Trinity Biotech Completes Acquisition of Coagulation Product Line of bioMérieux

Trinity Biotech plc (NasdaqNM: TRIB), a leading developer and manufacturer of diagnostic products for the point-of-care and clinical laboratory markets, today announced that it has completed the acquisition of the Coagulation product line of bioMérieux for a total consideration of up to \$51.9m. The bioMérieux Coagulation product line comprises a comprehensive portfolio of diagnostic tests manufactured primarily in Durham, North Carolina, and a complete range of automated instruments primarily manufactured in St Louis.

Trinity has paid \$40m on closing and will pay a maximum of \$6.4m after 12 months and a maximum of a further \$5.5m after 24 months. Of these combined deferred payments, an amount of \$5.5m is contingent on the achievement of certain milestones for the product line during the remainder of 2006. The transaction is being funded from a combination of cash and bank debt.

The worldwide Coagulation testing market is valued at \$600m and is growing at 5% per annum. Every hospital needs to undertake Coagulation testing resulting in more than 25,000 clinical laboratories performing Coagulation testing globally. Following the merger of Trinity's existing Biopool and Amax Coagulation product lines with the bioMérieux product line it is estimated that Trinity's share of the worldwide Coagulation market will be 13%.

The bioMérieux product portfolio comprises a range of automated instruments including the MDA, MTX and Thrombolyzer which are comparable with various instruments within the Trinity Destiny instrument range. bioMérieux has a strong global position in the Coagulation market. In particular bioMérieux is strong in the U.S., UK and Germany where Trinity sells directly and this will result in considerable synergies in that Trinity will incur modest incremental sales and marketing costs.

Edgar Filing: TRINITY BIOTECH PLC - Form 6-K

As part of the transition, Trinity will transfer production of the diagnostic tests and instruments from bioMérieux's facilities in North Carolina to Dublin and from St Louis to Jamestown, New York, respectively. During this transition process Trinity will combine the best of the bioMérieux, Biopool and Amax instrument and reagent product ranges with a view to creating a best in class instrument and reagent platform for the combined customer base. In this context, Trinity will be discontinuing various existing Coagulation products and this will result in a once-off write-off of inventory in the amount of \$5.8 million.

Ronan O Caoimh, CEO, said: This acquisition is our largest to date and will, we believe, be transformational for Trinity. We currently have a 5% Coagulation market share. This acquisition will significantly increase our installed base of instruments to 3,000 putting us in 4th place worldwide with a market share of 13%. The combination of the existing and the acquired business gives us a full range of state of the art instruments for every size of hospital, with an excellent range of both routine and specialty diagnostic tests to accompany them. Given this combination and the scale achieved through the increased customer base, we are confident of increasing our market share aggressively in the future.

Ronan O Caoimh further stated: The transfer of reagent manufacturing from bioMérieux's plant in the U.S. to our existing reagent plant in Dublin will give rise to significant manufacturing efficiencies. Similarly, and more significantly, as the bioMérieux Coagulation revenues are concentrated in the U.S., Germany and the U.K., we will benefit from considerable and immediate synergies in these markets, given that we have existing salesforces in place. Despite the fact that there will be substantial costs incurred during the next 18 months on the technology transfer from the U.S. to Ireland, we expect the acquisition to be immediately earnings accretive and in 2007 it should add approximately \$40m to our revenue and increase our operating profit by between \$5m and \$6m.

As soon as possible after the Closing, but in any event within 60 days of the Closing, the Purchaser Parent and BMX shall use the Non-US Valuation Formula to prepare an updated version of Schedule 1.1F based on the Purchased Inventory and other Non-US Assets actually transferred at Closing and determine a revised Non-US Purchase Price, with such Non-US Purchase Price thereafter being considered the Non-US Purchase Price for all purposes hereunder (it being understood that the revised Non-US Purchase Price determined in accordance with this sentence shall be solely for internal record-keeping purposes for Purchasers and Sellers and shall not require an exchange of funds between Purchasers and Sellers except as contemplated by the following sentence). 2A.4 Adjustment to Prepaid Amount

- b) Subject to Section 3.6(a), any Inventory not included in the Purchased Inventory may be transferred to Purchasers pursuant to the Transition Services Agreement or used by Sellers in connection with the Transition Services Agreement or, if applicable, returned to the supplier but may not be sold by Sellers to any third-party customers or competitors of the Coagulation Product Line subsequent to the Closing.

If the aggregate value of the Remaining RM Inventory is less than or equal to \$2,200,000, Sellers will compensate Purchasers, on a dollar for dollar basis, by an amount equal to the difference. For example, if the value of the Remaining RM Inventory at the end of the transition services period is \$1,000,000, then Sellers shall pay Purchasers \$1,200,000. Similarly, if the value of the Remaining RM Inventory at the end of the transition period is in excess of \$2,200,000, then Purchasers will compensate Sellers for the amount of such excess up to an additional amount of \$800,000. Any amounts payable by Sellers will be set off against the Second Deferred Payment. As periods in which Sellers provide service to Purchasers' customers with respect to the Coagulation Product Line terminate under the terms of the Transition Services Agreement, Purchasers shall select spare parts owned by Sellers and exclusively related to the Coagulation Product Line that they desire to take ownership of in such territories (the **Selected SP Inventory**); provided, that, in no event shall the value of the Selected SP Inventory (as determined in accordance with Schedule 1.1H) exceed \$2,000,000. In such instances, the Parties shall use their best efforts to cause such Non-US Assets to be transferred as soon as it is legally permissible to do so.

3.8 Transition Assets

The Parties acknowledge that Sellers will need to use certain of the Purchased Assets (including certain of the Assumed Contracts) identified in Sections 2.2(a), (b), (e), (g), (h) and (i) in order to provide the transition services contemplated by the Transition Services Agreement (the **Transition Assets**). It is understood and agreed that title to the Transition Assets (other than the Assumed Contracts included in the Transition Assets) shall transfer to Purchasers hereunder at Closing in accordance with the terms of the Agreement but shall remain in the possession of Sellers for the term of the Transition Services Agreement for use in connection with the provision of transition services thereunder. In furtherance and not in limitation of the foregoing, neither BMX nor any Affiliate shall during the three year period after the Closing Date, directly or indirectly sell, distribute or otherwise transfer any Inventory that is not Purchased Inventory to any other person or entity which sells or distributes the Coagulation Product Line other than pursuant to the Transition Services Agreement.

[Back to Contents](#)

- b) Notwithstanding the terms of Section 7.6(a), nothing in Section 7.6(a) shall prohibit or otherwise restrict BMX or any of its Affiliates (including the Selling Affiliates) from:
- (i) marketing or selling (A) any products into the point-of-care or physicians office laboratory markets, (B) Sellers' Vidas product range (other than routine reagents such as PT, APTT and Fibrinogen) or (C) any products that incorporate Wave Form Technology other than in the Coagulation Product Line;

- c) Notwithstanding anything to the contrary, Section 7.6(a) shall not apply to any third party which (i) acquires a majority equity interest in bioMerieux SA or in any of such Persons' Affiliates or (ii) acquires all or a portion of the business or assets of bioMerieux SA or in any of such Persons' Affiliates, regardless of the form of such transaction, and Section 7.6(a) shall not apply to any of the Affiliates of such third party (other than the entity bioMerieux SA and the entities which were Affiliates of bioMerieux SA prior to such acquisition), it being understood that Section 7.5 shall continue to apply after such acquisition between BMX and the acquiring third party.

7.7 **Regulatory Notification**

Each of BMX and the Purchaser Parent shall cooperate with one another and shall bear its own costs and expenses, in an effort to, as promptly as is reasonably practicable after the Closing, provide the appropriate notices to applicable Regulatory Authorities in connection with the transfer of the Regulatory Approvals, including the US Food & Drug Administration with respect to the transfer of certain 510(k) registrations from Sellers to Purchasers hereunder.

7.8 **License of Wave Form Technology**

Subject to, and effective as of, the Closing, Sellers hereby grant to Purchasers a limited, nonexclusive, perpetual, royalty-free license to allow customers of the Coagulation Product Line to use the portion of the Wave Form Technology known as the A2 Flag (as it exists as of the Closing and not as it may be modified after the Closing) solely in connection with the operation of any Current Product that is a MDA instrument. The Purchaser Parent shall cause (a) each existing customer that is receiving a software update to a MDA instrument that allows for the A2 Flag to be turned off and (b) each new customer of a MDA instrument that contains an A2 Flag to execute a document, in form and substance reasonably satisfactory to BMX, confirming that the customer has no ownership interest or other rights in the A2 Flag. On the date that is one year from the Closing, the Purchaser Parent shall send to BMX all such agreements that were executed in such one-year period (it being understood that the Purchaser Parent's obligations to obtain the documents described in this Section 7.8 shall continue after such one-year period).

7.9 **Replacement of Fixed Assets During Transition Period**

During the term of the Transition Services Agreement, BMX shall use its commercially reasonable efforts to maintain the Fixed Assets in a manner reasonably consistent with industry standards. If, during the term of the Transition Services Agreement, it is necessary to replace any Fixed Asset, BMX and the Purchaser Parent shall use their best efforts to work together in good faith to determine an alternative arrangement that would allow BMX to not purchase a replacement for such Fixed Asset in order to fulfill Sellers' obligations under the Transition Services Agreement (including transitioning the manufacturing of the effected Products to Purchasers). If despite such efforts it is determined that the Fixed Asset must be replaced in order to fulfill Sellers' obligations under the Transition Services Agreement, BMX shall, at its cost, purchase a replacement fixed asset (a **Replacement Fixed Asset**) and such Replacement Fixed Asset shall thereafter be considered a Fixed Asset for purposes of this Agreement. If Purchasers elect to purchase such Replacement Fixed Asset pursuant to the Purchased Fixed Asset Option, the Fixed Asset Amount with respect to such Replacement Fixed Asset to be paid by Purchasers shall equal the cost at which BMX purchased such Replacement Fixed Asset.

8A.6 [Intentionally Left Blank]

8A.7 Persons other than Transferred UK Employees to whom the UK Regulations apply

If any contract of employment (including any rights, powers, duties and liabilities under or in connection with any such contract) of any person who is not a Transferred UK Employee is found or alleged to have effect pursuant to the Regulations after the Closing Date as if it was a contract of employment originally made with a Purchaser, BMX agrees that:

- a) in consultation with the applicable Purchaser, it will procure that the applicable Seller will within seven days of discovering such a finding or allegation make to that person an offer in writing to employ him or her under a new contract of employment to take effect on the termination referred to below; and
- b) such offer of employment will be on terms and conditions which, when taken as a whole do not materially differ from the terms and conditions of employment of that person immediately before the Closing Date.

Upon that offer being made, or at any time after the expiry of seven days from a request by a Purchaser for the applicable Seller to make that offer, the applicable Purchaser shall terminate the employment of the person concerned, and BMX shall indemnify the Purchasers against all claims, liabilities, costs and expenses arising directly or indirectly out of the employment of such person from the Closing Date until such termination and the termination of such employment.

8A.8 Employee objections

If any Transferred UK Employee informs a Seller or a Purchaser that he or she objects to the transfer of his employment to a Purchaser under this Agreement pursuant to the UK Regulations, a Seller or a Purchaser (as the case may be) shall notify the other forthwith and, they shall use all reasonable endeavours to persuade such Transferred UK Employee to withdraw that objection and accept employment with the applicable Purchaser.

8A.9 Employee Liability Information

The Parties confirm that it is their intention that the provision of Employee Liability Information is regulated by the parties themselves in accordance with the commercial arrangements set out in this Agreement. In particular but without limitation:

[Back to Contents](#)

- a) the Purchaser Parent specifically undertakes for itself and on behalf of the applicable Purchasing Affiliate that it will not make any application pursuant to Regulation 12 of the UK Regulations in respect of any failure or alleged failure to provide Employee Liability Information to the Purchaser Parent or the applicable Purchasing Affiliate;
- b) the Purchaser Parent for itself and on behalf of the relevant Purchasing Affiliate confirms that it would not be just or equitable for any court or tribunal to make any award pursuant to Regulation 12(3) of the UK Regulations given the terms of this Agreement. If, contrary to the intentions of the parties, any award is made pursuant to Regulation 12(3) of the UK Regulations, the compensation paid will be offset against any other sums payable under this Agreement to the Purchasers to the extent those other sums arise out of the same act or omission by a Seller and will only be payable by a Seller to a Purchaser pursuant to this Agreement to the extent that a Purchaser has complied with any terms or conditions laid down in this Agreement for a claim against a Seller for breach of any of its terms; and
- c) the applicable Purchaser will give full credit for any sums paid by the applicable Seller to any award under Regulation 12(3) of the UK Regulations in respect of any other claims (whether employment related or otherwise) which (after complying with any terms or conditions laid down in this Agreement) Purchasers have against Sellers arising out of this Agreement.

8A.10 UK Pension Schemes

In respect of those Transferred UK Employees who immediately before the Closing Date are members of the bioMerieux UK Limited Money Purchase Scheme (the **UK Scheme**), the Purchaser Parent shall cause the applicable Purchasing Affiliate to make available as of the Closing Date a scheme which:

- (a) is a registered pension scheme (as defined in s150(2) Finance Act 2004);
- (b) will provide each of those Transferred UK Employees with substantially equivalent benefits (including the defined benefit guarantee) for service with Purchasers on or after the Closing Date to those which would have been provided by the UK Scheme in respect of such service had it been service with Sellers;

Back to Contents

- (c) will require the Transferred UK Employees to pay no greater member s contributions to it than they were paying to the UK Scheme immediately before the Closing Date, and
- (d) will accept a transfer payment from the UK Scheme in respect of the Transferred UK Employee s accrued benefits under the UK Scheme, if the Transferred UK Employee consents to such a transfer payment being made.

In respect of Mr N Seager, the Purchaser Parent shall cause the applicable Purchasing Affiliate to make available as of the Closing Date a scheme which:

- (a) is a registered pension scheme (as defined in s150(2) Finance Act 2004);
- (b) will require the applicable Purchasing Affiliate to pay the same employer s contributions and Mr Seager to pay the same member s contributions as from the Closing Date as were payable to the bioMerieux UK Group Personal Pension Scheme (the **UK GPP**) immediately before the Closing Date, and
- (c) will accept a transfer payment from the UK GPP in respect of Mr Seager s interest in the UK GPP, if Mr Seager requests such a transfer payment.

Article 8B.

GERMAN EMPLOYEES

8B.1 Transfer of Employees

The Parties agree that the German Employees employment relationships are attributable to the business of the Coagulation Product Line of the Sellers and shall transfer to the Purchasers by matter of law pursuant to section 613a of the German Civil Code (**BGB**).

[Back to Contents](#)

8B.2 Identification of German Transferred Employees; Cooperation between BMX and Purchaser Parent

Between the date of this Agreement and May 31, 2006, BMX will cause its Affiliate located in Germany (**BMX Germany**) to cooperate with the applicable Purchasing Affiliate (the **German Purchaser**) in providing employment records to the German Purchaser regarding the German Employees (to the extent permitted by applicable law), in particular regarding compensation and pension promises and providing the German Purchaser with reasonable access to the German Employees (to the extent permitted by applicable law) for the purpose of conducting interviews. No later than May 31, 2006, the Purchaser Parent shall cause the German Purchaser to notify BMX Germany of the identity of those German Employees, if any, that the German Purchaser would like to retain following the Closing Date (the **German Transferred Employees**) and BMX Germany and the German Purchaser shall cooperate in encouraging the German Transferred Employees to transfer to the German Purchaser and not to object to the transfer of the employment relationships. BMX Germany and the German Purchaser shall encourage any German Employee, other than a German Transferred Employee, to object to the transfer of his employment relationship in accordance with Section 8B.4. In any event, BMX Germany and the German Purchaser shall coordinate efforts and work jointly in good faith to finalize a written notification in accordance with section 613a paragraph 5 BGB, including information on the relocation of the employees from Nürtingen to Lemgo, which is to be delivered to each of the Transferred German Employees within one week following the signing of this Agreement.

8B.3 Transfer by Matter of Individual Agreement

In case the employment relationship with any German Transferred Employee does not transfer by law under section 613a BGB, the Parties will use their best efforts to effectuate that the transfer occurs by matter of individual agreement. Should this effort not be successful, Section 8B.4 shall apply.

8B.4 Objecting Employees

If any of the German Employees should object to the transfer of their employment relationship, the Parties are aware that the employment relationship rests with BMX Germany and that BMX Germany may be hindered to terminate the particular employee due to the obligation of social selection, i.e., BMX Germany may be obliged to select a different employee for termination, it being understood that the Purchasers shall not be liable for any obligations as a result of the continued employment or termination by BMX Germany of such German Employees.

[Back to Contents](#)

8B.5 Costs of Reconciliation of Interests and Social Plan

BMX Germany will negotiate a Social Plan (*Sozialplan*) and a Reconciliation of Interests (*Interessenausgleich*) (collectively, the **Plans**) with its works council in Germany for those German Employees whose employment relationships may be affected by the transfer of the business of the Coagulation Product Line to the Purchasers. The German Purchaser shall have the right to silently attend the negotiations regarding the Plans. Any concerns of the German Purchaser regarding the content of the Plans shall be discussed between BMX Germany and the German Purchaser in the absence of BMX Germany's works council. The Plans are subject to the German Purchaser's approval, which approval will not be unreasonably withheld, as regards the costs for which the German Purchaser may become liable in accordance with the applicable statutory rules on employee transfer.

8B.6 Provision of Personnel Files

Immediately after the end of the one month objection period pursuant to Sec. 613a para. 6 BGB, BMX Germany will provide the German Purchaser with the originals of the personnel files plus ancillary human resources documents relating to pending litigation, if any, for all German Employees who actually transfer to the German Purchaser in connection with the transactions contemplated hereby. BMX Germany is, however, entitled to retain copies and to have access to the original documents to the extent reasonably requested by BMX Germany. The German Purchaser will keep such documents for as long as is required under applicable law.

8B.7 Existing Pension Schemes

The Parties are aware that among the German Employees, there are employees with pension promises (*Versorgungszusage*) given under different pension schemes. These pension promises are diversely financed by book reserves (*Pensionsrückstellungen*), direct insurance contracts (*Direktversicherungen*) and a re-insured support fund (*rückgedeckte Unterstützungskasse*).

BMX hereby warrants that only two different categories of pension schemes are in place at BMX Germany:

- (i) BMX Germany has granted an employer's pension commitment (*Direktzusage*) plus a direct insurance (*Direktversicherung*) to some of the German Employees. The direct insurance has been granted under the provision that any pension benefits paid out by the insurance company shall be set off against the pension benefits paid under the employer's pension commitments.
- (ii) BMX Germany has also granted to some of the German Employees pension promises financed through a re-insured support fund (*rückgedeckte Unterstützungskasse*).

[Back to Contents](#)

8B.8 Transfer of Pension Obligations

As of the Effective Date all pension obligations under the given pension promises vis-à-vis the German Employees, whose employment relationships actually transfer to the German Purchaser, shall be assumed by the German Purchaser.

8B.9 Past Service Pension Obligations

With respect to the pension obligations vis-à-vis the German Employees whose employment relationships actually transfer to the German Purchaser that have accrued in periods prior to the date of the transfer of the employment relationships (**Past Service Pension Obligations**) the parties agree that

- (i) BMX shall indemnify the German Purchaser for Past Service Pension Obligations based on pension promises vis-à-vis the German Employees that are financed through a support fund. This obligation to indemnify Purchaser is not time barred.
- and
- (ii) promptly after the end of the one month objection period pursuant to Sec. 613a para. 6 BGB BMX Germany shall determine for each of the German Employees whose employment relationship actually transfers to the German Purchaser and who have been given employer's pension commitments that are financed by book reserves (*Direktzusagen*)
 - (a) the value of the Defined Benefit Obligation pursuant to IAS 19 (**DBO**) of Past Service Pension Obligations under the respective employer's pension commitment at the date of the transfer of the employment relationship. After the calculation of the DBO, BMX Germany shall notify the German Purchaser without undue delay of the calculated amount and the calculation method, including the used actuarial assumptions, upon which such amount has been calculated (**BMX Germany's Assumptions**). The German Purchaser shall within 14 (in words: fourteen) days after receipt of such notification notify BMX Germany of any changes, if any, in BMX Germany's Assumptions that the German Purchaser considers necessary to calculate a DBO amount that reflects the equivalent of the real obligations assumed by the German Purchaser for Past Service Pension Obligations (the **German Purchaser's Assumptions**). (aa) If no such notification is given by the German Purchaser within 14 days after receipt of the notification by BMX Germany, the DBO amount calculated upon BMX Germany's Assumptions shall be deemed the **Agreed DBO** . (bb) If BMX Germany accepts the German Purchaser's Assumptions, the DBO shall be recalculated by BMX Germany, using the German Purchaser's Assumptions and the amount calculated upon the German Purchaser's Assumptions shall be deemed the **Agreed DBO** . (cc) If BMX Germany does not accept the German Purchaser's Assumptions, the Parties shall order AON Jauch & Hübener Consulting, Actuarial Services, Seidlstraße 2, 80335 München to calculate the **Agreed DBO** upon assumptions set by AON Jauch & Hübener Consulting in the light of the DBO's purpose to reflect the equivalent of the real obligations assumed by the German Purchaser for Past Service Pension Obligations. The costs for such calculation by AON Jauch & Hübener Consulting shall be split equally among the parties.

[Back to Contents](#)

and

- (b) the capitalized value (*Kapitalwert*) at the date of the transfer of the employment relationship of a direct insurance contract that is set off against the obligations under employer's pension commitments under the applicable pension scheme.

The difference between the Agreed DBO and the capitalized value of the respective direct insurance contract shall establish the **Unfunded Past Service Pension Obligation**. No later than 90 (in words: ninety) calendar days after the end of the one month objection period pursuant to Sec. 613a para. 6 BGB BMX Germany shall pay the Unfunded Past Service Pension Obligation to the German Purchaser.

8B.10 Direct Insurance Contracts and Re-Insurance Contracts

With respect to the German Employees, whose employment relationships actually transfer to the German Purchaser and who have been given employer's pension commitment or with respect to whom BMX Germany has entered into a re-insurance contract for the funding of a pension promise, the Parties shall determine in good faith in co-ordination with the respective insurance companies between the date hereof and the Closing Date the extent to which, and the process by which, any such insurance contract or re-insurance contract shall be transferred to, and assumed by, the German Purchaser. If a transfer of the insurance contract or the re-insurance contract to the German Purchaser cannot be established the Parties will agree upon a regulation coming as close as legally and economically possible to the Parties' intention as set forth in Section 8B.9 that BMX shall bear the costs for Past Service Pension Obligations.

[Back to Contents](#)

8B.11 Support Fund Promises

With respect to the German Employees, whose employment relationships actually transfer to the German Purchaser who have been given Support Fund pension promises, the Parties shall determine in good faith in co-ordination with the respective support fund between the date hereof and the Closing Date the process by which any such support fund pension promise shall be continued by the German Purchaser. If a continuation of the support fund by the German Purchaser cannot be established the Parties will agree upon a regulation coming as close as legally and economically possible to the Parties' intention as set forth in Section 8B.9 that BMX shall bear the costs for Past Service Pension Obligations.

8B.12 Wrong-Pocket Indemnity

In the event that any individuals other than the German Transferred Employees (**Additional German Employees**) (be it (i) individuals who are not German Employees or (ii) individuals who are German Employees but not German Transferred Employees) claim to have employment rights with any Purchaser under section 613a BGB in connection with the sale and transfer of the business of the Coagulation Product Line, BMX shall indemnify the respective Purchaser against, and agrees to hold it harmless from, any Loss (as defined in Section 9.1(a)) arising from, in connection with or otherwise with respect to (i) any proceeding related to such employment rights, including any dismissal protection lawsuit and termination negotiations and (ii) any obligations arising out of the continuing employment of such Additional German Employees whose claimed employment relationship are disputed by the German Purchaser. Promptly after being informed of the existence of any Additional German Employees, the Parties will inform each other in writing thereof, including the basis upon which such individuals are purported to have become Additional German Employees. The Purchasers shall not make any admission of liability, agreement, settlement or compromise with any Additional German Employee to any such claim without prior written consent of BMX Germany, which consent shall not be unreasonably withheld. BMX Germany shall have the right to designate, at its own expense, its own counsel to join counsel appointed by the German Purchaser for the defence of the Purchasers against the Additional German Employees' claims. BMX Germany's counsel shall have the right to conduct the defence and to compromise or settle the relevant dispute. If BMX Germany takes the conduct of the defence pursuant to this clause 8B.12, the Purchasers shall give, or cause to be given to, BMX Germany and its representatives all such assistance as BMX Germany may reasonably require in avoiding, disputing, resisting, settling, compromising, defending or appealing any such claim and shall instruct such counsel as BMX Germany may nominate to act on behalf of the Purchasers.

OTHER PROVISIONS RELATED TO EMPLOYEES

8C.1 Unfunded Benefits Obligations

Notwithstanding anything to the contrary contained in this Agreement, at the Closing Sellers shall transfer to Purchasers the funded asset or accrued liability (as calculated based on the most recent actuarial studies as of the Closing) with respect to defined benefit obligations owing to any Transferred UK Employee. To the extent that Sellers transfer to Purchasers any accrued liability pursuant to this Section 8C.1, there shall be a corresponding reduction in the Non-US Purchase Price paid hereunder.

8C.2 Other Employees

If, under the laws of any jurisdiction other than the United States, any part of the United Kingdom or Germany, any employees of Sellers automatically transfer to Purchasers in connection with the transfer of the Purchased Assets in such jurisdiction, Sellers shall, for a period of three months from the Closing, be responsible for any amounts owing to such employee if such employee is terminated by Purchasers (it being understood that the Purchaser Parent shall use its commercially reasonable efforts to cooperate with Sellers in an effort to mitigate any such amounts).

Article 9.

INDEMNIFICATION

9.1 Indemnification by BMX

- a) **BMX's Indemnity.** To the extent set forth in this Section 9.1, BMX shall indemnify and hold harmless Purchasers at all times against and in respect of all claims, liabilities, losses, damages, deficiencies, costs and expenses, of every kind, nature and description, fixed or contingent (including, reasonable counsel's fees and expenses in connection with any action, claim or proceeding relating thereto or seeking enforcement of a party's obligations hereunder) (**Losses**), asserted against, resulting to, imposed upon or incurred by Purchasers to the extent arising out of or based upon any breach of any of the representations, warranties, covenants or agreements of Sellers set forth in this Agreement or any Ancillary Agreement.

[Back to Contents](#)

- b) Limitations on BMX's Indemnity.
 - (i) BMX shall not be liable for any Loss described in Section 9.1(a) arising out of or based upon any breach of any of the representations and warranties of Sellers until the aggregate of all such Losses for which BMX is liable are in excess of one and one-half percent (1.5%) of the Purchase Price and then only to the extent that such amount exceeds one and one-half percent (1.5%) of the Purchase Price. Notwithstanding the foregoing, BMX shall not indemnify or hold Purchasers harmless against any such individual Loss unless such Loss exceeds \$37,500 and no such individual Loss of less than \$37,500 (exclusive of attorneys' fees) shall be considered in determining whether the aggregate Losses exceed the threshold set forth in the preceding sentence.
 - (ii) BMX's aggregate liability for (A) the Losses described in Section 9.1(a) and (B) any Losses incurred by Purchasers under the Transition Services Agreement (which Losses shall be subject to, and determined in accordance with, the terms and conditions of the Transition Services Agreement) shall not exceed, in the aggregate, fifteen percent (15%) of the Purchase Price.

9.2 **Indemnification by Guarantor and the Purchaser Parent.**

- a) Purchaser's Indemnity. Guarantor and the Purchaser Parent, jointly and severally, shall indemnify and hold harmless Sellers at all times against and in respect of Losses which Sellers may suffer or incur to the extent arising out of or based upon: (i) any breach of any of the representations, warranties, covenants or agreements of Guarantor or Purchasers set forth in this Agreement or any Ancillary Agreement; (ii) any Assumed Liability; or (iii) except as may be otherwise provided in the Transition Services Agreement, the operation of the Coagulation Product Line after the Closing Date.
- b) Limitations on Purchaser's Indemnity.

Notwithstanding the foregoing, neither Guarantor nor Purchaser Parent shall indemnify or hold Sellers harmless against any such individual Loss unless such Loss exceeds \$37,500 and no such individual Loss of less than \$37,500 (exclusive of attorneys' fees) shall be considered in determining whether the aggregate Losses exceed the threshold set forth in the preceding sentence.
 - (ii) The aggregate liability of Guarantor and the Purchaser Parent for the Losses described in Section 9.2(a) shall not exceed fifteen percent (15%) of the Purchase Price.

9.3 **Procedure for Indemnification.**

- a) Should any claim, action or proceeding by or involving a third party arise after the Closing Date for which any party (the **Indemnifying Person**) is liable for indemnification under the terms of this Agreement, the other party (the **Indemnified Person**) shall notify the Indemnifying Person within a reasonable time after such claim, action or proceeding arises and is known to the Indemnified Person (provided that the failure to give timely notice shall not affect the right to indemnification hereunder except to the extent that the Indemnifying Person is actually damaged or prejudiced by such delay), and the Indemnified Person shall give the Indemnifying Person a reasonable opportunity:
- (i) to take part in any examination of the books and records;
 - (ii) to conduct any proceedings or negotiations in connection therewith that is necessary or appropriate to defend the Indemnified Person or prosecute any claim, action, counterclaim or other proceeding with respect thereto;
 - (iii) to take all other required steps or proceedings to settle or defend any such claim, action or proceeding; and
 - (iv) to employ counsel to contest any such claim, action or proceeding in the name of the Indemnified Person or otherwise.

[Back to Contents](#)

The expenses of all proceedings, contests or lawsuits with respect to such claims or actions shall be borne by the Indemnifying Person. If the Indemnifying Person wishes to assume the defense and/or settlement of any such claim or action, it shall give written notice to the Indemnified Person admitting the possibility of its indemnification obligation in respect thereof and stating that it intends to assume such defense within 15 days after notice from the Indemnified Person of such claim or action (unless the claim or action reasonably requires a response in less than 15 days after notice thereof is given to the Indemnifying Person, in which event it shall notify the Indemnified Person at least five days prior to such reasonably required response date), and the Indemnifying Person shall thereafter assume the defense of such claim or action, through counsel reasonably satisfactory to the Indemnified Person; provided that the Indemnified Person may participate in any such defense at its own expense. The Indemnified Person shall afford the Indemnifying Persons' counsel and other authorized representatives reasonable access during normal business hours to all books, records, offices and other facilities and properties of the Indemnified Person, and to the personnel of the Indemnified Person, and shall otherwise use all reasonable efforts to cooperate with the Indemnifying Person, such counsel and such other authorized representatives in connection with the exercise of the rights of the Indemnifying Person pursuant to this Section 9.3; provided, however, that prior to the Indemnifying Person entering into any settlement arrangement it must first acknowledge its obligation to indemnify the Indemnified Person.

- b) If the Indemnifying Person shall not assume the defense of, or if after so assuming it shall fail to actively defend, any such claim or action, the Indemnified Person may defend against any such claim or action in such manner as it may deem appropriate, and the Indemnified Person may settle such claim or action on such terms as it may deem appropriate, and the Indemnifying Person promptly shall reimburse the Indemnified Person for the amount of such settlement and for all expenses, legal and otherwise, reasonably and necessarily incurred by the Indemnified Person in connection with the defense against and settlement of such claim or action. If no settlement of such claim or action is made, the Indemnifying Person shall satisfy any judgment rendered with respect to such claim or in such action, before the Indemnified Person is required to do so, and pay all expenses, legal or otherwise, reasonably and necessarily incurred by the Indemnified Person in the defense against such claim or action.
- c) If a judgment is rendered against the Indemnified Person in any action covered by the indemnification hereunder, or any lien attaches to any of the assets of the Indemnified Person, the Indemnifying Person immediately upon such entry or attachment shall pay such judgment in full or discharge such lien unless, at the Indemnifying Person's expense and direction, an appeal is taken under which the execution of the judgment or satisfaction of the lien is stayed. If and when a final judgment is rendered in any such action, the Indemnifying Person shall forthwith pay such judgment before the Indemnified Person is compelled to do so.

[Back to Contents](#)

9.4 Survival

Subject to the following sentence, the representations and warranties of the parties contained herein shall survive the Closing for a period of eighteen (18) months at which time they shall expire except for claims previously made in writing with respect to breaches of such representations and warranties. The representations and warranties of BMX contained in Sections 4.1(e), and, solely as it relates to standard costs, Section 4.1(p), shall survive the Closing for a period of twenty-four (24) months at which time they shall expire except for claims previously made in writing with respect to breaches of such representations and warranties, and the representations and warranties of BMX contained in Section 4.1(j) shall survive the Closing for a period equal to the shelf life applicable to the reagent at issue at which time they shall expire except for claims previously made in writing with respect to breaches of such representations and warranties. No claim may be made based upon an alleged breach of any of such representations or warranties, unless written notice of such claim, in reasonable detail, is given to the Purchaser Parent or to BMX, as the case may be, within said 18-month period (or such other period as is applicable) following the Closing.

9.5 Exclusive Remedy

From and after the Closing, the rights and remedies set forth in this Article 10 shall constitute the sole and exclusive rights and remedies of Purchasers and Sellers with respect to this Agreement and any Ancillary Agreement, the events giving rise to this Agreement and the Ancillary Agreements and the transactions contemplated hereby and thereby.

9.6 Net Losses and Subrogation

- a) Notwithstanding anything contained herein to the contrary, the amount of any Losses incurred or suffered by the Indemnified Person shall be calculated after giving effect to: (i) any insurance proceeds received by the Indemnified Person (or any of its Affiliates) with respect to such Losses; (ii) any Tax benefit realized by the Indemnified Person (or any of its Affiliates) arising from the facts or circumstances giving rise to such Losses; and (iii) any recoveries obtained by the Indemnified Person (or any of its Affiliates) from any other third party. Each Indemnified Person shall exercise its reasonable best efforts to obtain such proceeds, benefits and recoveries. If any such proceeds, benefits or recoveries are received by an Indemnified Person (or any of its Affiliates) with respect to any Losses after the Indemnified Person (or any Affiliate) has received the benefit of any indemnification hereunder with respect thereto, the Indemnified Person (or such Affiliate) shall pay to the Indemnifying Person the amount of such proceeds, benefits or recoveries (up to the amount of the Indemnifying Person's payment).

[Back to Contents](#)

- b) Upon making any payment to an Indemnified Person in respect of any Losses, the Indemnifying Person will, to the extent of such payment, be subrogated to all rights of the Indemnified Person (and its Affiliates) against any third party in respect of the Losses to which such payment relates. Such Indemnified Person (and its Affiliates) and Indemnifying Person will execute upon request all instruments reasonably necessary to evidence or further perfect such subrogation rights.

Article 10.

Article 14.

APPLICABLE LAW AND DISPUTE RESOLUTION

14.1 Applicable Law

This Agreement and all legal issues or questions related to the mediation and arbitration process under Section 14.2 shall be governed by and construed accordance with the laws of the State of North Carolina, excluding its principles of conflicts of law.

14.2 Dispute Resolution

Each of Guarantor and the Purchaser Parent, on the one hand, and BMX, on the other hand, on behalf of themselves and the Selling Affiliates and the Purchasing Affiliates (as applicable) shall attempt in good faith to resolve promptly any dispute arising out of or relating to this Agreement by negotiation. If the matter cannot be resolved in the normal course of business, any Party may give the other Party written notice of any such unresolved dispute, after which the dispute shall be referred to senior executives of both Parties, who shall likewise attempt to resolve the dispute.

If the dispute has not been resolved by negotiation with forty-five (45) days of the disputing Party's written notice or if the Parties fail to meet within twenty (20) days as from the notice, the Parties shall endeavour to settle the dispute by mediation under the supervision of and in accordance with the Center for Public Resources (CPR) Model Mediation Procedure for Business Disputes (in the U.S.). Unless otherwise agreed, both Parties or each individual Party may request the CPR to appoint an independent mediator. The language of mediation shall be English and the seat of mediation shall be agreed upon by both Parties and, in the event Parties do not timely agree, the seat will be determined by the Mediator.

For any dispute not settled by mediation pursuant to this Section 14.2 within sixty (60) days after appointment of a mediator, the federal Courts of North Carolina shall have exclusive jurisdiction to adjudicate and determine any such dispute. The Parties irrevocably submit to such jurisdiction and waive any objection to it on the grounds of inconvenient forum or otherwise. A judgment, order or decision of those courts in respect of any such claim or dispute may be recognized and enforced by any courts of any state, country or other jurisdiction which, under the laws and rules applicable in that state, country or other jurisdiction, are competent or able to grant such recognition or enforcement.

10. The first sentence of Section 3.8 is hereby amended to read in its entirety as follows:

The Parties acknowledge that Sellers will need to use certain of the Purchased Assets (including certain of the Assumed Contracts) (a) identified in Sections 2.2(a), (b), (e), (g), (h) and (i) or (b) included in the Remote Fixed Assets purchased by Purchasers pursuant to the Remote Fixed Asset Option in order to provide the transition services contemplated by the Transition Services Agreement (the **Transition Assets**).
