Item 8.01. Other Events

As previously reported, most recently in our Form 10-K for the year ended December 31, 2006 and Form 10-Q for the quarter ended June 30, 2007, in November 2006, Northern States Power Company, a Minnesota corporation, (NSP-Minnesota) and wholly owned subsidiary of Xcel Energy filed a request with the Minnesota Public Utilities Commission (MPUC) to increase Minnesota natural gas rates by \$18.5 million, which represents an increase of 2.4 percent. The request is based on 11.0 percent return on equity (ROE), a projected equity ratio of 51.98 percent and a natural gas rate base of \$439 million. Interim rates, subject to refund, were set at a \$15.9 million increase and went into effect on Jan. 8, 2007.

On April 10, 2007, NSP-Minnesota filed its rebuttal testimony and revised its requested relief to \$16.8 million. The revised request was caused primarily by an updated ROE estimate of 10.75 percent and an update to the sales forecast. On April 24, 2007, the Minnesota Department of Commerce filed surrebuttal testimony recommending a rate increase of \$10.9 million based on an updated ROE of 9.5 percent. The Office of Attorney General filed surrebuttal testimony that continued to recommend a 9.26 percent ROE. The Administrative Law Judge issued a report on July 26, 2007, recommending a 9.4 percent ROE and a \$10.8 million increase.

On Aug. 16, 2007, the MPUC approved an increase in Minnesota natural gas rates of approximately \$11.9 million based on an ROE of 9.71 percent and equity ratio of 51.98 percent. The MPUC order is expected in early September and final rates are projected to be implemented in late 2007. Interim rates collected in excess of the approved increase will be refunded to customers in early 2008.
