Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On October 20, 2010, Public Service Company of New Mexico (“PNM”) and the Navajo Nation (the “Nation”) entered into a right-of-way (“ROW”) extension/renewal agreement (the “Agreement”). The Agreement relates to a number of electrical transmission and distribution line ROWs, a microwave communication tower site lease, a fiber optic line ROW and a dam site lease, which comprise all such agreements existing between PNM and the Nation. The existing ROWs and leases had varying expiration dates. Under the Agreement, the terms of the existing ROWs and leases are extended and renewed up to April 7, 2030.

PNM is obligated under the Agreement to pay the Nation 20 annual payments of \$6.0 million each beginning in 2010. The annual payments are subject to adjustment each year based on the Consumer Price Index. Approval by the Secretary of the Interior is required. The Agreement obligates PNM with respect to maintenance, reclamation and safety, as well as compliance with federal and Nation laws and regulations. The Agreement includes provisions for termination by the Nation for default by PNM, as well as a provision giving PNM an opportunity to cure or otherwise resolve an alleged default. In the event of early termination or cancellation under the Agreement, any remaining payments under the Agreement become due.

PNM will account for the Agreement as an operating lease under generally accepted accounting principles and for regulatory purposes.
