NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2006
(Unaudited)

NOTE A - BASIS OF PRESENTATION

The accompanying condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary in order to make the financial statements not misleading have been included. Results for the three months ended June 30, 2006 are not necessarily indicative of the results that may be expected for the year ending March 31, 2007. For further information, refer to the financial statements and footnotes thereto included in the Atlantic Wine

Edgar Filing: ATLANTIC WINE AGENCIES INC - Form 10QSB

Agencies, Inc., formerly New England Acquisitions, Inc., annual report on Form 10-KSB for the year ended March 31, 2006.

NOTE B - GOING CONCERN

As indicated in the accompanying financial statements, the Company has an Accumulated deficit of \$6,200,951. Management's plans include the raising of capital through the equity markets to fund future operations and the generating of revenue through its business. Failure to raise adequate capital and generate adequate sales revenues could result in the Company having to curtail or cease operations. Additionally, even if the Company does raise sufficient capital to support its operating expenses and generate adequate revenues, there can be no assurances that the revenue will be sufficient to enable it to develop business to a level where it will generate profits and cash flows from operations. These matters raise substantial doubt about the Company's ability to continue as a going concern. However, the accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. These financial statements do not include any adjustments relating to the recovery of the recorded assets or the classification of the liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE C - DUE PRINCIPAL STOCKHOLDERS

During the quarter ended June 30, 2006, the principal stockholders continued to advance funds for working capital. The amount advanced during the quarter approximated \$96,000.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The Company's discussion and analysis of its financial condition and results of operations are based upon its financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires the Company to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an on-going basis, the Company evaluates its estimates, including those related to bad debts, income taxes and contingencies and litigation. The Company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Instruments with Characteristics of Both Liabilities and Equity." This standard requires that certain financial instruments embodying an obligation to transfer assets or to issue equity securities be classified as liabilities. It is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is generally effective July 1, 2003. This standard had no impact on the Company's financial statements.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure - an Amendment to FASB Statement No. 123." SFAS No. 148 amends SFAS No. 123, "Accounting for Stock-Based Compensation," to provide alternative methods for transition to SFAS No. 123's

Edgar Filing: ATLANTIC WINE AGENCIES INC - Form 10QSB

fair value method of accounting for stock-based compensation. As amended by SFAS No. 148, SFAS No. 123 also requires additional disclosure regarding stock-based compensation in annual and condensed interim financial statements. The new disclosure requirements became effective immediately.
