Yes No

Fire controlled on Petrobras Head Office Building Edise

(Rio de Janeiro, May 19, 2004). PETRÓLEO BRASILEIRO S/A Petrobras, (Bovespa: PETR3 / PETR4, NYSE: PBR / PBRA, Latibex: XPBR / XPBRA), a Brazilian international energy company, announces that early this morning May 19, 2004, a fire, already extinguished occurred on the 26th floor of its Head Office at Avenida República do Chile 65, downtown Rio de Janeiro. **There were no victims.**

The causes of the fire are yet unknown but will be investigated. The main areas affected were the control panels and the batteries of the buildings telecommunications system. In order to assure safety all personnel access to the building is suspended today. Petrobras wishes to assure the general public, its employees, shareholders, suppliers and customers that its normal supply activities will not be affected.

The Strategic Plan presentation scheduled for 10:00 am this morning is being transferred to its office at Rua General Canabarro 500, Maracanã, Rio de Janeiro. Bus transportation is being made available.

The events scheduled for New York tomorrow, related to the presentation of the Strategic Plan, are confirmed.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
