**SUPPLEMENT TO THE JOINT PROXY
STATEMENT/PROSPECTUS**

FOR THE SPECIAL MEETING OF ARES CAPITAL STOCKHOLDERS

**AND THE ANNUAL MEETING OF AMERICAN CAPITAL STOCKHOLDERS
TO BE HELD ON DECEMBER 15, 2016**

This document supplements the joint proxy statement/prospectus, dated October 18, 2016 (the "Proxy Statement"), provided to you in connection with the proposed mergers (the "mergers") of (1) Orion Acquisition Sub, Inc. ("Acquisition Sub"), a wholly owned subsidiary of Ares Capital Corporation ("Ares Capital"), with and into American Capital, Ltd. ("American Capital"), with American Capital being the surviving entity of such merger (the "merger") and (2) American Capital Asset Management, LLC, a wholly owned portfolio company of American Capital ("ACAM") with and into Ivy Hill Asset Management, L.P., a wholly owned portfolio company of Ares Capital ("IHAM"), with IHAM being the surviving entity in such merger, each pursuant to the Agreement and Plan of Merger, as such agreement may be amended from time to time (the "merger agreement"), dated as of May 23, 2016, among Ares Capital, American Capital, Acquisition Sub, IHAM, Ivy Hill Asset Management GP, LLC, ACAM, and solely for the limited purposes set forth therein, Ares Capital Management LLC.

Except as described in this document, the information provided in the Proxy Statement continues to apply. To the extent that information in this document differs from, updates or conflicts with information contained in the Proxy Statement, the information in this document is more current. This is the case even if such section of the Proxy Statement is not specifically referenced in this document. Terms used but not defined in this document shall have the meanings given to such terms in the Proxy Statement.

This document is dated November 22, 2016.

SUPPLEMENTAL INFORMATION

The following supplemental information should be read in conjunction with the Proxy Statement, which you are urged to read in its entirety.

Comparative Fees and Expenses

The following information supplements the information provided in **Comparative Fees and Expenses** on pages 52 through 57 of the Proxy Statement, the first full question on page 15 of **Questions and Answers about the American Capital Annual Meeting, the Ares Capital Special Meeting and the Transactions** in the Proxy Statement and **Risk Factors Risks Relating to the Transactions Ares Capital** may be unable to realize the benefits anticipated by the Transactions, including estimated cost savings and synergies, or it may take longer than anticipated to achieve such benefits on pages 99 and 100 of the Proxy Statement:

COMPARATIVE FEES AND EXPENSES

The following tables are intended to assist you in understanding the costs and expenses that an investor in the common stock of American Capital and Ares Capital bears directly or indirectly and, based on the assumptions set forth below, the pro forma costs and expenses that an investor in the combined company following the completion of the Transactions may bear directly or indirectly. American Capital and Ares Capital caution you that some of the percentages indicated in the tables below are estimates and may vary. Except where the context suggests otherwise, whenever this document contains a reference to fees or expenses paid or to be paid by you, American Capital or Ares Capital, stockholders will indirectly bear such fees or expenses as investors in American Capital or Ares Capital, as applicable.

(1) See the unaudited pro forma condensed consolidated financial information and explanatory notes included elsewhere in this document for more information illustrating the effect of the mergers on Ares Capital's financial position and results of operations based upon Ares Capital's and American Capital's respective historical financial positions and results of operations.

(2) Purchases of shares of common stock of American Capital or Ares Capital on the secondary market are not subject to sales charges, but may be subject to brokerage commissions or other charges. The table does not include any sales load (underwriting discount or commission) that stockholders may have paid in connection with their purchase of shares of American Capital or Ares Capital common stock.

(3) The expenses of the dividend reinvestment plan are included in Other expenses.

(4) Consolidated net assets attributable to common stock equals stockholders' equity at September 30, 2016. For Pro Forma Combined, the stockholders' equity for Pro Forma Combined as of September 30, 2016 was used from the pro forma information included elsewhere in this document.

(5) American Capital does not have an investment adviser and is internally managed by its management team under the supervision of its board of directors. Therefore, American Capital pays operating costs associated with employing a management team and investment professionals instead of paying investment advisory fees. As a result, the estimate of the annual expenses American Capital incurs in connection with the employment of such employees is included in the line item "Other expenses" and, accordingly, any comparison of the individual items of American Capital and Ares Capital set forth under "Estimated annual expenses" above may not be informative because American Capital is internally managed and Ares Capital is externally managed. The pro forma combined company estimated annual expenses are consistent with the information presented in the unaudited pro forma condensed consolidated financial statements included in this document. See "Unaudited Selected Pro Forma Consolidated Financial Data" in this document.

(6) Ares Capital is externally managed by its investment adviser, Ares Capital Management LLC ("Ares Capital Management"). Following completion of the Transactions, the combined company will continue to be externally managed by Ares Capital Management and the pro forma combined company management fee has been calculated in a manner consistent with Ares Capital's investment advisory and management agreement. Ares Capital's base management fee is currently 1.5% of its total assets (other than cash and cash equivalents) (which includes assets purchased with borrowed amounts). Ares Capital's base management fee has been estimated by multiplying its total assets as of September 30, 2016 (assuming it maintains no cash or cash equivalents) by 1.5%. The 2.63% and 2.63% reflected on the table are higher than 1.5% because they are calculated on Ares Capital's and the pro forma combined company's net assets, respectively, as of September 30, 2016 (rather than its total assets). See "Management of Ares Capital Investment Advisory and Management Agreement" in the Proxy Statement.

(7) This item represents Ares Capital's investment adviser's income based fees and capital gains incentive fees estimated by annualizing income based fees for the nine months ended September 30, 2016 and the capital gains incentive fee expense accrued in accordance with generally accepted accounting principles ("GAAP") for the nine months ended September 30, 2016, even though no capital gains incentive fee was actually payable under the investment advisory and management agreement as of September 30, 2016.

GAAP requires that the capital gains incentive fee accrual consider the cumulative aggregate unrealized capital appreciation in the calculation, as a capital gains incentive fee would be payable if such unrealized capital appreciation were realized, even though such unrealized capital appreciation is not permitted to be considered in calculating the fee actually payable under the Investment Company Act or Ares Capital's investment advisory and management agreement. This GAAP accrual is calculated using the aggregate cumulative realized capital gains and losses and aggregate cumulative unrealized capital depreciation included in the calculation of the capital gains incentive fee actually payable under the investment advisory and management agreement plus the aggregate cumulative unrealized capital appreciation. If such amount is positive at the end of a period, then GAAP requires Ares Capital to record a capital gains incentive fee equal to 20% of such cumulative amount, less the aggregate amount of actual capital gains incentive fees paid or capital gains incentive fees accrued under GAAP in all prior periods. The resulting accrual for any capital gains incentive fee under GAAP in a given period may result in an additional expense if such cumulative amount is greater than in the prior period or a reversal of previously recorded expense if such cumulative amount is less than in the prior period. If such cumulative amount is negative, then there is no accrual. There can be no assurance that such unrealized capital appreciation will be

realized in the future or that the amount accrued for will ultimately be paid.

For purposes of this table, Ares Capital has assumed that these fees will be payable (in the case of the capital gains incentive fee) and that they will remain constant, although they are based on Ares Capital's performance and will not be paid unless Ares Capital achieves certain goals. For more detailed information on the calculation of Ares Capital's income based fees and capital gains incentive fees, please see below. The pro forma combined company's income based fees and capital gains incentive fees have been calculated in a manner consistent with Ares Capital's investment advisory and management agreement. For more detailed information about income based fees and capital gains incentive fees previously incurred by Ares Capital, please see Note 3 to Ares Capital's consolidated financial statements included in the Proxy Statement.

Income based fees are payable quarterly in arrears in an amount equal to 20% of Ares Capital's pre-incentive fee net investment income (including interest that is accrued but not yet received in cash), subject to a 1.75% quarterly (7.0% annualized) hurdle rate and a catch-up provision measured as of the end of each calendar quarter. Under this provision, in any calendar quarter, Ares Capital's investment adviser receives no income based fees until Ares Capital's net investment income equals the hurdle rate of 1.75% but then receives, as a catch-up, 100% of Ares Capital's pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 2.1875%. The effect of this provision is that, if pre-incentive fee net investment income exceeds 2.1875% in any calendar quarter, Ares Capital's investment adviser will receive 20% of Ares Capital's pre-incentive fee net investment income as if a hurdle rate did not apply.

Ares Capital's investment adviser has agreed to waive, for each of the first ten calendar quarters beginning with the first full calendar quarter after the closing of the Transactions, the lesser of (1) \$10 million of the income based fees and (2) the amount of income based fees for such quarter, in each case, to the extent earned and payable by Ares Capital in such quarter pursuant to and as calculated under Ares Capital's investment advisory and management agreement (the Fee Waiver). The impact of the Fee Waiver is not included in the estimates above.

Capital gains incentive fees are payable annually in arrears in an amount equal to 20% of Ares Capital's realized capital gains on a cumulative basis from inception through the end of the year, if any, computed net of all realized capital losses and unrealized capital depreciation on a cumulative basis, less the aggregate amount of capital gains incentive fees paid in all prior years.

Ares Capital will defer cash payment of any income based fees and capital gains incentive fees otherwise earned by Ares Capital's investment adviser if, during the most recent four full calendar quarter period ending on or prior to the date such payment is to be made, the sum of (1) Ares Capital's aggregate distributions to its stockholders and (2) Ares Capital's change in net assets (defined as total assets less indebtedness and before taking into account any income based fees or capital gains incentive fees accrued during the period) is less than 7.0% of Ares Capital's net assets (defined as total assets less indebtedness) at the beginning of such period. Any deferred income based fees and capital gains incentive fees are carried over for payment in subsequent calculation periods to the extent such payment is payable under the investment advisory and management agreement. These calculations will be adjusted for any share issuances or repurchases. See Management of Ares Capital Investment Advisory and Management Agreement in the Proxy Statement.

(8) Interest payments on borrowed funds represents interest expenses estimated by annualizing actual interest and credit facility expenses incurred for the nine months ended September 30, 2016. During the nine months ended September 30, 2016, American Capital's average outstanding borrowings were approximately \$0.7 billion and cash paid for interest expense was \$35.4 million and Ares Capital's average outstanding borrowings were approximately \$3.9 billion and cash paid for interest expense was \$139.0 million. American Capital had no outstanding borrowings as of September 30, 2016. Ares Capital had outstanding borrowings of approximately \$3.8 billion (with a carrying value of approximately \$3.7 billion) as of September 30, 2016. The amount of leverage that American Capital or Ares Capital may employ at any particular time will depend on, among other things, American Capital and Ares Capital's boards of directors and, in the case of Ares Capital, its investment adviser's assessment of market and other factors at the time of any proposed borrowing. See Risk Factors Risks Relating to Ares Capital Ares Capital borrows money, which magnifies the potential for gain or loss on amounts invested and may increase the risk of investing with Ares Capital in the Proxy Statement. See Risk Factors Risks Relating to American Capital American Capital may incur debt that could increase stockholder investment risks in the Proxy Statement.

(9) Includes certain transactions that are reflected in the pro forma combined company's interest and credit facility fees for the nine months ended September 30, 2016, as described in more detail in Unaudited Pro Forma

Condensed Consolidated Financial Statements in this document.

(10) Includes overhead expenses, including, in the case of Ares Capital, payments under its administration agreement based on its allocable portion of overhead and other expenses incurred by Ares Operations LLC (Ares Operations) in performing its obligations under such administration agreement, and income taxes. In the case of American Capital, such expenses are based on annualized employee, employee stock options and administrative expenses for the nine months ended September 30, 2016. In the case of Ares Capital, such expenses are estimated by annualizing Other expenses for the nine months ended September 30, 2016. See Management of Ares Capital Administration Agreement in the Proxy Statement. In the case of Ares Capital and American Capital, Other expenses excludes any actual expenses incurred related to the mergers for the nine months ended September 30, 2016. For the pro forma combined company, Other expenses were based on the annualized amounts reflected in the unaudited pro forma condensed consolidated financial statements for the nine months ended September 30, 2016. Ares Capital expects that the combined company will achieve certain synergies and cost savings following completion of the Transactions and accordingly believes that estimated total pro forma combined other expenses will be lower than reflected (similar to or lower than Ares Capital's historical other expenses) if such synergies and cost savings are achieved. The holders of shares of American Capital and Ares Capital common stock (and not the holders of their debt securities or preferred stock, if any) indirectly bear the cost associated with their annual expenses.

(11) With respect to Acquired fund fees and expenses, American Capital and Ares Capital stockholders indirectly bear the expenses of underlying funds or other investment vehicles that would be investment companies under section 3(a) of the Investment Company Act but for the exceptions to that definition provided for in sections 3(c)(1) and 3(c)(7) of the Investment Company Act in which American Capital or Ares Capital invests. Such underlying funds or other investment vehicles are referred to in this document as Acquired Funds. This amount includes the estimated annual fees and operating expenses of Acquired Funds as of September 30, 2016. Certain of these Acquired Funds are subject to management fees, which generally range from 1% to 2.5% of total net assets, or incentive fees, which generally range between 15% to 25% of net profits. When applicable, fees and operating expenses estimates are based on historic fees and operating expenses for the Acquired Funds. For those Acquired Funds with little or no operating history, fees and operating expenses are based on expected fees and operating expenses stated in the Acquired Funds offering memorandum, private placement memorandum or other similar communication without giving effect to any performance. Future fees and operating expenses for these Acquired Funds may be substantially higher or lower because certain fees and operating expenses are based on the performance of the Acquired Funds, which may fluctuate over time. Also included with the amount is an estimate of the annual fees and operating expenses of the SDLP (as defined below), which was initially funded in July 2016. See

Management's Discussion and Analysis of Financial Condition and Results of Operations of Ares Capital Portfolio and Investment Activity Senior Direct Lending Program in the Ares Capital 9/30 10-Q (as defined below) for more information on the SDLP. The annual fees and operating expenses of the SDLP were estimated based on the initially funded portfolio of the SDLP and are primarily comprised of management fees and administrative expenses of the SDLP. For the purpose of this line item, interest payments on borrowed funds are not included in operating expenses.

(12) Total annual expenses as a percentage of consolidated net assets attributable to common stock are higher than the total annual expenses percentage would be for a company that is not leveraged. American Capital and Ares Capital borrow money to leverage and increase their total assets. The Securities and Exchange Commission (the SEC) requires that the Total annual expenses percentage be calculated as a percentage of net assets (defined as total assets less indebtedness and before taking into account any income based fees or capital gains incentive fees accrued during the period), rather than the total assets, including assets that have been funded with borrowed monies.

Example

The following example demonstrates the projected dollar amount of total cumulative expenses over various periods with respect to a hypothetical investment in American Capital, Ares Capital or, following the completion of the Transactions, the combined company's common stock. In calculating the following expense amounts, each of American Capital and Ares Capital has assumed that it would have no additional leverage, that none of its assets are cash or cash equivalents and that its annual operating expenses would remain at the levels set forth in the tables above. Income based fees and the capital gains fees under Ares Capital's investment advisory and management agreement, which, assuming a 5% annual return, would either not be payable or have an insignificant impact on the expense amounts shown below, are not included in the example, except as specifically set forth below. Transaction expenses related to the Transactions are not included in the following example.

	1 year	3 years	5 years	10 years
You would pay the following expenses on a \$1,000 common stock investment, assuming a 5% annual return in (none of which is subject to the capital gains incentive fee)(1):				

Edgar Filing: AMERICAN CAPITAL, LTD - Form 425

American Capital	\$	68	\$	200	\$	327	\$	626
Ares Capital	\$	76	\$	221	\$	359	\$	675
The <i>pro forma</i> combined company following the completion of the Transactions	\$	87	\$	252	\$	404	\$	739

		1 year		3 years		5 years		10 years
You would pay the following expenses on a \$1,000 common stock investment, assuming a 5% annual return in (all of which is subject to the capital gains incentive fee)(2):								
American Capital	\$	68	\$	200	\$	327	\$	626
Ares Capital	\$	86	\$	249	\$	403	\$	748
The <i>pro forma</i> combined company following the completion of the Transactions	\$	97	\$	280	\$	447	\$	808

(1) The above illustration assumes that Ares Capital and, following the completion of the Transactions, the combined company, will not realize any capital gains computed net of all realized capital losses and no unrealized capital depreciation.

(2) The above illustration assumes that Ares Capital and, following the completion of the Transactions, the combined company, has no unrealized capital depreciation and a 5% annual return resulting entirely from net realized capital gains and not otherwise deferrable under the terms of the investment advisory and management agreement and therefore subject to the capital gains incentive fee.

The foregoing tables are to assist you in understanding the various costs and expenses that an investor in American Capital, Ares Capital or, following the completion of the Transactions, the combined company's common stock will bear directly or indirectly. While the example assumes, as required by the SEC, a 5% annual return, performance will vary and may result in a return greater or less than 5%. If Ares Capital were to achieve sufficient returns on its investments, including through the realization of capital gains, to trigger income based fees or capital gains incentive fees of a material amount, its expenses, and returns to its investors, would be higher.

In addition, while the example assumes reinvestment of all dividends and distributions at net asset value, if Ares Capital's board of directors authorizes and Ares Capital declares a cash dividend, participants in its dividend reinvestment plan who have not otherwise elected to receive cash will receive a number of shares of its common stock determined by dividing the total dollar amount of the dividend payable to a participant by the market price per share of Ares Capital common stock at the close of trading on the valuation date for the dividend. See Ares Capital Dividend Reinvestment Plan for additional information regarding Ares Capital's dividend reinvestment plan.

This example and the expenses in the tables above should not be considered a representation of American Capital, Ares Capital or, following the completion of the Transactions, the combined company's future expenses as actual expenses (including the cost of debt, if any, and other expenses) that it may incur in the future and such actual expenses may be greater or less than those shown.

Unaudited Selected Pro Forma Consolidated Financial Data

The following information supplements the information provided in **Unaudited Selected Pro Forma Consolidated Financial Data** on page 114 of the Proxy Statement:

UNAUDITED SELECTED PRO FORMA CONSOLIDATED FINANCIAL DATA

The following tables set forth unaudited pro forma condensed consolidated financial data for Ares Capital and American Capital as a combined company after giving effect to the mergers. The information as of September 30, 2016 is presented as if the mergers had been completed on September 30, 2016 and after giving effect to certain transactions that occurred or are expected to occur subsequent to September 30, 2016 (collectively, the **Other Pro Forma Transactions**). The unaudited pro forma condensed consolidated financial data for the nine months ended September 30, 2016 and for the year ended December 31, 2015 are presented as if the mergers and the Other Pro Forma Transactions had been completed on December 31, 2014. Such unaudited pro forma condensed consolidated financial data is based on the historical financial statements of Ares Capital and American Capital from publicly available information and certain assumptions and adjustments as discussed in Note 3 of the accompanying notes to the pro forma condensed consolidated financial statements in the section entitled **Unaudited Pro Forma Condensed Consolidated Financial Statements** in this document. In the opinion of management, adjustments necessary to reflect the direct effect of these transactions have been made. The merger of Acquisition Sub with and into American Capital will be accounted for under the acquisition method of accounting as provided by ASC 805-50, *Business Combinations-Related Issues*. See section entitled **Accounting Treatment** in the Proxy Statement for additional information.

The unaudited pro forma condensed consolidated financial data should be read together with the respective historical audited and unaudited consolidated financial statements and related notes of American Capital and Ares Capital in the Quarterly Report of American Capital on Form 10-Q filed with the SEC on November 3, 2016 (the **American Capital 9/30 10-Q**) and the Quarterly Report of Ares Capital on Form 10-Q filed with the SEC on November 2, 2016 (the **Ares Capital 9/30 10-Q**), respectively, and the Proxy Statement. The unaudited pro forma condensed consolidated financial data are presented for illustrative purposes only and do not necessarily indicate what the future operating results or financial position of the combined company will be following completion of the mergers. The unaudited pro forma condensed consolidated financial data does not include adjustments to reflect any cost savings or other operational efficiencies that may be realized as a result of the mergers or any future restructuring or integration expenses related to the mergers. Additionally, the unaudited pro forma condensed consolidated financial data does not include any estimated net increase (decrease) in stockholders' equity resulting from operations or other asset sales and repayments that are not already reflected that may occur between September 30, 2016 and the completion of the mergers.

Ares Capital and American Capital cannot assure you that the mergers and the other transactions contemplated by the merger agreement (collectively, the **Transactions**) will be completed as scheduled, or at all. See **Description of the Transactions** in the Proxy Statement for a description of the terms of the Transactions, **Risk Factors** **Risks Relating to Ares Capital** **Ares Capital may fail to complete the Transactions** in the Proxy Statement for a description of the risks associated with a failure to complete the Transactions and **Risk Factors** **Risks Relating to the Transactions** in the Proxy Statement for a description of the risks that the combined company may face if the Transactions are completed.

UNAUDITED PRO FORMA PER SHARE DATA

The following selected unaudited consolidated pro forma per share information for the nine months ended September 30, 2016 and for the year ended December 31, 2015 is presented as if the mergers and the Other Pro Forma Transactions had been completed on December 31, 2014. The unaudited pro forma consolidated net asset value per common share outstanding reflects the mergers and the Other Pro Forma Transactions as if they had been completed on September 30, 2016.

Such unaudited pro forma consolidated per share information is based on the historical financial statements of Ares Capital and American Capital from publicly available information and certain assumptions and adjustments as discussed in the section entitled **Unaudited Pro Forma Condensed Consolidated Financial Statements** in this document. This unaudited pro forma consolidated per share information is provided for illustrative purposes only and is not necessarily indicative of what the operating results or financial position of Ares Capital or American Capital would have been had the mergers and the Other Pro Forma Transactions been completed at the beginning of the periods or on the dates indicated, nor are they necessarily indicative of any future operating results or financial position of the combined company following the completion of the mergers. The following should be read in connection with the section entitled **Unaudited Pro Forma Condensed Consolidated Financial Statements** in this document and other information included in or incorporated by reference into this document.

Ares Capital and American Capital cannot assure you that the Transactions will be completed as scheduled, or at all. Unaudited Pro Forma Condensed Consolidated Financial Statements

The following information supplements the information provided in Unaudited Pro Forma Condensed Consolidated Financial Statements on pages 256 through 294 of the Proxy Statement and in Accounting Treatment on page 241 of the Proxy Statement:

UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Under the merger agreement, subject to the completion of the mergers, American Capital stockholders will receive \$1.49 billion in cash from Ares Capital, or \$6.41 per share, plus certain Ares Capital make-up dividend amounts, plus 0.483 shares of Ares Capital common stock for each share of American Capital common stock, subject to the payment of cash instead of fractional shares, resulting in approximately 111.3 million shares of Ares Capital common stock issued in exchange for approximately 230.5 million shares of American Capital common stock. The purchase price is approximately \$3.2 billion in total cash and stock consideration from Ares Capital which is based upon a closing price of \$15.30 per share of Ares Capital common stock as of October 31, 2016 and an implied value per share of American Capital common stock of \$13.87. Additionally as part of the total merger consideration received by American Capital stockholders, Ares Capital Management will provide approximately \$275 million of cash, or \$1.20 per fully diluted share, to American Capital stockholders at closing. Separately, upon completion of the mergers, each share of American Capital common stock will also be entitled to receive \$2.45 per share in cash (representing an aggregate amount of approximately \$562 million), which amount represents the per share cash consideration to be paid to American Capital as a result of the completion of the Mortgage Manager Sale, which was completed on July 1, 2016. The unaudited pro forma condensed consolidated financial information has been derived from and should be read in conjunction with the historical consolidated financial statements and the related notes of American Capital and Ares Capital in the American Capital 9/30 10-Q and the Ares Capital 9/30 10-Q, respectively, and the Proxy Statement.

The following unaudited pro forma condensed consolidated financial information and explanatory notes illustrate the effect of the mergers on Ares Capital's financial position and results of operations based upon Ares Capital's and American Capital's respective historical financial positions and results of operations under the acquisition method of accounting with Ares Capital treated as the acquirer.

In accordance with GAAP, the acquired assets and assumed liabilities of American Capital will be recorded by Ares Capital at their estimated fair values as of the effective time. The unaudited pro forma condensed consolidated financial information of Ares Capital and American Capital reflects the unaudited pro forma condensed consolidated balance sheet as of September 30, 2016 and the unaudited pro forma condensed consolidated income statements for the nine months ended September 30, 2016 and the year ended December 31, 2015. The unaudited pro forma condensed consolidated balance sheet as of September 30, 2016 assumes the mergers and the Other Pro Forma Transactions had been completed on September 30, 2016. The unaudited pro forma condensed consolidated statements of income for the nine months ended September 30, 2016 and the year ended December 31, 2015 assumes the mergers and the Other Pro Forma Transactions had been completed on December 31, 2014.

The unaudited pro forma condensed consolidated financial information is presented for illustrative purposes only and does not necessarily indicate the results of operations or the combined financial position that would have resulted had the mergers and the Other Pro Forma Transactions been completed at the beginning of the applicable period presented, nor the impact of potential expense efficiencies of the mergers, certain potential asset dispositions and other factors. In addition, as explained in more detail in the accompanying notes to the unaudited pro forma condensed consolidated financial information, the allocation of the pro forma purchase price reflected in the unaudited pro forma condensed consolidated financial information involves estimates, is subject to adjustment and may vary significantly from the actual purchase price allocation that will be recorded upon completion of the mergers and the Other Pro Forma Transactions. Additionally, the unaudited pro forma condensed consolidated financial data does not include any estimated net increase (decrease) in stockholders' equity resulting from operations or other asset sales and repayments that are not already reflected that may occur between September 30, 2016 and the completion of the mergers.

Ares Capital cannot assure you that the Transactions will be completed as scheduled, or at all. See [Description of the Transactions](#) in the Proxy Statement for a description of the terms of the Transactions, [Risk Factors Risks Relating to Ares Capital](#) Ares Capital may fail to complete the Transactions in the Proxy Statement for a description of the risks associated with a failure to complete the Transactions and [Risk Factors Risks Relating to the Transactions](#) in the Proxy Statement for a description of the risks that the combined company may face if the Transactions are completed.

(1) Upon consumation of the Merger and in accordance with ASC 805 50, Business Combinations Related Issues, we will be required to allocate the purchase price of American Capital's assets based on our estimate of fair value and record such fair value as the cost basis and initial fair value of each such investment in our financial statements. In this regard, our management determined that the aggregate adjustment to American Capital's investments approximates \$167 million. As a result, such adjustment has been reflected in a single line item entitled "Estimated Purchase Price Allocation Adjustment." However, a final determination of the fair value of American Capital's investments will be made after the Merger is completed and, as a result, the actual amount of this adjustment may vary from the preliminary amount set forth herein. Thus, the information set forth in the columns reflect historical amounts and have not been individually adjusted to reflect the Estimated Purchase Price Allocation Adjustment.

(2) Has a payment-in-kind (PIK) interest feature.

(3) Loan is on non-accrual status at September 30, 2016.

(4) As defined in the Investment Company Act, the combined company Controls this portfolio company because it owns 25% or more of its outstanding voting securities and/or the combined company has the power to exercise control over the management or policies of the portfolio company.

(5) As defined in the Investment Company Act, the combined company is an Affiliated Person to this portfolio company because it owns 5% or more of its outstanding voting securities and/or the combined company has the power to exercise control over the management or policies of the portfolio company (including through a management agreement).

(6) Includes actual exits and repayments of American Capital's investments occurring between October 1, 2016 and October 31, 2016.

(7) Includes investments expected to be sold pursuant to contractual agreements as of October 31, 2016. Ares Capital and American Capital cannot assure you that it will sell all or any portion of these investments.

(8) In conjunction with the completion of the merger, ACAM, a wholly owned portfolio company of American Capital, will merge with and into IHAM, a wholly owned portfolio company of Ares Capital, with IHAM remaining as the surviving entity in the ACAM merger as a wholly owned portfolio company of Ares Capital. Pro forma for the Transactions, the amortized cost and fair value of IHAM as of September 30, 2016 would be approximately \$591.0 million and \$653.5 million, respectively.

1. Basis of Pro Forma Presentation

The unaudited pro forma condensed consolidated financial information related to the mergers is included as of and for the nine months ended September 30, 2016 and for the year ended December 31, 2015. On May 23, 2016, Ares Capital and American Capital entered into a merger agreement. For the purposes of the pro forma condensed consolidated financial statements, the purchase price is approximately \$3.2 billion in total cash and stock consideration which is based upon a price of \$15.30 per share of Ares Capital common stock as of October 31, 2016 and an implied value per share of American Capital common stock of \$13.87. The pro forma adjustments included herein reflect the conversion of American Capital common stock into Ares Capital common stock using an exchange ratio of 0.483 of a share of Ares Capital common stock, for each of the approximately 230.5 million shares of American Capital common stock outstanding as of October 31, 2016. Each share of American Capital common stock issued and outstanding immediately prior to the effective time will also be entitled to (1) \$6.41 per share in cash from Ares Capital, (2) \$1.20 per share in cash (representing an aggregate amount of approximately \$275) from Ares Capital Management, acting solely on its own behalf and (3) certain Ares Capital make-up dividend amounts, if applicable. Separately, upon completion of the mergers, each share of American Capital common stock will also be entitled to receive \$2.45 per share in cash, which amount represents the per share cash consideration to be paid to American Capital as a result of the completion of the Mortgage Manager Sale, which occurred on July 1, 2016.

The merger of Acquisition Sub with and into American Capital will be accounted for as an asset acquisition of American Capital by Ares Capital in accordance with the asset acquisition method of accounting as detailed in ASC 805-50, *Business Combinations-Related Issues*. The fair value of the merger consideration paid by Ares Capital is allocated to the assets acquired and liabilities assumed based on their relative fair values as of the date of acquisition and will not give rise to goodwill. If the fair value of the net assets acquired exceeds the fair value of the merger consideration paid by Ares Capital, then Ares Capital would recognize a deemed contribution from Ares Capital Management in an amount up to approximately \$275. If the fair value of the net assets acquired exceeds the fair value of the merger consideration paid by Ares Capital and by Ares Capital Management, then Ares Capital would recognize a purchase accounting gain. Alternatively, if the fair value of the net assets acquired is less than the fair value of the merger consideration paid by Ares Capital, then Ares Capital would recognize a purchase accounting loss. As indicated in Note 2 below regarding the preliminary pro forma purchase price allocation calculated as of September 30, 2016, the estimated fair value of the net assets acquired on a pro forma basis exceeds the estimated fair value of the merger consideration paid by Ares Capital resulting in the recognition of a deemed contribution from Ares Capital Management of approximately \$156, which would be recorded by Ares Capital in the period the mergers are completed.

Under the Investment Company Act, the regulations pursuant to Article 6 of Regulation S-X and the American Institute of Certified Public Accountants Audit and Accounting Guide for Investment Companies, Ares Capital is precluded from consolidating any entity other than another investment company or an operating company which provides substantially all of its services and benefits to Ares Capital. Ares Capital's financial statements include its accounts and the accounts of all its consolidated subsidiaries. All intercompany balances and transactions have been eliminated in consolidation.

In determining the fair value of the assets to be acquired, Ares Capital follows ASC 820-10, *Fair Value Measurements*, which expands the application of fair value accounting. ASC 820-10 defines fair value, establishes a framework for measuring fair value in accordance with GAAP and expands disclosure of fair value measurements. ASC 820-10 determines fair value to be the price that would be received for an investment in a current sale, which assumes an orderly transaction between market participants on the measurement date. ASC 820-10 requires Ares Capital to assume that the portfolio investment is sold in its principal market to market participants, or in the absence of a principal market, the most advantageous market, which may be a hypothetical market. Market participants are defined as buyers and sellers in the principal or most advantageous market that are independent, knowledgeable, and willing and able to transact. In accordance with ASC 820-10, Ares Capital has considered its principal market as the market in which Ares Capital exits its portfolio investments with the greatest volume and level of activity. ASC 820-10 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. In accordance with ASC 820-10, these inputs are summarized in the three broad levels listed below:

- Level 1 Valuations based on quoted prices in active markets for identical assets or liabilities that Ares Capital has the ability to access.
- Level 2 Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.
- Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

In addition to using the above inputs in investment valuations, Ares Capital continues to employ the net asset valuation policy approved by its board of directors that is consistent with ASC 820-10. Consistent with Ares Capital's valuation policy, it evaluates the source of inputs, including any markets in which Ares Capital's investments are trading (or any markets in which securities with similar attributes are trading), in determining fair value. Ares Capital's valuation policy considers the fact that because there is not a readily available market value for most of the investments in Ares Capital's portfolio, the fair value of its investments must typically be determined using unobservable inputs.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of Ares Capital's investments may fluctuate from period to period. Additionally, the fair value of Ares Capital's investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that Ares Capital may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If Ares Capital were required to liquidate a portfolio investment in a forced or liquidation sale, Ares Capital may realize significantly less than the value at which Ares Capital has recorded it. As of September 30, 2016, substantially all of the investments held by Ares Capital and American Capital are Level 3 investments.

The following table presents fair value measurements of investments for the pro forma combined company as of September 30, 2016:

	Fair Value Measurements Using			
	Total	Level 1	Level 2	Level 3
Investments not measured at net asset value(1)	\$ 11,657	\$ 1	\$ 456	\$ 11,200
Investments measured at net asset value(1)	144			
Total Investments	\$ 11,801			

(1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the consolidated balance sheet.

The following table presents changes in investments that use Level 3 inputs between the actual September 30, 2016 amounts and those presented for the pro forma combined company as of September 30, 2016:

	Actual Ares Capital	Actual American Capital	Pro Forma Adjustments	Pro Forma Ares Capital Combined
Actual balance as of September 30, 2016	\$ 8,798	\$ 2,688		\$ 11,486
Estimated purchase price allocation adjustment			(155)	(155)
Actual exits and repayments of American Capital investments between October 1, 2016 and October 31, 2016		(57)		(57)
Investments expected to be sold pursuant to contractual agreements as of October 31, 2016		(74)		(74)
Net transfers in and/or out of Level 3				
Pro Forma Balance as of September 30, 2016	\$ 8,798	\$ 2,557	(155)	\$ 11,200

Edgar Filing: AMERICAN CAPITAL, LTD - Form 425

As of September 30, 2016, the net unrealized depreciation on the investments that use Level 3 inputs for the pro forma combined company was \$128.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than would be realized based on the valuations currently assigned.

The unaudited pro forma condensed consolidated financial information includes preliminary estimated purchase price allocation adjustments to record the assets and liabilities of American Capital at their respective estimated fair values and represents Ares Capital's estimates based on available information. The pro forma adjustments included herein may be revised as additional information becomes available and as additional analyses are performed. The final allocation of the purchase price will be determined after the mergers are completed and after completion of a final analysis to determine the estimated fair values of American Capital's assets and liabilities as of the effective time. Accordingly, the final purchase accounting adjustments and integration charges may be materially different from the pro forma adjustments presented in this document. Increases or decreases in the estimated fair values of the net assets and other items of American Capital as compared to the information shown in this document may change the amount of the purchase price recognized as a deemed contribution, income or loss in accordance with ASC 805-50.

The unaudited pro forma condensed consolidated financial information presented in this document is for illustrative purposes only and does not necessarily indicate the results of operations or the combined financial position that would have resulted had the mergers been completed at the beginning of the applicable period presented, nor the impact of expense efficiencies, asset dispositions, share repurchases and other factors. The unaudited pro forma condensed consolidated financial information is not indicative of the results of operations in future periods or the future financial position of the combined company.

2. Preliminary Purchase Accounting Allocations

The unaudited pro forma condensed consolidated financial information includes the unaudited pro forma condensed consolidated balance sheet as of September 30, 2016 assuming the mergers and the Other Pro Forma Transactions had been completed on September 30, 2016. The unaudited pro forma condensed consolidated income statements for the nine months ended September 30, 2016 and for the year ended December 31, 2015 were prepared assuming the mergers and the Other Pro Forma Transactions had been completed on December 31, 2014.

The unaudited pro forma condensed consolidated financial information reflects the issuance of approximately 111.3 million shares of Ares Capital common stock pursuant to the merger agreement.

The merger of Acquisition Sub with and into American Capital will be accounted for using the asset acquisition method of accounting; accordingly, the merger consideration paid by Ares Capital in connection with the mergers will be allocated to the acquired assets and assumed liabilities of American Capital at their relative fair values estimated by Ares Capital as of the effective time. The excess fair value of the net assets acquired over the fair value of the merger consideration paid by Ares Capital is recognized as a deemed contribution from Ares Capital Management in an amount up to approximately \$275. Accordingly, the pro forma purchase price has been allocated to the assets acquired and the liabilities assumed based on Ares Capital's estimate of relative fair values as summarized in the following table:

	Pro Forma American Capital September 30, 2016	
Common stock issued	\$	1,704
Cash consideration paid		1,494
Deemed contribution from Ares Capital Management		156
Total purchase price	\$	3,354
Assets acquired:		
Investments	\$	2,996
Cash and cash equivalents		512
Other assets		82
Total assets acquired	\$	3,590
Other liabilities assumed		(236)
Net assets acquired	\$	3,354

3. Preliminary Pro Forma Adjustments

The preliminary pro forma purchase accounting allocation included in the unaudited pro forma condensed consolidated financial information is as follows:

A. To reflect American Capital's balance sheet as of September 30, 2016, updated for estimated changes subsequent to September 30, 2016:

	Actual American Capital September 30, 2016	Pro Forma Adjustments	Adjusted American Capital September 30, 2016
Investments, at fair value	\$ 3,294	\$ (131)(1)	\$ 3,163
Cash and cash equivalents	1,057	134(1)(2)	1,191
Other assets	349		349
Total assets	\$ 4,700	\$ 3	\$ 4,703
Debt	\$	\$	\$
Other liabilities	124		124
Total liabilities	124		124
Net assets	4,576	3(1)(2)	4,579
Total liabilities and net assets	\$ 4,700	\$ 3	\$ 4,703

(1) Includes actual exits and repayments of investments occurring between October 1, 2016 and October 31, 2016 of \$57 at fair value (total proceeds of \$58). Also includes investments expected to be sold pursuant to contractual agreements as of October 31, 2016 of \$74 at fair value (total proceeds of \$75). Ares Capital and American Capital cannot assure you that American Capital will sell all or any portion of these investments.

(2) Includes proceeds received from 0.1 million stock options exercised from October 1, 2016 through October 31, 2016, totaling \$1.

B. To reflect the acquisition of American Capital by the issuance of approximately 111.3 million shares of Ares Capital common stock. The table below reflects the allocation of the purchase price on the basis of Ares Capital's estimate of the fair value of assets acquired and liabilities assumed:

Components of the purchase price:

	Adjusted American Capital September 30, 2016	Pro Forma Adjustments	Pro Forma September 30, 2016
Common stock issued			\$ 1,704(4)
Cash consideration paid			1,494(5)
Deemed contribution from Ares Capital Management			156
Total purchase price			\$ 3,354
Assets acquired:			
Investments, at fair value	\$ 3,163	\$ (167)(1)	\$ 2,996
Cash and cash equivalents	1,191	(679)(2)(3)	512
Deferred tax asset	256	(256)(1)	
Other assets	93	(11)(1)	82
Total assets acquired	\$ 4,703	\$ (1,113)	\$ 3,590
Other liabilities assumed	(124)	(112)(1)(2)	(236)
Net assets acquired	\$ 4,579	\$ (1,225)	\$ 3,354

(1) Primarily to reflect the allocation of the purchase price to American Capital's assets and liabilities based on Ares Capital's estimates of fair value. There is no single approach for determining fair value in good faith. As a result, determining fair value requires that judgment be applied to the specific facts and circumstances of each portfolio investment while employing a consistently applied valuation process. The adjustment to other liabilities includes an adjustment to record a liability for the estimated loss on future lease payments of \$40.

(2) In addition to the net effect of the fair value adjustments to American Capital's assets and liabilities, the net assets of American Capital were decreased for various transaction costs expected to be incurred by American Capital of approximately \$185, including \$68 of other liabilities expected to be paid within the 36 months following the completion of the mergers.

(3) Pursuant to the merger agreement, in connection with the Mortgage Manager Sale, American Capital stockholders will receive a distribution equal to approximately \$562.

(4) Based on Ares Capital's share price as of October 31, 2016 and 230.5 million of fully diluted shares of American Capital.

(5) Includes \$16 related to certain make-up dividend amounts payable by Ares Capital pursuant to the merger agreement.

C. The net assets of the pro forma combined company were decreased for the cash consideration payable by Ares Capital to American Capital stockholders of approximately \$6.41 per fully diluted share plus certain Ares Capital make-up dividend amounts of \$0.07 per share, or approximately \$1,494.

D. The pro forma adjustment to cash and cash equivalents primarily reflects draws under Ares Capital's revolving credit facilities with the cash proceeds used to fund the various net cash requirements of Ares Capital related to the mergers, including certain costs expected to be incurred by Ares Capital related to the mergers. For the purposes of these unaudited pro forma condensed consolidated financial statements, it is assumed that Ares Capital's revolving funding facility is amended and upsized from its current committed amount of \$540 to \$1,000 as contemplated by the Debt Commitment Letter (as defined in the merger agreement). The net assets of the pro forma combined company were decreased by \$24 to reflect various other costs expected to be incurred by Ares Capital in connection with the mergers.

E. U.S. generally accepted accounting principles (GAAP) require that Ares Capital consider the cumulative aggregate unrealized appreciation in determining the capital gains incentive fee accrued under GAAP, as a capital gains incentive fee would be payable if such unrealized capital appreciation were realized, even though such unrealized capital appreciation is not permitted to be considered in calculating the fee actually payable under the investment advisory and management agreement. Ares Capital is also required by GAAP to record an investment at its fair value as of the time of acquisition instead of at the actual amount paid for such investment by Ares Capital (including, for example, as a result of the application of the acquisition method of accounting). As a result, solely for the purposes of calculating the capital gains incentive fee, the accreted or amortized cost basis of an investment shall be an amount (the Contractual Cost Basis) equal to (1)(x) the actual amount paid by Ares Capital for such investment plus (y) any amounts recorded in Ares Capital's financial statements as required by GAAP that are attributable to the accretion of such investment plus (z) any other adjustments made to the cost basis included in Ares Capital's financial statements, including PIK interest or additional amounts funded (net of repayments) minus (2) any amounts recorded in Ares Capital's financial statements as required by GAAP that are attributable to the amortization of such investment, whether such calculated Contractual Cost Basis is higher or lower than the fair value of such investment (as determined in accordance with GAAP) at the time of acquisition. In accordance with the above, the pro forma adjustments as of September 30, 2016 include \$31 for the capital gains incentive fees accrued in accordance with GAAP but do not reflect amounts that would actually be payable under the investment advisory and management agreement as such amounts would only be included in the contractual calculation when such related investments are ultimately realized.

F. Investment income and any unrealized gains and losses associated with actual exits and repayments of investments occurring between October 1, 2016 and October 31, 2016, or expected to be sold pursuant to contractual agreements as of October 31, 2016 were removed from the pro forma condensed consolidated statement of operations for the nine months ended September 30, 2016 and for the year ended December 31, 2015.

G. Reflects the interest expense associated with the additional draws under Ares Capital's revolving credit facilities assumed in Note D above.

H. Base management fees were computed based on 1.5% of average total assets (other than cash and cash equivalents but including assets purchased with borrowed funds) per Ares Capital's investment advisory and management agreement with Ares Capital Management.

I. Income based and capital gains incentive fees were recomputed based on the formulas described in Ares Capital's investment advisory and management agreement with Ares Capital Management. The additional income based fees prior to the consideration of the fee waiver from Ares Capital Management for the nine months ended September 30, 2016 and for the year ended December 31, 2015 were \$15 and \$9, respectively. After applying the fee waiver for such periods, the reduction in the income based fees for the nine months ended September 30, 2016 and for the year ended December 31, 2015 were \$15 and \$31, respectively.

J. Adjustments to other expenses were made to reflect compensation costs for American Capital employees that would have been covered by the base management fees paid to Ares Capital Management and therefore would not be directly incurred by Ares Capital. Additionally, all American Capital stock option costs were excluded as such costs would not exist at Ares Capital as there is no stock option plan maintained by Ares Capital. Lastly, any actual costs incurred related to the mergers and the Other Pro Forma Transactions were also excluded.

K. Adjustments were made to reflect that American Capital would have been a regulated investment company (RIC) under the Code and operated in a manner so as to qualify for the tax treatment applicable to RICs. For the periods presented, American Capital was subject to taxation as a corporation under Subchapter C of the Code.

L. Total shares outstanding as of September 30, 2016 have been adjusted to reflect the following:

Ares Capital shares outstanding as of September 30, 2016	313,349,662
Estimated shares issued in connection with the mergers reflected as outstanding for the periods presented	111,349,662
Ares Capital adjusted shares outstanding as of September 30, 2016	425,303,670

Weighted average shares for the nine months ended September 30, 2016 and the year ended December 31, 2015 have been adjusted to reflect the following:

	For the Nine Months Ended September 30, 2016	For the Year Ended December 31, 2015
Ares Capital weighted average shares outstanding	314,066,602	314,375,099
Estimated shares issued in connection with the mergers reflected as outstanding for the periods presented	111,349,662	111,349,662
Ares Capital adjusted weighted average shares outstanding	425,416,264	425,724,761

M. Includes compensation costs for certain American Capital employees that would have been subject to reimbursement by Ares Capital, pursuant to the administrative agreement with Ares Capital's administrator, Ares Operations, for Ares Capital's allocable share of such compensation. For the nine months ended September 30, 2016, includes such compensation costs of \$32. For the year ended December 31, 2015, includes such compensation costs of \$45. These compensation costs as well as other general and administrative expenses do not reflect any potential expense efficiencies of the mergers.

Capitalization

The following information supplements the information provided in the cover page of the Proxy Statement and Capitalization on page 295 of the Proxy Statement:

(2) This amount does not include deferred and unvested incentive awards under the Amended and Restated American Capital Performance Incentive Plan.

Legal Proceedings

The following information supplements the information provided in (1) Summary Risks Relating to the Transactions on page 98 of the Proxy Statement; (2) Risk Factors Risks Relating to the Transactions Litigation filed against members of American Capital's board of directors could prevent or delay the completion of the mergers or result in the payment of damages following completion of the mergers, and if the mergers are completed, the combined company may face additional risks on page 101 of the Proxy Statement; and (3) the third, fourth and fifth paragraphs of Business of Ares Capital Legal Proceedings on page 373 of the Proxy Statement:

American Capital and Ares Capital are aware that a consolidated putative shareholder class action has been filed by stockholders of American Capital challenging the mergers. If the mergers are completed, this legal proceeding may be material to the results of operations, cash flows or financial condition of the combined company. It is possible that third parties could try to seek to impose liability against the combined company in connection with this matter or other potential legal proceedings.

On or about August 18, 2016, shareholders of American Capital filed a consolidated putative shareholder class action allegedly on behalf of holders of the common stock of American Capital against the members of American Capital's board of directors in the Circuit Court for Montgomery County, Maryland due to the directors' actions in approving the proposed merger between Ares Capital and American Capital. This action is a consolidation of putative shareholder complaints filed against the directors of American Capital on June 24, 2016, July 12, 2016, July 21, 2016 and July 27, 2016. The action alleges that the directors failed to adequately discharge their fiduciary duties to the public shareholders of American Capital by hastily commencing a sales process due to the board's manipulation by a major shareholder, Elliott Management Corp. (together with its affiliates, Elliott Management). The complaint also alleges that the directors then failed to obtain for the shareholders the highest value available in the marketplace for their shares. The complaint further alleges that the proposed merger was the product of a flawed sales process due to Elliott Management's continued manipulation of the directors, the use of deal protection devices in the proposed merger with Ares Capital that precluded other bidders from making a higher offer to American Capital, and the directors' conflicts of interest due to special benefits, including the full vesting of American Capital stock options and incentive awards, or golden parachutes the directors are due to receive upon consummation of the proposed merger. Additionally, the complaint alleges that Ares Capital's Registration Statement on Form N-14, which was filed with the SEC on July 20, 2016 and includes a joint proxy statement to American Capital's shareholders, is materially false and misleading because it omits material information concerning the financial and procedural fairness of the proposed merger. The parties completed expedited discovery in this case on November 4, 2016. Plaintiffs are currently seeking to recover compensatory damages for all losses resulting from the alleged breaches of fiduciary duty.

American Capital and Ares Capital believe that the damages sought against American Capital are without merit.

Cautionary Statement Regarding Forward-Looking Statements

This communication contains forward-looking statements as that term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended by the Private Securities Litigation Reform Act of 1995, including statements regarding the proposed transaction between American Capital and Ares Capital pursuant to a merger between American Capital and Ares Capital. All statements, other than historical facts, including statements regarding the expected timing of the closing of the proposed transaction; the ability of the parties to complete the proposed transaction considering the various closing conditions; the expected benefits of the proposed transaction such as improved operations, enhanced revenues and cash flow, growth potential, market profile and financial strength; the competitive ability and position of the combined company following completion of the proposed transaction; and any assumptions underlying any of the foregoing, are forward-looking statements. Forward-looking statements concern future circumstances and results and other statements that are not historical facts and are sometimes identified by the words may, will, should, potential, intend, expect, endeavor, seek, estimate, overestimate, underestimate, believe, could, project, predict, continue, target or other similar words or expressions. Forward-looking statements are based upon current plans, estimates and expectations that are subject to risks, uncertainties and assumptions. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those indicated or anticipated by such forward-looking statements. The inclusion of such statements should not be regarded as a representation that such plans, estimates or expectations will be achieved. Important factors that could cause actual results to differ materially from such plans, estimates or expectations include, among others, (1) that one or more closing conditions to the transaction may not be satisfied or waived, on a timely basis or otherwise, including that a governmental entity may prohibit, delay or refuse to grant approval for the consummation of the

proposed transaction, may require conditions, limitations or restrictions in connection with such approvals or that the required approval by the stockholders of each of American Capital and Ares Capital may not be obtained; (2) the risk that the mergers or other transactions contemplated by the ARCC/ACAS merger agreement may not be completed in the time frame expected by American Capital and Ares Capital, or at all; (3) unexpected costs, charges or expenses resulting from the proposed transaction; (4) uncertainty of the expected financial performance of the combined company following completion of the proposed transaction; (5) failure to realize the anticipated benefits of the proposed transaction, including as a result of delay in completing the proposed transaction or integrating the businesses of American Capital and Ares Capital; (6) the ability of the combined company to implement its business strategy; (7) difficulties and delays in achieving synergies and cost savings of the combined company; (8) inability to retain and hire key personnel; (9) the occurrence of any event that could give rise to termination of the ARCC/ACAS merger agreement; (10) the risk that stockholder litigation in connection with the proposed transaction may affect the timing or occurrence of the contemplated merger or result in significant costs of defense, indemnification and liability; (11) evolving legal, regulatory and tax regimes; (12) changes in laws or regulations or interpretations of current laws and regulations that would impact Ares Capital's classification as a business development company; (13) changes in general economic and/or industry specific conditions; and (14) other risk factors as detailed from time to time in American Capital's and Ares Capital's reports filed with the SEC, including American Capital's and Ares Capital's respective annual reports on Form 10-K for the year ended December 31, 2015, periodic quarterly reports on Form 10-Q, periodic current reports on Form 8-K, the Joint Proxy Statement, the Registration Statement and other documents filed with the SEC.

Any forward-looking statements speak only as of the date of this communication. Neither American Capital nor Ares Capital undertakes any obligation to update any forward-looking statements, whether as a result of new information or development, future events or otherwise, except as required by law. Readers are cautioned not to place undue reliance on any of these forward-looking statements.
