## Table of Contents

Forward-looking statements about the Company's expected financial results and other plans are subject to certain risks, uncertainties and assumptions. These include, but are not limited to, the following: possible legislative changes and adverse economic, business and competitive conditions and developments (such as shrinking interest margins and continued short-term rate environments); deposit outflows; reduced demand for financial services and loan products; changes in accounting policies or guidelines, or in monetary and fiscal policies of the federal government; changes in credit and other risks posed by the Company's loan and lease portfolios; the ability or inability of the Company to manage interest rate and other risks; unexpected or continuing claims against the Company's self-insured health plan; the Company's use of trust preferred securities; the ability or inability of the Company to successfully enter into a definitive agreement for and close anticipated transactions; technological, computer-related or operational difficulties; adverse changes in securities markets; results of litigation; or other significant uncertainties.

Forward-looking statements speak only as of the date they are made. The Company does not undertake to update forward-looking statements to reflect circumstances or events that occur after the date the forward-looking statements are made. Although the Company believes that its expectations are reasonable, it can give no assurance that such expectations will prove to be correct. Based upon changing conditions, should any one or more of these risks or uncertainties materialize, or should any underlying assumptions prove incorrect, actual results may vary materially from those described in any forward-looking statements.

Forward-looking statements should not be viewed as predictions, and should not be the primary basis upon which investors evaluate the Company. Any investor in the Company should consider all risks and uncertainties disclosed in our filings with the SEC, described below under the heading "Where You Can Find More Information," all of which are accessible on the SEC's website at [www.sec.gov](http://www.sec.gov).

## RISK FACTORS

An investment in our securities involves significant risks. You should carefully consider the risks and uncertainties and the risk factors set forth in the documents and reports filed with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act, that are incorporated by reference into this prospectus, as well as any risks described in any applicable prospectus supplement, before you make an investment decision regarding the Securities. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also adversely affect our business, prospects, financial condition, results of operations and cash flows.

Recent negative developments in the financial services industry and U.S. and global credit markets may adversely impact our operations and results.

Negative developments in the capital markets in the latter half of 2007 and in 2008 and the expectation of the general economic downturn continuing in 2009 have resulted in uncertainty in the financial markets in general. Loan portfolio performances have deteriorated at many institutions resulting from, among other factors, a weak economy and a decline in the value of the collateral supporting their loans. The competition for our deposits has increased significantly due to liquidity concerns at many of these same institutions. Stock prices of bank holding companies, like ours, have been negatively affected by the current condition of the financial markets, as has our ability, if needed, to raise capital or borrow in the debt markets. As a result, there is a potential for new federal or state laws and regulations regarding lending and funding practices and liquidity standards, and financial institution regulatory agencies are expected to be very aggressive in responding to concerns and trends identified in examinations. Negative developments in the financial services industry and the impact of new legislation in response to those developments could adversely impact our operations, including our ability to originate or sell loans, and adversely impact our financial performance.

We have a high concentration of loans secured by real estate and a downturn in the real estate market, for any reason, could result in losses and materially and adversely affect our business, financial condition, results of operations and future prospects.

A significant portion of our loan portfolio is dependent on real estate. In addition to the financial strength and cash flow characteristics of the borrower in each case, often loans are secured with real estate collateral. At December 31, 2008, approximately 85% of loans have commercial or residential real estate as a component of collateral. The real estate in each case provides an alternate source of repayment in the event of default by the borrower and may deteriorate in value during the time the credit is extended. Further adverse changes in the economy affecting values of real estate generally or in our primary markets specifically could significantly impair the value of our collateral and our ability to sell the collateral upon foreclosure. Furthermore, it is likely that, in a declining real estate market, we would be required to increase our allowance for loan losses as occurred in 2008, causing material strain on recurring levels of net income. If we are required to liquidate the collateral securing a loan to satisfy the debt during a period of reduced real estate values or to increase our allowance for loan losses, our profitability and financial condition could be adversely impacted.

## Table of Contents

We operate in a highly regulated environment and may be adversely impacted by changes in law and regulations.

Colony Bankcorp, Inc., primarily through the Bank, is subject to extensive federal and state regulation and supervision. Banking regulations are primarily intended to protect depositors' funds, federal deposit insurance funds and the banking system as a whole, not shareholders. These regulations affect our lending practices, capital structure, investment practices, dividend policy and growth, among other things. Congress and federal regulatory agencies continually review banking laws, regulations and policies for possible changes. Changes to statutes, regulations or regulatory policies, including changes in interpretation or implementation of statutes, regulations or policies, could affect the Company in substantial, unpredictable and adverse ways. Such changes could subject us to additional costs, limit the types of financial services and products we may offer and increase the ability of non-banks to offer competing financial services and products, among other things. Failure to comply with laws, regulations or policies could result in sanctions by regulatory agencies, civil money penalties and damage to our reputation, which could have a material adverse effect on our business, financial condition and results of operations. While we have policies and procedures designed to prevent any such violations, there is no assurance that such violations will not occur.

Future loan losses may exceed our allowance for loan losses

We are subject to credit risk, which is the risk of losing principal or interest due to borrowers' failure to repay loans in accordance with their terms. A downturn in the economy or the real estate market in our market areas or a rapid change in interest rates could have a negative effect on collateral values and borrowers' ability to repay. This deterioration in economic conditions could result in losses to the Bank in excess of loan loss allowances. To the extent loans are not paid timely by borrowers, the loans are placed on nonaccrual, thereby reducing interest income. To the extent loan charge-offs exceed our financial models, increased amounts charged to the provision for loan losses would reduce income.

Rapidly changing interest rate environments could reduce our net interest margin, net interest income, fee income and net income

Interest and fees on loans and securities, net of interest paid on deposits and borrowings, are a large part of our net income. Interest rates are key drivers of our net interest margin and subject to many factors beyond the control of management. As interest rates change, net interest income is affected. Rapid increases in interest rates in the future could result in interest expense increasing faster than interest income because of mismatches in financial instrument maturities. Further, substantially higher interest rates generally reduce loan demand and may result in slower loan growth particularly in construction lending, an important factor in the Company's revenue growth over the years. Decreases or increases in interest rates could have a negative effect on the spreads between the interest rates earned on assets and the rates of interest paid on liabilities, and therefore decrease net interest income.

Slower than anticipated growth in new branches and new product and service offerings could result in reduced net income

We have placed a strategic emphasis on expanding our branch network and product offerings. Executing this strategy carries risks of slower than anticipated growth both in new branches and new products. New branches and products require a significant investment of both financial and personnel resources. Lower than expected loan and deposit growth in new investments can decrease anticipated revenues and net income generated by those investments, and opening new branches and introducing new products could result in more additional expenses than anticipated and divert resources from current core operations.

## Table of Contents

The financial services industry is very competitive

We face competition in attracting and retaining deposits, making loans, and providing other financial services throughout our market area. Our competitors include other community banks, larger banking institutions, and a wide range of other financial institutions such as credit unions, government-sponsored enterprises, mutual fund companies, insurance companies and other nonbank businesses. Many of these competitors have substantially greater resources than us. If we are unable to compete effectively, we will lose market share, and income from deposits, loans and other products may be reduced.

Inability to hire or retain certain key professionals, management and staff could adversely affect our revenues and net income

We rely on key personnel to manage and operate our business, including major revenue generating functions such as our loan and deposit portfolios. The loss of key staff may adversely affect our ability to maintain and manage these portfolios effectively, which could negatively affect our revenues. In addition, loss of key personnel could result in increased recruiting and hiring expenses, which could cause a decrease in our net income.

USE OF PROCEEDS

We will not receive any proceeds from any sale of the Securities by the Selling Securityholders, but we will receive the exercise price upon exercise of the Warrant if exercised for cash. We will use the proceeds from the exercise of the Warrant, if any, for working capital and general corporate purposes.

PLAN OF DISTRIBUTION

The Selling Securityholders and their successors, including their transferees, may sell the securities directly to purchasers or through underwriters, broker-dealers or agents, who may receive compensation in the form of discounts, concessions or commissions from the Selling Securityholders or the purchasers of the securities. These discounts, concessions or commissions as to any particular underwriter, broker-dealer or agent may be in excess of those customary in the types of transactions involved.

The securities may be sold in one or more transactions at fixed prices, at prevailing market prices at the time of sale, at varying prices determined at the time of sale or at negotiated prices. These sales may be effected in transactions, which may involve crosses or block transactions:

on any national securities exchange or quotation service on which the Series A Preferred Stock or the Common Stock may be listed or quoted at the time of sale, including, as of the date of this prospectus, the Nasdaq Stock Market in the case of the Common Stock;

- in the over-the-counter market;
- in transactions otherwise than on these exchanges or services or in the over-the-counter market; or

- through the writing of options, whether the options are listed on an options exchange or otherwise.

In addition, any securities that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than pursuant to this prospectus.

Table of Contents

In connection with the sale of the securities or otherwise, the Selling Securityholders may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the Common Stock issuable upon exercise of the Warrant in the course of hedging the positions they assume. The Selling Securityholders may also sell short the Common Stock issuable upon exercise of the Warrant and deliver Common Stock to close out short positions, or loan or pledge the Series A Preferred Stock or the Common Stock issuable upon exercise of the Warrant to broker-dealers that in turn may sell these securities.

The aggregate proceeds to the Selling Securityholders from the sale of the securities will be the purchase price of the securities less discounts and commissions, if any.

In effecting sales, broker-dealers or agents engaged by the Selling Securityholders may arrange for other broker-dealers to participate. Broker-dealers or agents may receive commissions, discounts or concessions from the Selling Securityholders in amounts to be negotiated immediately prior to the sale.

In offering the securities covered by this prospectus, the Selling Securityholders and any broker-dealers who execute sales for the Selling Securityholders may be deemed to be “underwriters” within the meaning of Section 2(a)(11) of the Securities Act in connection with such sales. Any profits realized by the Selling Securityholders and the compensation of any broker-dealer may be deemed to be underwriting discounts and commissions. Selling Securityholders who are “underwriters” within the meaning of Section 2(a)(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act and may be subject to certain statutory and regulatory liabilities, including liabilities imposed pursuant to Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Securities Exchange Act of 1934, or the Exchange Act.

In order to comply with the securities laws of certain states, if applicable, the securities must be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states the securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

The anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of securities pursuant to this prospectus and to the activities of the Selling Securityholders. In addition, we will make copies of this prospectus available to the Selling Securityholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act, which may include delivery through the facilities of the Nasdaq Stock Market pursuant to Rule 153 under the Securities Act.

At the time a particular offer of securities is made, if required, a prospectus supplement will set forth the number and type of securities being offered and the terms of the offering, including the name of any underwriter, dealer or agent, the purchase price paid by any underwriter, any discount, commission and other item constituting compensation, any discount, commission or concession allowed or reallocated or paid to any dealer, and the proposed selling price to the public.

Neither the Series A Preferred Stock nor the Warrant is listed on any exchange. Unless requested by the Treasury, we do not intend to list the Series A Preferred Stock on any securities exchange. We do not intend to list the Warrant on any exchange. No assurance can be given as to the liquidity of the trading market, if any, for the Series A Preferred Stock.

We have agreed to indemnify the Selling Securityholders against certain liabilities, including certain liabilities under the Securities Act. We have also agreed, among other things, to bear substantially all expenses (other than underwriting discounts and selling commissions) in connection with the registration and sale of the securities covered by this prospectus.

Table of Contents

SELLING SECURITYHOLDERS

On January 9, 2009, we issued the securities covered by this prospectus to the Treasury, which is the initial selling securityholder under this prospectus, in a transaction exempt from the registration requirements of the Securities Act. The Treasury, or its successors, including transferees, may from time to time offer and sell, pursuant to this prospectus or a supplement to this prospectus, any or all of the securities they own. The securities to be offered under this prospectus for the account of the Selling Securityholders are:

- Warrant to purchase 500,000 shares of our Common Stock, representing beneficial ownership of approximately 6.5% of our Common Stock as of January 28, 2009; and
- 500,000 shares of our Common Stock issuable upon exercise of the Warrant, which share, if issued, would represent ownership of approximately 6.5% of our Common Stock as of January 28, 2009.

For purposes of this prospectus, we have assumed that, after completion of the offering, none of the securities covered by this prospectus will be held by the Selling Securityholders.

Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to the securities. To our knowledge, the Treasury has sole voting and investment power with respect to the securities.

We do not know when or in what amounts the Selling Securityholders may offer the securities for sale. The Selling Securityholders might not sell any of the securities offered by this prospectus. Because the Selling Securityholders may offer all or some of the securities pursuant to this offering, and because currently no sale of any of the securities is subject to any agreements, arrangements or understandings, we cannot estimate the number of the securities that will be held by the Selling Securityholders after completion of the offering.

Other than with respect to the acquisition of the securities, the Treasury has not had a material relationship with us.

Information about the Selling Securityholders may change over time and changed information will be set forth in supplements to this prospectus if and when necessary.

SUMMARY OF THE 2009 PRIVATE PLACEMENT

On October 14, 2008, the U.S. Department of the Treasury (the “Treasury”) announced a voluntary Troubled Asset Relief Program Capital Purchase Program (the “TARP Program”) to provide U.S. financial institutions with the opportunity to raise additional capital. Under the TARP Program, the Treasury would provide capital to U.S. financial institutions in exchange for senior preferred stock.

On January 9, 2009, pursuant to the TARP program, we sold to the Treasury 28,000 shares of our Series A Preferred Stock for an aggregate purchase price of \$28.0 million and concurrently issued to the Treasury a ten-year Warrant to purchase up to 500,000 shares of our Common Stock at an exercise price of \$8.40 per share. The issuance of the Series A Preferred Stock and the Warrant were completed in a private placement to the Treasury exempt from the registration requirements of the Securities Act pursuant to the terms of a Letter Agreement, dated January 9, 2009 which incorporates the provisions of a Securities Purchase Agreement – Standard Terms attached thereto (collectively with the Letter Agreement, the “Purchase Agreement”). We are required under the terms of the Purchase Agreement to register for resale the shares of the Series A Preferred Stock, the Warrant and the shares of our Common Stock underlying the Warrant on the condition that we are eligible to register these securities on Form S-3 as of the signing date of the Purchase Agreement. The Series A Preferred Stock was not eligible for registration on Form S-3 on

January 9, 2009 and, therefore, this registration statement relates solely to the Warrant and the shares of Common Stock issuable upon exercise of the Warrant. The terms of the Warrant and our Common Stock are described under “DESCRIPTION OF WARRANT” and “DESCRIPTION OF COMMON STOCK.” The Purchase Agreement between us and the Treasury was attached as Exhibit 10.1 to our Current Report on Form 8-K filed with the Securities and Exchange Commission on January 13, 2009 and incorporated into this prospectus by reference. See “WHERE TO FIND MORE INFORMATION.”

Table of Contents

DESCRIPTION OF WARRANT TO PURCHASE COMMON STOCK

The following is a brief description of the terms of the Warrant that may be resold by the Selling Securityholders. This summary does not purport to be complete in all respects. This description is subject to and qualified in its entirety by reference to the Warrant, a copy of which has been filed with the SEC and is also available upon request from us.

Shares of Common Stock Subject to the Warrant

The Warrant is initially exercisable for 500,000 shares of our Common Stock. If we complete one or more qualified equity offerings on or prior to December 31, 2009, that result in our receipt of aggregate gross proceeds of not less than \$28 million, which is equal to 100% of the aggregate liquidation preference of the Series A Preferred Stock, the number of shares of Common Stock underlying the Warrant then held by the Selling Securityholders will be reduced by 50% to 250,000 shares. The number of shares subject to the Warrant are subject to the further adjustments described below under the heading "Adjustments to the Warrant."

Exercise of the Warrant

The initial exercise price applicable to the Warrant is \$8.40 per share of Common Stock for which the Warrant may be exercised. The Warrant may be exercised at any time on or before January 9, 2019 by surrender of the Warrant and a completed notice of exercise attached as an annex to the Warrant and the payment of the exercise price for the shares of Common Stock for which the Warrant is being exercised. The exercise price may be paid either by the withholding by Colony Bankcorp, Inc. of such number of shares of Common Stock issuable upon exercise of the Warrant equal to the value of the aggregate exercise price of the Warrant determined by reference to the market price of our Common Stock on the trading day on which the Warrant is exercised or, if agreed to by us and the holder of the Warrant, by the payment of cash equal to the aggregate exercise price. The exercise price applicable to the Warrant is subject to the further adjustments described below under the heading "Adjustments to the Warrant."

Upon exercise of the Warrant, certificates for the shares of Common Stock issuable upon exercise will be issued to the warrantholder. We will not issue fractional shares upon any exercise of the Warrant. Instead, the warrantholder will be entitled to a cash payment equal to the market price of our Common Stock on the last day preceding the exercise of the Warrant (less the pro-rated exercise price of the Warrant) for any fractional shares that would have otherwise been issuable upon exercise of the Warrant. We will at all times reserve the aggregate number of shares of our Common Stock for which the Warrant may be exercised. We have listed the shares of Common Stock issuable upon exercise of the Warrant with the Nasdaq Stock Market.

Rights as a Stockholder

The warrantholder shall have no rights or privileges of the holders of our Common Stock, including any voting rights, until (and then only to the extent) the Warrant has been exercised.

Transferability

The Treasury may not transfer a portion of the Warrant with respect to more than 250,000 shares of Common Stock until the earlier of the date on which Colony Bankcorp, Inc. has received aggregate gross proceeds from a qualified equity offering of at least \$28 million or December 31, 2009. The Warrant, and all rights under the Warrant, are otherwise transferable.

Adjustments to the Warrant

Adjustments in Connection with Stock Splits, Subdivisions, Reclassifications and Combinations. The number of shares for which the Warrant may be exercised and the exercise price applicable to the Warrant will be proportionately adjusted in the event we pay dividends or make distributions of our Common Stock, subdivide, combine or reclassify outstanding shares of our Common Stock.

Anti-dilution Adjustment. Until the earlier of January 9, 2012 or the date the Treasury no longer holds the Warrant (and other than in certain permitted transactions described below), if we issue any shares of Common Stock (or securities convertible or exercisable into Common Stock) for less than 90% of the market price of the Common Stock on the last trading day prior to pricing such shares, then the number of shares of Common Stock into which the Warrant is exercisable and the exercise price will be adjusted. Permitted transactions include issuances:

- as consideration for or to fund the acquisition of businesses and/or related assets;

in connection with employee benefit plans and compensation related arrangements in the ordinary course and consistent with past practice approved by our board of directors;

in connection with public or broadly marketed offerings and sales of Common Stock or convertible securities for cash conducted by us or our affiliates pursuant to registration under the Securities Act, or Rule 144A thereunder on a basis consistent with capital-raising transactions by comparable financial institutions (but do not include other private transactions); and

- in connection with the exercise of preemptive rights on terms existing as of January 9, 2009.

Other Distributions. If we declare any dividends or distributions other than our historical, ordinary cash dividends, the exercise price of the Warrant will be adjusted to reflect such distribution.

Certain Repurchases. If we effect a pro rata repurchase of Common Stock, both the number of shares issuable upon exercise of the Warrant and the exercise price will be adjusted.

Business Combinations. In the event of a merger, consolidation or similar transaction involving Colony Bankcorp, Inc. and requiring shareholder approval, the warrant holder's right to receive shares of our Common Stock upon exercise of the Warrant shall be converted into the right to exercise the Warrant for the consideration that would have been payable to the warrant holder with respect to the shares of Common Stock for which the Warrant may be exercised as if the Warrant had been exercised prior to such merger, consolidation or similar transaction.

## Item 15. Indemnification of Directors and Officers.

Subsection (a) of Section 14-2-851 of the Georgia Business Corporation Code (the ACode@) provides that a corporation may indemnify an individual made a party to a proceeding because he is or was a director against liability incurred in the proceeding if such individual conducted himself in good faith and such individual reasonably believed, in the case of conduct in an official capacity, that such conduct was in the best interests of the corporation and, in all other cases, that such conduct was at least not opposed to the best interests of the corporation and, in the case of any criminal proceeding, such individual had no reasonable cause to believe such conduct was unlawful. Subsection (d) of Section 14-2-851 of the Code provides that a corporation may not indemnify a director in connection with a proceeding by or in the right of the corporation except for reasonable expenses incurred in connection with the proceeding if it is determined that the director has met the relevant standard of conduct under Section 14-2-851 of the Code or in connection with any proceeding with respect to conduct for which he was adjudged liable on the basis that personal benefit was improperly received by him.

Notwithstanding the foregoing, pursuant to Section 14-2-854 of the Code a court may order a corporation to indemnify a director or advance expenses if such court determines that the director is entitled to indemnification under the Code or that it is fair and reasonable to indemnify such director in view of all the relevant circumstances, even if such director has not met the standard of conduct set forth in Section 14-2-851 of the Code, failed to comply with Section 14-2-853 of the Code or was adjudged liable according to Section 14-2-851 of the Code. However, if such director was adjudged liable, the indemnification shall be limited to reasonable expenses incurred in connection with the proceeding. If the court orders indemnification and/or advance of expenses pursuant to Section 14-2-854 of the Code, the court may also order the corporation to pay the director's reasonable expenses in obtaining the court-ordered indemnification or advance of expenses.

Section 14-2-852 of the Code provides that if a director has been wholly successful, on the merits or otherwise, in the defense of any proceeding to which he was a party, because he or she is or was a director of the corporation, the corporation shall indemnify the director against reasonable expenses incurred by the director in connection therewith.

Section 14-2-857 of the Code provides that a corporation may indemnify and advance expenses to an officer of the corporation who is a party to a proceeding because he or she is an officer of the corporation to the same extent as a director and if he or she is not a director to such further extent as may be provided in its articles of incorporation, bylaws, a resolution of its board of directors or a contract except for liability arising out of conduct that constitutes: (i) appropriation of any business opportunity of the corporation in violation of his duties; (ii) acts or omissions which involve intentional misconduct or a knowing violation of law; (iii) receipt of an improper personal benefit; or (iv)

making distributions in violation of Section 14-2-640 of the Code. Section 14-2-857 of the Code also provides that an officer of the corporation who is not a director is entitled to mandatory indemnification under Section 14-2-852 and is entitled to apply for court-ordered indemnification or advances for expenses under Section 14-2-854, in each case to the same extent as a director. In addition, Section 14-2-857 provides that a corporation may also indemnify and advance expenses to an employee or agent who is not a director to the extent, consistent with public policy, that may be provided by its articles of incorporation, bylaws, action of its board of directors or by contract.

Section 14-2-858 of the Code provides that a corporation may purchase and maintain on behalf of a director, officer, employee or agent of a corporation insurance against liability asserted against or incurred by that person serving in such capacity for the corporation or arising from his status.

Section 9.1 of the Registrant's Bylaws (the ABylaws@) provides that any person, his heirs, executors, or administrators, may be indemnified or reimbursed by the corporation for reasonable expense actually incurred in connection with any action, suit or proceeding, civil or criminal, to which he shall be made a party by reason of the fact that he is or was a director, trustee, officer, employee, or agent of the corporation, or that he is or was serving, at the request of the corporation, trust or other organization or enterprise; provided; however, that no person shall be so indemnified or reimbursed in relation to any matter in such action, suit or proceeding as to which he shall finally be adjudged to have been guilty of or liable for gross negligence, willful misconduct or criminal acts in the performance of his duties to the corporation, or to such other firm, corporation, trust, organization, or enterprise; and provided further, that no person shall be so indemnified or reimbursed in relation to any matter in such action, suit, or proceeding which has been in the subject of a compromise settlement, except with the approval of (i) a court of competent jurisdiction, (ii) the holders of record of a majority of the outstanding shares of capital stock of the corporation, or (iii) a majority of the members of the Board of Directors then holding office, excluding the votes of any directors who are parties to the same or substantially the same action, suit or proceeding.

Section 9.2 of the Bylaws provides that expenses incurred in defending any action, suit or proceeding referred to above may be paid by the corporation in advance of the final disposition of such action, suit or proceeding as authorized by the Board of Directors in the specific case upon receipt of an undertaking by or on behalf of the director, trustee, officer, employee or agent to repay such amount unless it shall ultimately be determined that he is entitled to be indemnified by the corporation as provided above.

Section 9.3 of the Bylaws provides that the corporation may purchase and maintain on behalf of a director, officer, employee or agent of the corporation insurance against liability asserted against or incurred by that person serving in such capacity for the corporation or arising from his status with the corporation whether or not the corporation would have the power to indemnify that person under the Bylaws.

Item 16. Exhibits.

See the Exhibit Index, which is incorporated into this registration statement by reference.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
  - (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933.
  - (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the

“Calculation of Registration Fee” table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that subparagraphs (1)(i), (1)(ii), and (1)(iii) above do not apply if information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

---

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
- (i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
- (ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus related, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (6) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the

Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
