The Herzfeld Caribbean Basin Fund's investment objective is long-term capital appreciation. To achieve its objective, the Fund invests in issuers that are likely, in the Advisor's view, to benefit from economic, political, structural and technological developments in the countries in the Caribbean Basin, which consist of Cuba, Jamaica, Trinidad and Tobago, the Bahamas, the Dominican Republic, Barbados, Aruba, Haiti, the Netherlands Antilles, the Commonwealth of Puerto Rico, Mexico, Honduras, Guatemala, Belize, Costa Rica, Panama, Colombia and Venezuela. The fund invests at least 80% of its total assets in a broad range of securities of issuers, including U.S.-based companies which engage in substantial trade with, and derive substantial revenue from, operations in the Caribbean Basin Countries.

February 7, 2006

Dear Fellow Shareholders:

I am pleased to report to you that our Fund continues to do well on all fronts: net asset value performance, price performance and shareholder value.

As of December 31, 2005, the end of the first half of our fiscal year, our Fund's net asset value stood at \$7.83 per share, a gain of 9.21% (adjusted for a year-end distribution of \$0.1748 per share; not annualized, unaudited). Over the 12 month period ended December 31, 2005, the net asset value increased 14.52%. We are now up over 100% from inception (adjusted for distributions). The Fund's share price, over the 6 and 12 month periods, gained 28.87% (not annualized) and 32.33%, respectively, adjusted for the distribution.

Since calendar year-end, the Fund's net asset value has continued to climb, reaching a record high of \$8.39 on February 1st. Eleven companies of our portfolio have made the new high list so far this year: Bancolombia, S.A.; Cemex, ADR; Consolidated Water Co.; Florida East Coast Industries; Grupo Televisa S.A.; Grupo TMM, S.A. ADR; Latin America Equity Fund; Mastec, Inc.; Mexico Fund; Telefonos de Mexico ADR; and Watsco Incorporated. Two stocks which had been disappointments have come back nicely; these include Grupo TMM, which is currently changing hands at \$4.72, up 52% from a year ago, and CancerVax, which is trading above \$3 today, up from \$1.31 last October.

Herzfeld Caribbean's discount to net asset value is currently 6.5%, four percentage points narrower than it was a year ago. At the beginning of January, our shares traded at a slight premium. This is the 12th year of the Fund's existence, and in each year, it has attained a premium to net asset value. In December, when the share price made a record high at \$8.85 per share, we were trading at over a 10% premium to net asset value.

Portfolio Commentary

We have made some significant changes in our portfolio since December 31st. We took some rather large profits in three of our closed-end fund holdings: Latin American Equity Fund, Latin America Discovery Fund and Mexico Fund. For seasonal reasons, January is usually a good time of the year to sell closed-end funds. Historically, in December closed-end funds become undervalued due to year-end tax selling and in January they tend to snap back, just like a stretched rubberband which has been released. For instance, our gain in Latin American Discovery Fund was \$158,000; in addition, from that holding we received a large year-end distribution of \$5.7595 per share, or \$77,920. The January sales have boosted our cash position from zero at year-end to approximately 6%. For the time being I prefer to keep this somewhat reduced investment level.

There are two new companies in our portfolio: the first is Copa Holdings, S.A.

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSRS

and the second is Cuban Electric Company.

Copa Holdings, based in Panama, is a leading Latin American airline providing passenger and cargo service to twenty countries, primarily in Central America, South America and the Caribbean, including daily flights to Havana.

We have been expanding our research into companies that have had property confiscated by the Castro government; it is a very long list. About 9000 claims have been filed, of which just under 6000 have been certified by the Foreign Claims Settlement Commission of the United States for a total value of \$1.8 billion, and with accumulated interest for 46 years the total approaches \$20 billion! These certified claims are by U.S. companies and citizens and do not include another \$20 billion in Cuban exile claims. Cuban Electric, a U.S. company, is our first investment which targets this area. As of June 30, 2005, Cuban Electric had approximately \$18 million in assets (outside of Cuba) in cash and equivalents, and with 3.6 million shares outstanding, that represents about \$5 per share. We have been buying stock in the \$8 per share range. The company filed a claim under the Cuban Claims Act which has been certified; the claim amounts to over \$267 million, about \$74 per share (not including interest). Of course, whether or not any Cuban prior claims or the defaulted Republic of Cuba debt* will ever be paid, even in part, is impossible to predict. I do believe, however, that before the U.S.

 * We hold \$165,000 of the Republic of Cuba, 4.5%, 1977 bonds, which our board is currently valuing at zero.

government would consider lifting the embargo, the subject of prior claims will have to be addressed. These investments are in keeping with our investment strategy of trying to position a significant part of the Fund's portfolio in companies that would benefit from any resumption of trade with Cuba.

Notes to Financial Statements

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Related Matters

The Herzfeld Caribbean Basin Fund, Inc. (the "Fund") is a non-diversified, closed-end management investment company incorporated under the laws of the State of Maryland on March 10, 1992, and registered under the Investment Company Act of 1940. The Fund commenced investing activities in January, 1994. The Fund is listed on the NASDAQ Capital Market and trades under the symbol "CUBA".

The Fund's investment policy is to invest at least 80% of its assets in investments that are economically tied to Caribbean Basin Countries. The Fund's investment objective is to obtain long-term capital appreciation. The Fund pursues its objective by investing primarily in equity and equity-linked securities of public and private companies, including U.S.-based companies, (i) whose securities are traded principally on a stock exchange in a Caribbean Basin Country or (ii) that have at least 50% of the value of their assets in a Caribbean Basin Country or (iii) that derive at least 50% of their total revenue from operations in a Caribbean Basin Country. The Fund's investment objective is

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSRS

fundamental and may not be changed without the approval of a majority of the Fund's outstanding voting securities.

At December 31, 2005, the Fund had foreign investments in companies operating principally in Mexico and the Cayman Islands, representing approximately 13.48% and 8.59% of the Fund's net assets, respectively.

The Fund's custodian and transfer agent is Investors Bank & Trust Company, based in Boston, Massachusetts.

Security Valuation

Investments in securities traded on a national securities exchange (or reported on the NASDAQ National Market or Capital Market) are stated at the last reported sales price on the day of valuation (or at the NASDAQ official closing price); other securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are stated at the last quoted bid price. Restricted securities and other securities for which quotations are not readily available are valued at fair value as determined by the Board of Directors.

Notes to Financial Statements

=====

Income Recognition

Security transactions are recorded on the trade date. Gains and losses on securities sold are determined on the basis of identified cost. Dividend income is recognized on the ex-dividend date, and interest income is recognized on an accrual basis. Discounts and premiums on debt securities purchased are amortized over the life of the respective securities. It is the Fund's practice to include the portion of realized and unrealized gains and losses on investments denominated in foreign currencies as components of realized and unrealized gains and losses on investments and foreign currency.

Deposits with Financial Institutions

The Fund may, during the course of its operations, maintain account balances with financial institutions in excess of federally insured limits.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Discussion Regarding the Approval of the Investment
Advisory Agreement
=====

The Fund's Board of Directors including a majority of those directors who are not "interested persons" as such term is defined in the 1940 Act ("Independent Directors") unanimously approved the continuance of the investment advisory agreement between the Fund and the Advisor (the "Agreement") at a meeting held on August 17, 2005.

Before meeting to determine whether to approve the Agreement, the Board had the opportunity to review written materials provided by the Advisor and by legal counsel to the Fund which contained information to help the Board evaluate the Agreement. The materials included (i) a memorandum from the Fund's legal counsel regarding the Directors' responsibilities in evaluating and approving the Agreement, (ii) a letter from the Advisor containing detailed information about the Advisor's services to the Fund, Fund performance, allocation of Fund transactions, compliance and administration information, and the compensation received by the Advisor from the Fund; (iii) a copy of the current investment advisory agreement between the Fund and the Advisor; (iv) audited financial statements for the Advisor for the year-ended December 31, 2004 and unaudited financial statements for the six months ended June 30, 2005; (v) the Advisor's Form ADV Parts I and II; (v) comparative performance data for the Fund relative to peer funds (small closed-end funds and foreign funds invested in the Latin American region); and (vi) comparative statistics and fee data for the Fund relative to peer funds.

During its deliberations on whether to approve the continuance of the Agreement, the Board considered many factors. The Board considered the nature, extent and quality of the services to be provided by the Advisor and determined that such services will meet the needs of the Fund and its shareholders. The Board reviewed the services provided to the Fund by the Advisor as compared to services provided by other advisors, which manage investment companies with

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSRS

investment objectives, strategies and policies similar to those of the Fund. The Board concluded that the nature, extent and quality of the services provided by the Advisor were appropriate and consistent with the terms of the advisory agreement, that the quality of those services had been consistent with industry norms and that the Fund was likely to benefit from the continued provision of those services. The Board also concluded that the Advisor had sufficient personnel, with the appropriate education and experience, to serve the Fund effectively and had demonstrated its continuing ability to attract and retain qualified personnel

Both at the meeting and on an ongoing basis throughout the year, the Board considered and evaluated the investment performance of the Fund and reviewed the Fund's performance relative to other investment companies and funds with similar investment objectives, strategies and policies, and its respective benchmark index. The Board considered both the short-term and long-term performance of the Fund. They concluded that the performance of the Fund was within an acceptable range of performance relative to other funds with similar investment objectives, strategies and policies.

-18-

Discussion Regarding the Approval of the Investment
Advisory Agreement (continued)

=====

The Board considered the costs of the services provided by the Advisor, the compensation and benefits received by the Advisor providing services to the Fund, as well as the Advisor's profitability. In addition, the Board considered any direct or indirect revenues received by affiliates of the Advisor including the commissions paid to the Fund's affiliated broker/dealer, Thomas J. Herzfeld & Co., Inc. The Board considered the advisory fees paid to the Advisor by the Fund and relevant comparable fee data and statistics of a sampling of small closed-end funds and foreign funds invested in the Latin American region. The Board further discussed the services by the Advisor and concluded that the advisory services performed were efficient and satisfactory and that the fee charged was reasonable and not excessive. The Board concluded that the Advisor's fees and profits derived from its relationship with the Fund in light of its expenses, were reasonable in relation to the nature and quality of the services provided, taking into account the fees charged by other advisors for managing comparable funds with similar strategies. The Directors also concluded that the overall expense ratio of the Fund was reasonable, taking into account the size of the Fund, the quality of services provided by the Advisor, and the investment performance of the Fund.

The Board also considered the extent to which economies of scale would be realized relative to fee levels as the Fund grows, and whether the advisory fee levels reflect these economies of scale for the benefit of shareholders. The Board recognized that because of the closed-end structure of the Fund, and the fact that there is no influx of capital, this particular factor is less relevant to the Fund than it would be to an open-end fund. The Board concluded that only marginal economies of scale could be achieved through the growth of assets since the Fund is closed-ended.

The Board also considered its deliberations regarding the Advisor's services and performance from the regular Board meetings held throughout the year, including the Board's discussion of the Fund's investment objective, long-term performance, investment style and process. The Board noted the high level of diligence with which it reviews and evaluates the Advisor throughout the year and the extensive information provided with respect to Advisor's performance and the Fund's expenses on a quarterly basis. The Board also considered whether

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSRS

there have occurred any events that would constitute a reason not to renew the Agreement and concluded there were not.

After deliberation and further consideration of the factors discussed above and information presented at the August 17, 2005 meeting and at previous meetings of the Board, the Board and the Independent Directors determined to continue the Agreement for an additional one-year period. In arriving at this decision, the Board and the Independent Directors did not identify any single matter as controlling, but made their determination in light of all the circumstances. The Board and the Independent Directors did not consider any one of the factors and considerations identified above to be determinative. The Board based its decision to approve the Agreement on all the relevant factors in light of its reasonable business judgment, and with a view to future long-term considerations.

APPENDIX A

THE HERZFELD CARIBBEAN BASIN FUND, INC.

Proxy Voting Policy and Procedures

The Board of Directors of The Herzfeld Caribbean Basin Fund, Inc. (the "Fund") hereby adopts the following policy and procedures with respect to voting proxies relating to portfolio securities held by the Fund:

Policy

It is the policy of the Board of Directors of the Fund (the "Board") to delegate the responsibility for voting proxies relating to portfolio securities held by the Fund to the Fund's investment adviser (the "Adviser") as a part of the Adviser's general management of the Fund, subject to the Board's continuing oversight.' The voting of proxies is an integral part of the investment management services that the Adviser provides pursuant to the advisory contract.

The Adviser may, but is not required to, delegate the responsibility for voting proxies relating to portfolio securities held by the Fund to a sub-adviser ("Sub-Adviser") retained to provide investment advisory services, if applicable. If such responsibility is delegated to a Sub-Adviser, then the Sub-Adviser shall assume the fiduciary duty and reporting responsibilities of the Adviser under these policy guidelines.

Fiduciary Duty

The right to vote a proxy with respect to portfolio securities held by the Fund is an asset of the Fund. The Adviser, to which authority to vote on behalf of the Fund is delegated, acts as a fiduciary of the Fund and must vote proxies in a manner consistent with the best interest of the Fund and its shareholders.

Procedures

The following are the procedures adopted by the Board for the administration of this policy:

A. Review of Adviser Proxy Voting Procedures. The Adviser with authority to vote proxies on behalf of the Fund shall present to the Board its policies, procedures and other guidelines for voting proxies at least annually, and must notify the Board promptly of material changes to any of these documents.

B. Voting Record Reporting. No less than annually, the Adviser shall report to the Board a record of each proxy voted with respect to portfolio securities of the Fund during the year. With respect to those proxies that the Adviser has identified as involving a conflict of interest(2), the Adviser shall submit a separate report indicating the nature of the conflict of interest and how that conflict was resolved with respect to the voting of the proxy.

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSRS

Revocation

The delegation by the Board of the authority to vote proxies relating to portfolio securities of the Fund is entirely voluntary and may be revoked by the Board, in whole or in part, at any time.

Annual Filing

The Fund shall file an annual report of each proxy voted with respect to its portfolio securities during the twelve-month period ended June 30 on Form N-PX not later than August 31 of each year.

Disclosures

The Fund shall include in its annual report to stockholders:

A description of this policy and of the policies and procedures used by the Adviser to determine how to vote proxies relating to portfolio securities (3); and

A statement disclosing that information regarding how the Fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available without charge, upon request, by calling the Fund's toll-free telephone number and on the SEC website(4).

The Fund shall also include in its annual and semi-annual reports to stockholders:

A statement disclosing that a description of the policies and procedures used by or on behalf of the Fund to determine how to vote proxies relating to portfolio securities of the Funds is available without charge, upon request, by calling the Fund's toll-free telephone number and on the SEC website.(5)

A statement disclosing that information regarding how the Fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available without charge, upon request, by calling the Fund's toll-free telephone number and on the SEC website.(6)

Review of Policy.

At least annually, the Board shall review this Policy to determine its sufficiency and shall make and approve any changes that it deems necessary from time to time

- (1) This policy is adopted for the purpose of the disclosure requirements adopted by the Securities and Exchange Commission, Release Nos. 33-8188, 34-47304, IC-25922.
- (2) As it is used in this document, the term "conflict of interest" refers to a situation in which the Adviser or Sub-Adviser or affiliated persons of the Adviser or Sub-Adviser have a financial interest in a matter presented by a proxy other than the obligation it incurs as investment adviser to the Fund which compromises the Adviser's or Sub-Adviser's independence of judgment and action with respect to the voting of the proxy.

THOMAS J. HERZFELD ADVISORS, INC.

PROXY VOTING

POLICIES AND PROCEDURES

I. POLICY

Thomas J. Herzfeld Advisors, Inc. (the "Adviser") acts as discretionary investment adviser for various clients, including The Herzfeld Caribbean Basin Fund, Inc. an investment company registered under the Investment Company Act of 1940, as amended, and clients governed by the Employee Retirement Income Security Act of 1974 ("ERISA").

Selected clients, including The Herzfeld Caribbean Basin Fund, Inc. have elected to have the Adviser vote proxies or act on the other shareholder actions on their behalf, while other clients vote proxies themselves.

When voting proxies or acting on corporate actions for clients, the Adviser's utmost concern is that all decisions be made in the best interest of its clients (for ERISA accounts, plan beneficiaries and participants, in accordance with the letter and spirit of ERISA). The Adviser will act in a manner deemed prudent and diligent and which is intended to enhance the economic value of the assets of its clients' accounts.

II. PURPOSE

The purpose of these Policies and Procedures is to memorialize the procedures and policies adopted by the Adviser to enable it to comply with its responsibilities and the requirements of Rule 206(4)-6 under the Investment Advisers Act of 1940, as amended ("Advisers Act"). These Policies and Procedures also reflect the fiduciary standards and responsibilities set forth by the Department of Labor for ERISA accounts.

III. PROCEDURES

Cecilia Gondor, Executive Vice President of the Adviser, is ultimately responsible for ensuring that all proxies received by the Adviser are voted in a timely manner and voted consistently across all portfolios. Although many proxy proposals can be voted in accordance with the Adviser's established guidelines (see Section V. below) (the "Guidelines"), the Adviser recognizes that some proposals require special consideration, which may dictate that the Adviser makes an exception to the Guidelines.

Cecilia Gondor is also responsible for ensuring that all corporate actions received by the Adviser are addressed in a timely manner and consistent action is taken across all portfolios.

A. Conflicts of Interest. Where a proxy proposal raises a material conflict of interest between the Adviser's interests and that of one or more its clients, the Adviser shall resolve such conflict in the manner described below.

1. Vote in Accordance with the Guidelines. To the extent that the Adviser has little or no discretion to deviate from the Guidelines with respect

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSRS

to the proposal in question, the Adviser shall vote in accordance with such pre-determined voting policy.

2. Obtain Consent of Clients. To the extent that the Adviser has discretion to deviate from the Guidelines with respect to the proposal in question, the Adviser shall disclose the conflict to the relevant clients and obtain their consent to the proposed vote prior to voting the securities. The disclosure to the clients will include sufficient detail regarding the matter to be voted on and the nature of our conflict that the clients would be able to make an informed decision regarding the vote. When a client does not respond to such a conflict disclosure request or denies the request, the Adviser will abstain from voting the securities held by that client's account.

B. Limitations. In certain circumstances, in accordance with a client's investment advisory contract (or other written directive) or where the Adviser has determined that it is in the client's best interest, the Adviser will not vote proxies received. The following are some circumstances where the Adviser will limit its role in voting proxies received on client securities:

1. Client Maintains Proxy Voting Authority: Where a client has not specifically delegated the authority to vote proxies to the Adviser or that it has delegated the right to vote proxies to a third party, the Adviser will not vote the securities and will direct the relevant custodian to send the proxy material directly to the client. If any proxy material is received by the Adviser, it will promptly be forwarded to the client.

2. Terminated Account: Once a client account has been terminated with the Adviser in accordance with its investment advisory agreement, the Adviser will not vote any proxies received after the termination. However, the client may specify in writing that proxies should be directed to the client for action.

3. Limited Value: If the Adviser concludes that the client's economic interest or the value of the portfolio holding is indeterminable or insignificant, the Adviser will abstain from voting a client's proxies. The Adviser does not vote proxies received for securities which are no longer held by the client's account. In addition, the Adviser generally does not vote securities where the economic value of the securities in the client's account is less than \$500.

4. Securities Lending Programs: When securities are out on loan, they are transferred into the borrower's name and are voted by the borrower, in its discretion. However, where the Adviser determines that a proxy vote (or shareholder action) is materially important to the client's account, the Adviser may recall the security.

5. Unjustifiable Costs: In certain circumstances, after doing a cost-benefit analysis, the Adviser may abstain from voting where the cost of voting a client's proxy would exceed any anticipated benefits of the proxy proposal.

IV. RECORD KEEPING

In accordance with Rule 204-2 under the Advisers Act, the Adviser will maintain for the time periods set forth in the Rule (i) these proxy voting procedures and policies, and amendments thereto; (ii) all proxy statements received regarding client securities (provided however, that the Adviser may rely on the proxy statement filed on EDGAR as its records)(1); (iii) a record of votes cast on behalf of clients; (iv) records of client requests for proxy voting information; (v) any documents prepared by the adviser that were material to making a decision how to vote or that memorialized the basis for the decision; and (vi) records relating to requests made to clients regarding conflicts of interest in

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSRS

voting the proxy.

The Adviser will describe in its Part II of Form ADV (or other brochure fulfilling the requirement of Rule 204-3) its proxy voting policies and procedures and advising clients how they may obtain information on how the Adviser voted their securities. Clients may obtain information on how their securities were voted or a copy of our Policies and Procedures by written request addressed to the Adviser.

V. GUIDELINES

Each proxy issue will be considered individually. The following guidelines are a partial list to be used in voting proposals contained in the proxy statements, but will not be used as rigid rules.

-
- (1) Issues regarding the issuer's Board entrenchment and anti-takeover measures such as the following:
- b. Proposals to limit the ability of shareholders to call special meetings;
 - c. Proposals to require super majority votes;
 - d. Proposals requesting excessive increases in authorized common or preferred shares if management provides no explanation for the use or need for these additional shares;
 - e. Proposals regarding "poison pill" provisions; and
 - f. Permitting "green mail".
-
- (1) Providing cumulative voting rights.
-
- (2) "Social issues," unless specific client guidelines supersede, e.g., restrictions regarding Africa.
-
- (3) Election of directors recommended by management, except if there is a proxy fight.
-
- (4) Election of auditors recommended by management, unless seeking to replace if there exists a dispute over policies.
-
- (5) Date and place of annual meeting.
-
- (6) Limitation on charitable contributions or fees paid to lawyers.
-
- (7) Ratification of directors' actions on routine matters since previous annual meeting.
-
- (8) Confidential voting
-

(1) Because the Adviser primarily invests its clients' assets in securities of foreign issuers, the Adviser generally has not been receiving proxy statements from such issuers because the laws of the countries in which these issuers are domiciled respecting delivery of proxy statements to shareholders are different than those of the U.S.

Confidential voting is most often proposed by shareholders as a means of eliminating undue management pressure on shareholders regarding their vote on proxy issues.

The Adviser will generally approve these proposals as shareholders can later divulge their votes to management on a selective basis if a legitimate reason arises.

(9) Limiting directors' liability

(10) Eliminate preemptive right

Preemptive rights give current shareholders the opportunity to maintain their current percentage ownership through any subsequent equity offerings. These provisions are no longer common in the U.S., and they limit management's ability to raise new capital.

The Adviser approves the elimination of preemptive rights, but will oppose the elimination of limited preemptive rights, e.g., on proposed issues representing more than an acceptable level of total dilution.

(11) Employee Stock Purchase Plan

(12) Establish 401(k) Plan

(13) Rotate annual meeting location/date

(14) Establish a staggered Board

(15) Eliminate director mandatory retirement policy

(16) Option and stock grants to management and directors

(17) Allowing indemnification of directors and/or officers after reviewing the applicable law and the extent of protection requested.
