**Item 1.01 Entry into a Material Definitive Agreement.**

On March 3, 2017, Avery Dennison Corporation, a Delaware corporation (the Company), closed the previously announced sale of 500,000,000 aggregate principal amount of the Company's 1.250% Senior Notes due 2025 (the Notes). The net proceeds from the offering, after deducting the underwriting discount and estimated offering expenses, were approximately 495.6 million. Of the net proceeds, approximately 200 million are being used to repay commercial paper borrowings with maturities under 180 days that we used to finance a portion of our acquisition of the European business of Mactac in August 2016 with the remainder being used for general corporate purposes, which may include the repayment of other indebtedness, including our 6.625% Guaranteed Notes due 2017, acquisitions, including the acquisitions of Hanita Coatings and Yongle Tape Company Ltd., capital expenditures, working capital and any other corporate purpose.

The offering of the Notes was registered under an effective Registration Statement on Form S-3 (Registration No. 333-211029). The Notes were issued pursuant to an indenture, dated as of November 20, 2007, as supplemented by a fourth supplemental indenture, dated as of March 3, 2017 (as supplemented, the Indenture), between the Company and The Bank of New York Mellon Trust Company, N.A., as Trustee. The Notes will bear interest at a rate of 1.250% per year, payable annually in arrears in cash on March 3 of each year, beginning on March 3, 2018. The Notes will mature on March 3, 2025. The Company may redeem some or all of the Notes at any time, at a price equal to the greater of (a) 100% of the principal amount of the Notes to be redeemed and (b) a make-whole amount as described in the Indenture, plus in either case accrued and unpaid interest to, but not including, the redemption date; provided, however, that if the Company redeems any Notes on or after December 3, 2024, the redemption price for the Notes will be equal to 100% of the principal amount of the Notes to be redeemed, plus accrued and unpaid interest to, but not including, the redemption date. If a change of control triggering event as described in the Indenture occurs, the Company will be required to offer to repurchase the Notes at a price equal to 101% of the principal amount plus accrued and unpaid interest to, but not including, the repurchase date.

The Notes are the Company's unsecured and unsubordinated obligations. The Notes rank equally in right of payment with all of the Company's other existing and future unsecured and unsubordinated indebtedness and other liabilities; senior in right of payment to all of the Company's existing and future subordinated indebtedness, if any; effectively junior to all of the Company's secured indebtedness, if any, to the extent of the value of the assets securing such indebtedness; and structurally subordinated to all existing and future indebtedness and other liabilities of the Company's subsidiaries. A copy of the Indenture is attached hereto, and is hereby filed. The descriptions of the Indenture and the Notes contained herein are summaries and are qualified in their entirety by the Indenture and Notes attached hereto as Exhibits 4.2 and 4.3, respectively.

Attached hereto as exhibits are the agreements and opinions relating to the offering. The exhibits are expressly incorporated herein and into the Registration Statement on Form S-3, and any amendments thereto, filed by the Company on April 29, 2016.
