**Sale of 34% holding in Banco Best**

**Lisbon, Portugal, 25 March 2008** Portugal Telecom informs that it reached an agreement today with Espírito Santo Financial Group, S.A. for the sale of the 34% stake that PT Comunicações, S.A. holds in BEST - Banco Electrónico de Serviço Total, S.A. ( Banco Best ).

The agreed sale amount is Euro 16 million which will result in an accounting capital gain for PT of Euro 8.7 million. PT also informs that the execution of this transaction is subject to the non-opposition by the Portuguese Central Bank which must be received by the 30 August 2008. PT has already informed the Bank of Portugal of its intention to sell the aforementioned stake.

Banco Best is a financial institution which operates through the internet in the e-banking, asset management and trading segments. It has been founded in 2001 and its shareholders are Banco Espírito Santo and PT.

**FORWARD-LOOKING STATEMENTS**

This document may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words anticipates, believes, estimates, expects, plans and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
