This report on Form 6-K is specifically incorporated by reference as an Exhibit into North American Palladium's registration statement on Form F-10 (File No. 333-147126).

The underwriting agreement, dated September 22, 2009, attached hereto as Exhibit 99.1, contains representations and warranties by each of the parties to such agreement. These representations and warranties have been made solely for the benefit of the other party to the underwriting agreement and:

- should not in all instances be treated as categorical statements of fact, but rather as a way of allocating the risk to one of the parties if those statements prove to be inaccurate;
- have been qualified by disclosures that were made to the other party in connection with the negotiation of the underwriting agreement, which disclosures are not necessarily reflected in the agreement;
- may apply standards of materiality in a way that is different from what may be viewed as material to you or other investors; and
- were made only as of the date of the underwriting agreement or such other date or dates as may be specified in the agreement and are subject to more recent developments.

Accordingly, these representations and warranties may not describe the actual state of affairs as of the date they were made or at any other time. The Registrant acknowledges that, notwithstanding the inclusion of the foregoing cautionary statements, it is responsible for considering whether additional specific disclosures of material information regarding material contractual provisions are required to make the statements in this Form 6-K (including the Exhibits attached hereto) not misleading. Additional information about the Registrant may be found elsewhere in the Registrant's other public filings, which are available without charge through the SEC's website at <http://www.sec.gov>.
