ITEM 8.01 OTHER EVENTS

On June 12, 2007, Magellen Health Services, Inc. (the Company) announced that it was awarded a contract to provide managed behavioral healthcare services to Medicaid recipients and other beneficiaries of the Maricopa County Regional Behavioral Health Authority. The contract is anticipated to begin September 1, 2007 and has an initial term through June 30, 2010 with options for the Arizona Department of Health Services to extend for two additional one-year periods. The contract is projected to generate annual revenue of approximately \$500 million. The Company expects earnings from the contract to be slightly negative in 2007 due primarily to costs associated with implementation of the contract. However, there are certain material terms of the contract that have yet to be finalized that may impact these estimates. Under Arizona law, the bidders who were not awarded the contract have the right to file a protest seeking to overturn the award. There can be no assurance that a protest will not be filed, or that such a protest will not be successful. The mere filing of a protest may delay the implementation of the contract.

Cautionary Statement: This Form 8-K contains forward-looking statements within the meaning of the Securities Exchange Act of 1934 and the Securities Act of 1933, as amended, that involve a number of risks and uncertainties. All statements, other than statements of historical information provided herein, may be deemed to be forward-looking statements including, without limitation, statements regarding the contract to provide behavioral healthcare services to Medicaid recipients and other beneficiaries of the Maricopa County Regional Behavioral Health Authority and the anticipated start date, revenues and earnings associated with such contract. These statements are based on management's analysis, judgment, belief and expectation only as of the date hereof, and are subject to uncertainty and changes in circumstances. Without limiting the foregoing, the words believes, anticipates, plans, expects, may, could, estimate, intend and other similar expressions are intended to identify forward-looking statements. Actual results could differ materially due to, among other things, the possible election of certain of the Company's customers to manage the healthcare services of their members directly; changes in rates paid to and/or by the Company by customers and/or providers; higher utilization of health care services by the Company's risk members; delays, higher costs or inability to implement new business or other Company initiatives; the impact of changes in the contracting model for Medicaid contracts; termination or non-renewal of customer contracts; the impact of new or amended laws or regulations; governmental inquiries; litigation; competition; operational issues; health care reform; and general business conditions. Additional factors that could cause actual results to differ materially from those reflected in the forward-looking statements include, but are not limited to, the risks discussed in the Risk Factors section included within the Company's most recent Annual Report on Form 10-K and subsequent Quarterly Reports on Form 10-Q filed with the Securities and Exchange Commission. Readers are cautioned not to place undue reliance on these forward-looking statements. The Company undertakes no obligation to publicly revise these forward-looking statements to reflect events or circumstances that arise after the date of this Form 8-K.
