PRESS RELEASE

May 3, 2005

Resolutions of Nokia Annual General Meeting 2007: Dividend of EUR 0.43 per share; Stock option plan approved; Board and Committee members elected; Nokia to buy back own shares; Shares issued as settlement under equity plans

Helsinki, Finland The Annual General Meeting of Nokia Corporation held on May 3, 2007 (AGM) resolved to distribute a dividend of EUR 0.43 per share for 2006. The dividend ex-date is May 4, 2007 and the record date May 8, 2007. The dividend will be paid on May 24, 2007.

The AGM resolved to amend the Articles of Association of the Company as proposed by the Board, including removal of the nominal value of shares, and increase of the maximum number of Board members allowed by the Articles of Association to twelve.

The AGM resolved to grant selected personnel of Nokia Group a maximum of 20 million stock options in 2007-2010. The stock options entitle to subscribe for a total maximum of 20 million Nokia shares. The subcategories of stock options to be granted under the plan will have a term of approximately 5 years from grant, the last of the subcategories expiring as of December 31, 2015. The exercise prices (i.e. subscription prices) shall be determined on a quarterly basis at grant and be based on the market price of the Nokia share quoted in public trading at the time of the pricing, as determined in the terms and conditions for the stock options.

The AGM resolved to authorize the Board of Directors to issue a maximum of 800 million shares through issuance of shares or special rights entitling to shares. Under the authorization, the Board may issue new shares or shares held by the Company. The authorization includes the right for the Board to issue shares or special rights in deviation from the shareholders' pre-emptive rights. The authorization is effective until June 30, 2010. The AGM further authorized the Board to repurchase a maximum of 380 million Nokia shares. The authorization is effective until June 30, 2008.

The AGM resolved to reduce the share issue premium of the Company by EUR 2 358 142 157.13 by transferring the respective funds to the fund for invested non-restricted equity. In line therewith, the AGM resolved that the total amount of the subscription prices paid for new shares issued based on stock options under the Nokia Stock Option Plans 2001, 2003 and 2005 after the date of the AGM be recorded in the fund for invested non-restricted equity.

PricewaterhouseCoopers Oy was re-elected as the external auditor for Nokia for the fiscal period 2007.

The AGM also resolved, in line with the past practice, that approximately 40% of the remuneration will be paid in Nokia shares purchased from the market.

Nokia to buy back own shares

In line with the previously announced share repurchase plan, the Nokia Board of Directors resolved to repurchase a maximum of 380 million Nokia shares under the authorization given by the AGM, however, by using a maximum of EUR 4 billion for the repurchases, until March 31, 2008.

The shares will be repurchased in public trading for purposes identified in the authorization by the AGM at a price based on the market price of the Nokia share. Repurchases may also be carried out by entering into derivative, share lending or other arrangements, in which case the repurchase price paid by the Company may differ from the market price of the day of execution of the arrangement.

The repurchases are planned to commence earliest on May 4, 2007.

Board's resolution to issue shares held by the Company as settlement under equity plans

Based on the authorization to issue shares granted by the AGM, the Board of Directors resolved to issue 960 000 Nokia shares held by the Company and to transfer the shares as settlement under the Nokia Restricted Share Plan 2004 to the Plan participants.

The Board also resolved to issue a maximum number of 2 500 000 Nokia shares held by the Company to make an interim settlement under Nokia Performance Share Plan 2005 to the Plan participants.
