BOARD OF DIRECTORS

The Role of the Board and Risk Oversight

The Board is responsible for overall corporate governance as well as for management and the strategic direction of the Company as a whole. The corporate governance guidelines are available at www.lannett.com. The Board and various committees of the Board meet regularly to discuss operating and financial reports presented by the Company, including but not limited to the Chief Executive Officer, Chief Financial Officer, and other members of management.

Assessing and managing risk is the responsibility of management; however the Board, through the Audit Committee, provides oversight and reviews various details regarding the Company's risk mitigation efforts. The Board is engaged in the Company's strategic planning efforts, which include evaluating the objectives and risks associated with these initiatives.

Through the Board's committees, the Board maintains broad oversight over various functions within the Company. The Audit Committee, under its charter, reviews and discusses risk exposures and the steps management has taken to monitor and mitigate each risk. The Compensation Committee and the Governance and Nominating Committee monitor risks associated with succession planning and the attraction and retention of talent, as well as risks related to the design of compensation programs within the Company.

The Board has adopted a Code of Business Conduct and Ethics (the "code of ethics"). The code of ethics applies to all employees including the Company's Chief Executive Officer, Chief Financial Officer, Corporate Controller, and other finance employees. The code of ethics is publicly available on our website at www.lannett.com. If the Company makes any substantive amendments to the code of ethics or grants any waiver, including any implicit waiver, from a provision of the code to our Chief Executive Officer, Chief Financial Officer, or Corporate Controller, we will disclose the nature of such amendment or waiver on our website or in a Current Report on Form 8-K.

The Board has established effective anti-hedging and anti-pledging policies. We have an insider trading policy - which among other restrictions - prohibits employees, officers and Directors, including Named Executive Officers (NEOs), from entering into short sales, calls or any other hedging transaction involving Lannett securities. In addition, the Board has a policy that prohibits Directors and NEOs from pledging Lannett stock. None of our Directors or NEOs has pledged Lannett stock as collateral for a personal loan or other obligations.

The members of the Board are expected to attend all Board meetings whether in person or via teleconference. Additionally, members of the Board are expected to attend the Annual Meeting.

The Board met four times during the fiscal year ended June 30, 2017 (Fiscal 2017). In addition to meetings of the Board, Directors attended meetings of individual Board committees. Each of the Directors attended at least 75% of the Board meetings and meetings of Board committees of which they were a member during Fiscal 2017. All Directors were present at the 2017 Annual Meeting.

Edgar Filing: LANNETT CO INC - Form DEF 14A

This past year the Board was actively engaged in interviewing CEO-level board candidates with the intention of adding industry experts to its ranks. In this endeavor, the Board was successful and is happy to report that on July 1, 2017, Mr. Patrick LePore joined the Board as an independent director. Mr. LePore is the former Chairman and CEO of a \$1 billion revenue generic and specialty pharmaceutical company, as well as an experienced public company director. We are currently seeking board candidates with a strong, strategic understanding and vision of the dynamic and changing generic and specialty pharmaceutical landscape. In addition, the Board remains cognizant of the unique benefits that diverse board candidates (e.g., race, gender, age, etc.) can bring to organizational performance, corporate strategy, and shareholder value creation; therefore, we keenly consider this factor in our search process.

Regarding CEO succession planning, on September 25, 2017, the Board publicly announced it had begun a search for a new Chief Executive Officer. Together with global executive recruiting firm, Spencer Stuart, a Search Committee consisting of Directors Mr. Jeffrey Farber, Mr. Patrick LePore, Mr. Albert Paonessa III, and Mr. David Drabik, have been conducting a rigorous selection process.

Board Leadership Structure

The Company's Corporate Governance Guidelines provide that a majority of our Directors should meet New York Stock Exchange (NYSE) independence requirements. The director will not be considered independent unless the Board determines that the director meets the NYSE independence requirements and has no relationship that in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of the director.

Our Board leadership structure is one under which Jeffrey Farber serves as Chairman of the Board. We currently have six other Directors, including Arthur P. Bedrosian, Chief Executive Officer. Five of the seven Directors currently serving on the Board of Directors are independent as defined by the NYSE. Effective January 1, 2018, Albert Paonessa III, one of our current Directors will no longer be considered to be independent under the NYSE standards. The Board has four permanent committees: the Audit Committee, Compensation Committee, Governance and Nominating Committee, and Strategic Planning Committee. In addition, the non-management members of the Board of Directors meet regularly without management directors or management personnel present.

The Board believes that the role of Chairman of the Board and Chief Executive Officer should be separate and that the Chairman should not be an employee of the Company. The Board believes that this separation benefits the stockholders in the form of increased oversight. As further oversight, the independent Board members also meet throughout the year in executive sessions where neither management personnel nor other non-independent directors are present. In the Company's case, this would exclude both Jeffrey Farber, Chairman of the Board and Arthur P. Bedrosian, Chief Executive Officer.

Lead Independent Director

The Board has established the policy of having a Lead Independent Director to be elected by and from the independent Directors - if the Chairman of the Board is not an independent Director. As our current Chairman of the Board is not an independent Director, the independent Directors elected an independent Director, David Drabik, to be the Lead Independent Director subject to an annual review by the independent Directors and subject to being re-elected as a director.

The role of the Lead Independent Director includes:

- Collaborating with the Chairman of the Board to set and approve the Board agenda;
- The authority to call and chair executive sessions of the independent Directors;
- Briefing the Chairman of the Board on issues discussed in executive sessions;

- Serving as liaison between the Chairman of the Board and the independent Directors; and
- Serving as liaison between the Chief Executive Officer and the independent Directors outside of formal Board meetings.

Overall, we believe that the separation of the Chairmanship and Chief Executive Officer positions, our strong committee system, and regular non-management director and independent director meetings allow for effective Board oversight of management.

Communicating with the Board of Directors

Interested persons may contact the non-management directors by sending written comments to 13200 Townsend Road, Philadelphia, Pennsylvania 19154 Attn: Board of Directors. The original communication as addressed or a summary of the submissions will be forwarded to the directors for discussion in the next directors meeting. If a summary of the communication is provided, the original communication will be maintained on file and available for the directors' review upon request.

Board Committees

The Board has four permanent committees - Audit Committee, Compensation Committee, Governance and Nominating Committee and Strategic Planning Committee. There were nine Audit Committee meetings, four Governance and Nominating Committee meetings, five Compensation Committee meetings, and one Strategic Planning Committee meeting held during Fiscal 2017. The following table shows the directors who are currently members of each Board Committee:

(2) Mr. LePore joined the Governance and Nominating Committee and Strategic Planning Committee in November 2017.

The **Audit Committee** has responsibility for overseeing the Company's financial reporting process on behalf of the Board. In addition, Audit Committee responsibilities include selection of the Company's independent auditors, conferring with the independent auditors regarding their audit of the Company's consolidated financial statements, pre-approving and reviewing the independent auditors' fees and considering whether non-audit services are compatible with maintaining their independence, and considering the adequacy of internal financial controls. The Audit Committee operates pursuant to a written charter adopted by the Board, which is available on the Company's website at www.lannett.com. The charter describes the nature and scope of the Audit Committee's responsibilities. All members of the Audit Committee are independent directors as defined by the rules of the NYSE. See Report of the Audit Committee.

Financial expert on Audit Committee: The Board has determined that James M. Maher, current director and chairman of the audit committee, is the audit committee financial expert as defined in section 3(a)(58) of the Exchange Act and the related rules of the Commission.

The **Compensation Committee** establishes and regularly reviews the Company's compensation philosophy, strategy, objectives and ethics and determines the compensation of the executive officers of the Company. For a discussion on the Compensation Committee's process and factors used in determining executive compensation refer to Compensation Discussion and Analysis starting on page 13. The Compensation Committee also administers the Company's equity compensation plans. The Compensation Committee operates pursuant to a written charter adopted by the Board, which is available on the Company's website at www.lannett.com. All members of the Compensation Committee are independent directors as defined by the rules of the NYSE. Effective January 1, 2018, Albert Paonessa III will no longer be considered an independent director under NYSE standards and will no longer be a member of the Compensation Committee.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee during Fiscal 2017 or as of the date of this Proxy Statement is or has been an officer or employee of the Company and no executive officer of the Company served on the compensation committee or board of any company that employed any

member of the Company's Compensation Committee or Board.

The **Governance and Nominating Committee** is responsible for identifying and evaluating individuals qualified to become Board members and for recommending such individuals for nomination. All candidates must possess an unquestionable commitment to high ethical standards and have a demonstrated reputation for integrity. Other factors considered in identifying and evaluating candidates include an individual's business experience, education, civic and community activities, knowledge and experience with respect to the issues impacting the pharmaceutical industry and public companies, as well as the ability of the individual to devote the necessary time to service as a director. Although the Governance and Nominating Committee does not have a formal diversity policy, it believes diversity is an important factor in determining the composition of the Board.

Once a person has been identified by the Governance and Nominating Committee as a potential candidate, the Governance and Nominating Committee performs a robust review, which includes collection of outside information, to include publicly available information and all other relevant information available to determine if the person should be considered further. Once this determination has been made the person is contacted. If the person expresses a willingness and interest to be considered to serve on the Board, the Governance and Nominating Committee will request further information from the candidate including resumes, references and other relevant information. A formal interview process is then held. The Governance and Nominating Committee will then consider all information, qualifications, and accomplishments, including comparisons to other potential candidates before making its final decision.

Table of Contents

The Governance and Nominating Committee will also consider candidates recommended by stockholders. All nominees will be evaluated in the same manner, regardless of whether they were recommended by the Governance and Nominating Committee or recommended by a stockholder. To have a candidate considered by the Governance and Nominating Committee, a stockholder must submit the recommendation in writing and must include the following information:

- The name of the stockholder and evidence of the person's ownership of Company stock, including the number of shares owned and the length of ownership; and
- The name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company and the person's consent to be considered as a director nominee if recommended by the Governance and Nominating Committee to the Board and nominated by the Board to be included in the proxy statement for election at the Annual Meeting.

The stockholder recommendation and information described above must be sent to the Company at 13200 Townsend Road, Philadelphia, Pennsylvania 19154, and must be received not less than 120 days prior to the anniversary date of the Company's most recent Annual Meeting.

The Governance and Nominating Committee operates pursuant to a written charter adopted by the Board, which is available on the Company's website at www.lannett.com. All members of the Governance and Nominating Committee are independent directors as defined by the rules of the NYSE.

The **Strategic Planning Committee** oversees the Company's medium and long-term business strategies, including the decisions regarding new product initiatives, joint ventures and alliances, new markets and other matters related to the Company's long-term planning process. The Strategic Planning Committee operates pursuant to a written charter adopted by the Board, which is available on the Company's website at www.lannett.com.

Executive Sessions of Independent Directors

In accordance with the rules and regulations of the NYSE, non-management independent directors meet at regularly scheduled executive sessions without management participation. At least once a year, an executive session is held with only independent Directors. Executive sessions are chaired by the Lead Independent Director.

Table of Contents

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is comprised of three independent directors (as defined in section 303(A) of the NYSE listing company manual) and maintains a written charter in accordance with rules of the NYSE.

Management is primarily responsible for the Company's financial statements and related internal controls over financial reporting. The independent registered public accounting firm is responsible for performing an audit of the Company's consolidated financial statements and related internal controls over financial reporting. The Audit Committee's responsibility is to monitor the Company's financial reporting and internal control processes and to review the performance and independence of the Company's independent registered public accounting firm.

Management has represented to the Audit Committee that the Company's consolidated financial statements were prepared, in all material respects, in accordance with accounting principles generally accepted in the United States, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm.

The Audit Committee has received from its independent registered public accounting firm written communications regarding the matters required to be discussed with the Audit Committee. These matters included information regarding the scope and results of their audit of the Company's financial statements, including with respect to (i) their responsibilities under generally accepted auditing standards, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant accounting adjustments, (v) any disagreements with management and (vi) any difficulties encountered in performing the audit. The Committee discussed these matters with the Company's independent registered public accounting firm, with and without management present.

The Company's independent registered public accounting firm also provided to the Audit Committee the written disclosures required by the Public Company Accounting Oversight Board, and the Audit Committee discussed the firm's independence with the independent registered public accounting firm. The Audit Committee also pre-approved all fiscal 2017 audit and non-audit services and fees and concluded that the non-audit services performed and related fees did not impair the independence of the independent registered public accounting firm.

Based upon the Audit Committee's discussions and reviews referred to above, the Audit Committee recommended that the audited consolidated financial statements be included in Lannett's Annual Report on Form 10-K for the fiscal year ended June 30, 2017 as filed with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis (CD&A) describes our 2017 Executive Compensation Program. It provides an overview of the compensation program for the following Named Executive Officers (NEOs) and how the Compensation Committee of the Board of Directors (the Committee) made its decisions for our 2017 fiscal year.

NEO	Title/Role
Arthur P. Bedrosian	Chief Executive Officer (CEO)
Martin P. Galvan	Vice President of Finance, Chief Financial Officer and Treasurer
Kevin Smith	Senior Vice President of Sales and Marketing
Robert Ehlinger	Vice President of Logistics and Chief Information Officer
John M. Abt	Vice President of Quality

Say on Pay Results in 2015

At our annual shareholders meeting in January 2012, our shareholders supported a triennial cycle for say-on-pay advisory votes relating to our Executive Compensation Program for NEOs. At that time, and again in January 2015, we provided our shareholders with the opportunity to approve, or to vote against, the compensation of our NEOs, as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act). The next say on pay vote will occur in January 2018, at which time our shareholders will also be asked to vote on the frequency of future say on pay proposals. At our January 2015 meeting, approximately 96% of the shareholders who voted on the say-on-pay proposal supported our program.

Although this vote is non-binding, its outcome, along with shareholder feedback and the competitive business environment, plays an important role in how the Committee makes decisions about the program's structure. To this end, during the past few years, the Committee conducted periodic reviews of the Executive Compensation Program, monitored industry practices and sought feedback from some of our largest investors.

The following pages of this CD&A highlight performance results since Fiscal 2014 that have had a direct impact on the compensation paid to our NEOs over the same period of time. It looks specifically at the performance measures used in the short- and long-term incentive awards under the Executive Compensation Program that the Committee believes drive shareholder value. It also describes recently approved changes for Fiscal 2018 to further align our Executive Compensation Program with our objectives and best competitive practice.

A Word About Risk

The Committee believes that incentive plans, along with the other elements of the Executive Compensation Program, provide appropriate rewards to our NEOs to keep them focused on our goals. The Committee also believes that the program's structure, along with its oversight, continues to provide a setting that does not encourage the NEOs to take excessive risks in their business decisions.

Executive Summary

Business Highlights

The Company achieved a number of strategic milestones in Fiscal 2017, including the ongoing success related to the integration of the Kremers Urban Pharmaceuticals Inc. (KUPI) acquisition, which closed in November 2015 and significantly increased our product portfolio and scope of operations. We also continued to execute on our management restructuring plan which resulted in the realization of transaction-related synergies. In addition, we reduced debt to strengthen our balance sheet. After several years of extraordinary performance through Fiscal 2015, our profitability and total shareholder return results were lower in Fiscal 2016 and 2017, primarily due to competitive pressures in the generic pharmaceutical market from consolidation among the largest chains and wholesalers into consortium purchasing groups, which resulted in lower average selling prices for our products. The decline in our Fiscal 2017 performance results adversely impacted executive pay levels as discussed further below.

Compared with Fiscal 2016 results, and based on GAAP, we increased Total Net Sales in Fiscal 2017 by approximately 17%, while Operating Income declined by 34%, and Diluted Loss Per Share declined to \$(0.02). Year over year comparisons were impacted by a variety of factors, such as the inclusion of a full year of KUPI revenues in Fiscal 2017, the introduction of Medicaid's Inflation-Adjusted Rebate program that became effective January 1, 2017 which resulted in additional rebate costs, and higher cost of sales, operating expenses, and interest expense. Fiscal 2017 results include approximately \$88.1 million in impairment charges, a \$4.0 million adjustment to the Fiscal 2016 Settlement Agreement with a former customer, \$11.1 million in acquisition-related and

Table of Contents

restructuring expenses, and certain other non-recurring costs. Excluding these items, and on a non-GAAP basis, Adjusted Operating Income declined by approximately 6% and Adjusted earnings per diluted share declined by approximately 16% compared with Fiscal 2016 results. In addition, our stock price has been negatively impacted by short-sellers who currently represent more than half of the Company's public float. As a result, our stock price decreased by approximately 15% during the 12-month period ending June 30, 2017 and by a total of approximately 60% over the past three years.

Our acquisitions of KUPI and Silarx, Inc. (which closed in June 2015) further diversified our product portfolio and expanded our customer base. Our leadership team has worked diligently to integrate KUPI into our Company and expects to achieve annualized synergies of \$50 million by the end of Fiscal 2018 and \$65 million by the end of Fiscal 2020. We also reduced debt by \$178.2 million in Fiscal 2017, which will help lower future interest expense. While Fiscal 2017 profitability was unfavorably impacted by the KUPI acquisition, we continue to believe this transaction positions the Company for long-term growth and shareholder value creation.

In addition, we continued to make important advances in product development and mix, market share, and in our regulatory approval process, allowing us to efficiently and safely place our products that span a variety of categories on the market. As of June 30, 2017, we had approximately 100 products available to the market, with an additional 19 Abbreviated New Drug Applications (ANDAs) pending regulatory approval. We also continue to capitalize on our strategic partnerships, both domestically and internationally.

Key financial performance highlights, as reported in accordance with GAAP requirements and including the impact of the KUPI acquisition, include:

Comparison of CEO Pay (In Year Earned) Versus Performance

The following charts compare CEO pay with Company performance, as measured by diluted Earnings (Loss) Per Share and indexed Total Shareholder Returns (TSR), between fiscal years 2014 and 2017. To more accurately demonstrate the alignment between executive pay and Company performance, comparisons include annual equity grants in the year earned, as opposed to the year granted. This approach differs from current reporting requirements for the Summary Compensation Table and Grants of Plan-Based Awards Table, which reflect equity award values in the year of grant. Except for a modest equity grant to recognize the ongoing success related to the integration of KUPI, no short-term or long-term incentive awards were earned by our CEO or other NEOs in Fiscal 2017, with pro forma total compensation for our CEO declining by approximately 54% as compared with Fiscal 2016. While NEO pay is tied to a variety of performance criteria and other factors, we believe these selected charts demonstrate our commitment to aligning executive pay with Company performance.

Fiscal 2017 Executive Compensation Program Changes

As our Company grows, the Committee is committed to the evolution and improvement of our Executive Compensation Program to ensure alignment with our business strategy and shareholder interests, as well as best competitive practices. The Committee made the following adjustments to the program's core compensation elements for 2017:

What's Changed	How It's Changed	Explanation
Short-Term Incentives (Annual Bonus)	<ul style="list-style-type: none"> Increased the target award opportunity for the CEO from 80% of salary to 90% of salary, to improve pay competitiveness. 	No changes were made to performance metrics or weightings. Mr. Bedrosian's target award opportunity was increased to position target annual cash compensation more in line with 50th percentile market values.
Long-Term Incentives		

- Increased target award opportunities for several NEOs to improve pay competitiveness, with grants for Fiscal 2017 performance to be provided through a value mix of 45% restricted stock, 30% stock options, and 25% performance-based restricted stock.

The Committee continued to link equity grant levels to Company performance to strengthen alignment with shareholder interests. A performance-based restricted stock component tied to relative total shareholder return was introduced to further align executive and shareholder interests.

- Grant levels will continue to be tied to Company performance, and can range from 0% to 150% of target awards based on actual results versus pre-established goals.

Our Commitment to Sound Corporate Governance

In order to align our executive compensation program with long-term shareholder interests, we have adopted a variety of sound corporate governance practices, as illustrated in the following table:

What We Do	What We Don't Do
<ul style="list-style-type: none"> • Emphasize variable incentives to align pay with performance • Tie incentive compensation to multiple performance metrics that reinforce key business objectives • Place primary emphasis on equity compensation to align executive and shareholder interests • Use stock ownership guidelines for executive officers and non-employee directors • Maintain a clawback policy allowing for the recoupment of excess compensation in the event of a material financial restatement and fraud or misconduct • Engage an independent compensation consultant to advise the Compensation Committee 	<ul style="list-style-type: none"> • Provide multi-year pay guarantees within employment agreements • Allow stock option repricing without shareholder approval • Permit stock hedging or pledging activities • Provide uncapped incentive awards • Pay tax gross-ups on any awards • Provide excessive executive perquisites

Overview of the Executive Compensation Program

Our Philosophy

A fundamental objective of our Executive Compensation Program is to focus our executives on creating long-term shareholder value. All aspects of our program are rooted in this goal and designed around the following guiding principles:

- **Pay for performance:** A significant portion of compensation should be variable and directly linked to corporate and individual performance goals and results.

- **Competitiveness:** Compensation should be sufficiently competitive to attract, motivate and retain an executive team fully capable of driving exceptional performance.

- **Alignment:** The interests of executives should be aligned with those of our shareholders through equity-based compensation and performance measures that help to drive shareholder value over the long term.

To support these guiding principles, our program includes the following compensation elements:

Pay Element	Form	Purpose
Base Salary	Cash (Fixed)	Provides a competitive level of compensation that reflects position responsibilities, strategic importance of the position and individual experience.
Short-Term Incentives (Annual Bonus)	Cash (Variable)	Provides a cash-based award that recognizes the achievement of corporate goals in support of the annual business plan, as well as specific, qualitative and quantitative individual goals for the most recently completed fiscal year.
Long-Term Incentives	Equity (Variable)	Provides incentives for management to execute on financial and strategic goals that drive long-term shareholder value creation and support the Company's retention strategy.

Target Compensation Mix

The charts below show that most of our NEO's target compensation for Fiscal 2017 is variable (79% for our CEO and an average of 67% for our other NEOs). Variable pay includes the target value of short-term cash incentives (STI), stock options, and restricted stock.

Table of Contents

Based upon Fiscal 2017 compensation as reported in the Summary Compensation Table on page 25 of this Proxy Statement, variable pay represents 25% of total pay for our CEO and average total pay for our other NEOs. This mix reflects no annual incentives earned in Fiscal 2017 under the Annual Bonus Plan (shown as STI), below-target equity grants in Fiscal 2017 based on Fiscal 2016 Company performance, and one-time special recognition restricted stock awards for the ongoing integration of KUPI granted in Fiscal 2017.

How Compensation Decisions Are Made

- **The Role of the Compensation Committee.** The Committee, composed entirely of independent directors, is responsible for making executive compensation decisions for the NEOs. The Committee works closely with its independent compensation consultant, Pearl Meyer & Partners (Pearl Meyer), and management to examine pay and performance matters throughout the year. The Committee s charter, which sets out its objectives and responsibilities, can be found at our website at www.lannett.com under Investor Relations.

The Committee has authority and responsibility to establish and periodically review our Executive Compensation Program and compensation philosophy. Importantly, the Committee also has the sole responsibility for approving the corporate performance goals upon which compensation for the CEO is based, evaluating the CEO s performance and determining and approving the CEO s

Table of Contents

compensation, including equity-based compensation, based on the achievement of his goals. The Committee also reviews and approves compensation levels for other NEOs, taking into consideration recommendations from the CEO.

In making its determinations, the Committee considers market data and advice from Pearl Meyer, as well as budgets, reports, performance assessments and other information provided by management. It also considers other factors, such as the experience, skill sets, and contributions of each NEO towards our overall success. However, the Committee is ultimately responsible for all compensation-related decisions for the NEOs and may exercise its own business judgment when evaluating performance results and making compensation decisions.

Timing of Committee Meetings and Grants; Option and Share Pricing

The Committee meets as necessary to fulfill its responsibilities, and the timing of these meetings is established during the year. The Committee holds special meetings from time to time as its workload requires. Annual equity grants typically occur after finalizing fiscal year end performance results. Historically, annual grants of equity awards were typically approved at a meeting of the Committee in August/September of each year to reward prior year performance. Beginning with grants made in Fiscal 2015, annual equity grants occur in the July/August time frame, reflecting the Company's status change to a large accelerated filer (with an expedited filing date requirement) as a result of our strong growth and significant increase in equity market capitalization. Individual grants (for example, associated with the timing of a new NEO or promotion to an NEO position) and special recognition awards may occur at any time of year. The exercise price of each stock option and fair value of restricted stock awarded to our NEOs is the closing price of our common stock on the date of grant.

- **The Role of the CEO.** The CEO does not play any role in the Committee's determination of his own compensation. However, he presents the Committee with recommendations for each element of compensation including base salaries and short- and long-term incentive awards for the other NEOs, as well as non-executive employees who are eligible for equity grants. The CEO bases these recommendations upon his assessment of each individual's performance, as well as market practice. The Committee has full discretion to modify the recommendations of the CEO in the course of its approvals.
- **The Role of the Independent Consultant.** The Committee consults, as needed, with an outside compensation consulting firm. As it makes decisions about executive compensation, the Committee reviews data and advice from its consultant about current compensation practices and trends among publicly-traded companies in general and comparable generic pharmaceutical companies in particular. The Committee also reviews recommendations from its outside consultant and makes recommendations to the Board about the compensation for non-employee directors.

In Fiscal 2016, Pearl Meyer was retained by the Committee, as its independent consultant, to review the competitiveness of the Executive Compensation Program. Pearl Meyer provided the Committee with compensation data with respect to similarly sized biopharmaceutical and life sciences companies and consulted with the Committee about a variety of issues related to competitive compensation practices and incentive plan designs. Pearl Meyer was also retained by the Committee in Fiscal 2017 to review the competitiveness of the Executive Compensation Program and to provide ongoing advice relating to the Executive Compensation Program. The Committee assessed the independence of Pearl Meyer pursuant to the SEC rules and concluded that no conflict of interest exists that would prevent Pearl Meyer from independently advising the

Committee.

Peer Group & Benchmarking

The Committee evaluates industry-specific and general market compensation practices and trends to ensure the Executive Compensation Program is appropriately competitive. When making decisions about the program for Fiscal 2017, the Committee considered publicly-available data, as well as a market study conducted by Pearl Meyer in May 2016. The Pearl Meyer study developed market values using a blend of peer group proxy pay data for the companies shown below as well as published survey data for the broader life sciences industry. Using this information, the Committee compared our program to the compensation practices of other companies which the Committee believes are comparable to the Company in terms of size, scope and business complexity (the peer group). As shown below, the Company ranked in the upper half of the peer group in terms of employee headcount, at the 50th percentile for net sales and profitability, and between the 25th and 50th percentiles for enterprise value.

For purposes of a subsequent market pay analysis conducted by Pearl Meyer in April 2017, the Committee maintained the same peer group as shown above, other than to exclude The Medicines Company on the basis of size. The Committee uses external market data as a reference point to ensure the Company's executive compensation program is sufficiently competitive to attract, retain, and motivate highly experienced and talented NEOs. The Committee generally seeks to position target total direct compensation for NEOs at or near 50th percentile market values for comparable positions, but does not utilize a purely formulaic benchmarking approach. Based on the May 2016 Pearl Meyer study, target total direct compensation, including the sum of base salary plus target short-term and long-term incentives, was below the competitive range (defined as +/- 10%) of 50th percentile market values for Messrs. Bedrosian, Galvan and Smith, within the range for Mr. Ehlinger, and above the range for Mr. Abt. Excluding Mr. Bedrosian, whose target pay was just slightly above the 25th percentile, aggregate target total direct compensation was equal to 84% of the 50th percentile. Pay competitiveness comparisons reflected the impact of the KUPI acquisition, which significantly increased the size of our Company and corresponding executive market values. As previously noted, when evaluating our executive compensation program, the Committee considers a variety of other factors in addition to external market data, such as Company and individual performance, and each NEO's qualifications, skill sets, and past and expected future contributions towards our success.

2017 Executive Compensation Program DecisionsBase Salary

We attribute much of our success to our highly-experienced executive management team, and the strength of their leadership has been clearly demonstrated by our exceptional long-term performance results and growth. In order to remain competitive among our industry peers, the Committee believes it should set compensation at market-competitive levels that reflect the executive's experience, role and responsibilities. In Fiscal 2017, the Committee approved base salary increases to Messrs. Bedrosian, Galvan, Smith and Ehlinger to bring them to the 50th percentile of comparable organizations, as reported in Pearl Meyer's May 2016 market pay analysis. Prior to these market adjustments, salaries for these executives were well below 50th percentile market values, which increased considerably following the KUPI acquisition. No increase was provided for Mr. Abt, whose base salary was already near the 50th percentile.

Short-Term Incentives (Annual Bonus)

The Company's NEOs participate in an annual bonus program, which is designed to reinforce the annual business plan and budgeted goals and to recognize yearly performance achievements focused primarily on financial and operating results. Actual payouts can

Table of Contents

range from 0% (below threshold) to 200% (superior performance) of target awards and are paid in cash. The Committee sets each NEO's threshold, target and superior bonus opportunity as a percentage of base salary, as follows:

NEO	Annual Bonus Opportunity As a % of Salary		
	Threshold (25% of Target)	Target (100% of Target)	Superior (200% of Target)
Arthur P. Bedrosian	22.5%	90%	180%
Martin P. Galvan Kevin Smith John Abt	15%	60%	120%
Robert Ehlinger	12.5%	50%	100%

In Fiscal 2017, Mr. Bedrosian's target award opportunity was increased from 80% of salary to 90% of salary to align more closely with 50th percentile market values. Expressed as percentages of salary, Fiscal 2017 award opportunities for all other NEOs were the same as those established in Fiscal 2016.

The overall annual bonus plan for Fiscal 2017 was comprised of two components:

- **Corporate Financial & Operational Goals: 90% (95% for the CEO) of the total target award opportunity** is tied to operating results versus targets established by the Committee to promote a focus on Company-wide profitable growth and collaboration:

Performance Metric	Weighting (Out of 100%)	
	CEO	Other NEOs
Adjusted Operating Income	50%	50%
Adjusted Earnings Per Share (EPS)	25%	20%
Adjusted Net Sales	20%	20%
Individual Objectives	5%	10%

Fiscal 2017 performance metrics and weightings were the same as those established in Fiscal 2016. Adjusted Operating Income is defined as operating income excluding bonus and stock-based compensation expense, as further adjusted for certain non-recurring items.

Adjusted EPS is defined as diluted EPS excluding bonus and stock-based compensation expense, as further adjusted for certain non-recurring items. Adjusted Net Sales is defined as Net Sales excluding the impact of a customer settlement charge. Any adjustments are reviewed and approved by the Committee.

- **Individual Objectives: 10% (5% for the CEO) of the total target award opportunity** is based on the achievement of pre-established quantitative and qualitative individual goals, to promote individual accountability and line of sight. Fiscal 2017 goals were tied to various strategic, financial and operational objectives, taking into consideration each NEO's job function and responsibilities. For competitive harm reasons, the Company does not

disclose specific details on individual goals and strategic objectives.

2017 Short-Term Incentives (Annual Bonus): Results and Payouts

- Corporate Financial & Operational Results (Collectively Weighted 90% to 95% of Target Award).** Fiscal 2017 Target goals for Adjusted Operating Income, Adjusted EPS, and Adjusted Net Sales were set well above Fiscal 2016 actual levels, taking into consideration the impact of the KUPI acquisition. The Committee maintained the hurdle for Fiscal 2017 Threshold performance goals at 90% of Target goals and Superior goals at 120% of Target. The Committee viewed these performance hurdles as very challenging in light of then-current internal forecasts and economic conditions. Fiscal 2017 financial performance goals and actual results are shown in the following table:

Performance Metric	Weighting (Out of 100%)	Threshold	Performance Goals		Actual
			Target	Superior	
Adjusted Operating Income (\$ millions)	50%	\$ 283.0	\$ 314.4	\$ 377.3	\$ 238.0
Adjusted EPS	20% (25% for CEO)	\$ 3.75	\$ 4.17	\$ 5.00	\$ 3.00
Adjusted Net Sales (\$ millions)	20%	\$ 653.1	\$ 725.7	\$ 870.8	\$ 637.3

Actual Fiscal 2017 performance results were below Threshold levels for all three financial metrics. Actual Adjusted Operating Income for Fiscal 2017 excluded pre-tax items totaling approximately \$143.8 million, including acquisition-related expenditures, impairments, purchase accounting-related expenses due to the KUPI acquisition, and other non-recurring items. Actual Adjusted EPS excluded the same \$143.8 million in pre-tax items plus \$20.7 million in non-cash interest expense as well as the related tax effects for

Table of Contents

all of these items. The Adjusted Net Sales performance metric excluded \$4.0 million related to an adjustment to the Fiscal 2016 Settlement Agreement with a former customer.

Total Annual Bonus

Based on our below-threshold financial performance results and individual contributions, no payouts were earned by the NEOs under the Annual Bonus Plan.

Long-Term Incentives

In Fiscal 2015, the Committee approved a long-term incentive program that ties equity grant levels to Company performance, using the same financial and operational metrics as under the Annual Bonus Plan. Actual grants could range from 0% (for below threshold results) to 150% (for superior performance) of target award levels. Award funding levels for 2016 and 2017 performance cycles were as follows:

Performance Result	Percentage of Target Equity Grants Earned (as % of Target Grant)
Below Threshold	0% (subject to Committee discretion)
Threshold (90% of Target)	50%
Target (100% of Target)	100%
Superior (120% of Target)	150%

Grants Made in Fiscal 2017 (Based on Fiscal 2016 Performance)

Expressed as percentages of base salary, Fiscal 2016 target award opportunities were equal to 200% for Mr. Bedrosian, 125% for Mr. Galvan, and 100% for all other NEOs. Any earned awards would be provided based on a value mix of 65% restricted stock and 35% stock options.

In Fiscal 2016, the Company achieved financial performance results between Threshold and Target levels for Adjusted Net Sales and below Threshold levels for profitability. Based on Company financial and individual performance results, the Committee approved the following grants to NEO in Fiscal 2017, with grant date values ranging from approximately 15% to 18% of target award levels, and effective as of July 27, 2016:

NEO	Equity Grants Earned Based on Fiscal 2016 Performance	
	# of Stock Options	# of Restricted Shares
Arthur P. Bedrosian	4,088	3,718
Martin P. Galvan	1,769	1,609
Kevin Smith	1,570	1,428

Edgar Filing: LANNETT CO INC - Form DEF 14A

Robert Ehlinger	968	881
John Abt	1,155	1,050

These stock options vest in three equal annual increments, beginning on the first anniversary of grant and expire on the tenth anniversary from the date of grant. Each stock option has an exercise price of \$31.30, equal to our closing stock price on the date of grant. Restricted stock also vests in three equal annual increments, beginning on the first anniversary of grant.

Special Recognition Restricted Stock Grants in Fiscal 2017 for KUPI Integration

To recognize the ongoing success related to the integration of KUPI, the Committee approved one-time restricted stock grants to our NEOs in November 2016 as follows:

NEO	Special Recognition Restricted Stock Grant (# of Shares)
Arthur P. Bedrosian	3,351
Martin P. Galvan	2,681
Kevin Smith	2,681
Robert Ehlinger	2,681
John Abt	2,681

In approving these awards, the Committee considered the efforts and contributions of each executive towards the successful integration of KUPI, the maintenance and expansion of customer relationships, and significant progress made towards achieving

Table of Contents

targeted cost synergies. Grants were made on November 9, 2016 and vest in three annual increments, beginning on the first anniversary of grant.

Grants Made in Fiscal 2018 (Based on Fiscal 2017 Performance)

Expressed as percentages of salary, target award opportunities for Messrs. Bedrosian, Galvan, and Smith were increased to position target total direct compensation more in line with 50th percentile market values for comparable organizations, while no changes were made for Messrs. Abt and Ehlinger. Mr. Bedrosian's target award opportunity was increased to 300% of salary, Mr. Galvan's target award opportunity was increased to 200% of salary, and Mr. Smith's target award opportunity was increased to 150% of salary. The Committee also modified the mix for any earned awards, with 45% of the grant value provided in the form of restricted stock, 30% in the form of stock options, and 25% in the form of performance-based restricted stock based on our three-year TSR relative to industry peers.

Based on below-threshold Company and individual performance results in Fiscal 2017, no equity grants were earned by NEOs. If Fiscal 2017 performance goals had been achieved, equity grants would have occurred in July 2017 and been included in the Summary Compensation Table and Grants of Plan-Based Awards Table in the Form 10-K and proxy filings for Fiscal 2018, per current SEC reporting requirements.

Other Policies, Programs and Guidelines

The Company currently maintains a clawback policy under the Sarbanes-Oxley Act, with incentive awards for the CEO and CFO subject to recoupment in the event of a material financial restatement triggered by fraud or misconduct. Additionally, any employee who violates the provisions of the Company's Code of Business Conduct and Ethics is subject to disciplinary penalties that may include termination of employment.

The Committee intends to comply with any regulatory requirements pertaining to clawback provisions under the Dodd-Frank Act once rules are finalized by the SEC and New York Stock Exchange. NEOs, like all other employees, have retirement programs and other benefits as part of their overall compensation package. The Committee believes that these programs and benefits support our compensation philosophy, part of which is to provide compensation that is sufficiently competitive to attract, motivate and retain an executive team fully capable of driving exceptional performance. The Committee periodically reviews these programs to validate that they are reasonable and consistent with market practice. Attributed costs of the personal benefits available to the NEOs are included in column (h) of the Summary Compensation Table on page 25.

- **Retirement Benefits.** Each of our NEOs is eligible to participate in a 401(k) plan that is available to all employees. The Company provides matching contributions on a \$0.50 basis up to 8% of the contributing employee's base salary, subject to limitations of the 401(k) plan and applicable law.

- **Other Benefits.** Our NEOs are eligible to participate in the same health benefits available to all other employees there are no special medical plans for our NEOs. Lannett provides life insurance for NEOs which would, in the event of death, pay up to \$500,000 to designated beneficiaries. Premiums paid for coverage above \$50,000 are treated as imputed income. Lannett also provides short- and long-term disability insurance which would, in the event of disability, pay the NEO 70% of his base salary up to the plan limits of \$2,000 per week for short-term disability and \$15,000 per month for long-term disability. The NEOs are also provided with car allowances.
- **Post-Termination Pay.** The Committee believes that reasonable severance and change-in-control benefits are necessary in order to recruit and retain qualified senior executives and are generally required by the competitive recruiting environment within our industry and the marketplace in general. These severance benefits reflect the fact that it may be difficult for our NEOs to find comparable employment within a short period of time, and are designed to alleviate concerns about the loss of his or her position without cause. The Committee also believes that a change-in-control arrangement will provide security that will likely reduce the reluctance of an NEO to pursue a change in control transaction that could be in the best interest of our shareholders. Lannett's severance plan is designed to pay severance benefits to a NEO for a qualifying separation. For the CEO, the severance plan provides for payment of three times base salary, plus a pro-rated annual cash bonus for the current year calculated as if all targets and goals are achieved. For the other NEOs, the severance plan provides for a payment of 18-months of base salary, plus a pro-rated annual cash bonus for the current year calculated as if all targets and goals are achieved.
- **Tax and Accounting Implications.** Section 162(m) of the Internal Revenue Code of 1986, as amended, precludes the deductibility of a NEO's compensation that exceeds \$1,000,000 per year unless the compensation is paid under a performance-based plan that has been approved by shareholders. The Committee believes that it is generally preferable to comply with the requirements of 162(m) through, for example, the use of certain types of equity grants under our 2014 Long-Term Incentive Plan.

Table of Contents

However, to maintain flexibility in compensating NEOs in a manner consistent with our compensation philosophy, the Committee may elect to provide compensation outside those requirements when it deems appropriate. The Committee believes that shareholder interests are best served by not restricting the Committee's discretion in this regard, even though such compensation may result in non-deductible compensation expenses to the Company.

Looking Ahead: Executive Compensation Program Changes for Fiscal 2018

For Fiscal 2018, the Committee decided to not increase base salaries for NEOs, to modify the short-term incentive (Annual Bonus) design, and to modify the long-term incentive plan design, as shown below:

- **Short-Term Incentives (Annual Bonus).** For Fiscal 2018, performance metrics are similar to those for Fiscal 2017, with a revised mix that places increased emphasis on the strategic / individual objectives component to further reinforce line of sight and key strategic initiatives such as product development and launches:

Performance Metrics	Weighting (Out of 100%)
Adjusted Operating Income	40%
Adjusted EPS	20%
Adjusted Net Sales	20%
Strategic / Individual Objectives	20%

The target annual bonus opportunity for Mr. Bedrosian increased to 100% of base salary, to more closely align annual cash compensation with 50th percentile market values. For other NEOs, target annual bonus opportunities, expressed as percentages of base salary, are the same as in Fiscal 2017. Based on established Target performance goals for Fiscal 2018, the Committee chose to set Threshold performance levels at 85% of Target and Superior performance levels at 120% of Target.

- **Long-Term Incentives.** Expressed as percentages of base salary, target long-term incentive award opportunities for all NEOs are the same as those for Fiscal 2017. The target value mix for equity grants is the same as in Fiscal 2017 and is summarized below:

Award Vehicle	Weighting (Out of 100%)	Performance Criteria
Restricted Stock	45%	Grant levels based on Fiscal 2018 Company performance
Stock Options	30%	

Equity grant levels for the stock option and restricted stock components will be based on the Company's Fiscal 2018 financial performance using the same corporate metrics as under the Annual Bonus Plan. Based on established Target performance goals for Fiscal 2018, and consistent with performance ranges within the Fiscal 2018 Annual Bonus Plan design, the Committee set award levels as follows:

Fiscal 2018 Performance Result	Percentage of Target Award Opportunity Earned
Below Threshold	(subject to Committee discretion)
Threshold (85% of Target)	50%
Target (100% of Target)	100%
Superior (120% of Target)	150%

Stock option and restricted stock grants, if any, will occur following the end of Fiscal 2018, with earned awards vesting in three equal annual increments based on continued service.

For the performance share component, award opportunities can range from 0% to 200% of target levels, based on our three-year TSR relative to companies in the S&P Pharmaceuticals Select Industry Index, as follows:

Lannett Three-Year Relative TSR vs. S&P Pharmaceuticals Select Index	Percentage of Target Award Opportunity Earned
Below 40th Percentile	
40th Percentile	50%
50th Percentile	100%
80th Percentile or Higher	200%

Because they are tied to prospective goals, performance share grants will occur during the first 90 days of each three-year cycle.

(4) Stock options were valued using the Black-Scholes option pricing model. The assumptions used in fair value calculations are described in Note 17, Share-based Compensation, in the Form 10-K. Employment and Separation Agreements

The Company has entered into employment agreements with its current NEOs. Each of the agreements provides for an annual base salary and eligibility to receive a bonus. The salary and bonus amounts of these executives are determined by the review and approval of the Compensation Committee in accordance with the Committee's charter as approved by the Board of Directors. Additionally, these executives are eligible to receive stock options and restricted stock awards. Under the agreements, these executive employees may be terminated at any time with or without cause, or by reason of death or disability. In certain termination situations, the Company is liable to pay these executives severance compensation as discussed in the table below.

Table of ContentsPotential Payments upon Termination or Change in Control

The following table assumes that the relevant triggering event occurred on June 30, 2017. The fair market values of share-based compensation (i.e. Stock Options and Restricted Stock) were calculated using the closing price of Lannett Company, Inc. stock (\$20.40) on June 30, 2017, which was the last trading day of Fiscal 2017. The spread, the difference between the fair market value of Lannett Company's stock on June 30, 2017, and the option exercise price, was used for valuing stock options.

COMPENSATION OF DIRECTORS

Our Board of Directors is actively involved in providing strategic direction and fiduciary oversight to the Company. During Fiscal 2017 we had a total of six Board members, which resulted in a significant workload for our directors, with our four independent directors serving on an average of three committees each. Our Board of Directors held numerous meetings and teleconferences in Fiscal 2017 in carrying out its responsibilities.

For Fiscal 2017, our non-employee directors received a cash retainer of \$90,000, payable in monthly increments of \$7,500, for Board and committee service. For serving as Lead Independent Director, Mr. Drabik also receives an additional retainer of \$1,000 per month. Our independent directors also received additional cash fees ranging from \$2,000 to \$4,000 for participating in Special Committee meetings during Fiscal 2017. No other cash retainers or meeting fees were provided.

Board members receive annual equity grants to recognize their service during the prior fiscal year. Grant levels may vary from year to year based on Company performance. Based on the Company's performance and the significant efforts and contributions of our directors in Fiscal 2016, in July 2016, each non-employee Board member received an award of 4,075 common shares with a grant date value of \$124,980, immediately vested at grant. These grants are shown in the table below, since they occurred in Fiscal 2017. Based on the Company's performance and the significant efforts and contributions of our directors in Fiscal 2017, in July 2017, each non-employee Board member received an award of 6,977 common shares with a grant date value of \$150,006. Grant date values for this grant will be reported in the director compensation table for Fiscal 2018, since the grant occurred after the end of Fiscal 2017. As an executive director, Mr. Bedrosian does not receive an additional grant for board service.

Effective in July 2014, the Board of Directors approved stock ownership guidelines for non-employee directors equal to three times their cash retainer. Non-employee directors must meet required ownership levels within five years of first becoming subject to the guidelines. All directors other than Mr. Paonessa, who joined the board in Fiscal 2016, and Mr. Patrick LePore, who joined the board in Fiscal 2018, currently meet required ownership levels.

We maintain policies that prohibit Directors from pledging Lannett stock or engaging in activity considered hedging of our common stock, and none of our Directors has pledged Lannett stock as collateral for a personal loan or other obligations.

The following table shows compensation information for Fiscal 2017 for non-employee members of our Board of Directors.

PROPOSAL NO. 3 NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our stockholders to vote, on an advisory basis, on the compensation of our named executive officers as disclosed under the Executive Compensation section of this proxy statement. As described under the Executive Compensation section of this proxy statement the overall objective of our executive compensation program is to focus our executives on creating long-term shareholder value and directly linking corporate and individual performance goals with the results of the Company. Accordingly, for the reasons discussed in the Compensation Discussion and Analysis section of this proxy statement, we are asking our stockholders to vote FOR this proposal.

While we intend to carefully consider the voting results of this proposal, the vote is advisory and therefore not binding on the Company, the Compensation Committee or our Board of Directors. Our Board of Directors and Compensation Committee value the opinions of all our stockholders and will consider the outcome of this vote when making future compensation decisions for our named executive officers.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE **FOR** THIS PROPOSAL TO APPROVE, ON AN ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED UNDER THE EXECUTIVE COMPENSATION SECTION OF THIS PROXY STATEMENT.

PROPOSAL NO. 4 NON-BINDING ADVISORY VOTE ON FREQUENCY OF THE STOCKHOLDER VOTE ON EXECUTIVE COMPENSATION

As required by Regulation 14A of the Exchange Act, we are seeking a stockholder vote, on an advisory basis, on the frequency with which we include in our proxy statement an advisory vote on executive compensation. By voting on this proposal, stockholders may indicate whether they prefer that we seek such an advisory vote every one, two or three years. Pursuant to Section 14A of the Exchange Act, we are required to hold at least once every six years an advisory stockholder vote to determine the frequency of the advisory stockholder vote on executive compensation.

After consideration of this proposal, our Board of Directors determined that an advisory vote on executive compensation that occurs every three years is the most appropriate alternative for the Company and therefore recommends a vote for a triennial advisory vote. In reaching its recommendation, our Board of Directors considered that a triennial advisory vote would permit the pay for performance elements of our compensation programs to be judged over a period of time. Our Board of Directors believes that a well-structured compensation program should include policies and practices that emphasize the creation of stockholder value over the long-term and that the effectiveness of such plans cannot be best evaluated on an annual or biennial basis.

While we intend to carefully consider the voting results of this proposal, the vote is advisory in nature and therefore not binding on us, our Directors or our Compensation Committee. Our Board of Directors and Compensation Committee value the opinions of our all our stockholders and will consider the outcome of this vote when deciding upon the frequency of stockholder votes on executive compensation.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT AN ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS BE HELD EVERY THREE YEARS.
