PART I

ITEM 1. DESCRIPTION OF BUSINESS

BACKGROUND

We are a Florida corporation formed on April 8, 2001. We were organized to be a blank check company.

On December 16, 2003, Rosehill Investments Limited, a Seychelles corporation ("Rosehill"), acquired 11,937,200 shares of New England Acquisitions, Inc.'s ("Company") Common Stock ("Shares") pursuant to a Stock Purchase Agreement among Rosehill, the Company, Mr. Jonathan B. Reisman and Mr. Gary Cella (the

Edgar Filing: ATLANTIC WINE AGENCIES INC - Form 10KSB

"Agreement"). The Agreement provided for the Shares to be sold as follows: 9,234,520 shares from the Company; 1,379,600 shares from Mr. Reisman; and 1,323,100 shares from Mr. Cella. As a result of the stock sale, the Directors of the Company resigned and ultimately Mr. Harry Chauhan was appointed as the sole officer and director.

At that time there were 12,552,395 shares of common stock issued and outstanding.

On January 13, 2004, the Company amended its Articles of Incorporation to change its name from New England Acquisitions, Inc. to Atlantic Wine Agencies Inc.

On February 9, 2004, the Company's directors resigned and Mr. Harry Chauhan was appointed as the Company's sole Director and its President.

On March 1, 2004 the Company completed a 1-for-200 reverse capitalization without affecting the par value or authorized number of shares.

On May 4, 2004 the Company acquired all of the issued and outstanding shares of New Heights 560 Holdings LLC, a Cayman Islands limited liability corporation ("New Heights"), in exchange for One Hundred Million shares of its restricted common stock which is equal to 99.9% of the total outstanding shares of the Company's common stock (this transaction shall be referred to as the "Share Exchange").

Prior to the Share Exchange, the Company was engaged in the business of manufacturing and distributing various skin creams and generated minimal revenues as a result.

PRESENT

As a result of the Share Exchange, the Company now has two wholly owned subsidiaries, Mount Rozier Estates (Pty) Limited and Mount Rozier Properties (Pty) Limited. Such companies own a world class vineyard in the Stellenbosch region of Western Cape, South Africa. The vineyard and surrounding properties consist of 105 hectares of arable land for viticultural as well as residential and commercial purposes. In the opinion of the management the site is a world class site in terms of location, soil composition and future development potential.

Mount Rozier Estates (Pty) Limited and Mount Rozier Properties (Pty) Limited produces top end quality wines on a boutique vineyard basis. We intend to become a notable producer of quality wines from South Africa by further: (i) developing and expanding our wine cellars through better crop management; (ii) enhancing our strategic distribution channels with Atlantic Wine Agencies Limited; and (iii) brand development efforts.

The launch of the wines under new patent branded labeling and marketing are expected to be launched internationally in the second half of calendar year 2004.

Our wines will be initially issued in three tiers: Mount Rozier a top quality premium brand; Rozier Reef a mid price range wine; and Rozier Bay a mass market product.

On February 22, 2004 the Company formed Atlantic Wine Agencies Limited, a wholly owned subsidiary in the United Kingdom for the purposes of exclusive distribution rights of wines and products in the United Kingdom, the European

Edgar Filing: ATLANTIC WINE AGENCIES INC - Form 10KSB

Community and the United States of America in perpetuity.

Also in February 2004, the Company's wholly-owned subsidiary, Atlantic Wine Agencies Limited entered into a consulting agreement with Mr. Adam Mauerberger as a consultant for general business purposes as well as with marketing and distribution matters.

Atlantic Wine Agencies Ltd. has also contracted the services of Mr. Christopher Burr a wine master internationally respected for his opinion and knowledge of wines and a former managing director of Christies Auction House in London, as well as hired a specialist wine maker, a professional viticulturalist and an experienced estate manager. Turner Townsend Plc has been retained as the construction supervision manager due to its international reputation for experience in project property development and agricultural management.

Although not yet formalized, the Company is studying the feasibility of leisure and residential development on our vineyard properties as an additional revenue stream and asset enhancement project.

The preparation of these financial statements requires the Company to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an on-going basis, the Company evaluates its estimates, including those related to bad debts, income taxes and contingencies and litigation. The Company bases its estimates on historical experience and on

Edgar Filing: ATLANTIC WINE AGENCIES INC - Form 10KSB

various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Instruments with Characteristics of Both Liabilities and Equity." This standard requires that certain financial instruments embodying an obligation to transfer assets or to issue equity securities be classified as liabilities. It is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is generally effective July 1, 2003. This standard had no impact on the Company's financial statements.

4

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure - an Amendment to FASB Statement No. 123." SFAS No. 148 amends SFAS No. 123, "Accounting for Stock-Based Compensation," to provide alternative methods for transition to SFAS No. 123's fair value method of accounting for stock-based compensation. As amended by SFAS No. 148, SFAS No. 123 also requires additional disclosure regarding stock-based compensation in annual and condensed interim financial statements. The new disclosure requirements became effective immediately.

Report of Independent Auditor

Edgar Filing: ATLANTIC WINE AGENCIES INC - Form 10KSB

Board of Directors
Atlantic Wine Agencies, Inc.
London, United Kingdom

We have audited the accompanying consolidated balance sheets of Atlantic Wine Agencies, Inc., formerly New England Acquisitions, Inc., (a Florida corporation in the development stage) as of March 31, 2004 and 2003 and the related statements of operations, stockholders' equity (deficit) and its cash flows for each of the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Atlantic Wine Agencies, Inc. as of March 31, 2004 and 2003 and the results of its operations and its cash flows for each of the two years in the period ended March 31, 2004, in conformity with U.S. generally accepted accounting principles.

The accompanying financial statements have been prepared assuming the company will continue as a going concern. As discussed in Note B of the financial statements, the Company has incurred a net loss since inception of \$65,992 and has no assets. These conditions raise substantial doubt about its ability to continue as a going concern. Management's plans regarding those matters are more fully described in Note B to the Financial Statements. The financial statements do not include any adjustments that might result from the outcome of the uncertainty.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2004 and 2003

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Atlantic Wine Agencies, Inc., formerly New England Acquisitions, Inc., (the Company), in the development stage, was organized under the laws of the State of Florida on April 18, 2001. The Company, as of May 4, 2004, owns two wholly owned subsidiaries which have a world class vineyard producing high quality wines to be marketed principally in Europe.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from those estimates.

Cash and Cash Equivalents

The company considers all highly-liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Consolidated Financial Statements

Edgar Filing: ATLANTIC WINE AGENCIES INC - Form 10KSB

The consolidated financial statements include the Company and its wholly owned subsidiaries. All significant intercompany transactions and balances have been eliminated in consolidation.

Translation of Foreign Currencies

The functional currency of the company is the United States dollar. The financial statements of the Company's operations whose functional currency is other than the United States dollar are translated from such functional currency to United States dollars using the current rate method. Under the current rate method, assets and liabilities are translated at the exchange rates in effect at the balance sheet date. Revenues and expenses, including gains and losses on foreign exchange transactions, are translated at average rates for the period. Where the current rate method is used, the unrealized translation gains will be accumulated in other comprehensive income under the shareholders' equity section.

Income Taxes

The Company accounts for income taxes using the liability method, which requires the determination of deferred tax assets and liabilities based on the differences between the financial and tax bases of assets and liabilities using enacted tax rates in effect for the year in which differences are expected to reverse. Deferred tax assets are adjusted by a valuation allowance, if , based on the weight of available evidence, it is more likely than not that some portion or all of the deferred tax assets will not be realized.

At March 31, 2004, the Company has net operating loss carry forwards of approximately \$249,500 which expire through 2023. Based on the fact that the Company has generated

Income Taxes (continued)

operating losses since inception, a deferred tax asset of approximately \$62,375 has been offset by a valuation allowance of the same amount.

Net Loss Per Common Share

The Company computes per share amounts in accordance with Statement of Financial Accounting Standards ("SFAS") No. 128, "Earnings per Share". SFAS per share ("EPS") requires presentation of basic and diluted EPS. Basic EPS is computed by dividing the income (loss) available to Common Stockholders by the weighted-average number of common shares outstanding for the period. Diluted EPS is based on the weighted-average number of shares of Common Stock and Common Stock equivalents outstanding during the periods.

Stock-Based Compensation

Edgar Filing: ATLANTIC WINE AGENCIES INC - Form 10KSB

SFAS No. 123, "Accounting for Stock-Based Compensation" prescribes accounting and reporting standards for all stock-based compensation plans, including employee stock options, restricted stock, employee stock purchase plans and stock appreciation rights. SFAS No. 123 requires employee compensation expense to be recorded (1) using the fair value method or (2) using the intrinsic value method as prescribed by accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB25") and related interpretations with pro forma disclosure of what net income and earnings per share would have been had the Company adopted the fair value method. The Company accounts for employee stock based compensation in accordance with the provisions of APB 25.

Business Combinations and Intangible Assets

The Financial Accounting Standards Board ("FASB") issued SFAS NO. 141, "Business Combinations" which requires the purchase method of accounting for business combinations and eliminates the pooling-of-interests method.

The FASB has issued SFAS NO. 142, "Goodwill and Other Intangible Assets", which requires the discontinuance of goodwill amortization. In addition, the standard includes provisions for the reclassification of certain existing recognized intangibles as goodwill, reassessment of the useful lives of existing recognized intangibles, reclassification of certain intangibles out of previously reported goodwill and the identification of reporting units for purposes of assessing potential future impairment of goodwill.

The FASB has issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets". SFAS No. 144 which changes the accounting for long-lived assets to be held and used by eliminating the requirement to allocate goodwill to long-lived assets to be tested for impairment, by providing a probability weighted cash flow estimation approach to deal with situations in which alternative courses of action to recover the carrying amount of possible future cash flows and by establishing a primary-asset approach to determine the cash flow estimation period for a group of assets and liabilities that represents the unit of accounting for long-lived assets to be held and used. SFAS No. 144 changes the accounting for long-lived assets to be disposed of other than by sale by requiring that the depreciable life of a long-lived asset to be abandoned be revised to reflect a shortened useful life and by requiring the impairment loss to be recognized at the date a long-lived asset is exchanged for a similar productive asset or distributed to owners in a spin-off if the carrying amount of the asset exceeds its fair value. SFAS No 144 changes the accounting for long-lived assets to be disposed of by sale by requiring that discontinued operations no longer be recognized in a net realizable value basis (but at the lower of carrying amount or fair value less costs to sell), by eliminating the recognition of future operating losses of discontinued components before they occur and by broadening the presentation of discontinued operations in the income statement to include a component of an entity rather than a segment of a business. A component of an entity comprises operations and cash flows that can be clearly distinguished, operationally, and for financial reporting purposes, from the rest of the entity.

As shown in the accompanying financial statements, the Company has incurred a net loss since inception of \$249,492 and has negative working capital at March 31, 2004. In December 2003, the Company had a change in control of its principal stockholders. On May 4, 2004, the new stockholders directed the Company to acquire all of the issued and outstanding shares of New Heights 560 Holdings, LLC, a Cayman Islands Limited Liability Corporation, in exchange for 100,000,000 shares of the Company's common stock. As a result of the acquisition, the Company owns a world class vineyard in South Africa and intends to produce high quality wines. It is the Company's intent to market and sell these quality wines in Europe which the Company feels is an excellent market. In this connection, the Company is developing a marketing and sales strategy to meet their objective and is seeking additional financing. However, there is no assurance that the Company will be successful in its efforts to raise additional working capital to carry on its marketing and sales initiatives or to generate a profitable operation.

These matters raise substantial doubt about the Company's ability to continue as a going concern. However, the accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. These financial statements do not include any adjustments relating to the recovery of the recorded assets or the classification of the liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE C - RELATED PARTY TRANSACTIONS

The former principal stockholders of the Company have paid, on behalf of the Company, all of the costs related to the filing of a registration statement under Form SB-2 with the Securities and Exchange Commission and subsequent quarterly compliance filings as well as other miscellaneous administrative expenses including professional fees for legal and accounting. The total amount due the stockholders at March 31, 2003 was \$31,084. During the year ended March 31, 2004, the former principal stockholders paid and/or incurred additional costs of \$25,142, making their aggregate total \$56,226. On December 16, 2003, they sold their majority control to Rosehill Investments, Limited. Part of the sales proceeds was used to liquidate this indebtedness.
