Report of Independent Registered Public Accounting Firm

To the Participants, Administrator, and Investment Committee of the

Bunge Retirement Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Bunge Retirement Savings Plan (the Plan) as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Bunge Retirement Savings Plan as of December 31, 2014 and 2013, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The supplemental information in the accompanying schedule of assets (held at end of year) as of December 31, 2014 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but include supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedule, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information in the accompanying schedule is fairly stated in all material respects in relation to the financial statements as a whole.

BUNGE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

The Bunge Retirement Savings Plan (the "Plan") was established as of January 1, 1971. On January 1, 2004, the Plan was amended to include participants from the Bunge Management Services Inc. Savings Plan, the Central Soya and Affiliates Thrift Savings Plan and the non-union participants from the Bunge North America, Inc. Savings Plan. Significant accounting policies followed by the Plan are as follows.

Basis of Accounting The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income (Loss) Recognition The Plan's investment in the Bunge Defined Contribution Master Trust (the "Trust") is presented at fair value, which has been determined based on the fair value of the underlying investments of the Trust. The Trust's investments include mutual funds, Bunge Limited common shares, other common stock, and interest bearing cash holdings that are stated at estimated fair value based on quoted market prices. Sales and purchases of investments are accounted for on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Earnings (losses) on investments are allocated to participants based on daily account balances. See Note 10 for discussion of fair value measurements.

Administrative Expenses Administrative expenses of the Plan are paid by the participants as provided in the plan document.

Use of Estimates The preparation of financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and accompanying notes of the Plan financial statements, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties The Plan invests in the Trust which holds various securities, including mutual funds, Bunge Limited common shares, other common stock, and interest bearing cash holdings. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur in the near term and that such changes, could materially affect the amounts reported in the

financial statements.

New Accounting Pronouncement In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for public business entities for fiscal years beginning after December 15, 2015, with retrospective application to all periods presented. Early application is permitted. The adoption of this standard update is not expected to have a material impact on the Plans financial statements.

BUNGE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

2. PLAN DESCRIPTION

The Plan is a defined contribution plan designed to qualify under Section 401(k) of the Internal Revenue Code (IRC) and is administered by the Investment Committee (the Committee) appointed by the Board of Directors of Bunge North America, Inc. (the Company). The Company has appointed Fidelity Management Trust Company (Fidelity) to serve as record keeper, administrator, and trustee of both the Plan and the Trust. The descriptions of Plan terms in the following notes to financial statements are provided for general information purposes only and are qualified in their entirety by reference to the Plan document. Participants should refer to the plan document for a more complete description of the applicable provisions of the Plan. All non-union employees (except seasonal, temporary and leased employees) employed by Bunge Milling, Inc.; Bunge Oils, Inc.; Bunge North America (East), L.L.C.; Bunge North America (OPD West), Inc.; Bunge Management Services Inc.; Bunge Global Markets, Inc.; Bunge North America, Inc. or their subsidiaries or EGT, LLC; Bunge-SCF Grain, LLC (collectively the Employer Group) are immediately eligible to participate in the Plan. Individual accounts are maintained for each Plan participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

3. CONTRIBUTIONS AND WITHDRAWALS

Participants may contribute up to 50% of their base salary during the plan year on a pre-tax basis. As determined by the IRC 's qualified retirement plan limits, the total amount which a participant could elect to contribute to the Plan on a pre-tax basis could not exceed \$17,500. However, if a participant reached age 50 by December 31 of that year, they are able to contribute an additional \$5,500 in catch up contributions to the Plan on a pre-tax basis.

The contribution amounts and allocation between pre-tax and post-tax basis of participant accounts are subject to IRC discrimination tests and limitations. The participants' contributions, plus any actual earnings thereon, vest immediately.

Monthly matching contributions are made in cash by the Employer Group. Participant contributions are matched at the rate of 100% of the first 3% and 50% of the next 2% of participant pre-tax contributions. All matching contributions vest immediately.

Edgar Filing: Bunge LTD - Form 11-K

Plan participants may select from a number of investment alternatives for their contributions. Investment choices include various mutual funds, common stock and the Bunge Common Stock Fund (subject to certain limits) (the Bunge Fund). The Bunge Fund pools a participant's money with that of other employees to buy common shares of Bunge Limited as well as short-term investments designed to allow participants to buy or sell without the usual trade settlement period for individual stock transactions. The value of the participant investment in the Bunge Fund will vary depending on the performance of Bunge Limited, the overall stock market, and the performance and amount of short-term investments held by the Bunge Fund, less any expenses accrued against the Bunge Fund. All dividends and interest earned in the Bunge Fund are reinvested in the Bunge Fund. Participant's ownership in the Bunge Fund is measured in units of the Bunge Fund instead of common shares.

Employer Group matching contributions are allocated to participants based upon the current contribution allocation among investment alternatives elected by the participants. Thereafter, employee and employer contributions may be reallocated by the participant among all investment alternatives.

BUNGE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

Participants may withdraw their post-tax contributions plus earnings and, in certain circumstances, vested pre-January 1, 2004 Employer Group contributions plus earnings. Vested Employer Group contributions plus earnings may only be withdrawn after all participant post-tax contributions plus earnings have been withdrawn. Participants may not withdraw pre-tax contributions except as provided for hardship withdrawals or age 59½ withdrawals permitted by the Plan. Following normal retirement or termination of employment, participants must withdraw their entire account balances in a lump sum or any other form of payment allowed by the Plan prior to April 1 following the calendar year in which the participant attains age 70½. Participants with account balances less than or equal to \$5,000 upon retirement or termination must withdraw their entire account balances in a lump sum or any other form of payment allowed by the Plan on the date the participant terminates employment. Withdrawals by participants are recorded upon distribution.

The Plan allows participants the option of making qualified (as defined by the Plan document and the IRC) rollover contributions into the Plan. A participant may withdraw all or any portion of their after-tax contribution account or rollover contribution account, including earnings, at any time.

4. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years with the exception of loans for the purchase of a primary residence which may have a longer term and participants can have no more than one loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with the prevailing interest rate charged on similar commercial loans by lending institutions as determined by the plan administrator. Loan payments, including interest due, are paid ratably through payroll deductions. As of December 31, 2014, participant loans bear interest rates from 3.75% to 8.66% and mature through August 2044. No allowance for credit losses have been recorded as of December 31, 2014 or 2013. Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, participants will become 100% vested in their employer contributions.

6. FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter from the Internal Revenue Service on April 16, 2014, stating that the Plan and related trust was designed, and in compliance with the applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax exempt. Accordingly, no provision for income taxes has been recorded in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the state and federal taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no

audits for any tax periods in progress.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain of the Trust's investments are in shares of funds offered by the trustee. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA. Such investments as of December 31, 2014, are disclosed in the supplemental schedule of assets (held at end of year.) Fees paid by the Plan were \$52,291 and \$54,453 for the years ended December 31, 2014 and 2013, respectively.

Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

The Plan allows for participants to invest in the Bunge Fund (subject to certain limits) which holds Bunge Limited common shares, as well as, short-term investments. Bunge Limited is the parent company of the sponsoring Company. The Bunge Fund held 154,856 and 168,558 common shares of Bunge Limited at December 31, 2014 and 2013, respectively of which 147,183 and 160,149 shares were allocated to the Plan at December 31, 2014 and 2013, respectively. During 2014 and 2013, the Plan recorded dividend income of \$201,332 and \$192,962, respectively, and net appreciation in fair value of \$1,360,522 and \$1,571,916, respectively, from Bunge Limited common shares.

Each participating plan has an undivided interest in the Trust. The assets of the Trust are held, managed, and administered by the trustee pursuant to the terms of the Bunge Defined Contribution Master Trust. Investment income and administrative expenses relating to the Trust are allocated to the individual participants in the plans based upon individual participant activity.

The Trust is required to maintain separate accounts reflecting the equitable share of each participating plan in the Trust. The Plan's equitable share of the Trust cannot be used for the payments of expenses or benefits allocable to any other participating plan.

10. FAIR VALUE MEASUREMENTS

ASC 820, Fair Value Measurements and Disclosures (ASC 820), established a single authoritative definition of fair value, set a framework for measuring fair value, and requires additional disclosures about fair value measurements.

The various inputs that may be used to determine the value of the Plan s and Trust s investments are summarized in three broad levels. The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. There have been no changes in methodologies or investment levels during the years ended December 31, 2014 and 2013.

Edgar Filing: Bunge LTD - Form 11-K

Level 1 Quoted prices (unadjusted) in active markets for identical securities.

Level 2 Other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).

Level 3 Significant unobservable inputs (including the fund's own assumptions used to determine the fair value of investments).

BUNGE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

(1) Interest in Bunge Limited common shares represents participant investments in the Bunge Fund and is valued based upon unitized value of the quoted market price of the underlying common shares. (Level 2) Transactions (purchases and sales) may occur daily. There are no unfunded commitments or other redemption restrictions associated with this investment.

11. PLAN TRANSFERS

Certain Plan participants also had accounts in another defined contribution plan sponsored by the Company or a company within the same control group. Plan transfers included in the statements of changes in net assets available for benefits reflect transfers made to combine multiple participant accounts into each participant's active account. In addition, if a change in a participant's employment classification occurs during a plan year (for example, transfer from union to non-union classification), the assets related to such participant would be transferred to the applicable plan within the control group for such participant's new employment status. Such transfer will be made within a reasonable period of time following the change in employment classification. Timing of those transfers may from time-to-time result in plan payables or receivables in the respective plans.
