- Item 1.01 Entry into a Material Definitive Agreement and  
Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

On May 12, 2011, Schweitzer-Mauduit International, Inc. (“the Company”) entered into a new unsecured credit agreement (“Credit Agreement”) with a group of banks led by three joint bookrunners J.P. Morgan Securities LLC, SG Americas Securities, LLC and SunTrust Robinson Humphrey, Inc. to refinance its existing bank credit agreement. The Credit Agreement is effective May 12, 2011 and provides for borrowing capacity of approximately \$225 million with a \$100 million accordion feature. The five-year revolving credit facility includes a \$100 million equivalent sub-limit available in euros, a \$25 million equivalent sub-limit available in Philippine pesos and has no specific restriction for repurchases of SWM common stock.

The Credit Agreement is guaranteed by the Company and contains representations and warranties which are customary for facilities of this type and covenants and provisions that, among other things, require the Company to maintain (a) a Maximum Net Debt to EBITDA Ratio of 3.00 and (b) Minimum Interest Coverage of 3.50.

The increased amount of the facility and its favorable terms will provide greater flexibility to pursue various strategic opportunities. Repayment of amounts drawn under the Credit Agreement may be accelerated in limited circumstances, which include events of default not timely cured and change of control events. Expected draws are anticipated for repaying borrowings under the existing credit agreement and other general corporate purposes. Borrowings against the new facilities are expected to be consistent with levels disclosed in SWM’s first quarter 2011 filing to the U.S. Securities and Exchange Commission on Form 10-Q. Under the Credit Agreement, interest rates are based on the London Interbank Offered Rate plus an applicable margin that varies from 1.25 percent to 2.00 percent per annum depending on the Net Debt to EBITDA Ratio, as defined in the Credit Agreement. The Company will incur commitment fees at an annual rate of 0.20 to 0.30 percent of the applicable margin on the committed amounts not drawn, depending on the Net Debt to EBITDA Ratio.

The Credit Agreement replaces the existing credit facility executed on July 20, 2006 that was scheduled to expire in July 2012.
