Item 1.01 Entry into a Material Definitive Agreement.

On February 3, 2005, PNM Resources, Inc. (the "Company") issued a press release announcing it has reached an agreement in Texas ("Settlement Agreement") that represents a significant next step in the process of completing its acquisition of Fort Worth-based TNP Enterprises ("TNP").

The Settlement Agreement is between the Company and Texas-New Mexico Power Company ("TNMP"), the cities of Dickenson, Lewisville, La Marque, Ft. Stockton and Friendswood, Texas, the Legal and Enforcement Division of the Public Utility Commission of Texas ("PUCT"), the Office of Public Utility Counsel, the Texas Industrial Energy Consumers and the Alliance for Retail Markets. The Settlement Agreement outlines terms and conditions necessary for the PUCT to find the acquisition of TNP and its subsidiaries, TNMP and First Choice Power, to be in the public interest.

Among other issues, the agreement calls for:

- A two-year electric rate freeze that includes a \$13 million annual rate reduction in TNMP's retail delivery rates effective May 1, 2005,
- An authorized return on equity of 10.25% on an implied capital structure of 60% debt and 40% equity for certain reporting purposes,
- The use of a 60/40% debt/equity capital structure in TNMP's next base rate case if filed before January 1, 2009, and
- A \$6 million synergy savings credit amortized over 24 months effective after the close of the transaction.

The Settlement Agreement is furnished herewith as Exhibit 10.1 and incorporated by reference herein. The press release is furnished herewith as Exhibit 99.1 and incorporated by reference herein.

Item 8.01 Other Events.

On February 2, 2005, PNM Resources, Inc. (the "Company") was notified that the proposed acquisition of TNP Enterprises has received anti-trust clearance under the Hart-Scott-Rodino Antitrust Improvements Act from the Federal Trade Commission.
