#### Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a

On February 26, 2010, Oshkosh Corporation (the Company) and certain subsidiaries of the Company (the Guarantors) entered into a purchase agreement (the Purchase Agreement) with Banc of America Securities LLC (BofA), as the representative for the other initial purchasers named in the Purchase Agreement (collectively, the Initial Purchasers), pursuant to which the Company agreed to sell, subject to the terms and conditions set forth therein, \$250 million aggregate principal amount of its 8¼% Senior Notes due 2017 (the 2017 Notes) and \$250 million aggregate principal amount of its 8½% Senior Notes due 2020 (the 2020 Notes and, together with the 2017 Notes, the Notes) to the Initial Purchasers in a private offering in accordance with Rule 144A and Regulation S under the Securities Act of 1933, as amended (the Securities Act). The foregoing description of the Purchase Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Purchase Agreement, a copy of which is filed herewith as Exhibit 4.1 and is incorporated herein by reference.

The Notes will be issued pursuant to an indenture (the Indenture) among the Company, the Guarantors and Wells Fargo Bank, National Association, as trustee, that will be executed in connection with the completion of the offering of the Notes. The Company will pay 8¼% interest per annum on the outstanding principal amount of the 2017 Notes and 8½% interest per annum on the outstanding principal amount of the 2020 Notes, in each case, payable semi-annually in cash in arrears on March 1 and September 1 of each year, commencing on September 1, 2010. The 2017 Notes will mature on March 1, 2017, and the 2020 Notes will mature on March 1, 2020.

The Notes will be senior unsecured obligations of the Company and will rank equally in right of payment with all of the Company's existing and future unsecured senior debt and senior in right of payment to all of the Company's existing and future subordinated debt. The Company's obligations under the Notes and the Indenture will be guaranteed by all of the Company's existing and future subsidiaries that from time to time guarantee obligations under the Company's senior credit facility, with certain exceptions.

On and after March 1, 2014, the Company will have the right to redeem some or all of the 2017 Notes, and on and after March 1, 2015, the Company will have the right to redeem some or all of the 2020 Notes, in each case, at the redemption prices (expressed as percentages of the principal amount to be redeemed) set forth below, together with accrued and unpaid interest to, but not including, the redemption date, if redeemed during the 12-month period beginning on March 1 of the years indicated:

#### **2017 Notes**

<b>Year</b>	<b>Redemption Price</b>
2014	104.125%
2015	102.063%
2016 and thereafter	100.000%

#### **2020 Notes**

<b>Year</b>	<b>Redemption Price</b>

Edgar Filing: OSHKOSH CORP - Form 8-K

2018 and thereafter	100.000%

The Company will also have the right to redeem from time to time up to 35% of the aggregate outstanding principal amount of each of the 2017 Notes and the 2020 Notes before March 1, 2013, with the net proceeds of certain equity offerings by the Company.

## Edgar Filing: OSHKOSH CORP - Form 8-K

Subject to certain exceptions, upon the occurrence of a Change of Control (as defined in the Indenture), each holder of Notes will have the right to require the Company to purchase that holder's Notes for a cash price equal to 101% of the principal amounts to be purchased, plus accrued and unpaid interest to the date of purchase.

The Indenture contains various covenants, including, but not limited to, covenants that, subject to certain exceptions, will limit the Company's and its restricted subsidiaries' ability to (i) incur additional debt; (ii) pay dividends on the Company's capital stock or repurchase the Company's capital stock and make certain other restricted payments; (iii) enter into agreements limiting dividends and certain other restricted payments; (iv) grant liens on the Company's assets; (v) enter into sale and leaseback transactions; (vi) merge, consolidate or transfer or dispose of substantially all of the Company's assets; (vii) sell, transfer or otherwise dispose of property and assets; (viii) change the nature of the Company's business; and (ix) engage in transactions with affiliates.

The Indenture will also provide for customary events of default. If an event of default occurs and is continuing, then the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding Notes may declare the principal of, and any accrued interest on, the Notes to be due and payable immediately.

The foregoing description of the Indenture does not purport to be complete and is qualified in its entirety by reference to the full text of the Indenture, which the Company will file with the Securities and Exchange Commission as an exhibit to a Current Report on Form 8-K after the completion of the offering of the Notes.

In connection with the completion of the offering of the Notes, the Company, the Guarantors and BofA, as representative of the Initial Purchasers, will enter into a Registration Rights Agreement (the "Registration Rights Agreement"), pursuant to which the Company will agree, among other things, (i) to use its commercially reasonable efforts to consummate an exchange offer within 366 days after the issuance of the Notes, or (2) if required, to have a shelf registration statement declared effective with respect to resales of the Notes. If the Company fails to satisfy its obligations under the Registration Rights Agreement, the Company will be required to pay additional interest to the holders of the Notes, under certain circumstances, at a rate of 0.25% annum for the first 90-day period immediately following the occurrence of the default. The rate of the additional interest will increase by an additional 0.25% per annum with respect to each subsequent 90-day period until all defaults have been cured, up to a maximum rate of additional interest of 1.0% per annum.

The foregoing description of the Registration Rights Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Registration Rights Agreement, which the Company will file with the Securities and Exchange Commission as an exhibit to a Current Report on Form 8-K after the completion of the offering of the Notes.

The offering of the Notes is expected to close on March 3, 2010. The Company expects to receive approximately \$489.5 million in proceeds from the sale of the Notes, after deducting underwriting discounts and commissions and estimated expenses of the offering. The net proceeds from the sale of the Notes will be used to repay a portion of the Company's outstanding indebtedness under term loan B under the Company's senior secured credit agreement.
