Section 1 — Registrant's Business and Operations

Item 1.01 Entry into a Material Definitive Agreement

Pursuant to Securities Purchase Agreements, dated between June 20, 2006 to July 14, 2006 (the "Securities Purchase Agreements"), Omni U.S.A., Inc. (the "Company") sold 8% Convertible Debentures having an aggregate principal amount of \$1,125,000 (the "Debentures") to a group of six private investors, two of who are directors and/or officers of the Company. The Debentures had attached common stock warrants (the "Warrants").

The Debentures were sold for \$1,125,000. Except to pay off certain liabilities of the Company totaling approximately \$300,000, the proceeds of the offering will be used for working capital purposes.

The Debentures bear interest at the rate of 8% per annum with quarterly interest payments. The maturity date of the Debentures is two years from the date of issuance and, at the option of the Debenture holder, are convertible into up to 2,250,000 shares of the Company's common stock or a conversion price equal to \$0.50 per share (subject to adjustment as provided in the Debentures).

The full principal amount of the Debentures is due upon a default under the terms of the Debentures. In the event that the Company breaches any representation or warranty in the Securities Purchase Agreements, the outstanding principal amount of the Debentures, plus liquidated damages and other amounts owing in respect thereof through the date of acceleration, shall become, at the holder's election, immediately due and payable in cash at the mandatory default amount (as defined in the Debentures). The Debentures have price protection.

In connection with the sale of the Debentures, the Company also issued (i) Warrants to purchase up to 2,250,000 shares of the Company's common stock at a exercise price of \$0.60 per share for a period of five years from the date of issuance, subject to adjustment as provided for in the Warrants and (ii) Warrants to purchase up to 2,250,000 shares of the Company's common stock at an exercise price of \$1.00 per share for a period of one year from the date of issuance, subject to adjustment as provided in the Warrants. The Warrants are exercisable on a cashless basis or through the cash payment of the exercise price. In the event the holder exercises the Warrants on a cashless basis, then the Company will not receive any proceeds.

The Company is required to file a registration statement with the Securities and Exchange Commission by January 1, 2007, which will include the common stock underlying the Debentures, and the Warrants, any additional shares issuable in connection with any anti-dilution provisions in the Debentures or the Warrants and any securities issued or issuable upon any stock split, dividend or other distribution, recapitalization or similar event with respect to the foregoing.

The holder of the Debentures and the Warrants may not convert the Debentures or exercise the Warrants and receive shares of the Company's common stock such that the number of shares of common stock held by the holder and their affiliates after such conversion or exercise exceeds 4.9% of the then issued and outstanding shares of common stock.

Section 2 — Financial Information

Item 2.03 Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement of a Registrant

Discussed above in Item 1.01 are debt obligations created from other than in the ordinary course of business which constitutes direct financial obligations of the Company

Section 3 — Securities and Trading Markets

Item 3.02 Unregistered Sales of Equity Securities

Reference is made to Item 1.01 with respect to the issuance of the Debentures and the Warrants (the “Securities”). The Securities were issued without registration under the Securities Act of 1933, as amended, in reliance upon the exemption provided by Section 4(2) thereof and Regulation D promulgated thereunder on the basis that the sales of the Securities were transactions not involving any public offering. Appropriate precautions against transfer will be taken, including the placing of a restrictive legend on all certificates issued as a result of the conversion of the Debentures or the exercise of the Warrants into common stock. All such issuances were effected without the aid of underwriters, and no sales commissions were paid. The Company paid \$100,000 and issued a Warrant exercisable into up to 200,000 shares of the Company’s common stock to an individual as a finder’s fee.
