**Item 1.01 Entry into a Material Definitive Agreement.**

As previously reported, on January 16, 2009, the United States Bankruptcy Court for the District of Colorado (the Bankruptcy Court ) entered an order confirming the Modified Second Amended Joint Plan of Reorganization (the Plan ) filed by PRB Energy, Inc. ( PRB ) and PRB Oil & Gas, Inc. ( PRB Oil ). On February 2, 2009 (the Effective Date ), the Plan became effective. In connection with PRB's reorganization and exit from bankruptcy, PRB changed its corporate name to Black Raven Energy, Inc. ( Black Raven Energy ).

In connection with the consummation of the Plan, Black Raven Energy and PRB Oil entered into a Limited Waiver, Consent, and Modification Agreement (the Modification Agreement ), dated as of the Effective Date, with West Coast Opportunity Fund, LLC ( WCOF ). Under the Modification Agreement, Black Raven Energy and PRB Oil agreed to issue an Amended and Restated Senior Secured Debenture (the Amended Debenture ), payable to WCOF, in the amount of \$18,450,000. The Amended Debenture supersedes and amends the senior secured debentures issued by PRB Oil to WCOF and DKR Soundshore Oasis Holding Fund Ltd. on December 28, 2006 (the Original Debentures ). Under the Amended Debenture, \$3,750,000 of the outstanding principal balance and any unpaid accrued interest are due and payable on December 31, 2009. The remainder of the outstanding principal balance of the Amended Debenture, along with any unpaid accrued interest, are due and payable on December 31, 2010. The Amended Debenture bears interest at 10% per annum which is payable quarterly. Subject to certain conditions, the Amended Debenture can be prepaid with a prepayment penalty of 110% of the outstanding principal, unpaid accrued interest and late charges. Upon the occurrence of an event of default, as described in the Amended Debenture, the Amended Debenture may be immediately redeemed by WCOF and the interest rate applicable to the principal amounts will be increased to 18% per annum during the period the default exists. Any portion of the Amended Debenture that is redeemed by WCOF will be redeemed at a price equal to 110% of the outstanding principal, unpaid accrued interest and late charges.

Pursuant to the Plan and the Modification Agreement, the Amended Debenture includes a \$1.5 million exit financing facility (the Exit Financing ) to be used by Black Raven Energy and PRB Oil to pay for certain post-petition claims and administrative expenses. The principal amount of the Exit Financing is included in, and the repayment terms of the Exit Financing are governed by, the Amended Debenture.

Under the Modification Agreement, WCOF agrees to waive any defaults that may have existed under the Original Debentures or other applicable transaction documents prior to the Effective Date, and to waive any default that may exist under the Original Debentures, Amended Debenture, or other applicable transaction documents due to the implementation of the Plan. WCOF also agrees to release PRB Gathering, Inc., a former subsidiary of PRB, from certain obligations under the Original Debentures.

The above summary of the Modification Agreement and Amended Debenture is qualified in its entirety by reference to the full text of these documents, which are filed as Exhibits 4.1 and 10.1 to this Current Report on Form 8-K.
