PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Ableauctions.com, Inc. (Ableauctions.com or the Company) to be voted at the 2003 Annual Meeting of Stockholders of the Company to be held at 10:00 a.m. (PST) on Tuesday, July 15, 2003. Stockholders who sign proxies may revoke them at any time before their exercise by delivering a written revocation to the Secretary of the Company, by submission of a proxy with a later date, or by voting in person at the meeting. These proxy materials are being mailed to stockholders on or about June 13, 2003. All monetary information included in this Proxy Statement is stated in U.S. dollars.

A copy of the Company's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2002 is being mailed concurrently herewith to all stockholders of record at the close of business on May 19, 2003. The Annual Report does not constitute a part of the proxy solicitation material for the Annual Meeting.

VOTING SECURITIES

Only stockholders of record at the close of business on May 19, 2003 are entitled to vote at the Annual Meeting. The total number of shares of the Company's common stock (the "Common Stock") that were issued, outstanding and entitled to be voted on the record date was 30,726,449 shares. Each share of Common Stock is entitled to one vote on all matters to be acted upon at the Annual Meeting. In accordance with applicable law, the election of directors shall be by a plurality of the votes cast, while the approval of all other proposals shall be by a majority of the votes cast. Shares which abstain from voting as to these matters, and shares held in street name by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to these matters (broker non-votes), will not be counted as votes in favor of such matters. For purposes of determining whether the affirmative vote of a majority of the shares present at the meeting and entitled to vote on a proposal has been obtained, abstentions and broker non-votes will be included in the number of shares present and entitled to vote.

SOLICITATION

The cost of solicitation of proxies, including expenses in connection with preparing and mailing this Proxy Statement, will be borne by the Company. Copies of solicitation materials will be furnished to brokerage houses, nominees,

fiduciaries and custodians to forward to beneficial owners of common stock held in their names. PROPOSAL 2:

RATIFICATION OF SELECTION OF INDEPENDENT AUDITOR

The Board of Directors requests that stockholders ratify its selection of Cinnamon Jang Willoughby, Chartered Accountants, as the Company's independent auditor for the 2003 fiscal year. If the stockholders do not ratify the selection of Cinnamon Jang Willoughby, the Audit Committee of the Board of Directors will select another firm of chartered accountants. Representatives of Cinnamon Jang Willoughby will be present at the meeting, and will be provided an opportunity to make a statement and to respond to appropriate questions. During the 2002 fiscal year, Morgan & Company, Chartered Accountants, acted as our independent auditor. No representative of Morgan & Company, Chartered Accounts, will be present at the meeting.

The Board of Directors recommends a vote FOR the selection of Cinnamon Jang Willoughby, Chartered Accounts, as the Company's independent auditor for the 2003 fiscal year.

Our Appointment of Cinnamon Jang Willoughby, Chartered Accountants as Auditor

On May 18, 2003, Morgan & Company, Chartered Accountants (the Former Auditor) were asked to resign as our independent auditor. None of the Former Auditor's reports for the year ended December 31, 2002 or thereafter contained an adverse opinion or disclaimer of opinion, however the report was modified as to the Company's ability to continue as a going concern. We engaged Cinnamon Jang Willoughby, Chartered Accountants as our independent auditor on May 18, 2003. Our decision to change our auditor was approved by our Board of Directors.

During our fiscal year ended December 31, 2002 and through May 18, 2003, there were no disagreements with the Former Auditor on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of the Former Auditor would have caused it to make reference thereto in its report on the financial statements for such year.

On February 12, 2002, Shikaze Ralston Tam Kurozumi, Chartered Accountants (SRTK) resigned as our independent auditor. None of SRTK's reports for the year ended December 31, 2000 or thereafter contained an adverse opinion or disclaimer of opinion, or was qualified or modified as to uncertainty, audit scope, or accounting principle. We engaged Morgan & Company, Chartered Accountants as our independent auditor on February 12, 2002.

During our fiscal year ended December 31, 2001 and through February 12, 2002, there were no disagreements with SRTK on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of SRTK would have caused it to make reference thereto in its report on the financial statements for such year. Our decision to change auditor was approved by our Board of Directors.

Audit Fees

The following table sets forth fees billed to the Company by Morgan & Company and SRTK during the fiscal years ended December 31, 2002 and December 31, 2001 for: (i) services rendered for the audit of the Company's annual financial statements and the review of its quarterly financial statements, (ii) services that were reasonably related to the performance of the audit or review of the Company's financial statements and that are not reported as Audit Fees, (iii) services rendered in connection with tax compliance, tax advice and tax planning, and (iv) all other fees for services rendered. There were no fees paid for services rendered that were not audit or review or attest services.

| | | <u>December 31, 2002</u> | <u>December 31, 2001</u> |
|-------|--------------------|--------------------------|--------------------------|
| (i) | Audit Fees | \$ 35,307 | \$ 36,017 |
| (ii) | Audit Related Fees | \$ 11,768 | \$ 12,005 |
| (iii) | Tax Fees | \$ 0 | \$ 0 |

BOARD COMMITTEES

Audit Committee

On April 19, 2002, our Board of Directors established an Audit Committee. The Audit Committee reviews our internal accounting procedures and consults with and reviews the services provided by our independent auditors. The Audit Committee consists of directors who are not employees of the Company and who are, in the opinion of the Board of Directors, free from any relationship that would interfere with their exercise of independent judgment as Audit Committee members. Mr. Barrett Sleeman, Dr. David Vogt and Mr. Michael Boyling are members of the Audit Committee and meet the criteria of independence as set forth in Section 121(A) of the listing standards of the American Stock Exchange, as they are currently drafted.

The Audit Committee is responsible for reviewing our financial reporting procedures and internal controls, the scope of annual and any special audit examinations carried out by our auditors, the performance of our auditors' systems and controls established to comply with financial regulatory requirements and our annual financial statements before they are reviewed and approved by our Board of Directors. Such reviews are carried out with the assistance of our auditors and our senior financial management. As of January 1, 2001 the Audit Committee adopted, and the Board of Directors approved, an Audit Committee Charter, consistent with SEC policy, outlining its policy and procedures for the exercise of its oversight responsibilities. The Audit Committee Charter is attached to this Proxy Statement as Appendix A. The Audit Committee held four meetings during the last fiscal year.

Report of Audit Committee

March 20, 2003

To the Board of Directors of Ableauctions.com, Inc.:

In accordance with its written charter adopted by the Board of Directors on January 1, 2001, the Audit Committee of the Board of Directors assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing, and financial reporting practices of the Company.

We reviewed and discussed with management the Company's audited financial statements as of and for the year ended December 31, 2002.

We discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

We received and reviewed the written disclosures and letter from the independent auditors required by Independence Standard No. 1, Independent Discussions with Audit Committees, as amended, by the Independence Standards Board, and discussed with the auditors the auditors' independence.

Based on the reviews and discussions referred to above, we recommended to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2002.

Barrett Sleeman

Dr. David Vogt

Michael Boyling

PROPOSAL 3:

APPROVAL OF SHARE COMBINATION

The Company's stockholders are being asked to authorize the Board of Directors, in its discretion, to amend the Company's Articles of Incorporation to effect a combination of its issued and outstanding common stock (the Share Combination) at any time prior to the next annual meeting of stockholders. In its discretion, the Board of Directors would be empowered to combine the common stock in any ratio up to and including eight shares for one share.

The Company believes that the current market price of its common stock does not reflect the Company's value and has a negative effect on the marketability of the existing shares, the percentage of transaction costs paid by individual stockholders and the potential ability of the Company to raise capital or acquire businesses by issuing additional shares of its common stock. The Company believes that the decrease in the number of shares outstanding will make it more attractive to possible merger or acquisition candidates and may enhance its ability to raise capital through the financial markets.

Additionally, management believes that the Company may be required to effect the Share Combination in order to maintain its listing on the American Stock Exchange. If the Company loses its listing, it may become more difficult for stockholders to sell their common stock.

The Board of Directors has adopted a resolution declaring the advisability of the Share Combination, subject to stockholder approval, amending the Company's Articles of Incorporation to effect the Share Combination (the Amendment), subject to stockholder approval, and authorizing any other action it deems necessary to effect the Share Combination at any time prior to the next annual meeting of stockholders. A copy of the Amendment is attached to this Proxy Statement as Appendix B.

If approved by the stockholders of the Company, the Share Combination would become effective on any date selected by the Board of Directors on or prior to the Company's next annual meeting of stockholders. The effective date of the Share Combination would be the date on which the Amendment is filed with the Florida Secretary of State. However, the Board of Directors reserves the right, even after stockholder approval, to forego or postpone filing the Amendment if such action is determined not to be in the best interests of the Company and its stockholders. If the Share Combination is not subsequently implemented by the Board of Directors and effected by the next annual meeting of stockholders, the proposed amendment will be deemed abandoned, without any further effect. In such case, the Board

of Directors will again seek stockholder approval at a future date for a share combination or reverse stock split if it deems it to be advisable at that time.

While management anticipates that the Share Combination will facilitate the Company's access to capital, its ability to make acquisitions and its ability to maintain its listing on the American Stock Exchange, there can be no assurance that following the proposed Share Combination the Company will be able to complete any of these undertakings. There can be no assurance that the market price of the common stock immediately after the proposed Share Combination will be maintained for any period of time, or that the market price of the common stock after the proposed Share Combination will exceed the current market price.

If the Share Combination is approved and the Board of Directors elects to effect the Share Combination, then each outstanding share of common stock as of the record date of the Share Combination will immediately and automatically be changed, as of the effective date of the Amendment, into a number which reflects the ratio chosen by the Board of Directors. For example, if the Board of Directors approves a Share Combination of eight shares for one share, then each share of outstanding common stock will automatically be changed, as of the effective date of the Amendment, into one-eighth of a share of common stock. In addition, proportional adjustments will be made to the maximum number of shares issuable under the Company's equity plans, as well as the number of shares issuable upon exercise and the exercise price of the Company's outstanding options. No fractional shares of common stock will be issued in connection with the Share Combination. Holders of common stock who would receive a fractional share of common stock due to the Share Combination will receive cash in lieu of the fractional share.

If the Share Combination is approved by the stockholders and effected by the Board of Directors, the Board of Directors will fix a record date for determination of shares subject to the Share Combination. As of the date of this Proxy Statement, the Board of Directors had not fixed a record date for the Share Combination.

Because the Share Combination will apply to all issued and outstanding shares of common stock and outstanding rights to purchase common stock or to convert other securities into common stock, the proposed Share Combination will not alter the relative rights and preferences of existing stockholders.

Based on the foregoing discussion, the Board of Directors requests that stockholders approve the following resolutions in connection with the proposed Share Combination:

RESOLVED, that the stockholders of the Company hereby authorize the Board of Directors, at any time prior to the next annual meeting of stockholders, to amend the Company's Articles of Incorporation to affect a combination of the Company's issued and outstanding common stock using the ratio $x:1$, with x equaling any whole number, up to and including eight; chosen by the Board of Directors in its discretion (the "Share Combination"); and it is further

RESOLVED, that, upon approval by the Board of Directors of a Share Combination the Articles of Incorporation of the Company be amended as set forth in substantially the form of the Articles of Amendment attached hereto as Appendix B (Amendment) to give effect to the Share Combination; and it is further

RESOLVED, that the officers of the Company be, and each of them hereby is, authorized and empowered (any one of them acting alone), in the name and on behalf of the Company, to execute and deliver the Amendment and to give effect to the Share Combination; and it is further

RESOLVED, that the officers of the Company be, and each of them hereby is, authorized and empowered (any one of them acting alone), in the name of and on behalf of the Company, to procure any authorizations or approvals or to do or cause to be done all such acts or things and to sign and deliver or cause to be signed and delivered, all such documents, including but not limited to, stock certificates, federal and state securities forms, filings, applications or other documents, with such amendments, additions and other modifications thereto, as such officer may deem appropriate, which shall be deemed conclusively evidenced by the execution and delivery thereof, and to carry out and fully perform the terms and provisions of such documents in order to carry into effect the foregoing resolutions and to fully effect the transactions contemplated in such resolutions.

The Board of Directors recommends a vote FOR the Share Combination.

PROPOSAL 4:

**INCREASE THE NUMBER OF SHARES INCLUDED IN THE
ABLEAUCTIONS.COM, INC. 1999 STOCK OPTION PLAN**

The following discussion is qualified in its entirety by the terms and provisions of the Ableauctions.com, Inc. 1999 Stock Option Plan.

On August 14, 1999 our Board of Directors adopted and a majority of our stockholders approved the Ableauctions.com, Inc. 1999 Stock Option Plan (the 1999 Plan). The purpose of the 1999 Plan is to attract and retain employees (including officers) and consultants and, by providing equity participation, incentivize these individuals to achieve objectives that are in the best interests of the stockholders and the Company. We achieve these purposes by granting to employees and consultants options to purchase the Company's common stock. The options may be incentive options, which can only be granted to employees, or non-qualified options, which can be granted to any individual who provides services to us that are not in relation to a capital raising transaction.

The 1999 Plan may be administered by the Company's Board of Directors or by a committee made up of two or more non-employee directors. Currently the 1999 Plan is administered by the Board of Directors. In administering the 1999 Plan, the Compensation Committee may construe and interpret the 1999 Plan, define terms, prescribe, amend and rescind rules related to the 1999 Plan, determine who receives options, whether the options will be incentive options or non-qualified options, and decide the timing of the grant, the number of shares included in the grant, the exercise price (although incentive options must be granted at fair market value for holders of less than 10% of the Company's securities), the duration of the option and any vesting conditions.

We initially reserved 3,000,000 shares of our common stock for grants made under the 1999 Plan. Awards of 40,000 shares are currently outstanding (all other awards have lapsed or terminated) and there are currently 2,960,000 shares available for awards. An option to purchase 40,000 shares at an exercise price of \$0.15 was made to Nailin Esmail, our current Chief Financial Officer, on September 16, 2002. These options expire on September 16, 2005. As of the date of this Proxy Statement, the Board of Directors has not designated any other person to receive an award.

When options are granted, the recipient enters into a written agreement. Unless the agreement states otherwise, options begin to vest three months after the date of grant and continue vesting, at the rate of 12.5%, every three months thereafter. If the option granted vests according to this schedule, it is fully vested 24 months after the date of grant.

If a recipient's employment is terminated for cause, the option will terminate on the date of the recipient's termination. If a recipient's employment is terminated for any reason other than cause, death or disability, the option will terminate three months after the recipient's employment is terminated. If a recipient's employment is terminated due to his death or disability, the option will terminate one year following that event. Irrespective of the manner in which a recipient's employment is terminated, any unvested options terminate immediately upon termination of employment.

Options may not be transferred except by Will or the laws of descent and distribution. Non-qualified options may be transferred pursuant to a qualified domestic relations order.

Options may be exercised by the payment of cash, or with shares of the Company's common stock. Cashless option exercises are also permissible under the 1999 Plan.

A recipient will recognize no income upon grant of an incentive option and incur no tax on its exercise (unless the recipient is subject to the alternative minimum tax). If the recipient holds the stock acquired upon exercise of an incentive option (the ISO Shares) for more than one year after the date the option was exercised and for more than two years after the date the option was granted, the recipient generally will realize capital gain or loss (rather than ordinary income or loss) upon disposition of the ISO Shares. This gain or loss will be equal to the difference between the amount realized upon such disposition and the amount paid for the ISO Shares.

If the recipient disposes of ISO Shares prior to the expiration of either required holding period described above, the gain realized upon such disposition, up to the difference between the fair market value of the ISO Shares on the date of exercise (or, if less, the amount realized on a sale of such shares) and the option exercise price, will be treated as ordinary income. Any additional gain will be long-term capital gain, depending upon the amount of time the ISO Shares were held by the recipient.

A recipient will not recognize any taxable income at the time a non-qualified option is granted. However, upon exercise of a non-qualified option, the recipient will include in income as compensation an amount equal to the difference between the fair market value of the shares on the date of exercise and the recipient's exercise price. The included amount will be treated as ordinary income by the recipient and may be subject to withholding. Upon resale of the shares by the recipient, any subsequent appreciation or depreciation in the value of the shares will be treated as capital gain or loss.

There is no tax consequence to the Company as a result of either the grant or the vesting of non-qualified stock options. There is also no tax consequence to the Company as a result of either the grant or the vesting of incentive stock options. However, if an employee fails to meet the rules governing incentive stock options (for example, by selling the stock sooner than the rules allow), the Company would be allowed a tax deduction to the extent that the employee had ordinary taxable income from the disqualified incentive stock option. The Company is required to withhold FICA, Medicare and federal income taxes from both employees and former employees upon disqualified dispositions of incentive stock options. The Company is also subject to FICA, Medicare and FUTA on the amounts that are deemed to be wages.

Incentive options may not have a term exceeding 10 years. In the case of an incentive option that is granted to an individual owning 10% or more of the common stock, the term may not exceed 5 years.

As of May 27, 2003, the fair market value of the common stock underlying the remaining options that may be granted through the 1999 Plan was \$0.21 per share or \$621,600.

We are asking your approval to add an additional 5,000,000 shares of common stock to the 1999 Plan. We believe that stock options continue to be an excellent tool for recruiting and incentivizing employees. We have also been able to conserve cash that would be used for the payment of services to consultants by including options as a component of such compensation. We believe that an inability to include options as an element of compensation will put us at a disadvantage when we recruit employees and will make it harder for us to keep employees that are valuable to us. We also believe that an inability to use options as an element of compensation for consultants will work to our disadvantage, as there may be times when we require the services of a consultant but do not have sufficient cash to pay for the services. Based on the foregoing discussion, the Board of Directors requests that stockholders approve the following resolution in connection with the 1999 Plan:

RESOLVED, that the Board of Directors be, and it hereby is, authorized to set aside and reserve, for purposes of the Ableauctions.com, Inc. 1999 Stock Option Plan, an additional 5,000,000 shares of the Company's common stock, beyond the 3,000,000 shares of common stock currently set aside, such amount to be adjusted from time-to-time as may be necessary in order to satisfy the capital adjustment provisions of the Plan.

The Board of Directors recommends a vote FOR the increase in the number of shares of common stock included in the Ableauctions.com, Inc. 1999 Stock Option Plan.

Board and Committee Meetings

During 2002, the Board of Directors held approximately 22 telephone meetings. During 2002, the Board of Directors passed approximately 30 resolutions by written consent in lieu of holding meetings.

Compensation of the Board of Directors

The Company's directors did not receive any cash compensation for their services during the last fiscal year. However, directors received options to purchase our common stock and Dr. Vogt and Messrs. Sleeman and Boyling each received 7,200 shares of our common stock. The options were granted at an exercise price of \$0.15 per share. In his capacity as an officer, Mr. Ladha received an option to purchase 500,000 shares (see the section titled, Executive Compensation) while Dr. Vogt and Messrs. Sleeman and Boyling each received an option to purchase 200,000 shares for their services as directors.

Each director is eligible to participate in the 1999 Plan and in the Ableauctions.com, Inc. 2002 Stock Option Plan for Directors (the Directors' Plan). Grants of options from both the 1999 Plan and the Directors' Plan are discretionary and are subject to the approval of the Board of Directors.

Our Board of Directors has approved the following equity compensation plans:

Ableauctions.com, Inc. 2002 Stock Option Plan for Directors.

In 2002, the Board of Directors adopted the Ableauctions.com, Inc. 2002 Stock Option Plan for Directors (the Directors Plan). The purpose of the Directors Plan is to attract and retain the services of experienced and knowledgeable individuals to serve as the Company s directors. The total number of shares of common stock subject to the Directors Plan is 2,653,631. This number of shares may be increased on the first day of January of each year so that the common stock available for awards will be the maximum amount allowable under Section 711 of the Rules of the American Stock Exchange, as they may be amended from time-to-time. The Directors Plan is administered by the Board of Directors, or any Committee that may be authorized by the Board of Directors, so long as any such Committee is made up of Non-Employee Directors, as that term is defined in Rule 16(b)-3(b) of the Securities Exchange Act of 1934. The grant of an option under the Directors Plan is discretionary. The exercise price of an option must be the fair market value of the common stock on the date of grant. An option grant may be subject to

vesting conditions. Options may be exercised in cash, or with shares of the common stock of the Company already owned by the person. The term of an option granted pursuant to the Directors Plan may not be more than 10 years.

Ableauctions.com, Inc. 2002 Consultant Stock Plan.

In 2002 the Board of Directors adopted the Ableauctions.com, Inc. 2002 Consultant Stock Plan (the Consultants Plan). The purpose of the Consultants Plan is to be able to offer consultants and others who provide services to the Company the opportunity to participate in the Company s growth by paying for such services with equity awards. The total number of shares of common stock subject to the Consultants Plan is 6,500,000. The Consultants Plan is administered by the Board of Directors, or any Committee that may be authorized by the Board of Directors. Persons eligible for awards under the Consultants Plan may receive options to purchase common stock, stock awards or stock restricted by vesting conditions. The exercise price of an option must be no less than 85% of the fair market value of the common stock on the date of grant. An option grant may be subject to vesting conditions. Options may be exercised in cash, or with shares of the common stock of the Company already owned by the person or with a fully recourse promissory note. The term of an option granted pursuant to the Consultants Plan may not be more than 10 years. If common stock is granted as compensation for services rendered to the Company, the value of the grant cannot be less than 75% of the fair market value of the common stock on the date of grant.

Report of the Board of Directors on Executive Compensation

During 2002, the Board of Directors was responsible for establishing compensation policy and administering the compensation programs of the Company's executive officers.

The amount of compensation paid by the Company to each of its officers and the terms of those persons' employment is determined solely by the Board of Directors, except as otherwise noted below. The Company believes that the compensation paid to its officers is fair to the Company.

In the past, Abdul Ladha, our Chief Executive Officer, has negotiated all executive salaries on behalf of the Company, other than his own compensation. The Board of Directors reviews the compensation and benefits of all our executive officers and establishes and reviews general policies relating to compensation and benefits of our employees. Employee-Directors do not participate in approving or authorizing their own salaries as executive officers.

Our Board of Directors believes that the use of options is at times appropriate for employees, and uses options to reward outstanding service or to attract and retain individuals with exceptional talent and credentials. The use of stock options is intended to strengthen the alignment of interests of executive officers and other key employees with those of our stockholders.

Compensation of Chief Executive Officer

We paid a salary of \$144,309 to Abdul Ladha, our Chief Executive Officer, for the fiscal year ended December 31, 2002. Compensation for Mr. Ladha was determined by our Board of Directors after considering his efforts in assisting in the development of our business strategy, the salaries of executives in similar positions, the development of our auction houses, the implementation of our business plan and Internet strategy, and our general financial condition. We entered into an employment agreement with Mr. Ladha during the fiscal year ended December 31, 2002 whereby we agreed to pay him \$154,949 annually. In 2003, Mr. Ladha has voluntarily agreed to reduce his salary from \$154,949 annually to approximately half, or \$75,000 annually, in consideration for the Company agreeing to pay him a \$75,000 bonus if the Company attains milestones prescribed by the Board of Directors. Mr. Ladha will also be entitled to receive options to purchase common stock of the Company under the Company's Stock Option Plan.

Deduction Limit for Executive Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly held companies for compensation exceeding \$1 million paid to certain of the corporation's executive officers. The limitation applies only to compensation, which is not considered to be performance-based compensation. Compensation, which qualifies as performance-based compensation, will not have to be taken into account for purposes of this limitation. The non-performance based compensation to be paid to the Company's executive officers for the fiscal year ended on December 31, 2002 did not exceed the \$1 million limit per officer, nor is it expected that the non-performance based compensation to be paid to the Company's executive officers for the fiscal year ended on December 31, 2003 will exceed that limit. Because it is very unlikely that the compensation payable to any of the Company's executive officers in the foreseeable future will approach the \$1 million limit, the Board has not taken any action to limit or restructure the elements of cash compensation payable to the Company's executive officers. The Board will reconsider this matter should the individual compensation of any executive officer ever approach the \$1 million level.

Certain Relationships and Related Transactions

During the year ended December 31, 2002, the following related party transactions occurred:

The Company obtains services from RapidFusion Technologies Incorporated, a company formerly controlled by our President and Chief Executive Officer in his capacity as the President and Chief Executive Officer of Dexton Technologies Corporation, to maintain, develop and support our technology and iCollector operations. In the fiscal year ended December 31, 2002, the Company paid RapidFusion Technologies Incorporated the sum of \$233,445 for services. RapidFusion Technologies Incorporated is currently indebted to our President and Chief Executive Officer in the amount of \$81,000 for a loan granted in 2001 in connection with the transfer of the business.

We lease 8,000 square feet of showroom and office space at 1963 Lougheed Highway, Coquitlam, British Columbia, Canada. The monthly payments are \$3,300. The landlord is Derango Resources Inc., a private company wholly-owned by Hanifa Ladha, who is the wife of our President, Abdul Ladha. The rent is below market. During part of the fiscal year ended December 31, 2002, we occupied a larger portion of the space that we have since

sub-leased. In total, the Company paid \$ 78,461 in rent to Derango Resources Inc. during the fiscal year ended December 31, 2002.

As of December 31, 2002, we had a working capital deficit of approximately \$62,114. On October 11, 2002, we assigned a \$285,000 receivable to Abdul Ladha, our President and Chief Executive Officer, who in turn, reassigned it and secured a loan against it from the Canadian Imperial Bank of Commerce in order to reduce debt and inject capital into the Company.

We were also able to borrow funds, up to \$1 million, from a line of credit made available to us by our President and Chief Executive Officer and secured by the assets of the Company and its subsidiaries. As of December 31, 2002, the amount we had drawn on the line of credit was \$199,679.

On August 12, 2002, we entered into a joint venture with our directors, Abdul Ladha and Michael Boyling, and with our former director, Randy Ehli, to acquire approximately \$345,000 of fine crystal and china from a bankruptcy estate. In forming the joint venture, we, along with Abdul Ladha and Randy Ehli, paid identical capital contributions and we each are entitled to receive 27% of the venture's net profits. Michael Boyling contributed less capital and is entitled to receive 19% of the venture's net profits. Net profits are defined as gross revenue less costs associated with liquidation (marketing, advertising, commission, auction fees, mall rent) less a 15% overhead fee paid to us for handling the inventory.

OTHER MATTERS

The Company is not aware of any other business to be acted on at the meeting. If other business requiring a vote of the stockholders comes before the meeting, the holders of the proxies will vote in accordance with their best judgment.
