granted under the 2007 Incentive Compensation Plan. SARs entitle the participant to receive an amount equal to the excess of the closing market price of one share of Integrys Energy Group s common stock on the date of exercise over the per share grant or option price multiplied by the number of shares in respect of which the participant exercises the SARs. If the Committee grants SARs independent of an Option, the grant price of the SARs will be not less than the closing market price of a share of Integrys Energy Group s common stock on the date of grant multiplied by the number of shares subject to the SARs. Upon exercise of SARs, Integrys Energy Group generally will pay the participant in Integrys Energy Group common stock, although the 2007 Incentive Compensation Plan permits Integrys Energy Group to pay the participant in cash, Integrys Energy Group common stock or a combination of stock and cash.

In the case of a SAR issued in tandem with an Option, the total number of shares of Integrys Energy Group s common stock that a participant may receive upon exercise of a SAR for stock may not exceed the total number of shares subject to the related Option or portion of Option. The total

amounts of cash that a participant may receive upon exercise of a SAR for cash (where an exercise for cash is permitted) may not exceed the closing market price on the date of exercise of the total number of shares subject to the related Option or portion of Option.

With respect to Options issued in tandem with SARs, the right of a participant to exercise the SAR will be cancelled if and to the extent the participant exercises the related Option, and the right of a participant to exercise an Option will be cancelled if and to the extent the participant exercises the related SAR.

Stock and Other Stock-Based Awards:

The Committee may from time-to-time grant to officers and other Employees as the Committee may select other stock-based awards which may include awards of restricted stock, stock units, phantom stock and options containing terms differing from options otherwise granted pursuant to the 2007 Incentive Compensation Plan. The Committee has authority to determine all terms and conditions of the other stock-based awards including whether the awards will be payable in cash, stock or otherwise.

Cash Awards to Employees of Foreign Subsidiaries, Branches or Joint Ventures:

The Committee may provide for special terms, including cash payments and other substitutes for the previously described awards under the 2007 Incentive Compensation Plan for participants who are foreign nationals or who are employed outside the United States of America to accommodate differences in local law, tax policy or custom.

Conditions to Payment of 2007 Incentive Compensation Plan Awards:

If a 2007 Incentive Compensation Plan participant's employment terminates for any reason other than death, while any award to the participant under the Plan is outstanding and the participant has not received the compensation or stock covered by the award or the full benefit of the award, the participant will receive the remaining stock, compensation or benefit only if the participant continues to make himself or herself available upon request at reasonable times and on a reasonable basis to consult with, supply information to, and otherwise cooperate with Integrys Energy Group or any of its subsidiaries with respect to any matter previously handled by him or her or under his or her supervision and the participant refrains from engaging in any activity that is directly or indirectly in competition with any activity of Integrys Energy Group or any of its subsidiaries. The Committee may waive any forfeiture of 2007 Incentive Compensation Plan awards if it determines that there has not been and will not be any substantial adverse effect on Integrys Energy Group or any of its subsidiaries.

All rights of a participant under any award granted under the 2007 Incentive Compensation Plan will cease as of the date the Committee determines that the participant at any time acted in a manner inimical to Integrys Energy Group or any of its subsidiaries.

The Committee will make appropriate arrangements for deposit of any taxes and other required federal, state or local withholdings prior to distribution of cash, stock or other stock-based awards to any participant.

Transferability of Awards, Options and SARs:

No Annual Performance Right or Performance Stock Right, or until the expiration of any restriction period, no shares of Integrys Energy Group's common stock covered by any Final Award may be transferred, pledged, assigned or otherwise disposed of by a participant except as permitted by the 2007 Incentive Compensation Plan, without the consent of the Committee, other than by will or the laws of descent and distribution. The Committee may permit the use of stock included in any Final Award as partial or full payment upon exercise of any stock option granted by Integrys Energy Group prior to the expiration of any restriction period relating to the Final Award.

Unless the Committee determines otherwise under the 2007 Incentive Compensation Plan, no Option or SAR or other stock-based award granted under the 2007 Incentive Compensation Plan may be transferred by a participant other than by will or the laws of descent and distribution, and during the lifetime of a participant any Option or SAR or other stock-based award granted under the 2007 Incentive Compensation Plan to a participant shall be exercisable only by the participant or his or her guardian or legal representative.

In no event may an Award, Option, SAR or other stock-based award be transferable for value or consideration.

A participant may file with Integrys Energy Group a written designation of a beneficiary or beneficiaries under the 2007 Incentive Compensation Plan subject to any limitations the Committee may from time to time prescribe.

Change in Control:

Unless the Committee determines otherwise at the time of grant, upon the occurrence of a Change in Control:

- Any awards of Options or SARs outstanding under the 2007 Incentive Compensation Plan that are not vested will become fully vested;
- Any other awards outstanding under the 2007 Incentive Compensation Plan that are not vested will become fully vested if vesting is based solely upon length of employment or in any other case will become fully vested at the Target Level (or if greater, the then projected Final Award) prorated for the portion of the Performance Period then elapsed, any restrictions or other conditions applicable to outstanding 2007 Incentive Compensation Plan awards will then lapse, and any of those awards will immediately be paid to the participant.

Except as otherwise required to comply with Internal Revenue Code Section 409A, Change of Control means the occurrence of any one of the following:

- Any person (other than an employee benefit plan of Integrys Energy Group or of any subsidiary of Integrys Energy Group and fiduciaries and certain other parties related to any of these plans) becomes the beneficial owner of securities of Integrys Energy Group representing at least 30% of the combined voting power of Integrys Energy Group's then outstanding securities;
- One-half or more of the members of Integrys Energy Group's board of directors ceases to be a Continuing Director, *i.e.*, an individual who was a member of the board on the day following the effective date of the 2007 Incentive Compensation Plan, a successor to a Continuing Director who is recommended to succeed a Continuing Director by a majority of the Continuing Directors then on Integrys Energy Group's board of directors or additional directors elected by a majority of the Continuing Directors;
- Completion of any merger, consolidation or reorganization of Integrys Energy Group with any other corporation as a result of which less than 50% of the outstanding voting securities of the

surviving or resulting entity are owned by the former shareholders of Integrys Energy Group other than a shareholder who is an affiliate or associate of any party to such consolidation or merger;

- Completion of any merger of Integrys Energy Group or share exchange involving Integrys Energy Group in which Integrys Energy Group is not the continuing or surviving corporation other than a merger of Integrys Energy Group in which each of the holders of Integrys Energy Group common stock immediately prior to the merger have the same proportional ownership of common stock of the surviving corporation immediately after the merger;
- Completion of any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all or substantially all of the assets of Integrys Energy Group to a person other than a wholly owned subsidiary of Integrys Energy Group; or
- Approval by the shareholders of Integrys Energy Group of any plan or proposal for the liquidation or dissolution of Integrys Energy Group.

Amendment and Termination:

The board of directors of Integrys Energy Group may, from time to time, amend or modify the 2007 Incentive Compensation Plan or any outstanding award under the 2007 Incentive Compensation Plan as necessary or desirable to implement Plan Awards or may terminate the 2007 Incentive Compensation Plan or any provision of the 2007 Incentive Compensation Plan. No such action of the board, however, without the approval of the shareholders of Integrys Energy Group, may:

- Increase the total number of shares of Integrys Energy Group common stock with respect to which awards may be granted under the 2007 Incentive Compensation Plan or increase certain individual limits specified in the 2007 Incentive Compensation Plan;
- Extend the terms of the 2007 Incentive Compensation Plan beyond May 16, 2017,
- Permit any person while a member of the Compensation Committee or any other committee of the board administering the Plan to be eligible to receive or hold an award under the 2007 Incentive Compensation Plan; or
- Permit Integrys Energy Group to reprice an outstanding Option or SAR to provide for a grant price that is less than the closing market price of a share of common stock on the date on which the Option or SAR was originally granted, cancel an Option or SAR and replace the cancelled Option or SAR with an Option or SAR having an exercise price or base price less than that of the cancelled Option or SAR, or make a cash payment in exchange for an Option or SAR if the closing market price of Integrys Energy Group common stock on the date of the proposed cash payment is less than the Option exercise price or SAR base price.

Accounting Treatment of Options

In accordance with Statement of Financial Accounting Standards (SFAS) No. 123R, Integrys Energy Group will recognize expense in connection with stock options and other share-based payments under the 2007 Incentive Compensation Plan.

Federal Income Tax Consequences

The federal income tax consequences described in this section are based on laws and regulations in effect on the date of this proxy statement and future changes in those laws and regulations may affect the tax consequences described below. No discussion of state income tax treatment has been included.

Nonqualified Stock Options:

Options granted under the 2007 Incentive Compensation Plan which do not qualify as ISOs will, in general, be subject to the following federal income tax treatment:

- The grant of a nonqualified option does not give rise to any income tax consequences to either Integrys Energy Group or the participant.
- The exercise of a nonqualified option generally results in ordinary taxable income to the participant in the amount equal to the excess of the fair market value of the shares at the time of exercise over the option price. A deduction from taxable income is allowed to Integrys Energy Group in an amount equal to the amount of ordinary income recognized by the participant.
- Upon a subsequent taxable disposition of shares, a participant recognizes short-term or long-term capital gain (or loss) depending on the holding period, equal to the difference between the amount received and the tax basis of the shares, usually the fair market value at the time of exercise, net of any transaction costs.

Incentive Stock Options:

Options granted under the Plan which constitute ISOs will, in general, be subject to the following federal income tax treatment:

- The grant of an ISO does not give rise to any income tax consequences to either Integrys Energy Group or the participant.
- No deduction is allowed to Integrys Energy Group on a participant's exercise of an ISO.
- A participant's exercise of an ISO does not result in ordinary income to the participant for regular tax purposes, but may result in the imposition of or an increase in alternative minimum tax. If shares acquired upon exercise of an ISO are not disposed of within the same taxable year of the ISO exercise, the excess of the fair market value of the shares at the time the ISO is exercised over the option price is included in the participant's computation of alternative minimum taxable income in the year of exercise.
- If shares acquired upon the exercise of an ISO are disposed of within two years of the date of the option grant, or within one year of the date of the option exercise, the participant recognizes ordinary taxable income at the time of the disposition to the extent that the fair market value of the shares at the time of exercise exceeds the option price, but not in an amount greater than the excess, if any, of the amount realized on the disposition over the option price. The participant recognizes capital gain (long-term or short-term depending upon the holding period) at the time of such a disposition to the extent that the amount of proceeds from the sale exceeds the fair market value at the time of the exercise of the ISO. The participant recognizes capital loss (long-term or short-term depending upon the holding period) at the time of such a disposition to the extent that the fair market value at the time of the exercise of the ISO exceeds the amount of proceeds from the sale. Integrys Energy Group is entitled to a deduction in the taxable year in which the disposition is made in an amount equal to the amount of ordinary income recognized by the participant.
- If shares acquired upon the exercise of an ISO are disposed of after the later of two years from the date of the option grant or one year from the date of the option exercise in a taxable transaction, the participant recognizes long-term capital gain or loss at the time of the disposition in an amount equal to the difference between the amount realized by the participant on the disposition and the participant's basis in the shares. Integrys Energy Group will not be entitled to any income tax deduction with respect to the ISO.

Stock Appreciation Rights:

Any SAR granted under the 2007 Incentive Compensation Plan, will in general, be subject to the following federal income tax treatment:

- The grant of a SAR does not give rise to any income tax consequences to either Integrys Energy Group or the participant.
- Upon the exercise of a SAR, the participant recognizes ordinary income equal to the amount of any cash plus the fair market value of any shares of common stock received. Integrys Energy Group is generally allowed a deduction in an amount equal to the income recognized by the participant.

Annual Performance Rights and Performance Stock Rights:

Any Annual Performance Right or Performance Stock Right granted under the 2007 Incentive Compensation Plan will, in general, be subject to the following federal income tax treatment:

- The grant of an Annual Performance Right or Performance Stock Right does not give rise to any tax consequences to either Integrys Energy Group or the participant.
- Upon payment of cash pursuant to an Annual Performance Right, the participant recognizes ordinary income equal to the amount of the payment and Integrys Energy Group is generally allowed a deduction in an equal amount.
- Upon the issuance of Integrys Energy Group's common stock pursuant to a Performance Stock Right, generally the participant recognizes ordinary income equal to the fair market value of the shares received, or if received subject to certain restrictions, the fair market value of the shares when no longer restricted. The participant recognizes ordinary income on the receipt of Dividend Equivalents.
- A deduction from taxable income is allowed to Integrys Energy Group in an amount equal to the amount of ordinary income recognized by the participant with respect to the Performance Stock Right.

Internal Revenue Code Sections 162(m) and 280G:

Section 162(m) of the Internal Revenue Code limits Integrys Energy Group income tax deduction for compensation paid in any taxable year to certain executive officers to \$1 million per individual. Amounts in excess of \$1 million are not deductible unless one of several exceptions apply. The Committee intends to grant awards under the 2007 Incentive Compensation Plan that are designed, in most cases and with the specific exception of Other Stock Rights (such as restricted stock) that are subject to time-based vesting, to qualify for one such exception, the performance-based compensation exception. Grants of Options and SARs as well as Annual Performance Rights and Performance Stock Rights can be structured so as to qualify for this exception. Integrys Energy Group does not anticipate that Section 162(m) will have a material impact on its ability to deduct compensation payable under the 2007 Incentive Compensation Plan, but the Committee specifically reserves the right to make awards that are not intended to comply with Section 162(m). Section 280G of the Internal Revenue Code limits Integrys Energy Group income tax deduction in the event there is a change in control of Integrys Energy Group. Accordingly, all or some of the amount which would otherwise be deductible may not be deductible with respect to those Annual Performance Rights, Performance Stock Rights, Options and SARs that become immediately exercisable or payable in the event of a change in control of Integrys Energy Group.

Other Disclosures

Market Price of Common Stock:

The closing price of a share of Integrys Energy Group common stock on the New York Stock Exchange on March 23, 2007 was \$55.70.

New Plan Benefits:

The number and amount of awards under the 2007 Incentive Compensation Plan has yet to be determined. The Committee pursuant to the terms of the 2007 Incentive Compensation Plan will determine the number and nature of the 2007 Incentive Compensation Plan awards. In 2006, 188 employees received grants under the 2005 Omnibus Incentive Compensation Plan. See **Grants of Plan-Based Awards** for information relating to the performance shares, restricted stock and stock options rights granted to Integrys Energy Group's Chief Executive Officer, Chief Financial Officer and its three most highly compensated executive officers.

Required Vote:

The affirmative vote of a majority of the votes cast on the proposal by the holders of Integrys Energy Group common stock is required for approval and ratification of the Plan, provided that a majority of the outstanding shares of Integrys Energy Group common stock are voted on the proposal. Any shares not voted (whether by abstention, broker nonvote or otherwise) may prevent the proviso from being satisfied, but if the proviso is satisfied, will have no impact on the vote.

The board recommends that you vote FOR the approval of the Integrys Energy Group 2007 Omnibus Incentive Compensation Plan. Proxies solicited by the board of directors will be voted FOR approval and ratification of the proposed 2007 Omnibus Incentive Compensation Plan unless the shareholder has specified otherwise.

**APPROVAL OF PROPOSED AMENDMENT TO INCREASE COMMON STOCK
AVAILABLE UNDER THE INTEGRYS ENERGY GROUP
DEFERRED COMPENSATION PLAN**

Integrys Energy Group maintains the Integrys Energy Group Deferred Compensation Plan (the Deferred Compensation Plan). The board of directors of Integrys Energy Group will adopt an amendment to the Deferred Compensation Plan to increase the number of shares of Common Stock available for issuance under the Deferred Compensation Plan, subject to approval by the holders of Common Stock at the Integrys Energy Group 2007 Annual Meeting of Shareholders.

The following summary description of the Deferred Compensation Plan is subject in all respects to the full text of the Deferred Compensation Plan. A copy of the Deferred Compensation Plan will be furnished without charge to any person entitled to receive a copy of Integrys Energy Group's Form 10-K upon written request to Integrys Energy Group, Attention: Peter H. Kauffman, Secretary and Chief Governance Officer, 130 East Randolph Drive, Chicago, Illinois 60601.

The Deferred Compensation Plan permits key employees of Integrys Energy Group and its subsidiaries and affiliates to defer a portion of their base compensation, as well as annual bonus awards and long-term performance awards under the Integrys Energy Group 2005 Omnibus Incentive Compensation Plan (the 2005 Incentive Compensation Plan) and the Integrys Energy Group 2007 Omnibus Incentive Compensation Plan (the 2007 Incentive Compensation Plan) and in most cases, to allocate the amount deferred among the hypothetical investment accounts available under the Deferred Compensation Plan. The accounts are bookkeeping accounts, which serve solely as a device for determining the amount of benefits accumulated by a participant and do not create or imply an obligation on the part of Integrys Energy Group to fund such benefits. In addition, the Deferred Compensation Plan includes both mandatory and voluntary components for the directors of Integrys Energy Group.

- Objective:** The purpose of the Deferred Compensation Plan is to attract and retain key management employees possessing a strong interest in the successful operation of Integrys Energy Group, its subsidiaries and affiliates and encourage their continued loyalty, service and counsel to Integrys Energy Group and its subsidiaries and affiliates.
- Eligibility and Participation:** Eligibility is limited to executives and directors of Integrys Energy Group, its subsidiaries, or affiliates. Executive for this purpose means a common law employee of Integrys Energy Group or any direct or indirect subsidiary of Integrys Energy Group and certain employees of entities in which Integrys Energy Group or one of its subsidiaries holds an ownership interest who has been designated by the Compensation Committee of Integrys Energy Group's board of directors (Committee) as being eligible to participate in the Deferred Compensation Plan. As of January 1, 2007, there were 66 employees who would be eligible to participate in the Deferred Compensation Plan. Directors of Integrys Energy Group are automatically eligible under the directors' component of the Deferred Compensation Plan.
- Administration:** The Committee will administer and interpret the Deferred Compensation Plan and supervise preparation of compensation deferral elections and forms.

Employee Deferral of Base Compensation:

A participating employee may elect to defer from 1% to 100% (or such lesser percentage as may be established by the Committee) of their base compensation. Base Compensation means the base monthly salary or wage payable by a participating employer for services performed, prior to deferrals under the Deferred Compensation Plan and contributions by the participant to any other employee benefit plan maintained by a participating employer, but excludes extraordinary payments, such as overtime, bonuses, meal allowances, reimbursed expenses, termination pay, moving pay, commuting expense, severance pay, non-elective deferred compensation payments or accruals, stock options, and the value of employer-provided fringe benefits or coverage.

Employee Deferral of Annual Cash Bonus Awards:

A participating employee may elect to defer from 1% to 100% (or such lesser percentage as may be established by the Committee) of any annual cash bonus that is awarded and would otherwise be paid to the participating employee for any year under the 2005 Incentive Compensation Plan or the 2007 Incentive Compensation Plan. The portion of any such amount that a participating employee elects to have credited to the Incentive Stock Unit Account (described below) is converted to stock units and credited to the Incentive Stock Unit Account together with a 5% premium, e.g., a participating employee who defers all or a portion of the annual cash bonus is credited with stock units that are purchased on a dollar-for-dollar basis with the employee's deferral, and additional stock units with a value equal to 5% of the amount deferred (the Annual Bonus Premium). The Annual Bonus Premium applies only to annual cash bonus amounts that the participating employee elects to defer and allocates to the Incentive Stock Unit Account. The Annual Bonus Premium does not apply to any other amount.

Employee Deferral of Stock Based Compensation:

A participating employee may elect to defer from 1% to 100% (or such lesser percentage as may be established by the Committee) of performance shares or other stock-based compensation (other than stock options and stock appreciation rights) that are awarded and would otherwise be paid to the participating employee for any year under the 2005 Incentive Compensation Plan or the 2007 Incentive Compensation Plan.

Matching Contribution and Other Employer Credits for Employees:

If a participating employee's deferrals of base compensation and annual bonus under the Deferred Compensation Plan result in the employee receiving a reduced matching contribution under an eligible defined contribution plan of Integrys Energy Group or its subsidiaries or affiliates (because the employee had less compensation considered for purposes of determining the employee's elective contributions, and thus, the amount of the matching contribution to which the employee is entitled), the employee will receive a matching contribution credit, in the form of stock units, under the Deferred Compensation Plan (the Matching Contribution Credit). The Matching Contribution Credit will equal the difference (if any) between the matching contribution actually received by the employee under the eligible defined contribution plan and the matching contribution that the employee would have received under such plan if base compensation and annual bonus amounts deferred by the employee under the Deferred Compensation

Director Deferrals and Credits:

Plan had instead been payable to the employee and had the employee's deferral election under the eligible defined contribution plan, applied to such amounts. In addition, the Compensation Committee, in its discretion, may award other deferred compensation credits to such employees and in such amounts as it determines (the "Other Employer Credits").

To the extent consistent with tax law rules, a portion of a director's annual compensation is automatically deferred and credited to the Director Deferred Stock Unit Account under the Deferred Compensation Plan. These amounts are allocated directly to the Director Deferred Stock Unit Account, and the director has no discretion to have the amounts credited or transferred to another of the hypothetical investment options. In addition, a director may elect to defer from 1% to 100% (or such lesser percentage as may be established by the Committee) of any remaining director compensation, which the director may allocate among the hypothetical investment options established under the Deferred Compensation Plan. The Annual Bonus Premium that applies with respect to certain employee deferrals is not applicable to director deferrals or credits.

Hypothetical investment accounts are established as devices for determining the amount of benefits accumulated by a participating employee or director under the Deferred Compensation Plan and prior deferred compensation programs, including the following accounts:

Reserve Account A has been credited with the reserve account balance accumulated by a participating employee or director as of December 31, 1995, under a prior deferred compensation program of Wisconsin Public Service Corporation. Except for attributed earnings, no further contributions or credits of any kind will be made to this account. Balances of participating employees or directors in Reserve Account A are credited with an interest equivalent for each month at a rate equal to the greater of (i) 0.5% or (ii) 1/12th of the consolidated return on equity of Integrys Energy Group and all of its consolidated subsidiaries (ROE) for the 12 month period ended on the preceding September 30 for the months of January through March and October through December and for the 12 month period ended on the preceding March 31 for the months of April through September. Alternative (ii) will not apply following termination of employment to a participating employee who terminates employment with a participating employer prior to age 55 and prior to a change of control as defined below, unless the Committee determines otherwise.

Reserve Account B is credited with that portion of deferrals of base compensation and annual bonus awards which a participating employee or director elects to allocate to this account. Participant balances in Reserve Account B will be credited with an interest equivalent for each month at a rate equal to the greater of (i) 0.5% or (ii) 70% of 1/12th of the ROE for the 12 month period ended on the preceding September 30 for the months of January through March and October through December and for the 12 month period ended on the preceding March 31 for the months of April through September. Alternative (ii) will not apply following termination of employment to a participating employee who terminates employment with a participating employer prior to age 55 and prior to a change of control as defined below, unless the Committee determines otherwise.

The Committee may revise the interest equivalent rate for Reserve Accounts A and B or the manner in which such rate is calculated, but may not reduce the rate below 6% per annum.

Incentive Stock Unit Account is a buy only account limited to that portion of deferrals of annual bonus awards which the participating employee elects to allocate to this account, deferrals of performance share awards under the 2005 Incentive Compensation Plan or the 2007 Incentive

Compensation Plan, Matching Contribution Credits, and/or Other Employer Credits. A participating employee is not permitted to reallocate amounts that are credited to the Incentive Stock Unit Account to any of the other hypothetical investment accounts.

Base Stock Unit Account is credited with that portion of a deferral of base compensation which a participating employee elects to allocate to this account.

Deferrals to the Incentive Stock Unit Account and the Base Stock Unit Account, dividends credited on stock units and any Matching Contribution Credits, will be converted for record keeping purposes, into whole and fractional stock units with fractional units calculated to four decimal places based on the closing price of Integrys Energy Group common stock as reported in the New York Stock Exchange Composite Transactions in The Wall Street Journal on the date the deferrals are credited to a participant's account. Participating employees electing to allocate deferrals to, or otherwise receiving credits under, the two stock accounts will have no rights of a shareholder resulting from the stock units in their accounts. Integrys Energy Group may, however, elect to have shares of Company common stock purchased by the Trust in an amount equal to a portion of the stock units in the stock accounts. Although participants under the Deferred Compensation Plan will have no proprietary interest in shares purchased by the Trust and will remain general unsecured creditors of Integrys Energy Group with respect to amounts deferred under the Deferred Compensation Plan, shares held by the Trust for purposes of exercising voting rights are allocated proportionately to the share units in the respective stock accounts of participating employees and voted in accordance with the instructions of such participants.

Director Deferred Stock Unit Account is a buy only account limited to the portion of a director's fees that is automatically converted into Integrys Energy Group Stock Units. A director is not permitted to reallocate amounts credited to the Director Deferred Stock Unit Account to any of the other hypothetical investment options.

The Committee has established certain other hypothetical investment accounts. Such accounts generally mirror investment options available to the participating employee under Wisconsin Public Service Corporation's 401(k) savings plan.

Elections to defer base compensation or director fees generally must be made prior to the beginning of the calendar year in which the deferred amount would otherwise be paid. Elections to defer annual bonus awards must be made each year on or before June 30 (or such earlier date as may be established by the Committee). Elections to defer long-term performance incentive awards must be made at least six months prior to the end of the performance period (or such earlier date as may be established by the Committee). The Committee may establish additional requirements with respect to the form and timing of deferral elections.

In accordance with Committee rules, participating employees and directors may elect to reallocate how deferred amounts are deemed to be invested. The right to reallocate the deemed investment of deferred amounts does not apply to amounts deferred by certain participants prior to July 1, 2001, and does not apply with respect to any amounts credited to the Incentive Stock Unit Account or the Director Deferred Stock Unit Account.

All reallocation elections by a participant who is subject to Section 16 of the Exchange Act of 1934 (Exchange Act), however, are subject to review by the Committee prior to implementation. In addition, the following transactions are prohibited: elections to reallocate the deemed investments into Integrys Energy Group Stock Units within six months of an election to reallocate deemed investments out of Integrys Energy Group Stock Units and elections to reallocate the deemed investments out of Integrys Energy Group Stock Units within six months of an election to reallocate deemed investments into Integrys Energy Group Stock Units. These prohibited transactions are void. The Committee may

restrict additional transactions, or impose other rules and procedures, to the extent deemed desirable by the Committee in order to comply with the Exchange Act.

It is not possible to predict what benefits will be received under the Deferred Compensation Plan, as amended. For information on 2006 deferrals and earnings in this plan for the named executive officers see the tables regarding Nonqualified Deferred Compensation later in this proxy. In 2006 total dollars deferred and income earned in this plan were \$3,603,362 and \$765,283, respectively. The total number of stock units deferred into the plan in 2006 was 87,051.

Distributions from Deferred Compensation Plan accounts are made in 1 to 15 annual installments, as elected by the participating employee or director and commence within 60 days following the end of the calendar year in which occurs the 6-month anniversary of the participating employee's retirement or termination of employment or the director's termination of service, unless the employee or director has selected a later commencement date. A participating employee or director may modify a distribution election but such revision will take effect only if certain conditions are satisfied. With respect to amounts deferred prior to January 1, 2005, the revised distribution election will take effect only if the participant remains employed by Integrys Energy Group or a subsidiary or affiliate of Integrys Energy Group for 12 consecutive months following the revised election. With respect to amounts deferred after December 31, 2004, a revised distribution election is permitted only if the participant is deferring distribution commencement for at least five years. For purposes of determining distribution amounts, share units in the Stock Accounts will be valued on the basis of the closing price as reported in The Wall Street Journal as New York Stock Exchange Composite Transactions on January 21 (or if not a trading day the next preceding trading day) of each year.

Distributions attributable to a participant's stock accounts will be made in whole shares of common stock of Integrys Energy Group. Distributions attributable to Reserve Account A and Reserve Account B and other hypothetical investment accounts will be made in cash. Unless a participant otherwise elects, income tax on each distribution will be withheld from the cash portion of the distribution and Integrys Energy Group common stock will be used to satisfy withholding obligations only to the extent that the cash portion of the distribution is insufficient.

The amended Deferred Compensation Plan provides that, subject to adjustment as described below, the total number of authorized but previously unissued shares of common stock of Integrys Energy Group which may be distributed to participants pursuant to the Deferred Compensation Plan is 1,450,000, which number is not reduced by or as a result of (i) any cash distributions pursuant to the Deferred Compensation Plan or (ii) the distribution to participants pursuant to the Deferred Compensation Plan of shares of common stock of Integrys Energy Group that relate to an award of shares originally made (and charged against the pool of available shares) under the 2005 Incentive Compensation Plan or the 2007 Incentive Compensation Plan. Of the 1,450,000 total shares, 750,000 represent shares already approved by shareholders and 700,000 represent additional shares to be available upon the approval of shareholders at Integrys Energy Group's 2007 annual meeting. In the event of any merger, reorganization, consolidation, recapitalization, separation, liquidation, stock dividend, split-up, share combination or other change in the corporate structure of Integrys Energy Group affecting its common stock, adjustment will be made in the number and class of shares which may be distributed pursuant to the Deferred Compensation Plan as may be determined to be appropriate and equitable by the Committee in its sole discretion.

The Deferred Compensation Plan is intended to operate in full compliance with the insider trading liability rules under Section 16 of the Exchange Act. The Committee will administer the Deferred Compensation Plan so that transactions under the Deferred Compensation Plan will be in compliance with Section 16 of the Exchange Act and will have the right to restrict any transaction or impose other rules and requirements to the extent it deems necessary or desirable for that compliance.

**Special Rules
Applicable in Event of
Change of Control:**

The board of directors of Integrys Energy Group may amend the Deferred Compensation Plan in anticipation of a change of control. These amendments may include the elimination of stock units and the reallocation of the value of the stock units to Reserve Account B.

Upon a change in control, the rate of interest equivalent to be credited to Reserve Account A and Reserve Account B will be the greater of the rate of interest equivalent calculated based upon the consolidated return on equity to common shareholders of Integrys Energy Group or any successor corporation and all subsidiaries and a rate equal to 2% above the prime lending rate of US Bank N.A. or its successor. With respect to Reserve Account B, the alternative minimum rate based on the prime lending rate of US Bank N.A. or its successor will cease to apply on the third anniversary of the change in control for participating employees who are then actively employed by Integrys Energy Group or any successor to Integrys Energy Group or affiliate of a successor company.

Following a change in control Integrys Energy Group may not, without the written consent of any affected participants or beneficiary of a deceased participant, amend or take action to terminate the Deferred Compensation Plan that would:

- Decrease the number or type of investment options,
- Cause an account to be valued less frequently than quarterly,
- Impair or limit a participating employee's right to reallocate account balances,
- Decrease the interest credited under Reserve Account A or Reserve Account B, or
- Eliminate distribution options or terminate distribution elections then in effect.

Except as otherwise provided in an employment contract of a participating employee total payments under the Deferred Compensation Plan will be limited to one dollar less than the maximum amount that would cause the payment to constitute an excess parachute payment and subject the participating employee to the tax imposed by Section 4999 of the Internal Revenue Code.

Amendment or Termination:

Except as otherwise described above with respect to amendments following a change in control, the board may, at any time, amend or terminate the Deferred Compensation Plan without the consent of the participants or beneficiaries of participants, provided, however, that no amendment or termination may reduce any account balance accrued on behalf of a participating employee to the date of such amendment or termination, and, in accordance with federal tax laws, termination of the Deferred Compensation Plan will not, except in certain limited situations, result in accelerated distributions to plan participants.

Unfunded Plan:

The Deferred Compensation Plan is unfunded for purposes of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (ERISA), and the Trust established to facilitate payments under the Deferred Compensation Plan is consistent with the unfunded status of the Deferred Compensation Plan. The right of a participant to receive a distribution under the Deferred Compensation Plan will be an unsecured claim.

Required Vote:

The affirmative vote of a majority of the votes cast on the proposal by the holders of Integrys Energy Group s common stock is required for approval of the amendment to increase the number of shares of Common Stock available under the Deferred Compensation Plan, provided that a majority of the outstanding shares of Integrys Energy Group s common stock are voted on the proposal. Any shares not voted (whether by abstention, broker non-vote or otherwise) may prevent the proviso from being satisfied, but if such proviso is satisfied, will have no impact on the vote.

The board recommends that you vote FOR approval of the amendment to increase the number of shares of common stock available under the Integrys Energy Group Deferred Compensation Plan. Proxies solicited by the board of directors will be voted FOR approval of the Deferred Compensation Plan, unless the shareholder has specified otherwise.

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee selected Deloitte & Touche LLP, independent registered public accounting firm, to audit the consolidated financial statements of Integrys Energy Group and its subsidiaries for the year ending December 31, 2007, as well as its internal control over financial reporting as of December 31, 2007 and requests that the shareholders ratify such selection. If shareholders do not ratify the selection of Deloitte & Touche LLP, the audit committee will reconsider the selection.

Audit services provided by Deloitte & Touche in 2006 included the audit of the consolidated financial statements of Integrys Energy Group and its subsidiaries; reviews of interim condensed consolidated financial statements; audit of management's assessment that Integrys Energy Group maintained effective internal control over financial reporting and Integrys Energy Group's internal control over financial reporting as of December 31, 2006 and consultations on matters related to accounting and financial reporting.

Deloitte & Touche also provided certain audit related and nonaudit services to Integrys Energy Group and its subsidiaries during 2006, which were reviewed by the audit committee and are more fully described later in this proxy statement.

Representatives of Deloitte & Touche are expected to attend the annual meeting where they will be available to respond to questions and, if they desire, to make a statement.

Assuming a quorum is present at the annual meeting, to ratify the Audit Committee's selection of Deloitte & Touche as the independent registered public accounting firm for 2007, the number of votes cast in favor of ratification must exceed the number of votes cast in opposition to it. Abstentions and broker non-votes will be counted as present in determining whether there is a quorum; however, they will not constitute a vote for or against ratification, and will be disregarded in the calculation of votes cast. A broker non-vote occurs when a broker submits a proxy card with respect to shares that the broker holds on behalf of another person, but declines to vote on a particular matter, either because the broker elects not to exercise its discretionary authority to vote on the matter or does not have authority to vote on the matter.

The board of directors recommends a vote FOR the ratification of the selection of Deloitte & Touche LLP as the independent registered public accounting firm for Integrys Energy Group and its subsidiaries for 2007. Proxies solicited by the board of directors will be voted FOR ratification of the selection of Deloitte & Touche LLP as the independent registered public accounting firm for Integrys Energy Group and its subsidiaries for 2007.

Audit Committee

At December 31, 2006, the audit committee consisted of four independent directors of Integrys Energy Group: James L. Kemerling - Chairperson, Albert J. Budney, Jr., Ellen Carnahan and William F. Protz, Jr., Michael E. Lavin - Chairperson and Diana S. Ferguson as the members of the Audit Committee. The Integrys Energy Group board of directors has determined that all five members meet audit committee financial expert requirements as defined by the Securities and Exchange

Commission (SEC). Diana S. Ferguson currently serves on the Audit Committee of Franklin Electric Co., Inc. and Michael E. Lavin currently serves on the Audit Committees of Tellabs, Inc and SPSS Inc. None of the remaining members of the Integrys Energy Group audit committee are members of any other public company s audit committee.

Integrys Energy Group s securities are listed on the New York Stock Exchange and are governed by its listing standards. All members of the audit committee meet the independence standards of Section 303.01(B)(2) and (3) of the listing standards of the New York Stock Exchange and Section 10A-3 under the Securities Exchange Act of 1934. In compliance with NYSE listing standards, in 2006 the audit committee received an annual report of the independent auditors regarding the internal control over financial reporting of Integrys Energy Group.

The audit committee is directly responsible for the selection, compensation and oversight of Deloitte & Touche LLP as its independent registered public accounting firm. Deloitte & Touche reports directly to the audit committee. The committee is responsible to oversee the resolution of any disagreements between Deloitte & Touche and management.

A written charter defining the responsibilities of the audit committee has been adopted.

The information contained in this proxy statement with respect to the audit committee charter shall not to be deemed to be soliciting material or deemed to be filed with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent specifically requested by Integrys Energy Group or incorporated by reference in documents otherwise filed.

In considering the nature of the services provided by the independent registered public accounting firm, the audit committee determined that such services are compatible with the provision of independent audit services. The audit committee discussed these services with the independent registered public accounting firm and Integrys Energy Group's management and determined that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as those of the American Institute of Certified Public Accountants.

The audit committee has approved in advance 100% of the services described in the table above under Audit Fees, Audit-Related Fees and All Other Fees in accordance with its pre-approval policy.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Consistent with SEC policies regarding auditor independence, the audit committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the audit committee has established a policy regarding the pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm.

The audit committee will annually pre-approve a list of select services and a maximum fee per engagement for these services that would not require management to obtain specific approval from the committee on an individual basis. Other services (not on the pre-approved list or individual engagements for services on the pre-approved list that exceed the dollar limit) would require additional approval of the audit committee. If pre-approval is necessary between audit committee meetings, the audit committee Chairperson or his designated alternate may provide approval. The audit committee may specifically delegate its pre-approval authority to the Chairperson and any audit committee member designated as an alternate. Approvals provided by any member to whom authority is delegated must be presented to the full audit committee at its next scheduled meeting. Integrys Energy Group's external auditors are absolutely prohibited from performing certain non-audit services, including:

- Bookkeeping or other services related to the accounting records or financial statements;
- Financial information systems design and implementation;
- Appraisal or valuation services, fairness opinions, or contribution-in-kind reports;
- Actuarial services;
- Internal audit outsourcing services;
- Management functions or human resources;
- Broker-dealer, investment advisor or investment banking services;
- Legal and expert services unrelated to the audit; and
- Other services the Public Company Accounting Oversight Board chooses to prohibit.

In identifying potential nominees and determining which nominees to recommend to the board of directors, the governance committee may retain the services of a professional search firm or other third party advisor. In connection with each vacancy, the committee will develop a specific set of ideal

characteristics for the vacant director position. The committee will look at nominees it identifies and any nominees identified by shareholders on an equal basis using these characteristics and the general criteria identified below.

The governance committee selects nominees on the basis of knowledge, experience, skills, expertise, diversity, personal and professional integrity, business judgment, time availability in light of other commitments, absence of conflicts of interest and such other relevant factors that the committee considers appropriate in the context of the needs of the board of directors at that time. In screening director nominees, the committee will review potential conflicts of interest, including interlocking directorships and substantial business, civic and social relationships with other members of the board of directors that could impair the prospective nominee's ability to act independently.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis is to provide material information that is necessary for an understanding of our compensation policies and decisions relating to our named executive officers, including the identification of key components of our executive compensation program, and an explanation of the purpose of each key component. The named executive officers for 2006 include: Larry L. Weyers, President and Chief Executive Officer (CEO); Joseph P. O'Leary, Senior Vice President and Chief Financial Officer (CFO); Phillip M. Mikulsky, Executive Vice President - Development; Mark A. Radtke, President, Integrys Energy Services, Inc.; and Daniel J. Verbanac, Chief Operating Officer, Integrys Energy Services, Inc.

Compensation Philosophy

We recognize the importance of maintaining sound principles for the development and administration of our compensation benefit programs. Overall, the executive compensation program is specifically designed to:

- Align executive efforts with the company's core values of integrity, safety, community, respect for our employees, service to customers and value for shareholders;
- Reward executive performance consistent with company objectives, including operational effectiveness and financial results, which in turn may reduce the need for rate increases to our customers;
- Attract, retain, motivate and develop a highly competent executive staff;
- Achieve a balance between fixed and variable pay, as well as between short-term and long-term incentives to balance executive focus on short-term and long-term goals; and
- Provide a mechanism for executives to have a stake in the company through stock ownership.

We believe that a focus on these principles will benefit our shareholders in the long-term by ensuring that we can attract and retain highly qualified executives who are committed to our long-term success and the creation of shareholder value.

Role of the Compensation Committee

The Compensation Committee (Committee) of the Board of Directors maintains the authority to set policy for executive compensation, and to establish and administer the executive compensation program for the company and its subsidiaries in keeping with our compensation philosophy. For the 2006 calendar year, the Committee was composed of John C. Meng (Chairperson), Richard A. Bemis, and William F. Protz, Jr. The Committee has historically adhered to objective criteria and a structured method of determining compensation, with very limited discretionary decision-making. Compensation decisions made by the Committee rely on market trends and performance at the corporate, business unit and individual levels.

The Committee may review named executive compensation history, although it is only one factor in setting future compensation opportunities.

For the past several years, the Committee has engaged a nationally recognized independent, third party consultant (Towers Perrin) to evaluate our executive compensation, to discuss general compensation trends, to provide competitive market data and to assist human resources management in developing compensation recommendations to present to the Committee. The independent compensation consultant is present at the annual discussions on executive

compensation to provide advice, consultation and market information. The Committee meets in executive session with the independent compensation consultant at least annually. The Senior Vice President-Human Resources and the CEO also provide information and recommendations during this session. The CEO is the only executive present when executive compensation considerations are discussed. The CEO, however, is not present when consideration is made regarding his own compensation.

The Committee reserves the right to modify or discontinue elements of the executive compensation program, and to revise compensation levels after considering qualitative and quantitative facts and circumstances surrounding actual or projected financial results, as well as its view of the appropriate balance between base salary, annual short-term incentive, long-term incentive compensation and benefits.

Total Compensation

The objective of the Committee is to establish target total compensation at or near the median level compared with competitive market data derived from survey information of nearly one hundred utility/energy companies and in the broader industry. The Committee intends to continue its strategy of compensating named executive officers at competitive levels, with an opportunity to earn above-median compensation for above-market performance, through programs that emphasize performance-based incentive compensation in the form of cash and equity-based awards. To that end, total executive compensation is tied directly to performance and is structured to ensure that, due to the nature of our business, there is an appropriate balance focused on long-term versus short-term performance, as well as a balance between financial performance and the creation of shareholder value. Based on our analysis, we believe that the total compensation paid or awarded to our named executive officers during 2006 was consistent with our financial and operational performance and the individual performance of each of the named executive officers. We also believe that the total compensation was reasonable and is consistent with our compensation philosophies as described above.

Key Components of the Executive Compensation Program

The key components of our executive compensation program are base salary, annual short-term incentive pay, long-term incentives (restricted stock, performance shares and stock options) and other benefits. In this mix of compensation, at-risk compensation is a significant portion. Base salary is generally less than one-half of overall compensation received by the executive. Incentives make up the remainder of direct compensation and are performance-based, with greater weighting on long-term incentives. Incentive compensation earned in 2006 was provided pursuant to the 2005 Omnibus Incentive Compensation Plan. A 2007 Omnibus Incentive Compensation Plan for Integrys is being proposed.

Base Salary

Base salary is used to provide annual cash income to executives to compensate them for services rendered during the fiscal year. Competitive market benchmark data is provided to the Committee by our independent executive compensation consultant on an annual basis. Market comparisons are based on the median (50th percentile) base salary for substantially equivalent positions of similarly-sized companies in the utility/energy services industry (based on revenue size adjusted for gas trading revenues). Utility/energy services market data at this revenue size includes 97 companies contained in the Towers Perrin Energy Services executive survey. Salary increases are based on recommendations of the CEO, which may include overall company and individual performance of the executive, and the Committee's evaluation of current market data. The Committee granted base salary increases for the named executive officers for 2006 (in December, 2005) ranging from 4.1% to 8.0%,

with an average pay increase equal to 5.8%. In December, 2006, the Committee granted base salary increases to named executive officers for 2007 ranging from 5.0% to 11.1%, with the average pay increase equal to 7.4%. Base salaries set for named executives were on average 97.9% of market median as reported in December, 2006. Taking into account these increases, base salary levels for the named executive officers are generally at or near the median of the market comparison companies. Setting base salary at or near market median levels allows the company to be competitive in the marketplace.

Short-Term Incentive Compensation

All of the named executive officers participate in our Executive Incentive Plan. The purpose of this plan is to:

- Focus executive employees on assisting the company in achieving objectives key to its short-term success;
- Recognize the performance of key employees in achieving our financial and operating objectives; and
- Provide compensation opportunities that closely reflect the pay levels of other similarly-sized U.S. energy companies and general industry companies.

Annual incentive payments under this plan are based on operational and financial performance goals. The overall target payout for the named executive officers at the holding company level is established based on utility/energy services and general industry market median (50th percentile) data for similarly-sized companies. For the non-regulated subsidiary, energy marketing and trading data at the market median is considered in determining target payout for the named executives at this level. Data is reviewed for utility/energy services companies contained in the Towers Perrin Energy Services executive survey, and for general industry, including over 900 companies contained in the Towers Perrin general industry survey. The Committee considers appropriate payouts for stellar and satisfactory performance to determine superior and threshold payout levels respectively for all entities. These levels provide a partial payout for partially meeting objectives and a strong incentive, generally one and one-half times target level, for superior performance.

The Committee bases each participant's incentive on the attainment of some or all of the following performance goals:

- Customer Value - a set of three operational measures of customer satisfaction of residential, commercial/industrial and agricultural customers, as measured by surveys and in comparison to our competitors.
- System reliability - a set of two operational measures, including electric system outages and gas system responsiveness.
- Market effectiveness of energy supply operations (the company's generation operations) - an operational measure that applies to energy supply executives only and consists of the energy price weighted availability of all Wisconsin Public Service Corporation generation facilities.
- Safety - a set of two operational measures, including the number and severity of OSHA reportable accidents and workers compensation costs.
- Rate levels - a set of two operational measures for gas and electric rates derived through a comparison of rates relative to the following competitors: Consumers Energy, Edison Sault Electric Company, Commonwealth Edison Company, Xcel Energy, Minnesota Power, WE Energies, Alliant Energy, and Madison Gas & Electric Company.

- Employee diversity - a set of two operational measurements of the number of women and minorities promoted or hired overall within the company and specifically at management levels.
- Net income - financial measures set by the Committee for the company and its subsidiaries. The Committee can include or exclude extraordinary and/or non-recurring items.

Threshold, target and superior performance levels for each goal, as well as the weighting of each measure, are recommended by the Human Resources Department and the CEO (excluding his own) based on historical results, anticipated business conditions, and goals and objectives of the company. The final levels are set by the Committee based on these recommendations. Provided below are the specific payout levels and measurement weightings established for each of the named executive officers for the 2006 Executive Incentive Plan:

Named Executive Officer	Payout Levels (as a percent of gross earnings excluding extraordinary items)			Measurement Weightings (as a percent of total payout)		Operational Measures
	Threshold	Target	Superior	Net Income		
Larry L. Weyers	50	100	150	75	(1)	25
Joseph P. O Leary	20	50	80	75	(1)	25
Phillip M. Mikulsky	20	55	90	75	(1)	25
Mark A. Radtke	20	55	90	25	(1)	0

Daniel J. Verbanac	25	65	100	25	(1)	0

The Board of Directors believes it is important to establish performance targets and incentives that align executive compensation with financial and operational performance, promote value driven decision-making by executives and provide total compensation levels that are competitive in the market.

Payout is made on any individual measure with results at or above threshold. For the year 2006, Larry L. Weyers, Joseph P. O Leary and Phillip M. Mikulsky earned final payouts below threshold and Mark A. Radtke and Daniel J. Verbanac earned payouts midway between the target and superior levels. These incentives were paid out in March, 2007. Overall, company operational performance results for 2006 were superior for five of the operational measures (OSHA, all three Customer Value measures and Gas Rates), near target for two measures (Gas Reliability and Energy Supply Market Effectiveness), at threshold for both Diversity measures and Electric Reliability, and below threshold for two measures (Worker's Compensation Costs and Electric Rates). Net Income results were near superior for ESI and below threshold for Integrys Energy Group. As a result, actual total cash compensation levels were slightly below target for Messrs. Weyers, O Leary and Mikulsky, and slightly above target for Messrs. Radtke and Verbanac. The actual payout received by each named executive officer is provided in the Summary Compensation Table under Non-Equity Incentive Plan Compensation. Actual payout as a percentage of adjusted gross earnings was 20.27% for Larry L. Weyers, 10.21% for Joseph P. O Leary, 11.26% for Phillip M. Mikulsky, 64.95% for Mark A. Radtke, and 72.45% for Daniel J. Verbanac.

Long-Term Incentive Compensation

We believe that equity-based compensation ensures that our executives have a continuing stake in the long-term success of the company. In a manner consistent with our overall compensation philosophy, the Committee has adopted certain long-term compensation plans.

In 2006, it was proposed and endorsed by the Committee that a limited amount of restricted stock be added as a component of the long-term incentive compensation provided to executives. This change was made consistent with current market trends and to promote retention in light of the merger with Peoples Energy. For long-term incentive awards granted in December 2006, long-term incentive compensation was composed of 20% restricted stock, 50% performance share awards and 30% non-qualified stock options. Prior to this, long-term incentive compensation was made up of approximately two-thirds performance shares and one-third stock options. The amount of long-term incentive received by each executive is determined by the Committee and recommended to the Board of Directors, which relies on a blend of market median data from the utility/energy services industry and general industry of similarly-sized companies provided by our independent executive compensation consultant. In addition, performance of each named executive officer and internal equity is considered.

The target long-term incentive compensation as a percent of base salary for each named executive officer is Larry L. Weyers, 190%; Joseph P. O Leary, 90%; Phillip M. Mikulsky, 90%; Mark A. Radtke, 75%; and Daniel J. Verbanac, 70%.

Restricted Stock

The restricted stock has a 4-year vesting schedule (25% per year), and gives participants voting rights and dividends during the vesting period. Restricted stock is utilized as a long-term retention vehicle, establishes an incentive for optimizing total shareholder return, and is a vehicle to increase stock ownership in the company.

Performance Shares

Granting of performance shares encourages executives to direct their efforts in a manner consistent with the optimization of total shareholder return (stock appreciation and dividend rate), and to create shareholder value superior to the company's peers. Performance share awards are based on total shareholder return over a three-year period. During the three-year period, there are no dividends paid to participants nor do participants have voting rights over the shares subject to the award. At the end of the three-year period, the Committee makes a relative comparison of the company's total shareholder return to the shareholder return on common stock of a long-term incentive peer group (made up of major publicly traded energy companies) selected by the Committee for the three-year period, and determines the number (if any) of performance share awards to issue. Initially in establishing the method of measuring performance, our independent executive compensation consultant provided the Committee with several alternatives to consider. The Committee chose the method of comparing against a peer group of over 60 energy/utility companies, because it believes they constitute a comprehensive representation of the utility industry. At the end of a performance period, the Committee makes a recommendation to the Board of Directors regarding the amount of payout based on this method of measuring performance.

The number of shares to be provided at target is based on market median levels of incentive compensation, competitiveness of the total compensation package and individual performance. A new three-year performance period starts annually. If the company's total shareholder return (TSR) is at the 50th percentile of the peer group, as determined by the Committee, an eligible executive would receive 100% of the target. A threshold payout of 25% of the target award is made if the TSR is at the 35th percentile. If the TSR is below the 35th percentile, participants receive 0%, and at the 90th

percentile or higher, participants receive 200% of target. For the 2004-2006 performance period ending on December 31, 2006, the company's total shareholder return ranked at the 25th percentile relative to the long-term incentive peer group. Therefore, participants (including the named executive officers) did not earn an award under the terms of the plan for the most recently completed performance period.

Non-Qualified Stock Options

Stock options also serve to encourage named executives to direct efforts to increase shareholder value. Consistent with the plan document, all option grants have strike prices equal to the average of the high and low value of a share of common stock on the date the options are granted, which coincides with the December Board of Directors meeting. One quarter of the options granted vest each year on the grant anniversary date. All options have a ten-year term from the date of the grant. There are no dividends or voting rights associated with stock options. Final approval of grants is made by the Board of Directors. The company does not back date option grants, reload options or discount the strike price below market.

Other Benefits

We have certain other plans which provide, or may provide, cash compensation and benefits to the named executive officers. These plans are principally our Deferred Compensation Plan, Qualified Pension Plan, and the Pension Restoration and Supplemental Retirement Plan (SERP). We also provide life insurance as part of our compensation package. The Committee considers all of these plans and benefits when reviewing total compensation of the named executive officers.

Perquisites

Named executive officers of the company and its subsidiaries are provided with very limited perquisites. No named executive officer received perquisites in excess of \$10,000.

Deferred Compensation

Named executive officers may participate in the Integrys Energy Group Deferred Compensation Plan with the approval of the Committee of the Board of Directors. This non-qualified benefit allows eligible executives to defer 1% to 100% of base salary, annual incentive, and long-term equity incentive compensation (other than stock options) on a pre-tax (federal and state) basis. Participating executives who defer annual incentives into the stock unit investment account can receive a 5% stock premium in their account. The Deferred Compensation Plan also provides for a matching contribution credit for any reduction in the matching contribution the executive receives under the Employee Stock Ownership Plan (ESOP) due to the executive's election to defer base compensation or annual incentive compensation to the Deferred Compensation Plan.

Several investment types are available to eligible executives, as Listed below:

- Reserve Account A - This option is no longer available after 1995 for additional deferrals. Moneys previously deferred to Reserve Account A receive accrued interest based on the company's consolidated return on common equity. At December 31, 2006 this account was providing an above-market rate of return of 11.24%, which exceeds 120% of the applicable federal long-term rate of 6.04%.
- Reserve Account B - This option is available for base compensation and annual incentive deferrals. This account provides for an interest accrual of 70% of the company's consolidated return on common equity. This account currently provides an above-market rate of return, which exceeds 120% of the adjusted applicable federal long-term rate (8.00% vs. 6.04%).

- **Mutual Fund Account** - This option is available for base compensation and annual incentive deferrals. These options generally provide the employee with the ability to elect the same investment funds provided by our 401(k) Plan.
- **Incentive Stock Unit Account** - This is a company stock unit account available for deferrals related to grants from long-term incentive payouts (other than stock options), annual incentive award payouts that the executive elects to allocate to this account and ESOP matching contribution credit to replace company contributions that would have normally been made to the ESOP except for the executive's deferrals to the Deferred Compensation Plan. Deferrals into this account are not allowed to be converted to other investment types. A 5% stock premium is applied to deferrals of annual incentives that are allocated to the Incentive Stock Unit Account.
- **Base Stock Account** - This is a company stock unit account available for deferrals related to base compensation and annual incentives that the executive allocates to this account (the 5% premium on annual incentive deferrals does not apply). This account allows transfers to and from this account to Reserve Account B and/or Mutual Fund Accounts.

Base compensation deferrals may be changed one time per year prior to the beginning of each calendar year. Deferrals of annual or long-term incentive must be made in accordance with rules prescribed by the Committee, which at a minimum require that the executive's election be in place at least six months prior to the last day of the incentive performance period. The rates of return on these accounts range from 2.17% to 14.38% for the 12-month period ending December 31, 2006. More information regarding contributions, earnings and balances held by each named executive officer is presented in the Nonqualified Deferred Compensation table.

Qualified Pension Plan

Named executive officers are eligible to participate in the qualified Wisconsin Public Service Corporation Retirement Plan upon completion of one year of service and 1,000 or more hours of work during that year. All named executive officers have met this requirement. This pension equity plan requires 5 years of employment or attainment of age 65 to be vested in the plan. The Pension Income Benefit is equal to the Total Service Percent multiplied by Final Average Pay. The benefit consists of a lump sum benefit, which may be converted into an actuarially equivalent annuity with monthly payments. Final Average Pay is the average of the last 60 months or the 5 highest calendar years' compensation within the 10-year period immediately preceding the participant's termination of employment, whichever is greater, up to IRS pay limits. Eligible compensation considered under the plan includes base salary, annual incentive payout, and bonuses. The percent for eligible service-based annual accruals varies from 9% to 15% per year (9% to 13% for employees hired after January 1, 2001) depending on the number of years of employment service. Participants actively employed on January 1, 2001 earned a pension transition benefit based on age and service, up to 115% of Final Average Pay. In addition, if an employee who was hired prior to January 1, 2001 terminates employment on or after attainment of age 55 (but prior to 65) and completion of 5 or more years of service, the plan provides for a monthly supplemental benefit equal to \$800 per month payable until age 65. For an employee hired on or after January 1, 2001, the pension supplement is available if the employee terminates employment on or after attainment of age 55 (but prior to 65) and completes 10 or more years of service, and consists of a monthly benefit payable until age 65 equal to \$40 times years of credited service to maximum of 20 years. If the Pension Income benefit is paid in a lump sum, the pension supplement is automatically converted into and paid at the same time as an actuarially equivalent lump sum.

Provided below is the pension service credit for each named executive officer:

Named Executive Officer	Annual Percentage Credit Earned in 2006		Accumulated Total Service Credits Earned as of December 31, 2006	
Larry L. Weyers	15	%	325	%
Joseph P. O Leary	9	%	50	%
Phillip M. Mikulsky	15	%	560	%
Mark A. Radtke	15	%	341	%
Daniel J. Verbanac	15	%	315	%

The plan does not allow for granting of additional service credit. Provided on the Pension Benefits table is a tabulation of the present value of each named executive officer's accumulated pension benefit.

Pension Restoration and Supplemental Retirement Plan (SERP)

Named executive officers receive a pension restoration benefit. Pension restoration provides a benefit based upon the difference between (1) the benefit the executive would have been entitled to under the qualified Wisconsin Public Service Corporation Retirement Plan if the maximum benefit limitation under IRS Section 415 and the compensation limitation under IRS Section 401 (a) (17) did not apply, and if all base compensation and annual incentive amounts had been paid to the executive in cash rather than being deferred into the Deferred Compensation Plan, and (2) the executive's actual benefit under the qualified pension plan. The Nonqualified Deferred Compensation table provides information on the deferrals into the plan and earnings for each named executive officer.

The Board of Directors has additionally authorized the named executive officers to be provided with a non-qualified supplemental retirement benefit. This benefit provides income replacement when taking into account other retirement benefits provided to the officer and assures that the eligible executive will receive 60% of his/her final average pay (over the last 36 months or the 3 preceding years, whichever is higher). To qualify for the full supplemental retirement benefit (SERP), the executive must have completed 15 years of service and retire/terminate after age 62. Reduced benefits are payable if the executive has attained age 55 and completed 10 years of service at retirement/termination.

These additional retirement benefits are designed to attract and retain key management employees who are important to the successful operation of the Company. The Pension Benefits table provides additional information regarding the present value of accumulated benefits under the Pension Restoration and Supplemental Retirement Plan (SERP) for each named executive officer.

Life Insurance

Named executive officers (other than Larry L. Weyers) are eligible for an enhanced life insurance benefit of up to three times their annual base salary, with a maximum up to \$1,000,000. Accidental Death and Dismemberment (AD&D) coverage is also provided for these same named executive officers up to three times their annual base salary, with a maximum benefit level of \$500,000. Larry L. Weyers receives a life insurance benefit of \$2,000,000, with no additional coverage for AD&D. The IRS requires that imputed income be calculated and recorded for company paid life insurance in excess of \$50,000. In compliance with IRS regulations, imputed income is recorded to the extent that

an executive's life insurance benefit exceeds this limit. Listed below is the life insurance coverage in place as of December 31, 2006 for each named executive officer:

Named Executive Officer	Life Insurance Coverage (\$)
Larry L. Weyers	2,000,000
Joseph P. O'Leary	650,000
Phillip M. Mikulsky	1,000,000
Mark A. Radtke	975,000
Daniel J. Verbanac	810,000

Change In Control Agreements

The Committee has authorized named executive officers to receive protection and associated benefits in the event of a covered termination following a change in control of the company. The agreement with each of the named executive officers contains a "double trigger" arrangement, whereby a payment is only made if there is a change in control and the executive is actually terminated or demoted. Specifically, privileges under such an agreement would be invoked if both of the following occurred: 1) a change in control event occurs in which a single entity takes ownership of 30% or more of our voting securities, a merger or sale occurs that results in Integrys Energy Group stock constituting less than 50% of the surviving company stock, or a merger or consolidation occurs where the company is not the surviving company, and 2) the event results in the loss of the executive's job or the executive is offered a position with lesser responsibility than the executive's prior position and the executive terminates employment as a result. The agreement also contains confidentiality and non-compete clauses. Specific details regarding change in control benefits can be found under the heading Termination of Employment later in this document.

Common Stock Ownership Guidelines

The Committee believes that it is important to align executive and shareholder interests by defining stock ownership guidelines for executives. For 2006, the target level for ownership of Integrys Energy Group common stock by the Chief Executive Officer, Larry L. Weyers, was three times base salary. The target level for all other named executives was two times base salary. All executives subject to the guidelines are expected to achieve the ownership target within five years from the date on which the executive became subject to the guidelines. In 2006, common stock beneficially held in an executive's ESOP account, any other beneficially owned common stock, including that earned through incentive plan awards, and common stock equivalents earned through non-qualified deferred compensation programs are included in determining compliance with these guidelines. Shares that executives have the right to acquire through the exercise of stock options, unvested restricted stock and performance shares for which incentive targets have not yet been met are not included in the calculation of stock ownership (for guideline purposes) until the options are exercised, restricted stock is vested or attainment of the incentive targets of performance shares are certified by the Board of Directors. All named executive officers are currently fulfilling this requirement.

Summary Compensation Table for 2006

The following table sets forth for each of the named executive officers: (1) the dollar value of base salary and bonus earned during the fiscal year ended December 31, 2006; (2) the dollar value of the compensation cost of all outstanding stock and option awards recognized over the requisite service period, as computed in accordance with FAS 123R; (3) the dollar value of earnings for services pursuant to awards granted during the year under non-equity incentive plans; (4) the change in pension value and non-qualified compensation earnings during the year; (5) all other compensation for the year; and finally, (6) the dollar value of total compensation for the year. The named executive officers are our principal executive officer (CEO), principal financial officer (CFO) and each of our three other most highly compensated executive officers as of December 31, 2006 (each of whose total compensation exceeded \$100,000 for fiscal year 2006).

(1) Includes amounts deferred into the Deferred Compensation Plan. See the Nonqualified Deferred Compensation table for more information.

(2) Amounts shown in column (e) reflect the dollar value of the compensation cost of all outstanding stock awards recognized over the requisite service period, computed in accordance with FAS 123R. For information regarding assumptions made in valuing stock awards see Note 22 Stock Based Compensation in Notes to Consolidated Financial Statements in the 2006 Annual Report on Form 10-K, such information is incorporated herein by reference.

(3) Amounts shown in column (f) reflect the dollar value of the compensation cost of all outstanding option awards recognized over the requisite service period, computed in accordance with FAS 123R. For information regarding assumptions made in valuing stock option awards see Note 22 Stock Based Compensation in Notes to Consolidated Financial Statements in the 2006 Annual Report on Form 10-K, such information is incorporated herein by reference.

(4) Non-equity compensation is payable in the first quarter of the next fiscal year, and may be deferred at the election of the named executive officer. Payment is calculated based on the measurement outcomes and as a percent of adjusted gross earnings from the company for services performed during the payroll year. Various extraordinary payments and the prior year payout are excluded in the calculation.

Edgar Filing: INTEGRYS ENERGY GROUP, INC. - Form DEF 14A

(5) The calculation of above-market earnings on non-qualified deferred compensation is based on the difference between 120% of the applicable federal long-term rate (AFR) and the rate of return received on Reserve Accounts A and B. Provided below are the actual rates of return used in the calculation:

	AFR 120%	Res A - Daily	Res B - Daily
October 2005 - March 2006	5.29 %	16.2923 %	11.6759 %
April 2006 - September 2006	5.76 %	13.1406 %	9.3755 %
October 2006 - March 2007	6.04 %	11.2459 %	8.0029 %

(6) Reflects life insurance premiums and imputed income from the life insurance benefit, tax reimbursements, ESOP matching contributions, and a miscellaneous award for corporate recognition. No named executive officer received perquisites in excess of \$10,000. Payments exceeding \$10,000 included imputed income on life insurance premiums for Mr. Weyers of \$15,444 and ESOP matching contributions as follows:

Named Executive Officer	ESOP (\$)
Larry L. Weyers	11,341
Joseph P. O Leary	11,570
Phillip M. Mikulsky	11,341
Mark A. Radtke	11,341
Daniel J. Verbanac	11,341

With regards to equity awards, no repricing, extension of exercise periods, change of vesting or forfeiture conditions, change or elimination of performance criteria, change of bases upon which returns are determined, or any other material modification of any outstanding option or other equity based award occurred during the last fiscal year or in the past. Restricted stock was added as a component of long-term incentive compensation in December, 2006.

Grants of Plan-Based Awards for 2006

The following table sets forth information regarding all incentive plan awards that were made to the named executive officers during 2006, including equity and non-equity based awards. Decisions regarding equity and non-equity awards (payable following vesting or performance periods) were made only one time during the fiscal year of 2006. Equity incentive-based awards are subject to a performance condition or a market condition as those terms are defined by FAS 123R. Non-equity incentive plan awards are not subject to FAS 123R, and are intended to serve as an incentive for performance to occur over the given year. A detailed description of long-term incentive plans (performance shares, restricted stock and stock options) can be found in the Compensation Discussion and Analysis under the heading Long-Term Incentive Compensation earlier in this document.

(1) Based on 2006 Annual Incentive Plan payout percentages. See description of Short-Term Incentive Compensation earlier in this document.

(2) Performance shares are valued at target payout using the value derived from a Monte Carlo simulation. Restricted stock is valued at \$52.73, the average high and low stock price on the grant date. Stock options are valued at \$6.04 based on a binomial lattice model calculation.

As reflected in the tables above, the Committee awarded restricted stock units to each named executive officer in 2006 for the amounts indicated. The restricted stock units had a grant date fair market value per share of \$52.73, based on the average of the high and low share price on the date of the grant. The units remain ratably restricted for 4 years following the date of grant. The dividend rate paid on restricted stock is equal to the dividend rate of all other outstanding shares of common stock. No dividends have been paid to date.

Stock options granted in 2006 are non-qualified stock options with a grant price equal to the average of the high and low common stock price on the date of the grant. The per share grant price for these options is \$52.73. One quarter of the options vest each year on the grant anniversary date. The options had a grant date fair value per option of \$6.04 as determined pursuant to FAS 123R. The options have an expiration date of 12/7/2016.

Edgar Filing: INTEGRYS ENERGY GROUP, INC. - Form DEF 14A

Performance Shares were granted in the amounts indicated to each of the named executive officers. The 2006 grants will have a performance period beginning on January 1, 2007 and ending on December 31, 2009. The shares are not paid out until the end of this performance period based on the final total shareholder return in comparison to the selected peer group.

For a discussion of the treatment of unvested restricted stock, stock options and performance shares upon termination see Termination of Employment.

Pension Benefits

The following table sets forth the actuarial present value of each named executive officer's accumulated benefit under each defined benefit plan, assuming benefits are paid at normal retirement age based on current levels of compensation. For information regarding the valuation method and all material assumptions applied in quantifying the present value of the current accumulated benefit for each of the named executive officers see Note 19 - Employee Benefit Plans in Notes to Consolidated Financial Statements in the 2006 Annual Report on Form 10-K, such information is incorporated herein by reference. The table also shows the number of years of credited service under each such plan, computed as of the same pension plan measurement date used in the company's audited financial statements for the year ended December 31, 2006. Mr. Weyers and Mr. Mikulsky are currently eligible for early retirement. No pension benefits were paid to any of the named executive officers during the year. Specific details of these benefits are discussed in more detail in the Compensation Discussion and Analysis under the heading Other Benefits.

(1) Material terms and conditions of the above named plans:

Retirement Plan

This is a tax-qualified defined benefit retirement plan generally available to employees meeting eligibility requirements upon completion of one year of service. Benefits are determined under an account-based Pension Equity Plan (PEP) formula that defines a lump-sum amount (or annual annuity payable) at termination of employment. See the discussion of Other Benefits in the Compensation Discussion and Analysis for a more complete description of this benefit.

Restoration Plan

The purpose of this non-qualified plan is to provide an alternate means of paying benefits intended under the Retirement Plan that are either restricted by law or limited because of employee deferrals to the company's Deferred Compensation Plan. Benefits of this plan are generally determined and payable under the same terms and conditions as the Retirement Plan without regard to IRS limitations on amounts of includible compensation and maximum benefits and without regard to employee deferrals of base and annual bonus pay. Benefits paid are reduced by the value of benefits payable under the Retirement Plan. Under plan terms, each

participant has executed an election agreement that sets forth the form of payment the participant has chosen to receive following termination of employment (lump sum or annuity).

SERP

This plan provides 180 monthly benefit payments guaranteed commencing at retirement for participants on or after age 55 with 10 or more years of employment service. The monthly benefit equals a target percentage of final average pay (over a three-year period), reduced by the lifetime annuity payable under the Retirement Plan and Restoration Plan. The target percentage ranges from 40% for 10 years to 60% for 15 years of service. Benefits are reduced 3% per year for retirements prior to age 62.

(2) Change in pension value during 2006 and present value of accumulated benefit at year-end:

Retirement Plan

The amounts shown are based on the present value of the projected PEP account balances payable at the plan's normal retirement age (age 65). The projected age 65 PEP account equals the participant's accrued account balance at year-end rolled forward with interest credits to age 65 using the plan's interest rate (4.73% at 12/31/2005 and 4.69% at 12/31/2006). The present value was determined using an interest rate consistent with assumptions used for the Company's financial reporting under FAS 87 (5.65% at 12/31/2005 and 5.87% at 12/31/2006).

The value of the temporary supplemental benefit has been added. The present value was determined assuming commencement at earliest eligibility (generally age 55) and paid in a single lump-sum form, using the plan's interest rate to calculate the lump sum payment (4.73% at 12/31/2005 and 4.69% at 12/31/2006) and using an interest rate consistent with assumptions used in the Company's financial reporting under FAS 87 to determine the present value at year-end of the lump sum payable. The benefit was prorated based on current service over service from hire date to date of earliest eligibility.

Restoration Plan

The amounts shown are based on the present value of the projected PEP account balances payable at the plan's normal retirement age (age 65). The projected age 65 PEP account equals the participant's accrued account balance at year-end rolled forward with interest credits to age 65 using the plan's interest rate (4.73% at 12/31/2005 and 4.69% at 12/31/2006). The present value was determined using an interest rate consistent with assumptions used for the Company's financial reporting under FAS 87 (5.65% at 12/31/2005 and 5.87% at 12/31/2006).

SERP

The values shown are based on the present value of the accrued benefit at unreduced retirement age (age 62) reflecting final average pay and service as of the calculation date. The present value was determined assuming commencement at age 62 using an interest rate consistent with assumptions used for the Company's financial reporting under FAS 87 (5.65% at 12/31/2005 and 5.87% at 12/31/2006).

The pension value for Daniel Verbanac decreased during 2006 due to changes in historical compensation recognized in final average pay.

For further details regarding the deferred compensation accounts, including rates of return, see the discussion of Other Benefits in the Compensation Discussion and Analysis. Upon retirement or

termination of employment, distribution of the named executive's account will commence the January of the year that is both (1) following the calendar year of termination of employment and (2) at least six months following termination or later if a later date is selected by the named executive. The employee can elect a distribution period from 1 to 15 years. Payouts, withdrawals or other distribution cannot commence under the plan while the named executive is actively employed.

At December 31, 2006, there were 141,747 shares available for grant under this plan.

Termination of Employment

Reasons for termination may be voluntary, involuntary, for cause, retirement or as a result of a change in control. A named executive officer terminating employment for reasons that are voluntary, involuntary, or for cause, is entitled to receive only those benefits earned, accrued or vested prior to the date of termination. There are no provisions for enhanced payments or benefits to be granted to named executive officers for termination of employment for these reasons. With regard to retirement, the only enhanced value named executive officers receive is derived from unvested equity grants to the extent that vesting continues on stock options granted prior to retirement and performance periods continue on performance shares granted prior to retirement, provided that retirement occurs on or after December 31st of the performance share plan year. Provided below are estimated enhanced aggregate compensation and benefits that may be payable to named executive officers in the event of termination of employment. These estimates assume that termination occurred on the last business day of the last fiscal year (December 31, 2006).

Type of Termination	Larry L. Weyers (1)	Joseph P. O Leary (2)	Phillip M. Mikulsky (1)	Mark A. Radtke (2)	Daniel J. Verbanac (2)
Retirement (3)	1,414,577		428,857		
Change In Control (CIC)	10,266,593	2,619,822	3,817,133	2,795,984	2,325,531

(1) Larry L. Weyers and Phillip M. Mikulsky are currently eligible for retirement under the pension program, as specified in the plan documents. Termination for reasons that are voluntary/involuntary/for cause would be treated the same as retirement.

(2) Joseph P. O Leary, Mark A. Radtke and Daniel J. Verbanac were not retirement eligible as of 12/31/06.

(3) Included in the values shown is the present value of future retirement benefit payments. Under the Pension Restoration Plan and the SERP, certain participants will be paid a monthly benefit (for a fixed number of payments or a lifetime annuity). The present value of future monthly benefit payments was determined using an interest rate and mortality table consistent with assumptions used for the Company's financial reporting under FAS 87.

The treatment of unvested stock options, unvested restricted stock and performance shares in which the performance period has not yet ended, varies depending on the circumstances of termination and by the type of long term incentive. Provided below is a summary of how each type of long term incentive is handled based on the type of termination:

Type of Termination	Stock Options	Restricted Stock	Performance Shares
Voluntary/Involuntary/ For Cause	Shares not vested are forfeited unless early retirement on or after age 55, death or disability.	Shares not vested are forfeited unless normal retirement on or after age 62, death or disability. Note forfeiture occurs if retirement prior to one year of grant.	Shares not vested are forfeited unless early retirement on or after age 55, death or disability.
Retirement	At retirement the shares continue to vest as if actively employed; no change occurs to the vesting schedule.	At retirement, if on or after age 62 with 10 years or more of service the shares become fully vested on the date of retirement, provided that the grant date was at least 12 months prior to the date of retirement.	At retirement the performance period continues as long as the executive retires on or after December 31st of the calendar year in which the performance period began and is on account of retirement on or after age 55.
Change in Control	The outstanding and unexercised options will become fully vested, but subject to any terms of the CIC.	The shares become fully vested, even if not otherwise vested, and whether or not employment is terminated.	The performance period is terminated; the employee is entitled to a final award based on the target award prorated for the portion of performance period that has been completed at time of CIC.

Under the change in control agreements with Larry L. Weyers, and Phillip M. Mikulsky were a change in control event to occur, they would be eligible to receive a severance payout composed of a termination payment of up to 2.99 times their current salary and normal annual incentives, after federal excise tax. Under this plan, the company would gross up the payment to cover federal income tax required to be paid by the executive. The remaining named executives have been provided with an agreement such that in the event of a change in control, a termination payment of 2.99 times current salary and normal annual incentives would be provided with a choice of either receiving a payment within the IRS change in control limit and avoiding excise taxes or receiving the fully calculated change in control payment subject to applicable excise taxes. In addition to the payment, an affected executive under either form of agreement would receive health and welfare benefits, outplacement services, and up to \$10,000 for fees and expenses of consultants, legal and/or accounting advisors engaged by the executive to compute benefits or payment due under the agreement.

No triggering event occurred in 2006 that affected the named executive officers. The CIC estimate above provides the approximate cash severance amount, the present value of enhanced pension, health and welfare and outplacement benefits, the amount due for interrupted performance cycles, and the intrinsic value of stock-based awards for each named executive officer.

DIRECTOR COMPENSATION

Our compensation policies for directors are designed to attract and retain the most qualified individuals to serve on the Board of Directors in the industry in which we operate. We believe that director compensation packages are comparable relative to the competitive energy/utility market. General market information relative to the market median director compensation is provided by an independent consultant and reviewed in setting Director compensation. Director compensation is determined by the Governance Committee with approval by the full Board of Directors.

Director compensation is composed of a retainer, service fees and stock awards. The equity portion of director compensation is designed to align directors' interests with shareholders' interests. Directors may defer compensation into the company's deferred compensation plan (see Other Benefits in the Compensation Discussion and Analysis for a description of this plan and investment options), and receive \$50,000 of life and AD&D insurance coverage. Directors receive no incentive plan compensation, qualified pension benefits, or perquisites. Employee directors receive no compensation for serving as directors.

Provided below is a summary of compensation for each director in 2006:

The directors are encouraged to meet this requirement within a five-year period. In 2006, all directors met this requirement.

Section 3.

ANNUAL PERFORMANCE RIGHTS AND FINAL AWARDS

- (a) **Grant of Annual Performance Rights.** The Committee, at any time and from time to time while the Plan is in effect, may grant or authorize the granting of, Annual Performance Rights to such officers of the Company and any Subsidiary, and other Employees, whether or not members of the Board, as it may select and in such amount as it shall designate, subject to the provisions of this Section 3.
- (b) **Maximum Awards.** The maximum amount that may be granted to a Covered Executive as a Final Award with respect to one or more Annual Performance Rights during any calendar year during any part of which the Plan is in effect, whether such Final Award is payable in cash or credited to the Covered Executive's account under the Integrys Energy Group, Inc. Deferred Compensation Plan in accordance with subsection (d) below, shall be \$5 million.
- (c) **Terms and Provisions of Annual Performance Rights.** Prior to the grant of any Annual Performance Right, the Committee shall determine the terms and provisions of such Right, including, without limitation (1) the Target Award; (2) one or more Performance Goals to be used to measure performance under such Right, and the Performance Formula to be applied against the Performance Goals in determining the amount of compensation earned under such Right as a percentage of the Target Award; (3) the Performance Period, and (4) the effect of the Participant's termination of employment or death. With respect to any Right that is intended to constitute qualified performance-based compensation for purposes of Code Section 162(m), such actions must be completed within 90 days of the commencement of the Performance Period. The Committee may establish a minimum threshold objective for any Performance Goal for such Performance Period which, if not met, would result in no Final Award being made to any Participant with respect to such Performance Goal for such Performance Period. During and after the Performance Period, but prior to the Committee's final determination of the Participant's Final Award as provided in subsection (d), the Committee may adjust the Performance Goals, Performance Formula and Target Award and otherwise modify the terms and provisions of a Right subject to the terms and conditions of the Plan; *provided* that if the Committee acts, more than 90 days following commencement of the Performance Period, to

11

adjust or modify the terms and provisions of a Right granted to a Participant who is a Covered Executive, other than to decrease the amount of compensation that may be paid under such Right, any Final Award with respect to such Right shall not constitute qualified performance-based compensation for purposes of Code Section 162(m). Each Right shall be evidenced by an award agreement in such form as the Committee may determine.

(d) Final Awards.

(1) As soon as practicable following the completion of the Performance Period relating to any Annual Performance Right, but not later than 12 months following such completion, the Committee shall determine the extent to which the Participant achieved the Performance Goals and the amount of compensation to be awarded as a Final Award to the Participant who holds such Right. In making such determination, the Committee shall apply the applicable Performance Formula for the Participant for the Performance Period against the accomplishment of the related Performance Goals. The Committee may, in its sole discretion, reduce the amount of any Final Award that otherwise would be awarded to any Participant for any Performance Period. In addition, the Committee may, in its sole discretion, increase the amount of any Final Award that otherwise would be awarded to any Participant; *provided* that if the Committee acts to increase the amount of any Final Award that would otherwise be awarded to a Participant who is a Covered Executive, the Award shall not constitute qualified performance-based compensation for purposes of Code Section 162(m). Any such determination shall take into account (A) the extent to which the Performance Goals provided in such Right were, in the Committee's sole opinion, achieved, (B) the individual performance of such Participant during the related Performance Period and (C) such other factors as the Committee may deem relevant, including, without limitation, any change in circumstances or unforeseen events, relating to the Company, the economy or otherwise, since the date of grant of such Right. The Committee shall notify such Participant of such Participant's Final Award as soon as practicable following such determination.

(2) Following the determination of each Final Award, unless the Participant has elected to defer all or a portion of the Final Award in accordance with the

procedures set forth in the Integrys Energy Group, Inc. Deferred Compensation Plan, the Final Award will be payable to the Participant in cash.

Section 4.

STOCK AVAILABLE FOR PLAN AWARDS

(a) **Stock Subject to Plan.** The Stock issued under the Plan in satisfaction of Plan Awards may be either authorized and unissued or held in the treasury of the Company.

(1) **Aggregate Share Limit.** The maximum number of shares of Stock that may be issued under the Plan in satisfaction of Plan Awards, subject to adjustment in accordance with the provisions of Section 12, shall be equal to three million five hundred thousand (3,500,000) shares. Upon this Plan being approved by the Company's shareholders in accordance with Section 23, no further Plan Awards shall be granted under or pursuant to the Integrys Energy Group, Inc. 2005 Omnibus Incentive Compensation Plan (2005 Plan), which was previously known as the WPS Resources Corporation 2005 Omnibus Incentive Compensation Plan; *provided*, that the 2005 Plan will continue to operate in accordance with its terms with respect to Plan Awards previously granted.

(2) **Limit on Full-Value Awards.** Of the shares of Stock authorized for issuance under Section 4(a)(1) above, no more than one million five hundred thousand (1,500,000) of such shares shall be granted as Performance Shares, Restricted Stock or Other Stock-Based Awards.

(3) **Limits on Plan Awards to Covered Executives.** In addition to the aggregate share limitations sets forth in Section 4(a)(1) and 4(a)(2) above, the following individual limitations shall apply with respect to Plan Awards granted to any Covered Executive:

(A) The maximum number of shares subject to Options, with or without any related Stock Appreciation Rights, or Stock Appreciation Rights (not related to Options) that may be granted pursuant to Section 6 to any Covered Executive during any calendar year during any part of which the Plan is in effect shall be one million (1,000,000), subject to adjustment in accordance with the provision of Section 12; and

13

(B) The maximum number of shares of Stock that may be granted as Final Awards pursuant to Section 5 or as Code Section 162(m) performance-based awards under Section 7 to any Covered Executive during any calendar year during any part of which the Plan is in effect shall be 250,000, subject to adjustment in accordance with the provision of Section 12.

(b) Computation of Stock Available for Plan Awards. For the purpose of computing the total number of shares of Stock remaining available for Plan Awards at any time while the Plan is in effect, there shall be debited against the total number of shares determined to be available pursuant to this Section 4, (1) the maximum number of shares of Stock subject to Options or Stock Appreciation Rights granted under this Plan, (2) the maximum number of shares of Stock issuable under Performance Stock Rights granted under this Plan, and (3) the number of shares of Stock related to Other Stock-Based Awards granted under this Plan, as determined by the Committee in each case as of the dates on which such Plan Awards were granted. Further, and for the avoidance of doubt, the following rules shall apply:

(1) Stock Appreciation Rights Settled in Stock. With respect to a Stock Appreciation Right that is exercised or otherwise become payable and that is settled in shares of Stock, the number of shares of Stock subject to the Stock Appreciation Right shall be counted against the reserve of shares of Stock available for issuance under the Plan, even though the number of shares of Stock actually issued to settle the Stock Appreciation Right might be less.

(2) Shares Tendered or Withheld in Payment of Option Exercise Price. With respect to an Option or other Plan Award that is exercised or becomes payable and for which the Participant tenders shares of Stock, or shares of Stock are otherwise withheld, as full or partial payment of the Option exercise price or other price of a Plan Award, the number of shares of Stock subject to the Option or other Plan Award shall be counted against the reserve of shares of Stock available for issuance under the Plan, even though the number of shares of Stock actually issued upon exercise or settlement of the Option or other Plan Award might be less. The

shares of Stock tendered by or withheld for payment of the Option exercise or other purchase price shall not be available for issuance under the Plan.

(3) **Shares Tendered or Withheld in Payment of Tax Obligations.** With respect to any Plan Award with respect to which the Participant tenders shares of Stock, or shares of Stock are otherwise withheld, as full or partial payment of the Participant's tax withholding or tax payment obligations, the number of shares of Stock subject to the Plan Award, prior to the satisfaction of tax withholding or tax payment obligations through the tender or withholding of shares of Stock, shall be counted against the reserve of shares of Stock available or issuance under the Plan, even though the number of shares of Stock actually issued upon exercise or settlement of the Plan Award might be less. The shares of Stock tendered by or withheld for payment of tax withholding or tax payment obligations shall not be available for issuance under the Plan.

(c) **Terminated, Expired, Unearned or Forfeited Plan Awards.** The shares involved in the unexercised or undistributed portion of any terminated, expired, unearned or forfeited Plan Award shall be reinstated to the pool of available shares and shall be made available for further Plan Awards. Notwithstanding the foregoing, in the event any Option or Stock Appreciation Right granted to a Covered Executive is canceled, the number of shares of Stock subject to such canceled Option or Stock Appreciation Right shall continue to count against the individual limit specified in subsection (a)(4), in accordance with the requirements of Code Section 162(m).

Section 5. **PERFORMANCE STOCK RIGHTS AND FINAL AWARDS**

(a) **Grant of Performance Stock Rights.** The Committee, at any time and from time to time while the Plan is in effect, may grant, or authorize the granting of, Rights to such officers of the Company and any Subsidiary, and other key salaried Employees, whether or not members of the Board, as it may select and for such numbers of shares as it shall designate, subject to the provisions of this Section 5 and Section 4.

(b) **Terms and Provisions of Performance Stock Rights.** Prior to the grant of any Right, the Committee shall determine the terms and provisions of each Right, including,

15

without limitation (1) the Target Award; (2) one or more Performance Goals to be used to measure performance under such Right, and the Performance Formula to be applied against the Performance Goals in determining the number of shares of Stock earned under such Right as a percentage of the Target Award; (3) the Performance Period; (4) the period of time, if any, during which the disposition of shares of Stock issuable under such Right shall be restricted as provided in subsection (a) of Section 10, *provided, however*, that the Committee may establish restrictions applicable to any Right at the time of or at any time prior to the granting of the related Final Award rather than at the time of granting such Right; and (5) the effect of the Participant's termination of employment or death. With respect to any Right that is intended to constitute qualified performance-based compensation for purposes of Code Section 162(m), such actions must be completed within 90 days of the commencement a Performance Period. The Committee may establish a minimum threshold objective for any Performance Goal for such Performance Period which, if not met, would result in no Final Award being made to any Participant with respect to such Performance Goal for such Performance Period. During and after the Performance Period, but prior to the Committee's final determination of the Participant's Final Award as provided in subsection (d), the Committee may adjust the Performance Goals, Performance Formula and Target Award and otherwise modify the terms and provisions of a Right, subject to the terms and conditions of the Plan; *provided* that if the Committee acts, more than 90 days following commencement of the Performance Period, to adjust or modify the terms and provisions of a Right granted to a Participant who is a Covered Executive, other than to decrease the amount of compensation that may be paid under such Right, any Final Award with respect to such Right shall not constitute qualified performance-based compensation for purposes of Code Section 162(m). Each Right shall be evidenced by an award agreement in such form as the Committee may determine.

(c) Dividend Equivalents on Stock Performance Rights.

(1) If the Committee shall determine, each Participant to whom a Right is granted shall be entitled to receive payment of the same amount of cash that such Participant would have received as cash dividends if, on each record date during the Performance Period relating to such Right, such Participant had been the holder of record of a number of shares of Stock equal to 100% of the related Target Award (as adjusted pursuant to Section 12).

Any such payment may be made at the same time as a dividend is paid or may be deferred until the date that a Final Award is determined, as determined by the Committee in its sole discretion. Such cash payments are hereinafter called dividend equivalents .

Notwithstanding anything to the contrary herein, if the Committee determines that Dividend Equivalents should be granted with respect to any stock right within the meaning of Code Section 409A, the terms and conditions of the Dividend Equivalent rights shall be set forth in a separate writing, and to the extent that the Dividend Equivalents are considered deferred compensation subject to Code Section 409A, the writing shall include terms and conditions, including payment terms, that comply with the provisions of Code Section 409A.

(2) Notwithstanding the provisions of subsection (c)(1), the Committee may determine that, in lieu of receiving all or any portion of any such dividend equivalent in cash, a Participant shall receive an award of full shares of Stock having a Fair Market Value approximately equal to the portion of such dividend equivalent that was not paid in cash. Certificates for shares of Stock so awarded may be issued as of the payment date for the related cash dividend or may be deferred until the date that the Final Award is determined, and the shares of Stock covered thereby may be subject to the terms and conditions of the Right to which it relates (including but not limited to the attainment of the Performance Goals) and the terms and conditions of the Plan (including but not limited to Sections 5, 9, 10 and 12), all as determined by the Committee in its sole discretion.

(d) Final Awards.

(1) As soon as practicable following the completion of the Performance Period relating to any Right, but not later than 12 months following such completion, the Committee shall determine the extent to which the Participant achieved the Performance Goals and the number of shares of Stock to be awarded as a Final Award to the Participant who holds such Right. Each Final Award shall represent only full shares of Stock, and any fractional share that would otherwise result from such Final Award calculation shall be disregarded. In making such determination, the Committee shall apply the applicable Performance Formula for the Participant for the Performance Period against the accomplishment of the related Performance Goals. The Committee may, in its sole discretion, reduce the amount of any Final Award that otherwise would be awarded to any Participant for any Performance Period. In addition, the Committee may, in its sole discretion, increase the amount

of any Final Award that otherwise would be awarded to any Participant; *provided* that if the Committee acts to increase the amount of any Final Award that would otherwise be awarded to a Participant who is a Covered Executive, the Award shall not constitute qualified performance-based compensation for purposes of Code Section 162(m). Any such determination shall take into account (A) the extent to which the Performance Goals provided in such Right were, in the Committee's sole opinion, achieved, (B) the individual performance of such Participant during the related Performance Period and (C) such other factors as the Committee may deem relevant, including, without limitation, any change in circumstances or unforeseen events, relating to the Company, the economy or otherwise, since the date of grant of such Right. The Committee shall notify such Participant of such Participant's Final Award as soon as practicable following such determination.

(2) Following the determination of each Final Award, unless the Participant has elected to defer all or a portion of the Final Award in accordance with the procedures set forth in the Integrys Energy Group, Inc. Deferred Compensation Plan or unless the Committee has directed an alternate form of distribution, the Company shall issue or cause to be issued certificates for the number of shares of Stock representing such Final Award, registered in the name of the Participant who received such Final Award. Such Participant shall thereupon become the holder of record of the number of shares of Stock evidenced by such certificates, entitled to dividends, voting rights and other rights of a holder thereof, subject to the terms and provisions of the Plan, including, without limitation, the provisions of this subsection (d) and Sections 9, 10 and 12. The Committee may require that such certificates bear such restrictive legend as the Committee may specify and be held by the Company in escrow or otherwise pursuant to any form of agreement or instrument that the Committee may specify. If the Committee has determined that deferred dividend equivalents shall be payable to a Participant with respect to any Right pursuant to subsection (c) of this Section 5, then concurrently with the issuance of such certificates, the Company shall deliver to such Participant a cash payment or additional shares of Stock in settlement of such dividend equivalents.

Section 6.

(a) Grant of Options.

(1) The Committee, at any time and from time to time while the Plan is in effect, may authorize the granting of Options to such officers of the Company and any Subsidiary, and other salaried Employees, whether or not members of the Board, as it may select, and for such numbers of shares as it shall designate, subject to the provisions of this Section 6 and Section 4. Each Option granted pursuant to the Plan shall be a NQO unless designated by the Committee at the time of grant as an ISO.

(2) The date on which an Option shall be granted shall be the date of authorization of such grant or such later date as may be determined by the Committee at the time such grant is authorized. The Committee may not make a grant of an Option with a grant date that is effective prior to the date the Committee takes action to approve such Plan Award. Any individual may hold more than one Option.

(b) Price. In the case of each Option granted under the Plan the option price shall be the Fair Market Value of Stock on the date of grant of such Option; *provided, however*, that the Committee may in its discretion fix an option price in excess of (but not lower than) the Fair Market Value of Stock on such date.

(c) Grant of Stock Appreciation Rights.

(1) The Committee, at any time and from time to time while the Plan is in effect, may authorize the granting of Stock Appreciation Rights to such officers of the Company and any Subsidiary, and other salaried Employees, whether or not members of the Board, as it may select, and for such numbers of shares as it shall designate, subject to the provisions of this Section 6 and Section 4. The Committee may not make a grant of a Stock Appreciation Right with a grant date that is effective prior to the date the Committee takes action to approve such Plan Award. Each Stock Appreciation Right may relate to all or a portion of a specific Option granted under the Plan and may be granted concurrently with the Option to which it relates or at any time prior to the exercise, termination or expiration of such Option (a Tandem SAR), or may be granted independently of any Option, as determined by the

Committee. If the Stock Appreciation Right is granted independently of an Option, the grant price of such Stock Appreciation Right shall be the Fair Market Value of Stock on the date of grant; *provided, however*, that the Committee may, in its discretion, fix a grant price in excess of (but not less than) the Fair Market Value of Stock on such grant date.

(2) Upon exercise of a Stock Appreciation Right, the Participant will be entitled to receive, without payment to the Company, either (A) that number of shares of Stock determined by dividing (i) the total number of shares of Stock subject to the Stock Appreciation Right being exercised by the Participant, multiplied by the amount by which the Fair Market Value of a share of Stock on the day the right is exercised exceeds the grant price (such amount being hereinafter referred to as the Spread), by (ii) the Fair Market Value of a share of Stock on the exercise date, or (B) cash in any amount determined by multiplying (i) the total number of shares of Stock subject to the Stock Appreciation Right being exercised by the Participant, by (ii) the amount of the Spread; or (C) a combination of shares of Stock and cash, in amounts determined as set forth in clauses (A) and (B) above, as determined by the Committee in its sole discretion; *provided, however*, that, in the case of a Tandem SAR, the total number of shares which may be received upon exercise of a Stock Appreciation Right for Stock shall not exceed the total number of shares subject to the related Option or relevant portion thereof, and the total amount of cash which may be received upon exercise of a Stock Appreciation Right for cash shall not exceed the Fair Market Value on the date of exercise of the total number of shares subject to the related Option or portion thereof that are subject to the cash exercise.

(d) Terms and Conditions.

(1) Each Option and Stock Appreciation Right granted under the Plan shall be exercisable on such date or dates, during such period, for such number of shares and subject to such further conditions as shall be determined pursuant to the provisions of the award agreement with respect to such Option and Stock Appreciation Right; *provided, however*, that a Tandem SAR shall not be exercisable prior to or later than the time the related Option could be exercised; and *provided, further*, that in any event no Option or Stock Appreciation Right shall be exercised beyond ten years from the date of grant.

- (2) The Committee may impose such conditions as it may deem appropriate upon the exercise of an Option or a Stock Appreciation Right, including, without limitation, a condition that the Stock Appreciation Right may be exercised only in accordance with rules and regulations adopted by the Committee from time to time.
- (3) With respect to Options issued with Tandem SARs, the right of a Participant to exercise the Tandem SAR shall be cancelled if and to the extent the related Option is exercised, and the right of a Participant to exercise an Option shall be cancelled if and to the extent that shares covered by such Option are used to calculate the consideration received upon exercise of the Tandem SAR.

- (e) Award Agreement. Each Option and Stock Appreciation Right shall be evidenced by an award agreement in such form and containing such provisions not inconsistent with the provisions of the Plan as the Committee from time to time shall approve.
- (f) Payment for Option Shares.
- (1) Payment for shares of Stock purchased upon exercise of an Option granted hereunder shall be made in such manner as is provided in the applicable award agreement or as otherwise permitted by the Committee, which may include payment through a cash-less exercise if the Committee has determined that the particular form of cashless exercise will not result in adverse accounting implications for the Company.
- (2) Unless the Committee shall provide otherwise in any award agreement, any payment for shares of Stock purchased upon exercise of an Option granted hereunder may be made in cash, by delivery of shares of Stock beneficially owned by the Participant, or by a combination of cash and Stock, at the election of the Participant; *provided, however*, that any shares of Stock so delivered shall have been beneficially owned by the Participant for a period of not less than six months prior to the date of exercise. Any such shares

Section 7.

OTHER STOCK-BASED AWARDS

(a) **Grants of Other Stock-Based Awards.** The Committee, at any time and from time to time while the Plan is in effect, may grant Other Stock-Based Awards to such officers of the Company and its Subsidiaries, and other key salaried Employees, whether or not members of the Board, as it may select. Such Plan Awards pursuant to which Stock is or may in the future be acquired, or Plan Awards valued or determined in whole or part by reference to, or otherwise based on, Stock, may include, but are not limited to, awards of Restricted Stock or Plan Awards denominated in the form of stock units, grants of so-called phantom stock and options containing terms or provisions differing in whole or in part from Options granted pursuant to Section 6. Section 8.

CASH AWARDS TO EMPLOYEES OF FOREIGN SUBSIDIARIES OR BRANCHES OR JOINT VENTURES

In order to facilitate the granting of Plan Awards to Participants who are foreign nationals or who are employed outside of the United States of America, the Committee may provide for such special terms and conditions, including without limitation substitutes for Plan Awards, as the Committee may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. Such substitutes for Plan Awards may include a requirement that the Participant receive cash, in such amount as the Committee may determine in its sole discretion, in lieu of any Plan Award or share of Stock that would otherwise have been granted to or delivered to such Participant under the Plan. The Committee may approve any supplements to, or amendments, restatements or alternative versions of the Plan as it may consider necessary or appropriate for purposes of this Section 8 without thereby affecting the terms of the Plan as in effect for any other purpose, and the Secretary or other appropriate officer of the Company may certify any such documents as having been approved and adopted pursuant to properly delegated authority; *provided, however*, that no such supplements, amendments, restatements or alternative versions shall include any provision that is inconsistent with the terms of the Plan as then in effect. Participants subject to the laws of a foreign jurisdiction may request copies of, or the right to view, any materials that are required to be provided by the Company pursuant to the laws of such jurisdiction.

(1) with respect to any such Participant who at any time shall have been a Section 16 Person, such waiver may be granted by the Committee upon its determination that in its sole judgment there shall not have been and will not be any substantial adverse effect upon the Company or any Subsidiary by reason of the nonfulfillment of such condition; and

In any case, the Committee may defer making payment or delivery under any Plan Award until tax withholding and payment matters have been resolved to the Committee's satisfaction. Section 10.

In the event of the death of any Participant, the term "Participant" as used in the Plan shall thereafter be deemed to refer to the person entitled to payment pursuant to this Section 11 unless the context otherwise requires.

A Participant's election shall specify the percentage (in increments of 1% to a maximum of 100% or such lesser amount or percentage as may be established by the Committee or as may be consistent with Code Section 409A and necessary in order to comply with applicable withholding obligations, whether attributable to withholdings required under applicable law or other authorized withholdings) of the Participant's Base Compensation that the Participant wishes to defer.

(b) **Initial Deferral Election.** In the case of a Participant who has been designated for participation for the first time (and who has not previously been designated as being eligible for participation in another deferred compensation plan that is required to be aggregated with this Plan for purposes of Code Section 409A) and who completes a Deferral election within 30 days of becoming eligible to participate in the Plan, the Participant's validly executed Deferral election shall become effective with respect to services to be performed subsequent to the election, or as soon thereafter as practicable. If the Participant does not submit a Deferral election during the initial 30 day election period, the Participant may thereafter elect to defer payment of Base Compensation by submitting a validly executed Deferral election to the Committee, but the election shall become effective and shall apply only to Base Compensation for the calendar year following the calendar year during which the election is received and accepted by the Committee, or as soon thereafter as practicable. A Participant may modify his or her then current Deferral election by filing a revised Deferral election form, properly completed and signed, with the Committee. However, except to the extent that the Committee is permitted (and elects) to give earlier effect to a Participant's revised election in accordance with regulations promulgated by the Secretary of the Treasury under Code Section 409A, the revised election will be effective only with respect to Base Compensation for the calendar year following the calendar year during which the revised election is received and accepted by the Committee, or as soon thereafter as practicable. A Participant's revised Deferral election, once effective, shall remain in effect until again modified by the Participant under this subsection (c) or otherwise revoked in accordance with Plan rules.

(d) **Base Compensation Paid Following Year End For the Payroll Period That Includes December 31.** For purposes of applying a Participant's Deferral election, Base Compensation paid after December 31 of a calendar year that is attributable solely to services performed during the payroll period that includes December 31, if paid in accordance with the normal timing arrangement by which a Participating Employer compensates employees for services rendered, is treated as Base Compensation for services performed in the subsequent calendar year, even though part or all of the Participant's services might have been performed in the prior calendar year.

Section 3.03. Deferrals of Annual Bonus Awards.

In the case of any award that is performance-based compensation for purposes of Code Section 409A, a validly executed Deferral election shall become effective with respect to the annual bonus that may be awarded to the Participant with respect to a calendar year if the Participant's Deferral election is received and accepted by the Committee at least 6 months prior to the end of the (calendar year) performance period for the bonus, or by such earlier (but not later) date as the Committee may establish. A Participant's election to defer part or all of an annual bonus award becomes irrevocable at the end of the permitted election period, and the Participant may not thereafter revoke or modify his or her election. A Participant's election to defer part or all of an annual bonus award shall be effective only for the annual bonus to which the election relates, and shall not carry over from year to year or from bonus to bonus.

Section 3.04. Deferral of LTIP Share Awards.

In the case of any award that is not performance-based compensation for purposes of Code Section 409A, a validly executed Deferral election shall be effective only if the Deferral election is received and accepted by the Committee in accordance with rules established by the Committee pursuant to Code Section 409A. In the case of any award that is performance-based compensation for purposes of Code Section 409A, a validly executed Deferral election shall become effective with respect to

shares to be earned by the Participant with respect to any Omnibus Plan performance period if the Participant's Deferral election is received and accepted by the Committee at least 6 months prior to the end of such performance period or by such earlier (but not later) date as the Committee may establish. A Participant's election to defer part or all of an LTIP Share Award becomes irrevocable at the end of the permitted elected period, and the Participant may not thereafter revoke or modify his or her election. A Participant's election to defer an award shall be effective only for the Omnibus Plan award, service period or performance period to which the election relates, and a Participant's election does not carry over from award to award, performance period to performance period or from service period to service period. A Participant's LTIP Deferral of a performance share award will be automatically credited to the Participant's Incentive Stock Unit Account, and a Participant's LTIP Deferral of a restricted stock award will be automatically credited to the Participant's Integrys Stock Unit Account.

Section 3.05. Matching Contribution Credits.

(a) **Allocation of Credits.** A Participant who is a participant in a defined contribution 401(k) savings plan maintained by the Company or an Affiliate (Savings Plan), and who makes Base Compensation Deferrals and/or Annual Bonus Deferrals under this Plan, shall be entitled to a matching contribution credit, determined as of December 31 of each year, equal to the difference (if any) between:

(i) **The value of the matching contribution that the Participant would have received under or with respect to the defined contribution 401(k) savings plan in which the Participant is eligible, if Base Compensation Deferrals and Annual Bonus Deferrals made by the Participant under this Plan were instead treated as compensation under the Savings Plan for purposes of applying the Participant's deferral election under the Savings Plan; provided that all limits and restrictions otherwise imposed under the Savings Plan, including the maximum compensation limit under Section 401(a)(17) of the Code, shall continue to apply; and**

(ii) **The value of the matching contribution actually received by the Participant for that year under the Savings Plan.**

(b) **Investment of Credits.** A Participant's matching contribution credit will be automatically credited to the Participant's Incentive Stock Unit Account.

Section 3.06. Other Deferrals and Credits.

The Committee, in its discretion, may, with respect to any Participant, determine that the Participant is eligible to make Deferrals with respect to additional components of the Participant's remuneration or receive employer contribution credits in addition to the credits described herein. In no event, however, shall the Committee authorize such additional Deferrals or credits unless the Committee has first determined that the Deferrals or credits have been elected or authorized in a manner that will not result in the imposition of tax under Code Section 409A.

Section 3.07. Involuntary Termination of Deferral Elections.

A Participant's Deferral elections shall be automatically revoked upon the Participant's termination of employment from the Participating Employers, unless the Committee determines otherwise in accordance with the requirements of Code Section 409A. In addition, and subject to Code Section 409A, a Participant's Deferral election will terminate if the Committee determines that the Participant is no longer eligible to participate in the Plan or that revocation of a Participant's eligibility is necessary or desirable in order for the Plan to qualify under ERISA as a plan of deferred compensation for a select group of management or highly compensated employees.

This Article IV applies only to Directors.

Section 4.02. Deferrals Of Director Fees.

A Director's election shall specify the percentage (in increments of 1% to a maximum of 100% or such lesser amount or percentage as may be established by the Committee or as may be consistent with Code Section 409A and necessary in order to comply with applicable withholding obligations, whether attributable to withholdings required under applicable law or other authorized withholdings) of the Director Fees that the Director wishes to defer.

(b) **Initial Deferral Election.** In the case of a Director who has become eligible for participation in the Plan for the first time (and who has not previously been designated as being eligible for participation in another deferred compensation plan that is required to be aggregated with this Plan for purposes of Code Section 409A), and who completes a Deferral election within 30 days of becoming eligible to participate in the Plan, the Director's validly executed Deferral election shall become effective with respect to services to be performed subsequent to the election, or as soon thereafter as practicable. If the Director does not submit an initial Deferral election during the initial 30 day election period, the Director may thereafter elect to defer the payment of Director Fees by submitting a validly executed Deferral election to the Committee, but the election shall become effective and shall apply only to Directors Fees for the calendar year following the calendar year in which the election is received and accepted by the Committee, or as soon thereafter as practicable. A Director's Deferral election, once effective, shall remain in effect until modified by the Director in accordance with subsection (c) below or otherwise revoked in accordance with Plan rules.

(c) **Revised Deferral Election.** Except to the extent that the Committee is permitted to give earlier effect to a Director's revocation or revision to his or her Deferral election in accordance with regulations promulgated by the Secretary of the Treasury under Code Section 409A, a Director's Deferral election, once effective with respect to a calendar year, may not be modified or revoked with respect to Director Fees for that calendar year. A Director may modify his or her then current Deferral election by filing a revised Deferral election form, properly completed and signed, with the Committee. However, except to the extent that the Committee is permitted to give earlier effect to a Participant's revision to his or her Deferral election in accordance with regulations promulgated by the Secretary of the Treasury under Code Section 409A, the revised election will be effective with respect to Director Fees for the calendar year following the calendar year during which the revised election is received and accepted by the Committee, or as soon thereafter as practicable. A Director's revised Deferral election, once effective, shall remain in effect until again modified by the Director in accordance with this subsection (c) or otherwise revoked in accordance with Plan rules.

(d) **Director Fees Paid Following Year End For the Period That Includes December 31.** For purposes of applying a Director's Deferral election, Director Fees paid after December 31 of a calendar year that are attributable solely to services performed during the a period that includes December 31, if paid in accordance with the normal timing arrangement by which a Participating Employer compensates Directors for services rendered, is treated as Director Fees for services performed in the subsequent calendar year, even though part or all of the Director's services might have been performed in the prior calendar year.

Section 4.03. Deferred Stock Units.

The Board may from time to time direct that a portion of the remuneration to be earned by a Director for service on the Board shall be credited under this Plan in the form of Deferred Stock Units. Except to the extent that the Committee is permitted (and elects) to give earlier effect to a direction in accordance with regulations promulgated by the Secretary of the Treasury under Code Section 409A, any such direction shall be effective with respect to remuneration to be earned by the Director on and after January 1 of the calendar year following the date of such direction, and shall continue in effect through December 31 of the calendar year in which

modified or revoked by a subsequent direction of the Board. Section 7.02. Modified Distribution Election.

A Participant may from time to time modify his or her distribution election by filing a revised distribution election, properly completed and signed, with the Committee. However, a

- (b) **Post-2000 Retirees.** For a Participant who retires or terminates employment or service after December 31, 2000, the annual distribution amount for the Pre-2005 Account, unless the Committee specifies a different or alternate method and such different or alternate method does not result in the imposition of tax under Code Section 409A, shall be calculated as follows:
- (i) **The annual distribution amount for the Participant's Pre-2005 Account, other than the portion of the Pre-2005 Account that is deemed to be invested in the Stock Unit Accounts (the Distributable Account), shall be determined by dividing (A) the aggregate balance in the Distributable Account as of January 1 of the year for which the distribution is being made, by (B) the number of installment payments remaining to be made under the distribution period selected by the Participant. Distributions shall be made in cash. The amount of any distribution under this Paragraph (i) will be charged pro-rata against the Participant's interest in each Investment Option comprising the Distributable Account. Notwithstanding the foregoing, the last installment payment of the Distributable Account shall be adjusted to take into account deemed investment gains or losses for the**

period between the January 1 valuation date and the date of actual payment according to such methods and procedures adopted by the Committee.

(ii) **The annual distribution amount for the portion of the Participant's Pre-2005 Account that is credited to each of the Stock Unit Accounts shall be determined on a share basis by dividing (A) the number of Integrys Stock Units credited to the relevant Stock Unit Account as of January 1 of the year for which the distribution is being made (subject to subsequent adjustment under Section 9.02), by (B) the number of installment payments remaining to be made under the distribution period selected by the Participant. The Participant will receive shares of Integrys Stock equal to the annual distribution amount, subject only to the distribution of cash in lieu of any fractional Integrys Stock Unit. The cash payment for any fractional Integrys Stock Unit shall be determined based upon the closing price of a share of Integrys Stock on January 21 of the year in which the distribution is being made, as such share price is reported in the Wall Street Journal's New York Stock Exchange Composite Transactions listing. If January 21 falls on a Saturday, Sunday or holiday, the calculation of the cash portion of the distribution will be made based upon the closing price as reported for the immediately preceding business day.**

Section 7.04. Time of Distribution.

Subject to the provisions of Sections 9.02 and 10.02, each distribution of Integrys Stock made to a Participant (or Beneficiary) shall be distributed on January 22 (or if January 22 falls on a Saturday, Sunday or holiday, the immediately following business day). For distribution and

The cash portion of any distribution will be made no later than March 1 of the year for which the distribution is being made.

Section 7.05. Single Sum Distribution at the Committee's Option.

In the case of a Participant whose employment with the Company and its Affiliates is involuntarily terminated by the Company or an Affiliate, or whose employment with the Company and its Affiliates is mutually terminated in accordance with a separation agreement and release between the Company or an Affiliate and such Participant, the Committee may (but need not) direct that the Participant's Pre-2005 Account be distributed in the form of a single sum payment in lieu of distribution over any installment distribution period that would otherwise apply. If so directed by the Committee, the single sum distribution shall be made in cash and/or shares of Integrys Stock (as determined in accordance with Section 7.03) and shall be made at the time specified in Section 7.04.

Any such election shall be consistent with the following rules (or if the Participant fails to make a selection with respect to a particular item, in accordance with the default rules set forth below):

(i) **Distribution Commencement Date.** Unless the Participant has selected a later commencement date, distribution of a Participant's Post-2004 Account will commence within 60 days following the end of the calendar year in which occurs the 6 month anniversary of the Participant's Separation from Service.

(ii) **Distribution Period.** Distributions will be made in 1 to 15 annual installments, as elected by the Participant. For purposes of applying the rules of Code Section 409A, a Participant's election of annual installments is treated as an election of a single form of payment rather than an election of multiple separate payments.

(iii) **Distribution of Remaining Account Following Participant's Death.** In the event of the Participant's death, the Participant's remaining undistributed interest in his or her Post-2004 Account will be distributed to the Participant's Beneficiary in accordance with the distribution election (single sum payment or installments) elected by the Participant. If the Participant had elected a single sum, the

payment shall be made no later than March 1 following the calendar year in which occurs the Participant's death. If the Participant had elected an installment distribution, (A) any installments previously commenced to the Participant shall continue to the Beneficiary and (B) if installment distributions had not commenced as of the date of the Participant's death, payments over the installment period elected by the Participant shall commence to the Beneficiary no later than March 1 following the calendar year in which occurs the Participant's death.

(b) **Effectiveness of Election.** A distribution election shall be deemed made only when it is received and accepted as complete by the Committee, and shall remain in effect until modified by the Participant in accordance with Section 8.02 below or otherwise revoked in accordance such circumstances as the Plan is permitted to accept without resulting in the imposition of tax under Code Section 409A.

Section 8.02. Modified Distribution Election.

A Participant may from time to time modify his or her distribution election with respect to his or her Post-2004 Account by filing a revised distribution election, properly completed and signed, with the Committee. However, except to the extent permitted under regulations promulgated by the Secretary of the Treasury under Code Section 409A, a revised distribution election must comply with the following rules:

(a) **The revised distribution election may not accelerate the time of payment in violation of Code Section 409A. For example, a revised distribution election may not elect a distribution commencement date earlier than the distribution commencement date applicable under the Participant's prior distribution election. A revised election that does not comply with these rules will be null and void, and will be disregarded by the Plan.**

(b) **The revised distribution election may (i) change the form of payment from a single sum payment to installment distributions, (ii) from installment distributions to a single**

sum distribution, (iii) from one installment period to a different installment period, or (iv) defer the distribution commencement date, and such a revised election will be given effect 12 months after the date on which the election is made, but only if (i) in the case of an election related to payment at a specified time, the revised election is made at least 12 months prior to the date on which payment would be made or commence in the absence of the revised election, and (ii) in the case of any election other than one related to payment on account of Disability or death, the first payment that is made pursuant to the revised election is deferred for at least 5 years from the date payment would otherwise have been made. A revised election that does not comply with these rules will be null and void, and will be disregarded by the Plan.

Section 8.03. Calculation of Annual Distribution Amount.

The annual distribution amount for the Post-2004 Account shall be calculated as follows:

(a) The annual distribution amount for the Participant's Post-2004 Account, other than the portion of the Post-2004 Account that is deemed to be invested in the Stock Unit Accounts (the Distributable Account), shall be determined by dividing (A) the aggregate balance in the Distributable Account as of January 1 of the year for which the distribution is being made, by (B) the number of installment payments remaining to be made under the distribution period selected by the Participant. Distributions shall be made in cash. The amount of any distribution under this subsection (a) will be charged pro-rata against the Participant's interest in each Investment Option comprising the Distributable Account. Notwithstanding the foregoing, the last installment payment of the Distributable Account shall be adjusted to take into account deemed investment gains or losses for the period between the January 1 valuation date and the date of actual payment according to such methods and procedures adopted by the Committee.

(b) The annual distribution amount for the portion of the Participant's Post-2004 Account that is credited to each of the Post-2004 Stock Unit Accounts shall be determined on a share basis by dividing (A) the number of Integrys Stock Units credited to the relevant Stock Unit Account as of January 1 of the year for which the distribution is being made (subject to subsequent adjustment under Section 9.02), by (B) the number of installment payments remaining to be made under the distribution period selected by the Participant. The Participant

will receive shares of Integrys Stock equal to the annual distribution amount, subject only to the distribution of cash in lieu of any fractional Integrys Stock Unit. The cash payment for any fractional Integrys Stock Unit shall be determined based upon the closing price of a share of Integrys Stock on January 21 of the year in which the distribution is being made, as such share price is reported in the Wall Street Journal's New York Stock Exchange Composite Transactions listing. If January 21 falls on a Saturday, Sunday or holiday, the calculation of the cash portion of the distribution will be made based upon the closing price as reported for the immediately preceding business day.

Section 8.04. Time of Distribution.

Subject to the provisions of Sections 9.02 and 10.02, each distribution of Integrys Stock made to a Participant (or Beneficiary) shall be distributed on January 22 (or if January 22 falls on a Saturday, Sunday or holiday, the immediately following business day). For distribution and tax reporting purposes, the value of Integrys Stock distributed shall equal the number of shares distributed multiplied by the closing price of Integrys Resources Stock on January 21 (or if January 21 falls on a Saturday, Sunday or holiday, the immediately preceding business day) of the year in which the distribution is being made as reported in the Wall Street Journal's New York Stock Exchange Composite Transaction listing. The cash portion of any distribution will be made no later than March 1 of the year for which the distribution is being made.

Section 8.05. Automatic Single Sum Distribution.

In the case of any Participant or Beneficiary whose Pre-2005 Account and Post-2004 Account, in the aggregate, has a value of \$100,000 or less as of the valuation date that immediately precedes the date on which distribution would first be made to the Participant or Beneficiary, the Participant's Post-2004 Account will be distributed in the form of a single sum payment on the date on which distributions would otherwise commence, and such single sum payment shall be in lieu of any installment distribution period that would otherwise apply. Unless otherwise directed by the Committee, the single sum distribution shall be made in cash and/or shares of Integrys Stock (as determined in accordance with Section 8.03) and shall be made at the time specified in Section 8.04.

Section 8.06. Distributions For Employment Tax Obligations.

(a) Notwithstanding the time or schedule of payments otherwise applicable to the Participant, the Committee may direct that distribution from a Participant's Account be made (i) to pay the Federal Insurance Contributions Act (FICA) tax imposed under Code Sections 3101, 3121(a) and 3121(v)(2) with respect to compensation deferred under the Plan, (ii) to pay the income tax at source on wages imposed under Code Section 3401 or the corresponding withholding provisions of applicable state, local, or foreign tax laws as a result of the payment of FICA taxes, and (iii) to pay the additional income tax at source on wages attributable to the pyramiding of Code Section 3401 wages and taxes; provided that the total amount distributed under this provision must not exceed the aggregate of the FICA tax and the income tax withholding related to such FICA tax. In addition or in the alternative, the Committee may direct that all FICA taxes owed in connection with any allocation hereunder be withheld from other compensation owed to the Participant.

(b) The amount actually distributed to the Participant in accordance with the time or schedule of payments applicable to the Participant will be reduced by applicable tax withholding except to the extent such withholding requirements previously were satisfied in accordance with subsection (a) above.

Section 8.07. Distribution Following Section 409A Failure.

Notwithstanding any other provision of the Plan, if the Committee determines that all or any portion of a Participant's Account is required to be included in the Participant's income as a result of a failure to comply with the requirements of Code Section 409A and the regulations promulgated thereunder, the Participating Employer shall immediately distribute to the Participant or the Participant's Beneficiary, in one single sum, the amount (but not exceeding the amount) that is so taxable.

**ARTICLE IX. RULES WITH RESPECT TO INTEGRYS STOCK
AND INTEGRYS STOCK UNITS**

Section 9.01. Shares Authorized.

(a) Subject to adjustment as provided in Section 9.02 below, the total number of shares of Integrys Stock which may be distributed to Participants or Beneficiaries pursuant to the Plan shall be one million four hundred fifty thousand (1,450,000), which includes seven hundred fifty thousand (750,000) shares that were previously approved by shareholders in connection with the Plan (or a predecessor to the Plan), and eight hundred thousand (700,000) shares for which shareholder approval will be sought at the Company's 2007 annual meeting.

(b) The number of available shares shall not be reduced by or as a result of (i) any cash distributions pursuant to the Plan or (ii) by distributions of shares of Integrys Stock that are attributable to LTIP Deferrals that relate to an award that was made under the Omnibus Plan and either has been or will be charged against the pool of available shares under the Omnibus Plan, i.e., the plan under which the share award was originally granted and the plan from which the share award would have been paid except for the Participant's election to defer delivery of the shares.

Section 9.02. Transactions Affecting Integrys Stock.

In the event of any merger, share exchange, reorganization, consolidation, recapitalization, stock dividend or stock split involving Integrys Stock, or other event in which Integrys Stock is subdivided or combined, or a cash dividend the amount of which, on a per share basis, exceeds, fifteen percent (15%) of the fair market value of a share of Integrys Stock at the time the dividend is declared, or the Company shall effect any other dividend or other distribution of Integrys Stock that the Board determines by resolution is extraordinary or special in nature or that is in connection with a transaction that the Company characterizes publicly as a recapitalization or reorganization of Integrys Stock or words of similar import, or any other event shall occur, which, in the judgment of the Committee necessitates an adjustment to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under

this Plan, the Committee shall make appropriate equitable adjustments with respect to the Integrys Stock Units (if any) credited to the Stock Unit Accounts of each Participant. The nature of any such adjustment shall be determined by the Committee, in its discretion.

Section 9.03. No Shareholder Rights With Respect to Integrys Stock Units.

Participants shall have no rights as a stockholder pertaining to Integrys Stock Units credited to their Accounts. No Integrys Stock Unit nor any right or interest of a Participant under the Plan in any Integrys Stock Unit may be assigned, encumbered, or transferred, except by will or the laws of descent and distribution. The rights of a Participant hereunder with respect to any Integrys Stock Unit are exercisable during the Participant's lifetime only by the Participant or his or her guardian or legal representative.

(c) **Prohibition on Certain Amendments.** Notwithstanding the foregoing, on or after a Change in Control, the Board or Company (including for this purpose any successor corporation or entity that is the survivor of a merger with the Company or to which sponsorship of the Plan is transferred following a Change in Control, or the board of directors or other managing body of any such entity) may not, without the written consent of the affected Participant (or in the case of a deceased Participant, the Participant's Beneficiary) amend the Plan or take an action to terminate the Plan that would:

(c) Prohibition on Certain Amendments. Notwithstanding the foregoing, on or after a Change in Control, the Board or Company (including for this purpose any successor corporation or entity that is the survivor of a merger with the Company or to which sponsorship of the Plan is transferred following a Change in Control, or the board of directors or other managing body of any such entity) may not, without the written consent of the affected Participant (or in the case of a deceased Participant, the Participant's Beneficiary) amend the Plan or take an action to terminate the Plan that would:

- (i) **Result in a decrease in the number of, or a change in the type of, Available Investment Options that were made available under the Plan immediately prior to the Change of Control; or**
- (ii) **Cause the Accounts to be valued under Section 6.01(e) less frequently than quarterly; or**
- (iii) **Impair or otherwise limit a Participant's rights to reallocate his or her Accounts under Section 6.01(f) as in effect on the date immediately prior to the Change in Control; or**
- (iv) **Decrease the interest rate credited under Reserve Account A or Reserve Account B as determined pursuant to subsection (b) above, except as specifically provided therein;**

- (vi) **Modify the provisions of Sections 10.03 and 10.04 in a manner detrimental or potentially detrimental to a Participant (or Beneficiary), except and only to the extent that modification is necessary to comply with applicable law.**

Section 10.03. Maximum Payment Limitation.

(a) **Limit on Payments.** Except as provided in subsection (b) below, if any portion of the payments or benefits described in this Plan or under any other agreement with or plan of the Company (in the aggregate, Total Payments), would constitute an excess parachute payment , then the Total Payments to be made to the Participant shall be reduced such that the value of the aggregate Total Payments that the Participant is entitled to receive shall be one dollar (\$1) less than the maximum amount which the Participant may receive without becoming subject to the tax imposed by Section 4999 of the Code or which the Company may pay without loss of deduction under Section 280G(a) of the Code; provided that this Section shall not apply in the case of a Participant who has in effect a valid employment contract providing that the Total Payments to the Participant shall be determined without regard to the maximum amount allowable under Section 280G of the Code. The terms excess parachute payment and parachute payment shall have the meanings assigned to them in Section 280G of the Code, and such parachute payments shall be valued as provided therein. Present value shall be calculated in accordance with Section 280G(d)(4) of the Code. Within forty (40) days following delivery of notice by the Company to the Participant of its belief that there is a payment or benefit due the Participant which will result in an excess parachute payment as defined in Section 280G of the Code, the Participant and the Company, at the Company's expense, shall obtain the opinion (which need not be unqualified) of nationally recognized tax counsel selected by the Company's independent auditors and acceptable to the Participant in his or her sole discretion (which may be regular outside counsel to the Company), which opinion sets forth (A) the amount of the Base Period Income, (B) the amount and present value of Total Payments and (C) the amount and present value of any excess parachute payments determined without regard to the limitations of this Section. As used in this Section, the term Base Period Income means an amount equal to the Participant's annualized includible compensation for the base period as defined in Section

280G(d)(1) of the Code. For purposes of such opinion, the value of any noncash benefits or any deferred payment or benefit shall be determined by the Company's independent auditors in accordance with the principles of Sections 280G(d)(3) and (4) of the Code, which determination shall be evidenced in a certificate of such auditors addressed to the Company and the Participant. Such opinion shall be addressed to the Company and the Participant and shall be binding upon the Company and the Participant. If such opinion determines that there would be an excess parachute payment, the payments hereunder that are includible in Total Payments or any other payment or benefit determined by such counsel to be includible in Total Payments shall be reduced or eliminated as specified by the Participant in writing delivered to the Company within thirty days of his or her receipt of such opinion or, if the Participant fails to so notify the Company, then as the Company shall reasonably determine, so that under the bases of calculations set forth in such opinion there will be no excess parachute payment. If such legal counsel so requests in connection with the opinion required by this Section, the Participant and the Company shall obtain, at the Company's expense, and the legal counsel may rely on in providing the opinion, the advice of a firm of recognized executive compensation consultants as to the reasonableness of any item of compensation to be received by the Participant. If the provisions of Sections 280G and 4999 of the Code (or any successor provisions) are repealed without succession, then this Section shall be of no further force or effect.

(b) Employment Contract Governs. The provisions of subsection (a) above shall not apply to a Participant whose employment is governed by an employment contract that provides for Total Payments in excess of the limitation described in subsection (a) above.

Section 10.04. Resolution of Disputes.

If, after a Change in Control, (a) a dispute arises with respect to the enforcement of the Participant's rights under the Plan, or (b) any legal proceeding shall be brought to enforce or interpret any provision contained in the Plan or to recover damages for breach of the Plan, in either case so long as the Participant is not acting in bad faith or otherwise pursuing a course of action that a reasonable person would determine to be frivolous, the Participant shall recover from the Company any reasonable attorneys' fees and necessary costs and disbursements incurred as a result of such dispute or legal proceeding (Expenses), and prejudgment interest

on any money judgment obtained by the Participant calculated at the rate of interest announced by US Bank Milwaukee, Milwaukee, Wisconsin (or any successor thereto), from time to time as its prime or base lending rate from the date that payments to the Participant should have been made under this Plan. Within ten (10) days after the Participant's written request therefor, the Company shall pay to the Participant, or such other person or entity as the Participant may designate in writing to the Company, the Participant's Expenses in advance of the final disposition or conclusion of any such dispute or legal proceeding. In the case of a deceased Participant, this Section shall apply with respect to the Participant's Beneficiary or estate.

ARTICLE XI. GENERAL PROVISIONS

Section 11.01. Administration.

The Committee shall administer and interpret the Plan and supervise preparation of Participant elections, forms, and any amendments thereto. To the extent necessary to comply with applicable conditions of Rule 16b-3, the Committee shall consist of not less than two members of the Board, each of whom is also a director of the Company and qualifies as a non-employee director for purposes of Rule 16b-3. If at any time the Committee shall not be in existence or not be composed of members of the Board who qualify as non-employee directors, then all determinations affecting Participants who are subject to Section 16 of the Exchange Act shall be made by the full Board, and all determinations affecting other Participants shall be made by the Board or a duly designated officer of the Board. The Committee may, in its discretion, delegate any or all of its authority and responsibility; provided that the Committee shall not delegate authority and responsibility with respect to non-ministerial functions that relate to the participation by Participants who are subject to Section 16 of the Exchange Act at the time any such delegated authority or responsibility is exercised. To the extent of any such delegation, any references herein to the Committee shall be deemed references to such delegee. Interpretation of the Plan shall be within the sole discretion of the Committee and shall be final and binding upon each Participant and Beneficiary. The Committee has the discretionary authority to adopt and modify rules and regulations relating to the Plan, interpret and construe the Plan and make determinations regarding eligibility and benefits, as it deems necessary or advisable for the administration of the Plan; any such action, interpretation, construction or determination shall be final and binding on all Participants and Beneficiaries unless determined by a court of competent jurisdiction to be arbitrary and capricious. If any delegee of the Committee shall also be a Participant or Beneficiary, any determinations affecting the delegee's participation in the Plan shall be made by the Committee.

Section 11.02. Restrictions to Comply with Applicable Law.

In addition, transactions under the Plan are intended to comply with all applicable conditions of Rule 16b-3 under the Exchange Act. The Committee shall administer the Plan so that transactions under the Plan will be exempt from Section 16 of the Exchange Act, and shall have the right to restrict any transaction, or impose other rules and requirements, to the extent it deems necessary or desirable for such exemption to be met.

(b) **Restriction on Transfer.** Shares of Integrys Stock issued under the Plan may not be sold or otherwise disposed of except (i) pursuant to an effective registration statement under the Act, or in a transaction which, in the opinion of counsel for the Company, is exempt from registration under the Act; and (ii) in compliance with state securities laws. Further, as a condition to issuance of shares of Integrys Stock under the Plan, the Participant, his or her Beneficiary or his or her heirs, legatees or legal representatives, as the case may be, shall, if the Committee deems it necessary, execute and deliver to the Company a restrictive stock transfer agreement in such form, and subject to such terms and conditions, as shall be reasonably determined or approved by the Committee, which agreement, among other things, may impose certain restrictions on the sale or other disposition of any shares of stock acquired under the Plan. The Committee may waive the foregoing restrictions, in whole or in part, in any particular case or cases or may terminate such restrictions whenever the Committee determines that such restrictions afford no substantial benefit to the Company.

(c) **Additional Restrictions; Legends.** All shares of Integrys Stock delivered under the Plan shall be subject to such stock transfer orders and other restrictions as the Committee may deem advisable under the Plan and any applicable federal or state securities laws, and the Committee may cause a legend or legends to be put on any certificates to make appropriate references to such restrictions.

If the claimant's claim is denied in whole or part, the Committee shall provide written notice to the claimant of such denial. The written notice shall include the specific reason(s) for the denial; reference to specific Plan provisions upon which the denial is based; a description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary; and a description of the Plan's review procedures (as set forth in subsection (b)) and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under section 502(a) of ERISA following an adverse determination upon review.

(b) The claimant has the right to appeal the Committee's decision by filing a written appeal to the Committee within 60 days after claimant's receipt of the decision or deemed denial. The claimant will have the opportunity, upon request and free of charge, to have reasonable access to and copies of all documents, records and other information relevant to the claimant's appeal. The claimant may submit written comments, documents, records and other information relating to his or her claim with the appeal. The Committee will review all comments, documents, records and other information submitted by the claimant relating to the claim, regardless of whether such information was submitted or considered in the initial claim determination. (c) Notwithstanding anything in the Plan to the contrary, and as a condition of participating in the Plan, a Participant agrees, on behalf of the Participant and all persons or entities that may claim through the Participant, that (1) any claim for benefits or other legal action or legal proceeding concerning the Plan may be brought more than one (1) year after the later of (i) the last date on which the act or omission giving rise to the claim, legal action or other legal proceeding occurred, or (ii) the date the individual or entity bringing such claim, legal action or other legal proceeding had knowledge (or reasonably should have had knowledge) of the act or omission, and (2) that any legal action or legal proceeding concerning the Plan may only be heard in a bench trial and that any right to a jury trial is waived.

Section 11.04. Participant Rights Unsecured.

(a) **Unsecured Claim.** The right of a Participant or the Participant's Beneficiary to receive a distribution hereunder shall be an unsecured claim, and neither the Participant nor any Beneficiary shall have any rights in or against any amount credited to his or her Account or any other specific assets of a Participating Employer. The right of a Participant or Beneficiary to the payment of benefits under this Plan shall not be assigned, encumbered, or transferred, except by will or the laws of descent and distribution. The rights of a Participant hereunder are exercisable during the Participant's lifetime only by the Participant or his or her guardian or legal representative.

(b) **Contractual Obligation.** The Company may authorize the creation of a trust or other arrangements to assist it in meeting the obligations created under the Plan. However, any liability to any person with respect to the Plan shall be based solely upon any contractual obligations that may be created pursuant to the Plan. No obligation of a Participating Employer shall be deemed to be secured by any pledge of, or other encumbrance on, any property of a Participating Employer. Nothing contained in this Plan and no action taken pursuant to its terms shall create or be construed to create a trust of any kind, or a fiduciary relationship between a Participating Employer and any Participant or Beneficiary, or any other person.

Section 11.05. Income Tax Withholding.

The amount actually distributed to the Participant will be reduced by applicable income tax withholding (if any). Unless the Participant has made a contrary election with the consent of the Committee, income tax on the entire annual distribution amount will be withheld from the cash portion of the distribution, and Integrys Stock will be used to satisfy withholding obligations only to the extent that the cash portion of the distribution is insufficient for this purpose. Further, no later than the date as of which an amount first becomes includible in the income of the Participant for employment tax purposes, the Participant shall pay or make arrangements satisfactory to the Committee regarding the payment of any such tax.

Section 11.06. Amendment or Termination of Plan.

- (a) **There shall be no time limit on the duration of the Plan.**
- (b) **Except as otherwise limited pursuant to Section 10.02 on or after a Change in Control, the Board (or where specified herein, the Committee) may at any time amend the Plan, including but not limited to modifying the terms and conditions applicable to (or otherwise eliminating) Deferrals or contribution credits to be made on or after the amendment date; provided, however, that no amendment or termination may reduce or eliminate any Account balance accrued to the date of such amendment or termination (except as such Account balance may be reduced as a result of investment losses allocable to such Account).**
- (c) **The Board may terminate the Plan (or the Plan shall automatically terminate) in accordance with and subject to the following rules:**
 - (i) **The Board may terminate the Plan and require that all benefits accrued be distributed to Participants and Beneficiaries in a single sum without regard to a Participant's prior election as to the form of benefit payments, if (A) all plans or arrangements of the same type (as defined in regulations issued by the Secretary of the Treasury under Code Section 409A) are terminated with respect to all participants, (B) no payments other than those**

payable under the pre-existing terms of the Plan are made within 12 months of the date on which the arrangement is terminated, (C) all payments are completed within 24 months of the termination, and (D) the Company or Affiliate does not, for the five years following the date of termination, maintain an arrangement that, under rules prescribed by the Secretary of the Treasury, is required to be aggregated with any of the terminated arrangements.

(ii) **The Board, within 12 months following a change in control event, may require that all benefits accrued will be distributed to Participants and Beneficiaries in a single sum, without regard to a Participant's prior election as to the form and timing of benefit payments, with respect to any Participant (or the Beneficiary of a deceased Participant) who is affected by the change in control event. For purposes of this Paragraph (ii), the term change in control event has the meaning specified by the Secretary of the Treasury for purposes of Code Section 409A. Payment shall be made within ten (10) business days of the occurrence of the Board's determination, or as soon as practicable thereafter.**

(iii) **The Plan shall terminate and all benefits accrued will be distributed in a single sum without regard to a Participant's prior election as to the form of benefit payments, if (A) payment is made upon a complete dissolution that is taxed under Code Section 331 or upon approval of a bankruptcy court pursuant to Section 503(b)(1)(A) of Title 11 of the United States Code, and (B) the amounts deferred under the Plan are include in the gross income of Participants and Beneficiaries by the latest of (i) the calendar year in which**

the Plan termination occurs, (ii) the calendar year in which the amounts are no longer subject to a substantial risk of forfeiture, or (iii) the first calendar year in which the payment is administratively practicable.

(iv) **Except as provided in Paragraphs (i), (ii) and (iii) above or as otherwise permitted in regulations promulgated by the Secretary of the Treasury under Code Section 409A, any action that purports to terminate the Plan shall instead be construed as an amendment to discontinue further benefit accruals, but the Plan will continue to operate, in accordance with its terms as from time to time amended and in accordance with applicable Participant elections, with respect to the Participant's benefit accrued through the date of termination, and in no event shall any such action purporting to terminate the Plan form the basis for accelerating distributions to Participants and Beneficiaries.**

Section 11.07. Administrative Expenses.

Costs of establishing and administering the Plan will be paid by the Participating Employers.

Section 11.08. Effect on Other Employee Benefit Plans.

Deferrals credited to a Participant's Account under this Plan shall not be considered compensation for the purpose of computing benefits under any qualified retirement plan maintained by a Participating Employer, but shall be considered compensation for welfare benefit plans, such as life and disability insurance programs sponsored by a Participating Employer, unless otherwise provided by the terms of such plan.

Section 11.09. Successors and Assigns.

This Plan shall be binding upon and inure to the benefit of the Participating Employers, their successors and assigns and the Participants and their heirs, executors, administrators, and legal representatives.

Section 11.10. Right of Offset.

The Company shall have the right to offset from the benefits payable hereunder any amount that the Participant owes to the Company or Affiliate or other entity in which the Company or an Affiliate maintains an ownership interest. The Company may effectuate the offset without the consent of the Participant (or the Participant's spouse or Beneficiary, in the event of the Participant's death).

Section 11.11. Amounts Accumulated Under Peoples Energy Corporation Plans.

Notwithstanding anything in the Plan to the contrary, the Committee, in a manner consistent with Code Section 409A, may establish rules for the transition of Directors and Eligible Employees who are or were participants in the Peoples Energy Corporation Executive Deferred Compensation Plan or the Peoples Energy Corporation Director Deferred Compensation Plan (collectively, the Peoples Deferred Compensation Plans) to transition to participation in this Plan, or to consolidate amounts previously held or credited under the Peoples Deferred Compensation Plans with amounts and the Peoples Energy Corporation Director Deferred Compensation Plan with amount held or credited under this Plan.

Section 11.12. Miscellaneous Distribution Rules.

The following rules will supersede any inconsistent distribution provisions of the Plan. In the circumstances described in subsections (a), (b) and (c) below, a payment that would otherwise be due and payable under the terms of the Plan with respect to amounts that are subject to Code Section 409A will be delayed, and payment will be made in accordance with this Section.

- (a) **Code Section 162(m). If and to the extent that the Company reasonably anticipates that its income tax deduction with respect to a payment will be limited or eliminated**

by application of Code Section 162(m), the payment shall be deferred until either (i) the earliest date at which the Company reasonably anticipates that the Company's deduction for the payment will not be limited or eliminated by application of Code Section 162(m), or (ii) the calendar year in which occurs the Participant's Separation from Service.

(b) **Loan Covenants or Similar Contractual Requirements.** If and to the extent that the Company reasonably anticipates that the making of a payment will violate a term of a loan agreement to which the Company or an Affiliate is a party, or other similar contract to which the Company or an Affiliate is a party, and such violation will cause material harm to the Company or an Affiliate, the payment shall be deferred until the earliest date at which the Company or Affiliate reasonably anticipates that the making of the payment will not cause such violation or such violation will not cause material harm to the Company or Affiliate. The foregoing rule shall apply only if the Company or Affiliate entered into the loan agreement (including the covenant) or other similar contract for legitimate business reasons and not for the purpose of deferring distribution of amounts subject to Code Section 409A.

(c) **Federal Securities and Other Applicable Law.** If and to the extent that the Company reasonably anticipates that the making of a payment will violate Federal securities laws or other applicable law, the payment shall be deferred until the earliest date at which the Company reasonably anticipates that the making of the payment will not cause such violation. For this purpose, the making of a payment is not treated as a violation of applicable law because the payment would cause the inclusion of amounts in gross income of the recipient or result in a penalty or any provision of the Code being or becoming applicable.
