NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2002

Note 1 - Basis of Presentation

The accompanying unaudited interim consolidated financial statements of iChargeit, Inc. have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission. The results of operations for the three months ended September 30, 2002 are not necessarily indicative of the results of operations for the full year or any other interim period. The information included in this Form 10-QSB should be read in conjunction with Management's Discussion and Analysis and Financial Statements and notes thereto included in iChargeit's June 30, 2002 Form 10-KSB. Notes to the consolidated financial statements which substantially duplicate the disclosure contained in the audited financial statements for fiscal 2002 as reported in the Form 10-KSB have been omitted.

NOTE 2 - GOING CONCERN

As reflected in the accompanying consolidated financial statements, iChargeit incurred operating losses, and has a negative working capital position as of September 30, 2002. The above factors raise substantial doubt about iChargeit's ability to continue as a going concern. IChargeit's continued existence is dependent on its ability to obtain additional equity and/or debt financing to fund its operations. IChargeit plans to raise additional financing and to increase sales volume. There is no assurance that iChargeit will obtain additional financing or achieve profitable operations or cash inflows. The consolidated financial statements do not include any adjustments relating to the recoverability or classification of recorded asset amounts or the amount and classification of liabilities that might be necessary as a result of this uncertainty.

NOTE 3 - SUBSEQUENT EVENTS

On August 22, 2006 iChargeit was reincorporated in the State of Nevada under the laws of the State of Nevada. On August 22, 2006, iChargeit changed its name to Freestone Resources, Inc.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in company reports filed or submitted under the Securities Exchange Act of 1934 (the "Exchange Act") is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Edgar Filing: FREESTONE RESOURCES, INC. - Form 10QSB

management, including iChargeit's Chief Executive Officer and Chief Financial Officer (the "Certifying Officers"), as appropriate to allow timely decisions regarding required disclosure.

As required by Rules 13a-15(e) and 15d-15(e) under the Exchange Act, the Certifying Officers carried out an evaluation of the effectiveness of the design and operation of iChargeit's disclosure controls and procedures as of September 30, 2002. Their evaluation was carried out with the participation of other members of iChargeit's management. Based upon their evaluation, the Certifying Officers concluded that iChargeit's disclosure controls and procedures were not effective. Controls were not effective primarily because of failure to file timely reports and in the course of performing their work, our independent auditors determined there were numerous audit adjustments in various areas due to a lack of resources devoted to the accounting and financial reporting function.

iChargeit's internal control over financial reporting is a process designed by, or under the supervision of, the Certifying Officers and effected by iChargeit's Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of iChargeit's financial reporting and the preparation of iChargeit's financial statements for external purposes in accordance with generally accepted accounting principles. Internal control over financial reporting includes policies and procedures that pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of iChargeit's assets; provide reasonable assurance that transactions are recorded as necessary to permit preparation of iChargeit's financial statements in accordance with generally accepted accounting principles, and that iChargeit's receipts and expenditures are being made only in accordance with the authorization of iChargeit's Board of Directors and management; and provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of iChargeit's assets that could have a material effect on its financial statements. There has been no change in iChargeit's internal control over financial reporting that occurred in the quarter ended September 30, 2002, that has materially affected, or is reasonably likely to affect, iChargeit's internal control over financial reporting.
