Board Meetings and Committees

The Board of Directors is composed of four outside directors. On April 5, 2006, Mr. Holliman became Executive Chairman and Principal Executive Officer of the Company and is no longer an independent director under Marketplace Rule 4200(a)(15) of the National Association of Securities Dealers, Inc. (“NASD”). The Board has determined that each director other than Mr. Holliman is independent for purposes of Marketplace Rule 4200(a)(15). The Board of Directors held a total of six meetings during the fiscal year ended December 31, 2008. No director attended fewer than 75% of the aggregate of all meetings of the Board of Directors and any committee on which such director served during the period of such service. Currently, the Board of Directors does not have a policy regarding director attendance at the Company’s annual meeting of stockholders. All of the directors attended last year’s annual meeting of stockholders in person.

Independent directors regularly meet in executive sessions without the Executive Chairman or other members of management to review the criteria, upon which the performance of the Executive Chairman is based, the performance of the Executive Chairman against that criteria, to ratify the compensation of the Executive Chairman as approved by the Compensation Committee, and to discuss other relevant matters.

The Board presently has an Executive Committee, an Audit Committee, a Compensation Committee and a Corporate Governance/Nominating Committee. The Executive Committee, which acts on Board matters that arise between meetings of the full Board of Directors, consists of Dr. Feldman, Mr. Holliman and Mr. Howse. During 2008 the Executive Committee did not meet separately as all matters were discussed and acted on by the full Board.

Audit Committee

The Audit Committee, which is a separately-designated standing committee established in accordance with section 3(a)(58)(A) of the Exchange Act, consisted of Mr. Howse (Chairman), Dr. White and Dr. Feldman and met four times in 2008. The Audit Committee assists the Board of Directors in its oversight of financial reporting practices, including the independent auditors’ qualifications and independence, and the performance of the Company’s internal

audit function. The Audit Committee appoints the Company's independent auditors. The Audit Committee meets independently with representatives of the Company's independent auditors and with representatives of senior management. The Committee reviews the general scope of the Company's annual audit, the fee charged by the independent auditors and other matters relating to internal control systems. In addition, the Audit Committee is responsible for approving, reviewing and monitoring the performance of non-audit services by the Company's auditors. The Audit Committee operates under a written charter that has been adopted by the Board of Directors.

## Table of Contents

The Board of Directors has determined that the composition of the Audit Committee, the attributes of its members and the responsibilities of the Audit Committee, as reflected in its charter, are in accordance with applicable NASD Marketplace Rules for audit committees. In particular, all audit Committee members possess the required level of financial literacy, at least one member of the Audit Committee meets the current standard of requisite financial management expertise and the Board of Directors has determined that Elwood D. Howse, Jr., the Chairman of the Audit Committee, is an “audit committee financial expert” as defined in Item 407(d) of Regulation S-K of the Securities and Exchange Commission (the “SEC”). Additionally, Mr. Howse and each of the other members of the Audit Committee is an “independent director” as defined in NASD Marketplace Rule 4200(a)(15).

The Audit Committee Charter is available on the Company’s website at [www.capstonethx.com](http://www.capstonethx.com).

### Compensation Committee

The Compensation Committee consists of Dr. Feldman (Chairman) and Mr. Howse. The Committee met one time during 2008. Each member of the Compensation Committee is an “independent” director as defined in NASD Marketplace Rule 4200(a)(15) and is an “outside director” as defined in Section 162(m) of the Internal Revenue Code. The Compensation Committee reviews salaries and benefit programs designed for senior management, officers and directors and administers certain grants under the Company’s stock option plans with a view to ensure that the Company is attracting and retaining highly qualified managers through competitive salary and benefit programs and encouraging extraordinary effort through incentive rewards. The Compensation Committee does not have a written charter.

### Corporate Governance/Nominating Committee

The Corporate Governance/Nominating Committee examines and recommends nominations for the Board of Directors and officers of the Company. The Corporate Governance/Nominating Committee operates under a written charter, a copy of which is posted on our website. Although the Corporate Governance/Nominating Committee has not established minimum standards for Board nominees, the Corporate Governance/Nominating Committee generally seeks candidates with chief operating, executive or financial officer experience in complex Biotech/Pharmaceutical organizations; a commitment to give the time and attention to the duties required of them; and evidence of an independent and inquiring mind willing to question management’s assumptions. On an as needed basis, the Corporate Governance/Nominating Committee uses the services of outside consultants to assist the Corporate Governance/Nominating Committee to identify capable director candidates.

The Corporate Governance/Nominating Committee consists of Dr. White and Dr. Wardell. Dr. White (chairman) and Dr. Wardell are independent directors under NASD Marketplace Rule 4200(a)(15). The Corporate Governance/Nominating Committee met two times during 2008. The Corporate Governance/Nominating Committee nominated Mr. Howse and Dr. Wardell for election as Class III directors for this year’s annual meeting of stockholders.

### Stockholder Nomination of Director Candidates

The Corporate Governance/Nominating Committee will consider for nomination as a director of the Company any director candidate recommended or nominated by stockholders in accordance with the process outlined below.

Stockholders wishing to recommend candidates for consideration by the Corporate Governance/ Nominating Committee may do so by providing the candidate’s name, contact details, biographical data, and qualifications in writing to the Corporate Governance/Nominating Committee, c/o Secretary, OrthoLogic Corp. (dba Capstone Therapeutics), 1275 West Washington Street, Suite 101, Tempe, Arizona 85281. The Board may change the process for the means by which stockholders may recommend director candidates to the Corporate Governance/Nominating

Committee. Please refer to the Company's website at [www.capstonethx.com](http://www.capstonethx.com) and the Company's SEC filings for any changes to this process.

### EXECUTIVE COMPENSATION

#### COMPENSATION DISCUSSION AND ANALYSIS

##### Compensation Philosophy

The objectives of the Company's executive compensation policies are to attract, retain and reward executive officers who contribute to the Company's success, to align the financial interests of executive officers with the performance of the Company, to strengthen the relationship between executive pay and shareholder value, to motivate executive officers to achieve the Company's business objectives and to reward individual performance. The Company used base salary, cash bonuses, stock awards and stock options to achieve these objectives.

##### Review of Current Compensation Components of Executive Chairman and other Executive Officers

The Compensation Committee reviews all components of the Executive Chairman's and other executive officers' compensation, including salary, bonus, stock awards, accumulated vested and unvested stock options, the dollar value to the executive and cost to the company of all perquisites and other personal benefits, as well as the actual projected payout obligations under several potential severance and change-in-control scenarios and any limitations on the deductibility for federal income tax purposes of all compensation. The Compensation Committee considers the following:

- 1) Each executive has individual performance goals for the fiscal year. The Compensation Committee reviews the performance goals and expectations for individual executive positions. Based on recommendations from the Executive Chairman and the Compensation Committee's evaluation of the performance achievement of these goals, the Compensation Committee determines the resulting bonus and/or changes to salary components for the executive officers. The Executive Chairman also recommends individual performance objectives for himself for each fiscal year. The Compensation Committee approves the performance objectives of the Executive Chairman and evaluates the Executive Chairman's performance measured against these objectives and evaluates and formulates any potential changes in compensation accordingly.
- 2) The Company's performance is compared against the goals for the fiscal year. Strategic, high level performance expectations are identified each fiscal year for the Company. The Executive Chairman provides documentation to the Compensation Committee regarding the expectations and corresponding results of operations.
- 3) The level of compensation for executives in similar positions for companies of similar size and development structure is considered in determining executive compensation. To enable the Company to continue to attract and retain executives in the competitive marketplace, executive compensation for similar companies is reviewed. The Company typically obtains this data through a review of publicly available executive compensation information for comparable public companies.

##### The Compensation Committee's Conclusion

Based on the review detailed above, the Compensation Committee, at its meeting held at the beginning of the fiscal year, formulates its recommendations regarding what areas of the compensation components will be adjusted for the upcoming year and what the performance bonus for the prior year will be.

##### Board Approval

At the first Compensation Committee meeting of the year, the Compensation Committee reviews the Executive Chairman and other executive officers' compensation and bonuses and presents its recommendations to the Board of Directors. The final total compensation package decision regarding the Executive Chairman is made by the Independent Directors in an Executive Session without the Executive Chairman or other members of management present, and the final decisions on other executives' total compensation packages are made by the full Board of Directors.

## Table of Contents

The following discussion is provided to facilitate stockholder understanding of the named executive officer compensation information included with this proxy statement. Overall our compensation decisions are framed by the nature of our business as a development stage pharmaceutical company with the need for highly specialized and talented individuals. Our compensation policies are designed to take into account the fact that the competition for executives is with all sizes of pharmaceutical firms and must factor in not just comparable compensation, including health care, retirement or other traditional executive benefits, but issues such as location and position stability. We operate in Tempe, Arizona, a relatively small market for biotechnology, and in a field with substantial product development risks, with no current revenue and limited funds.

### Annual Base Compensation and Cash Bonus

As previously mentioned, each executive officer receives a base salary and a cash bonus which is based on performance against both Company and individual performance goals. We have established base salaries which we feel are comparable to other biotechnology firms and with the potential cash bonus, provide for a reasonable level of cash-based compensation to the executives. Base compensation in 2008 ranged from \$325,000 for Dr. Steer, to \$200,000 for Mr. Holliman. Dr. Steer and Mr. Holliman did not receive an increase in base pay in 2008, while Mr. Taeger and Mr. Shinbaum each received a 3% salary increase in 2008. No executive salary increases are planned for 2009. In 2008 the bonus potential was 40% of base salary for Mr. Holliman, Dr. Steer, Mr. Taeger and Mr. Shinbaum. Mr. Holliman elected to not accept a bonus for 2008. The bonus plan placed 25-30% of the executive's cash compensation at risk, which we believe is a reasonable level of risk for cash-based compensation. In 2008, performance for the bonus plan was weighted 50% towards Company goals and 50% towards individual goals. Company and individual goals included a combination of operating, such as timely completion of clinical or pre-clinical tasks and performance against our strategic plan, financial, such as performance to budget or generation of unbudgeted cost savings, and administrative, such as maintaining compliance with Securities and Exchange Commission rules, regulations and reporting requirements. We believe that the cash compensation at risk and the performance goals of the 2008 bonus plan serve to align our executive's interests with our interests and focus their efforts where we believe they have the potential to achieve performance we have identified as important to accomplishing objectives necessary to advance our development efforts.

### Equity Based Compensation

As previously discussed, we provide a certain level of cash compensation to each executive as both a short-term reward and to focus executive performance on short-term goals that are part of our long-term strategies. Additionally, we use a combination of stock option grants and stock awards, both during the employment offer process and annually, to generate a commitment to and a long-term investment in our company. Grants and awards connected with employment offers were determined based on the position and competitive factors at the time of the offers. Grants and awards are targeted such that an annual \$1 increase in market price, currently an annual \$41,000,000 increase in shareholder value, would provide approximately 10% of the executive's compensation. We believe grants at these levels serve to gradually increase our executives' commitment to our company and align their interests with other stockholders of the company.

### Stock Option Grants

As part of our long-term incentives we grant options to purchase shares of our Common Stock to our executives. During 2008, we granted Mr. Holliman and Dr. Steer options to each to purchase 50,000 shares, Mr. Taeger options to purchase 14,706 shares and Mr. Shinbaum options to purchase 12,255 shares.

On February 2, 2009, the Company granted options to employees to purchase 375,000 shares of the Company's Common Stock with the exercise price determined by the closing market price on the date of grant (\$0.45). This grant

included grants to the named executives (Holliman 125,000 shares, Steer 75,000 shares, Taeger 50,000 shares and Shinbaum 50,000 shares). The options were conditionally granted subject to Stockholder approval of Proposal 2 in this Proxy statement.

#### Stock Awards

We believe stock awards are an important element in our compensation plan and in 2008 we awarded stock valued at \$15,000 to Mr. Taeger and \$12,500 to Mr. Shinbaum. In 2008, Dr. Steer did not receive a stock award. In 2008, Mr. Holliman was awarded 18,519 shares of stock, with a fair value on the date of grant of \$25,000, for service as a member of the Company's Board of Directors. Mr. Holliman received no stock awards for performance of his Executive Chairman duties. Awards made are fixed dollar amount awards with the number of shares determined by the closing market price on the date of grant.

Under the Steer Agreement, Dr. Steer's services to the Company may be terminated by the Company at any time, with or without cause. If the event of termination is without cause, payments under the Steer Agreement will continue for twelve months after the date of termination. Dr. Steer's annual base cash compensation is \$325,000, payable in accordance with the Company's standard payroll practices. Dr. Steer is also eligible for a target bonus of 40% of base compensation upon the achievement of individual and corporate performance objectives. In addition, the Steer Agreement includes other terms and conditions consistent with agreements entered into with other Company executives.

In the event of a change of control or liquidation of the Company, the vesting of the options to purchase shares of the Company's common stock held by Dr. Steer, will be accelerated so that the options will become fully exercisable.

On January 10, 2006, the Company entered into an employment agreement with Les M. Taeger, dated as of January 10, 2006, effective as of January 16, 2006 (the "Taeger Employment Agreement"), pursuant to which Mr. Taeger serves as the Company's Senior Vice President / Chief Financial Officer. Under the Taeger Employment

Agreement, Mr. Taeger may be terminated at any time, with or without cause, at the option of either the Company or Mr. Taeger. If the Company terminates Mr. Taeger without cause, provided Mr. Taeger first executes a Severance Agreement in the form then used by the Company, the Company shall continue to pay to Mr. Taeger his minimum base salary in effect at the time of termination for a period of one year following the date of termination, at the time and in the manner dictated by the Company's standard payroll policies. Should such termination occur as a result of a Change in Control, the Company shall also pay Mr. Taeger a pro-rata share of his bonus at the time of termination. Effective January 1, 2008, Mr. Taeger's annual base salary was increased to \$242,000. Mr. Taeger is eligible to participate in the Company's discretionary bonus program, which provides for a bonus of up to 40% of his base salary, and Mr. Taeger will receive medical, dental and other fringe benefits generally granted to the Company's senior management.

On October 17, 2005, the Company entered into an employment agreement with Dana B. Shinbaum (the “Shinbaum Employment Agreement”), pursuant to which Mr. Shinbaum serves as the Company’s Vice President of Business Development and Strategic Marketing. Under the Shinbaum Employment Agreement, Mr. Shinbaum may be terminated at any time, with or without cause, at the option of either the Company or Mr. Shinbaum. If the Company terminates Mr. Shinbaum without cause, provided Mr. Shinbaum first executes a Severance Agreement in the form then used by the Company, the Company shall continue to pay to Mr. Shinbaum his minimum base salary in effect at the time of termination for a period of one year following the date of termination, at the time and in the manner dictated by the Company’s standard payroll policies. Should such termination occur as a result of a Change in Control, the Company shall also pay Mr. Shinbaum a pro-rata share of his bonus at the time of termination. Effective January 1, 2008, Mr. Shinbaum’s annual base salary was increased to \$242,000. Mr. Shinbaum is eligible to participate in the Company’s discretionary bonus program, which provides for a bonus of up to 40% of his base salary, and Mr. Shinbaum will receive medical, dental and other fringe benefits generally granted to the Company’s senior management.

Under the Company’s stock option plans, upon the occurrence of a merger in which the Company is not the surviving entity, a sale of substantially all of the assets of the Company, an acquisition by a third party of 100% of the Company’s outstanding equity securities or a similar reorganization of the Company, 75% of all unvested options will vest, with the balance vesting equally over 12 months or according to the individual’s vesting schedule, whichever is earlier. If the option holder loses his position with the Company as a result of the merger or sale, 100% of his options will immediately vest. Additionally, the Company’s 1997 Stock Option Plan and 2005 Equity Incentive Plan provide that, upon a merger, consolidation or reorganization with another corporation in which the Company is not the surviving corporation, outstanding options shall be substituted on an equitable basis for options for appropriate shares of the surviving corporation, or optionees shall receive cash in exchange for cancellation of outstanding options.

At December 31, 2008, unvested options held by named executive officers had no intrinsic value and, accordingly, accelerated vesting clauses if triggered at December 31, 2008, would have provided no additional compensation to the named executive officers.

The Audit Committee has also discussed with the independent registered public accountant the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees, and Rule 2-07 of Regulation S-X. Finally, the Audit Committee has received the written disclosures and the letter from the independent registered public accountant required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect, and written confirmations from management with respect to services provided by the independent registered public accountant, has considered whether the provision of non-audit services by the independent registered public accountant to the Company is compatible with maintaining the auditor's independence and has discussed with the independent registered public accountant the independent registered public accountant's independence. The Audit Committee met four times in 2008, each time meeting separately with the independent registered public accountant without the presence of management.

Based upon the reports and discussions described in this report, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the Securities and Exchange Commission.

In March 2004, the Company adopted a code of ethics that applies to all of its employees and has particular sections that apply only to its principal executive officer and senior financial officers. The Company has posted the text of its code of ethics on its website ([www.capstonethx.com](http://www.capstonethx.com)), under the "Investors" section under the link "Corporate Governance" and "Code of Ethics." In addition, the Company will promptly disclose on its website (1) the nature of any amendment to its code of ethics that applies to its principal executive officer and senior financial officers, and (2) the nature of any waiver, including an implicit waiver, from a provision of its code of ethics that is granted to one of these specified officers, the name of such officer who is granted the waiver and the date of the waiver.

As such, the Board reviews all proposals submitted by stockholders for action at the annual stockholders' meeting with regards to each such proposal.

## CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board of Directors reviews transactions with related parties, but has no formal policies in place with respect to such reviews or the approval of such transactions. During 2008 there were no reported related party transactions with directors, executive officers or other related parties, which might have required disclosure under SEC rules or which were otherwise material to the Company.

The Company has entered into indemnity agreements with all of its directors and officers for the indemnification of and advancing of expenses to such persons to the fullest extent permitted by law.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, the Company's directors, its executive officers and any persons holding more than 10% of the Company's Common Stock are required to report their initial ownership of the Company's Common Stock and any subsequent changes in that ownership to the SEC. Specific due dates for these reports have been established, and the Company is required to disclose any failure to file by these dates. The company believes that, except for a Statement of Changes of Beneficial Ownership of Securities filed by Elwood D. Howse, Jr., on a Form 4, on September 11, 2008, which contained a purchase of 1,445 shares on September 5, 2008, that should have been reported no later than September 9, 2008, all of these filing requirements were satisfied during the year ended December 31, 2008.

In making these disclosures, the Company has relied solely on written representations of those persons it knows to be subject to the reporting requirements and copies of the reports that they have filed with the SEC.

A list of directors, executive officers and persons holding more than 10% of the Company's Common Stock is included in the section "Voting Securities and Principal Holders Thereof" under the caption "Security Ownership of Certain Beneficial Owners and Management" in this Proxy statement.

PROPOSAL 2: APPROVAL OF AMENDMENT TO THE ORTHOLOGIC 2005 EQUITY INCENTIVE PLAN INCREASING SHARES AVAILABLE FOR GRANT BY 1,250,000 SHARES

Overview

OrthoLogic Corp. is proposing to amend its 2005 Equity Incentive Plan (the "2005 Plan") to increase the size of the pool of available securities for issuance to its employees, directors and appropriate third parties. The stated purposes of the 2005 Equity Incentive Plan are to attract and retain the best available employees and directors of the Company or any subsidiary which now exists or hereafter is organized or acquired by the Company, as well as appropriate third parties who can provide valuable services to the Company, to provide additional incentive to such persons and to promote the success and growth of the Company. The Company currently has approximately 26 employees and four non-employee directors on its Board who may participate in the 2005 Plan. We also may provide grants to appropriate third parties in the future as provided in the 2005 Plan.

The 2005 Plan provides for the grant of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock shares and restricted stock units. A maximum of 2,000,000 shares of Common Stock may be issued under the 2005 Plan and no person may receive awards for more than 300,000 shares in any calendar year. This amendment increases the maximum number of shares that may be issued under the 2005 Plan to 3,250,000 shares.

Vote Required for Amendment of the Plan

The amendment to the 2005 Plan will be submitted to the stockholders for approval in order to satisfy applicable SEC, NASDAQ and Internal Revenue Code requirements. Stockholder approval enables the Company to take tax deductions for awards paid to an executive officer of the Company whose annual compensation exceeds \$1 million. Any awards granted prior to such stockholder approval shall be expressly conditioned upon such stockholder approval of the Plan. The affirmative vote of a majority of the votes cast, with the total votes cast constituting a quorum, is required to approve the amendment to the 2005 Plan. The following is a summary of the material terms and provisions of the 2005 Plan. This summary is qualified in its entirety by reference to the complete text of the 2005 Plan, which was attached to the Proxy Statement filed on form 14A with the Securities and Exchange Commission on April 14, 2006, and is also available upon request to the Secretary of the Company.

Principal Features of the 2005 Equity Incentive Plan

The 2005 Plan will be administered by a committee (the “Committee”) designated by the Company’s Board of Directors. For purposes of the power to grant awards to Company directors, the Committee shall consist of the entire Board. For other 2005 Plan purposes, the 2005 Plan shall be administered by a committee designated by the Board to administer the 2005 Plan and shall initially be the Compensation Committee of the Board. The Committee may delegate some of its responsibilities and powers to any executive officer or officers of the Company selected by it.

## Table of Contents

**Stock Options.** Options may be incentive stock options (“ISOs”) or non-qualified stock options (“NSOs”); provided, however, that incentive stock options may not be granted to directors or other non-employees. The exercise price for any option shall not be less than one hundred percent of the fair market value of the shares on the date of grant.

Each option grant will be evidenced by a stock option agreement containing the terms and conditions required by the 2005 Plan and such other terms as the Committee may deem appropriate in each case. Each stock option agreement shall state the period or periods of time within which an option may be exercised, as determined by the Committee. Options will have a maximum exercise term of ten years from the date of grant. The Committee does not have the authority to “reprice” options.

**Stock Appreciation Rights.** Stock Appreciation Rights (“SARs”) provide a benefit that is measured by the appreciation in value of the Company’s Common Stock over a period of time. Each SAR grant will be evidenced by an agreement containing the terms and conditions required by the 2005 Plan and such other terms as the Committee may deem appropriate in each case. Upon the exercise of SARs, the Grantee (as defined in the 2005 Plan) will receive an amount determined by multiplying (1) the difference obtained by subtracting the value of Company Common Stock on the grant date from the value of Company Common Stock on the exercise date, by (2) the number of SARs exercised. The Committee may elect to pay the amount payable in cash, in shares of Company Common Stock, or in some combination thereof.

**Restricted Stock.** Restricted Stock Awards may consist of shares of Common Stock issued subject to forfeiture if specified conditions are not satisfied (“Restricted Stock Shares”) or agreements to issue shares of Common Stock in the future if specified conditions are satisfied (“Restricted Stock Units”). The Committee will determine the eligible persons to whom and the times at which restricted stock awards will be made, the number of shares to be awarded, the time or times within which such awards may be subject to forfeiture, and any other terms and conditions of the awards.

Grants of restricted stock may be conditioned upon the attainment of specified performance goals or other criteria determined by the Committee. Unless otherwise provided in the applicable agreement, the portion of the restricted stock award still subject to restriction will be forfeited by the Grantee upon termination of the Grantee’s service for any reason. If and when the applicable restrictions lapse, unrestricted certificates for such shares will be delivered to the Grantee.

**Change of Control.** Upon a Change of Control (as defined in the 2005 Plan), 75% of the unvested Awards (as defined in the 2005 Plan) held by each Grantee shall automatically become vested. The balance of each Grantee’s unvested Awards will vest in 12 equal monthly installments following the occurrence of a Change of Control, or according to the Grantee’s individual vesting schedule, whichever is earlier. If a Grantee loses his position with the Company as a result of or subsequent to the occurrence of a Change of Control, 100% of the unexpired and unvested Awards granted pursuant to the 2005 Plan held by such Grantee shall automatically become vested upon such loss of position.

**Amendment of the 2005 Plan.** The Board may from time to time amend, modify, suspend or terminate the 2005 Plan; provided, however, that no such action shall (a) impair without the Grantee’s consent any Award theretofore granted under the Plan or (b) be made without stockholder approval where such approval would be required as a condition of compliance with the Code or other applicable laws or regulatory requirements.

## Certain Federal Income Tax Consequences of the 2005 Plan

The following is a brief summary of the principal income tax consequences under the Internal Revenue Code (the “Code”) of awards made under the 2005 Plan.

Nonqualified Stock Options. A Grantee will not recognize taxable income at the time an NSO is granted. Upon exercise of the NSO, a Grantee will recognize compensation income in an amount equal to the difference between the exercise price and the fair market value of the shares on the date of exercise. The amount of such difference will be a deductible expense to the Company for tax purposes.

Table of Contents

Incentive Stock Options. A Grantee, upon exercise of an ISO, will not recognize taxable income, if the Grantee complies with two separate holding periods: shares acquired upon exercise of an ISO must be held for at least two years after the date of grant and for at least one year after the date of exercise. The difference between the exercise price and the fair market value of the stock at the date of exercise is, however, a tax preference item. When the shares of stock received pursuant to the exercise of an ISO are sold or otherwise disposed of in a taxable transaction, the optionee will recognize a capital gain or loss, measured by the difference between the exercise price and the amount realized.

Ordinarily, an employer granting ISOs will not be allowed any business expense deduction with respect to stock issued upon exercise of an ISO. However, if all of the requirements for an ISO are met except for the holding period rules set forth above, the Grantee will be required, at the time of the disposition of the stock, to treat the lesser of the gain realized or the difference between the exercise price and the fair market value of the stock at the date of exercise as ordinary income and the excess, if any, as capital gain. The Company will be allowed a corresponding business expense deduction to the extent of the amount of the Grantee's ordinary income.

Stock Appreciation Rights. A participant will not recognize taxable income upon the grant of an SAR. Upon the exercise of an SAR, the amount paid or the value of stock delivered to the Grantee will constitute compensation taxable to the Grantee as ordinary income. The Company is generally entitled to an income tax deduction for any compensation income taxed to the Grantee upon exercise of an SAR.

Restricted Stock Shares. A Grantee receiving a restricted stock award will generally recognize ordinary income in an amount equal to the fair market value of the stock at the time the stock is no longer subject to forfeiture. While the restrictions are in effect, the Grantee will recognize compensation income equal to the amount of any dividends received and the Company will be allowed a deduction for that amount. A Grantee may elect, under Section 83(b) of the Code, within 30 days of the stock grant to recognize taxable ordinary income on the date of grant equal to the fair market value of the shares (determined without regard to the restrictions) on such date. The Company will generally be entitled to a deduction equal to the amount that is taxable as ordinary income to the Grantee in the year that such income is taxable.

Restricted Stock Units. A Grantee who has been granted restricted stock units will not recognize taxable income until the applicable restriction has lapsed. The Grantee will then recognize taxable income equal to the fair market value of the shares delivered or the amount of cash paid. The Company is generally entitled to an income tax deduction for any compensation income taxed to the grantee.

THE BOARD RECOMMENDS A VOTE IN FAVOR OF APPROVAL OF THE AMENDMENT TO THE ORTHOLOGIC CORP. 2005 EQUITY INCENTIVE PLAN TO INCREASE SHARES AVAILABLE TO GRANT BY 1,250,000 SHARES.

### PROPOSAL 3: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANT – ERNST & YOUNG LLP

The Board of Directors is submitting the selection of the independent registered public accountant firm for the year ending December 31, 2009, for stockholder ratification at the 2009 Annual Meeting and recommends that stockholders vote FOR ratification of such appointment.

In the event the stockholders fail to ratify the appointment, the Audit Committee will consider it a direction to consider other accounting firms for the subsequent year. Ernst & Young LLP representatives are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

**THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTANT FOR THE 2009 FISCAL YEAR.**

### PRINCIPAL ACCOUNTING FIRM FEES

The following table sets forth the aggregate fees billed to the Company for the years ended December 31, 2008 and December 31, 2007 by our principal accounting firm Ernst & Young LLP.

Tax Fees (3)	-	-
All Other Fees (4)	-	-

## Table of Contents

- (1) Audit fees include fees for services rendered in connection with the audits of the Company's financial statements for the fiscal years ended December 31, 2008 and 2007, audit of Internal Control over Financial Reporting as of December 31, 2007, and reviews of the financial statements included in the Company's quarterly reports on Form 10-Q during the applicable fiscal year.
- (2) Audit-related fees would include fees for services rendered for matters such as a business combination, sales of shares of the Company's common stock, and responses to accounting and reporting-related matters.
- (3) Tax fees would include fees for services rendered for tax compliance, preparation of original and amended tax returns, claims for refunds and other tax services.
- (4) Our principal accounting firm did not perform nor bill the Company for any other services during the fiscal years ended December 31, 2008 and 2007 that are appropriately classified as "All Other Fees."

The Audit Committee has concluded that the services provided by the principal accounting firms that were not related to the audit of the Company's financial statements were at all times compatible with maintaining that firm's independence.

Consistent with the rules of the Securities and Exchange Commission regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation for, and overseeing the work of, the independent auditor. In recognition of this responsibility, the Audit Committee has included in its charter the responsibility to pre-approve "all auditing services and permitted non-auditing services proposed to be performed by the independent auditor, subject to the de minimis exceptions for non-audit services that were not recognized as non-audit services at the time of engagement and which are subsequently approved by the committee prior to completion of the audit." No fees were paid to the independent auditor pursuant to the "de minimis" exception to the foregoing pre-approval policy in 2008.

## OTHER MATTERS

The Company knows of no other matters to be submitted at the Annual Meeting. If any other matter properly comes before the Annual Meeting, it is the intention of the persons named in the enclosed proxy card to vote the shares they represent as the Board of Directors may recommend.

## STOCKHOLDER PROPOSALS

Proposals of stockholders of the Company which are intended to be presented by such stockholders at the Company's Annual Meeting for the fiscal year ending December 31, 2009 must be received by the Company no later than December 12, 2009 in order that they may be considered for inclusion in the proxy statement and form of proxy relating to that meeting. Additionally, if a stockholder wishes to present to the Company an item for consideration as an agenda item for a meeting without inclusion in the proxy statement, he, she or it must timely give notice to the Secretary and give a brief description of the business desired to be discussed. To be timely for next year's Annual Meeting, our bylaws require that such notice must have been delivered to or mailed to and received by the Company between 60 and 90 days prior to that Annual Meeting. If we do not publicly announce our meeting date or give notice of our meeting date at least 70 days before next year's Annual Meeting, stockholders may submit items for consideration as agenda items until 5:00 pm on the 15th day after the public disclosure or notice.

HOUSEHOLDING

We have adopted the “householding” procedure approved by the Securities and Exchange Commission that allows the Company to deliver one proxy statement and annual report to a household of stockholders instead of delivering a set of documents to each stockholder in the household. This procedure is more cost effective because it reduces the number of materials to be printed and mailed. If they have elected, stockholders who share the same last name and address will receive one proxy statement and annual report per address unless the Company receives, or has previously received, contrary instructions. Stockholders will continue to receive separate proxy cards/voting instruction forms to vote their shares.

If you would like to receive a separate copy of the proxy statement and annual report for this year, please write or call the Company at the following address or telephone number: OrthoLogic Corp. (dba Capstone Therapeutics), Corporate Secretary, 1275 West Washington Street, Suite 101, Tempe, Arizona 85281; (800) 937-5520. Upon receipt of your request, the Company will promptly deliver the requested materials to you.

If you and other OrthoLogic stockholders of record with whom you share an address currently receive multiple sets of the proxy statement and annual report, and you would like to receive only a single copy of each in the future, please contact our distribution agent, ADP, by calling (800) 542-1061. If you hold your shares in street name (that is, through a bank, brokerage account or other record holder), please contact your bank, broker or the other record holder to request information about householding. You may also revoke your consent to householding by contacting ADP, Attention Householding Department, 51 Mercedes Way, Edgewood, NY 11717, telephone (800) 542-1061.
