8 SHARE ISSUE RESOLUTION, AMENDMENTS TO THE ARTICLES OF ASSOCIATION AND ELECTIONS AS A RESULT OF THE MERGER

8.1 Capital increase – shares as consideration

As provided for in the Merger Plan, the shareholders in Norsk Hydro ASA shall receive consideration shares in Statoil ASA. The conversion ratio is 0.8622 shares in Statoil ASA for each share in Norsk Hydro ASA. Fractions of shares shall not be issued. Instead such fractions will be combined and sold

as whole shares in the market. The net proceeds shall be distributed proportionately between those entitled to fractions. Consideration shares will not be issued for Norsk Hydro ASA's treasury shares.

Proposed resolution:

“The share capital shall be increased by NOK 2,606,655,590 from NOK 5,364,962,167.50 to NOK 7,971,617,757.50 by issuing 1,042,662,236 shares, each with a par value of NOK 2.50, in connection with the demerger. The portion of the contribution which is not treated as share capital in the accounts shall, in accordance with the continuity principle, be treated in the accounts so that the sum of the paid in equity capital in the two companies remains unchanged after the merger.

Subscription of the shares shall take place by way of the approval of the Merger plan by the general meeting of Norsk Hydro ASA.

Payment for the shares shall take place by the transfer of assets, rights and obligations from Norsk Hydro ASA according to the Merger Plan when completion of the demerger is registered with the Register of Business Enterprises.

Shares will not be issued to Norsk Hydro ASA's for treasury shares owned by the company. The new shares shall entitle the holders to distributions from the time they are issued.

The new shares shall be registered in Statoil ASA's register of shareholders as soon as possible after the completion of the demerger is registered with the Register of Business Enterprises, and shall thereafter entitle the holder to full shareholder rights in Statoil ASA. ”

8.2 Amendments to the Articles of Association as a consequence of the merger etc.

As a part of the approval of the merger with Norsk Hydro ASA's petroleum activities the general meeting in Statoil AS shall adopt certain amendments to the Articles of Association, so that the Articles of Association, from the date that the merger becomes effective, will be in accordance with Annex 6 to the Merger plan. Two important amendments are the change of the company's name to StatoilHydro ASA (Article 1) and the change in the company's share capital and number of shares as a result of issuance of consideration shares to Norsk Hydro ASA's shareholders (Article 3). The share capital and number of shares to be provided for in Article 3 is based on that the capital reduction in accordance with item 9 has been implemented. Apart from the above, the amendments are minor technical and linguistic changes. See Annex 7 to the Merger plan for a more detailed description of the proposed amendments.

Proposed amendments to the Articles of Association:

Article 1 shall be amended to read:

“The Company's name is StatoilHydro ASA. The Company is a Public Limited Company.

The Company will cover the costs of the Election Committee.

At the proposal of the Board of Directors shareholder-elected members, the Corporate Assembly may adopt instructions for the Election Committee.”

Article 12 shall be deleted.

These amendments to the Articles of Association shall enter into force on the date that the merger becomes effective.

9 CAPITAL REDUCTION – STRIKING-OFF OF TREASURY SHARES AND REDEMPTION OF SHARES HELD BY THE STATE

It follows from the Merger plan that the number of shares to be issued as consideration to the shareholders in Norsk Hydro ASA is based on cancellation by Statoil ASA of 5,867,000 treasury shares and redemption of 14,291,848 shares belonging to the state represented by the Norwegian Ministry of Petroleum and Energy. The capital reduction involved in the cancellation/redemption of shares shall be implemented before the effective date of the merger. The state's shares will be redeemed in accordance with agreements entered into with the state. On redemption, Statoil ASA shall pay a price per share to the state corresponding to the volume-weighted average of the price paid by Statoil ASA for shares bought in the market, plus interest from the time of each individual repurchase until payment is effected. The capital reduction is conditional on giving notice to the creditors. A confirmation from the auditor that the company's remaining tied-up equity will be fully covered after the reduction is enclosed with the invitation to the general meeting.

Proposed resolution:

“The company's share capital is reduced by NOK 50,397,120 by

(i) cancellation of 5,867,000 treasury shares, and (ii) redemption of 14,291,848 shares held by the state represented by the Norwegian Ministry of Petroleum and Energy through the payment of NOK 2 441 899 894 to the state represented by the Ministry of Petroleum and Energy. The amount corresponds to the average volume-weighted price of the company's repurchases of own shares in the market with the addition of interest. The amount paid in excess of the nominal share price shall be

charged to the premium fund.”

With effect from the effective date of the capital reduction, Article 3 of the Articles of Association shall be amended to read:
